Yoichi attempted to stop his brother but was subdued by All For One's bodyguard. While All For One disliked Yoichi for appearing sickly and weak, he still loved him nonetheless, as he was his only family left and had him imprisoned rather than killed. He found out that Yoichi refused to eat anything he gave him, hence his scrawny appearance. All For One then tells him about the successes and dreams that have come true, similar to how it was like in the comics they used to read together, but Yoichi tells him that there was more to those stories and that the villains would ultimately lose to the heroes. All For One reminded him that this was reality and that reality does not work the same as it does in those comics, but Yoichi did not want to hear it. All For One then decided that, out of pity for Yoichi as well as in order to gain his submission, he would give him a Quirk that can stockpile in power. Unknown to the two of them, however, Yoichi had a dormant Quirk that could be passed down to others. The two Quirks fused together, creating the Quirk known as "One For All".

As All For One would fight Yoichi who proved unable to defeat him. All For One would then devote himself to obtaining Yoichi's powers always battling and killing the successor as it passed down through generations. One For All would eventually reach the 7th wielder, Nana Shimura, who fought hard against All For One. Despite her best efforts, she was eventually killed by him, but not before she was able to pass down her power to Toshinori Yagi. Toshinori would later become the Pro Hero known as All Might and eventually beat All For One in a brutal battle, but unknown to him, All For One managed to survive.

Since then, All For One has remained hidden in the shadows, recovering from his injuries. In the meantime, he took in a young boy named Tenko Shimura, who was left alone underneath a bridge. He offered him a room with toys and games, as well as the hands of his deceased family members and two crooks he killed. Naming him

"Tomura Shigaraki", All For One began preparing to raise the young boy as his successor, as well as a giant behemoth as a potential candidate. He even blackmailed the Aoyama family to work for him, as he forced their son, Yuga Aoyama, to be the U.A. mole after giving him the Navel Laser Quirk.

After Tomura's failure at attempting to kill All Might at the U.A.'s USJ, Tomura was brought back to the hideout with Kurogiri. Tomura complained to his master, saying that the plan was ultimately a failure. His master, speaking on screen, tells him that nothing went wrong and that this was simply the beginning of Tomura Shigaraki rising to become the greatest fear of society.

While Tomura watched the U.A. Sports Festival going live, his mentor advised him to specifically observe Izuku Midoriya, stating that in time, he may become a problem that he'll eventually have to deal with.

When the Hero Killer, Stain, was brought in by the league, he refused to join their ranks and instead attacked them, paralyzing Tomura and Kurogiri with his Quirk. Kurogiri asks if he should try to interfere, but All For One prevents it, stating that this is a good step for Tomura to learn from his mistakes.

After Stain's capture, All For One was satisfied to see with how things are going to plan. He believes that Tomura will be capable of creating a new band of villains and lead them. His doctor, however, expresses doubt, stating that All For One would be able to get things done faster. All For One then says he should hurry up and fix his injuries then. He then states that he will allow Tomura to continue on acting his successor, saying that All Might should celebrate while he can, for his time is about to come to an end.

When Katsuki Bakugo was kidnapped by the league, he was brought upon by Tomura, who attempted to convince him to join their ranks. Bakugo refused and instead attacked Tomura. With the heroes on their way, Tomura requests his master to lend him his power, in which All For One replies that was a good decision on Tomura's part.

Eventually, All For One decides to take action himself. After the league were raided and pinned by the Pro Heroes and the police, All For One then proceeds to destroy the entire hideout, then begins to send in Nomus to Tomura's aid, after defeating a couple of the Pro Heroes. He is then confronted by Best Jeanist, who managed to reduce the impact of All For One's destruction. All For One was impressed, but nonetheless, he proceeded to beat him down. He refused to take his Quirk and instead leaves him be in his beaten state.

All For One eventually brings Katsuki and the villains to him, apologizing for all of the chaos occurring. He then confronts Tomura, stating that, while he has failed, he is not disappointed nor angry with him. Instead, he believes that Tomura can continue to improve from this as much as he can.

All Might then suddenly appears into the action and begins to clash with his archenemy, ensuing the long waited rematch between the two. All Might ensures him that this time around, he will make sure that All For One is down for good, only for him to be blasted away by the villain. All For One then proceeds to use Kurogiri's Warp Gate and sends the villains off for them to escape, including Tomura.

All For One then proceeds to engage All Might in a battle once more, using Gran Torino as a meat shield to take All Might's attacks. While doing so, he expresses his hatred for the hero that brought him and his comrades down in society and ensures that he will suffer greatly. All Might eventually manages to get Gran Torino out of the way, then proceeds to attack All For One, destroying his mask.

All For One then begins to taunt All Might, in order to psychologically break him down. He mentions his deceased mentor, Nana Shimura and how much of a failure she was, causing All Might to build in rage. After expressing how she died a meaningless death, All Might prepared to attack him once more, only to be blasted away. All For One then expresses that he does not simply just want to kill him, but for him to die slowly in the most painful and gruesome way possible. All For One then sends another blast at him, only for it to be blocked away. However, in the process, All For One was able to reduce him to his true form, revealed to the public eye.

Despite this, All Might continues the fight, believing that he still holds hope inside his frail body. Finally, All For One decides to destroy his morality completely by revealing him the shocking truth; Tomura Shigaraki is Shimura's grandson. This causes All Might to be reduced in a devastated state, in which All For One mocks him at how he suddenly lost his smile, the shining hope he would bring to people. However, All Might was eventually able to recover the trauma from the motivation gained by both the Pro Heroes and the civilians around him. Thus, this encourages All Might to go all out, once and for all. All For One then decides to go all out as well, using a variety of the Quirks he's stolen to give him a tremendous boost in power.

In an intense battle, All Might was eventually able to finish off All For One with his final finishing move; United States of Smash. The impact of the move caused All For One to be knocked out for the time being. As a result of the battle, All Might eventually lost all the remnants of One For All in him.

All For One was later placed in Tartarus, a special security maximum prison for supervillains where even the death penalty is not a good punishment. During his time, All For One expresses joy, stating that he was not upset about his lost against All Might and instead believes that he actually won. Because of the current state he is in, All For One believes that Tomura's hatred for All Might will continue to grow even stronger and in time, he will become strong enough to inherit his power.

During his time in Tartarus, All For One eventually received a visit from his archenemy, All Might, who decided that it was time to settle old scores in a conversation. All For One talks about how tight the security is, in which he believes the prison is modeled in the form of Tartarus. All For One then proceeds to taunt All Might, asking if he's still working as a hero, much to All Might's annoyance. All Might simply demands him for Shigaraki's location, but All For One states he has no clue. All Might wishes to know what he's even trying to accomplish behind all of this.

All For One explains to him that he and him are essentially alike. While All Might aims to be a hero a justice, All For One aims to be a king of evil and that he wishes to continue these ideologies of his own for eternity. Confused, All Might asks why he even bothered with a successor, in which All For One laughs, stating that it's because All Might took everything away he built.

All For One then quickly requests about how society is currently functioning, now that All Might is retired. All Might refuses to exchange any info, but nonetheless, All For One makes a prediction in which society is currently living in fear and is slowly losing trust in their heroes. He believes that those that have been casted aside from society will step up to shape society in their images. All For One then asks how All Might feels, knowing that he can't do anything else at this point.

Despite everything that All For One's stated, All Might is not affected by his words. Instead, he will make sure that his vision of society never happens and that he will still remain alive to see it. All Might then leaves his cell, telling him that he can remain sitting there for the rest of his life. As he leaves, All For One begins to chuckle.

As All For One continues to remain being locked up in Tartarus, he later revealed that he cannot give Quirks back to their original wielders once a certain time has passed up. He expresses joy in how he can't help himself, as it's a bad habit of his. The moment he sees a good Quirk, he takes the opportunity of claiming and using it before time of it being returned runs out.

During the events between the war of heroes and villains, Naomasa and Gran Torino had approached All For One in regards to Kurogiri, after finding out he was made from the corpse of Oboro Shirakumo. When asked how exactly he was making the Nomus, All For One described the process similar to how wine is produced.

Later during the day, a vestige of All For One appears within Tomura's mind, who is currently unconscious inside his container for the time being. It is here that All For One reveals to Tomura that the surgery performed on him gave him access to the original version of his Quirk, as All For One has been using a duplicated version this entire time. As Tomura approaches him, vestiges of his family try to pull him back, but he simply shrugs them off and proceeds to head towards his master.

Eventually, Tomura awakens from his state and gains access to All For One's Quirk. During his battle with the heroes, however, Tomura begins to hear All For One's voice in his head as he utters strange statements such as referring to Izuku as his "little brother." All For One tells him to claim One For All from Izuku Midoriya, but Tomura refuses, as he intends to start his own path of villainy, one that will allow him to become greater than All For One.

Afterwards, Tomura continues to battle the heroes once more. He sustains serious injuries from Endeavor's attacks, but nonetheless, is still able to stand. All For One then takes this opportunity to take control of his body. As a result, using Tomura's body, All For One proceeds to use his Forced Quirk Activation within his original Quirk. In doing so, he manages to stab through Katsuki Bakugo. He then grabs Izuku himself, in which he sends him into a realm where he watches Tomura being restrained by All For One. Nana Shimura then appears alongside with Izuku, much to All For One's surprise, as he mocks her for being pathetic and incompetent. He then explains the situation they are in where he has heard people who change after having organ transplants and he's the strangest of the bunch, in which he experiences dreams where he hears the voices of the people whose Quirks he's stolen from, causing him to feel discouraged and guilt. However, once he let go of that Quirk, those voices were gone from his head. All For One believes that Quirk factors as a whole contain a consciousness of its original wielder and compares it to how organs contain the DNAs of others. He also believed that, with his particular Quirk, he was unique among everyone as he could combine Quirks with others and interact with those voices.

All For One then came to realize that his brother possessed this very same trait with One For All as he passed down the consciousness of his and others to future generations. All For One then notes of Tomura's hatred towards both him and his grandmother, much to his amusement as his anger is causing the will of One For All to crumble away. All For One's brother then appears, and together, he and Nana try to resist Tomura's rage as they wish to stay with Izuku Midoriya. All For One then decides that he and Tomura should combine their powers together so that they can accomplish their goal in stripping One For All away from Izuku. However, the heroes manage to resist against the villains' will, causing Izuku and Tomura to be separated from each other.

Realizing their plan has somewhat backfired, All For One tells Tomura that he must retreat for the time being, in order to let his body regain its full strength, but Tomura refuses. Despite this, Tomura's body ends up falling unconscious. Eventually, Gigantomachia arrives to the battle with the rest of the remaining forces. Spinner manages to take Tomura away from the field while Dabi and Gigantomachia fight off against the heroes. All For One then takes control of Tomura's body once more, as he notes of his loyal allies and his hatred that fuels his power to greater lengths.

Eventually, Dabi, Spinner and Skeptic managed to escape with Tomura's body, as All For One sent out Near High-End Nomus to battle off against the heroes, while the remaining Near High-End Nomus helped them leave the battlefield. Still under the possession of All For One, All For One plots to break into Tartarus with the Near High-End Nomus to free his main body.

Under the possession of All For One, Tomura eventually arrives at the prison by riding on a flying Nomu, where he begins to regain control and tries to fight All For One for control over his body. Tomura says that he won't be All For One's pawn, but the latter assures him that he is more than a pawn to him, that he will become the "next me." All For One then finds his body deep underground underneath sea level, noting that the water pressure will kill him and Tomura's body is weakening, so he requires the other villains. He plans a cooperative operation with a shared awareness between the prisoners and proceeds to break out all of the prisoners from their cell blocks, including himself. All For One succeeds in recovering his own body, and reunites with Tomura, proclaiming that he will become the greatest demon lord of all.

With his newfound allies and his army of Near High-End Nomus, All For One continued to expand his forces by raiding seven more prisons, breaking out many dangerous inmates in doing so. All For One then meets Lady Nagant and offers her the task of capturing Midoriya. Nagant initially refuses until All For One informs her that, so long as Midoriya is around, the society she desires will not come to past. He then sees Kai Chisaki, who rambles about how he wants to see his boss, in which All For One asks if he is a friend of hers. Nagant replies she isn't and that she broke him out, seeing him of use can be use. All For One states Chisaki is "another victim of the evil hero society" and gives Nagant "Air Walk" to help her capture Deku.

In possession of Tomura's body once more, All For One communicates with Dabi, Spinner, and Skeptic, celebrating the success of their groundwork and asks that they guard Tomura's body. When Spinner asks who he really is, All For One assures him to have no fear and that he respects Tomura's will, that he simply needs more time for Tomura's body to be perfected.

During Lady Nagant's confrontation with Izuku, the hero recognizes that she didn't aim straight at Overhaul when threatening to kill him, and she gave him the opportunity to surrender instead of attacking him on sight. He concluded that Nagant wasn't completely with All For One and she still had good in her. Combined with how he saved both her and Overhaul's lives despite what they've done, Lady Nagant began to believe in true heroism again. Unfortunately, All For One knew in advance that Deku would get through to her, so he triggered an explosion within Nagant's body, all the while boasting about how she was nothing more than a tool to him due to her useful Quirk.

When Lady Nagant regained consciousness, she confessed that she was tasked by All For One to send Izuku to a mansion in Haibori Woods, an abandoned base of the Creature Rejection Clan, and All For One had recruited many more villains to assist his goals. Later, Izuku went to the mansion accompanied by the strongest Pro Heroes to confront All For One, knowing that he couldn't steal One For All from him yet. Upon entering the mansion, he was greeted with a pre-recorded message from All For One, who anticipated that he would show mercy to Lady Nagant. He talks about his philosophy of how hero society labels select people as villains because they had a bad hand in life, and egalitarian values don't matter because social inequality has always been a concept for all social organisms. He taunts Izuku about how he slowly wears down with every battle, and how he's moved on from All Might and focused on him instead, before triggering an explosion to destroy the entire mansion, saying it's his turn.

All For One recuperated with Spinner, telling him to guard Tomura's body while commending Skeptic's campaign to paint the public's perception of the League of Villains in a sympathetic light, and informing him that the American Pro Hero, Star and Stripe, was the strongest threat to his goal and acquiring her Quirk would resolve his problems. Once Tomura's body fully regenerated, he rode on a flying Nomu to face Star and Stripe and her fleet of pilots. Star and Stripe used her Quirk, New Order, to warp reality in an attempt to stop the supervillain, and made an ultimatum to kill "Tomura" by stopping his heart if his body moved. However, as Star and Stripe's understanding of the target's identity must line up with the target's, it failed due to Tomura being unsure of his identity as All For One began to take over. All For One assessed the properties of New Order and expressed his joy towards obtaining her powerful Quirk. He then told Tomura that his plan for him all along was to merge with his body to become a superior being, to Tomura's horror. Star and Stripe unleashed her "State-of-the-Art Hypersonic Intercontinental Cruise Punch" at him, causing a massive explosion with a crater, but it turned out that "Tomura" used Decay to dig into the ground, thinking that any second earlier would've been fatal. Star and Stripe's fellow pilots told her that the only way to stop him would be to sacrifice her own life, but she could not pull herself to, causing "Tomura" to take the opportunity to grab her face and steal New Order.

Unfortunately for him, Star and Stripe placed one last change onto New Order that would cause it to turn on Shigaraki, resulting in New Order's phantom attacking Shigaraki, tearing him apart from the inside out. Much to his dismay, All For One is only able to give and take Quirks, not outright destroy them. Shigaraki frantically escaped back to land in an attempt to ditch New Order on someone else and come back for it later, but it had self destructed by the time he found someone to leave it with, permanently dashing All For One's hopes of obtaining the godlike Quirk. Defeated, Shigaraki retreated back to their hideout, where All For One comforted Shigaraki and told him to rest and regenerate.

Some time later, All For One continues the process of merging his vestige consciousness with Shigaraki's, while simultaneously mutating Tomura's body to a more stable form capable of handling his Quirks. Dabi asks when they will make their move, with All For One explaining that as someone who has lived for centuries, he plans out every possible outcome and path for his schemes years, even decades in advance, to such an extent he reveals he even has a spy within U.A. Later, All For One appoints Spinner as the public face of the Paranormal Liberation Front. Shortly after, All For One informs his minions that they will make their move now.

Shortly before making his move, he reminisces on a lie-detecting Quirk he stole during the early age of Quirks, and contacts Yuga Aoyama's parents and uses a strange code to confirm Yuga's location. Meanwhile, Yuga meets up with Izuku and explains All For One's true plan: collapse the entire world's economy and cut off access to essential resources such as water and power, leaving him, with Quirks capable of creating such resources, as the only one capable of producing the necessities for everyday life so he may cement himself as the unquestionable ruler of Earth, who everyone must obey and rely on. From behind Yuga, All For One appears and thanks Yuga for his cooperation, and prepares to attack Izuku. Aoyama solemnly apologizes for betraying Deku again, telling him that he has to protect for his family… before turning around and firing a Navel Laser at All For One.

Easily deflecting the beam, All For One stumbles backwards in surprise at the Aoyamas deceiving him in spite of his lie-detecting Quirk, as Izuku praises Yuga for his acting. Angered, All For One declares that it's too late anyway, and seeking to overwhelm Izuku and finally steal One For All, he opens up thousands of Warp Gates and summons the entire Paranormal Liberation Front. Just then, All For One notices another Warp Gate appearing next to Izuku, and assumes Kurogiri must have broken out of jail somehow. However, Neito Momota steps out the gate, revealing to have copied Kurogiri's Quirk, before using the copied Warp Gate to summon a vast multitude of heroes to battle All For One and his forces.

Me: You motherfuckers are going to pay for every single one of your crimes.

Tomura Shigoraki: And just who are you?

Me: I am J.D. Knudson, Former Leader of Team Loud Phoenix Storm and I've come here to kill you all.

I flared up my rainbow aura.

All For One: You think you can kill us all?

Me: I don't think. I know.

Dabi: What the hell is this kid?

Me: Your Worst Nightmare!

I went Super Angel Xelnaga Infinity Friendship God!

Me: (Divine Echoing Elemental Voice of Universal Fury) **Now you all will pay for everything you have done.**

(FORSAKEN BY WITHIN TEMPTATION PLAYS)

I went at all the villains and they went at me and when we collided…

EXTREMELY MASSIVE AND POWERFUL FIERY EXPLOSION!

A massive fiery explosion blasted out and destroyed much of the city and I was slashing and clashing with numerous villains all over the place with incredible powerful fury and more and it was incredible.

Meanwhile, Nico and some of the team were driving and it was a beautiful day. The sun was shining beautifully and the World Tree's leaves sparkled like jewels.

Nico: Such a gorgeous day.

Ken Masters: Boy you said it Nico.

May: I agree too.

But then…

ZOOM!

A car zoomed by them with intense recklessness!

Wildrider: Did you just see that? The jerk driving that car just bumped us!

Ken Masters: Leave it alone, Wildrider. If we ignore him, he'll probably go away.

Drag Strip: Fuck that! The asshole's going down!

Nico: I'm going to report that guy for aggressive driving!

They zoomed up to the car!

The rest of the Stunticons pulled up.

Nico: Whoa! What happened to you guys!?

Skywarp: You and your team alright, Motormaster?

Motormaster: We just got beaten up by a jerk in a muscle car. DO WE LOOK OK TO YOU?!

Nico: How can that be? No human can match up to you guys.

May: Unless it was those jerks from Cemetery Wind.

Ken Masters: Yeah! Or a Cybertronian.

Later I came out.

I came out of the Simulator and man was it awesome! I had a spear in my hands and it had the severed heads of all the villains I faced. I was even sweating like a pig.

Me: WHEW! Man what a battle! But I would say it was really awesome.

I came out and went to the kitchen and grabbed a bowl of fruit and went to the sofa and watched some TV.

Me: (eats a banana)

Nico and the team came back.

Nico: Whoa that jerk will be sorry for this!

Me: Hey guys! Welcome back.

Nico: Hey man. How was the… (See's the spear with the heads on it) Wow! Are those all the heads of the villains you killed in the world of MHA?

Me: Yep. But these are the heads of said villains from another version. Not the ones we're going to face on April 7th.

Nico: Good. Wow! You were busy and Nicole has all of the Book of Vile Darkness filled up with them too.

Me: Yep.

Dead End: I'm glad you did good in your simulator mission, J.D. Because while you were busy feeling sorry for yourself, me and my team just got unfriendly competition.

Skydive: Leave it alone okay, guys. It's not worth it.

Breakdown: Not worth it?! Skydive, how would you feel if you saw a plane faster then you.

Skydive: I wouldn't like that at all.

Breakdown: Exactly!

Me: Guys what happened?

Nico: It's a weird story.

Next it was time for Tahu's second Ambassador Mission.

Tahu: I wonder who we'll face next with Tyson and friends?

Me: We won't know till we get there.

Gali: But we're looking forward to all this.

Lewa: Same here my friends.

Pohatu: This will be great.

Then Man Ray, Kitty, Avalanche, Tar Pit, Moonstone and Kyd Wykkyd appeared.

Man Ray: P'andor said he'll go on Tahu's third mission.

Nico: That's okay.

Me: You guys will love meeting Tyson and friends. They are awesome.

Kitty: I can't wait to see Beyblades in action.

Nico: It's a really awesome challenge.

Tahu: Anyway lets head out!

We were off to Japan.

We arrived and we saw Tyson and friends.

Me: Hey guys!

Tyson: Hey J.D.!

We fistbumped.

Hilary: Hey Nico! Hey Tahu.

Tahu: Awesome to see you all my brothers!

Tyson: Wow! We're brothers already? Awesome!

Gali: He always views all his friends as brothers.

Tahu: Tyson, these are my fellow Toa.

Gali: Awesome to meet you all. My name is Gali and I'm the Toa of Water.

Lewa: I'm Lewa and I'm the Toa of Air.

Onua: I'm Onua and I'm the Toa of Earth.

Kopaka: I'm Kopaka and I'm the Toa of Ice.

Pohatu: I'm Pohatu and I'm the Toa of Stone.

Takanuva: And I'm Takanuva and I'm the Toa of Light.

Me: They are the Seven Great Heroes of the Island of Mata Nui.

Gali: That's right. And these are our archenemies.

Man Ray: I'm Man Ray and I'm one of the great archnemeses of Mermaidman and Barnacle Boy.

Kitty: I'm Kitty and I'm one of Danny Phantom's enemies and one of his ghost enemies.

Tar Pit: I'm Joseph V. Monteleone, but everyone calls me Tar Pit and I'm one of the archnemeses of The Flash.

Moonstone: I'm Karla Sofen, but everyone calls me Moonstone and I'm one of the archenemies of Captain America.

Avalanche: I'm Dominikos Ioannis Petrakis, but everyone calls me Avalanche and I'm one of the X-Men's archenemies.

Kyd Wykkyd: And I'm Kyd Wykkyd. I don't even know what my real name is.

Tyson: That's okay but it's awesome to meet you all.

Hilary: Same here. It's an honor.

Tahu: My archenemy P'andor will appear on the next Ambassador Mission for me.

Nico: We have a lot of awesome frenemies and more.

Me: We sure do. It's awesome.

Tyson: So, let me get this straight, Nico. You reprimanded J.D. for recruiting Hondo and Torchwick in order to fight Shredder. And then, you do the same thing for Zurg when he and his minions could've stabbed you in the back?!

Nico: It was necessary to make sure NOS-4-A2 got destroyed in the end. And honestly, though the whole thing, Zurg proved he wasn't such a bad guy.

Me: Yeah and also before he became the leader, I made him my second in command and our chief enforcer. Back when the team was starting out we did things simple and rushed in to fight without plans and we used sheer brute force. But Nico changed all that.

Nico: It's true. I thought it was awesome and then I helped make the team better.

Me: And Nico did a magnificent job over the course of 4 years now.

Tahu: He sure did and we're proud of our brother.

Nico: Thanks.

Tyson: Tahu, we got you your own Beyblade.

Tahu: Really?

He was given a BURNBLAZE BEYBLADE!

Nico: A Burnblaze! That's a good choice.

Me: It sure is. And the Burn Phoenix is perfect for you.

Tahu: I'm truly honored. Thank you Tyson.

Tyson: And you have your own Beyblade too Nico.

Tyson gave Nico the SUBZERO MERMAID!

Nico: WHOA!

Me: Wow! The Subzero Mermaid. That's a perfect one for you.

Nico: Think you can teach me and Tahu how to Beyblade as good as J.D. can?

Tyson: I would be honored.

Me: All right lets get to work.

Tyson: By the way, what exactly do your Masks really do?

Nico: (eyes widen) Fuck, you overheard my telepathic thought, didn't you?

Me: Are you guys psychic?

Tyson: No.

Tahu: But you have a right to know. Our masks enable us to use the elements of nature to their most powerful.

Gali: It's part of our power as amazing heroes and defenders of the island of Mata Nui.

Lewa: It's one of the great perks of our power.

Tyson: That is cool.

Nico: Tahu and his fellow Toa not only can use elements. But their Masks give them special powers. Tahu's mask is the Mask of Shielding. Gali's is the Mask of Water Breathing, Lewa's is the Mask of Levitation, Pohatu's is the Mask of Speed, Onua's is the Mask of Strength, Kopaka's is the Mask of X Ray Vision, and Takanuva's is the Mask of Light.

Tahu: That's right!

Tyson: Wow! That is amazing!

Hilary: It sure is! That is so cool!

Kai: I think so too.

Tyson: I just hope our bad guys don't get your hands on your masks. Otherwise…

Nico: We won't let that happen.

Me: Don't worry they will never touch them. We used our powers to make sure that the Masks don't get touched by anyone or anything evil.

Gali: It's true. But I have a feeling that one of your enemies has one of our enemies.

?: You mean like me?

Me: I haven't heard that voice in a while. Right Barthez?

BARTHEZ came out!

---

Jean-Paul Barthez (バルテス Barthez) is a character in the Original Series, consisting of Beyblade: G-Revolution. He was the coach of the Barthez Battalion, which is named after him.

Barthez is later revealed by Tala to have taken commands from Boris Balkov. The two evil men had one common goal: take over the world. However, this was a more discreet move from Boris, since nobody suspected Barthez.

---

But he wasn't alone! He had TAHNOK-KAL WITH HIM!

---

Tahnok-Kal is one of the main antagonists in the first-half 2003 story in the BIONICLE series. It was a mutated Tahnok who served as the leader of the group of the mutated Bohrok called the Bohrok-Kal, whose goal is to free the Bahrag, the queens of the Bohrok swarm and to reawaken the swarm once again to be unleashed on the island of Mata Nui.

Early life

Tahnok-Kal was once an Av-Matoran, who was destined to transform into the Tahnok. Eventually, it was exposed to a mutagenic substance by the Bahrag, thus transforming into into the Bohrok-Kal.

Later along with the other Bohrok-Kal as well as the entire swarm, they then went into hibernation in their nest, awaiting their time of cleansing the island of Mata Nui in the preparation of the Great Spirit's reawakening.

Freeing the Bahrag

Following the Bahrag's defeats in the hands of the Toa Mata, the small group of Bohrok Va went into the deeper level of the nest. They eventually awakened Tahnok-Kal and the other Bohrok-Kal. Soon after that, the Bohrok-Kal learned of the situation and decide to free the queens in order to reawaken the swarm once again.

After organizing a plan to rob the Nuva Symbol, the Bohrok-Kal attacked Ta-Koro. During the fight, Tahnok-Kal quickly imprisoned Jaller in a electrical cage and stole Tahu's Nuva Symbol. After that, it defeated Tahu by bringing the stone archway down on him.

Later, Tahnok-Kal's Krana-Kal Xa revealed the location of the Bahrag and the Bohrok-Kal quickly discovered that the location was guarded by the Exo-Toa. When the Bohrok-Kal got to their destination, they attacked the Exo-Toa and destroyed them.

As the Bohrok-Kal came closer to completing their mission, Tahu tried to use the Mask of Time to stop them. This failed, as it created a shield around the Toa that prevented them from stealing the Krana. To Gali's suggestion, the Toa Nuva joined their Nuva symbols and overloaded the Bohrok-Kal with their power. Tahnok-Kal's parts were permanently fused together.

---

Me: And he has Tahnok-Kal with him!? OH MAN!

Nico: Not the Bohrok-Kal again! I thought we were rid of them for good!

Tahu: Me too!

Barthez: Let's not make this complicated, Toa Tahu. Hand over your mask and no one gets hurt.

Nico: Tahnok Kal told you, didn't he?

Tahnok Kal: I had to inform him somehow, didn't I?

Tyson: What is that thing with him?

Me: That's Tahnok-Kal. He's one of the 6 Bohrok-Kal, one of the dangerous enemies of the Toa and the island of Mata Nui. We faced him and all of his fellow Bohrok many times before in the past.

Nico: It's true and like the Toa they too have masteries over the elements of the Toa as well as their powers.

Hilary: Oh man! That's crazy!

Me: Darn shame there wasn't a Bohrok for Light.

Takanuva: Yeah I feel left out.

Nico: But to respond to your threat, you can take his mask over our dead bodies!

Barthez: That can be arranged!

Tahnok-Kal fired a blast of fire and Nico absorbed it and he fired a blast of energy and blew Tahnok-Kal into pieces and destroyed him in an instant!

Nico: Vypra can rebuild Tahnok Kal after we're done here. After all, he could be a worthy addition to the Masters of Evil. (to Barthez) But if you want Tahu's Mask, you'll have to beat me and him in a Beyblade battle.

Barthez: You're on Chan.

Nico: I've seen J.D. in action when we came here the first time.

Tahu: It was amazing brother.

Barthez: Indeed and J.D. it has been a long time. How have you been?

Me: Doing really well thank you for asking. But I can't say the same for Boris however. Not after I made sure there was nothing left of him.

Tyson: Yeah he's dead!

Nico: Good. Lets do it!

Nico and Barthez were ready.

Me: This is gonna be awesome.

I pulled out some popcorn.

Me: Want some popcorn Tyson?

Tyson: Sure.

He got some popcorn.

Nico: This is my first time Beyblading.

Barthez: I'll try to go easy on you.

They got ready.

3… 2… 1…

Nico and Barthez: LET IT RIP!

They unleashed their Beyblades and Nico was clashing all over with Barthez. But then Nico's eyes glowed neon blue and we felt a really intense cold.

Me: BRR! That is cold!

Kopaka: Wow! That is cold.

Nico: FREEZE SUBZERO MERMAID!

A mermaid bit-beast appeared and she sang beautifully! Then Barthez summoned THE CERBERUS! WHOA!

Nico: A Cerberus! Very impressive. SONG OF FROZEN FURY!

The Mermaid sang and fired a powerful blast of ice and it froze the Cerberus and Nico's Beyblade shattered Barthez's Beyblade into a thousand pieces and destroyed it and NICO WON! We cheered for him!

Kyd Wykkyd: (teleports next to Barthez) Don't try anything… unsporting, pal.

Tyson: Whoa! How did Kyd Wykkyd do that?

Me: His power is teleportation. Also Kyd Wykkyd before couldn't speak at all. He was born mute. But our teammate Lisa made a voice box for him to speak.

Nico: Yep.

Hilary: Wow! That is awesome!

Me: Yep. But yeah.

I pulled out some handcuffs and I slapped them on Barthez.

Me: Maybe spending a few years in the Starry Lonesome will make you reflect on your actions.

Nico: Starry Lonesome? (LAUGHS) That's funny.

Me: It's my way of saying our space prisons.

Nico: That's funny but true. Good call.

Tahu: It was great and Nico you did awesome.

I picked up the pieces of Barthez's Beyblade.

Me: I think I know just the teammate for the Cerberus. Himiko Toga would love the Cerberus.

Nico: She sure would. And I'm sure she would love to use a Beyblade.

Gali: I'm sure she would. Nico you did great in your very first Beyblade Battle. Well done.

Nico: Thanks Gali.

Tahu: I wonder if I can participate in a Beyblade Battle next time.

Tyson: I would love to see that Tahu.

Me: We all sure would.

Lewa: And we have plenty of time.

We later came back.

May: Hey guys. How did it go?

Nico: It went really awesome. We took down another of Tyson's enemies. Barthez.

Me: He was the coach of the Barthez Battalion from Europe and they were really fierce back in the day.

Nico: Yep but we also saw that he had Tahnok Kal with him and I destroyed him.

May: You better give Tahnok Kal's remains to Vypra ASAP.

Nico: Yes ma'am.

Nico did so.

Me: Also Himiko this is for you.

I gave her the Hell Kerbacs Hades Beyblade with Cerberus in it.

Himiko Toga: Wow! My own Beyblade. Thanks J.D.

Me: Anytime.

Motormaster: MAN THAT JERK! (GROWLS)

Rage Mage: Don't you think you guys making a big deal out of nothing?

Motormaster: Hey, that jerk driving the car started it!

Bombshell (Skylanders): (British Accent) Who was that rotten bloke anyway?

Nico: Didn't see who it was.

Me: What did this car look like?

Nico: Well it looked like a purple muscle car and it had the engine sticking out of the front.

2012 Leo: (GASP) That's Speed Demon!

Speed Demon then appeared.

Speed Demon: Someone call?

2012 Leo: Oh sorry this is a completely different Speed Demon. It's actually a muscle car that was mutated by the ooze that made us like this.

Me: Whoa! Coincidental that you two share the same name.

Nico: What can you tell us about him?

2012 Leo: Well he is not pretty.

He went over his history.

---

Speed Demon is a character that appeared in Season 3 episode 6 Race with the Demon.

Season 3

The Croaking: A car can be seen driving over a broken container of Mutagen Ooze thus giving birth to the Speed Demon.

Possessed Driver

In Race with the Demon it pursues Donatello, April O'Neil, and Casey Jones in the Party Wagon and tries to run them off the road. News of the Demon Racer's vehicle causing trouble on the road reaches the local news. In order to get even with the Speed Demon, Casey and Donatello construct a racing vehicle to get even with the driver. Casey later encounters the Speed Demon's vehicle where he finds that Speed Demon is a mutant. When Speed Demon plans to run an old lady and her vehicle off the road, Casey repelled the Speed Demon just as the Ninja Turtles catch up.

Michelangelo found Mutagen on the road that leaked from the Speed Demon as Donatello claims a sample of it. While piloting the new car (which was made from parts of Kraang technology) with Dr. Cluckingsworth, Casey works to take down Speed Demon where he uses a smokescreen to slow it down. Donatello removed the driver from the car where he returns to normal. Donatello learns too late that the car is the actual mutant as Speed Demon possesses him. In order to get Donatello out of Speed Demon, Casey ends up in a race to Dead Man's Curb for the fate of Donatello. With help from Dr. Cluckingsworth, Casey frees Donatello from Speed Demon as Speed Demon starts to attack them.

The other Ninja Turtles arrive and run Speed Demon off the road. Before exploding while falling off the cliff, Speed Demon vows to return.

Eyes of the Chimera: Speed Demon is seen briefly causing The Chimera to mutate due to his large, mutagenic, explosion.

* * *

When he was done we were shocked!

Eli: Whoa man!

Me: A car that was Actually mutated by the same ooze that mutated you!? WHAT THE WHAT!?

Nico: Is that even possible!?

2012 Raph: It does seem weird but it's true.

Speed Demon: That is really strange! A car that is named after me but is completely alive? How weird is that?

Nico: Too weird. It's like the 1983 movie Christine but done with Mutagenic Ooze.

Me: And it's a car that's not possessed by an evil spirit like when we took down the haunted car from the Goosebumps books.

Carly Atlas: I remember that car! That was crazy!

Nico: Yeah it sure was.

Technus, Zavok, LaGrange, Vortex, Shiva, Madame Masque, Mirror Master, Multiplex, and Puppetmon appeared.

Technus: Can me, Zavok, Speed Demon, LaGrange, Vortex, Shiva, Madame Masque, Mirror Master, Multiplex, and Puppetmon go with you guys? Maybe I can try to use my powers on this car.

Nico: Well it's worth a shot but sure you all can come with us.

Eli: We got to try and find this car first.

Me: Yeah this is gonna be crazy. So it's best if we fight fire with fire and use our cars to beat it.

Nico: Good idea. Lets head to the garage.

Suddenly, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark signal moving fast, and he saw a vision of who the dark energy signal belonged to, it was Jasmine, the rogue Powers that Be member, and she was heading towards Angel, Cordelia Chase, and Connor to get her revenge on them for ruining her plans in the past, along with getting revenge on us for killing The Master, Dracula, Angelus, Warren Mears, and The Beast. When we saw that, it definitely meant trouble.

Me: Uh oh, I know those glowing eyes from anywhere. Lincoln, is Jasmine on the move?

Lincoln: You guessed it, J.D. She's heading towards Angel, Cordelia, and Connor to get her revenge on them for ruining her plans in the past, along with wanting revenge on us for killing The Master, Dracula, Angelus, Warren Mears, and The Beast.

Cordelia Chase: I should've known that it was only a matter of time before she comes after us.

Himiko (Warriors Orochi): Then, leave her to me and Lincoln. We'll put a stop to her for good, and send her and her minions to The Black Gates for good.

Nico: I like that determination.

Me: Same here.

Suddenly, two bright lights have descended on the Estate, and something manifested from the bright lights: one of them was a large sword with a 6'9" massive, wide, double-edged silver blade, silver bar for the crossguard and blue gem for the rainguard, longer black grip, and silver pommel for Lincoln, and the other are a pair of large silver clay dogu for Himiko (Warriors Orochi).

Lincoln: Whoa.

We also saw a message on a note on the sword. It said, "These two weapons are for you and Himiko, Lincoln Loud, these weapons have been blessed by the other Powers That Be, and they're effective on Jasmine." We also saw that it was signed, "The Powers that Be".

Lincoln: Whoa.

Me: It looks as though the other Powers that Be have asked you and Himiko to be the one to destroy Jasmine, Lincoln.

Nico: Awesome.

Suddenly, the new massive sword from The Powers that Be merged with Lincoln's massive Sword of Universal Hope and Elemental Bravery, and the new massive clay dogu cannons merged with Himiko's Mystic Dogu cannons levitating on both sides of her head, and the weapons were surrounded by

two kaleidoscopes of bright lights and elemental forces. When Lincoln's massive sword emerged, the massive, wide, double-edged, man-sized blade grew from 6'9" to 6'11" in length with the blue cross surrounded by the ring of lightning bolts, the symbols of elemental forces, along with the Elemental Gems, and the symbol of The Loud House, the Anti-Team Dark Phoenix Storm Symbol, and the Team Cosmic Dragon symbol still on the blade, the massive orange curved upward ram horns for the large sword's crossguard had remained the same and there's a massive rainbow gem with a rainbow Celtic Triquetra inside of the gem which is embedded in the orange rainguard of the massive sword, longer brown grip, and a large faceted orange sphere pommel with large rainbow gems. The new sword is known as the Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds.

And when Himiko's clay dogu emerged, they were transformed into Amaterasu's Clay Dogu of Solar Justice, the model for these new clay dogu cannons are modeled after her Goddess of Light clay dogu, but the gems above the eyes are rainbow gems.

Me: Whoa, Lincoln, Himiko, your weapons have undergone an evolution.

Lincoln 2: They sure have. Himiko, the new clay dogu cannons levitating above your head are known as Amaterasu's Clay Dogu of Solar Justice, the model for these new clay dogu are modeled after your Goddess of Light clay dogu cannons, but the gems above the eyes are rainbow gems, and Lincoln, that brand-new sword you see before you is known as the Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds.

Lincoln: Awesome.

Suddenly, Lincoln gripped the longer brown grip of his new massive sword, and suddenly, we saw his deep sapphire blue eyes glow.

Then, we saw him grow from 7'0" to 7'5" in height, and his abnormally massive and powerful upper and lower body muscles grow much bigger and Lincoln still retained his eight-pack abs. When the girls in Lincoln's harem saw him, they all had atomic red blushes on their faces and hearts in their eyes.

Lincoln: Whoa, what happened?

Me: See for yourself, really big guy.

Lincoln saw what happened to him, and he was amazed and stunned.

Lincoln: Whoa, I grew from 7'0" to 7'5" in height, I'm the same height as you, J.D.

Minerva Mink: (Seductively) But, that also means there's a lot more of you to love, Linky.

Nico: Ooh, I think you'd better watch yourself, Lincoln. Now that you've undergone another growth spurt and massive muscle mass increase, the girls in your harem aren't going to let you out of their sights ever.

Miia the Lamia: (Seductively) Same with our man.

Me and Lincoln had atomic red blushes on our faces, and we had to keep ourselves from babbling like crazy.

Me: Uh, Nico.

Nico: Yeah, come on, guys, let's get going.

We then headed out, and then later after our mission, Himiko (Warriors Orochi) and Lincoln are going to deal with Jasmine, and see to it that the former Powers that Be member pays for the crimes that she's committed

We were walking to the garage.

Needlenose: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to meet a Gene-Slammer for Azuremagnet's kind.

Me: Awesome!

Shanan: The Repultoritius next. The natural predator of Lodestar's species. We haven't seen that one since the Great Star Wars Day adventure 2 years ago.

Nico: That was cool.

Eli: It sure was.

Motormaster: Guys, me and my boys are gonna face that damn car again.

Shiva: Are you 5 crazy?! Wait for us first!

Drag Strip: Sorry, guys. But this is a matter of our pride as racers.

Nico: We'll all go face that car with you.

Wildrider: That jerk got the drop on us as vehicles. But let's see him try to take us out in our robot modes!

Nico: Lets get him.

Zavok: You guys get one chance to take that car on by yourselves. If that fails, we're helping you 5 out.

Nico: That's right! But we're still coming with you all.

Motormaster: Okay boss.

Nico: Lets go!

We got in our cars and went after 2012 Speed Demon.

We were driving down the street.

Dominique: Is that it?

Nico: Yep that's it. Looks like we're gonna have to do the entrance early while we're driving.

Me: We never did the entrance with our cars before.

Eli: This will be fun.

Misty Tredwell: I'm looking forward to this one.

Himiko: Me too Misty. I wish I had my own car to do it too.

Nico: Well if we have a race you'll get one Himiko. Lets go!

We drove and then 2012 Speed Demon was driving fast and then the spirits of the Speeding Demons of the Elements swirled around the Speed Demon and then they converged and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out from behind 2012 Speed Demon and a Phoenix Cry was heard and then we came out of it in our cars and chased after him.

Nico: There he is!

Me: This car is getting his license revoked!

Puppetmon: (to the Stunticons) Go get him, guys!

Motormaster: With pleasure!

Nico: YEAH!

Wildrider: STUNTICONS ATTACK!

The Stunticons went at the car and the to our shock they were being beaten up by a car!?

Octane: Wait. The car's beating them up even in their robot modes?!

Nico: How is that possible!?

Me: The Mutagenic Ooze made it one nasty car.

Vortex: Now, do you 5 want our help?

Motormaster: (groans) Yes, please.

William: See? Was that too hard?

Nico: LETS GET HIM GUYS!

We went in to help.

Me: Lets see how he likes these bad boys. DRAGON FLAME MISSILES FIRE!

I pressed 4 buttons and fired 4 missiles and they fired blasts of fire and burned the Speed Demon all over.

Sid the Sloth: I can't wait to give that car a piece of my mind!

Gluko: Sid, you're a sloth. You probably won't even leave a scratch on it.

Nico: Lets see how it likes this! PIRANHA MISSILES FIRE!

Nico fired 2 Piranha Missiles and they gnawed 2012's Speed Demon's tires into nothing!

LaGrange: Let me have a shot at it. This is my sort of thing, after all.

Vert: Go for it!

LaGrange drove and smashed head on into 2012 Speed Demon and knocked it down.

Eli: Lets see it deal with this. RHINOCEROS MISSILES! SMASH HIM DOWN!

Eli fired 2 Rhinoceros Missiles and they smashed into 2012 Speed Demon head on and rammed him in the front with brute force and knocked his front in.

Nico: NICE SHOT!

Me: Lets hope he isn't like Christine from 1983.

Lync: Oh, man! It's about to run over an old lady!

2012 Casey: I'll save her! I did it the last time!

Me: Go for it!

He went and ran fast and he ran and picked her up and jumped out of the way with her just in time!

Nico: YEAH! Nice Save Casey!

Old woman: Thank you young man.

2012 Casey: No problem.

Laney: No one messes with the elderly! JUMANJI POD SNARE MISSILE! FIRE!

Laney formed a pod launcher on her car and it fired a vine and it grabbed 2012 Speed Demon and pulled him towards her with incredible force!

Speed Demon: Mind if I have a shot next?

Nico: Go for it!

He ran fast and punched and smashed 2012 Speed Demon all over the place.

Nico: Nice one!

Muscle Man: You know who else likes smashing cars like you? MY MOM!

Exhaust: Alright. Let's pause for a moment and go over what we know about it so far.

Nico: Okay.

Madame Masque: So far, we know the car's strong.

Nico: But he is not indestructible. He is fast too. But he is no match for the powers our cars have.

Eli: But he is a match for Cybertronians.

Laney: Yeah.

Fellbat: Leo, how did you guys take the car down the first time?

2012 Leo: We ran him off a cliff to his death.

Me: Well it looks like we'll have to obliterate him.

Nico: Hmm. Wait. I've got an idea. We can use one of the Megazords and crush him and then throw him into the sun.

Eli: That's brilliant!

Mirror Master: Wait. It can swallow people and make them part of it?!

2012 Leo: Yes but only if they are inside him.

Me: Then we better not get inside him then.

2012 April: We better be careful.

Nico: Yeah.

Deadpool: Stubborn son of a bitch, isn't he? (to the 2012 Turtles) Hey, guys. How about we don't get some of Speed Demon's mutagen on innocent animals like at the end of the episode this time?

Nico: Hmm. That just might work!

Lana: What is he talking about?

Jamesdean5842: He means that he wants you all to prevent 2012 Speed Demon from using his mutagen to turn animals into like what the Turtle Brothers became.

Deadpool: Exactly. Thanks.

Jamesdean5842: You're welcome.

Multiplex: Hey, ugly car! How about you deal with this army?!

Multipex made 310 clones of himself.

2012 Speed Demon went at the clones and Multiplex.

Then Mumbo Jumbo, Grizzly, Zzzax, Patty and Selma, Professor XXXL, Skulker, Golden Glider, BlackWarGreymon, Toad, and Machinedramon appeared.

Nico: Mumbo Jumbo, Grizzly, Zzzax, Patty and Selma, Professor XXXL, Skulker, Golden Glider, BlackWarGreymon, Toad, and Machinedramon.

Mumbo: It's like the Haunted Car all over again.

Grizzly: Except this time, it's a mutant.

Me: No kidding.

Zzzax: Not that it's gonna survive anyway.

Nico: Thank goodness.

Patty: (to Nico) We heard you killed Slade again.

Nico: Yep.

Professor XXXL: I hope this time, his death sticks.

Shanan: Don't worry guys. I used the Black Gate on him and this time he is gone forever. He will never bother us ever again.

Professor XXXL: Good.

?: Thank goodness.

Then a figure came out and it was WRECKING BALL from episode 25 of Zeo!

---

Sprocket controlled the monster's movements at the Machine Empire home base for a while, then King Mondo sent Wrecking Ball down to Earth to attack Angel Grove. Wrecking Ball landed on Earth as a giant. Tommy fought him with the Red Battlezord and defeated him

---

Adam Part: Wrecking Ball!

Wrecking Ball: Been a while rangers.

Nico: I remember you! You were sent to attack as a Giant and Tommy fought you all by himself and won!

Wrecking Ball: He sure did and nice memory on you.

Nico: That was a cool one.

Wrecking Ball: Do you really have two members with the same name as me?

Maria: Yep. An Overwatch member and a Skylander.

Wrecking Ball (Skylanders): Yep that's me.

Me: And you wouldn't be good as a wrecking ball in Miley Cyrus's song Wrecking Ball.

Wrecking Ball: (LAUGHS) No I wouldn't. We also have a new recruit. You might know this face.

Out came LEFOU!

---

**LeFou** is the secondary antagonist of Disney's 30th full-length animated feature film *Beauty and the Beast* (which is based on the 1756 French fairytale of the same name by the late Jeanne-Marie Leprince de Beaumont). He is Gaston LeGume's diminutive right-hand man.

He was voiced by Jesse Corti. In the musical, he was portrayed by Kenny Raskin.

LeFou is first seen in the film's opening musical number, where he caught a water fowl that Gaston managed to shoot down (or rather, attempted to, as the bird ended up falling a few inches away from him, causing him to sheepishly put it in the bag), having presumably accompanied Gaston on a hunting trip. He then told Gaston that he didn't miss a shot and was very likely to be the greatest hunter in the world, and was also the most wanted man among the women in the village. However, LeFou was shocked when Gaston revealed his desire to marry Belle out of all the girls. LeFou tried to warn Gaston that Belle is not his type and will not likely reciprocate his desires, but was ignored. He then briefly flirted with the Bimbettes, but ended up squirted by them as they were distracted while admiring Gaston. Afterwards, upon rendezvousing with Gaston as Belle was about to leave to tend to her father Maurice, LeFou briefly mocked Maurice as a "crazy old loon", earning him a rebuke from both Belle and Gaston (the latter only did it mostly to impress Belle), although they proceeded to laugh while Belle rushed back to her cottage when an explosion occurred at the cottage, most likely from one of Maurice's experiments that has been backfiring.

As Gaston arranges an unwanted wedding proposal for Belle, LeFou becomes the conductor of an improvised musical band, conducting the band in an impossibly fast version of the Bridal Chorus, although he ended up getting a trumpet slammed into his head by Gaston after prematurely playing the band. After Belle's rejection of Gaston, LeFou asks him how his proposal went, prompting Gaston to throw LeFou into the mud in his frustration, to which he sarcastically replies "Touchy!" Later, LeFou and the other villagers cheer up Gaston at the local tavern by singing a song about how great he is. LeFou was also the only one of the villagers to directly learn from Gaston the specific details of his plan involving locking Maurice in the asylum to force Belle into marrying him.

When Gaston enacts his plan to blackmail Belle into marriage with help from Monsieur D'Arque (the owner of Asylum D'Loons), LeFou is tasked with standing guard in Belle's home until Belle and Maurice return. LeFou attempted to protest his given task to a departing Gaston, only to be ignored again. This annoys LeFou to an extent that he smashes his arm against part of the house, burying him even deeper in the snow from a minor avalanche of snow. By the time they do return, LeFou had poorly disguised himself as a snowman (being covered in a light layer of snow, and his actual arms are exposed still gripping onto the tree branches that were supposed to act as his "arms."), and upon witnessing their return, LeFou rushes off to tell Gaston and D'Arque. They soon appear with a lynch mob, and LeFou successfully convinces the congregated mob that Maurice is insane by having Maurice describe the Beast again, but the plan falls apart when Belle uses the Magic Mirror to prove Maurice's claims, making everyone (including LeFou) realize that Maurice was telling the truth the whole time.

After learning that Belle has feelings for the Beast, Gaston (in a fit of envy and pride) rallies the crowd to attack the Beast's castle and kill him, and LeFou walks by his side with the rest of the destructive rioters. Once inside the castle, LeFou picks up Lumiere to light his way, and Lumiere's signal begins the battle that Gaston doesn't involve himself in as he ignores it and gets past the servant as they don't notice him passing by while fighting. During the battle, LeFou attempts to get his revenge on Lumiere by waving a torch perilously close to Lumiere's head, melting him slightly. However, Cogsworth intervenes by poking LeFou in the rear end with a pair of scissors. LeFou was later seen pursuing Sultan to the kitchen with several other villagers, but they all end up fleeing the castle in defeat after the chef frightens them with his huge flames. It is left undisclosed if LeFou and the other villagers ever found out that Gaston died after his battle against the Beast, but it is likely that Gaston's absence from then on would give them that exact message.

---

Me: LeFou!

LeFou: Wow! You guys are bigger and stronger than ever when you last took down Gaston!

Me: Yeah we sure have changed a lot haven't we. I take it you heard all about Gaston's demise?

LeFou: I sure did and I was one of his biggest supporters and I helped him out.

Me: You did give him a lot of support and you cheered him up a lot.

How did Belle's old village react to Gaston's demise?

LeFou: Everyone was devastated. But quickly realized that they were lied to by Gaston when they found out that the Beast was really Prince Adam. We made Gaston the most hated man ever for going after Prince Adam like that.

Me: That's because Prince Adam was cursed to be a beast until his 21st year. But that's good that everyone hates Gaston now.

Nico: Yeah that rapist chauvinistic fool had it coming.

Eli: No kidding. I hated that clod.

Me: And I'm sure Xaldin agrees with us too.

LeFou: Same here. I'm sorry we attacked you all.

Me: It's all water under the bridge LeFou. But the good news is Prince Adam and Belle are happily married and everyone in the castle is living great happy lives. Belle visits her village every now and then to check on her friends there and they are doing great.

LeFou: Awesome!

We then got the usual battles underway.

## Arkayna, Twilight Sparkle, Starshine Sparkle, Sunny Starscout, Magic Skylanders, Piper, Zarya, Emerald, J.D. as Wolf Moon, Bombshell (Skylanders) and Rage Mage VS Mumbo Jumbo - Nico's Rescue

Mumbo Jumbo was first.

Arkayna, Twilight Sparkle, Starshine Sparkle, Sunny Starscout, Magic Skylanders, Piper, Zarya, Emerald, J.D. as Wolf Moon, Bombshell (Skylanders) and Rage Mage VS Mumbo Jumbo - Nico's Rescue.

Mumbo: (to Arkayna) I never did like Slade to begin with. I'm glad Nico and the others took him out on his rescue!

Arkayna: Yeah we all are. So is Tara the most. What he did was horrible and despicable.

Me: And what he did was absolute horrible. Shanan helped destroy Slade on her Babysitting adventure and she saw Terra sacrifice herself. Ever since then, Shanan swore to get vengeance on him for everything he did. Here's what happened.

I opened a viewing window and it showed what happened during the events the battle with Slade in Chapter 504.

---

Janeen: That is sick.

Janeen and Lincoln fired a blast of lightning and it hit Slade before he could even react and electrocuted him badly. This short-circuited the suit and severed his control link to Terra.

Shanan: Slade you will pay for everything you've done.

Shanan went Super Angel 10,000 Nature Fairy.

Slade: Impressive. You got me before I could act. Terra you can kill them.

Terra: NO!

Lincoln fired a blast of lightning at Terra and electrocuted her. But the lightning destroyed the suit she had on and she had bandages on her chest and black underwear.

Terra: I'm free.

Lincoln: Lightning is far more powerful than Earth.

Terra: Thank you for freeing me. Now it's personal.

Lincoln went Super Angel 3 and Shanan went after Slade and punched him in the face and kicked him in the stomach. Terra moved the earth around and had Slade at a terrible disadvantage. Shanan kicked him in the back of the head and punched him in the stomach and chest and kicked him in the face. Terra threw a bunch of rocks at him.

Lincoln and Janeen fired a huge blast of lightning at Slade and electrocuted him badly. The other Titans arrived and they saw the savage onslaught on Slade. They saw Shanan, Lincoln and Janeen and a redeemed Terra tearing Slade apart.

Lincoln flew up to Slade and fired a lightning ball at Slade and knocked him off the rock pillar and sent him falling.

Terra went to see if he was dead, but she was caught off guard as Slade jumped up from the chasm and punched her in the face. He grabbed her by the bandages. She built up her power.

Terra: YOU… CAN'T… CONTROL… ME… ANYMORE!

She released her power and in a huge explosion it killed Slade in an instant.

KRABOOOOOOOOOOMMMMMM!

Shanan: Go to Hell Slade!

Terra was exhausted. Suddenly without warning massive geysers of lava erupted out of the cave floor and the ground was shaking violently.

Robin: Terra's power! It's triggered a Volcano!

Cyborg looked at his analyzer.

Cyborg: Big enough to take out the whole city and way too big to stop!

Raven: We have to get out off here!

The Titans left.

Beast Boy: Terra! Come on we got to go!

Terra: I have to stay.

Shanan: (Gasp) No you can't! It's too dangerous!

Lincoln: Yeah we have to go!

Terra: I'm the only one that can stop it.

Janeen: That's crazy Terra.

Beast Boy: Please Terra you can't! It's too late.

Terra: It's never too late.

They embraced for one last hug and she cried.

Terra: You're the best friend I've ever had.

Terra got them out of there and the volcano was getting worse.

(Terra's Theme Song plays)

Terra built up her power to an incredible degree. Slade's mask of evil was consumed by the lava. Shanan, Lincoln and Janeen watched on in sheer horror as Terra released the full potential of her power and stop the volcano!

Terra:
AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Shanan: Terra.

The explosion of power she released was so powerful and so devastating that it was unbelievable.

Shanan: (SCREAMING)
TEEEEEERRRRRRRRRAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Lincoln and Janeen were gasping at the sheer magnitude and ferocity of the level of power being released.

Lincoln: Has Terra lost her mind or what!? It's too much! She could die!

The level of power Terra released was unbelievable.

Lincoln: What has she done!?

Janeen: Terra! I can't let her do this!

Lincoln: Janeen wait! You know as well as I do she can't survive a blast like that. She's doing this to redeem herself and save people from destruction. She's risking her own life for the sake and love of her friends! Let her finish what she started.

The power of the earth was incredible.

DBZ Narrator: AND SO ONE OF THE EARTH'S MIGHTIEST SUPERHEROES HAS VANISHED IN A BLINDING FLASH OF LIGHT, HAVING MADE THE ULTIMATE SACRIFICE FOR THE LOVE AND SAFETY OF HER FRIENDS. HER NAME WAS TARA MARKOV A.K.A. TERRA, A PRINCESS, A TRUE HERO, AND A BRAVE… TEEN… TITAN.

When the smoke cleared Terra's power had ultimately done the trick. But with a heavy price. Terra was now a stone statue frozen in time for all eternity.

Shanan, Lincoln and Janeen saw the statue and Shanan was overtaken with grief.

Janeen: Are you sensing what I'm sensing Lincoln?

Lincoln: Yes. Terra's energy signal has completely disappeared. She's gone.

She walked up to the statue and broke down crying.

Shanan: (Crying hard) It's all my fault! It's all my fault!

She punched the ground and cracked it.

Lincoln: Shanan, no it's not.

Shanan: I should've stopped it! (Crying) I should've stopped her from doing this! TERRA! WHY!? WHY!?

Janeen came and comforted her.

Janeen: I'm so sorry Shanan.

Shanan's sadness quickly turned into extreme hatred and rage. She got up and flared up her power.

Shanan: SLADE! THIS IS ALL YOUR FAULT! IF YOU EVER COME BACK, I SWEAR THAT I WILL KILL YOU! I WILL NEVER FORGIVE YOU FOR ANY OF YOUR CRIMES SLADE! AS LONG AS I HAVE MY FRIENDS AND LOVED ONES BY MY SIDE, I… WILL… HAVE… MY… REVENGE!

Shanan had sworn to get Vengeance on Slade Wilson and she will make sure that he pays for everything he has done. He will pay far beyond the Ultimate Price for everything he has done. Not just to the Teen Titans, but to Terra and to the world.

---

When it was done Mumbo Jumbo and the rest of the group were shocked and horrified!

Mumbo Jumbo: Oh man! That is horrible! So Shanan got revenge for Terra! That is amazing! I don't blame your daughter one bit for wanting revenge on Slade, J.D. What he did was horrible!

Twilight Sparkle: Yeah it sure was. Slade was a monster!

Zzzax: I think that is so awesome too. Did she know any huge revelations?

Gallie used her psychic powers, and she found out that she's planning on hooking a detonator to Marinette, which'll also be hooked to a massive bomb. All she has to do is kill Marinette, and then, the detonator will go off, and the bomb will explode, destroying Paris, and killing everyone in the city. Gallie wasn't going to let that evil, little, condescending cow get away with it, so she used her psychic powers to hypnotize her, and she got her to confess her crimes to the public.

Zzzax: Kill Marinette and take all of Paris with her with a megabomb!? That's insane!

Scootaloo: But here's the funny part. After Gallie got her to spill the beans, everyone was enraged, and they wanted her head mounted on a pike. But, Gallie decided on what to do with her: She dumped buckets of tar on her, covered her in feathers, and put a beak and a rubber glove on her. Everyone laughed hard at her, and she also sent the picture to Marinette and her friends, and they laughed hysterically at her.

The group all laughed hysterically!

Mollie: (LAUGHS HYSTERICALLY) THAT IS SO FUNNY!

Lincoln and his harem: SLOW FINAL SMASH: TIME SLOW BEATDOWN!

They slowed time to a crawl and then beat the crap out of 2012 Speed Demon.

Nico: Now for the final touch.

Me: Here we go. OMEGA MEGAZORD!

I summoned the Omega Megazord!

Me: Time for this monster to be incinerated.

I grabbed 2012 Speed Demon and Nico opened up a portal to the Sun and I threw 2012 Speed Demon through it and then he was gone for good!

Nico: That's it for him!

Skulker: (to the Stunticons) Are you guys happy now?

Motormaster: Yes. Yes we are.

Lightning McQueen: At least no mutagen is on us.

Golden Glider: That's a relief.

Machinedramon: Well, compared to the opponents J.D. faced in the simulator this morning, that car didn't stand a chance.

BlackWarGreymon: Of course it didn't.

Me: Thanks. And I have plan to send a message to All For One when we get back.

Nico: Dude, that's enough. You've already proven that you're still a great hero. No need to prove it any further.

Me: Ah you're right. I'll cancel that message.

Toad: C'mon, guys. Since that was one of the 2012 Turtle enemies, let's celebrate with some pizza!

Me: Good idea! I'm starving!

Eli: Me too!

?: I will destroy all of you for ruining every last one of my plans!

Angel (Angel): Oh great, there's no mistaking that voice from anywhere. You can come out now, Jasmine.

A figure came out, and it was none other than the rogue former member of the Powers That Be and God Wannabe, Jasmine.

Cordelia Chase: I should've known you'd show up, Jasmine, you just never quit, do you?

Jasmine (Buffyverse): Not until this entire world is finally mine, and everyone will be at peace!

Lincoln: That's a load of crap, and you know it! Trying to create your so-called utopia is only going to result in nothing but chaos, and on top of that, you also made the big mistake in summoning that evil demon into the world over two centuries ago. You've caused so much trouble for Angel, Buffy, and their allies for the last time.

Himiko (Warriors Orochi): And I've had it up to hear with you to last an eternity.

Suddenly, Himiko's brown eyes turned neon brown, and she was surrounded by a white energy aura with lights and wolves surrounding her, she had her Amaterasu's Clay Dogu of Solar Justice clay dogu cannons levitating above her head, and as she approached Jasmine, she left white energy, lights, and wolves with every step.

Himiko (Warriors Orochi): Jasmine, the crimes that you have committed against humanity and the world can never be forgiven, and now, I will see to it that you and the five monsters that you brought back are sent to The Black Gates for all eternity.

Suddenly, Himiko was surrounded by a massive vortex of white energy with lights and the Sun surrounding it, there was a wolf running around the vortex, and inside the vortex was a black and white phoenix. Then, as the vortex faded away, Himiko emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Himiko grew from 6'0" to 6'5" in height, she had the body of a goddess, she had red highlights in the bangs of her dark brown hair and her hairstyle remained the same, she has neon brown eyes and a white energy aura with lights and wolves surrounding her, she has a wolf with the black and white magatama beads and Light Kanji in its paws emblazoned on her forehead, she has on a pair of silver wolf head earrings with red crystals for the eyes and the Light Kanji on its heads, she also still has on her Thunderbird Necklace of Eternal Love with a Thunderbird pendant and silver wolf head with the Light Kanji on its head for the second pendant and red crystal links from her Crystal Necklace of The Buddha that merged with her Thunderbird Necklace of Eternal Love, she has on a white sleeveless top with magatama markings on the white sleeves, long white sleeveless blouse with light animals on them, white ankle-high combat boots with magatama symbols on them, and a long white sleeveless trenchcoat with wolves and suns on the coattails and on the back is a wolf with magatama markings surrounding it, and on top is The Sun. Suddenly, Himiko felt a sharp pain on her back, and then, massive brown angel wings with red tips on the large brown feathers, sprouted out from her back, and she has a Star Sapphire Corps ring on her left ring finger.

Himiko has on her brand-new Bracelets of the Champions of The Universe with large red gems on her wrists, Belt of Elemental Bravery with large gold wolf head with a large red gem for the belt buckle on her waist, large white Spellbook of The Gods and The Universe and large white Universal Spellbook of The Elemental Forces on her left hip and an Eater of Sins revolver holstered on her left hip. There's a gold kanji right below the wolf that said, "Himiko, Future Queen of Yamatai, Loving Future Wife of Lincoln Loud, Former Member of The Orochi Army, Destroyer of Da Ji's Infernal Lies, Friend of Kai and Sun Shang Xiang and Many, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Pure-Hearted and Fiery Maiden of Light, and Master of Light and Wolves."

Himiko has transformed into SUPER ANGEL INFINITY SOLAR LIGHTSTORM WOLF ANGEL OF DIVINE LOVE AND CELESTIAL JUSTICE!

We were amazed by Himiko's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Jasmine saw it, she fell into a rage and tried to kill her, but she dodged her attack, and Himiko fired a powerful white energy blast with lights and wolves surrounding it from her right hand, and fired two powerful blasts of solar energy from the open mouths of her Amaterasu's Clay Dogu of Solar Justice clay dogu cannons, and they hit her, and sent her flying into a wall, and she also got burned badly.

Nicole Knudson: Whoa, Himiko's transformed, and she really burned Jasmine badly.

Lori Loud: She's literally come a long way after Lincoln saved her and freed her from Da Ji's lies, when we fought against Orochi.

Nico: She sure has, Lori, and she's become a Angel of Light and Solar Justice, awesome.

Lincoln: Wow, Himiko, you look beautiful. How do you feel?

Himiko (Warriors Orochi): (Divine Echoing Cosmic Voice of The Solar Wolf and Divine Love) **I feel incredible, Linky. Now, shall we put an end to Jasmine for good?**

Lincoln: (Smiles) With pleasure.

Me: Show that bitch no mercy, guys, and rip her limb from limb.

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds sword from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Himiko.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Your day of judgement has come, Jasmine, never again shall you return to torment humanity again.**

Angel OST: Main Theme- You're My Sanctuary by Darling Violetta

Himiko and Lincoln went after Jasmine, who fired blasts of darkness at them, but they dodged them, and Himiko and Lincoln fired powerful blasts of rainbow energy, grey energy, dumbbells, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Gravity, Magic, Blood, Thunderbirds, Phoenixes, Angels, and Buffalo at The Beast, and they exploded with incredible power as they hit Jasmine. Jasmine summoned an army of demons to attack, but, Lincoln's neon deep sapphire blue eyes glowed even more, then, he ordered them to kill themselves, as they'd slit their throats with their clawed hands, and they died in a massive pool of blood, which Lincoln had devoured, as he absorbed the blood into his body.

Then, Himiko and Lincoln attacked Jasmine with their new and improved upgraded weapons, and they really hurt Jasmine as she screamed in excruciating pain, especially when Lincoln slashed her with his newly improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds sword, and he left horrible scars that she couldn't heal from, and it also got worse for her when Lincoln said her true name, and they also threw The Dark Orb that she had in her pocket, the same one that brought her back, and that she used to separate Angelus from Angel and bring The Master, Dracula, Warren Mears, and her demonic enforcer, The Beast, back from the dead, into The Warp. Then, Lincoln sprouted his eleven massive, long, and powerful deep sapphire werewolf tails with large black wolf heads, but we saw that the eleven werewolf tails have now turned white. Then, Lincoln sent them at Jasmine, and they bit her on her arms, legs, and stomach, and then, the large wolf heads began siphoning and sucking out all of Jasmine's immense powers and abilities, and the energy was visibly flowing into Lincoln's body, as his rainbow energy aura with elemental forces, angels, phoenixes, buffalo, and thunderbirds flared up extremely, as he gained a massive power and energy boost to his infinite power. Then, Himiko and Lincoln fired powerful energy beams, and they obliterated Jasmine for good. Then, as soon as her spirit emerged, Himiko marked Jasmine's forehead, and it also affected the spirits of The Master, Dracula, Angelus, Warren Mears, and The Beast who were in Oblivion, but it was due to a curse Lincoln put on their spirits after they were Super Hakaied, as soon as they sent the one who brought them back to The Black Gates, they too would be sent to The Black Gates. Then, the spirits of Jasmine, The Master, Dracula, Angelus, Warren Mears, and The Beast were confronted by the spirits of those they murdered throughout their lives, and after being found guilty, they were erased from existence forever.

We cheered for what Himiko and Lincoln did, as they power down, and Himiko's new body, clothes, jewelry, and angel wings were permanent.

Himiko (Warriors Orochi): We did it, now, we're finally rid of the big bad enemies of Buffy and Angel, and this time, for good. Thanks for helping me in taking down Jasmine, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Himiko.

Suddenly, Himiko wrapped her arms around Lincoln's waist, and Lincoln wrapped his abnormally massive and powerful muscular arms around Himiko's waist, and then, he brought her into an embrace, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned down to Himiko's face, they kissed passionately as Himiko wrapped her left arm around Lincoln's wider and muscular back, and placed her left hand on Lincoln's massive and wide right pec, and right behind them is a Thunderbird, Phoenix, and Angel flying in the air, and we also saw a herd of Buffalo and packs of wolves running across the field, lights shining down right behind them, and the display of the elemental forces behind them, and we cheered for them.

Me: Nice job, you guys, you did it.

Nico: They sure did, J.D. But, I have to ask: did you also have know about Jasmine when you helped out Angel and the Angel Investigations group in Los Angeles?

Me: I was hoping you'd ask that, Nico. I did deal with Jasmine long ago when I helped out Angel and the Angel Investigations in Los Angeles, and I was disgusted at what she tried to do in creating her so-called utopia, but what she didn't realize is that her utopia would lead to forcing her own ideals on mankind, Angel was right that it should be humanity's choice to bring about a perfect world, rather than having it forced on them, and now, she's paid the price for her crimes.

Nico: Whoa, that's really shocking, and it looks like Lincoln and Himiko helped you, Angel, Buffy, and their allies out in putting an end to Jasmine for good, J.D.

Me: That they did, and I'm proud of them.

Lincoln: Thanks, J.D. Now, we're finally rid of Buffy and Angel's big bad enemies, and they're never coming back from the dead ever.

Me: You said it, big guy.

Nico: Yeah, as far as I'm concerned, those six assholes have failed this entire universe thousands of years ago.

Lincoln: And so many have died because of them, I'm glad that we've avenged the souls of those that suffered at the hands of Jasmine, The Master, Dracula, Angelus, Warren Mears, and The Beast, and they can finally rest in peace.

Me: Yep.

Lightning McQueen: (To the viewers) This was AWESOME! I hope you all liked this adventure.

Nico: I know we did. Great job today everyone. Lets go to Lynn's Table and get some grub.

We cheered and went to eat and we had a great meal and then we later went back home and enjoyed the rest of the day and we all went to sleep.

THE END

---

Another awesome fanfic done.

This was a great chapter and it was the second installment for the 2012 TMNT series. Speed Demon looked like a mutant version of Christine and it was scary! The first part was for the epic and tragic episode of Teen Titans Season 2 called Aftershock Part 2 and that was a sad one and the end showed Terra making the ultimate Sacrifice to atone for the deeds she did under Slade. That episode aired on August 21st, 2004 and that was sad at the end. But Slade got what was coming to him. The second part was for The Real Adventures of Jonny Quest episode called Nuclear Netherworld and that was a crazy episode! But it's one of my favorites and it was horrible how Jonny, Hadji and Jonny's grandpa were facing a crime that was selling Uranium to terrorists to build nuclear weapons. That episode aired on December 26th, 1996 and it was awesome. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Nico's next rescue is gonna be in the city of Metru Nui in Bionicle and Nico, Levi, Matau and Lori will walk around the city of Le Metru and they are going to face Lehvak-Kal and take him down and have him join the M.O.E. Also they are going to meet a Repultoritius Gene-Slammer named Natalie Wilmington. Natalie Wilmington is a Shaman and a Moonwalker. She has the power to communicate and talk to animals and also has aura sight. She is Nico's friend from History class. She is now the gene-slammer of a Repultoritius, the natural predator of the Biot-Savortians. Lincoln's rescue is gonna be in the world of Earthworm Jim and we're going into the level of Lorenzen's Soil and we're going to take down Lorenzen and have him join the M.O.E. and we're also going to meet a Monstrous Bird Gene-Slammer named Jacqueline Eyjafjallajökull and she is from Iceland and she has quite a story to tell about Denzel Crocker. He is actually more insane than what we first thought. Tomorrow is Saint Patrick's Day! And get ready for an awesome Irish Celebration as we celebrate the awesome Irish Holiday with a great party and dinner and more.

See you all tomorrow and may the luck of the Irish be with you.

# 2022 Saint Patrick's Day Fun

HAPPY SAINT PATRICK'S DAY 2022 EVERYONE

---

Walking through the beautiful city of Le Metru in the city of Metru Nui was Nico, Levi Loud, Matau and Lori and they were there for an awesome and amazing rescue. As you can see, Nico and the group are wearing green clothes because it's Saint Patrick's Day.

Nico: So the next rescue is in Le Metru of the City of Metru Nui.

Matau: Ahh it's good to be home. I missed coming here after everything that happened.

Lori: That is literally a long time to be away.

Nico: Thanks for coming with me, Levi.

Levi Loud: It's my pleasure Nico and it'll be great to see who we rescue on this most amazing rescue.

Nico: It sure will be cool. I'm excited for this one.

Lori: I am too.

Nico: Levi, do you have anything planned for St. Patrick's Day today?

Levi: Actually yes I do. I am going to enjoy the splendor and beauty of the dancing and enjoy the scrumptious and succulent deliciousness of the Irish Cuisine.

Nico: You sure like the food and dancing don't you. Lori you and Bobby gonna do some dancing?

Lori: Oh we sure are. And it literally will be so fun.

Nico: I'm glad. J.D. got drunk on this day 2 years ago.

Lori: Uch! Don't remind me of that.

Nico: And not to mention that we're Le Metru right now, which is green.

Matau: Yep we sure are and it's awesome.

Nico: It sure is. All of Metru Nui is cool.

Lori: It literally is.

?: Too bad it will be your tomb!

Out came LEHVAK-KAL!

Lehvak-Kal was, at his creation, an Av-Matoran. After his death, he transformed into a Lehvak. It, at a later time, along with the rest of the Bohrok-Kal, was exposed to a mutagenic substance, and was transformed by the substance. The transformation enabled Lehvak-Kal to think independently and speak, as well as granted it power over Vacuum. It then went into a dormant sleep.

After the Bahrag were forced in a Toa Seal, the Bohrok-Kal awakened. Lehvak-Kal then went to Le-Koro, where it stole Lewa's Nuva Symbol.

During its mission, Lewa, Kopaka, and Gali formed the Toa Kaita Wairuha Nuva. In response, Lehvak-Kal summoned Gahlok-Kal and Kohrak-Kal to it, and they formed the Bohrok-Kal Kaita Ja. The three Bohrok easily defeated Wairuha and continued their mission.

In the Bahrag's lair, Tahu tried using the Kanohi Vahi, to slow down the Bohrok-Kal. However, when this proved ineffective, the Toa Nuva decided to feed their elemental powers, through their Nuva Symbols, to the Kal, which overloaded their powers. Lehvak-Kal's sudden surge of Vacuum power launched it through the island, into space, and it entered a low orbit around Aqua Magna.

Lehvak-Kal is currently orbiting Spherus Magna after the planet was reformed.

Nico: Lehvak-Kal! Interesting to see you again.

Lori: Now we can blow you up.

Nico: And you're green as well. See? This holiday's off to a perfect start.

Matau: We're just literally Green with envy! (Rimshot)

Lori: (Laughs) That was a good one.

?:That was funny. Except I'm blue.

A figure came out and it was a Repultoritius!

Nico: WHOA! A Repultoritius.

It reverted back and it was a girl that had blond hair and blue eyes and had blue clothes and was wearing a purple hat.

Nico: Natalie Wilmington! Wow!

Natalie Wilmington: Awesome to see you Nico.

Nico: Same here.

Matau: Awesome to meet you Natalie.

Natalie Wilmington: It's a pleasure. Let me work my magic.

She fired a magnetic blast and it pulled Lehvak-Kal into pieces and he was down!

Matau: Nice work!

Levi: What exactly is your favorite memory of Nico?

Natalie Wilmington: I have a lot of them but many of them are in history class. My favorite was when me and Nico did a project together on the history of the Great Northern War and that was a big project we did.

Nico: I remember that. We had to write a report about what went down from February 22nd, 1700 - September 10th, 1721 and that was a long one. 2,322 pages thick.

Lori: That is literally a long report.

Matau: Wow! No kidding!

Nico: Yep.

Nico and Natalie hugged.

Nico: I really missed you.

Natalie Wilmington: Me too Nico. But please don't pinch me because I'm wearing blue.

Nico: Oh I'm not going to do that.

They went back home and they told us everything that happened and it was amazing.

Me: That's right, big guy.

Nico: So, this is Lorenzen's Soil, it sure is an awesome subterranean planet.

Lana: I like this planet already, it means I can dig holes all over the place all day long.

Lincoln: Lana, I don't think the inhabitants of this planet will like you digging holes all over the place.

Lola: Yeah, and if Mom and Dad see you tracking dirt all over the Estate, it's bathtime for you.

Nico: All of us are going to be needing one after this one.

Lincoln: That's right, and thanks for joining us, Lisa.

Lisa Loud: It's a pleasure, Eldest Brother.

Lincoln: Plus, today's St. Patrick's Day, so we're in for one awesome party back at the Estate, along with an awesome dinner and even more.

Me: You said it, this is going to be awesome!

?: HELP!

Suddenly, Lincoln heard the sound of sixteen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the sixteen girls, but they've been cornered by Pedro Pupa, and he's going to kill them.

Lincoln: Guys, I found the sixteen girls, but they've been cornered by Pedro Pupa, and he's going to kill them.

?: (Icelandic Accent) That overgrown, unicycling maggot. Let's get him!

Suddenly, we saw the Duel Monster, the Monstrous Bird, land in front of us.

Lincoln: That Icelandic voice, I knew it was you, Jacqueline Eyjafjallajökull. But, we'll have plenty of time to catch up later, right now, we've got an overgrown maggot to stop.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits Pedro Pupa, and that allowed the sixteen girls to get to safety. When Pedro Pupa saw us, he was enraged.

Pedro Pupa: How dare you all get in my way?! You just want to destroy the temple, you won't stop me from getting the treasure!

Lincoln: There's no treasure, you overgrown maggot, Psy-Crow lied to you. But, if you refuse to listen to reason, then, you'll listen to force. Let's get him!

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, The Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, and Me, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went at Pedro Pupa, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, green flames, and water, and they exploded with incredible power as they hit him, and he was knocked down.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Now, do you see?

Pedro Pupa: But, Psy-Crow said that…

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Psy-Crow was nothing but a liar who manipulated you into doing his dirty work, but he's now long gone, and he's never coming back.**

Pedro Pupa saw that Lincoln was right, and Psy-Crow is nothing but a liar. He then agreed to join The Masters of Evil, and Lincoln beamed him to their headquarters. We cheered wildly as we holster our weapons on our backs and power down.

Lincoln: That's another potential member brought into The Masters of Evil. (To Jacqueline Eyjafjallajökull) And it's so good to see you again, Jacqueline Eyjafjallajökull.

Jacqueline Eyjafjallajökull: (Icelandic Accent) You too, Lincoln, it's been a long time.

Lincoln and Jacqueline Eyjafjallajökull went up to each other and they hugged, and Jacqueline Eyjafjallajökull was also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were twelve, and as you can see, I really grew a lot since then.

Jacqueline Eyjafjallajökull: (Icelandic Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'5" tall and very handsome and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's awesome.

Me: Whoa, Lincoln, you know her?

Lincoln: Indeed I do, J.D., this is Jacqueline Eyjafjallajökull, she moved to Michigan from Iceland, and she's another one of my Guardian Angels, and she also has a talent for bird watching.

Nico: That explains why she got Gene-Slammed into The Monstrous Bird Duel Monster, that's so awesome.

Jacqueline Eyjafjallajökull: (Icelandic Accent) And I've got quite a story to tell all of you about Denzel Crocker, and he's actually more insane than what all of you first thought.

We gasped in shock.

Me: We're definitely not going to like this one bit, since I was the one who sent his fucked-up hide to The Insane Asylum after ruining his plans for world domination.

Lincoln: Along with Timmy, Cosmo, Wanda, Poof, and their friends, since Crocker's caused trouble in Dimmsdale more times than anyone can count. Right now, let's get you back to normal, Jacqueline. Boys, you know the drill, and Nicole, you know what to do?

Me, Nico, Eli, and the rest of the boys cover our eyes as Lincoln snapped his fingers, and Jacqueline Eyjafjallajökull was reverting back to normal. Jacqueline Eyjafjallajökull is a beautiful 17-year-old girl with long dark purple hair tied up in a ponytail and a part of her hair was braided, blue eyes, fair skin, she's 6'5" in height, she had the body of a goddess, and she has massive dark purple angel wings, as she reigned in the power of The Monstrous Bird, and she's in her birthday suit.

Lincoln: How do you feel, Jacqueline?

Jacqueline Eyjafjallajökull: (Icelandic Accent) Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Jacqueline Eyjafjallajökull her new wardrobe, a short-sleeved dark purple, short-sleeved dark purple top, dark purple skirt, dark purple pants, purple pumps, and a long dark purple sleeveless trenchcoat with wind gusts and birds on the coattails and on the back is The Monstrous Bird, and on her back is a large Monstrous Bird-themed sword with a 6'5" massive, wide, double-edged, man-sized dark purple blade with The Monstrous Bird etched on it, the Monstrous Bird's large wings for the crossguard, large dark purple gem embedded in the rainguard, longer black grip, and a large dark purple gem surrounded by angel wings for the pommel.

Jacqueline Eyjafjallajökull: (Icelandic Accent) Wow, I love the new outfit you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Jacqueline Eyjafjallajökull's neck with dark purple gems on the gold lightning bolts and dark purple crystal links from her new Crystal Necklace of the Buddha, which merged with her Thunderbird Necklace of Eternal Love.

Jacqueline Eyjafjallajökull: (Icelandic Accent) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Jacqueline.

Jacqueline Eyjafjallajökull had a smile on her face and tears coming from her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the sixteen girls here, and when Lincoln saw them, they immediately recognized them. The sixteen girls are Hirohara Yukiko, Kusakabe Misuzu, Minase Yuka, Tachibana Kukuri, Akamine Saiko, Momono Shiori, and Natsuki Kaori from 11 Eyes, Lisara Restall, Cule Zeria, Fukumune Iria, and Ookura Mina from So, I Can't Play H!, Oiso, Sayama Ouka, Toyo, Okami, and

Nicole Knudson: From 11 Eyes, So, I Can't Play H!, and Manyuu Hiken-Chou, awesome.

Lincoln: Are you girls okay?

Hirohara Yukiko: Yes, we're okay, thanks to you.

Then, when Hirohara Yukiko and the other fifteen girls saw who it was that saved them from Pedro Pupa, their faces turned atomic red upon seeing the 17-year-old 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Hirohara Yukiko: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fifteen clones of himself, and he and the fifteen clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Hirohara Yukiko: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, sixteen Thunderbird Necklaces of Eternal Love appeared on the necks of Hirohara Yukiko, Kusakabe Misuzu, Minase Yuka, Tachibana Kukuri, Akamine Saiko, Momono Shiori, Natsuki Kaori, Lisara Restall, Cule Zeria, Fukumune Iria, Ookura Mina, Oiso, Sayama Ouka, Toyo, Okami, and Mizuki with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We return to the World Tree Estate, and we told everyone what happened on Lorenzen's Soil, and and they were shocked when they found out the villain we went after was Pedro Pupa.

But, when Lincoln showed what we did to Pedro Pupa, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Jacqueline Eyjafjallajökull now have a lot of catching up to do, now that she's back home, and Pedro Pupa is now a member of The Masters of Evil.

---

After putting a stop to Pedro Pupa, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Jacqueline Eyjafjallajökull saw Lincoln working out like crazy, she had an atomic red blush on her face.

Jacqueline Eyjafjallajökull: (Icelandic Accent) Whoa, I was right that Lincoln has really grown to be a 17-year-old 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Jacqueline, and now, I can also defend myself.

Jacqueline Eyjafjallajökull: (Icelandic Accent) That's incredible.

Nico: It sure is, Jacqueline. So, what's the story behind Denzel Crockpot, you said that he's actually more insane than what we first thought.

Jacqueline Eyjafjallajökull: (Icelandic Accent) None of you are going to like him one bit. I was asked by the FBI to go undercover and find out what Denzel Crocker was up to in Dimmsdale, knowing his reputation as a crazed fairy-obsessed loon, I couldn't refuse. I then went undercover in Dimmsdale Elementary, and infiltrated his Crocker Cave which was hidden underground in the school, and I found out that Crocker was planning on blowing up all of Dimmsdale, if he didn't get his hands on Timmy's fairies. I wasn't going to let that lunatic get away with this, so I called the FBI, and they went into the Crocker Cave, and they confiscated all of Crocker's gadgets and weapons. When Crocker found out, he went insane with rage, but before the FBI could arrest him, he ran for his life and swore that he'd get his revenge one day.

We gasped in shock at the revelation.

Me: Sheesh, I knew Crocker was insane, but this takes the cake.

Nico: Big time, which is why I'm glad that nutjob is dead and gone for good. He really is insane and way too unstable.

We then got a shower afterwards, suddenly, the alarm sounded, and when Lincoln had checked the computer, we saw that Dominique, another of The Shadow Warriors is here, and she's causing havoc.

Lincoln: Oh no, it's the Shadow Warrior, Dominique.

Me: It hadn't been that long that we'd battled against one of the Shadow Warriors, I wonder what happened?

Nico: They must've gone into hiding as soon as Haman Karn and her organization came here, and were causing havoc in the city. But, now that Haman Karn and her cronies have been destroyed, the Shadow Warriors have come out of hiding.

Lincoln: But, still, we need to deal with her for good. Come on, let's go.

We flew out of The World Tree Estate, and Lincoln fired two powerful rainbow energy blasts, and they hit Dominique in the back. When Dominique saw us here, she was enraged.

Dominique (Double Dragon): So, the world famous Team Loud Phoenix Storm's arrived?! Now, I will finally make you pay for interfering with my master's plans!

Lincoln: Don't even try it, you're looking at getting sent to Oblivion, Dominique.

Chifusa Manyuu: That's right, and I've had it up to hear with you to last an eternity.

Suddenly, Chifusa Manyuu's gold eyes turned neon gold, and she was surrounded by a red energy aura with red flames and phoenixes, and as she approached Dominique, she left red energy, flames, and phoenixes with every step. Suddenly, Chifusa Manyuu was surrounded by a massive vortex of red energy with red flames surrounding it, there's a phoenix flying around it, and in the vortex is a red phoenix. Then, as the vortex faded, Chifusa Manyuu emerged, but she was changed forever.

Chifusa Manyuu grew to 6'5" in height, she had the voluptuous and curvy body of a goddess and has red highlights in the bangs of her long flowing blue hair, she has neon gold eyes and a red energy aura with red flames and phoenixes surrounding her, she has a phoenix with the Fire Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with gold gems for the eyes and the Fire Kanji in its claws, and she also has a phoenix with gold gems for the eyes and the Fire Kanji in its claws for the second pendant of her Thunderbird Necklace of Eternal Love with red gems on the gold lightning bolts and red crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Chifusa Manyuu has on a long sleeveless red trenchcoat with flames and phoenixes on the coattails and right on the back is a phoenix with flames surrounding it, a red blouse and red midriff top with an orange phoenix on it, red skirt with flames on it, leather black pants with flames on the legs, black leather ankle-high combat boots, and she has on a Star Sapphire ring on her left ring finger. Suddenly, Chifusa Manyuu felt a sharp pain on her back, and massive blue angel wings with red tips on the large blue feathers sprouted out from her back.

Chifusa Manyuu has a new large sword in her hand called Destroyer of the Manyuu Clan, it's a brand-new large sword with a 6'9" massive, wide, double-edged dark blue blade with the anti-Manyuu Clan symbol etched on it, large dragon heads with blue gems for eyes for the crossguard, large red gem for the hilt, longer black handle, and four large dragon heads with blue gems for the eyes and large orange gems in its mouths for the pommel. Chifusa Manyuu has on her new large gold cuff Bracelets of the Champions of The Universe with red gems on their wrists, gold Belt of Elemental Bravery with a gold dragon head with blue gems for the eyes and a large red gem in its open mouth for the belt buckles, large red

Spellbook of The Gods and The Universe and large red Universal Spellbook of The Elemental Forces on their left hips and Eater of Sins revolver holstered on her right hip. There's a blue kanji below the phoenix on Chifusa's trenchcoat that said, "Chifusa Manyuu, Former Member of The Manyuu Clan, Powerful Fighter and Defender of Many, Thrasher of Perverts, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Flames and Swords."

魔乳秘剣帖元メンバー、強力なファイター兼ディフェンダー、変質者のスラッシャー、リンカーン・ラウドの愛する未来の妻、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、驚くべき強力な学生教師、そして炎と剣の達人

Chifusa Manyuu has transformed into SUPER ANGEL INFINITY DIVINE FIRESTORM PHOENIX ANGEL OF DIVINE LOVE AND FIERY JUSTICE!

When Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Dominique saw it, she fell into a rage and tried to kill her. But, Chifusa fired a powerful red energy blast with flames, which hits her, and sends her flying into a wall.

Lincoln: Wow, Chifusa, you look beautiful. How do you feel?

Chifusa Manyuu: (Divine Echoing Cosmic Voice of The Firestorm Phoenix and Divine Love) **I feel incredible, Lincoln. Now, shall we take care of this bitch?**

Lincoln: (Smiles) With pleasure.

Lincoln unholstered his improved massive Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Chifusa Manyuu.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get her.**

Chifusa Manyuu and Lincoln went after Dominique, who tried to attack them with her whip, but they dodged it, and they fired powerful blasts of rainbow energy, red energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Gravity, Magic, Blood, Thunderbirds, Phoenixes, Angels, Doves, and Buffalo at Dominique, and they exploded with incredible power as they hit her. Then, they attack her with their massive swords, and Dominique was bleeding badly from the unhealing wounds from the swords of Chifusa Manyuu and Lincoln. Then, Chifusa tied Dominique up with red energy threads.

Chifusa Manyuu: **Okay, Lincoln, you know what to do?**

Lincoln: **You got it, Chifusa.**

Lincoln spreads his massive deep sapphire blue angel wings, and red energy was already forming in them. This filled Dominique with dread, as she sees that her death was fast approaching, and her desire for revenge is about to be cut with a knife for good.

Lincoln: **DEATH WING LIFE DRAIN!**

Lincoln fired massive red beams of energy from his spread-out massive deep sapphire blue angel wings, and as the blasts hit Dominique, Lincoln began sucking out and absorbing Dominique's life energy, and Lincoln's rainbow energy aura with elemental forces, angels, phoenixes, buffalo, and thunderbirds flared up extremely, as he gained a massive power and energy boost to his infinite power, and we saw that Dominique was being drained of his life force. When Lincoln was done, Dominique was reduced to a lifeless and mummified husk, and as soon as her spirit appeared, Chifusa Manyuu Super Hakaied her and Dominique was banished to Oblivion for good. We cheered wildly for them, as Lincoln and Chifusa Manyuu holstered their massive swords on their backs and power down, and Chifusa Manyuu's new body, clothes, weapons, jewelry, and angel wings are permanent.

Chifusa Manyuu and Lincoln: In the immortal words of Nico, Dominique, you have failed this entire world!

Nico: Yeah, that's telling that bitch, guys.

Chifusa Manyuu: Thank you for helping me in putting a stop to Dominique, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Chifusa.

Suddenly, Chifusa Manyuu wraps her arms around Lincoln's waist and her chest was pressed against Lincoln's massive and wide muscular pecs, which brought an atomic red blush to Lincoln's face, and Lincoln wrapped his abnormally massive and powerful muscular arms around Chifusa Manyuu's waist, and he brought her into an embrace, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned down to Chifusa Manyuu's face, they kissed passionately as Chifusa Manyuu wraps her left arm around Lincoln's wider and muscular back, and placed her left hand on Lincoln's massive and wide right pec, and right behind them was a Thunderbird, Phoenix, Dragon, and Angel flying in the air, and we also saw a herd of Buffalo running across the field, flames raging behind them, and the display of the elemental forces behind them, and we cheered for them.

Me: Alright, that's another Shadow Warrior put down for good.

Nico: But, there's bound to be more of them out there, but like Scott Pilgrim said, some of them are honorable, so any potential members will join the Masters of Evil, while the rest are getting sent to Oblivion for good.

Lincoln: That's right, Nico. Oh, and it's time for our date, and since today's St. Patrick's Day, we're going to Ireland for our date.

Me: Ooh.

Nico: An Irish-themed date for St. Patrick's Day, perfect idea, Lincoln.

We then returned home to the World Tree Estate, and we got rid of another member of The Shadow Warriors, but there's more of them out there, but we'll be ready for them.

After getting rid of Dominique of the Shadow Warriors, Lincoln and his harem were getting ready for their date, this time, since today's

St. Patrick's Day, they're going to Lough Derg in Shannon, Ireland, the third-biggest freshwater lake in the Shannon River Basin.

Lincoln snapped his fingers, and the 17-year-old 7'5", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, angel, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

And his harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, ladies, shall we?

Chifusa Manyuu: Of course, Lincoln.

Lincoln and his harem left the World Tree Estate, and we headed for Lough Derg in Shannon, Ireland. When they arrived, they were amazed.

Elizabeth O'Carroll: (Scottish Accent) Wow, is this…?

Lincoln: That's right, Elizabeth. This is Lough Derg, the third-biggest freshwater lake in the Shannon River Basin in Ireland. I figured this would be the perfect place for us for our date, since today's St. Patrick's Day. Shall we.

Lincoln and his harem dived right into the water, and they began swimming in the clear fresh waters, and they also saw the animals that lived here in Lough Derg, and they were amazed. Then, they also explored the villages of Ballina, Dromineer, Garrykennedy, Kilgarvan, Killaloe, Mountshannon, Portroe, Portumna, Scarriff, Terryglass, and Whitegate, before they returned to Lough Derg to have lunch at the picnic area Lincoln made. Then, before they were about to head home, Lincoln made clones of himself, and he and his clones went up to the girls in his harem, and they'd picked them up in their abnormally massive and powerful muscular arms, and they passionately kissed and hugged with supercharged and intense passion. Then, they came back home to the Estate, and we were in their original clothes.

Nico: Hey, guys, how was your date?

Lincoln: It was awesome, Nico, we went to Lough Derg in Shannon, Ireland.

Me: Lough Derg in Shannon, Ireland?! I've heard about it, it's the third-biggest freshwater lake in the Shannon River Basin in Ireland, that's so awesome.

Lincoln: Plus, not only did we go swimming in Lough Derg, we'd also explored the villages of Ballina, Dromineer, Garrykennedy, Kilgarvan, Killaloe, Mountshannon, Portroe, Portumna, Scarriff, Terryglass, and Whitegate, and it was amazing.

Lily the Mermaid: Plus, we saw everyone was celebrating St. Patrick's Day.

Me: That's right, the celebrations were already starting in Ireland.

Nico: Nice.

Lincoln: And plus, we're also going to be wearing green for St. Patrick's Day today, guys. Plus, I've also got some awesome news: tomorrow, we're going to the Bahamas to have a day of rest and relaxation, before we go after the Fold.

Me: Awesome.

Nico: So, we're getting two days of rest and relaxation before we go after The Fold, that's perfect. We were also getting ready for St. Patrick's Day, and we also had to keep Sancho and the Party Birds out.

Lincoln: Those party pigeons are still partying like animals, there's nothing we can do about them, but last year, we did scrap Sergio's reputation thanks to the trial.

Minerva Mink: And if that conniving, loud-beaked, smelly, devil of a parrot tries anything to harm our man, I'm going to rip off his feathers and stuff them into a pillow, and then, I'm going to turn that parrot into hot parrot soup!

Lincoln: That won't be necessary, Minerva. If that parrot tries anything sneaky, you can hit him with a Chancla, and that'll get him to stop.

Sergio: Rrawk, I'll have you know I bathe. (Sniffs under his wing and puts some deodorant under his wing's armpit) Sometimes.

TLPS Mr. Wolf: Nobody asked you, Sergio! Now, get back in your cage!

Sergio grumbled, and he went back into his cage.

Nico: Nice one.

Sergio: Fleabag mutt!

Lalo also heard that, and he growled at Sergio, and he smiled nervously.

TLPS Mr. Wolf: (Sly Smirk) Maybe you shouldn't have opened that big fat beak of yours.

Lincoln: Now, now, TLPS Mr. Wolf, there's no need to keep antagonizing Sergio, we know he did a lot of wrong in the past, but he's got a lot to make up for and a lot to answer for, due to his constant non-stop partying and causing trouble for everyone.

Me: Who knows how long that'll be until Sergio has paid his debt to society?

Nico: But, like they say, if you can't do the time, don't do the crime.

Later it was time for Pinkie Pie's 3rd Ambassador Mission.

INSTIGATOR: Can I come with you, Pinkie?

Pinkie Pie: Sure! The more the merrier. I actually plan to have you come with anyway.

Me: You'll love meeting Rango. He is awesome. But first. (Snaps fingers)

I was in my cowboy uniform.

Me: (Cowboy accent) Lets saddle up and catch us a water-stealing low-down double-dealing two-timing sidewinding outlaw!

Nico: (Snickers) J.D. you have been watching way too many cowboy movies.

We were off to Dirt, Nevada.

We later arrived and we saw Rango.

Me: Howdy Rango.

Rango: Howdy everyone.

Pinkie: Rango, meet my archenemy!

INSTIGATOR: Pleasure to meet you. My name is INSTIGATOR.

Rango: INSTIGATOR?

INSTIGATOR: It's really an Acronym. It stands for **I** ntegrated **N** eural **S** ystem **T** echno- **I** ntelligence **G** yroscopic **A** tomic **T** actical **O** rganic **R** obot.

Rango: Ah I get it. That is interesting.

Me: Indeed it is. Glad to see y'all again Rango. (Clears throat) (Normal Voice) I take it you heard about what happened to me after we destroyed the 2012 Shredder right?

Rango: I sure did. Sorry that happened to you J.D. But are you all right?

Me: Much better and relieved of all that steam thank you.

Rango: I'm glad to see you're back to your normal self, J.D. I was actually getting very worried about you.

Me: Thanks Rango. I appreciate your concern and I had to learn a really huge lesson about Vengeance. Revenge is everything that I go against and I started acting like a hypocrite for resorting to vengeance like that.

Rango: Why don't we pay Rattlesnake Jake a visit? He could be a good Masters of Evil recruit.

Pinkie Pie: Ooh that would be amazing!

INSTIGATOR: And since I'm in the Masters of Evil it'll be an honor to evaluate him.

Me: Lets get a move on pardners.

We followed Rango.

INSTIGATOR: Also, you bring green fits St. Patrick's Day nicely.

Rango: Thank you.

Me: Today is March 17th and it's Saint Patrock's Day.

Pinkie Pie: It sure is.

We then saw RATTLESNAKE JAKE!

---

**Rattlesnake Jake** is the secondary antagonist of Nickelodeon's 23rd full-length animated feature film *Rango* .

He is, as his name implies, a dangerous Western diamondback rattlesnake who never leaves the town of Dirt without taking at least a single soul, according to Bad Bill. It later turns out that Rattlesnake Jake is secretly working with Tortoise John, Dirt's mayor, who wants the citizens to move so he can build a new, modern city.

He was voiced by Bill Nighy, who also played Viktor in the *Underworld* film series, Davy Jones in the *Pirates of the Caribbean* film series, Whitey in *Flushed Away*, General Fallonin *Jack the Giant Slayer*, The Network in *The World's End*, Prince Naberius in *I, Frankenstein*, Leo Argyll in *Ordeal of Innocence* and Howard Clifford in *Pokémon: Detective Pikachu* . In the video game, he was voiced by the late David Anthony Pizzuto.

Early in the film, Rango claims that Rattlesnake Jake is his brother when he is first brought up by the townspeople while making up his overblown heroic persona; thus, when Jake attacks the town, he uses this bold-faced lie to expose Rango as a phony in front of everyone and drive him out of town.

It is then revealed that Jake is working for the evil Mayor Tortoise John and, in a later scene, he is seen forcing Beans to sign away the deed of her father's ranch to the mayor and almost strangles her to death before Rango shows up again outside.

With the help from the hill clan, Rango defeats Rattlesnake Jake and aims his gun at him. Jake taunts him but sees that Rango has the killing intent in him, which he previously lacked. Just as he is about to shoot him, however, the Mayor stops him by threatening Beans' life, forcing Rango to surrender to the Mayor.

During the final confrontation, the Mayor betrays Rattlesnake Jake by pointing Rango's gun on him, declaring him no different from Rango and another relic of the Old West that will soon be destroyed and forgotten along with the rest of the town. When the Mayor tries to shoot, it turns out that the last bullet was taken by Rango, who then uses it to break open the giant water bottle that he and Beans were drowning in and flush everyone out of the town hall into the streets, where Rango finally manages to subdue the Mayor.

Rango then turns the defeated Mayor over to Rattlesnake Jake, who then nods his hat to Rango for saving his life, acknowledging him as another great desert legend that will thrive.

Rattlesnake Jake then turns his rage towards the Mayor by using the Mayor's words against him, "Pretty soon no one will believe you even **existed** ", in a show of cruel irony to him. Jake then snatches the Mayor up in his tail and carries the screaming tortoise out into the desert to punish him for his betrayal, thus taking a soul, as Bad Bill said.

So far it is not known what became of Rattlesnake when he took revenge on the mayor, possibly redeemed himself or simply left the property for good.

---

Rattlesnake Jake: (chuckles) You know, Sheriff. You're not that good at sneaking up on people. (Sees me, Pinkie Pie and INSTIGATOR) And howdy to you J.D. Knudson.

Me: (Tips hat) Howdy to you Rattlesnake Jake. Pleasure to meet y'all in these here parts.

Pinkie Pie: It's a pleasure to meet you Rattlesnake Jake. I'm Pinkie Pie, Element of Laughter and Princess of Parties and The Tech Skylanders.

INSTIGATOR: And I'm INSTIGATOR and we actually came to talk to you.

Rattlesnake Jake: (points Gatling Gun at INSTIGATOR) If by "talk", you mean take out, I'm not goin down without a fight!

INSTIGATOR: That gun won't take me down easily.

Rattlesnake Jake: No. But that Hot Spot kid did so easily.

Pinkie Pie: Did that really happen?

Me: It was a while back Pinkie.

INSTIGATOR: (sheepishly) It happened after he and the other frozen Titans were freed.

Me: Before the Brotherhood of Evil kicked the bucket. Also that is cool you have a gatling gun for a rattle on your tail.

Rattlesnake Jake: Why thank you.

Me: But that is not what we are here to do. We are asking if you wanted to be recruited into INSTIGATOR's comrades of the Masters of Evil.

Rattlesnake Jake: Well, as long as you don't betray me like that stupid former Mayor did…

Pinkie Pie: We won't. Besides, there might be a chance he's gonna come back.

Rattlesnake Jake: Impossible! I ate him myself after dragging him off!

Me: Many of our enemies from our past have been able to come back many times before. It's a really complicated story.

INSTIGATOR: It's true.

Pinkie Pie: Also, you remind me of my Skylanders friend Rattle Shake.

Me: He's of the Undead Skylanders Element and he is a Rattlesnake Cowboy.

Rattlesnake Jake: I see. But I guess we'll have to be ready for when we face the Mayor in the future.

We came back.

Nico: How did it go guys?

Me: Went awesome. Rattlesnake Jake is in the Masters of Evil.

Nico: Neat!

May: Who should go with you next time?

Pinkie Pie: I was thinking of having all my friends go next.

May: That's a great idea!

Eli: It'll be cool to meet Rango in the future.

Later it was time to get ready for an awesome Simulator Adventure. We were going after Evil Discord.

Maria: Nico, I think me, May, you, and William should go with J.D.

Nico: I agree. J.D. can't handle this alone. We're coming with you J.D.

Me: I understand Nico. You're more than welcome to come with.

Twilight Sparkle: We'll all go with you guys.

Me: In fact all of the archenemies of Twilight and friends are more than welcome to come with us.

Twilight Sparkle: Thanks J.D.

Kaos: This will be a really amazing battle.

Nico: It sure will and I can't wait to see what Discord was like before he was reformed. I have a feeling this will not only be awesome but dangerous too.

Laney: Yeah I feel the same way.

Me: But we'll be ready for him.

Nico: Lets go guys.

Sunset Shimmer: Lets do it.

Eli: This will be awesome.

We were in Equestria and we saw that Discord turned it into a CHAOS RIDDLED HELLHOLE!

Me: Whoa! This whole place has been turned into a wacky funhouse.

Nico: To get Twilight and her friends back in high spirits, I brought video clips of their greatest memories.

Me: I can project those videos into their minds with my magic fired from my sword.

Nico: Good thinking and Evil Discord will make a great member of the M.O.E. Too.

Me: He does crack me up and he always has a great sense of humor. And Pinkie said that he makes it rain really good chocolate milk.

Nico: (LAUGHS) That is true. And you know who else likes chocolate milk better than anyone I know? My brother Connor.

Me: Who DOESN'T like Chocolate milk.

We walked around and we saw COWS DANCING IN TUTUS?

Me: Okay that's funny. Cows in tutus?

Maria: That's hysterical.

May: It sure is funny.

THUNDERCLAP!

Then it rained chocolate milk.

Me: Oh wow!

I opened my mouth and the rain fell in and it was REALLY TASTY CHOCOLATE MILK!

Me: (SLURPS) Yummy!

Nico tasted some.

Nico: (Slurps) Delicious!

Me: This all reminds me of Wackyland where Go-Go the Do Do is from.

Nico: That is really funny!

Maria: It sure is.

Sunset Shimmer: It is hilarious though.

We then saw Twilight and she was grey and sad.

POOR PAST TWILIGHT.

Nico: Hey, Twilight. How're you doing?

Past Twilight: Leave me alone.

Me: I think you need a hug.

I went over and hugged her.

Past Twilight: What are you?

Me: Everything will be all right Twilight. I will gladly be your friend and no one will ever make you like this again.

Nico: That's right Twilight.

Nico showed all the memories of everything Twilight did and more.

Past Twilight: It's hopeless. Equestria's good as dead and- (holds head in pain) NO! WHAT AM I THINKING?!

Me: Just remember all the good you did and are gonna do Twilight. You are gonna be a magnificent teacher, friend, princess and above all, one of the greatest and awesome wives of my best friend and teammate Lincoln Loud. He loves you and all your friends.

Past Twilight then remembered all sorts of things and then she was enveloped in a massive flash of light and she was made into A TRUE ALICORN WITH WINGS OF STARS AND RAINBOWS!

Nico: WHOA!

Maria: WOW! What power!

May: That was incredible!

Nico: WOW!

Past Twilight: Thank you J.D. You saved me.

Me: It was no problem Twilight.

Nico: Who do we visit next?

Me: Now we go to Applejack.

Nico saw the jewel for the Magic of Friendship on my sword emit a massively and powerful glow.

Nico: J.D. your sword.

I looked at my sword and saw the jewel of the Magic of Friendship glow.

Me: Whoa! I think that means that it was supercharged.

May: Wow!

Maria: That is incredible.

Twilight Sparkle: Wow! What power.

Past Twilight It sure is.

Twilight Sparkle: I think this is awesome that I look this amazing with rainbow wings.

Past Twilight: It sure is future me.

Me: Lets head to Sweet Apple Acres.

We flew over there.

We arrived at Sweet Apple Acres and we saw that it was a chaos hellhole.

Me: There.

We saw a grey Applejack.

Me: Applejack!

Past Applejack: What do y'all want? I'm busy saving Equestria over here.

Nico: If that's saving, I'd hate to see what destroying Equestria looks like.

Me: Applejack we are here to help.

I went over and hugged her.

Me: You are not yourself Applejack. Would your mom and dad, sister, brother, granny and all your friends be happy if they saw you like this?

Nico: Remember Applejack. Remember who you really are.

Nico and me showed her the memories of who she is and then she reverted back to normal but then in a massive flash of light she was turned into a TRUE ALICORN WITH WINGS OF CRYSTAL AND RAINBOWS!

Nico: WHOA!

Past Applejack: YEEHAW! Wow! Thank you J.D. You saved me from myself.

Me: You're welcome Applejack.

Nico: At least you're back to normal.

Past Applejack: Look, Twilight. I know I said some things I didn't mean back there.

Past Twilight: I know Applejack. And I forgive you.

Me: Now we move on to the tough ones. Lets head for Rarity.

Nico: Uh oh.

Eli: This will be rough.

Rarity: But we got to hurry.

Me: Lets go!

We were off to Carousel Boutique!

We found Rarity. And she was roaring over something as insignificant as a boulder!

Me: Rarity!

Past Rarity: This is my boulder! Mine

Nico: I see there's only one way to make you see reason.

Nico used Abomination's super strength to punch the boulder, destroying it.

KRASMASH!

The Boulder was shattered into a bazillion pieces!

Past Rarity: NO!

I then hugged Past Rarity.

Me: Rarity this is not the girl that everyone loves when she makes awesome and magnificent clothes and fashions. Would your sister and your friends want to see you like this? Remember who you really are and how you are an amazing friend and teammate and awesome wife of Lincoln Loud.

Me and Nico reminded her and then in a flash of light she was back to normal but she was a TRUE ALICORN but with wings made of pure water and they were emitting a magnificent song of the sirens.

Past Rarity: Oh my. What happened?

Me: It's a long story but we'll explain everything after we stop Discord.

Nico: But you are back to normal now Rarity.

Past Twilight: Yes Rarity. Thanks to our friends.

Past Rarity: Oh my. Thank you so much.

Me: You're welcome Rarity.

Past Rarity: Can we never speak of this incident again?

Past Twilight: No problem.

Me: Now lets get Pinkie Pie. (GULPS) Brace yourselves guys.

Nico: This one is gonna be tricky.

Me: To Sugarcube Corner!

Pinkie Pie: We have to hurry!

We were off!

We went into Sugarcube Corner and we saw Past Pinkie Pie and she had an ominous black tone around her.

Me: Pinkie?

Past Pinkie Pie: I don't remember saying that I want you guys here. Now, why don't you use the Black Gates on some petty muggers or jewel thieves?

Nico: Okay, we're not using the Black Gates on small crooks like those.

Eli: That's really low Pinkie!

I went over and hugged her.

Me: Pinkie remember who you really are. You are a pony and a girl that loves to throw great parties and you make so many people laugh and make many ponies happy and you are also a true great friend and an awesome future wife to Lincoln. Remember everything.

We showed her everything and then in a massive flash of light she turned into a TRUE ALICORN and had wings made of gears and party confetti!

Past Pinkie: YAY! I'm back!

Me: Glad you're okay Pinkie.

Past Pinkie: Sorry about that, guys.

Nico: It's not your fault Pinkie.

Eli: What's more important is that we have the Pony Party Planner back.

Me: Yep. Now get ready. We're going to help Fluttershy next. (GULP) I'm going to live to regret this but I got to say something mean to bring her out. Fluttershy I'm sorry you have to hear me say this to your past self.

Fluttershy: Oh it's all right J.D. Sunset you better cover my ears for this.

Sunset pulled out ear muffs and put them on her.

Me: Here we go.

I pulled out a megaphone.

Me: God forgive me. (Turns it on) HEY FLUTTERSHY! YO MAMA SO STUPID, THEY HAD TO BURN DOWN THE SCHOOL TO GET HER OUT OF SECOND GRADE!

Nico: WHOA! That is a new one.

Eli: Yep.

THEN PAST FLUTTERSHY CAME AND SHE WAS INFURIATED!

Past Fluttershy: What did you SAY ABOUT MY MOM!?

Me: You heard me.

Past Fluttershy: You've got no room to talk, Mr. Crybaby! (starts to regain herself) Please, help me…

Nico: Looks like Fluttershy's trying to fight it.

I then hugged her.

Me: This is not you Fluttershy. You are the kindest, sweetest and more giving girl we know and you love everything and love all animals and you even have done many things that no pony or human can even do. You love all animals and they love you. Remember who you really are.

Me and Nico showed her who she really is and all the things she has done and more. Then in a massive flash of light she turned into a TRUE ALICORN and she had wings made of leaves, flowers and butterflies all came out of them.

Past Fluttershy: What? What happened?

Me: Fluttershy are you okay?

Past Fluttershy: I'm so sorry!

Me: It's not your fault Fluttershy. Discord did this to you.

Nico: That's right.

Eli: Now we have one last pony to save.

Me: Rainbow Dash.

I looked up in the sky and saw a grey pegasus.

Me: There. Time to fly.

I flew into the air and everyone flew with me.

Me: RAINBOW DASH!

She saw us.

Me: WE'RE COMING TO SAVE YOU!

Past Rainbow Dash: I don't need saving!

Nico: You're really sitting around while Equestria's in danger?

Past Rainbow Dash: I missed the part where that's my problem.

Me: This is not you R.D.!

Past Rainbow Dash: Don't call me that!

ZOOM!

She flew away.

Nico: She's getting away!

Me: Not for long!

I flew after her.

She was really flying fast.

Me: Wow she is fast. But so am I!

I gained speed and then…

BBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM!

I released a massive Sonic Rainboom with incredible power and flew really fast towards her and then I grabbed her and brought her down and hugged her.

Me: Rainbow Dash, this is not who you are. Think about what you are doing. You are the fastest girl I've known and you want to become a member of the Wonderbolts and you are amazing at sports and everything. Remember who you are. Remember everything.

Nico and me helped her remember and then in a massive flash of light she became a TRUE ALICORN and had wings made of rainbows and were surging with incredible lightning!

Past Rainbow Dash: What happened?

Me: You're back R.D.!

Nico: Now everyone is back to normal.

Me: Yep.

Past Rainbow Dash: Oh, and F.Y.I.? It actually is okay for you to call me R.D.

Me: Thanks R.D. One last thing.

I snapped my fingers and I had Starlight Glimmer, Sunset Shimmer, Princess Celestia, Princess Luna, Trixie Lulamoon all appear and

Princess Luna got wings of darkness and moonlight, Princess Celestia got wings of sunlight and fire and light, Trixie Lulamoon became a true alicorn and got wings of magic and energy, Starlight Glimmer became a true alicorn and got wings of stars and bones and Sunset Shimmer became a true alicorn and got wings of fire and phoenix feathers.

Nico: WHOA!

Me: Now we go after Discord.

Nico: Yep.

Me: Lets get him!

We went to face him and then we saw a goofy purple pony with purple swirl eyes and purple hair wearing a helicopter hat and she had a Screw and a Baseball cutie mark.

Me: Whoa you're a goofy one.

Screwball: (Goofy laughter) I'm Screwbal.

Nico: (Laughs) She cracks me up.

Me: Looks like Daffy Duck is gonna have a partner.

We flew on and we then met EVIL DISCORD!

**Discord**, also known as the **Spirit of Chaos and Disharmony**, is a major character as well of *My Little Pony: Friendship is Magic* . He first appears as the main antagonist of the two-part Season 2 premiere "Return of Harmony" and the Season 3 episode "Keep Calm and Flutter On", the secondary antagonist of the Season 4 finale "Twilight's Kingdom", a minor antagonist in the Season 5 finale "Cutie-Remark" and a major characterfor the rest of the series.

He is the nigh-omnipotent spirit of chaos and disorder who once desired to turn all of Equestria into a chaotic wasteland, becoming one of the arch-nemesis of Princesses Celestia and Luna before becoming one of the Mane Six. But then Fluttershy helped him realize the true value of friendship, which led to a slight redemption. He was then tempted back into villainy by Lord Tirek, but became a hero again after Tirek betrayed him and then being saved by Twilight Sparkle, leading to his true redemption. In the final season, Discord posed as Grogar, an ancient and powerful ram sorcerer who once ruled ancient Equestria, and assembled a team of the most dangerous villains in Equestria in a misguided effort to prepare Twilight for when she inherits the throne from Celestia and Luna, until he was exposed when his plan ultimately backfired.

He was voiced by John de Lancie, who also played Q in *Star Trek: The Next Generation* (who was Discord's main inspiration), Sinestro in *Duck Dodgers*, and Brainiac in *Justice League Action* . While playing as Grogar, he is voiced by Doc Harris. In *My Little Pony: Pony Life*, he is voiced by Peter New, who also voiced Big Macintosh in *Friendship is Magic* .

Princess Celestia explains to Twilight and her friends that Discord once took over Equestria and caused chaos throughout for earth ponies, unicorns, and pegasi alike. Nobody dared stand up to his horrendous rule until Luna and Celestia discovered the Elements of Harmony and used them to turn him to stone, and reclaim the throne. Celestia explains that since she and Luna are no longer in connection with the Elements of Harmony, the spell imprisoning Discord has failed and he has escaped from his stone prison and stealing the Elements of Harmony, implying to have hid them in the Canterlot castle labyrinth. With nothing to keep his powers in check, he begins to wreak chaos throughout Equestria, turning clouds into cotton candy that move of their own accord and rain chocolate milk, and causing animals to become wild and automatically change shape.

When the Mane Six venture into the Palace Labyrinth, Discord magically steals the pegasi's wings and the unicorn's horns so that they would be unable to use their magic or ability to fly to "cheat" in the "game" he forces them to take part in to find the Elements, and separates them by raising sections of the Labyrinth's walls. Discord used representations of the cast's cutie marks, and subtly manipulates them into questioning the morality of their element, which drains them of their color and severs their connection to the element they represent, causing their personality to become their polar opposite. The one exception is Fluttershy, as nothing could ever make her doubt kindness, and Discord ends up having to corrupt her forcibly, bidding her goodbye with a frustrated "Arrivederci!" He eventually plays on Rainbow Dash's loyalty by showing her a vision that her hometown of Cloudsdale would be destroyed without her, and offers her wings back and a choice to either go to its aid, or continue seeking the Elements. This tricks her into flying out of the Labyrinth, breaking Discord's first rule that nopony is allowed to fly or use magic. Discord then causes the entire Labyrinth to collapse, and standing before the five remaining Ponies, gleefully states that he has won, and Equestria will now be thrust into eternal chaos.

Equestria is thrown into eternal chaos, and Discord points out that he never said the Elements of Harmony were in the Labyrinth. It is not until she returns home that Twilight realizes the answer to Discord's riddle was that they were inside a book at her house. With the Elements, the ponies (minus Rainbow Dash, who is replaced by Spike) attempt to use them on Discord, but failed. Twilight is however able to restore them by using her magic to show them images of past adventures. She does this with Rainbow Dash last, after which they confront Discord, who is still confident that they could not defeat him, and makes himself an open target. As the ponies' representation of the elements are restored, however, they use them on him in a similar style to Nightmare Moon, turning him to stone, this time with a look of horror frozen in his face.

Season 3 Keep Calm and Flutter On

Discord returns to begin his journey to redemption in *Keep Calm and Flutter On.* Celestia brings the stone Discord before the Mane Six and tells them she could make use of his magic if they could reform him. As a precaution, she gives them their Elements of Harmony, enchanting them so Discord cannot take them and hide them again. Twilight and the others release Discord from his stone prison. With a combination of Fluttershy's Stare and the threat of being turned to stone again, Discord doesn't do much chaos, but brainwashes some beavers behind the ponies' backs. Fluttershy (whom Celestia was most confident in) was the only one willing to give Discord a chance, and had him stay at her house. Discord does not act evil, intending to trick Fluttershy into eventually removing her necklace. He also consumes several pages from books holding reforming spells Twilight planned to use on him.

While Discord is having a dinner party with the Six, making objects come to life and cause chaos, Fluttershy says she and Discord were friends, which affects Discord as he never had a real friend before. When the corrupted beavers flood Sweet Apple Acres with their dams, Discord says he will fix this in exchange for Fluttershy's promise not to use her Element of Harmony on him. Discord breaks the deal and freezes the water instead of removing it. Twilight wants to turn Discord back to stone, but Fluttershy refuses, having promised Discord not to. When Fluttershy walks away, however, Discord realizes he could not stand losing his only friend and restores everything to the way it was.

Fluttershy shows Discord how important friendship was to him, and once he had it he didn't want to lose it. Discord also says, rather reluctantly, " *Friendship is magic* ", the first time the line was ever spoken in the series. However, the episode ends on a bit of a wary note as while Discord openly says he'd never use his magic for evil, he quietly adds "Most of the time". Celestia also, rather practically, leaves the Elements of Harmony in Twilight's position, just in case. Discord overhears Celestia revealing her intention to Twilight and shows a face of concern, possibly because of the lack of trust they have in him or because it will make any future evil plan of his harder to pull off. Whether Discord will truly reform entirely with everyone else in the series or relapse into his old ways has yet to be seen.

Season 4 Princess Twilight Sparkle

Discord's final steps toward redemption as well as his past arew revealed in flashbacks in the two-part fourth season premiere *Princess Twilight Sparkle.* Discord appears when the Mane Six summon him, accusing him of the chaos in Ponyville.

With Discord claiming innocence, the girls prepare to turn him back to stone. But Fluttershy stands up for Discord, saying that he is indeed reformed. Discord thanks his new friend "Shutterfly" while embracing Rainbow Dash. Fluttershy corrects him on name and pony. Twilight asks for Discord to help her find out who's responsible for the chaos, but he refuses, telling them to ask Zecora instead.

After Twilight witnesses Princess Luna's transformation into Nightmare Moon after drinking Zecora's potion, she sees all of her friends looking strangely at her. Discord informs her they are doing so because of all the "talking to Luna and Celestia" and crying she did while witnessing the fight between Luna and Celestia, openly mocking her for doing so. After drinking the potion again, Twilight witnessed the first confrontation between Luna, Celestia and Discord. In the vision, Celestia and Luna order Discord to stand down and stop causing chaos and destruction, but he does not take them seriously and ignores them, all while eating and tossing around a bag of seeds. When the Princesses prepare to use the Elements of Harmony on him, Discord begins to laugh uncontrollably and does not notice the Princesses using the Elements' powers on him and is turned into stone.

Later, Discord is still enjoying the mess in Ponyville and even enjoying the suffering of others, watching Cherry Berry and Comet Tail struggle from vines up until Twilight arrives and scolds him, telling him to help them, which he does. He asks Twilight what she's doing back already and Twilight tells Discord she left her friends behind because she needed to. Discord began taunting Twilight, saying that he was shocked that she would leave her friends in danger. Discord's words get to Twilight and she leaves to save her friends. Discord waves as she leaves.

Later on, after she gave up the Elements of Harmony to the Element tree saving Equestria, Discord congratulates them and asks how they did it. They say they gave up the Elements of Harmony, Discord sees this as a chance to relapse, but Fluttershy warns him of the consequences, meaning he'll lose his friends. Discord agrees to clean up the mess, but he won't do the Windows. Applejack wonders why all this happened to begin with, and Discord mentions out loud that the planted seeds that should have sprouted long ago. Twilight uses Zecora's potion to see that Discord really did his Plunderseeds that were supposed to steal the Element Tree's power and capture the princesses, but the tree's powers were too strong.

Twilight scolds Discord again saying they could have used this information, but Discord explains it was to teach Twilight a valuable lesson about being a Princess.

## Three's A Crowd

Discord visits Ponyville claiming to be suffering from "blue flu" and asking for help from his pony friends. With Fluttershy away on a trip to observe the Breezies, it ultimately falls to Twilight Sparkle and Princess Cadance to care for him while he is supposedly ill.

Eventually, the blue flu turns out to be a deception, as Discord claims that he was worried Twilight Sparkle was not really his friend and concocted an elaborate test to determine if she would really act like a friend to him. He is overjoyed to see that she chose to help him, even though it interfered with her time with Princess Cadance. Ironically, his karma for infecting Applejack and Rarity and also faking sick is that he becomes infected with a real disease when a Tatzlwurm sneezes on him. He is placed in a quarantine bubble in Fluttershy's cottage where his Pegasus friend can care for him. During his visit, Discord reveals that he and Fluttershy have been keeping a correspondence.

## Twilight's Kingdom

Discord's redemption has a bit of a backslide in *Twilight's Kingdom* . In this two-part episode, Celestia seeks the help of Discord to fight Lord Tirek instead of Twilight, as he could sense magical imbalances. Delighted with the news, Discord arrives to gloat to the ponies. During his, Discord reminds them of how they haven't opened the Tree of Harmony's chest yet, revealing his interest in the chest's contents. Before leaving, Discord gives the Mane 6 back the journal they've been writing in, with bookmarks on specific pages. He then asks Fluttershy if they are still going to have tea later, stating that he will bring the cucumber sandwiches before opening a door to Tirek's current location. While re-reading the journal, Twilight realizes that the pages Discord bookmarked were about the times they had to represent their element in a difficult situation, changing some-ponies' life in the process, realizing that Discord was actually trying to help them, in his own way.

In the alleyway that Tirek was residing in, Discord disguises himself as a unicorn and successfully attracted Tirek. Recognizing him, Tirek commends Discord on his escape from his stone prison, only for Discord to bind him with shackles, Tirek believing that someone as powerful as Discord wouldn't want to share power. However, Discord informs him that he was actually re-imprisoning him for his friends, who required him to do so. Seeing this as his chance, Tirek manipulates Discord into thinking that his new friendship was just a new form of prison, as he had to give up his natural destructive nature in order to stay in their good graces and convinces him that, if they worked together, he would have something far more valuable that friendship; his freedom.

Thinking it over, Discord decides to join Tirek and help him steal all of the magic in Equestria. When the three princesses get word of this, the immediately summon Twilight and informed her of what Discord and Tirek have done. First, they go to a magic show where Discord teleports Tirek in front of a crowd of helpless unicorns and absorbs all their magic, next, they attack the Wonderbolts and Pegasi and steal their flight as well, and finally, they go to Appleloosa and steal the strength of the Earth Ponies and presumably go to multiple other locations and steal the magic of everypony there. With no other options, the princesses give all of their magic to Twilight, as Tirek was not aware of her existence, and Discord sensed the magical imbalance, but decided not to tell Tirek. He and Tirek effortlessly defeat the royal guards and a weakened Shinning Armor asking him why he would do something like this, only for Tirek to tell him to go have fun while he dealt with the princesses, with Discord looking on with a sadistic grin. After Tirek banishes the princesses to Tarturus, Discord changes all of the stained glass windows to images of him and Tirek causing mayhem. When Tirek sees the window displaying the Alicorn Twilight, he angrily demands why Discord didn't tell him that there was a fourth princess, only for him to state that he would after he knew he could truly trust Tirek, and now that he can, he tells him about where she lives and her friends. As a sign of gratitude, Tirek gives Discord a medallion that was given to him by "someone close to him."

After getting them to Ponyville, Discord sadistically imprisons Twilight's friends in a cage, informing them of his betrayal.

Surprisingly, Discord looks away in shame as Tirek steals their magic, although he instantly goes back to his evil behavior after he's done. Almost immediately and in a cruel sense of irony, however, Tirek uses his newfound strength, and ultimately betrays Discord by stealing his magic, stating that the medallion he gave him was given to him by his brother, who betrayed him, and that the medallion, much like his brother Scorpan, was completely worthless.

After their legendary battle, Tirek forced Twilight to choose between her friends and her magic, with her friends stating that they're not worth it, although the now remorseful Discord states that Fluttershy was worth it. After Twilight decides to exchange all her magic for all of her friends, including Discord, he gives her the medallion Tirek gave him as a symbol of their 'friendship'. The necklace turns out to be the final key that unlocks the chest which contained rainbow power. After Tirek is defeated, everyone, including Discord, gets their magic back.

By now, Discord has officially joined Twilight's group of close friends, although he didn't end up receiving a throne like all of her other friends.

Season 7 Celestial Advice

Discord receives an Equestrian Pink Heart of Courage for saving Equestria alongside Starlight Glimmer, Trixie, and Thorax. He also puts intense pressure on Twilight to come up with a plan for Starlight now that she has learned all of her friendship lessons, and discloses her decision as a "surprise" to her friends before she can figure out what to do. In the end, he is disappointed when Twilight settles on graduating Starlight, revealing his hope that she'd send Starlight to his realm as a roommate.

Discordant Harmony

Discord hosts a tea party in his home realm for Fluttershy to thank her for all the times she hosted a tea party for him at her cottage. Fearing that she will be uncomfortable there, however, he decides to change both his home and himself to be normal. Unfortunately, not only is Fluttershy disappointed in the party's lack of excitement, but Discord's new persona is so contradictory to his inherent nature that it begins to destroy him. With Fluttershy's help, Discord embraces his chaotic ways and stops fading away.

Season 8 The Break Up Break Down

Discord dismisses the notions of love and romance and only wants to play *Ogres & Oubliettes* with Spike and Big Mac. When Big Mac is heartbroken over believing Sugar Belle wants to break up with him, Discord tries to cheer him up, eventually giving him the idea of breaking up with Sugar Belle first. In the end, Discord orchestrates a situation in which Big Mac and Sugar Belle can reconcile the miscommunication between them.

A Matter of Principals

Discord suddenly appears behind Starlight and Spike to their amazement. He claims to come to temporarily run the school in the absence of Twilight until Spike points out to him that Starlight who was appointed in charge of the school. Exasperated, the Draconequus proposes modifications to the rule but Starlight declines and specifies that she does not need its help, upset Discord answers that they will do if it changes its mind before teleporting.

Later, Starlight and Spike go to the headmaster's office but discover Discord redecorate it in his chaotic manner. He again offers his ideas little orthodox for the school but Starlight still declines and pushes him to the door asking him to go home, only Discord let him know that he also hired temporary teachers for the friendship lesson. Unfortunately, the new teachers prove to be bad enough to teach the friendship that provokes agitation and disorder in the school. Starlight tells Discord that it's all his fault, but Discord reminds him that she's the one in charge, Starlight, even more, upset by the selfish behavior, asks her to leave again, Discord turns into a leaf and wants to go out by the window growling that he just wanted to help.

Of course the next day, Discord does not give up and infiltrates the Trixie magic class that Starlight has hired as a new teacher. After interrupting Trixie with a banana phone, he pulls out of the unicorn hat an Ursa Major that scares the whole class. In the field of Sport, he masquerades as the gym teacher and makes appear a bugbear that makes the students run but Starlight chases the creature before it hurts someone. An angry Starlight screams at Discord that she's tired of him and that his dangerous action stops now. Discord not impressed, refuses with provocation and Starlight gives him an ultimate warning until Spike tries to calm the situation by reminding Starlight that Discord is her friend but Starlight says he does not act as a friend. Spike asks Discord what his problem is and Discord answers that his problem is that Twilight is named an incompetent and power-hungry unicorn in charge. With this insult of too much, Starlight launches a huge wave of magic that seems to annihilated Discord to the horror of the students until Starlight reassures them explaining that she has just banished Discord from school forever.

Discord, however, is still able to come to school in spiritual form. He terraces the students during their treasure hunt with the artifacts they were supposed to look for. While the students are surrounded by the inanimate objects, Starlight arrives and Discord shows up. Starlight confronts Discord and tells him that he can not continue to cause chaos in the school but Discord replies that he can and will continue. Much to Discord's surprise, Starlight tells him she's sorry before restoring his physical form. Having finally understood why Discord did all this, Starlight apologizes for never having invited him to school before and suddenly made Discord feel excluded. Both make peace and Starlight offers him the vice head mare position which he accepts with pleasure. The Mane 6 finally come back to see their friendship quest was a trick so they take a bath.

### Best Gift Ever

In the one-hour special *My Little Pony Best Gift Ever*, Discord helps Rainbow Dash find a Hearth's Warming gift for Fluttershy. They track down and catch a rare winterchilla for Fluttershy's animal sanctuary and inadvertently unleash a winterzilla on Twilight's castle. When Fluttershy calms the beast down, Discord reveals he hatched this plot to put Fluttershy in a position to save the day as his own Hearth's Warming present to her. Afterwards, he spends Hearth's Warming with Twilight and her friends and family, receiving a gift of an elephant tea cozy from Fluttershy.

Season 9

In the modern age, Discord, wanting to ensure that Twilight and her friends would have the confidence to take up the mantle of the rulers of Equestria from Celestia and Luna, decided to create a threat that would push them into doing so. In order to do so, he used his powers to disguise himself as the mythical villain Grogar, and create a team of villains that would ultimately become their greatest challenge to overcome. No doubt there was a real Grogar many thousands of years ago, but he has been long gone after he was defeated by Gusty the Great.

The Beginning of the End

"Grogar" assembles all the unreformed villains.

In the premiere, " *The Beginning of the End* ", Discord, using his Grogar disguise, brings together Queen Chrysalis, Cozy Glow, Lord Tirek, and the resurrected King Sombra. The villains are unaware of who summoned them only for "Grogar" to reveal himself to be the one who was responsible. Tirek, Chrysalis, and Sombra are shocked to meet him, as they believed he was only a legend, though "Grogar" assures them that he is real and states that he summoned them as part of his plan to rid Equestria of the Mane Six.

Seeing that Cozy Glow doesn't know who he is, "Grogar" decides to demonstrate his power by giving Tirek a sample of magic that revives much of his strength. Tirek then tells Cozy Glow that "Grogar" is an ancient and powerful villain who once ruled the land that would become Equestria, claiming that he had heard stories of his tyranny when he was younger. King Sombra also mentions that he has heard of the "Father of Monsters". "Grogar" then tells the villains of how he created terrible creatures that roamed under his rule, before Chrysalis remarks how he was banished by Gusty the Great, although "Grogar" claims that he was only temporarily weakened when she took his bell; however, Cozy Glow points out that, since he has been weakened before even Tirek was born, he has a different idea of what "temporarily" means, much to his annoyance. In reality though, Gusty the Great really did banish the real "Grogar" into limbo, from which there is no return.

"Grogar" proceeds to tell the group that he has watched them and their failures to take over Equestria, and asks them why they have always been defeated by the same six ponies each time, Chrysalis claiming that it is because they "cheat", Tirek claiming that it is because they are "annoyingly lucky" but Cozy Glow just says that "she's just a kid". "Grogar" rebuffs their answers and claims it is because they work together as a team, demanding that the villains join forces with him to take over Equestria. Sombra, however, refuses to serve "Grogar" and arrogantly proclaims that he will take over the Crystal Empire by himself, causing "Grogar" to send him off to the Empire on the conditions that, if he fails, he will serve him or be destroyed again. After this, "Grogar" tells the others to prepare to work together and leaves. Cozy Glow immediately compares working together to making friends, telling Tirek and Chrysalis that they are in luck since she knows "all about that", though the former only flicks her away in annoyance.

Once out of his lair, Discord drops his guise and immediately rushes off to warn Twilight and her friends of the impending disaster.

"Grogar" intimidates the other villains into joining him.

Meanwhile, Cozy Glow tries to get Tirek and Chrysalis to work together by having them each say nice things to each other, though this falls apart Chrysalis refuses to say anything nice about ponies.

Back at the Crystal Empire, Discord initially helps Twilight fight King Sombra. Then he takes on a full-blast of Sombra's magic and pretends to be severely injured. As Sombra descends his throne to finish off Twilight and her friends for good, Discord motivates the Mane Six with a truly heartwarming and inspirational speech. With their hope restored, the Mane Six fight back and manage to destroy King Sombra for good.

Once the danger was over, Discord reveals that he was fine all along, and had only pretended to be hurt in order to give Twilight the boost of confidence that she was finally ready to be the sole ruler of Equestria.

Taking on Grogar's appearance once again, Discord then goes back to the lair and approaches the three villains. He states that he hopes the three of them will be enough to help his plans along, causing Tirek and Chrysalis to ask about Sombra. "Grogar" shows them that Sombra had failed in his plans to conquer Equestria and had again been defeated by the Mane Six, remarking that he will at least serve as an example to them as what will happen if they don't submit to his plans. Having seen this, Tirek, Chrysalis, and Cozy Glow unanimously agree to serve "Grogar", though are seemingly left nervous by the thought.

Frenemies

"Grogar"'s eyes glowing yellow in "Frenemies"

In " *Frenemies* ", as "Grogar" is working, Cozy Glow approaches him and tattles on Tirek for leaving food out, Tirek quickly approaching "Grogar" and telling him not to trust anything she says afterward; though "Grogar" is quick to point out that he already doesn't trust anything that they say. Chrysalis approaches "Grogar" and impatiently asks when they are going to attack. "Grogar" informs the villains that he is leaving and demands that they all stop fighting and find a way to work together so that they can accomplish their goals. However, Chrysalis, Tirek and Cozy Glow argue about what the best way to be a villain is. "Grogar" returns to see this, and, upset to see they have not yet resolved their differences, decides to send them off on a mission to retrieve his Bewitching Bell from Mt. Everhoof so that they can learn to work together. The villains fight over who should lead the mission based on their previous feats, only for "Grogar" to angrily overpower and remind them that they all failed before and cannot work alone. He reveals about how Gusty the Great stole his bell (since she could not take on the real Grogar face-to-face) and hid it on top of the mountain that is impossible to get to.

"Grogar" shooting his magic angrily.

After that, the three villains work together to retrieve the bell, they decide to betray him together. Returning to "Grogar", the three trick him into thinking that they couldn't get it. "Grogar" is angry, but nonetheless is glad that the three worked together. Unknown to him, Chrysalis, Tirek, and Cozy Glow, in reality, have kept the bell for themselves.

## The Summer Sun Setback

Discord appears in " *The Summer Sun Setback* ", once again in the form of Grogar. "Grogar" is about to leave until Cozy Glow asks where he is going and he reveals that since his minions "failed" to recover the Bewitching Bell for him, they will need another source of power to defeat Twilight and her friends before taking his leave. While he was gone, Chrysalis, Tirek and Cozy Glow go to the Canterlot Archives to steal information on how to use the bell themselves. They sabotage the holiday of the Summer Sun Celebration while finding a book all about how to use the real Grogar's bell and manage to return to his lair. While that is going on, Discord attends the Summer Sun Celebration, and helps Twilight and her friends fix the issue caused by Tirek, Cozy, and Chrysalis. Discord witnesses Twilight delivering her speech, saying to himself that she may indeed be ready for whatever comes next as the next ruler of Equestria. Later, Discord poses as Grogar again and returns to the lair, telling his cohorts that he has found success where they all find "failure". He reveals that he located what he wanted and will retrieve it the next day before they begin his 'plan' to take over Equestria.

## The Big Mac Question

Discord helps Big Mac's plans to propose Sugar Belle

## The Ending of the End

In the first part of " *The Ending of the End* " the villains successfully betray "Grogar", using the bell to gain new forms and drain him of his power. In doing so, they discover that "Grogar" was actually Discord in disguise. After being left exposed and powerless, Discord was forced to flee from the lair. He tells the princess about the attack and gets captured by the evil three. He helps Pinkie Pie, Rarity, Fluttershy, Rainbow Dash, Applejack and Spike escape and finally gets reformed by helping the princess turn Tirek, Chrysalis and Cozy Glow into stone.

The Last Problem

Discord makes some cameos in the finale of the show.

---

Me: Discord your fun is over!

Nico: We played all your devilish games and you are done!

Eli: And we cured all Twilight and Friends.

Evil Discord: Impressive, Team Loud Phoenix Storm. But answer this: What IS illusion? And what IS reality?

Evil Discord snapped his fingers and we were surrounded by mirrors.

Nico: Hmm.

Nico touched one of his reflections and it leaped out and punched him. But Nico grabbed his fist and destroyed it.

Evil Discord: Game's over Team Loud Phoenix Storm.

Me: This game is just beginning.

I snapped my fingers and reverted everything back to normal and then my sword glowed with incredible rainbow brightness.

Me: As the God of Friendship, you are hereby sentenced to eternal servitude in our frenemies of The Masters of Evil and until you learn how to behave you are to be locked in stone until Vypra says so!

Me and the Ponies fired a massive rainbow magic blast and it hit Evil Discord and locked him in stone as a statue!

---

We then got the Saint Patrick's Day Party underway.

Poromon, Poliwag, Manaphy, Horsea, Jirachi, Tentacool, Ninetales, Eevee and Kingdra: HAPPY ST. PATRICK'S DAY, EVERYBODY!

Natilee: (Celtic Accent) And a good Happy Saint Patrick's Day to you too laddies.

Nico: This is gonna be awesome.

Me: It sure is.

Nico: This is going to be one awesome St. Patrick's Day celebration today, and we also got an awesome party for this day, along with an awesome dinner, and so much more.

Lincoln: And I've got just the outfit for this one.

Lincoln was suddenly surrounded by a massive vortex of green energy with shamrocks and symbols of St. Patrick's Day surrounding it. When it faded, we saw that Lincoln's long neck-length white hair remained the same, but the rainbow colored lightning bolts on the bangs turned emerald green, his large orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts, and large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, and eight large orange orbs orbiting around his legs, and the eight golden crosses with angelic runes circling around his feet on the floor remained the same, along with his jewelry. His large long-sleeved deep sapphire blue pants turned emerald green, his large white leather ankle-high combat boots turned black, and his massive deep sapphire blue angel wings with stars turned emerald green, and his deep sapphire blue eyes turned deep emerald green.

We were amazed at Lincoln's St. Patrick's Day outfit.

Me: Whoa, awesome St. Patrick's Day-themed outfit, Lincoln.

Nico: Yeah, that's so awesome.

Lincoln: Thanks, guys.

Suddenly, we saw the girls in Lincoln's harem come out, and they were dressed in St. Patrick's Day-themed outfits, and the same went with the girls in my harem and Nico's harem.

Lincoln: Wow, girls, you look amazing.

Twilight Sparkle: Thanks, Lincoln. Rarity and Leni made these outfits for us for St. Patrick's Day.

Mollie (Loud House): We also found some emeralds for the outfits, as well.

Nico: Whoa, awesome.

We were about to do traditional Irish dances, and of course, also the couples are also dancing together.

Lincoln: May I have this dance, my dears?

Twilight Sparkle: Such a gentlemen.

Lincoln made clones of himself, and he and the clones danced with the girls in his harem, and I did the same with the girls in my harem, and Nico did the same with May and the girls in his harem. It was so awesome. Plus, we've also kept Sancho and the Party Birds out of the Estate and out of the party, and they were really peeved big time that we kicked them out.

Then, Lincoln was about to sing Scarborough Fair, as we saw the background change to the green lush land of Ireland, and right behind him was the 15th century castle, Blarney Castle.

Lincoln: (Singing Divinely) Are you going to Scarborough Fair?

Parsley, sage, rosemary, and thyme

Remember me to one who lives there

She once was a true love of mine

Tell her to make me a cambric shirt (in the deep forest green)

Parsley, sage, rosemary, and thyme

(Tracing of sparrow on snow-crested ground)

Without no seams nor needle work

(Bedclothes the child of the mountain)

Then she'll be a true love of mine

(Sleeps unaware of the clarion call)

Tell her to find me an acre of land

(A sprinkling of leaves)

Parsley, sage, rosemary and thyme

(Washes the grave with silvery tears)

Between the salt water and the sea strands

(And polishes a gun)

Then she'll be a true love of mine

Tell her to reap it with a sickle of leather

(Blazing in scarlet battalions)

Parsley, sage, rosemary, and thyme

(Generals order their soldiers to kill)

And gather it all in a bunch of heather

(A cause they've long ago forgotten)

Then she'll be a true love of mine

Are you going to Scarborough Fair?

Parsley, sage, rosemary, and thyme

Remember me to one who lives there

She once was a true love of mine

When Lincoln was done, we all cheered wildly, and the girls in Lincoln's harem had tears in their eyes and smiles on their faces, and then, Lincoln went to each of them, and he hugged and kissed them on their lips and they also returned the kiss and hug.

Nico: Lincoln, that was so awesome!

Me: Plus, the castle we saw in the background was the 15th century castle, Blarney Castle. One of the famous ancient castles in Ireland, and home to the legendary Blarney Stone.

Laney: A perfect start to St. Patrick's Day, awesome.

Maria: Nico, which Gene Slammer do you think you'll meet next on your next rescue?

Nico: I'm hoping to meet an interesting one. I'm hoping to meet a gene-slammer that is like Ultimate Aggregor.

We gasped!

Me: WHOA! A Gene-Slammer that is a fusion of all 5 of the Andromeda 5 when they were merged with Aggregor!?

Eli: That would be amazing to see!

Nico: It sure would.

Laney: Wow! A fusion of an Orishan, Geochelone Aerio, Prypiatosian-B, Talpaedon and an Amperi. That would be one interesting fusion.

Me: So it will be 1 teammate for each of the 5 Elemental Forces:

Earth, Fire, Wind, Water and Lightning.

Nico: Yep.

Laney: Wow!

Nico: Let's get everything ready.

Me: Yes sir!

We got everything ready and hooked up all kinds of green decorations and more.

Nico: The only person banned from drinking today is J.D.

Me: And I swore I would NEVER touch another drop of alcohol ever again.

Nico: Good.

Vypra and all the Masters of Evil came.

Vypra: Happy Saint Patrick's Day everyone.

Me: Same to you guys.

Dark Spicer: I'm ready to get down and party like the Irish.

Laney: Me too!

Pinkie: Let's party!

We got to partying!

Natliee was singing Scarborough Fair.

Natilee: (Singing Divinely)

Are you going to Scarborough Fair?

Parsley, sage, rosemary and thyme

Remember me to one who lives there

He once was a true love of mine

Tell him to make me a cambric shirt

Parsley, sage, rosemary and thyme

Without no seams nor needle work

Then he'll be a true love of mine

Have him wash it in yonder dry well

Parsley, sage, rosemary and thyme

Where ne'er a drop of water e'er fell

And then he'll be a true love of mine

Tell him to find me an acre of land

Parsley, sage, rosemary and thyme

Between salt water and the sea strands

Then he'll be a true love of mine

Tell him to reap it with a sickle of leather

Parsley, sage, rosemary and thyme

And gather it all in a bunch of heather

Then he'll be a true love of mine

Are you going to Scarborough Fair?

Parsley, sage, rosemary and thyme

Remember me to one who lives there

He once was a true love of mine

We saw the room turn into an Irish Landscape and it was beautiful.

Next Natilee was playing Cry of The Celts and it was a Riverdance song and Laney, May and Dark Spicer were dancing gracefully to it and we were having a great time with that one.

Nico: Guys, I've got a good strategy for each day of the Ridonculous Race.

Me: Lets here it man.

Eli: I have a feeling this will be fun.

Natilee was then singing Croi Croga by Clannad.

Natilee: (Singing in Irish Gaelic)

Fiona Hernandez: Wow! That was amazing!

Twilight and Nate

Tecna and Maggie Peyton

Piper and Mikey Kudo

Me: Those are brilliant! We'll have to figure out what we're going to do in each of the challenges there in the entire competition. This will be fun though.

Rainbow Dash: It sure will be awesome though.

Nico: Do we even know where we're going though?

Me: Don said it's a surprise the whole way. But it will be awesome though.

Eli: I'm looking forward to it though.

Laney: Same with me.

Poromon: (to Poliwag quietly) Got the beer?

Poliwag: (Nods)

He pulls out a bunch of bottles.

Natilee was then singing Caislean Oir by Clannad.

Natilee: (Singing in Irish Gaelic)

Nicole Knudson: Wow! That is amazing.

Nico: (smells something) J.D., is that you?

Me: Huh? No I didn't let one rip.

Nico: No not that. I smell alcohol.

Me and Nico gasp.

Me and Nico: Oh sweet Irish Gold!

In came Poromon, Manaphy, Horsea and Poliwag DRUNK AS LOONS!

Natilee then was singing Drunken Sailor by the Irish Rovers.

Natilee: (Singing Divinely)

What will we do with a drunken sailor?

What will we do with a drunken sailor?

What will we do with a drunken sailor?

Nico: That song fits perfectly for the mascots drunk.

Me: Thank God they didn't get drunk like how Mabusheena did in Kiramagers.

Eli: Oh God that was so funny!

Varie: I've never seen anyone act that crazy in that show!

Maria: (sighs) At least they didn't offer the beer to any younger kids.

Nico: Yeah that's true.

Eli: Yep.

May: Manaphy, are you okay?

Manaphy: (Slurred Speech) I'm just fine mama. (HIC)

Nico: Oh boy.

Fiona Hernandez: May I do a song Natilee?

Natilee: Sure Fiona.

She chose Téir abhaile riú by Celtic Woman.

The song played.

Fiona Hernandez: (Singing Divinely)

Look how the light of the town

The lights of the town are shining now

Tonight I'll be dancing around

I'm off on the road to Galway now

Look how she's off on the town

She's off on a search for sailors though

There's fine fellas here to be found

She's never been one to stay at home

Home you'll go and it's there you'll stay

And you've work to do in the morning

Give up your dream of going away

Forget your sailors in Galway

Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhail gus fan sa bhaile

Mar tá do mhargadh déanta

Come now and follow me down

Down to the lights of Galway where

There's fine sailors walking the town

And waiting to meet the ladies there

Watch now he'll soon be along

He's finer than any sailor so

Come on now pick up your spoons

He's waiting to hear you play them WHOOO!

Here today and she's gone tomorrow

And next she's going to Galway

Jiggin' around and off to town

And won't be back until morning

Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhail gus fan sa bhaile

Mar tá do mhargadh déanta

Off with a spring in my step

The sailors are searching Galway for

A young lady such as myself

For reels and jigs and maybe more

Stay here and never you mind

The lights of the town are blinding you

The sailors they come and they go

But listen to what's reminding you

Handsome men surrounding you

Dancing a reel around you

Home you'll go and it's there you'll stay

And you've work to do in the morning

Give up your dream of going away

Forget your sailors in Galway

Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhail gus fan sa bhaile

Mar tá do mhargadh déanta

Listen to the music flow

I'm falling for the flow of home

I'm home to dance till dawning

Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhail gus fan sa bhaile

Mar tá do mhargadh déanta

Stay a while and we'll dance together now

As the light is falling

We'll reel away till the break of day

And dance together till morning

Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhail gus fan sa bhaile

Mar tá do mhargadh déanta

Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhail gus fan sa bhaile

Mar tá do mhargadh déanta

Do Mhargadh de - do mhargadh déanta

Eli and Nunnally danced and Laney and Joey were dancing too.

Sakura Avalon: I sure have and it's really amazing.

Madison Taylor: It sure is delicious.

Me: It sure is.

Horsea: What can I eat?

Maria: Want some shellfish?

Horsea: Sure.

Maria gave Horsea oysters on the half shell and she loved them.

Manaphy: Same some for me!

Horsea did so.

Robyn (Wolfwalkers): (Irish Accent) It's all really amazing.

Me: It sure is Robyn.

Marie Hernandez: I think it all is amazing.

Nico: It sure is.

Nico: You're still free to get some, Poromon.

Poromon: Thanks Nico.

He took 3 oysters.

Bart: At least this wasn't like what happened with Martin's party where he had oysters instead of cake. (Season 8 Episode 19)

Me: Boy I remember that one. That was crazy. Martin I'm sorry your birthday went south back then.

Martin Prince: Oh it's all right J.D. But it was still a fun birthday back

then.

Eli: We're just sorry everyone got sick from eating oysters like that.

Nico: Yeah that was crazy.

Laney: Yeah. Lisa did you eat the oysters?

Lisa Simpson: No I'm a vegetarian and I just wanted to leave.

Laney: Oh.

William: This holiday is the perfect break from battles for us.

Nico: You said it William. But it's not over yet. We have a rest in the Bahamas before we go to the U.A. Marvel universe on the 19th.

Me: The calm before the storm.

Sydney: I hope Tony and everyone are all right.

Me: (Puts hand on her shoulder) They'll be fine Sydney. We'll help Tony come to his senses and repeal the SRA. Until then all we can do is wait.

Nico: Yep.

Me: Yeah. (To the viewers) Happy Saint Patrick's Day to you all and I hope you have a wonderful time. (Irish Accent) And may the luck of the Irish be with you all.

I pulled out a set of bagpipes and played an Irish ballad as the camera irised in with a 4 leaf clover with HAPPY SAINT PATRICK'S DAY around it.

THE END

---

Another awesome fanfic done.

HAPPY SAINT PATRICK'S DAY TO YOU ALL! I hope you have a lot of fun today and enjoy the Irish fun. The first part was for the

Bionicle city of Le Metru and it was awesome. The second part was for the Earthworm 2 level Lorenzen's Soil and we went after Pedro Pupa and it was awesome. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Nico's next rescue is gonna be on the Island of Mata Nui and Nico, Aang, Katara, Toph, Zuko and Azula, me Eli, Laney, Varie and Lola are going to face the rest of the Bohrok and also meet a fusion Gene-Slammer of an Orishan, Geochelone Aerio, Prypiatosian-B, Talpaedon and Amperi named Gaia Smythe and it's gonna be an interesting one. Also she is from Nico's geography class. Lincoln's next rescue is gonna be in the world of Earthworm Jim again and we're going to face Big Bruty and also recruit him for the M.O.E. and we're going to also meet a Mecha Phantom Beast Concoruda gene-slammer named Cora Hollinshead and she is gifted at the Arcade and is one of Lincoln's awesome Guardian Angels. Also she has another horrible and nasty revelation but this time it's about Dimmsdale's local bully Francis. The next chapter is gonna be for a vacation to the Bahamas for some R&R before we go to the world of U.A. Marvel to help the U.A. Marvel Heroes take down the Fold and SHIELD that is corrupted by the Fold.

See you all tomorrow.

# Bahamas Rest Before the Storm

## THE CALM BEFORE THE STORM

---

On the Island of Mata Nui was Nico, Aang, Katara, Toph, Zuko and Azula, me, Eli, Laney, Varie and Lola and we were there for another awesome and amazing rescue.

Eli: Wow! This is amazing to see the island of Mata Nui.

Me: It sure is.

Nico: Thanks for coming with me, Aang.

Aang: No problem Nico. I can see why you had all of Team Avatar come with.

Laney: Because we're trying to find a Gene-Slammer composed of 5 Aliens from the Andromeda Galaxy.

Me: Yeah that is amazing. The Andromeda 5 all wrapped into one.

Lola: It sure is cool.

Laney: I think so too.

Katara: It sure will be interesting to see.

Me: It sure will.

Nico: Aang, Ozai might be an evil son of a bitch. But he was right about one thing. Enemies of the 4 Nations are still out there.

Me: He's right about that. We may have dealt with Hama, Unaloq, Amon and Vaatu but there are still many enemies for us to deal with. Many of them are still out there that will throw the world into turmoil if we don't stop them.

Eli: Maybe we can have the Masters of Evil take them down and throw them in prison or kill them.

Zuko: That's not a bad idea.

Toph: It'll give them awesome bounty hunting jobs.

Me: Yes it sure will.

Nico: That's true.

Me: Yep. But there's one dangerous enemy out there still and that's the New Ozai Society.

Eli: Who are they?

Me: A terroristic insurrection faction that wants to overthrow Zuko and reinstate Ozai.

Nico: No way in hell will we let that happen.

Toph: They are bad news.

Eli: I'll have to have Catherine keep her eyes out for them.

Nico: We'll have to ask Korra about the others enmies she's fought.

Laney: I agree. There are many more enemies still out there.

Me: Yep. But Korra told me one enemy and it was called the Order of The Red Lotus. But she brought them down.

Nico: Great. But just in case I'll have to have the Spirit World Special Defense Force bring them down.

Eli: Good.

Nico: Also, today is the second of our break from usual battles.

Me: It sure is. But we get back to work on them later tomorrow. The Fold will be all over us when we take them on.

Laney: This is gonna be brutal.

Eli: It sure will be scary though.

Me: No kidding there. U.A. Tony and Captain America have been through hell and like what happened in 2016's Captain America Civil War it'll be between the Pro SRA and Anti-SRA.

Azula: That is still horrible that all of that is happening in that universe even as we speak.

Laney: You're not kidding there Azula.

Eli: It's a nightmare.

Aang: No one, villain or hero, deserves to be controlled by the Fold.

Nico: I agree Aang. What the Fold are doing is not world peace at all. It's a world without free will.

Me: That's right! And those nanites will rue the day they took over.

Laney: You got that right.

Suddenly we heard something and then we saw flames and coming at us was the Fire Bohrok, TAHNOK!

Nico: The Fire Bohrok - Tahnok!

Aang: I know the rest of your buddies are here.

Then Lehvak, Gahlok, Pahrok, Kohrak and Nuhvok appeared too.

Me: Lets get them!

?: Let me help!

A strange figure appeared and it was The Fusion Alien Gene-Slammer! She was 1/5 of each of the Andromeda 5!

Nico: WHOA!

Fusion: Been a long time Nico.

Nico: Gaia Smythe? Wow you look awesome as a fusion.

Fusion: Yep.

She reverted back and she was a girl with neon blue hair and had different colored clothes and her skirt had the kanji for the elements of Wind, Water, Earth, Fire and Lightning on it.

Gaia Smythe: I got these clods.

Gaia fired a powerful blast of lightning, fire, wind, water and earth and smashed ALL OF THE BOHROK to pieces and destroyed them all. Except for 6 single Bohrok of each breed.

Nico: Lets capture those 6 and have the Masters of Evil handle them.

Me: Good idea.

I captured them in energy ropes and had them beamed to the M.O.E.

Nico: I never thought there'd a fusion alien Gene Slammer that's not Osmosian.

Me: No kidding. That is amazing.

Laney: But those Team Rocket Scientists really crossed the line big time with this one.

Eli: Boy they sure have. I wonder what it would be like to see a gene-slammer that is a fusion of over 10,000 Aliens.

Me: WHOA! That would be a huge crime against nature on that one.

Nico: No kidding.

Gaia Smythe: It sure would be scary to see. But yeah.

Azula: Indeed it would be scary.

Zuko: I think so too.

Me: I can see that now.

Nico: We sure did and that was amazing. We both got an A+ on it.

Me: Awesome!

Eli: That is amazing.

Laney: Boy it sure is.

Nico and Gaia hugged.

Nico: I really missed you.

Gaia Smythe: Me too Nico. Me too.

Me: This was an awesome rescue though.

Laney: Yeah it sure was.

We later went back home.

Nico: He may be blind, but he also has a strong sense of smell, so he can easily sniff someone out easily.

Lincoln: That's true, but I have an idea on how I can also destroy his sense of smell.

Lincoln: Yep, and I also added in Lynn's old, ratty, and smelly socks for this one.

Nico: P.U!

Lincoln: It was really gross. And thanks for joining us on our rescue, Aerrow.

Aerrow: You're welcome, Lincoln. This is going to be one awesome rescue.

?: HELP!

Suddenly, Lincoln heard the sound of eleven girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. Lincoln: That voice, I knew it was you, Cora Hollingshead, but we'll have to talk later. We've got to stop Big Bruty.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits Big Bruty, and that allowed the eleven girls to get to safety. When Big Bruty smelled us, he was enraged.

Lincoln: Alright, you overgrown blind dinosaur, your days of terrorizing the inhabitants are all over. We're taking you down once and for all!

Then, Lincoln made clones of himself, and he and the clones went up to the girls and they kissed and they returned it.

Lincoln: That's another potential member brought into The Masters of Evil. (To Cora Hollingshead) And it's so good to see you again, Cora.

Cora Hollinshead: You too, Lincoln, it's been a long time.

Lincoln and Cora Hollinshead went up to each other and they hugged, and Cora Hollinshead was also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were twelve, and as you can see, I really grew a lot since then.

Cora Hollinshead: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'5" tall and very handsome and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's awesome.

Me: Whoa, Lincoln, you know her?

Lincoln: Indeed I do, J.D., this is Cora Hollinshead, she's a local girl of Michigan and another of my Guardian Angels, she's an airplane pilot in training but she's also able to fly on her own, and Nicole, you're going to like her: Cora's gifted at the Arcade, and she's known as the Queen of The Arcade.

Nicole Knudson: Whoa, I like her already.

Cora Hollinshead: Thank you, Nicole, and I've got a horrible and nasty revelation about Dimmsdale's local bully, Francis.

Lincoln: Uh oh, Timmy and his friends aren't going to like this one bit, they've already heard about the revelation of Denzel Crocker from Jacqueline yesterday. We'll hear about it later, right now, let's get you back to normal, Cora. Boys, you know the drill, and Nicole, you know what to do?

Me, Nico, Eli, and the rest of the boys cover our eyes as Lincoln snapped his fingers, and Cora Hollinshead was reverting back to normal. Cora Hollinshead is a beautiful 17-year-old girl with long crimson red hair tied up in a ponytail, crimson red eyes, fair skin, she's 6'5" in height, she had the body of a goddess, and she has massive crimson red angel wings, as she reigned in the power of The Mecha Phantom Beast Concoruda, and she's in her birthday suit.

Lincoln: How do you feel, Cora?

Cora Hollinshead: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Cora Hollinshead her new wardrobe, a short-sleeved crimson red top, short-sleeved crimson red blouse, crimson red skirt, yellow pants, crimson red sneakers, and a long crimson red sleeveless trenchcoat with wind gusts and planes on the coattails and on the back is The Mecha Phantom Beast Concoruda, and on her back is a large Mecha Phantom Beast Concoruda-themed sword with a 6'5" massive, wide, double-edged, man-sized crimson red blade with The Mecha Phantom Beast Concoruda etched on it, large crimson red angel wings for the crossguard, large crimson red gem embedded in the rainguard, longer black grip, and a large crimson red gem surrounded by angel wings for the pommel.

Cora Hollinshead: Wow, I love the new outfit you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Cora Hollinshead's neck with crimson red gems on the gold lightning bolts and dark crimson red crystal links from her new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Cora Hollinshead: Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Cora.

Cora Hollinshead had a smile on her face and tears coming from her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the eleven girls here, and when Lincoln saw them, they immediately recognized them. The eleven girls are Mako and Ruha from Alice or Alice, Angelica Burns from Coyote Ragtime Show, Curly and Reina from Grimms Notes the Animation, Mummyla from Hells, Oono Akira from High Score Girl, Shiranui Hansode from Medaka Box, Yuzurizaki Nero from Futari wa Milky Holmes, Akagi and Yamato from Kantai Collection.

Lincoln: Oh wow, it's Mako, Ruha, Angelica Burns, Curly, Reina, Mummyla, Oono Akira, Shiranui Hansode, Yuzurizaki Nero, Akagi, and Yamato.

Nicole Knudson: From Alice or Alice, Coyote Ragtime Show, Grimms Notes the Animation, Hells, High Score Girl, Medaka Box, Futari wa Milky Holmes, and Kantai Collection, awesome.

Lincoln: Are you girls okay?

Mako: Yes, we're okay, thanks to you.

Then, when Mako and the other ten girls saw who it was that saved them from Big Bruty, their faces turned atomic red upon seeing the 17-year-old 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large gold buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Mako: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Mako: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eleven Thunderbird Necklaces of Eternal Love appeared on the necks of Mako, Ruha, Angelica Burns, Curly, Reina, Mummyla, Oono Akira, Shiranui Hansode, Yuzurizaki Nero, Akagi, and Yamato with with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We return to the World Tree Estate, and we told everyone what happened, and and they were shocked when they found out the villain we went after was Big Bruty.

But, when Lincoln showed what we did to Big Bruty, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Cora Hollinshead now have a lot of catching up to do, now that she's back home, and Big Bruty is now a member of The Masters of Evil.

---

After putting a stop to Big Bruty, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Cora Hollinshead saw Lincoln working out like crazy, she had an atomic red blush on her face.

Cora Hollinshead: Whoa, I was right that Lincoln has really grown to be a 17-year-old 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Cora, and now, I can also defend myself.

Cora Hollinshead: That's incredible.

Nico: It sure is, Cora. So, what's the story behind Dimmsdale's local bully, Francis?

Cora Hollinshead: None of you are going to like this one bit. I was asked by the FBI to go undercover and find out what Francis was up to in Dimmsdale, knowing his reputation as a heartless bully who's picked on and pummeled the elementary kids, I couldn't refuse the task. I then went undercover in Dimmsdale Elementary, and I found out that in addition to robbing kids blind of their lunch money and beating them up, I found out that he was planning to spring his dad out of jail and destroy all of Dimmsdale and leave it all in flames. I couldn't let that happen, so I sent the information to the FBI, and they came down to Dimmsdale Elementary to arrest him, and they also had to keep Crocker from interfering. But before Francis could be arrested, he ran for his life and he swore that he'd get his revenge one day and kill the one who called the FBI on him.

We gasped in shock and horror.

Me: Whoa.

Nico: Sheesh, now we really know that Francis is trouble with a capital "T", and he's got a nasty and horrible criminal history.

Lincoln: Now, I'm really glad we got him sent to prison for life.

Eli: And I just sent what we were told by Cora Hollinshead to the warden, and Francis got additional Life Sentences added to his original sentence. He's never leaving out of prison alive, he's leaving in a pine box.

Timmy Turner: Awesome work, Eli.

Wanda: Yikes, Francis is even worse than ever. To think he was planning to bust his dad out of prison and then, burn all of Dimmsdale to the ground, and kill everyone there, this is really dark.

Lori: It literally is, Wanda. Now, we're really glad we threw his butt in prison years ago.

Luan: But, if he dares to bust out, we'll give a brutal pummeling, and then, Lincoln will have him put in a rainbow energy straitjacket with rainbow energy chains, and tossed into his new cell in Solitary Confinement, and chained to the wall of his cell in rainbow energy chains and Neutronium Chains.

Me: That's right, Luan.

Lincoln: You got that right. Oh, now it's time to get ready for our day at the Bahamas.

Cora Hollinshead: That's a good idea, and from what you guys told me, we're going to get some rest and relaxation before we got to the world of U.A. Marvel to help the U.A. Marvel Heroes take down the Fold and SHIELD that's corrupted by the Fold.

Lincoln: That's right, Cora.

We then got a shower afterwards, and then, after Tahu's Ambassador mission today, we're getting ready for our vacation to the Bahamas for rest and relaxation.

---

Later it was time for Tahu's 3rd Ambassador Mission.

Me: I hope we get to kick some butt when we face one of Tyson's villains.

Tahu: Me too.

Nico: Yeah same here.

Me: I hope we face the Dark Bladers. That would be awesome to face them after all this time.

P'andor then appeared.

P'andor: (Russian Accent) Can I come with you, Tahu?

Tahu: You sure can Tahu.

Me: But just to be on the safe side, you better get into your armor. Tyson and friends don't have immunity to radiation like we all do.

P'andor: Good idea.

He went into his armor and we were gonna let him out when we were done.

Nico: Smart thinking.

Me: Yep.

Nico: Lets head out.

We were off to Japan.

We arrived and we saw Tyson and friends.

Me: Hey guys!

Tyson: Hey J.D.

We fistbumped.

Me: You guys are doing awesome.

Tahu: Guys, meet my archenemy.

P'andor: Pleasure to meet you all. My name is P'andor.

Me: P'andor is what's called a Prypiatosian-B and they come from the planet Prypiatos in the Andromeda Galaxy.

Hilary: Wow! And isn't Prypiat a city in the Ukraine?

Me: That's right. It's one of the abandoned cities because of Chernobyl back in 1986.

Nico: That was scary.

Me: Yep. We would let P'andor out of his armor but we can't because he's intensely radioactive. He's an energy lifeform made of intense gamma radiation.

Tyson: That makes sense.

Hilary: Doesn't that suit make you slow?

P'andor: What I lack in speed I make up for in strength.

Me: It's a really impressive suit too.

Tyson: I can tell. Wow.

Kenny: We heard you were feeling down in the dumps after what happened with the 2012 Shredder. Are you all right J.D.?

Me: Yeah I'm much better now. I had to learn a really huge lesson about vengeance though.

Nico: Yep.

Tahu: What's been going on after our last visit?

Tyson: Well the Dark Bladers are back for revenge and they had 4 more of those things with them.

Me: The Dark Bladers!? Oh man! Looks like my prediction on who I will be facing was correct.

Nico: Who are the Dark Bladers?

Me: 4 Undead Beybladers that are driving by powerlust and vengeance.

I went over their history.

* * *

The Bladebreakers first meet Cenotaph in England where he steals Tyson's Beyblade and attempts to force Dragoon out of it. Max and

Ray go to help but are helpless against Sarcophalon. Cenotaph was close to succeeding until Kai joined the fray. He traps Sarcophalon in his own bandages and ultimately freed the Bladebreakers' Beyblades. Cenotaph tells the team that it isn't over and phases out.

Kenny begins to have nightmares about Cenotaph and Sarcophalon, worried about meeting more people like him. A cloaked figure stands outside their hotel, looking up at Kenny's room and speaking ominously. The Bladebreakers leave London, headed for Paris, on a train that runs through the English Channel. However, a train employee mentions that the train was supposed to be sent for repairs and realizes something isn't right (The train wasn't scheduled to leave yet or from that platform in the Dub). It turns out that Cenotaph has taken control of the train. After the Bladebreakers find out they're alone on the train, it suddenly brakes before reaching its destination. Tyson, Max, Ray, and Kai step get out to investigate, where they come face to face with Sanguinex, Lupinex, and Zomb. Kenny decides to stay near the train door but also notices the sudden appearance of the three monsters. Before he can gather any data on them, he gets cornered by Cenotaph. Meanwhile, the Dark Bladers introduce themselves and Sanguinex challenges Kai. He refuses twice, even after Cenotaph uses Kenny to force his hand so Tyson takes his place. The battle begins and Tyson quickly goes on the attack. Lupinex, noticing his brother struggling, launches his Beyblade and with both of them attacking, they start to overpower Tyson. Max decides to even things out but when the evil Bit-Beasts are unleashed, Kenny notices that they are absorbing Dragoon and Draciel's power. He shouts out that they must have a weakness. Tyson remembers the movie they watched on the train and that Dracula's weakness is across. He and Max create a cross using their Beyblades, blinding Draculor who self-destructs. Max knows that silver will be able to defeat Lycanlor but he doesn't have anything so Ray inserts the silver coin he found on the train into Driger, launches it and attack Lycanlor. Zomb and Cenotaph pull out their Beyblades but before they can do anything, a rescue vehicle arrives. Without any choice, the Dark Bladers leave but not without forgetting to tell Bladebreakers that they haven't given up.

In Paris, Kenny has a nightmare about being attacked by the Dark Bladers atop the Eiffel Tower while the Dark Bladers are seen standing on the Eiffel Tower and discussing their plans. While Kenny and Tyson are observing the sights of Paris on the Eiffel Tower's observation deck, they see Zomb clinging to the window outside. Max and Ray hear their screams and races to the elevator. Zomb disappears but reappears inside, with the rest of the Dark Bladers in tow who are in launching positions. Max and Ray meet up with Tyson and Kenny, also ready to battle, but they're outnumbered without Kai. Before the battle, Sanguinex explains the reason for their actions.

A few months prior, the Dark Bladers were still human and had competed in the European Cup. However, each lost to a Bit-Beast wielding Blader. They blamed Bit-Beasts for their humiliating defeats in the Tournament. After their loss, they gathered together on a hill expressed their anger and frustration at how powerless they were without Bit-Beasts of their own. The Dark Bladers shout towards the sky, asking for the power to defeat the Beasts they despise. A transcendent being hears their pleas and decides to grant them their wish, provided the Dark Bladers give it their souls in exchange. They oblige and after being struck by lightning, they all become a different type of monster. Not only that, they develop supernatural powers and their Beyblades were infused with the powers of evil Bit-Beasts.

The Bladebreakers eventually find out that: Sanguinex had faced off against Robert Jürgens; Lupinex had faced off against Johnny McGregor; Cenotaph had faced off against Enrique and Zomb had faced off against Oliver in the Tournament.

In the present day, the battle begins but without Kai, the odds are stacked against the Bladebreakers. Meanwhile, Kai is practicing with his new Beyblade, Dranzer F, when he notices a bright light emanating from the Eiffel Tower and deduces it's the Dark Bladers. Finally, Kai shows up with his newly modified Dranzer and, as Oliver watches from the shadows, defeats Lupinex. Tyson then defeats Zomb, Max defeats Sanguinex and Ray defeats Cenotaph. The Dark Bladers phase out after their loss to the Bladebreakers.

While Tyson was exploring the Olympia Colosseum before the Olympia Challenge began, he picks up a rug that turns out to be Sanguinex's cloak. He tells Tyson that whoever wins the battle will be the Dark Bladers' prey. He mentions that their curse will disappear if they defeat the strongest Bit-Beasts in the World. Tyson attacks Sanguinex with a broom but he disappears. After exchanging some trash-talk with the Majestics, Kenny yells out encouragement. Tyson realizes he's not on the team bench and look up into the crowd, where he is sitting with the Dark Bladers. Tyson accuses them of kidnapping him again but Sanguinex says that they are just going to watch the battle (Personal Monster Cheering Squad in the Dub). The Majestics notice them as well but Robert's words indicate that he refuses to remember them, riling them up and scaring Kenny in the process. While Tyson is battling Robert, Sanguinex realizes that even though the Majestics and the Bladebreakers both have Bit-Beasts, they are distinctly different teams. Kenny explains that the Bladebreakers are different because they fight with their friends. When Johnny is about the interfere with their battle, the Dark Bladers stop him using Sarcophalon. After the battle, the Dark Bladers challenge, not the Bladebreakers like they originally planned, but the Majestics instead. Sanguinex explains that they will only direct their anger towards Bladers that do not treat others or their Beyblades with respect from now on. After Robert agrees to the challenge and apologizes for turning them into monsters, now remembering who they are, the Dark Bladers realize that the Majestics have changed for the better. Sanguinex thanks the Bladebreakers and smiles for the first time. After the battle, they are seen outside the Stadium with the Majestics and Bladebreakers discussing the future.

In Final Showdown, the Dark Bladers watch Tyson's final battle with Tala. When Judy implores the remaining Bladers with Bit-Beasts to be ready for battle in case Tyson loses, Michael notices that everyone in the audience is smiling. They wonder why when the Dark Bladers walk up behind them and explain that they feel Tyson's love and passion for Beyblading. Enrique asks them if they've been watching the whole time and Sanguinex answers that since Tyson is battling, they wouldn't dare miss it. After the Finals, the Dark Bladers challenge Tyson, along with everyone else, to a battle.

Beyblade: G-Revolution

Sanguinex and Lupinex only appear in the Special Japanese Ending. They are seen grinning and standing across from Johnny

McGregor, Enrique, Miguel, and Claude. Lupinex's face is obscured but his wide smirk and hairy wrists are telltale signs that it's him.

---

When I was finished everyone was shocked!

Tahu: Oh man!

Nico: These guys must be really bad news.

Me: Yeah they sure are and they are dangerous too. Their bit-beasts are all creatures from the great horror movie monsters.

P'andor: The Goths of Darkness will love those Beyblades.

Nico: It's the Dark Signers all over again.

Me: Yep. No kidding. But wait. Tyson they had Bohrok-Kal with them didn't they?

Tyson: Yes they sure did.

Nico: Looks like Gahlok, Nuhvok, Kohpak and Pahrak are with them. They are the Bohrok-Kal of Water, Earth, Stone and Ice.

Me: And we already met Tahnok of Fire and on Nico's rescue yesterday we met Lehvak of Acid.

Hilary: Wow. Is there a Bohrok of Light?

Me: No I don't think so.

Tahu: That would be terrible if there was a Bohrok of Light though.

Me: It would not be a good sight. But instead of light I think lightning would best suit it.

Nico: Let's pay them a visit.

Me: Lets.

We went to a warehouse.

Me: Here we go guys. You're going to see how we do our entrance.

Tyson: This will be fun.

Me: Lets do it.

We got ready.

Sanguinex: Those accursed Beybladers and that accursed J.D.!

Lupinex: I can't wait to kill him.

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the wall of the warehouse and a phoenix cry was heard and then we came out!

Me: Hello Dark Bladers! Miss me?

Sanguinex: You will pay for everything you did to us!

Me: And I show no remorse for it.

Nico: What did you do to them J.D.?

Me: Completely humiliated them in front of everyone when I beat them in the tournaments.

Nico: Nice.

Lupinex: (sees P'andor) Oh look. You brought a walking oven with you.

P'andor: This oven is gonna whoop your a***!

Lupinex: You do know that you're slow in that armor, right?

P'andor: I can still hit you from a distance!

P'andor fired an energy blast at Lupinex's shoulder and it hit him and he screamed in excruciating pain! When the blast faded his shoulder had a huge chunk of it blasted off down to the bone!

Tahu: Ouch! That must've hurt!

Me: It will get worse for him in a few seconds.

Lupinex then fell to the ground and he was coughing up blood!

Lupinex: What the hell did you do to me!?

Me: P'andor is NOT a walking oven Lupinex. He's a living nuclear energy reactor. He hit you with a blast of atomic radiation.

The Dark Bladers gasped!

Sanguinex: WHY YOU LITTLE! LETS GET HIM!

They unleashed their Beyblades and summoned their Bit-Beasts and they were DRACULOR THE VAMPIRE, LYCANLOR THE WEREWOLF, SHAMBLOR THE FRANKENSTEIN and SARCOPHALON THE MUMMY! THE GREAT MONSTERS OF HORROR!

Nico: AWESOME!

Me: Now for me. LET IT RIP!

I unleashed my Beyblade!

Me: UNLEASH STARFON THE STAR PHOENIX!

I flared up my purple aura and summoned STARFON!

Me: STELLAR STAR STORM!

I had Starfon fire a shower of stars and it smashed through their Beyblades and shattered them in an instant!

Tahu: ALL RIGHT!

Nico: That did it!

But then the Dark Bladers fell to the ground and disintegrated into dust!

Tyson: WHOA MAN! They REALLY were dead!

Nico: Whoa! J.D. wasn't kidding.

I picked up their Beyblade pieces and put them back together.

Me: These will be perfect Brittney, Lucy, Haiku and Rocky.

Nico: Good idea.

Tahu: We're not out of the woods yet.

Then out came the Remaining Bohrok-Kal!

Gahlok Kal: You won't be needing those.

Gahlok Kal used his Magnetism Shields and started to magnetize our Beyblades over to him.

Me: (smirks) Not this time!

I used my magic and reversed the Magnetic polarity of his shields and the Bohrok-Kal got magnetized and stuck to Gahlok-Kal!

Pahrok-Kal: HEY! WHAT THE!

Nico: Now to finish it!

Nico fired a blast of energy and blew all four of them apart and into pieces.

Tyson: AWESOME!

We came back.

May: Hey guys. How did it go?

Nico: It was awesome.

We told everyone everything and it was awesome.

Laney: Wow! That was amazing!

May: Okay. I absolutely think that you'll get to test your Beyblade on your last mission.

Tahu: Yes I will. And I'm hoping to bring the Toa Metru and their archenemies next time.

Me: Wow! Want to bring all the Metru Nui Toa next. That will be awesome.

Nico: It sure will.

---

Later we were getting ready for the trip but first we had to get some supplies.

Nico: Poromon. Poliwag. We'll be out for a few hours. Like before, two of us will watch you two.

Me: We're just going to the store to get some supplies for the trip to the Bahamas.

Poromon: Okay. We'll be good.

Vert: Yeah and me and Ellie will look out for them.

Nico: Thanks Vert.

Ellie Singh: This will be awesome.

Rainbow Dash: Might as well have some extra help for you all too. Pickle and Barley Barrel! Front and Center!

They came to her.

Pickle & Barley Barrel: Reporting for duty Captain Rainbow Dash.

Rainbow Dash: I need you two to help Vert and Ellie look after Poromon and Poliwag for us while we're away. Think you can handle it?

Pickle Barrel: You bet we can!

Barley Barrel: Yeah we can!

Rainbow Dash: Love that spirit!

Me: Yep.

Nico: Lets go.

We were off.

Poromon: So, what do you guys wanna-

Ellie: No unauthorized parties.

Poromon: I wasn't gonna do that.

Ellie: Oh. How about we play board games?

Poliwag: Good idea.

Poromon: What should we play?

Vert: Well we got lots of choices.

There were lots of games like Sorry, Trouble, Perfection and more.

Poromon: Lets play Sorry.

Ellie: Good idea.

Poliwag: I'll be the blue pieces.

Vert: Red for me.

Ellie: Green for me.

Poromon: Yellow for me then.

They got to playing.

Poromon: My turn first!

Vert: Okay.

He drew a card and it was 1.

Poromon: 1.

He moved a piece out.

Poliwag: My turn next!

Poliwag used his tail to draw a card and it was for 2 and he moved a piece out and he drew another card and then it was SORRY! He knocked out Poromon's piece.

Poromon: Why you!?

---

French Narrator: (French Narrator) One amazing board game later.

---

Poromon drew a card and he got all his pieces home!

Poromon: I WIN!

Vert: Nice job, Poromon.

Ellie: Good game.

Poromon: Thanks.

Poliwag: That was fun.

We later came back.

Me: We're back.

Nico: We got our supplies too.

Eli: And you were playing Sorry. Awesome.

Nico: Were you playing board games the whole time?

Vert: Yep.

Me: Looks like we have everything ready.

Nico: Time to go to the Bahamas.

Me: Yep. And enjoy some fun in the sun.

Rarity: Oh it will be amazing.

Laney: Yeah it will.

We were off.

We arrived in the Bahamas and we were at Paradise Island and it was beautiful.

Nico: Here we are!

Me: Welcome to the Bahamas everyone!

Catherine Iroh: Wow! It's so beautiful.

Me: Thank goodness we're not in hurricane season right now.

Nico: Thank goodness.

Eli: I can't wait to go diving for seashells. You excited about that sis?

Ariel: I sure am Eli.

William: Babe, why do you always wear your one piece swimsuit when swimming?

Maria: So no perverts get a chance to peek at me.

Nicole: Smart thinking Maria.

Maria: Thanks.

Nico: Lets go have fun!

We cheered.

We went to the beach and we were having a lot of fun.

(TREASURE TROBE COVE FROM BANJO KAZOOIE PLAYS)

We were doing it all. We were sunbathing, surfing, diving, building sandcastles, treasure hunting and more.

Nico: Alright, everyone, let's have some fun.

Me: Let's do this.

We then got started with some of us playing or resting in the sands, Lincoln, his harem, and me and my harem were surfing in the ocean, and doing some deep-sea diving and swimming. Then, we got back to the sandy beach, and we were getting ready for a volleyball match, and it was Lincoln and his harem VS. me and my harem.

Lincoln: Coming your way, J.D.

Lincoln spiked the ball, and I spiked it back, and we both engaged in defensive tactics to score points against each other, but Lincoln and his harem had the advantage, and he and his harem won the first game of volleyball.

Lincoln: Good round, J.D.

Me: Thanks, Lincoln.

We shook hands and hugged. Then, we both suddenly got jumped by the girls in our harems, and we got kissed all over, and we got kiss marks on our massive and powerful muscular bodies, and we both returned their kisses with intense passion.

Then, we decided to have an anchor toss competition, as Lincoln summoned three three-ton anchors, and it would be him, me, and Nico competing in this competition. Plus, the girls in our harems were acting as our cheerleaders, and Eli was going to be the announcer.

Lori: This is literally going to be a good competition.

Lynn: You said it, Lori.

Eli: Alright, first up is Nico Chan.

Nico grabbed the anchor, and he threw it across the air with incredible superhuman strength. Then, his anchor landed onto the ground with a mighty kaboom.

KABOOM!

Eli went out to measure the distance of Nico's anchor.

Eli: 25,945 yards.

Everyone cheered including May, his kids, and his harem. Then, Nico got jumped by May and the girls in his harem, and he got covered in kisses all over his abnormally massive and powerful muscular body and face.

Eli: Next up, J.D. Knudson.

Next, I was up as I grabbed my anchor and I threw it right across the air with incredible superhuman strength. Then, my anchor landed onto the ground with a mighty kaboom.

KABOOM!

Eli went out to measure the distance of my anchor.

Eli: 25,969 yards.

Everyone cheered including my kids and my harem, and I got jumped by my harem, and covered in kisses all over my abnormally massive and powerful muscular body and face.

Eli: Finally, Lincoln Loud.

Lincoln grabbed the anchor, and with a mighty yell, he threw the anchor across the air with incredible superhuman strength. Then, his anchor landed onto the ground with a mighty kaboom.

KABOOM!

Eli went out to measure the distance of Lincoln's anchor, and we were going to be in for quite a surprise.

Eli: 26,798 yards. And the winner is Lincoln Loud.

Everyone cheered wildly for Lincoln, including his kids, his family, and his harem. Then, Lincoln got jumped by the girls in his harem, and he got covered in kisses all over his abnormally massive and powerful muscular body and face.

Sakura Hibiki: Wow, Lincoln, you really crushed that anchor toss competition.

Lincoln: Thanks, but this was all for fun, Sakura.

Lily the Mermaid: That's true. But, you've proven that you're still getting stronger and stronger and stronger still, Linky.

Me: Lily's right, Lincoln, and you're still proving us right.

Nico: Yeah, big guy.

Lily the Mermaid: Plus, we got a little extra challenge for you, Linky.

We saw bleachers mounted on the left and right on a solid titanium barbell bar, and sitting on top of both rows of bleachers are the girls in his harem.

Lincoln: So, you want me to lift up that homemade bleacher barbell with all of you sitting on top of the bleachers that are mounted on the left and right on a solid titanium barbell bar? (Smirks) Okay then, I accept your challenge.

Lincoln went to the homemade bleacher barbell and he gripped it with both hands, and he took a deep breath, and he lifted the heavy homemade bleacher barbell over his head, and the girls in his harem were still on it, and they were cheering like crazy, along with the rest of us, and we were really surprised at that display of strength.

Me: (Stunned) Whoa.

Nico: (Stunned) Incredible.

Lynn: (Stunned) I knew he creamed Hunk Hardbody at that weightlifting competition at Hawaii by showing just how strong he's become, and now, he's really proven just how much stronger he's continued to get.

Electro: I remembered McWolf telling us of that competition, and Lincoln really taught that blowhard musclehead a lesson, before McWolf, Droopy, Dripple, and Ms. VaVoom pummeled him like crazy and sent him flying.

Sandy Cheeks: Whew, he sure did, and I remember seeing Larry the Lobster doing that same display at Goo Lagoon, and now, Lincoln's done the same thing.

Lincoln then put the homemade bleacher barbell gently to the ground, and the girls in his harem got off the bleachers, and they ran up to Lincoln, and he got jumped and covered in more kisses all over his abnormally massive and powerful muscular body.

Then, we had some lunch, such as pizzas, every meat burritos, chicken wings, Ulti-burgers, and so much more, along with sodas, waters, and smoothies. We were stuffed.

Lincoln: Now, that's what I call an awesome lunch.

Me: You said it, big guy.

Nico: Man, I'm stuffed. (BURPS) So, Lincoln, what Duel Monster Gene-Slammer are you hoping to meet on your rescue tomorrow?

Lincoln: Hmm, ooh, how about the Gene-Slammers of the Agents of The Planets?

Me: That's a good one, big guy.

Nico: Awesome.

May: We've earned this day of relaxation. Right, Manaphy?

Manaphy: You said it mama.

Nico: We all earned it.

Me: Yeah we've been so busy.

Vypra and all the M.O.E. appeared.

Vypra: Mind if we all join you guys?

Eli: Sure Vypra.

Dark Spicer: Always awesome to have fun before a big battle.

Blossom: At least we're here now. Back before we left we accidentally went into the future and saw HIM destroy everything.

Me: Boy I remember hearing about that.

Lana: That was horrible.

Nico: Just like that bad future where HIM ruled the world.

Me: Yeah but thank goodness that didn't happen to our world.

Vypra: No kidding.

We were having a lot of fun. We also had smoothies and they were awesome.

Nico: Hey, May.

May: Yeah?

Nico: (smirks) Change Zenkai!

May: Honey, no.

Nico: What? Too soon?

May: Yeah. Lets just relax.

Horsea: Can I swim with you, Maria?

Maria: Sure.

She got into the water with Maria.

Sakura Avalon was swimming around and it was awesome.

Catherine came out of the water and steam was coming off of her.

Catherine Iroh: Ahh. That was refreshing.

Scorpion: Can't believe I'm wearing the Venom symbiote in the Marvel Ultimate Alliance world, not Eddie Brock. (To Eddie Brock) No offense.

Eddie Brock: None taken but yeah Mac that is crazy huh?

Venom: Boy it sure is.

Me: But at least we'll be ready for whatever that world has to throw at us when we go there tomorrow.

Igor: Yeah and it'll be awesome to see though.

Laney: Yeah I think so too.

Me: Makes me wonder. I wonder if the J. Jonah Jameson in the UA Universe is like his version in our universe.

Nico: Oh god that would be awful.

Poliwag: Is there any food here?

Me: Plenty. Varie should be back with our lunch.

She came back with all kinds of meals. We had Ceviche and Rock Lobsters and baked crab and it was delicious. We got to eating.

Me: Mmm! Baked Crab is delicious.

Nico: So is the ceviche. (Eating) Mmm!

Eli: I like the fruit and the coconuts.

Nunnally: Those are awesome.

C.C.: Shame they don't have pizza.

Me: No worries C.C.

I used my imagination powers and gave her a great pizza.

C.C.: Thanks J.D.

Nico: (to Maria and Horsea) See anything in the water?

Maria: Boy we sure did. There's a coral reef and all kinds of amazing fish.

Horsea: We even got sea shells and more.

Nico: Neat!

Poliwag: What about any treasure?

Nicole: Lots of that!

Nicole had 4 treasure chests full of jewels, coins and more.

Nicole: I also found a bunch of shipwrecks and they were full of treasure.

Eli: Wow! That is cool!

Varie: It sure is.

Poromon ate some Ceviche

Poromon: Delicious!

Eli: It sure is.

Homer: Mmm. Ceviche. (Drools)

Nico: Poliwag, I'm glad you and Poromon were well behaved while we were out.

Poliwag: It was fun.

Me: Glad you all had a good time.

Laney: That was awesome. At least no parties were done.

Poromon: We just played a game of Sorry.

Nico: Haven't played that game in a long time.

Me: My mom always kicked my butt in that game.

Nico: Wow.

Nico: Tomorrow, it'll be back to the usual battles.

Me: Yep and we have 2 new archenemies for UA Iron Man and Jason Jenkins too.

Laney: This will be awesome to see who they are.

Lana: Yeah!

Me: But our biggest priority is to destroy The Fold and send UA Maria Hill to jail and I promised our worlds Maria Hill to have her smash her counterpart's face in.

Nico: Nice.

Sydney Burlington: Yes we did promise that didn't we.

Maria: Tomorrrow's usual battles will be just like how they were when we helped Kameo out.

Kameo: Wow! Looking forward to this.

Me: Me too. So one member for each battle with the Fold Infected Villains.

Nico: Yep.

We had a great time. It was the calm before the storm.

Meanwhile in the Ultimate Alliance Universe, UA Nick Fury was running from Fold Infected Soldiers and villains.

UA Nick Fury: Captain America we need Team Loud Phoenix Storm to help us. They are our only hope!

UA Captain America: They will come and help us! If I know them they will come.

UA Nick Fury: This whole thing is a nightmare. We need their help. They had better be ready for this.

They went at the screen and it turned black…

TO BE CONTINUED!

Another fanfic done.

NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Nico's next rescue is gonna be a really awesome and cool one as Nico, Will Vandom, Sunset Shimmer, Starlight Glimmer, Lincoln, me and Eli head to Canterlot High School and we're going to see what Sunset Shimmer was like when she was full of powerlust and stop this evil version of her from making a terrible mistake. And we're also going to meet a Conductoid or Feedback's kind as a gene-slammer named Anna Hotteling and she is from Nico's science class and she has a great prank that she pulled on a bully. Lincoln's rescue is gonna be on the planet La Planeta de Agua (Arriba!) and I have an awesome challenge for the guest reviewer as Lincoln rescues 10 gene-slammers there for each of the Agents of the Planets Gene-Slammers and these are their names:

Sally Huntington the Gene-Slammer of Master Hyperion

Callie Huntington the Agent of Wisdom - Mercury Gene-Slammer

Hailey Huntington the Gene-Slammer of The Agent of Creation - Venus

Jewel Huntington the Gene-Slammer of The Agent of Mystery - Earth

Tina Huntington the Gene-Slammer of The Agent of Force - Mars

Julia Huntington the Agent of Miracles - Jupiter

Caitlyn Huntington the Agent of Judgement - Saturn

Olivia Huntington the Agent of Entrophy - Uranus

Gina Huntington the Agent of Life - Neptune

Polly Huntington The Executor of Hades - Pluto

Yes they all Have the same last name because they are 10 sisters. They are also true angels. Also they each have a powerful revelation about each of the worst dirtbags ever:

Sally Huntington - Icky Vicky being worse than ever

Callie Huntington - Amy, Sammy's evil sister is a REALLY WORSE monster than we thought

Hailey Huntington - Crocker being much worse in terms of insanity

Jewel Huntington - Joe Quimby doing something 100 quadrillion times worse than before

Tina Huntington - Vlad Masters/Plasmius did much more horrible crimes than what was first thought

Julia Huntington - Emily McKale's sister Amy is 100,000,000 times worse than we thought.

Caitlyn Huntington - Did some history research and found out that Frollo was much worse than just a blasphemous heretic and a murderer

Olivia Huntington - Sarah Tinsley's dad much worse than anyone thought

Gina Huntington - Koichi Shido is much worse than anyone ever thought and she will resurrect all his followers and cleanse them of his evil

Polly Huntington - Weiss's dad worse than anyone we know

This will be all revealed during the Exercise scene. Also as you all saw, the next chapter is the moment you've all been waiting for as we go into the world of the Marvel Ultimate Alliance Game for Playstation 3 and that is gonna be an awesome adventure as we destroy the Fold and stop the corruption of SHIELD.

See you all tomorrow.

# MARVEL FOLD WAR!

BUCKLE YOUR SEATBELTS EVERYONE! THIS IS GONNA GET AWESOME!

---

At the estate, Me, Nico, Sunset Shimmer, Starlight Glimmer, Eli, and Will Vandom were all getting ready for another awesome rescue!

Nico: Thanks for coming with me, Will.

Will Vandom: No problem Nico. This will be awesome to go with you on this rescue.

Me: And we're going to see what Canterlot High was like when Twilight came there and help her out.

Starlight Glimmer: It sure will be awesome to see.

Eli: Yep. I'm looking forward to this one.

Nico: Me too. Lets head out.

Me: And I know a shortcut.

I formed my Wolf Moon Scythe and I cut a hole in the fabric of time and space and made a portal and we went through it and we were in Canterlot High.

Nico: Here we are.

Me: Canterlot High School when Twilight Sparkle first came here.

Will Vandom: This is amazing. I can't wait to see what this is all like.

Nico: Will, I have a feeling that in a week or two, Hay Lin will have her own Ambassador missions.

Will Vandom: I'm looking forward to seeing where she goes in her missions.

Me: That will be interesting to see.

Eli: It sure will.

Starlight Glimmer: I think so too.

Nico: Lets find Twilight.

We walked around.

Twilight Sparkle came out of the statue of Canterlot High School and she saw that she no longer had hooves but she had HANDS AND she saw that she was in a whole new different world.

Twilight Sparkle: Where am I? What the!? (GASP)

She screamed IN SHOCK!

We came.

Will: Hi there, Twilight!

Me: Twilight it's all right.

Twilight Sparkle: J.D.? Nico, Eli, Sunset, Starlight, Will, what happened?

Sunset Shimmer: It's okay Twilight.

Me: This is a really strange place for you huh. You're actually in our world. The Human World.

Twilight Sparkle: This is just too weird! I don't have hooves!

Me: I know. Those are hands and you have feet now.

She was walking on all fours.

I helped her up.

Me: Twilight I know this sounds strange but Humans are Bipedal

Creatures. It means we walk on two legs. I know this is a lot to take in but we can help you get accustomed to life as one of us.

Eli: It's gonna take a while to get used to it.

Sunset Shimmer: But we can help you.

Starlight Glimmer: It'll be all right.

Twilight Sparkle: Okay. I'm sorry guys. This is all completely new for me.

Me: And we can help you out Twilight.

Nico: Let's keep an eye out for any danger.

Eli: Right. First lets find Fluttershy the girls in this world.

We went into the school and Twilight was learning fast.

Me: There you're getting it. You're walking on 2 legs already.

Sunset Shimmer: It took me a while to get used to it too.

Starlight Glimmer: Same with me. But it's amazing.

Twilight Sparkle: This is weird.

Sunset Shimmer: I know.

We walked around and we found the human versions of Fluttershy, Rainbow Dash, Pinkie Pie, Applejack and Rarity and they were awesome.

Nico: Rarity, Fluttershy, Pinkie Pie, Applejack and Rarity?

Rarity: That's right and you are?

Me: Sorry we should explain.

I told them everything and they were shocked.

Me: I know it's strange.

Eli: Yeah.

Applejack: Wow! That is strange.

Me: Yeah it sure is. Lets walk around more.

We did so.

Nico: No bad guys just yet.

Me: But there will be.

Twilight Sparkle: An evil version of Sunset Shimmer stole my crown.

Me: We're not going to let her get away with it.

?: Oh you mean this.

We turned and we saw EVIL SUNSET SHIMMER!

---

Sunset Shimmer is the main antagonist of My Little Pony: Equestria Girls and a major protagonist in the sequels, some of the short films, and a main protagonist of the web series. She is Twilight Sparkle's former arch-nemesis and Snips and Snails' former leader and boss.

She is voiced by Rebecca Shoichet, who also provided Twilight's singing voice.

Sunset's backstory is explored deeper in the comics. Here, it is shown she had a very troubled and apprehensive relationship with her mentor Princess Celestia, which explains her descent into evil (though she was already extremely cynical, arrogant, traitorous, self-centered, tricky, and antisocial, thus her mentor's short patience with her). Sunset had previously appeared in the form of a toy and as an NPC in the MLP Gameloft game. In both versions, she was merely a neutral character and not a truly evil one. Sunset's desire was to gain princess hood and have everyone in Equestria recognize her. However, she felt Celestia's tutelage was not getting her anywhere fast enough, showing her impatience with her. During the night, she took it upon herself to do research on the crystal mirror Celestia had shown her some time ago. Just as she found information about the mirror, Celestia and two royal guards arrived on the scene. At first, Celestia tried to console Sunset, but Sunset retaliated by demanding to be crowned a princess. It was then Celestia saw that Sunset lacked all the qualities needed to be a true princess, and deemed the young unicorn unworthy of such a status. Celestia then expelled Sunset from the school, banished her from the castle, and had the guards escort Sunset out. Sunset told her former mentor that this would be the greatest mistake ever made, but of course, it was only one of many. When the chance came, Sunset took the guards by surprise and jumped through the mirror, emerging as a teenage girl on the other side.

My Little Pony: Equestria Girls

Sunset Shimmer first appears as the main antagonist in the first film.

Sunset Shimmer steals Twilight Sparkle's element of harmony: her magic crown, and in a tussle with Twilight Sparkle, the crown is thrown into a mirror that acts as a portal to another world, which Sunset goes through to retrieve the crown.

In this other world, she is depicted as a human who mocks Twilight Sparkle when they first encounter each other. They meet again in a dark hallway where Sunset bullies Twilight into being discouraged from retrieving her crown. Several years have passed since Sunset ran away from home. In the past, she drove the human counterparts of Rainbow Dash, Fluttershy, Applejack, Pinkie Pie, and Rarity apart, but Twilight reunites them.

She tries to keep Twilight from becoming Princess of the Fall Formal, like humiliating her through an Internet video and implicating but Twilight Sparkle still easily beats her in the competition. When this attempt backfires, she makes her henchmen Snips and Snails vandalize the gymnasium and implicates Twilight for it through photoshopped photos. Vice-Principal Luna falls victim to this deception, but Sunset's former beau Flash Sentry exonerates Twilight at the last second and Twilight is dubbed Fall Formal Princess after she and the student body clean and redecorate the gym.

However, Sunset steals the crown from Twilight, puts it on, and transforms into a demonic-looking winged humanoid due to her wickedness in her heart. In this form, Sunset becomes purely evil. With her new powers, she plans to use them and her army of mind-controlled teenagers to conquer Equestria. Sunset attempts to kill Twilight, but Twilight and her friends use the power of the Elements of Harmony to return her to human form. She is reduced to tears and apologizes for everything that she has done and Twilight believes her friends can help teach her the magic of friendship. Afterward, the human counterpart of Princess Luna, Vice Principal Luna, hands her a masonry trowel to repair all the damage that she caused.

---

Me: Well well well. Sunset Shimmer in the flesh and fire hair.

Sunset Shimmer: I can't believe I was like you! And all because I was poisoned with Grogar's evil!

Nico: Yeah!

Eli: You got three seconds to give that crown back to Twilight Sunset!

Evil Sunset Shimmer: Or what?

Me: Or else we'll make you wish you were never born! (Cracks Knuckles)

Evil Sunset Shimmer: (Tauntingly) Ooh I'm so scared!

Rainbow Dash: You should be!

Evil Sunset Shimmer: When the crown and its power are mine, Twilight Sparkle will be sorry she ever set hoof into this world.… Not that she would've been much safer if she'd stayed in Equestria.

Me: Over my dead body!

I unsheathed my sword and then it reacted to the crown and pulled the crown back to us and Twilight got it back!

Will Vandom: (singing) There's nowhere to run, Evil Sunset Shimmer. This day is gonna be your last!

Me: (Laughs) Hey that was really good.

Nico: Will, I know we're excited to meet the Zenkaigers. But please no ripping off Zocks, okay?

Will Vandom: Sorry.

Meanwhile in Japan, Zocks was reading a book when suddenly he sneezed.

Kaito: Bless you. You catching a cold?

Zocks: No I think someone is talking about me.

Back with us we were ready for her.

?: This dirtbag girl needs to be taught a lesson in humility!

A Conductoid came!

Nico: Whoa a Conductoid!

Conductoid: (In a Girls voice) Long time no see Nico.

Nico: Anna Hotteling? Wow! Its been a while.

Anna reverted back and she was a girl with orange hair and yellow clothes.

Anna Hotteling: This version of Sunset Shimmer is a monster that needs to understand the true lessons of friendship.

Nico: We'll catch up later after that.

Evil Sunset Shimmer: I hope you had fun singing that. Because I'll make you none of you live to meet the Zenkaigers!

Me: You don't even know who they are Baconhair!

BURN!

Trixie Lulamoon: That was amazing!

Me: Yep. Also Sunset you need a strong lesson in what friendship is! It comes from the 12 elements of Harmony and they are Honesty, Generosity, Loyalty, Laughter, Kindness, Empathy, Forgiveness, Humility, Hope, Love, Valor and Justice as well as the most powerful magic of all, The Magic of Friendship!

The girls, Nico, Eli and me glowed with incredible power and the sword surged with power!

Me: You need to be saved from yourself more than ever!

I swung my sword and a rainbow helix energy blast fired from the blade and it fired a powerful rainbow beam and it hit Evil Sunset Shimmer and engulfed her and she had a dark shadow leave her and it was GROGAR'S EVIL ESSENCE!

Nico: I don't believe it! Grogar WAS poisoning her with evil!

Eli: I got this!

Eli teleported and drew a kanji on the shadow.

Eli: UZUMAKI BLACK JUDGEMENT SEALING ART: BLACK GATE!

The souls of all those that Grogar destroyed and poisoned with his evil came and found him guilty and destroyed him forever and the one that was Banished to the Warp was destroyed forever! NOW WE HAVE SEEN THE LAST OF GROGAR THE DEVIL!

Evil Sunset Shimmer then vomited. She was vomiting her guts out and a black slime came out of her and it dissolved into nothing and she was then she looked at us and she was crying hard.

Sunset Shimmer 2: (CRYING HARD) I'M SO SORRY! I'M SORRY!

Eli went over and hugged her.

Eli: It's all right Sunset. It's all right.

Anna Hotteling: Wow! That was incredible!

Nico: It sure was.

Will: What's your favorite memory of Nico?

Anna Hotteling: My favorite memory is in Science Class. I saw a bully in our class pick on a kid and me and Nico made a really awesome prank. We poured liquid nitrogen into a bucket and then when she went and sat in her chair she sat in the bucket and was screaming in pain and she confessed everything right there.

Nico: The Liquid Nitrogen Freeze Burn!

We laughed hysterically!

Rainbow Dash: That was Awesome!

Nico: Yeah that was great!

Me: That is funny!

Nico and Anna hugged.

Nico: I really missed you.

Anna Hotteling: Me too Nico. Me too.

Twilight Sparkle: That is so amazing. J.D., Nico, thank you so much for helping me get my crown back.

Me: No problem Twilight. How did it feel to be one of us?

Twilight Sparkle: It was amazing. But I still have so much to learn about your world.

Me: Well feel free to take as much time as you need to learn about it.

Twilight Sparkle: I will.

We later went back home and we formed a portal machine to the world of the Equestria Girls to help Twilight whenever needed.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, and Bloom are heading to La Planeta de Agua (Arriba!) in the world of Earthworm Jim, and not only is Lincoln going to rescue the eleven girls, but we're also going to rescue the Agents of the Planets Gene-Slammers, and take down Bob the Killer Goldfish, who's come back from the dead.

Lincoln: Whoa, we're here on La Planeta de Agua (Arriba!) in the world of Earthworm Jim, and I know what we're going to do here, not only am I going to rescue the eleven girls, but we're also going to rescue the Agents of the Planets Gene-Slammers, and take down Bob the Killer Goldfish, who's come back from the dead.

Me: That's right, big guy. This is going to be awesome.

Nico: And it's going to be awesome taking down that evil goldfish again, along with his main mutated cat henchman, Number Four.

Fluttershy: Is he really that bad, Nico?

Lincoln: He sure is, Fluttershy, he wants Earthworm Jim's super suit so he can have legs, and also, eat Earthworm Jim, but, we're not going to let that evil goldfish do that. But, I'm sure that Bob has more mutated cat henchmen, and they're guarding the Agents of the Planets Gene-Slammers, but we're going to take them down. And thanks for joining us, Bloom.

Bloom: You're welcome, Lincoln. I can't wait to turn that evil goldfish into a fish stick again.

Lori: And he's in for one nasty surprise when he sees us again.

We then got to work with rescuing the Agents of the Planets Gene-Slammers who are being held in cages by the ten separate groups of Bob's mutated cat henchmen. Lincoln fired powerful red energy blasts, which sucked out their massive muscle mass, and returned them back to normal cats, which he returned home to Earth, and he went up to the cages, and he grabbed them and broke them apart with his massive immense superhuman strength.

?: HELP!

Suddenly, Lincoln heard the sound of eleven girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the eleven girls, but they've been cornered by Bob the Killer Goldfish and his main mutated cat henchmen, Number Four, and he's going to kill them.

Lincoln: Guys, I found the the eleven girls, but they've been cornered by Bob the Killer Goldfish and his main mutated cat henchmen, Number Four, and he's going to kill them.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits Bob the Killer Goldfish, and that allowed the eleven girls to get to safety. When Bob the Killer Goldfish and Number Four saw us, he was enraged.

Bob the Killer Goldfish: Team Loud Phoenix Storm?! How dare you all show your faces here!

Lincoln: Shut it, tartar sauce breath. We heard about you coming back from the dead, and now, we're going to make sure you stay dead and gone for good!

Bob the Killer Goldfish: (Growls) Number Four, destroy them!

Number Four puts Bob the Killer Goldfish down, and he charged at us, but Lincoln grabbed Number Four by his collarbone and hoisted him up with his massive immense superhuman strength. Then, Lincoln sucked out Number Four's massive muscle mass, and he cured Number Four. This angered Bob the Killer Goldfish greatly, especially when Lincoln gave the cured Number Four to Fluttershy as a gift, which she accepted.

Lincoln: (Smirks) Now, you have no one left to help you. Let's fry him.

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, The Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Bloom, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, and Me, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went at Bob the Killer Goldfish, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, green flames, and water, and they exploded with incredible power as they hit him.

Lincoln fired a blast of fire, and cooked Bob the Killer Goldfish, and he fed it to the now cured Number Four, and as soon as Bob's spirit appeared, Lincoln sent him to the Black Gates for good. We cheered wildly as we holster our weapons on our backs and power down.

Master Hyperion: (Girl's Voice) That'll teach that miserable excuse for a goldfish.

Master Hyperion, Agent of Wisdom - Mercury, Agent of Creation - Venus, Agent of Mystery - Earth, Agent of Force - Mars, Agent of Miracles - Jupiter, Agent of Entropy - Uranus, Agent of Life - Neptune, and Executor of Hades - Pluto: (Girl's voices) And thanks for getting us out.

Suddenly, when Lincoln heard those voices, he and his sisters knew who the Agents of The Planets Gene-Slammers are.

Lincoln: Wait a second, those ten voices, Sally, Callie, Hailey, Jewel, Tina, Julia, Caitlyn, Olivia, Gina, and Polly Huntington, is that you?

Sally Huntington: That's right, Lincoln, and it's so good to see you again, it's been a long time.

Lincoln made nine clones of himself, and he and the nine clones went up to Sally, Callie, Hailey, Jewel, Tina, Julia, Caitlyn, Olivia, Gina, and Polly Huntington and they hugged, and the Huntington Sisters were also very surprised at just how much taller and much more muscular Lincoln's gotten since they last saw him, and they also felt at just how strong he's really become.

Lincoln: It sure has been a long time, I haven't seen any of you around when I was eleven, and as all of you can see, I really grew a lot since then.

Sally Huntington: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's awesome.

Callie Huntington: She's right, and you really are that strong to break open the cages with one grip and pulling the cages apart.

Me: Whoa, Lincoln, you know these ten girls?

Lincoln: Indeed I do, J.D. The Master Hyperion is Sally Huntington, she's one of my Guardian Angels and she's one of the 10 Huntington Sisters, who were all born in one day, and she's the eldest, The Agent of Wisdom - Mercury is Callie Huntington, the second eldest and she's known as the smartest of the 10 Huntington Sisters, because she has a really powerful IQ and she has awesome psychic powers and elemental manipulation powers, The Agent of Creation - Venus is Hailey Huntington, the third eldest and most beautiful out of the Huntington Sisters, and she has the power to manipulate nature, The Agent of Mystery - Earth is Jewel Huntington, she's the fourth eldest and she's the Jewel Creator of the Huntington Sisters, because she has the power to make jewels and crystals, The Agent of Force - Mars is Tina Huntington, she's the strongest and most athletic of the Huntington Sisters, and she has fire powers and has amazing gifts in sports, The Agent of Miracles - Jupiter is Julia Huntington, she's the fashionista of the Huntington Sisters and she has incredible lightning powers, The Agent of Judgment - Saturn is Caitlyn Huntington, she's the bookworm of the Huntington Sisters and she has an awesome love for mysteries, horror and law and order, The Agent of Entropy - Uranus is Olivia Huntington, she's the rock star of the Huntington Sisters and she has a great talent in music, specifically rock, The Agent of Life - Neptune is Gina Huntington, she's the artist of the Huntington Sisters and she's also a master of water, and The Executor of Hades - Pluto is Polly Huntington, she's the goldmancer of the sisters and she has the power to make coins and gold and more.

We were really amazed at what Lincoln told us.

Me: (Amazed) Whoa, that's so awesome.

Nico: You said it, J.D., and I noticed that the way Lincoln described them, they're just like his sisters.

Lori: That's right, Nico, and me, Lynn, Lola, Lisa, and Luan had to watch ourselves around them, if they saw us picking on Lincoln, they'll knock us out.

Lynn: Especially Tina, and like Lincoln said, she's the strongest and most athletic of the Huntington Sisters, so we were basically walking on eggshells around them.

Me: Whoa.

Sally Huntington: But, we heard that you girls were freed from your dark sides, so we're glad that you're finally freed from those bitches, and we also got powerful revelations about each of the worst dirtbags ever. For me, I've got a powerful revelation about Icky Vicky and she's even worse than ever.

Callie Huntington: I've got a powerful revelation about Sammy's evil sister, Amy, and she's a REALLY WORSE monster than you guys thought.

Hailey Huntington: I've got a powerful revelation about Crocker, and he's much worse in terms of insanity.

We gasped in pure shock at the mention of powerful revelations about Icky Vicky, Sammy's evil sister, Amy, Crocker, Joe Quimby, Vlad Masters/Plasmius, Amy McKale, Frollo, Gabriel Tinsley, Koichi Shido, and Jacques Schnee.

Me: Whoa, ten powerful revelations about the ten worst dirtbags that we've had to deal with.

Nico: Icky Vicky, Sammy's evil sister, Amy, Crocker, Joe Quimby, Vlad Masters/Plasmius, Amy McKale, Frollo, Gabriel Tinsley, Koichi Shido, and Jacques Schnee, this we're really going to enjoy hearing.

Lincoln: You got that right, Nico. Right now, let's get you girls back to normal. Boys, cover your eyes, and Nicole, you know what to do?

Sally Huntington: Yeah, any who peeks, I'll punch your teeth out.

Lincoln: How do you and your sisters feel, Sally?

Sally Huntington: Good. (Realizes she and her sisters are in their birthday suits) But, we're also in our birthday suits.

Lincoln gave the Huntington sisters their new Agents of the Planets-themed wardrobes that are in the same colors as their hair, eyes, and massive angel wings, along with their new Agents of the Planets-themed swords, they're large swords with their Gene-Slammed Agents of the Planets etched on the 6'5" massive, wide, double-edged, man-sized colored blades, large colored angel wings for the crossguards, large colored gems embedded in the rainguards, longer black handles, and large colored gems surrounded by angel wings for the pommels.

Julia Huntington: Wow, I love the outfits you made for us, Lincoln.

Suddenly, ten Thunderbird Necklaces of Eternal Love appeared on the necks of the Huntington sisters with colored gems on the gold lightning bolts and colored crystal links from their brand-new Crystal Necklaces of the Buddha which merged with their Thunderbird Necklaces of Eternal Love.

Sally Huntington: (Surprised) Whoa, are these…?

Lincoln: Yep, those are ten Thunderbird Necklaces of Eternal Love, which means you and your sisters are now part of my harem and my many future wives, Sally.

The Huntington Sisters had a smile on their faces and tears coming from their eyes, as Lincoln made nine clones of himself, and he and the nine clones then wrap their abnormally massive and powerful muscular arms around their waists and they leaned down and they kissed them on the lips, and the sisters returned it, and we cheered for them. Then, we went up to the eleven girls here, and when Lincoln saw them, they immediately recognized them. The eleven girls are Fukamine Riko, Konosaka Kirino, Fujimiya Chisa, Hokazono Rinka, Kamishiro Yukari, Konoe Tamami, Satou Nami, and Yajima Ibuki from Gift: Eternal Rainbow, Shiraishi Kyouka and Reona Houjou from Energy Kyouka!, and Uzaki Hitomi from Killing Bites.

Nicole Knudson: From Gift: Eternal Rainbow, Energy Kyouka, and Killing Bites, awesome.

Lincoln: Are you girls okay?

Fukamine Riko: Yeah, we're okay, thanks to you.

Then, when Fukamine Riko and the other ten girls saw who it was that saved them from Bob the Killer Goldfish, their faces turned atomic red upon seeing the 17-year-old 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Fukamine Riko: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Fukamine Riko: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eleven Thunderbird Necklaces of Eternal Love appeared on the necks of Fukamine Riko, Konosaka Kirino, Fujimiya Chisa, Hokazono Rinka, Kamishiro Yukari, Konoe Tamami, Satou Nami, Yajima Ibuki, Shiraishi Kyouka, Reona Houjou, and Uzaki Hitomi with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We return to the World Tree Estate, and we told everyone what happened, and and they were shocked when they found out the villain we went after was Bob the Killer Goldfish, who's come back from the dead.

But, when Lincoln showed what he did to Bob the Killer Goldfish's mutated cat henchmen and to the evil goldfish himself, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and the Huntington Sisters now have a lot of catching up to do, now that they're back, and now, we're rid of Bob the Killer Goldfish for good, and he's never coming back.

---

After putting an end to Bob the Killer Goldfish and this time for good, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when the Huntington Sisters saw Lincoln working out like crazy, they had ten atomic red blushes on their faces.

Sally Huntington: Whoa, I was right that Lincoln has really grown to be a 17-year-old 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Tina Huntington: No kidding, Sally, and he now can seriously outmuscle any bodybuilder.

Lincoln: Now, Tina, don't try to give me a swollen head. And to answer your reply, Sally, yes, I have, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, girls, and now, I can also defend myself.

Hailey Huntington: That's incredible.

Nico: It sure is. So, girls, what's these powerful revelations about Icky Vicky, Sammy's evil sister, Amy, Crocker, Joe Quimby, Vlad Masters/Plasmius, Amy McKale, Frollo, Gabriel Tinsley, Shido, and Jacques Schnee?

Emily McKale: As if my bloodthirsty ex-sister can't be any worse than ever, along with Icky Vicky, Sammy's evil sister, Amy, Crocker, Joe Quimby, Vlad Masters/Plasmius, Frollo, Gabriel Tinsley, Shido, and Jacques Schnee.

Sally Huntington: I'll go first. Well, I found out that Icky Vicky has not only tortured and tormented the kids of Dimmsdale, but she was also planning on doing the same to other kids all over the world. I wasn't going to let that demonic bitch go through with it, so I called the FBI, and they arrested her on charges of child abuse, racketeering, assault, and many more, and they took her to prison, but she swore to get revenge on the person who threw her butt in prison.

Callie Huntington: Now, for me. I found out that Sammy's evil sister, Amy, is an even worse monster than you first thought: during an investigation, I found out that she and her mother were planning on going on a multi-state crime spree in the U.S. robbing people of their money and killing them in cold blood. I wasn't going to let that bitch get away with it, so I sent the information to the FBI, and they busted in to arrest Amy and her mother, but they got away and hid in a safehouse, and they shot two FBI agents dead in cold blood during their escape.

Hailey Huntington: During my investigation in Dimmsdale, I found out that Crocker was much worse in terms of insanity: if he couldn't get his hands on Timmy's fairies, he'd try to go to different schools in the United States, so he can try to find them, and if no one told him, he'd kill them. But, I wasn't going to let that loon get away with it, so I sent the information to the FBI, and they swooped in on Dimmsdale Elementary to arrest Crocker and throw him in the insane asylum, but he got away, and he swore he'd get his revenge on the one who called the FBI on him.

Jewel Huntington: During my investigation in Springfield, I found out that Joe Quimby was planning on extorting the governments around the world, since his plan to extort the U.S. government had been foiled, and Mr. Burns was also in on this. I wasn't going to let that so-called mayor and that evil old vulture get away with it, so I sent the information to the FBI, and they swooped in to arrest Joe Quimby and Mr. Burns, but thanks to Smithers, Mr. Burns and Quimby got away, and we had a bounty put on Smithers' head for assisting in their escape.

Tina Huntington: Now, it's my turn. During my investigation in Amity Park, I found out that Vlad Masters/Plasmius has done so much more horrific crimes, such as attempted kidnapping, extortion, and so much more. I knew that Vlad could transform into a ghost and he could blast or overshadow the FBI agents if I called them here to arrest him. So, I fired a blast of fire, and really burned him badly. I left out of his mansion, but he swore that one day, he'd have his revenge.

Julia Huntington: Now, it's my turn. During my investigation here in Royal Woods, I found out that Amy McKale is 100,000,000 times worse than you all first thought. I found out that bloodthirsty, evil, sadistic savage had brutally assaulted anyone who got in her way, and I saw the wounds that many of her victims had gotten, and they were almost life-threatening. I wasn't going to let that bitch get away with this, so I fired a blast of lightning, and electrocuted her. Then, the cops were called in and they hauled Amy back to prison, but she swore if she got out, she'd get her revenge.

Caitlyn Huntington: Now, it's my turn. I did some history research in the library, and I found out that Frollo was much worse than just the blasphemous heretic and murderer all of you found him to be, he's committed tons of crimes that fits the Seven Deadly Sins throughout 15th century France, and if those crimes got out, he'd face excommunication from the Catholic Church, not to mention execution at the hands of the Parisian people, and once dead, he'll be sent to Hell to burn for all eternity.

Olivia Huntington: Now, it's my turn. During my investigation, I found out that serial killer, Gabriel Tinsley, is much worse than Sarah and all of you thought. Apparently, Gabriel has murdered tons of college girls who were in their 20s throughout the United States, and every time he's moved from there, because the cops were after him. But, eventually, he'd be caught in Royal Woods, Michigan, and he'd be sent to prison for the rest of his life.

Gina Huntington: Now, it's my turn. During my investigation, I found out that Koichi Shido is much worse than Takeshi, Shizuka, Saeko, Rei, Saya, and all of you ever thought. I found out that Shido's much more than just a traitor who sent his entire world to Hell when he released that virus, he's also profited from the pain and suffering of the innocent, and if anyone dared to speak against him, he'd have his followers kill them, and throw their remains to be fed to by the zombies that Takeshi, his group, and all of you have killed.

Polly Huntington: And now, it's my turn. During my investigation, I found out that Weiss' lowlife dad, Jacques Schnee, is even worse than all of you know him to be. In addition to abusing Faunus all over Atlas and using them as slaves, I found out he's been running a racketeering and extortion racket in Atlas, and I decided to bust up that little operation by exposing his crimes to all of Atlas. But, before he could be arrested and thrown in prison, he escaped, and he swore that whoever busted his plans would pay the price with their lives.

We all gasped in total shock and horror at those shocking and powerful revelations about Icky Vicky, Sammy's evil sister, Amy, Crocker, Joe Quimby, Vlad Masters/Plasmius, Frollo, Gabriel Tinsley, Shido, and Jacques Schnee.

Me: My God, those ten dirtbags are even worse than we first thought.

Nico: You said it, we knew of the crimes those assholes have committed when we looked at their histories, and we heard about other revelations about them from some of Lincoln's other Guardian Angels, but to find out there's more revelations about them from the Huntington Sisters, now we've really been thrown in for a loop.

Lincoln: You said it, and there's something you girls should know about the ten dirtbags: Icky Vicky's been put in the Jupiter Prison and we also do our rants on that demonic so-called babysitter, and it drives her even more mad with rage, Sammy's evil sister, Amy, is now in prison for the rest of her life and her mother's been sent to prison for the rest of her life before she died of natural causes, Crocker and Vlad Plasmius have been Super Hakaied, along with Mr. Burns, Goobot, and Jock Jockerson, and Vlad Masters is in the Neptune Prison for Traitors for the rest of his life, and Plankton's now a member of The Redemption Squad, Joe Quimby's been executed for his crimes and sent to The River of Fire, Emily McKale transformed and she and I killed Amy McKale when she busted out of prison to get her revenge, Frollo was Super Hakaied from existence when we went after Xehanort, Gabriel Tinsley and Jacques Schnee had gotten two separate beatdowns from Sarah Tinsley and Weiss, and before they were taken to prison, I cursed them both with Eternal Life Without Eternal Youth and Plagued by The Demons of Their Past forever, and before the planet of the Moonlands were destroyed, Koichi Shido's been sent to the Black Gates, and now, he's a forgotten memory.

Sally Huntington: Whoa, that's incredible.

Me: Those dirtbags got what they deserve, and like Lincoln said, he also helped Sarah Tinsley, Weiss, and Emily with pummeling Gabriel Tinsley, Jacques, and Amy McKale, because he did say that once he gets married to Sarah Tinsley, Weiss, and Emily in the future, he wouldn't have to deal with having Gabriel, Jacques, and Amy as part of his family, because those three have committed evil throughout their lives, and they hated their relatives with all their black hearts.

Nico: You got that right, and I'm glad I also gave Shido the Black Gates, he's a genocidal monster full of hatred for humanity.

Gina Huntington: And Shizuka, Rei, Saeko, and Saya, I don't care if you girls have a problem with the followers of Shido, but I'm going to resurrect all of them and cleanse them of his evil.

Lincoln: But, first things first.

Lincoln formed a massive white magic circle with runes to keep Shido's followers contained, and then Gina brought them back from the dead, and then, Gina fired a blast of purple energy, and cleansed all of Shido's followers of his evil. When the enormity of the actions that Shido forced them to do came back in full force, they broke down and cried, and we chose to forgive them, and the same went with Takeshi, Shizuka, Rei, Saeko, Saya, and their friends. We then got a shower afterwards, and then, the alarm sounded, and when Lincoln checked it out on the computer, he saw that Abobo, the muscle of the Shadow Warriors, is here and he's causing havoc.

Lincoln: Guys, Abobo, the muscle of the Shadow Warriors is here, and he's causing havoc.

Me: Uh oh. Looks like we're going to be in for a big challenge because unlike the other grunts of the Shadow Warriors, Abobo is tougher and more menacing than the other grunts in the game, and due to his large stature, his punches and kicks have a better reach than the other Shadow Warriors.

Nico: But, he does have honor, so we're going to take him down and offer him a better deal: join the Masters of Evil.

Sheena Etranzi: That's a good idea, Nico.

Lincoln: According to the official file, Abobo is 7'2" in height, and he possesses extreme superhuman strength, and he's strengthened his body as a living weapon with his experience in street fighting and playing football, so you're right, J.D., he's a bigger challenge than the other Shadow Warrior grunts that we've taken down. Let's head out there and stop him.

We then flew out, and Lincoln fired a powerful rainbow energy blast, which hits Abobo in the back. When Abobo saw us, he maintained his composure.

Abobo: So, the famous Team Loud Phoenix Storm has arrived. All of you are indeed tough warriors, and it's no wonder the Chen Ron brothers and Jacqueline were eventually killed, but you also spared Chin Taimei.

Lincoln: That's right, because he had honor unlike the other members of the Shadow Warriors, and you also have honor as well. So, we're going to take you down and send you to the Masters of Evil prison.

Suddenly, Sheena Etranzi's blue eyes turned neon blue, and she was surrounded by an blue energy aura with flames and phoenixes, and as she approached Abobo, she left blue energy, flames, and phoenixes with every step. Suddenly, Sheena Etranzi was surrounded by a massive vortex of orange energy with flames surrounding it, there's a phoenix flying around it, and in the vortex is a red phoenix. Then, as the vortex faded, Blaze Fielding emerged, but she was changed forever.

Sheena Etranzi grew to 6'5" in height, she had the body of a goddess and has blue highlights in the bangs of her long flowing blonde hair, she has neon blue eyes and a blue energy aura with flames and phoenixes surrounding her, she has a phoenix with the Fire Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with blue jewels for the eyes and the Fire Kanji in its claws, and she also has a phoenix with red gems for the eyes and the Fire Kanji in its claws for the second pendant of her Thunderbird Necklace of Eternal Love with blue gems on the gold lightning bolts and blue crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Sheena Etranzi has on a long sleeveless blue trenchcoat with flames and phoenixes on the coattails and right on the back is the Contra Corps logo with flames surrounding it, blue blouse and blue sleeveless midriff top with an orange phoenix on it, blue skirt with flames on it, leather black pants with flames on the legs, black leather ankle-high combat boots, and she has on a Star Sapphire ring on her left ring finger. Suddenly, Sheena Etranzi felt a sharp pain on her back, and then, massive blonde angel wings with blue tips on the large blonde feathers sprouted out from her back.

Sheena Etranzi has on a pair of new gauntlets called Destroyers of Red Falcon, they're a pair of gauntlets with silver plates covering her fingers and the back of her hands with the anti-Red Falcon symbol on them. Sheena Etranzi has on her new large gold cuff Bracelets of the Champions of The Universe with blue gems on her wrists, gold Belt of Elemental Bravery with a gold phoenix head with blue gems for the eyes and large blue gem in its open mouth for the belt buckle, large blue Spellbook of The Gods and The Universe and large blue Universal Spellbook of The Elemental Forces on her left hips and Eater of Sins revolver holstered on her right hip. There's a gold kanji below the Contra Corps logo that said, "Sheena Etranzi, Female Guerilla Warrior of The Contra Corps, Expert Combatant and Marksman, Loving Future Wife of Lincoln Loud, Destroyer of The Red Falcon Organization, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Flames and

Phoenixes" Sheena Etranzi has transformed into SUPER ANGEL INFINITY BLAZING FIRESTORM GUERILLA PHOENIX ANGEL OF FIRESTORM JUSTICE AND DIVINE LOVE!

We were amazed by Sheena Etranzi's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Abobo saw it, he still remained calm.

Lincoln: Wow, Sheena, you look beautiful, how do you feel.

Sheena Etranzi: (Divine Echoing Cosmic Voice of The Firestorm Phoenix and Divine Love) I feel incredible, Linky, and now, shall we put a stop to Abobo?

Lincoln: (Smiles) With pleasure.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Sheena Etranzi.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Let's get him.

Sheena Entrazi and Lincoln went after Abobo, and they fired powerful blasts of rainbow energy, blue energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Gravity, Magic, Blood, Thunderbirds, Phoenixes, Angels, and Buffalo at Abobo, and they exploded with incredible power as they hit him. Then, Sheena Entrazi and Lincoln brutally pummel and overwhelm Abobo with powerful punches, kicks, and powerful martial arts, and they knocked him down and defeated him.

Abobo: Impressive, you indeed live up to your reputations. Alright, I'm ready.

Lincoln put rainbow energy handcuffs on Abobo, and had him beamed to The Masters of Evil's prison. We cheered wildly for Lincoln and Sheena Etranzi, as Lincoln holstered his massive sword on his wider and more powerful muscular back, and he and Sheena Etranzi power down, and Sheena Etranzi's new body, clothes, weapons, jewelry, and angel wings are permanent.

Sheena Etranzi: That's another Shadow Warrior defeated. Thanks for helping me with defeating Abobo, Linky.

Lincoln: (Smiles Warmly) You're welcome, Sheena.

Suddenly, Sheena Etranzi wraps her arms around Lincoln's waist, and Lincoln wrapped his abnormally massive and powerful muscular arms around Sheena Etranzi's waist, and then, he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to Sheena Etranzi's face, they kissed passionately as Sheena Etranzi wraps their left arm around Lincoln's wider and muscular back, and placed her left hand on Lincoln's massive and wide right pec, and right behind them was a Thunderbird, Phoenix, and Angel flying in the air, and we also saw a herd of Buffalo running across the field, and the display of the elemental forces behind them, and we cheered for them.

Me: Alright, way to go.

Nico: We've brought down another Shadow Warrior, and Abobo will one day be welcomed into The Masters of Evil.

Lincoln: That's right, and there's bound to be another honorable warrior among the Shadow Warriors, and we'll be waiting for them.

We returned to the World Tree Estate, and we've brought down another member of The Shadow Warriors, but we're ready for them.

---

Later it was time for Pinkie Pie's final Ambassador Mission.

Me: This is gonna be awesome girls.

Nico: I think you're gonna love Dirt, Applejack.

Applejack: Boy I have a feeling I will.

Me: Dirt used to be a desert dump where water was scarce. But now it's a water paradise.

Nico: Yep.

Rainbow Dash: This will be cool though.

Fluttershy: I think it will too.

Pinkie Pie: And this is my final Ambassador Mission.

Me: It's not forever goodbye Pinkie. It's only until May 7th.

Pinkie Pie: That's true. But I will miss Rango.

Nico: I know Pinkie.

Me: Well lets head out!

We were off to Dirt, Nevada.

We arrived in Dirt.

Me: Howdy Rango.

Rango: Howdy J.D. Howdy Pinkie Pie.

Pinkie: Rango, meet my main friends!

Twilight Sparkle: Great to meet you Rango. My name is Twilight Sparkle, Princess of Friendship and the Magic Skylanders. I represent the Magic of Friendship.

Twilight Sparkle: Pleasure is ours.

Applejack: You've got a good town here, Rango. I actually feel right at home here.

Rango: Thank ya kindly Applejack.

Me: Anyone in the Apple Family would feel right at home here. Same with many of our friends in Appleossa too.

Applejack: They sure would.

Rango: Indeed.

We heard a noise.

Rango: And that would be our local outlaws stealing water once again.

Me: (Cowboy Accent) Looks like it's time to wrangle up some outlaws!

Applejack: YEEHAW! Lets hogtie these varmints!

I whistled and my Rapidash came and I got on.

Rango: Lets round them up!

Me: HYAH!

We went after them.

The Outlaws saw us coming!

Me: (Forms a vine lasso) YEEHAW!

I threw it and snagged them and then tied them up.

Me: You snakes in the grass will be doing a long time in the pokey!

Appejack: (Laughs) Yeah well said J.D.!

Me: (Imitating John Wayne) Just doing my job little lady.

Outlaw: Laugh now, "Sheriff". Because it won't be long before Tortoise John returns!

Rango: We'll see.

Me: That is something we're counting on varmint.

I swung them around and then threw them right into the jail.

Rainbow Dash: AWESOME! That was a great throw!

Me: That was cool!

Applejack: Boy howdy J.D. watching all those cowboy movies really paid off.

Me: They sure did. And Nico says I watch too many of them.

Rango: Well, now it's official that our former mayor's gonna make a comeback.

Me: And when that sidewinding sack of hot shelled air comes back we'll be ready for him.

Applejack: Yeah we'll turn that low-down, double-crossing monster into mincemeat!

Fluttershy: Um I'm sorry to say this but he gives all turtles everywhere a bad name.

Rainbow Dash: Yeah he sure does!

Rango: That is a good way to say it.

Me: Thanks.

Rango: Pinkie, I just want you to know that I've seen as a big sister since I first saw you.

Pinkie Pie: Really Rango? (Crying and hugging him) Oh thank you so much Rango! (Crying)

Me: Aww.

Fluttershy: That is so sweet.

Rainbow Dash: We're happy for Pinkie.

Twilight Sparkle: Just like with me and Nate.

Rainbow Dash: And me and Ish.

Fluttershy: Me and Laval.

Starlight Glimmer: Me and the Live Action Optimus Prime.

Me: Boy many of us have developed sibling relationships with a bunch of people during our Ambassador Missions.

Sunset Shimmer: We sure have.

We came back.

May: Hey guys. How did it go?

Me: Went really well. Pinkie Pie's Ambassador Missions are complete.

Pinkie Pie: Yeah but I hope we see Rango and friends again.

Nico: We will Pinkie. Someday.

May: Yep.

Nico: Zarya, 2 days from now, your ambassador missions are next.

Zarya: And I have a strong feeling it'll be awesome. We're gonna go to see the Zenkaigers.

Nico: Yep you guessed it!

Me: I can't wait to finally meet Kaito in person. He told me so much about everything that happened and how they faced all those world monsters. They were amazing.

Nico: They sure were. I can't wait to see how you will kick their butts J.D.

Me: It'll be Ambassador Missions that are like episodes of Power Rangers on TV.

Eli: This will be so awesome!

Me: I know. And they have 45 Years of Power Rangers at their command.

* * *

Later we were at the park.

Avery: It sure is beautiful out.

Nico: Boy you said it Avery.

Me: Yeah. And in a few minutes we go help the U.A. Universe out.

But then we saw a little girl that had black hair and she had a purple dress and she came up to us.

Me: Oh hello young one.

But then she opened her eyes and she had large black eyes like those of an Aye-Aye.

Dexter: Gah!

Me: Wow.

Syd Chang: The Fold must've sent her to take us out!

Nico: Syd don't be paranoid! Besides she's just a little girl.

Dexter: Besides I know this girl. She's the creepy-eyed girl.

Dexter told us about her.

---

The Creepy-eyed Girl is a nameless and silent young girl who, as her name suggests, has very big blank puppy eyes that always seem to stare right into one's soul and cause incredible discomfort. She only appeared in the episode Aye Aye Eyes, where she fell in love with Dexter after he brought back her Bunny Doll. Dexter subsequently ignored her repeatedly but was forced to pretend to be her boyfriend after she threatened to reveal his secret laboratory to the public. She (with the help of Dee Dee and Dexter) eventually finds a new love with a boy who had the same creepy eyes as her.

---

Nico: Wow Dexter. I didn't know you met this girl before.

Lisa Loud: Very fascinating.

Nico: (To the girl) Do you have a name little one?

Girl: (Nods)

Me: Do you speak at all?

She shook her head for no.

Me: Oh she was born mute.

Jericho: (Writes on his chalkboad) Just like me.

Laney: I know how to help.

She pulled out a chalkboard and gave it to her.

Laney: Just write what you want to say on here okay.

Sinnertwin: Is there a reason why you can't talk?

Girl: (On the chalkboard) I was born mute like J.D. said.

Sinnertwin: Oh man.

Me: What is your name?

Girl: (On the Chalkboard) Wei Wynn.

Me: Pleasure to meet you Wei.

Laney: Same here. It's awesome that you know Dexter before.

Wei Wynn: (On the Chalkboard) He gave me back my bunny before and I have this amazing power to see into someone's soul.

Me: Wow!

Dawn (Total Drama): Just like how I can see what is in another person through their auras.

Nico: That is really spiritual.

Streetwise: Do you want to join the team?

Wei Wynn: (On the chalkboard) I would be honored.

Me: Well you have to go through sort of an initiation.

Nico: But we'll give you a shot. We are about to leave on a big mission so you need to be ready for this one okay.

Wei Wynn: (On the chalkboard) Okay. I will give it my best! (Salutes)

Me: Love that spirit.

Nico: Yep. Lets head back to the estate and get ready.

Riku: (eats M&Ms) Might as well have one last snack before we go.

Poromon: Can I have some Riku?

Poliwag: Me too?

Riku: Sure! These are leftovers from our Beach trip a while back.

Me: Always could use a snack.

The mascots got some M&M's and they were good.

Me: I have a feeling we'll meet X on this one.

Nico: If we do it's prison for him. But I highly doubt he will show up where we're going.

Eli: Yeah.

We later went back to the estate and we were really loading up with guns, blasters and weapons.

Then Machinedramon, Mumbo Jumbo, Grizzly, Zzzax, Patty and Selma, Professor XXXL, Skulker, Golden Glider, BlackWarGreymon, and Toad appeared.

Machinedramon: Can me, Mumbo Jumbo, Grizzly, Zzzax, Patty and Selma, Professor XXXL, Skulker, Golden Glider, BlackWarGreymon, and Toad go with you guys?

Nico: You all sure can. In fact we're going to need all the help we can get for this one. So all the members of the Masters of Evil can come with.

Machinedramon: Good idea.

Machinedramon had them all appear.

Vypra: This is gonna be rough. Especially after what we heard is going on there.

Nico: No kidding.

We then were ready!

But, before we were about to head to the world of the U.A. Marvel Heroes, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy signal, and he saw a vision of who that dark energy signal belonged to, it was none other than our old enemy, Andross, and he's returned from the dead to get revenge on us for destroying him all those years ago and ruining his plans to rule the galaxy, and it was because of the Aparoids. When we saw that, it definitely meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, who's coming after us in the world of the U.A. Marvel Heroes?

Lincoln: None of us are going to like this one, Nico: it's our old enemy, Andross, and he's returned from the dead to get revenge on us for destroying him all those years ago and ruining his plans to rule the galaxy.

We gasped in shock.

Fox McCloud: So, Andross has come back? This isn't good.

Me: I thought we were rid of him for good when we destroyed him all those years ago, but from what we saw from his nephew returning from the dead, I knew it was coming.

Lincoln: Funny you should say that, J.D., because just like Andrew, the Aparoids brought Andross back from the dead.

Nico: Oh boy. But, Sydney's ready for that monster after we destroy the Fold.

Sydney: That's right, and we'll make sure that he never returns from the dead to get revenge on us again.

Akira Akatsuki: And from what we were told about him, he's a delusional tyrant who seeks to rule the galaxy, and anyone who dares to resist him will die.

Lincoln: That's right, but this will be the last time Andross dares to return from the dead again to get revenge. Alright, let's get going.

Nico: Right, Lincoln. Alright, let's go, everyone. This will be the end of The Fold once and for all.

We head for the world of the U.A. Marvel Heroes to destroy the Fold and stop SHIELD's corruption, and after that, Sydney is going to face off against Andross, and she'll make sure that he never returns to plague anyone ever again.

Nico: Hold on UA Heroes we're coming!

Me: Yeah! Stand back guys!

I opened a portal and we were off to the U.A. Universe!

NEW YORK CITY, U.A. MARVEL UNIVERSE

We arrived in New York City in the Ultimate Alliance Universe!

Me: Here we are! Welcome to the Ultimate Alliance Universe.

Nico: Whoa! It looks like a total dystopian Nightmare.

Me: Yeah. The SRA and the Fold have really done a number on this world. It's like a war.

Nico: No shit.

Laney: Yeah.

We then saw U.A. Fury!

Me: There!

We ran to him

Sydney (hugs UA Fury): Fury! It's so good to see you!

UA Fury: (actually smiles) Right back at ya, Sydney. You picked a perfect time to show up Something big's going down. Those villains Stark's been controlling have gone off the leash. They've set up a trap on the core tanks that could blow everyone here to kingdom come.

Me: Oh man! But it's good you're all right Director Fury.

UA Fury: Same to you J.D.

Luminous: Okay, Fury. Lead the way.

UA Human Torch: Are you guys, serious?! Look at what he's caused with that assault on Latveria a year ago!

Me: We are well aware of that Johnny.

Maria: Johnny, if we don't listen to Fury, people are gonna die.

Me: And that explosion from Nitro's Kamikaze detonation will be the least of our worries if we don't do something!

UA Fury: I knew I could count on you guys. C'mon, we need to head to the central facility of the plant.

We headed into the area where the tanks were.

UA Fury: I'll stabilize the bombs and toss 'em to ya, then you dispose of 'em. (sees something) Oh, and uh, keep those two busy, would 'ya?

We then saw Venom and Stitch, with glowing blue eyes and tendrils coming from his backs, stood in front of us, menacingly. Green Goblin flew down on the Goblin Glider, with the glowing eyes and tendrils too.

Me: Venom and Green Goblin!

Kiyo: You're lucky Sydney trusts you, Fury.

Zatch: Yeah! You better now be hiding anything from us!

Me: Lets get them!

UA Fury: Look, they're up to something, we'll have to sort out the details later.

Me: Right!

Green Goblin threw pumpkin bombs at both Spider Men while Venom charged at Girl Jordan.

Girl Jordan grabbed the bombs and threw them back and they exploded in his face and then she popped out of the smoke and kicked UA Green Goblin in his face and smashed him down and Spidermen smashed UA Venom down.

Just when the last bomb was about to disarmed, Venom, on the Goblin

Glider, stuck Fury to the bomb by firing a symbiote blob at him.

Selma: (to Green Lantern) HAL! FORM A SHIELD, NOW!

Green Lantern: (forms a shield around us) Brace yourselves, everyone!

An explosion then occured.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When it was over, all of us were in one piece. But the UA heroes with us were all unconscious.

Me: WHOA! Nice save Hal!

Green Lantern: Thanks J.D.

We went over to the heroes.

Eli: They're okay. Just unconscious.

Me: Lets get them back to the secret base and heal them up.

Varie: Right!

Nico: Lets go!

Me: Nico I'm sorry if I'm starting to take over your position.

Nico: It's all right J.D. You and Sydney know this world better than any of us do and you helped us prepare for it.

Me: Thanks man.

Nico: That's why you have my permission to lead this mission for the time being.

Me: Thanks Nico.

Fury LMD: It's good you guys are okay.

Patty: The others are all knocked out.

Fury LMD: You guys don't mind moving them to my secret bunker, do you?

Me: Not at all Director Fury. But at least everyone will be okay.

Nico: Lets go.

Me: Director Fury we're so sorry all this happened to this world.

Fury LMD: It'll be all right.

We took the heroes back to the base.

Back in the secret base all the unconscious heroes woke up.

Fury: Well, look who's back in the land of the living.

UA Spiderman: Where am I? What happened?

Fury: You're in a secret S.H.I.E.L.D. base that only I know about. (chuckles) Well, I guess now you know about it, too. You guys did a good job of buyin' me time to defuse those bombs. I got most of 'em… but not all. Neither side is gettin' too specific, but you guys got pretty badly hurt in the explosions. No one saw that those mind-controlled freaks were tryin' to do, or that we tried to stop 'em. So it was up to me to save you. While you healed up, I tried to warn Stark about what had really happened. Didn't go too well.

---

Fury: C'mon, Tony. I'm telling you, those "mind-controlled" criminals of yours were completely out of control. They're the ones who rigged the explosions. I tried to-

Iron Man: (Hologram) And I'm telling you it's impossible. Our records show the villains were accounted for the entire time-

Nick Fury: Someone hijacked'em. I saw it myself.

Iron Man: (Hologram) I don't know what your angle is this time, old man, and frankly I don't care. I've got a war to win. Either help me do that, or get out of the way.

Nick Fury: What would Sydney say if she saw you ignoring something this big.

Iron Man (angrily): Don't you dare bring Sydney into this, Fury. I got her, Akira, and JD out because I didn't want involved in this mess you got us into. Now don't call me again. Unless you want a repulsor to the chest! (Calls off)

Flashback ends

Nick Fury: Things didn't go much better with ol' wingtips, either.

---

Captain America: (Hologram) Sorry, Fury. You've got no evidence, and I need more than your word these days. Besides, if Stark's attack dogs really are turning on him and S.H.I.E.L.D., so much the better. Serves them right.

Fury: Sydney wouldn't want you and Tony to be at odds during something like this.

Captain America: (narrows eyes) You know what? Me and Tony might not see eye to eye at the moment. But one of the best decisions he's made was getting Sydney out of here before this war started! Now, don't call me again! (Calls off)

Flashback ends

Buddy Pine: Talk about harsh.

Me: No kidding.

Nick Fury: They can deny it all they want, but something big is goin' down. Maybe even bigger tan this 'Civil War' you're all havin so much fun with. Someone out there is tryin' to take advantage of the situation. Maybe by now I could've figured out who, if I hadn't been too busy playin' nursemaid to you grunts. You owe me. And since you're all presumed dead by both sides, you're the perfect little group to check out this war - at least for a bit - to help me figure this thing out. You with me?

Wolverine: Alright, Fury. We're in.

Nick Fury: Remember, we've the only ones ready to figure out who's behind this. Meet me at the briefing station when you're ready for action.

Me: Right. Lets go.

Nico: Here we go.

UA Thing went over to Princess Celestia.

UA Thing: Hey, how's it goin'?

Celestia: Are you sure it was wise for you to turn your back on this world's Steve and Tony?

UA Thing: Sure, I'm sure. I didn't want no part of it to start with. I eventually got roped into choosin' a side, but I shoulda stuck with my gut.

Celestia: So, you were never on their sides to begin with.

UA Thing: I ain't sayin' that. But fightin' other heroes, and old friends? I hope that stuff is gonna stay in the rearview mirror.

Celestia: Interesting. And are you sure we can trust Fury?

UA Thing: I wouldn't be here if I didn't. I know the guy can be a bit shady, but his heart's always in the right place.

Celestia: Even if he has those LMDS around?

UA Thing: Hey, he didn't have no super powers. Guy'd probably be dead a hundred times over without them things. Alright, I'm all talked out. See ya later.

He left.

Me: We better be ready for whatever is going on this time.

Nico: Agreed.

Laney: This world is going through a lot of turmoil now.

We then saw Nick Fury.

Nick Fury: Hey, there. What's up?

Toad: Please tell me you have a plan to solve this mess.

Nick Fury: I got connections. Or maybe you didn't notice our old pal the Tinkerer hangin' around here?

Toad: I get it. Use a villain to find out a villain's plan.

Fury: You got it. Plus he invented the nanotech that Stark and Richards modified for their use. If the Tinkerer can't help us solve this, no one can.

Toad: Any idea what Rogers and Stark are up to now?

Nick Fury: Probably lickin' their wounds and getting' ready for Round Two… and Round Three, and Four. Not sure what it would take to get their minds off this Civil War.

Toad: Maybe we don't need their help. This could just be something small.

Nick Fury: Depends on what we find. If it's some two-bit hacker operation, we can shut 'em down ourselves. But I think it's a big-name bad guy, and if so, we might need some support. Gotta run. Talk to ya later.

He was off.

Me: Wonder where he is going.

Nico: No idea. But whatever it is we better figure it out.

Me: Agreed.

We then saw The Tinkerer.

Me: Hello Tinkerer. Been a while.

Tinkerer: What do you want? I'm busy.

Rainbow Dash: Alright, Tinky. How I know we can trust you?

Tinkerer: You can't. Apart from knowing that your friend Colonel Fury can be very… persuasive. I am at your disposal until this mystery is solved.

Rainbow Dash: Well, if you pull a fast one on us, we'll deal with you how we dealt with Grogar this morning.

Me: That was in our universe R.D. This is totally different. But yeah I agree there.

Tinkerer: Ah, threats. The ideal way to motivate a great mind, eh?

Me: Comes with the job description.

Rainbow Dash: Anyway, which one of our criminal buddies do you think is behind this.

Tinkerer: Assuming it's not an inside job, our primary suspects include Mr. Sinister, Baron Zemo and Dr. Doom.

Rainbow Dash: Zemo? I doubt he's smart enough to do this.

Me: Yeah.

Tinkerer: I know you all haven't fought him yet. But he is a scientific genius and is incredibly resourceful. His quest for power could take him in any number of directions. Now please… I must return to my work. Good-bye.

We left.

Me: (Whispers to Nico) He is up to something really big Nico. I can feel it.

Nico: (Whispers to me) Yeah I sense it.

Before we went to the briefing room, we saw the U.A. Version of CLETUS KASADY A.K.A. CARNAGE!

Nico: Carnage!

Girl Jordan: (to UA Carnage) Oh no! No way I'm joining forces with him!

UA Carnage: You got a problem with me? Because Fury just recruited me for this Nanite thing.

Girl Jordan: Of course I have a problem with you!

UA Spiderman: What's wrong with her?

Me: In our universe our version of Carnage that we killed before impersonated J. Jonah Jameson and spouted lies about people with powers being freaks and because of that her mother disowned her and got her homeless. And ever since then she has had this tremendous powerful vendetta towards him and she HATES Carnage with a burning passion.

UA Spiderman: Oh man! That's terrible. Look, Girl Jordan, I know Carnage can be crazy. But are you really willing to let the Nanites win all because you don't like him?

Girl Jordan: You don't know what the Carnage I know has done!

2012 Raph: We know he made you an outcast, got you disowned, made you homeless, basically ruined your life and left you with just a cardboard box to sleep in… Cry me a river. We need all the help we can get. So how about you get over it?

Lincoln: HEY! Girl Jordan has a good reason to-

Nico: Raph might have been harsh just now. But he has a point. Heroes. Villains. Those sides don't matter right now. Because like it or not, we're all on the same side. If we don't unite against the Nanites, none of us will have a future.

Me: Well technically he didn't get Girl Jordan sent to live in a cardboard box in an alley.

2012 Raph: Oh sorry.

Nico: But yeah J.D. Remember what I said. Sometimes we all have to work together with villains we don't like in order to get the job done.

Me: It's risky we know but this version of Carnage is also Penelope Waverly's archenemy in the M.O.E.

Nico: That's right G.J. Just try and put up with it.

Girl Jordan: Oh you're right.

2012 Raph: (to Girl Jordan) Look, Girl Jordan. I'm sorry I was harsh. But I felt that it needed to be said.

Girl Jordan: I know and I appreciate that.

Me: Okay before we get to work we better call in the usual battles to see who is facing who so we can give a demonstration of our power.

Nico: Right. Maria call it in.

Maria did so and then out came Webstor, Angel, Red Ghost, Skalamander, Rich Texan, Steam Smythe, Black Adam, Comic Book Guy, Doctor Octopus, and Girder

Nico: Webstor, Angel, Red Ghost, Skalamander, Rich Texan, Steam Smythe, Black Adam, Comic Book Guy, Doctor Octopus, and Girder. Just so you know we're going to have the usual battles like how we did in the world of Kameo.

Webstor: So, basically, we have the usual battles at certain breakpoints.

Nico: Exactly.

Angel: Can't argue with that.

Red Ghost: As long as we still have the usual battles.

Me: It'll be awesome.

Skalamander: (to Nico) We heard you fought an Evil Sunset Shimmer.

Nico: Yep we sure did.

Rich Texan: Tell me she didn't turn into a demon!

Nico: No thank goodness that didn't happen. But we also got to help Twilight learn what it's like to be one of us.

Rich Texan: That is cool..

Laney: It sure was cool.

Strikeout then appeared for another round.

Nico: Ready for another round I see Strikeout.

Strikeout: Yep. I sure am.

Nico: Cool cool.

Strikeout: So, I'll be having my battle early.

Nico: You sure will. If that's okay with you.

Strikeout: It sure is. And we have 2 new recruits too. One of them you might not like.

2 figures came out and they were PRIMATOR from episode 4 of Season 2 and Rita Repulsa from the 2017 movie!

## Primator

Lord Zedd created Primator after he realized that Zordonwas going offline temporarily due to a galactic imbalance caused by the linear alignment of the planet's in the solar system and Primator could confuse and destroy the Power Rangers from within. Primator was created from Zack's white gorilla suit and could transform into the in both their morphed forms and as normal teenagers, allowing him to blend in with them for as long as he wanted. Zedd sent Primator to infiltrate the Command Center so he turned into Billy. He then found Alpha 5 playing with a child he was "rescuing" a child named Dylan and caught their soccer ball in the middle of the game. Primator nearly tricked him into giving him access to the Command Center by belittling him about leaving the Command Center but he reflected in Alpha's helmet and returned to his real form. Primator then tried to take Dylan hostage but he stomped on Primator's foot and fled. Alpha then activated his self-destruct so Primator teleported away to avoid getting blown up by it. A short while later, he went to the Juice Bar and took the form of Zack and tricked the girls into thinking Tommy was in danger so that they could be ambushed by the Putty Patrol although they easily decimated the horde.

Later still, Zordon returned from hibernation but Primator had since returned to Angel Grove and attacked the city. Despite Alpha's imminent demise, Zordon sent the Rangers to stop him since he was threatening to destroy the city but he somehow managed to turn into Trini as they did their roll call. The two Trinis tried to get the others to attack the other but they would not risk hurting their friend so Jason decided to prove who they were by having them fight him and discerning who was using Trini's fighting style. Realizing that he was calling their bluff, the Trini on the left refused to fight and thus revealed she was the real Trini. However, Primator was bullheaded and jumped at Jason with a duplicate Blade Blaster only to get shot down by the actual Blade Blasters which forced him to revert back to his true form. However, Primator pulled out a double bladed lance which cut down Billy and allowed him to twirl Zack and Tommy to the ground. However, when Kimberly fought him, Jason was able to draw his Power Sword out and fought Primator before cleaving his lance in two straight down the middle. However, he charged and then rammed them to the ground before mockingly showing his behind and running off. Zack then tackled him off the sea wall only for Primator to tackle him off the side of the cliff and change into him as well. This time, he pretended to be harmed and had the Rangers surround him only to reveal that was the fake and overwhelm the lot of them. Zack returned and Primator went into a montage where he became Billy, Zack, Trini and Kimberly's Ranger forms, back-flipping as Pink before becoming the Red Ranger. He and Jason did battle but he overwhelmed Jason and tried to get the Rangers to attack their real teammate but they were not falling for it. Unfazed, Primator blasted the team down which forced them to retreat to the Command Center.

Luckily, with Zordon's help, the Power Rangers figured out that having Primator see himself in reflective surfaces would revert him back to his true form by reviewing the footage of Primator confronting Alpha from earlier. They teleported back to the quayside but, for reasons never explained, were separated from one another. Primator ran up, posing as Tommy before telling them that he had was losing his powers again. However, they realized who he really was and Jason kicked him down since he had realized that Tommy would never give up. Billy then managed to defeat Primator by giving him a mirror whilst he was in his Green Ranger form, causing a weird Red-Green hybrid. With Primator's shapeshifting powers now pretty much useless. he tried to flee but the other three Rangers cut him off only for Primator to blast them all down. In spite of this, the Rangers recovered and took him down with a multitude of punches and kicks, Kimberly and Trini landing the final hit with a jump kick. Since they were about to form the Power Blaster and finish him off, Lord Zedd threw a Growth Bomb which enlarged Primator, now gaining a giant version of his spear. The Rangers then summoned the Thunder Megazord and Dragonzord, the former posing off-screen whilst the latter personally fought the Dragonzord. He managed to knock it back with a stab to the chest but it managed to snap his spear in two with its tail. Enraged, he blasted the two but the Thunder Megazord just walked straight through it. It then destroyed Primator with the Thunder Saber, screaming as he fell flat on his face and exploded. This appeared to be part of a surprise attack because the monster was tougher than it appeared to be initially, overwhelming the Dragonzord with ease. With this in mind, they may not have given them the time to power up the Thunder Saber otherwise.

2017 Rita Repulsa

**Rita Repulsa** is the main antagonist of the 2017 film reboot of *The Power Rangers* . A more ruthless villainess and a fallen heroine, Rita was a traitorous Green Ranger who betrayed her fellow Rangers to take the Zeo Crystal to gain power over life and death. Her former Rangers-in-arms, led by Zordon, fell by her hand, which ended with Rita rendered comatose and in a near-death state in ocean while Zordon had his spirit transferred to the Morphing Grid through their ship's systems.

She was portrayed by Elizabeth Banks, who also played Jaina Jansen in *Law & Order: Special Victims Unit*, and Jenny Peterson in *The Happytime Murders* .

In the Cenozoic Period of Earth where the last generations of dinosaurs still remained (albeit with their numbers dwindling), the ancient Green Ranger, Rita Repulsa, for reasons that yet to be revealed (albeit indicated that she may have switched sides to Lord Zedd), turned against her fellow Rangers and came to Earth to take the Zeo Crystal, a powerful artifact with which she could harness the power of life or death as well as the power to create and destroy worlds. She knew the crystal's extraction would render all life on Earth extinct, but did not care.

To carry out her plan, she forged a special Magic Staff that enabled her to create an army of golem-like creatures called Putty Patrollers and a golden monster named Goldar that could pull the Zeo Crystal from Earth's surface as well as serve her as her sentient superweapon comparable to Zords. Her former allies, Zordon and the rest of the Rangers stood up and battled against her, but they ultimately lost the fight, as Rita managed to kill all but Zordon himself.

In a last-ditch effort to stop her, Zordon ordered Alpha 5 to redirect a meteor in her and Goldar's direction. As result, Goldar was destroyed while Rita was sent flying into the bottom of the ocean. The meteor impact also nearly killed Zordon and render the last dinosaurs extinct, but Alpha 5 managed to send him into the Morphing Grid to keep him alive.

In present day, Rita's seemingly lifeless body is fished out of the ocean by boatmen. They thought Rita's preserved body already dead long ago, but unaware that her powers keep her alive all these million years, and upon awakening, she immediately killed them and set out to Angel Grove.

Old and withered due to age and lack of nourishment, Rita searches for gold to be absorbed as means to rejuvenate herself and restore her powers. Perhaps due to either her aging effect damaged her brain or simply desperate to restore herself, she stole gold from anyone and anything she can find, often brutally murdering her victims in process and making news in Angel Grove. Eventually, Rita fully regenerated. when she comes upon one of Angel Grove's jewelry stores.

Sensing presence of other Rangers near her, she invades the home of the Yellow Ranger, Trini Kwan, and demanded her the whereabouts of the Zeo Crystal. Unable to gain information from her, Rita deduced that Trini's fellow Rangers know the crystal's location. She then morphs into her battle-damaged Ranger suit to introduced herself and reveals that she killed Trini's predecessor in the past before goad her to rally her friends to met her at the docks.

The Rangers later confront her at the docks to defeat her. Unfortunately, they yet to be able to mastered the ability to morph that gave Rita advantage to subdue them. She then threatened to kill Zack if any of them refuse to tell them the crystal's location. This prompt Billy to told her the crystal to save Zack. Though she got what she wanted, Rita unexpectedly killed Billy by strangled him to death and dropped his body to the water to retain her respect with Zordon. Afterwards, she left the demoralized Ranger brought their dying friend back to Zordon's ship.

Now with her restored powers reached its peak and knows where the Zeo Crystal is, Rita entered a gold mine to reconstruct Goldar and an army of Putty Patrollers where she sent a squadron of Putties to obliterate remaining Rangers and delay them. Though the Rangers, with newly revived Billy quickly decimated the Putty squadron, they delayed the heroes long enough until Goldar fully resurrected. In response, the Rangers piloted their superweapons, Zords, to combat Rita Repulsa, Goldar, and her legion of Putty Patrollers.

In the heat of the battle, Kimberly, with her Pterodactyl Zord, combined her strength with Billy who piloted his Triceratops Zord by hurling the latter's Zord through Goldar, destroying him into pieces. Even so, Rita counteract this by restoring her sentient doomsday weapon and upgrade him with more weapons. This ultimately escalated the battle to the whole new level as the heroes combined their Zords into a Megazord that battles Goldar. Ultimately, Rangers' Megazord emerges victorious. Rita erupts out of Goldar's melting form and screams at the Rangers to wait and listen to her. She yells that even though they may have stopped her and Goldar, other villains will still come to collect the Zeo Crystal themselves (hinting at Lord Zedd's potential arrival in the future) and that what the team has cannot last, screaming that they know she is right. Jason responds that they do not know for sure but will stand firm and order her to turn herself in to be judged by Zordon. This infuriates Rita to the point that she flies at the Zord, only to suffer a humiliating defeat when the Megazord literally sends her to the sky with a backhand slap (Jason giving Trini the order to counterattack with the Zord's right hand at the correct moment), launching her out of Earth entirely.

In space, near the moon, Rita smiles as she finally freezes in the vastness. It is unknown whether she can also survive this or not.

Tommy Oliver: Primator!

Nico: And 2017's Rita Repulsa!

Primator: Been a while rangers!

Me: I remember you Primator! Lord Zedd made you to destroy the Rangers when Zordon was gonna go offline because of a planetary alignment to destroy the Power Rangers from within! And Rita you are completely different from your predecessor from 1993, 24 years prior.

2017 Rita Repulsa: That's true but it'll be awesome to face one of you.

Me: Yeah but we'll have to save your battle for later. Who did you two pick?

Primator: I chose Jason Jenkins.

2017 Rita Repulsa: I picked this worlds version of Iron Man.

Nico: Wow! We'll have to have that battle later down the road.

2017 Rita Repulsa: That's fine. I'll wait.

Me: Good. Director Fury we're gonna show you a couple of demonstrations of our power.

Webstor, Angel and Strikeout then appeared.

Me: Lucy, Angel and Turbo Rangers you're up.

Said groups were up.

Webstor: (to Lucy) I'm glad Nico had another successful rescue. But what happened to the Sunset Shimmer that was fought?

Lucy Loud: Lets just say she had a lot of things she had to do to get everyone to trust her and more.

Princess Luna: Yeah no kidding.

Moondust: Grogar did a number on her.

Snowdrop: It was horrible that he did that to her.

Gari: But Grogar is gone forever now.

Blackout: Thank goodness for that now.

Moka: Yeah he had it coming too.

Kurumu: Good riddance to that devil goat.

Webstor: Thank goodness for that now. Lets do it!

They fired waves of darkness and smashed him down.

Lucy Loud: Ha. Wicked.

Princess Luna: A true victory of the night!

Angel: (to Skyla) I heard Lincoln's rescue was on a new planet. What was it like?

Skyla: It was a water planet called La Planeta de Agua (Arriba!) and it was awesome.

Princess Celestia: It sure was and we dealt with Bob the Killer Goldfish.

Amber Morning: He was a nasty goldfish.

Spotlight: Yeah he sure was.

George Jetson: Yeah he sure was.

Angel: I would not like that kind of a goldfish for a pet. Lets do it!

They fired waves of light and energy and smashed her down.

Skyla: Take that!

Princess Celestia: That was so awesome!

Nico: This will be fun.

Nico teleported and opened Strikeout's safe and in it was a bunch of swords called the Defenders of Slugterra and Destroyers of Blakk Industries, they're large swords with the anti-Blakk Industries symbol and symbol of Slugterra etched onto the 6'9" massive, wide, double-edged, man-sized blades, angel wings for the crossguards, large gems for the hilts, longer black handles, and large gems with surrounding angel wings for the pommels. Once in hand, they'll get a massive power and energy increase.

Nico teleported back with the swords.

Turbo Rangers: SHIFT INTO TURBO!

They transformed and were ready!

Megaforce Rangers: LEGENDARY RANGER MODE! TURBO!

The Megaforce Rangers turned into the Turbo Rangers too!

Nico: TURBO RAM CANNON!

The Turbo Rangers summoned the Turbo Ram Cannon!

Nico: Fire!

They fired waves of elements and energy and the blasts all hit Strikeout and he exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Nico: Strikeout you have failed this city!

Troy Burrows: Rangers that's a Super Mega Win.

Me: What did you think of that Director Fury?

UA Fury: That was amazing!

Me: That was a small sample. We have much more than that.

We got to work.

Nick Fury: Aright, listen up, Tinkerer here's been tryin' to figure out who might be pullin' the stings of S.H.I.E.L.D.'s nanite criminals when no one's lookin'.

Tinkerer: Since I had some… involvement… in the original nanotechnology S.H.I.E.L.D. has converted for their use, I was optimistic that I could puzzle out the situation with the data already available. However, that has not proven to be the case. I have nothing more than conjecture at this point. In order to determine what's really happening, I will need to view the networking logs for S.H.I.E.L.D.'s nanite control grid. Unfortunately their signal is highly encrypted. It could take years to break their code and directly their servers.

Nick Fury: We don't have time for that, obviously. The shorter and quicker route is to physically transmit that data directly from their servers, which we've discovered are located in Ryker's Island penitentiary. So that's where you're headed. Now don't worry, I know tryin' to burst into that place on your own would be near impossible, since it also contains the portal to Stark's Negative Zone prison. But we got information that Captain America and his forces are about to stage a prison break to release their buddies from the Negative Zone. They'll have to smash through Ryker's to get there. We'll take advantage by having you piggybank on their incurison. While they're driving toward the portal, you'll follow in their wake and get that data sent to us. Then we can figure out who the hell's grabbing control of these psychos, and why.

Me: Yes sir Director Fury.

Nico: We're on it.

Me: Also Prison 42 believe it or not in our universe is also located at the bottom of the Mariana Trench.

Nico: Wow that is coincidental. Did you get the inspiration for that prison from that?

Me: No it just came to me out of the blue.

Eli: That's interesting.

Fury: S.H.I.E.L.D. should have their hands full, but I'll patch you into their comm channel so you won't get any nasty surprises. Now get to the portal room and upload those network logs.

Me: Okay.

We did so.

UA Maria Hill: Attention S.H.I.E.L.D. personnel - this is Commander Hill. Any superhumans not accompained by Iron Man should be detained, by any means necessary.

We then ran into some SHIELD Agents.

S.H.I.E.L.D. Agent: More capes? You heard Hill's order - take 'em down!

Skalor: Sorry. Nothing personal. We know you guys are just doing your jobs.

Me: That's right and we are here to revoke the SRA!

I fired waves of lightning and electrocuted them and knocked them out.

Nico: I can't believe I'm saying this but you S.H.I.E.L.D. Agents have failed this city!

UA Maria Hill: Stand down, 'heroes'. You might have helped us down before, but I can't be sure who you're working for now.

Me: Sorry but we don't take orders from the likes of you Hill.

Sydney: We don't want to hurt you, Hill. Stand aside.

UA Maria Hill: No can do. Bring them down!

Stewie: Don't say we didn't warn you.

UA Spiderman then proceeded to grab all the S.H.I.E.L.D agents in webbing before clustering them together and jumping in the air, while Stewie tossed a great number of poopy diapers in the air, before shooting them to make them explode all over the S.H.I.E.L.D agents.

YUCK!

Nico: Hope you guys like smelling like raw diarrhea!

Laney: Nice one.

Eli: That was cool!

Flash: Yoink!

UA Maria Hill: Fine, take the key. Go help Captain America or whatever you think you need to do. But there's an army on the other side of that portal waiting to stop you.

Nico: We'll take that chance!

May: You're not a good listener, are you? But thanks for the key anyway!

UA Maria Hill: I'll enjoy interrogating you all when this is over.

Nick Fury: Ain't she a sweetheart? Now go get that data.

Me: Yes sir Director Fury!

We went through the portal!

We arrived in Prison 42.

Me: Whoa! Prison 42.

Our auras flared up with incredible intensity!

Me: WHOA! Our auras are active.

Nico: The Negative Zone is called that because it's full of intense Negative Energy.

Me: Wow! It's powerful.

Penance: Not so fast. I've got my orders. Now here's one for you. GET THE HELL OUT!

Me: Robert Baldwin A.K.A. Penance. We haven't met you or faced you yet.

Penance: So you are the famous J.D. Knudson of Team Loud Phoenix Storm.

Me: An honor to meet you too.

Ben turned into Four Arms.

Four Arms: Sorry, Robbie. But this is a matter of life and death.

Four Arms grabbed Wolverine.

Four Arms: Sorry about this Logan.

He then threw him at Penance, claws first and smashed him down with a powerful punch and slash.

Nico: Nice one Ben!

Penance: You won't get past me! YOU WON'T!

Me: We will!

Penance released a large blast of kinetic energy that hit everything around him, knocking us down and I dodged the blast and the blast accidentally freed several Nanite-controlled criminals around him. They had glowing blue eyes and tendrils coming from their backs.

Me: UGLY!

Samus: It's like going through the Phazon Crisis.

Nicole: I remember seeing tendrils like that in the Hypermodes of the Phazon Enhancement Devices.

Penance: Oh man, they're all loose!

William: (the prisoners start beating Penance up) Robbie, hang on!

Penance: No! Save yourselves. This is what I deserve for not stopping Nitro's explosion.

Me: No way!

Maria: We're leaving no man behind!

I fired a massive blast of lightning and blew the Nanite Prisoners away and I grabbed Penance and had him hold on to me.

Me: Hang on Robbie. We'll get you help.

Fury: We got the data, and the Tinkerer's done a quick analysis. It doesn't look good.

Me: Uh oh. What is it Director Fury?

Tinkerer: We were concerned that an unknown megalomaniac might be overriding S.H.I.E.L.D.'s nanite control signals, with intentions unknown. However, the truth is much stranger, and potentially much more troubling. There is no secret mastermind pulling the strings of these criminals. The network that links their minds has become large and complex enough to emerge as its own intelligence: a neural net whose intellect grows each time they inject another host with the nanites.

Me: Like some kind of Hive Mind infecting more and more people!

Nick Fury: The only reason this thing hasn't already spread like wildfire is because S.H.I.E.L.D. lets just a few of 'em out at a time.

Tinkerer: Correct. If the entire group were released from lockdown, they could escape Prison 42 and quickly spread across the Earth like a techno-plague. Everyone would eventually become part of its collective consciousness.

Nick Fury: We already saw that they could override S.H.I.E.L.D. control Wouldn't there be any way to stop 'em?

Tinkerer: To determine that, I would need a pure, untainted sample of the nanite material… one that hasn't yet been injected into a host.

Me: A pure one that hasn't been infected!

Nick Fury: Okay. They must have some of that in their Negative Zone jailhouse. And we won't get a better chance to had in there and grab some of that stuff than right now, while the heroes are still beatin' the crap out of each other. I'm gonna have to do this the old-fashioned way. Sit tight till I arrive to help you out.

Me: Okay we'll hold on for as long as possible till then.

We fired blasts of lightning and knocked them down and then Fury came.

Fury: Eeeew, teleporting makes my skin crawl, but you'll need my help, and I can't send a decoy into the negative zone, signal won't cross over.

UA Wolverine: So, we break in, grab the goods and leave? Great plan, Fury

Eli: Nobody likes sarcasm, Logan.

Golden Glider: Eli, I think all of us have a reason to be sarcastic right now.

Me: That's right.

Fury: Hey, this is the best shot we'll get to get into that prison, or no one'll be sitting on an antidote that can save humanity from this thing!

Penance: Huh, and I thought everyone was too busy fighting each other to watch out for innocents. Let me help, I can activate the portal for you.

William: Thanks, Robbie. And you know what? Why don't you join the Redemption Squad?

Penance: I would be honored.

Me: Awesome. Robbie I'm sorry this all happened to you and everyone here.

Penance: It's all right J.D. But you saved my life and I am forever indebted to you.

Me: It was the least I can do.

Nick Fury: It's a lot easier gettin' into this place than gettin' out. I'll head to the portal control room to make sure this gate's open for us when it's time to book. The nanite labs are a few levels below us. Head down and grab us that pure sample. I'll meet you back here.

Lori: All alone? You're literally not a robot this time, Fury.

UA Fury: Yeah, and I was kickin' butt back when your mama was wipin' yours. I can handle myself. I'll let you know when I reach the control room. From there I should be able to help clear your way. Now get going.

Me: Yes sir.

We followed Nick Fury.

Officer Swanson: Lab personnel, this is Nanite Control. Detain those rogue heroes! We're going to bring another nanite agent online to assist you.

Nick Fury: Sounds like they're prepping everyone for nanite injection. Try to stop 'em before they use up that sample we're after.

Me: Right.

Nico: Just in case we're too late, try and see if there's another one.

Bleez: In the meantime, we're gonna do our entrance.

Me: Lets do it!

We went for the door.

In the lab all the personnel were working and then the spirits of the Sciences of Cars and Speed swirled around them and then blasted all the equipment and then the spirits converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and blasted through the wall and blasted numerous machines all over with fireballs and a phoenix cry was heard and then we came out.

Me: You sickos are in really big fucking trouble!

We saw that the Nanite Agent was Terry Sorenson A.K.A. Equinox!

Me: It's Terry Sorenson A.K.A. Equinox! We haven't met him yet!

Swanson: Done! I never liked working with these "heroes" anyway. Time to put 'em on ice!

Me: Time for you to burn!

Nick Fury: Damn. He's been injected with the pure sample. I'll find you another one.

Equinox wordlessly ran at Qin with fire and ice in his hands.

Qin then ducked and slid on the floor under him through his legs and fired a blast of lightning and electrocuted him.

Me: Rex now!

Rex: Right!

Rex put his hands on Equinox and sucked out all the Fold Nanites and cured him!

Me: Whoa! Rex's curing powers not only work on E.V.O.'s but those infected with the Fold.

Laney: Me and Bane will help Equinox. He would be more suitable for the M.O.E.

Vypra: Good call Laney.

Fury: Good work, team. You should be clear to head back to the portal. No one's gonna stop ya… they're all too busy partying it up in the cell blocks…

Grizzly: Then why do I have a bad feeling right now?

Me: I got that same feeling too. Something is coming.

Nico: Same here.

Red Ghost and Skalamander then appeared.

Me: Zak and Chris your groups are up.

They got ready.

Red Ghost: (to Zak) I heard you guys met 10 Gene-Slammers for the Agents of the Planets. What are their names?

Zak: They are the Huntington Sisters: Sally, Callie, Hailey, Jewel, Tina, Julia, Caitlyn, Olivia, Gina and Polly.

Red Ghost: Wow! That is amazing.

Fluttershy: It sure is and they are amazing that they represent each of the 9 planets and the sun.

Tornado Bolt: And they had 10 revelations of 10 dirtbags we know.

Tornado Bolt told him everything.

Sally found out that Icky Vicky has not only tortured and tormented the kids of Dimmsdale, but she was also planning on doing the same to other kids all over the world. Sally wasn't going to let that demonic bitch go through with it, so she called the FBI, and they arrested her on charges of child abuse, racketeering, assault, and many more, and they took her to prison, but she swore to get revenge on the person who threw her butt in prison.

Callie found out that Sammy's evil sister, Amy, is an even worse monster than you first thought: during an investigation, she found out that she and her mother were planning on going on a multi-state crime spree in the U.S. robbing people of their money and killing them in cold blood. Callie wasn't going to let that bitch get away with it, so she sent the information to the FBI, and they busted in to arrest Amy and her mother, but they got away and hid in a safehouse, and they shot two FBI agents dead in cold blood during their escape.

During Hailey's investigation in Dimmsdale, she found out that Crocker was much worse in terms of insanity: if he couldn't get his hands on Timmy's fairies, he'd try to go to different schools in the United States, so he can try to find them, and if no one told him, he'd kill them. But, Hailey wasn't going to let that loon get away with it, so she sent the information to the FBI, and they swooped in on

Dimmsdale Elementary to arrest Crocker and throw him in the insane asylum, but he got away, and he swore he'd get his revenge on the one who called the FBI on him.

During Jewel's investigation in Springfield, she found out that Joe Quimby was planning on extorting the governments around the world, since his plan to extort the U.S. government had been foiled, and Mr. Burns was also in on this. She wasn't going to let that so-called mayor and that evil old vulture get away with it, so she sent the information to the FBI, and they swooped in to arrest Joe Quimby and Mr. Burns, but thanks to Smithers, Mr. Burns and Quimby got away, and they had a bounty put on Smithers' head for assisting in their escape.

During Tina's investigation in Amity Park, she found out that Vlad Masters/Plasmius has done so much more horrific crimes, such as attempted kidnapping, extortion, and so much more. Tina knew that Vlad could transform into a ghost and he could blast or overshadow the FBI agents if she called them here to arrest him. So, she fired a blast of fire, and really burned him badly. Tina left out of his mansion, but he swore that one day, he'd have his revenge.

During Julia's investigation in Royal Woods, she found out that Amy McKale is 100,000,000 times worse than everyone all first thought. She found out that that bloodthirsty, evil, sadistic savage had brutally assaulted anyone who got in her way, and she saw the wounds that many of her victims had gotten, and they were almost life-threatening. She wasn't going to let that bitch get away with it, so she fired a blast of lightning, and electrocuted her. Then, the cops were called in and they hauled Amy back to prison, but she swore if she got out, she'd get her revenge.

For Caitlyn she did some history research in the library, and she found out that Frollo was much worse than just the blasphemous heretic and murderer all of us found him to be, he's committed tons of crimes that fits the Seven Deadly Sins throughout 15th century France, and if those crimes got out, he'd face excommunication from the Catholic Church, not to mention execution at the hands of the Parisian people, and once dead, he'll be sent to Hell to burn for all eternity.

During Olivia's investigation, she found out that serial killer, Gabriel Tinsley, was much worse than Sarah and all of us thought. Apparently, Gabriel has murdered tons of college girls who were in their 20s throughout the United States, and every time he's moved from there, because the cops were after him. But, eventually, he was caught in Royal Woods, Michigan, and he'd be sent to prison for the rest of his life.

During Gina's investigation, she found out that Koichi Shido is much worse than Takeshi, Shizuka, Saeko, Rei, Saya, and all of us ever thought. She found out that Shido's much more than just a traitor who sent his entire world to Hell when he released that virus, he's also profited from the pain and suffering of the innocent, and if anyone dared to speak against him, he'd have his followers kill them, and throw their remains to be fed to by the zombies that Takeshi, his group, and all of us have killed.

During Polly's investigation, she found out that Weiss' lowlife dad, Jacques Schnee, is even worse than all of you know him to be. In addition to abusing Faunus all over Atlas and using them as slaves, she found out he's been running a racketeering and extortion racket in Atlas, and Polly decided to bust up that little operation by exposing his crimes to all of Atlas. But, before he could be arrested and thrown in prison, he escaped, and he swore that whoever busted his plans would pay the price with their lives.

It was shocking!

Red Ghost: Oh man! That is incredible! I can't believe that they were that dangerous!

Stealth Elf: Yeah no kidding.

Eli: But at least all those dirtbags had it coming!

Rexy growled in agreement.

Dr. Grant: They are monsters.

Red Ghost: Yeah. Lets do it!

They fired waves of leaves, grass, flowers and energy and smashed

him down.

Zak: ALL RIGHT!

Fluttershy: That was fun.

Skalamander: (to Chris) I heard you guys met Wey Wynn the Creepy Eye Girl. Is she really mute?

Chris Taylor: We sure did and she doesn't talk at all.

Rarity: No she doesn't.

Sweetie Belle: Yeah that is crazy.

Gill Grunt: It sure is.

Omi: (Tibetan Accent) It sure is sad too.

Skalamander: Yeah. Lets do it!

They fired waves of jewels, water, ice and elements and smashed him down.

Chris Taylor: That was awesome!

Rarity: Rapture darling that was grand!

A battle was going on between S.H.I.E.L.D and the Anti-Reg forces. Luke Cage batted a S.H.I.E.L.D agent away with his fist, before pounding the ground to release a shockwave knocking away many more.

Luke Cage: (to Captain America) We'll never reach the jail cells at this rate!

Captain America: Are those the conduits we saw in the schematics?

Luke: Yeah, the only exposed power cables for the main systems and the back-ups.

Captain America: Those get cut, and all the cells open up, including S.H.I.E.L.D's remote controlled super-criminals?

Luke: You got it. But the released prisoners might give S.H.I.E.L.D. more than they can handle, at least for a few minutes. It could help cover our escape.

With that, Captain America threw his shield at the cables, breaking them, before catching it again. Suddenly, alarms blared, and the power went out.

UH OH!

With that, all of the cells were unlocked and all the Anti Reg forces came out. S.H.I.E.L.D. Agents tried to stop them but they got knocked out in the process.

Things were looking up for the Anti-Reg forces, then a bunch of Nanite-controlled agents began marching out of a hallway. Green Goblin, Bullseye, Lady Deathstrike, Moonstone, Whirlwind, Molten Man, Electro, Grim Reaper, Diamondback, Jack-o-Lantern, and Wizard were emerging from the hall. Venom, on the other hand, went into another hallway.

UA Iron Man: (sees this) Never thought the cavalry would look quite like that, but I'll take it.

Bullseye's eyes began to glow blue, and tendrils sprouted from his back, signaling that the Nanites were taking over. He picked up a bullet from the ground, saw Green Goblin, also with the glowing eyes and tendrils, and without saying a word, formulated a plan. Goblin tossed a pumpkin bomb over the crowd, and Bullseye hit it with the bullet from far away. The bomb exploded, sending shrapnel and fire falling all over the crowd.

UA Iron Man: (sees this) Nanite control, watch what you're doing with those prisoners. They just..

He was interrupted by Moonstone shooting him in the back with her powers. He crashed against a wall and fell to the floor.

UA Iron Man: Dammit Swanson! Get those prisoners attacking the right targets!

Swanson: We're trying sir, but they're not responding. The inhibitor transmissions aren't having any effect.

UA Iron Man: Then spike their nano-chains! Shut them down NOW!

Swanson heard this, and tried to do that, but to no avail.

Swanson: No effect Mr. Stark, the villains are completely out of control!

Then a shadow loomed over him. He looked up to see Venom, with glowing eyes and tendrils.

Venom: You don't say

Venom wrapped Swanson up in symbiote and killed him.

Iron Man looked up to see Lady Deathstrike, with glowing blue eyes and tendrils, overlooking him, ready for the finishing blow, when she was punched in the face by Captain America, sending her down. Captain America reached out his hand, and Iron Man took it.

Captain America: Looks like Fury was right about your Nanite-injected slaves.

UA Iron Man: We had it under control, until you busted in here and released them all.

Mr. Fantastic: Gentlemen. I suggest we focus on getting our people out of here alive.

Captain America and Iron Man then ran to another area, with Reed following them. Had they stuck around for a few more minutes, they would've seen Lady Deathstrike's body being teleported elsewhere.

Fury: Dammit! This is exactly what we were worried about! The Nanite agents are free and they're showing hive mind behavior! Oh, great. Looks like the power surge knocked out the portal. We'll need it to get our people out of here! Take the lift to rendevouz with Captain America and Iron Man, you'll explain the situation to them, while I figure a way to jump-start that portal.

Me: Okay! Lets get out of here guys!

Nico: Right!

Me: Everyone fall back!

We ran and then we saw Captain America and Iron Man.

Me: Captain America, Iron Man!

Sydney: Oh thank goodness!

Captain America: Sydney, where did you-?! (sighs) It doesn't matter. We need your help. Something's gone terribly wrong with S.H.I.E.L.D.'s nanite control systems.

Sydney: We know. We've been helping Fury figure it out.

Me: Yeah and it doesn't look good!

Captain America: So you just left us high to dry on Fury's say so?! There's a word for that…

Iron Man: Steve, we don't have time to fight about this. It's gonna take teamwork to get everyone out of here.

Captain America: You're right - but this portal's offline. We're going to need to fight through the escaped inmates to get power flowing it again.

Iron Man: It won't be easy. They've hijacked the link we've set up for them and are somehow using to make themselves nearly invulenrable.

Trap Jaw: Leave that to us. We fought many of them on the way here.

Captain America: That's good. Get power flowing to this portal. And it's really good to see you again, Trap Jaw.

Iron Man: Head to the top of the cellblocks to reach the power conducts. Steve and I can hold this portal as a rally point. Send any heroes you run into back here.

Captain America: And I'm sorry about what I said before. You and Fury were fighting this threat while the rest of us were fighting each other. I only hope it's not too late.

UA Iron Man then hugged Sydney.

UA Iron Man: I'm so glad you're okay.

Sydney: Me too Tony. Same to you.

Me: Steve, Tony, we're so sorry about everything that happened here in this world. If Nitro hadn't detonated himself and blew all those people up…

Captain America: I know J.D. It's not your fault. It was bound to happen.

Me: I know.

Nick Fury: Sounds like those two have come to their senses. 'Bout time! Guess I'll switch us over to their radio frequency.

Iron Man: Fury? Is that you?

Nick Fury: In the flesh, Stark. And that ain't a figure of speech.

Iron Man: I hate to say it, old man, but you're right. We should've listened. You were right and I was wrong. I'm sorry.

Captain America: It's all right. We're just lucky you and your team saw this coming, Nick.

Nick Fury: Same here Steve.

Me: We got to get out of here and fast.

Chris Taylor saw Luke Cage.

Chris Taylor: Luke! Hang on! We're getting you out!

Luke: You know this is a trap, right?

Then Rich Texan and Steam Smythe appeared.

Me: Becky and Sakura you're up.

They got ready!

Rich Texan: (to Becky) It's amazing how Dexter knows Wei Wynn. Did Dee Dee know her too?

Becky: She sure did and it was cool.

Starlight Glimmer: I agree there.

Cozy Glow: I think it's cool myself.

Hex: Me too.

Iris: Same with me.

Rich Texan: Yeah. Lets do it!

They fired waves of leaves, stars, bones and magic and smashed him down

Becky: YEAH!

Starlight Glimmer: That was amazing!

Steam Smythe: (to Sakura) It's hard to imagine the Fold can cause so much trouble. And now, all of the Nanite Agents are loose in the prison!

Sakura Haruno: I know! It's horrible!

Applejack: No kidding! That was awful!

Apple Bloom: It sure is!

Flashwing: Yeah no kidding.

Pooh: It's awful.

Steam Smythe: No kidding! Lets do it!

They fired waves of earth, rock, crystal and apples and honey and

smashed him down.

Sakura Haruno: ALL RIGHT!

Applejack: YEEHAW! That was great!

We then saw UA Grim Reaper with same glowing eyes and tendrils.

Me: Eric Williams A.K.A. Grim Reaper!

Nico: Grim Reaper. My God. What have they done to you?

Chris: Get Luke out of there! Me and Cap got this! Captain America, D Smash!

He summoned the DISK WARS CAPTAIN AMERICA!

U.A Captain America: WHOA! Is that another me!?

Me: Long story on that Steve.

Chris and Disk Wars Captain America smashed him down with incredible force.

Laney: YEAH!

Luke Cage: Thanks. Those freaks meant business. I'm gonna go help Cap at the portal.

Me: Be careful Luke.

Nick Fury: Get that pure nanite sample that they left. Never hurts to have a spare.

Luke Cage: You got it man!

Firestar: Get me out of here! They're trying to turn me into one of them!

Ilana: Me and Gali got these two! Get Firestar out!

Nico: Right!

They were facing Benjamin "Dex" Poindexter A.K.A. Bullseye and U.A. Moonstone!

Bullseye threw some shuriken at Gali while UA Moonstone locked hands with Ilana.

Ilana: Karla fight their control! Fight them!

Ilana kicked Moonstone down and Gali smashed Bullseye down.

Nico busted Firestar out.

U.A. Firestar: Thanks Nico!

Nico: No problem Angelica.

Captain America: Good job getting Firestar out. Send her our way.

Nick Fury: You'll have to get down to the tower level to restore power. There's a lift nearby.

Captain America: Right.

Me: The lift is not that far from here.

Bonecrusher fixed the power cores.

Bonecrusher: There! All the power cores are in place!

Fury: Energizing the portal now!

He energized the portal!

Me: All right! We're back online!

Eli: Lets get outta here!

Me: EVERYONE RETREAT!

UA Molten Man stood in our way.

Leo Corbett: I got this. Go, Galactic!

He turned into the Red Galaxy Ranger!

He fired a blast of fire and smashed him down.

Captain America: These nanite villains just keep coming! Is there no way to shut them down?

Nick Fury: We're going to have to do something decisive - and fast.

Me: We have to use lightning to electrocute the nanites in them! Aim for the tendrils!

I fired a blast of lightning and it hit UA Moonstone in her tendrils and destroyed the nanites in her.

Nick Fury: Whoa! It works!

I picked up U.A. Moonstone!

Somehow, UA Grim Reaper got himself back up.

Fury: They're reviving each other somehow. Not good.

Chris: Me and my version of Cap will just keep knocking this one down!

Nico: Leave this one to me Chris! DRAGON THUNDERCLAP!

Nico had the 5 Star Dragonball on his bracelet glow and he fired a powerful blast of lightning and it hit the tendrils and electrocuted him all over and destroyed the nanites in Grim Reaper.

Nico then went over and grabbed Grim Reaper.

Nico: Awesome!

Chris Taylor: Nice one Nico!

Captain America: Toe-to-toe, we can't win this fight. We need another option.

Me: He's right! We need to retreat!

Iron Man: Well, there is a self-destruct protocol for the prison. But Reed and I never -

Captain America: We can't! Some good people are still unaccounted for.

Nick Fury: Cap, it's our only chance to keep this from spreading to Earth. Send me the codes, Tony. I can trigger the destruction sequence from here, then meet you at the portal. This is Nick Fury to all friendly forces. We're gonna blow this place to kingdom come. Get yer butts to the portal, double-time!

Nico: No! We're not cowards! We can't run from this!

Me: I'm sorry, Nico! But we don't have any choice! There's too many of them! We have to retreat and come up with a plan!

Nico: (Reluctantly agrees) Oh you're right! RETREAT!

A squad of prisoners appear in front of us through tornadoes. Among them was UA Whirlwind.

Iron Man: If we clear area. Fury can trigger the self-destruct sequence and follow us out.

Pohatu: Leave Whirlwind to me. Focus on the others!

Iron Man: Right!

Pohatu kicked UA Whirlwind and smashed him down with incredible force!

Maria Hernandez: You need to chill Whirlwind!

She fired waves of lightning and electrocuted him all over the place and destroyed the nanites in him.

Out came Rachel Leighton A.K.A. Diamondback!

Captain America: Watch out. Diamondback's joining the action!

Wonder Woman: I'll take her on.

Wonder Woman punched her down and Linka fired beams of lightning and electrocuted her and destroyed the nanites and Linka picked up Diamondback.

Fury: Head through the portal and make sure the only the good guys come through. Get going. I'll be right behind you.

Nico: See you on the other side, Fury.

We teleported out, unaware that Fury actually wouldn't be seeing us on the other side.

Me: At least we're safe and we even have a bunch of prisoners.

Nico: Yeah.

Luke: You made it. Was Fury behind you?

Suddenly, the portal powered down.

UA Reed: Hmm, closed off from the other side.

Captain America: What do you think it means? Did Fury detonate..

UA Hill: (enters with some SHIELD Agents): Step to one side, Captain! You and your friends here are under arrest.

Me: You'll never take us alive!

Captain America: For Pete's sake, Hill, these people need medical attention!

Iron Man: He's right. Lower your weapons and call in the medics.

Hill: No, Stark. I'm under direct orders from the president. The SRA dictates that these unregistered…

Me: Screw what you think bitch! These people need help whether you like it or not!

Iron Man: We're giving everyone temporary amnesty on MY authority. At least until we figure out what just happened. If you have a problem with that, Commander Hill, you're going to have to take it up with all of us.

Me: And you are gonna have to take on the entire universe!

We got ready to fight as Nico charged Electro's lightning in his hands, William got out his blaster, May got ready to fire ice, and Maria got ready to shoot water.

Laney had vines ready.

UA Hill: (growls) Get the medics in here.

Nico: (to me) Relax. Hill will get her just desserts at the end.

Me: I know. I agreed to let that happen in the end. I can't stand that bitch.

Pinkie Pie went up to him.

UA Iron Man: Hello there.

Pinkie Pie: So, pretty nice to have the band back together, huh?

UA Iron Man: Of course. But not under these circumstances. I guess it took a global menace to wake us up.

Pinkie Pie: (sadly) But I guess it's back to the war after this, huh?

UA Iron Man: Let's hope not. Let's burn that bridge if and when we get to it, okay?

Pinkie Pie: Okay. But you and Reed made this nanite system. Can't you shut it down?

UA Iron Man: Don't you think we already tried that? We have a shutdown signal. But the collective changed the network's encryption code. And we designed it to be unbreakable.

Pinkie Pie: Guess you're starting to regret making that whole thing, huh?

UA Iron Man: We don't have time to second guess decisions already made. We need to focus on shutting the network down before it's too late. Speaking of which, I should be getting back to work.

Me: Don't worry Tony. We can help you crack that code. We have some of the best codebreakers in the team.

Laney: He's right Tony.

UA She Hulk: Hi there. You must be one of Sydney's friends.

Rarity: Of course, darling. Any word on what's happening out there?

UA She Hulk: Some crazy stuff. I think they're gonna fill us in soon. But just watching the news tells me it's getting bad, and fast.

Rarity: I see. What's our next move from their?

UA She Hulk: Well, you might be deployed to deal with any hot spots that Reed tracks. I know Colossus, Multiple Man, and Wonder Man are staying behind to guard Stark Tower.

Rarity: I have a feeling that will end badly. But please tell me the Civil War isn't going to continue anymore!

UA She Hulk: With everything that's going on, I don't think anyone's got that on their minds. If we can't keep this thing from spreading, the SRA won't matter.

Rarity: Well, at least everyone's facing this together.

UA She Hulk: Agreed, except for everyone we left behind in the Negative Zone Prison. I wish we knew if they were okay. (to UA Spiderman) Now, Spiderman. What's this I hear about you distracting Electro by saying I was in a bikini?

UA Spiderman: Guys, a little help? (sees us gone) TRAITORS!

Nico: Sorry Peter! (To me) Personally I think Jen looks awesome in a bikini.

Me: Ooh rawr.

UA Firestar saw Penance.

UA Firestar: Robbie? Is that… really you?

Penance: It depends on how you look at it. How are you doing, Angelica?

UA Firestar: How do you think I'm doing? I was almost turned into one of them. But now I'm really worried about you, Robbie… what's happened to you?

Penance: I killed 600 innocent people. Didn't you hear?

UA Firestar: You didn't kill anyone, Robbie. Don't let them tell you you did. I know what happened was horrible. But it wasn't your fault, at least not entirely. You can't take this on.

Penance: Watch me.

UA Firestar: I know someday you'll get over this, Robbie. And when that day comes, I want to be there to welcome you back.

Penance: Thanks for your conern. (gestures to the nearby Redemption Squad members) But I've got a new team now.

UA Firestar: William, take good care of Robbie, okay?

William: I will, Angelica. Thanks.

UA Firestar: And if I ever become one of them, promise you guys won't hold anything back.

Nico: I'll do you one even better. I promise I won't let you become one of them.

UA Firestar: (giggles) Planning to add me to your harem, Nico?

Nico: (blushes) Can we talk about this later?

UA Firestar: Okay. But you should know that me and Vance broke up. So, a relationship between you and me is still open.

Me: (Chuckles) You got another one Nico.

May: She is gonna be awesome.

Me: Yep.

UA Captain America: Hi, Applejack. What can I do for you?

Applejack: Good to have the team back together, huh?

UA Captain America: Of course. But it's shameful that it took a global threat to bring us back together.

Applejack: At least you guys aren't fighting other heroes anymore.

UA Captain America: I'm not sure about that. Despite your best efforts, as I understand it, anyone can be brought into that collective. Including us. Especially since the Nanites have lost most of their heavy hitters.

Applejack: Damn straight! Now, what in tarnation were you thinking letting all those villains loose?!

UA Captain America: It was a calculated risk I took in a desperate moment.

Applejack: Would you do it again?

UA Captain America: Same situation. Same amount of intel. Yes, I would. But I didn't have all the facts. Only Fury and you guys did. But we didn't listen.

Me: It's all right Steve. But I have been helping the team get for this kind of scenario as best as I could and it was a tough road leading up to this.

* * *

A funeral was held the day after the Prison 42 fiasco, honoring all who were stuck in the Negative Zone loony bin.

Priest: So many lives apparently lost and yet lost, so that many more lives might be saved. We may not know the true fate of Nicholas Fury, but we do know his willingness to sacrifice himself on behalf of us all, for him, and for the rest of the missing and presumed deceased. We ask almighty God, to watch over their souls. Amen.

Me: Amen.

Nico: May they rest in peace.

Eli: Yeah.

Me: Tony I'm sorry for all the losses. We all should have come after that explosion happened.

Nico: Yeah.

U.A. Iron Man: It's all right J.D. It's not your fault. The important thing is that you and Sydney all of us are safe.

Me: That's true.

Iron Man: I've gotta hand it to Fury. I'm not sure we ever would have found this place if you hadn't led us here.

Me: Yeah he had a lot of ingenuity.

Zzzax: He was keeping his eye on the ball, while you morons were running into each other. Maybe if you listened he wouldn't be pushing up daisies right now!

Me: Guys, c'mon-

Jason Jenkins: No, J,D. You know full well that they screwed up.

Captain America: (I growl at this) You're right, but, I'm not ready to buy that Fury and the others are dead, not yet. We found no bodies, detected no explosion, how can we be sure what really happened?"

Me: You're right Steve. I didn't see any explosion either.

Eli: I didn't sense anything as well.

Reed: Tony and I have already been over this a dozen times, we can't be sure, not without a working portal to the Negative Zone, and that would take us weeks to bring online.

Luke Cage: Great, so in the meantime it just goes down a mystery?

Reed: Yes, but we do have some evidence of Fury's success. I've been monitoring, and there seems to be no signs of the Nanite collective's signals here on Earth. It's a shame the Tinkerer seems to have escaped, I was hoping his research would corroborate my own. Still, I believe we can use this scanner to confirm that the Nanites haven't… oh no.

Captain America: What is it?

Me: What's a matter Richard?

Reed: Nanite control signals, hundreds, maybe thousands of them.

Mr. Fantastic answered. There were cyan dots all across the computer screen they were looking at, signifying Nanites in the area.

Me: They're all over the place!

Luke Cage: Fury failed?

UA Captain America: We all failed. We lost our way.

UA Iron Man: And now the world pays the price.

Nico: Dear God.

Me:: What are we gonna do? We gotta stop this some how.

Lynn: Nico, relax. It's gonna be ok.

Nico: DON'T TELL ME TO RELAX, LYNN! HOW CAN I RELAX WHEN I FUCKING MESSED UP?! J.D. was right. We shouldn't have run. We should've stayed and fought to the end. But instead, I chose for us to act like cowards. And because of that, the Fold's about to take over this world and ours is next! So, please! Don't tell me to relax! (sighs) I need some alone time right now.

Nico went into another room.

Me: I'm the one that suggested we run to form a plan. It's not my doing.

Eli: I know bro. And you did the right thing. It's why Nico put you in charge of this mission.

Maria: (to the Trinity of Violence) Go. I have a feeling that you three need to calm him down.

Lori: Okay.

Me: Be careful girls.

Black Adam, Comic Book Guy and 2017 Rita Repulsa and Primator then appeared.

Me: Batman, Whitney, Tony and Jason you're up.

They went over.

Black Adam: (to Batman) Maria Hill is one bad woman. She would rather have us arrested then let us save the world.

Batman: She'll do anything to ruin heroes. She'll turn them all into weapons.

Twilight Sparkle: Yeah that was awful.

Starshine Sparkle: It sure was horrible.

Sunny Starscout: It sure is.

Spyro: No kidding.

Riley Daring: Yeah it's awful.

Black Adam: I see. Lets do it!

They fired waves of magic and smashed him down.

Batman: That was perfect.

Twilight Sparkle: That was amazing!

Comic Book Guy: (to Whitney) Evil Sunset Shimmer had her just desserts coming. But we all know who's REALLY to blame.

Whitney: That's right and it's Grogar.

Sunset Shimmer: What that monster did to so many people is awful.

Pipsqueak: (British Accent) Yeah that monster deserved to be destroyed.

Sunburn: Grogar was pure evil incarnate.

Jake: Yeah he sure was.

Comic Book Guy: Indeed. Lets do it!

They fired waves of fire and leaves and smashed him down.

Whitney: Right on!

Sunset Shimmer: That was amazing!

Lori, Lynn and Lola came and found Nico in a room.

Primator: You ready for this?

Jason: Always ready!

He fired a wave of lightning and smashed Primator down.

2017 Rita Repulsa: This will always be fun!

UA Iron Man: It sure will be.

UA Iron Man fired blasts of energy and smashed her down.

Nico: (sighs) I'm sorry, girls. I'm sorry. I didn't mean to shout. I just can't believe I messed up for the first time. Not to mention that I still feel like I'll never grow out of J.D.'s shadow. And the whole world is asking who's gonna be the next J.D. Knudson's gonna be. And I don't know if that's me. I'm not J.D. at all!

Lori: (sighs) You're not J.D. You're literally never gonna be J.D. But maybe that's a good thing. Nobody could live up to J.D. Not even J.D himself. J.D. was the best leader we ever had. But he was a mess. [Nico suddenly looked up] He sometimes second-guessed everything he did. He was all over the place. The one thing that he did that he didn't second-guess was picking you to be leader. I don't think J.D. would've stepped down from being leader if he didn't know that you were gonna be able to pick up where he left off.

Nico: You guys really think so?

Lola: (smiles) We know so. You've been a good leader so far. Don't let anyone ever tell you otherwise. (gest serious) Now, the Fold's still out there, they're infecting people by the minute, and many Nanite Agents including Bullseye are still in their ranks. What are you gonna do about it?

Nico: (smirks and stands up) I'm gonna kick their collective asses!

Lynn: (smiles) That's the spirit! But seriously, what are we going to do right now? Because we've been in this bunker for about 10 minutes.

Nico: Well, we can't make a move until we get a distress signal.

Lori: That's gonna be a while.

---

Captain America: In the span of just a few hours, the world has gone insane. The nanite collective's agents are swarming all over the globe. Infecting key victims in an apparent bid to eliminate all serious resistance to their expansion.

Iron Man: Their movements seem methodical and well-coordinated. They must have used Prison 42's portal system to move this fast. Worse, time is on their side. If we can't stamp this out quickly, it will grow to encompass all of humanity.

Captain America: In the face of this new threat, the Registration Act has been temporarily suspended to allow us to work together.

Iron Man: We're deploying teams around the world, but the most explosive situation right now is in the African nation of Wakanda, which has reported a massive incursion into their capital city. Ruled by our friend T'Challa, also known as the Black Panther, Wakanda is a highly-advanced country blessed with the world's only deposits of vibranium.

Captain America: Your knowledge of the nanite collective makes you the best team to send into this combat zone. Do whatever it takes to help Black Panther defeat these invaders and regain control of his country.

Me: Right! This will also be the first time we've ever been to Wakanda. We haven't been to the home of T'Challa yet in our universe.

Nico: No we sure haven't. This will be awesome to see what it's like.

Eli: Yeah.

Poromon pulled out some beer.

UA Iron Man: Oh, don't tell me those are-

Poromon: 3 bottles of beer!

Maria: Seriously?!

Poliwag: It's a good time to drink alcohol before going on a big mission.

Me: Poromon, Poliwag we have a crisis on our hands and this is not the time to be drinking now.

We arrived in the country of Wakanda and it was beautiful.

Me: So this is Wakanda. It's beautiful.

Nico: Boy it sure is. I wouldn't mind coming here for a vacation one of these days.

Eli: It sure is magnificent.

Laney: It sure is.

But then we saw Black Panther.

Me: T'Challa we got here as fast as we could!

Black Panther: Thank goodness you're here, my friends! Not the time for pleasantries, though. The enemy have our city surrounded, and they are firing on us with siege cannons! Please take out the guns - we can't hold out against them much longer!

Hydranoid: Alice?

Alice Gehabach: I know. Bakugan, Brawl!

She summoned HYDRANOID and he fired waves of darkness and blew up the cannons!

We fired energy blasts and blew them apart.

Wakandan Guard: Thank you, heroes! Your help is most welcome. The nanites are spreading - the escaped inmates have infected hordes or mercenaries. And now they have come for us. We must stop assault before they take the city. The cannons are our primary target.

Mumbo Jumbo: Thanks for the intel. We'll take it from here. You go rest up.

Wakandan Guard: And leave Wakanda's defense to foreigners? Ha! Not a chance!

Me: Sorry but I'm afraid there's no other option. The world is in danger and if we don't stop these nanites the world has no future.

Wakandan Guard: (Sighs) All right.

We saw Havok nearby.

Sydney: Havok? Is that you?

Me: You're okay!

Havok began to move robotically and then, the tendrils that sprouted out of him confirmed our fears.

Me: He's infected!

Wakandan Guard: Be careful, my friends! That is not the man you think you know!

Havok fired an energy blast at Becky but Becky dodged it.

Becky: Missed!

Havok smirked. And that's when Becky realized that Havok energized a nearby pillar, which knocked her down and she got back up.

Wakandan Guard: Stay away from the pillars!

Me: Thanks for telling us!

I fired a blast of lightning and destroyed the tendrils and electrocuted him and destroyed the nanites in Havok.

UA Black Panther came.

Black Panther: You have done well, but the enemy is inside the city. Please, hurry.

Wakandan Guard: King T'Challa needs your help. I will secure Havok, then follow you to the city. Go!

Me: Right!

We were off to the Wakanda City!

Black Panther: You are near the defense towers. Please, get their power cores back to the sockets.

Me: Right! Lets go!

We got the power cores back to the towers and they were back online!

Black Panther: It is done! Our city is safe.

Wakandan Guard: We must travel to the Panther's palace through here. It remains undefended.

We ran to the palace and we saw what looked like Abomination blocking our path.

Nico: Abomination?

UA Iron Man: No. That's Rick Jones aka A Bomb.

Me: We haven't me or faced him yet in our universe.

Ed Grant: I know how to deal with him. Hulk, D Smash!

He summoned DISK WARS HULK!

Disk Wars Hulk: HULK SMASH!

Ed and Hulk smashed him down with incredible force.

Nico: Nice, Hulk! Now, for the finishing touch!

Nico fired Electro's lightning at A Bomb's tendrils, curing him… or at least, it would've if A Bomb wasn't protected by a shield all of a sudden. We saw Wizard fly next to A Bomb.

Black Panther: Focus on Wizard! His powers are shielding A-Bomb!

Iron Boy: I got this!

Iron Boy flew at Wizard, grabbing him as they fought in the air.

Iron Boy punched and smashed him all over.

UA Iron Man: Wow! Double D's Iron Man Suit is amazing.

Me: Yeah he based that off of you Tony.

Iron Boy fired waves of lightning and destroyed the nanites in Wizard and then Nico finished what he started with A. Bomb and we cured them both!

Wakandan Guard: Our homes are safe. I shall post guards with these two while we go secure the palace.

Me: Okay.

We finished saving Wakanda.

Black Panther: It appears we are safe, thanks to you. But it seems things are going badly back in New York I will patch you in…

Wonder Man:… priority one distress call from Stark Tower to all friendly forces. We are under attack. Invading force is compromised of nanite-controlled criminals as well as infected super heroes, including - unhhh!

Colossus: Wonder Man, look out! I will deal with - arrrgh!

Hercules: Colossus!

Wonder Man: Fall-back! Fall b-

Me: Oh man!

Black Panther: Wonder Man! Stark Tower, respond! Please join me inside. I will continue trying to contact our allies.

Me: Okay.

We went into the palace.

Black Panther: Panther calling Stark Tower! Wonder Man, do you read!?

A hologram of Nick Fury appeared.

Nico: Fury?

Me: Director Fury! You're all right!

Nick Fury: (chuckles) Were you expecting Denzel Crocker? You already sent him into Oblivion, remember?

Me: We all thought you were dead.

Nico: (groans) Oh, fuck. Don't tell me.

Eli: Uh oh!

Fury: (tendrils appear) That's right, Nico. I'm in the Fold now.

Nico: I knew that was the name the whole time.

Me: Same here.

Fury: Always were the smart one. Say, on special missions like these, you guys usually bring Zords. Where are they?

Nico: I don't keep track of all our Zords. And even if we did, I wouldn't tell you anyway. I don't trust you right now. And no offense, but you're f*** insane right now.

Me: Yeah! You're enslaved to something that deserves to be destroyed!

Fury: (Sarcastically) Aww. Now you've hurt my feelings.

Nico: I'm truly sorry. I'm just saying it as it is.

Fury: That's something you can discuss next in the usual battles. You're being dumb, Nico. I'm not insane. What's insane is the way humans choose to live today. Think about it. All we do is take, take, take. It can't go on. We've brought the planet to the brink of extinction. We're parasites. You're a good example. Think about it. All you do is take. You took some of our members from us. You take the lives of villains that don't even do anything to you.

Nico: Just be glad we don't plan to kill anyone here!

Me: We're here to save people from these machines!

Fury: (chuckles) Didn't you also take leadership from J.D.? Your best friend, who's stood by your side since day 1 on the team? That's insane. What we've initiated is the end of war. The end of strife. The end of all the plagues of humanity. Everyone together as one.

Me: A world without free will!? That's what I call the ultimate fate worse than death.

Nico: Let me tell you something, buddy. All right? Just man-to-man. Because in the past, I have spent a significant amount of time with someone very evil inside me. It's not a lot of fun. And then, you'll realize too late that the demon inside made you do something that you regret for the rest of your life.

Fury: So, you're not joining us even if we promise to call off the attack on Stark Tower?

Nico: We'll find another way to free the people you infected at Stark

Tower. But until then, we'll keep on fighting until our last breath.

Me: Not that we can die anyway.

Fury: (chuckles) Be careful what you wish for.

The hologram then disappeared.

Me: We got to get ready for this.

Then Doctor Octopus, Girder, Pink Ranger Slayer, Weddinmon, Marcel, Su Yung, Admiral Zhao and LeFou appeared.

Me: Last groups!

Scarlet, Roach and the Hernandez Sisters, Catherine and Himiko were up.

Doctor Octopus: (to Scarlet) I heard Pinkie Pie had her last Ambassador Mission. How was it?

Scarlet: It went really well.

Pinkie Pie: It was really amazing!

Featherweight: Yeah it sure was.

Sprocket: Twilight and friends all enjoyed it too.

Zoey Hanson: Yep.

Doctor Octopus: Good. Lets do it!

They fired waves of metal, gears, lightning and energy and smashed him down.

Scarlet: A most amazing success!

Pinkie Pie: BEST USUAL BATTLE EVER!

Girder: (to Roach) The Fold better start praying. Because after this battle is done, we're going after their main base!

Roach: And we'll make sure none of them are alive.

Rainbow Dash: No we won't!

Scootaloo: Yeah no kidding!

Whirlwind: They deserve to be destroyed.

Tyler: Big time!

Girder: Yeah! Lets do it!

They fired waves of lightning, wind and rainbows and smashed him down.

Roach: OH YEAH!

Rainbow Dash: That was AWESOME!

Pink Ranger Slayer: Man this world really went downhill fast didn't it.

Fiona Hernandez: You're not kidding there. What happened here was horrible!

Apple Bloom: Yeah no kidding.

Misty Tredwell: It sure is awful.

Pink Ranger Slayer: No kidding there. Lets do it!

They fired waves of fire and energy and smashed her down!

Fiona Hernandez: FIRE WINS!

Cutie Mark Crusaders: CUTIE MARK CRUSADERS VICTORY! YAY!

Weddinmon: The Fold have really done a number on this world didn't they?

Marie Hernandez: You're not kidding there.

Frozen Fright: Yeah they are nasty monsters!

Weddinmon: They sure are. Lets do it!

They fired waves of lightning and elements and smashed her down.

Marie Hernandez: LIGHTNING WINS!

Fearful 5: FEARFUL FIVE WINS!

Marcel: Hard to imagine that so much can happen to this world.

Nicole Hernandez: No kidding. Everyone suffered so much.

Star Swirl: Yeah it's awful.

Carly Atlas: No kidding.

Marcel: Yeah. Lets do it!

They fired waves of darkness and magic and smashed him down.

Nicole Hernandez: DARKNESS WINS!

Star Swirl: That was fun!

Su Yung: Sorry you all had to go through so much here.

Natasha Hernandez: It's not your fault Su Yung. But yeah it was awful.

Princess Celestia: It sure is awful.

Misty Tredwell: Yeah it sure was.

Su Yung: No kidding. Lets do it!

They fired waves of darkness, light and magic and smashed her down.

Natasha Hernandez: Darkness falls!

Princess Celestia: That was so awesome!

Admiral Zhao: Maria Hill in this universe is in a lot of trouble here.

Catherine Iroh: Yes she sure is.

Sakura Avalon: And she is gonna be in a lot of hot water.

Admiral Zhao: You said it. Lets do it!

They fired waves of fire and magic!

Catherine Iroh: FOR THE FIRE NATION!

Sakura Avalon: YEAH!

LeFou: I would not like being one of the slaves to the Fold.

Himiko: No one does. They are monsters that want to destroy all our free will.

Penance: Yeah no kidding!

LeFou: They are monsters. Lets do it!

They fired waves of elements and smashed him down.

Infected Wakandan guards appeared in the palace.

Black Panther: No! My people, taken! This has gone too far.

Venom and Green Goblin then appeared.

Iron Boy: Alright, suckers. Time for round 2!

Me: Lets get them!

Thinking fast, Spider-Man used his webbing to grab every Fold member in the room except for Venom and Green Goblin, and Iron Boy knocked them out with his Unibeam. As for Venom and Green Goblin, Tara lifted up a big chunk of rock, and tossed it at Songbird, who used her sound waves to use it like a hammer, hitting Venom and Green Goblin hard multiple times, until they were finally down.

We fired waves of lightning and destroyed the Fold in them and got rid of the nanites in them.

Me: There.

Black Panther: Thank you. Without your aid. I shudder to think what would have become of my homeland. Now… what should we do with these two?

UA Reed: I'll use the pure nanite samples to cure these two right away.

Me: Okay. But it was the least we can do T'Challa. Right now we need to figure out what to do now that Stark Tower is under their control.

Black Panther: My home is yours, friends… everything here is at your disposal. Let us meet at the briefing station when you're ready to act.

Me: Just what I was about to suggest.

---

UA Captain America: The fall of Stark Tower was just the beginning. Over the past days, the Fold aggressively ramped up its campaign to take over all of humanity. Many of our closest friends and allies remain uncounted for. We have to assume they've been taken over by the Fold.

UA Iron Man: It's no coincidence, either. The Fold's primary targets are clearly superhumans, and thanks to the acquisition of Fury and his decades of intel, they've been able to make serious inroads in expanding the colelctive's power base. And they've used Goliath's big brain to build it in just days. Fortunately, Fury's knowledge of

Wakanda isn't comprehensive, which is why we've been using Black Panther's Palace as our temporary base of operations.

UA Mr. Fantastic: Fold forces were unable to retrieve Venom and Green Goblin after you defeated them. Using the pure samples your team obtained from Prison 42, we've been able to cure these two criminals of their infection.

UA Iron Man: Venom and Goblin both clam a strong desire to help us to sop the Fold. They're not the trustworthy of allies, but frankly we can't afford to turn them away. With the Fold growing exponentially - infecting entire populations as a time - it's becoming obvious we can't win a war of attrition against them. Their network seems to be the key… if we could only find a way to disrupt it. Unfortunately, they've clearly been taking steps to make that all but impossible.

UA Captain America: Our best minds are working hard to devise a strategy to defeat the Fold before it becomes unstoppable. We'll let you know if and when we come up with anything solid.

Me: Understood. The Fold are a dangerous threat to everyone in the world.

Eli: We have to stop them now.

Wood Man saw UA Mr. Fantastic working.

UA Mr. Fantastic: Oh, hello. What can I do for you?

Wood Man: So what science-y shenanigans have you been up to?

UA Mr. Fantastic: Missy, Hank, and I have been studying the tech recovered after we liberated Wakanda City. It's given us some insight in how the Fold's network configuration is evolving.

Wood Man: Think you can solve it in time?

UA Mr Fantastic: I'm cautiously optimistic. If we can find a weak link in their security, we'll have a chance to destroy the Fold in one fell swoop.

Wood Man: I hope so. Now, do you think you've figured out about what it's like to be part of that collective?

UA Mr. Fantastic: There's no way to really know. Based on the conversation with Nick Fury. I'd say their own personalities are intact, but their desires have all been converted into those of the group mind.

Wood Man: Like some kind of cult?

UA Mr. Fantastic: The similarities are significant, I agree. But in this case, the brainwashing occurs almost instantaneously after the victim is injected with nanites. I'm sorry, I must return to my work now.

Wood Man: Okay.

He left.

Skulker visited UA Green Goblin.

UA Green Goblin: What do you want?

Skulker: Any reason why you're not locked up right now?

UA Green Goblin: I'm sure I will be, once this is all over. But for now, you need my help against the Fold.

Skulker: I'm supposed to believe you're happy about helping out?

UA Green Goblin: Long as you keep me away from that spider-freak, yes.

Skulker: What's it like being part of the Fold?

UA Green Goblin: The things you really believe that you want-realizing they're not yours and yet not being able to do anything about it. Finding yourself pursuing someone else's goals. It was… quietly terrifying.

Skulker: (sympathetically) Not even you deserved to have your free will stripped from you like that.

UA Green Goblin: (sarcastically) How magnanimous of you. I grow fatigued. If you'll excuse me.

He left.

June visited UA Black Panther.

UA Black Panther: Hello, my friend. What can I do for you?

June: Are you sure we're secure here?

UA Black Panther: Reasonably sure, thanks to your timely intervention. Now that we know how the Fold operates, we can be ready.

June: Any weaknesses at all?

UA Black Panther: Our people have been hard at work on that very subject. I'm sure, Dr. Pym could tell you more.

June: What happened to our friends who didn't get out of Stark Tower in time?

UA Black Panther: A few escaped, like Hercules. Others did not.

June: Damn. I don't like admitting this. But we're in a pretty tight spot.

UA Black Panther: The Fold's abilities are formidable. And they continue to grow every day.

June: Well, today's about to be their last day.

UA Black Panther: That's right.

Professor XXXL visited UA Yellowjacket.

Yellowjacket: Hi, I'm pretty busy right now, but I guess I can chat for a moment.

Professor XXXL: So did you solve this yet? We need a heckuva job here, Pymmy.

Yellowjacket: We're doing our best. They're extending their influence much faster than we would have ever envisioned.

Professsor XXXL: Are you focusing on their network? We do believe the network is the key. Shut that down, and there's no more collective. Unfortunately, we'll never break the encryption. The bottom line is we don't have much time. We project all metahumans could be absorbed within three weeks. The rest of the population would fall several months later.

Professor XXXL: Those numbers sound farfetched if you ask me

Yellowjacket: I don't have time to try to convince you. Now if you'll excuse me…

Professor XXXL: Okay

UA Spiderman was visiting UA Venom.

UA Venom: Great. The Spider wants to talk.

UA Spiderman: They say the clothes make the man, Gargan. But in your case, even with the symbiote, you still only add up to half a man.

UA Venom: It may be a hand-me-down, Parker, but at least I had the good sense not to throw it away.

UA Spiderman: Admit it, Gargan. You miss the 7 foot long tail.

UA Venom: Not as much as the ladies do. Seriously, though, Parker, - if they get me again - turn me into one of them… promise me you'll kill me. And I mean straightword kill. Not Warp or Black Gate Kill.

UA Spiderman: (shocked) Wow. For a minute, you almost sounded human there.

UA Venom: Don't get used to it.

Nico: You know, Venom. You'd make a good hero.

Me: I agree there Mac and the scorpion tail for you is a nice touch.

UA Venom: Well, it depends on what your predecessor thinks.

Nico: True.

Beastbox was talking to Lucas Bishop A.K.A. Bishop.

UA Bishop: Hey. How's it going?

Beastbox: Think you're still on track to dodge the future you grew up in?

UA Bishop: I don't know what to think anymore. But if the Fold takes over, the future I knew will look almost appealing in some ways.

Beastbox: We WON'T let that happen.

UA Bishop: I knew we're gonna give em Hell. But looking at their progress so far… well, it's not going to be easy.

Beastbox: So, why isn't the Fold attacking us here?

UA Bishop: It's a good question. They know we're here. But it seems like right now, they have other fish to fry.

Beastbox: I heard they already took out a country or two.

UA Bishop: I hadn't heard that. But it wouldn't surprise me.

Beastbox: Yeah it's scary.

Nico was sitting in pity and UA Green Goblin came.

UA Green Goblin: (To Nico) Look, uh, I hate to break up your pity party, but we're running out of time. Nico, we have to make a last stand to stop the Fold in an hour or so.

Nico: Trust me, I want the Fold gone more than anything. But we're going against everyone the Fold's controlled.

UA Green Goblin: That doesn't sound like a problem.

Nico: Norman, the odds of us destroying the Fold without killing anyone are like 2%

UA Green Goblin: Better then nothing!

UA: You might be okay with harming people. But I won't be responsible for killing innocent people!

UA Green Goblin: And what happens to those people if you give up? You're leaving billions of souls in a world with no free will.

Nico: I'm still not strong enough.

UA Green Goblin: Strong enough? [laughs] How dense are you? Your powers aren't the only thing that guides you through these things. They never are

Me: Yeah Nico that's bullshit and you know it. I've seen you fight enemies that are thousands of times more powerful than anything that Master Goku has faced before and you triumphed over them all. Besides like Green Goblin said and as much as I don't like to agree with him I must admit that he is right. There's more than your powers that guides you.

Nico: What else is there?

UA Green Goblin: Friendship, you idiot! I saw what you did on your adventures. You destroyed the likes of those zombies, Mr. Mind, Xehanort, and Grandfather with the power of friendship. Compared to them, this should be a piece of cake!

Me: Yeah man!

Nico: It's not gonna work. Not this time.

UA Green Goblin: Really? Well, it's guiding the both of us right now.

Nico: (laughs bitterly) Oh, that's real funny, Osborn! I know you. You don't give a dam about anyone but yourself!

UA Green Goblin: That's where you're wrong. I DO care about my son, Harry! Why do you think I'm helping you? You think I want to help heroes like you and your friends? I don't. But if fighting alongside you all ensure Harry's safety, then so be it. Because my love for him is what keeps me going every damn day in my life despite my crimes. May, your family, your friends, they are what keep YOU going.

Nico: You're forgetting that if it weren't for me, the Fold wouldn't even be on the loose right now.

UA Green Goblin: (puts hand on Nico's shoulder): Well, that doesn't matter. What DOES matter is stopping the Fold here and now.

BlackWarGreymon: Nico, I hate to agree with Goblin but he's right.

Nico: Say what?

BlackWarGreymon: As long we're by your side, you're never alone. And if you give up here, the world's as good as dead.

Me: We may have no option but to destroy the entire world but we're trying not to resort to that. Now come on Nico. We have to save this planet from the Fold. One lesson I've learned is to never give up.

Nico knew I was right.

---

Iron Man: Analysis of the Fold technology retrieved after the liberation of Wakanda has revealed details about the collective and how it's spreading. We are aware of massive "repeater towers" being erected at secret locations around the globe at an astonishing rate.

Mr. Fantastic: These heavily-defended towers are clearly being built to extend the reach of their network. Like the internet, their grid is adaptive and seems highly resistant to being completely shut down. So, trying to destroy the towers would be an inefficient use of our time resources.

Me: A total exercise in futility.

Iron Man: Exactly. However, we might still have an ace in the hole. Our nanite stasis signal should still function, if we could only broadcast it on their network. Their encryption makes that impossible to do from the outside, but if we were able to take control of one of their repeater towers and send the signal from there, it just might work.

Me: It's a longshot but we have to give it a try.

Mr. Fantastic: We've identified only one tower that is central enough to reach the entire Fold before they could react.

It was located in Iceland.

Me: In Iceland.

Iron Man: If we were able to infiltrate this enemy base and send the shutdown signal, all members of the Fold would be paralyzed, allowing us to round them up and cure them of the nanite infection.

Captain America: It sounds simple, but it won't be easy. Iceland was one of the first countries to be completely overtaken by the collective. However, this may by our only shot at defeating the Fold. If we fail here, we'll have revealed our only trump card. And they won't give us another chance, once they figure out what we're up to. We'll get as close to the tower as we can without attracting their attention. From there, we'll have to fight through their defenses, make our way into the base, and send out that signal.

Me: It won't be easy but we have to try.

Nico: That's right!

We arrived outside the Iceland tower.

Black Panther: That's as close as we can get you. You must find a way inside so you can send out the stasis signal.

Me: Okay. Thanks T'Challa.

We heard an alarm.

Yellowjacket: T'Challa, what's that noise?

Black Panther: Long-range proximity warning. We may have company before long, Dr. Pym. Defense stations, everyone!

Black Panther's group went outside to see a giant Bill Foster aka Goliath.

Yellowjacket: Goliath?! (to Edzilla) Ed, you and me have to stop him!

Edzilla: ED SMASH!

He smashed Goliath down!

We went for the tower and blocking the path was an EVIL SASUKE!

Me: I knew there was an Evil Sasuke here.

UA Captain America: Who is that kid?

Me: One of the worst motherfuckers anyone can ever know. And me and him have a horrible history that spans over 150,000 years.

Evil Sasuke: You think you're bettter then me, you cur?!

I walked over to Evil Sasuke only to be stopped by UA Captain America and Iron Man.

Nico: Guys, step aside. I plan on teaching this fucker some manners!

UA Captain America: J.D., we don't have to time mess around with Evil Sasuke right now. Every second we waste, the Fold gets stronger.

UA Iron Man: What's it gonna be? Rant? Or go after the Fold and save the world?

Me: (Growls) Well, someone needs to kill this asshole!

?: Leave that to me!

Sheila: I know that voice!

Lupin III, Goemon Ishikawa XIII and Jigen appeared!

Sheila: Lupin, Goemon and Jigen!

Fujiko: Guys!

Lupin III: Awesome to see you all here.

Sheila: Let me help you guys!

Me: And I want my fun too. BLOOD CLONE!

I formed a blood clone.

Nico: That's clever. I forgot about that.

Me: Yep. Lets go! I've had enough of the Fold to last an eternity.

We went into the tower.

The Fold controlled Wonder Man and Multiple Man blocked our path.

Yellowjacket: I'd say "try not to hurt them", but there's no time for subtlety. Take them down!

Multiple Man made 12 clones of himself before they all ran at Flash. Wonder Man charged at Shanan.

She dodged him and fired blasts of lightning at Wonder Man and knocked him down and destroyed the Nanites and Flash destroyed the clones and Shanan fired waves of lightning and electrocuted Multiple Man and cured him.

Maria: The base really does look sinister.

We saw UA Electro up ahead. He sprouted tendrils.

Sydney: Electro, what have they done to you?

UA Electro fired an electric blast at Nora but it didn't damage her.

Ren: He shouldn't have done that.

2012 Leo: What do you mean?

Ren: Thanks to Nora's Semblance, electricity only makes her

stronger.

Eli: Like how King Kong from 1962 absorbs electricity to get stronger.

SMASH!

Nora smashed Electro down with her hammer and Rex used his E.V.O. Curing powers to get rid of the Fold from him.

Then pumpkin bombs rained down and Eli used the force and threw them away.

Nico: Those are pumpkin bombs.

Green Goblin: Those aren't mine!

We dodged pumpkin bombs that rained down on us.

William: If it's not Goblin, who the Hell's throwing pumpkin bombs at us?!

We saw that it was UA Jack O Lantern. He threw another pumpkin bomb at Bertrand.

Bertrand fired red fire and burned the bomb and smashed him down and Shanan fired waves of lightning and destroyed the Fold in him.

We saw Colossus!

Onewa: Sorry, Colossus. Hopefully, you'll thank me for this later.

Colossus charged at Onewa.

Onewa smashed him down and Shanan blasted him with lightning and cured him.

Eventually, we made it through, and continued to see UA Tinkerer? Surprisingly, Tinkerer didn't have glowing blue eyes or tendrils, signaling that he wasn't actually IN the Fold. He was working FOR them, though.

Jason Jenkins: Hurry, get him out of here!

A weird pod was launched up the tower. He turned around and saw us.

Tinkerer: A shame. You should've joined us, Jason Jenkins. You and Kong would've made excellent additions to the Fold.

Jason Jenkins: (chuckles) Trust me, Tinkerer. You don't want to mess with me and Kong's minds.

Tinkerer: We know what you're plotting. It won't work. (Teleports away)

Just then, UA Molten Man and Bullseye appeared near us.

Stewie: Oh, that's right. We never cured those two of their nanites back at Prison 42.

Me: I'll remedy that situation.

I fired waves of lightning and they hit Molten Man and Bullseye and cured them.

Nico: YEAH!

Me: You're next Tinkerer.

Tinkerer: Very, well. You could have selected this painless option. Instead you chose… this.

Lisa Loud: Allow me to take Tinkerer on.

Nico: Take him down Lisa.

Lisa Loud then transformed and she was in her SUPER ANGEL 750,000,000,000 FORM!

Lisa Loud: (Divine Echoing Voice of Technology and Lightning) This monster doesn't deserve to be part of our frenemies.

Lisa went at Tinkerer and punched and smashed him down.

KRASMASH!

Goliath was smashed down and Shanan fired waves of lightning and cured him.

Black Panther: Goliath is down. But who knows what might get sent at us next. Do whatever you have to - just get that signal out!

Nico: Right!

Laney, Lola and Lana were defending Black Panther and Jared as they were uploading the Stasis Signal.

Black Panther: The upload is starting! Hold your position. We cannot let anyone stop the signal!

Laney: We'll hold them as long as possible!

Lana: Yeah!

Jared: (Sees the signal loading) Come on! Come on!

100%!

Jared: Signal uploaded and transmitting!

It was being broadcasted all over and it was paralyzing the Fold infected!

Yellowjacket: They're all paralyzed!

Black Panther: Reports coming in now, from all over the globe. It looks like the entire collective is down. Great work! We'll need to mobilize S.H.I.E.L.D. to begin rounding up and curing the nanite-infected population. Until then - what the…?

Yellowjacket: Something's channeling strange energy signatures back through the network, converging in your vicinity. Can you investigate? I think -

He was cut off by something smashing through a pod in the corner of the roof. In jumped in front of the heroes to reveal itself as Fury. But something was very different. He looked like a cyborg, covered in machinery, with Nanite tendrils extending down his back, in a pattern mirroring his spine. His eye patch was also replaced with a cybernetic eye.

Nanite Nick Fury: Cute trick… but you did really think we wouldn't see that coming?

Me: The Fold had a backup plan!

Trap Jaw: It's over, Fury. You're alone, you can't possibly-

Nanite Nick Fury: Oh, I'm not alone. You may have frozen the Fold but you haven't eliminated it. And with these new nanites I can draw on the entire collective's power. I won't need more than a fraction of it to kill you. Then I'll shut down that annoying signal of yours for good.

Then, around Fury, appeared a huge hologram of Electro, which shot lightning all over the place. I fired a wave of lightning and destroyed the hologram!

Me: You aren't the only one that knows all the powers!

I went SUPER ANGEL INFINITY FRIENDSHIP XELNAGA ETERNITY GOD!

Me: (Divine Echoing Cosmic Elemental Voice of Friendship and hope) **The Fold will pay for their crimes!**

Sydney: Fury, you don't want to fight us.

Nanite Nick: You're right. I've got my friends for that.

An army of Triptoids appeared.

Nico: Triptoids!

Laney: Now we're talking!

Nico: This will be great!

Nico fired waves of lightning and destroyed many of them. But then the Triptoids jumped the UA Heroes.

The UA Heroes lay defeated at the hands of Triptoids.

Nanite Nick: You and Rogers have yourselves to blame, Stark. If it weren't for you all being wrapped up in the SRA, you all would've had a chance to defeat me here. But don't worry. Once you're all a part of us, I promise there will be no more wars.

Hawkeye: (fires arrow at Triptoids) Tony, I think your counterpart and the rest could use a hand.

Sydney got an idea.

Sydney: Everyone in the audience! Lend the Ultimate Alliance your strength! They get stronger with your support! When I give the signal, share your energy with them! Okay? Ready… go!

Everyone in both worlds began sharing their energy with the Ultimate

Alliance. And soon, UA Iron Man got back up.

UA Iron Man: You're right, Fury. This whole mess started with us. And now, it's going to end with us!

UA Iron Man then grabbed a Triptoid and threw it to the ground

SMASH!

Me: **And I'm going to face you first!**

I flew at Nanite Nick and kicked him in the face and punched him all over the place with incredible force and kicked him into the air. Then he rebounded and flew at me as we flew at each other and punched at each other with incredible power!

**KRABOOOM! BOOM BOOM BOOM BOOM BOOM BOOM BOOM BOOMBOOMBOOM BOOM BOOM BOOM BOOM BOOM BOOM!**

Massive thunderous shockwaves were going off all over from our punches in the sky!

UA Iron Man: Thanks for all the support, everyone.

UA Hulk: Hulk happy to have fans.

UA Cap: Looks like the SRA really doesn't matter anymore.

UA Iron Fist: Of course it doesn't.

UA Deadpool: (to the viewers) Keep reading, readers. You're about to read the best you've even seen!

Jamesdean5842: Oh the battle has only just begun and it's about to get awesome!

Sydney: Let me transform with you guys.

Connor: Go right ahead, Sydney.

Dino Thunder Rangers: Dino Thunder, Power Up!

Trent: White Ranger, Dino Power!

Me: You have no idea who you are fucking around with.

Evil Sasuke: Oh I don't huh!?

I kicked him in the face.

Evil Sasuke: I HATE YOU! YOU MOTHERFUCKING CUR!

My aura flared up with incredible power!

Me: Yes and a "Motherfucking Cur" was the only kind of person you can handle. I remember that your father said that very same thing to me in 150,000 years just as I was killing the Uchiha for their crimes and snuffing out the very darkness that they used to destroy so many lives. When he made his speech about how you were going to kill all of the Leaf in the name of Madara Uchiha all they did was seal their fate. Your Father poisoned his own son with his own hatred and turned you into a miniature version of him and he poisoned your mind with so much of his hatred over everything that you became a totally lost cause. He made you into a homicidal and completely mentally unstable psychopath and you did not show any value towards friendship or comradery. You wanted everything handed to you on a silver platter just like your wretched father and all your clan did. You cheated in everything, Even though Ninjas cheat, education is the one thing that we NEVER cheat at. Isn't that right and they say that your father was leading the Uchiha to greatness. But it turns out you're just another lost soul of the run-of-the-mill ninja. And you know it. You're not even in the same league in the kind of power that I possess. I can destroy the entire universe in the mere blink of a cosmic eye. In fact, next to my kind of power and the power that you have, you are nothing compared to me and you and your clan were nothing but a bunch of pathetic ants compared to it. The way you covet all that power, the way your clan did all the deeds in the name of the devil known as Madara Uchiha, a monster and a planet destroyer. It's downright fucking disgusting. As the most powerful fighter and warrior and champion in the universe, all I see when I look at you is a fucked up miserable fuckweed and a heartless motherfucking psychotic wretch. And on top of that I fucking hate your style above all others you ruthless fuckkicker! What is it that you are hoping to accomplish? Stealing all the jutsu in the world just to expand your jutsu arsenal and repertoire, committing crimes all over the planet just to satisfy the devil Madara Uchiha, murdering innocent people, stealing jutsu, pursuing petty and worthless desires like revenge and above all betraying the very village your clan founded. You Uchiha Motherfuckers don't give a flying fuck about anyone but your pathetic goddamned motherfucking selves and that is why I killed them all including your father. The Uchiha are heartless monsters that murder, lie, steal, betray and are completely powerhungry just like you and that's why I killed them all. YOU ALL FUCKING DISGUST ME!

EVIL SASUKE THEN WENT BALLISTIC!

NARUTO SHIPPUDEN MOVIE 2 OST - RAGE PLAYS AT 2:18 TO 2:57

Me and Evil Sasuke really went at each other and I really overpowered him. Evil Sasuke Roared in an incredible amount of rage and fury and he went into his LEVEL 2 Curse Mark Form and he went at me and punched and kicked and brutally fought him all over and tried to smash his head in with indiscriminate fury and he was really determined to make sure that he kills me. I blocked all his punches and kicks and he jumped back and threw numerous kunai and I deflected them all and fired a powerful blast of fire and it hit him in his arm and burned him bad! He was screaming in pain and then he was screaming in agony. But then his screams of pain quickly turned into maniacal and insane laughter. He was laughing like an insane and totally fucked up monster that was fucked up to the core six ways till Sunday and he went at me again and he kicked him in the face and knocked him down and he got up and went at me again and I dodged him and fired a blast of lightning and it hit him in the crotch and electrocuted him all over. He went at me some more and I dodged his strikes and kicked him in the back and sent him smashing into a rock and he got up and fired massive blasts of lightning at me and I deflected them back with my sword and he got electrocuted all over and I punched him in the face and he went at me some more and I was making him madder and madder and madder and he was only making me stronger with all his hatred and more. I then punched him in the face and he went at me and I dodged him again and dodged him again and then I kicked him in the back again and sent him crashing into a rock and he got up and went at me some more and I fired massive blasts of fire at him and Evil Sasuke fired more waves of massive fire blasts at me and the blasts collided and exploded with incredible power!

EXTREMELY MASSIVE EXPLOSION!

Massive fiery explosions were going off all over the place and turning the entire area into a warzone. I fired elemental blasts at Evil Sasuke and he was firing blasts at me and massive fiery explosions were going off all over and turning the area into a raging inferno. The Entire area around us was turning into a war zone! Evil Sasuke then fired a massive fireball.

Me: KAAAAAAAAA! MEEEEEEEEEEE! HAAAAAAAAAAAA! MEEEEEEEEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

I fired a massive rainbow Fire Kamehameha Wave and it went through the fireball and destroyed it and it slammed into the Evil Sasuke and exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Evil Sasuke was smashed into the ground with incredible force and I kicked him in the stomach with incredible power and he belched up a huge amount of blood and then he grabbed him by his shirt and threw him into the air and flew after me and I kicked him in the face and knocked out some of his teeth and he jumped away and fired waves of fire and I fired waves of lightning and they overtook his fire and the blasts of lightning hit him all over and electrocuted him and then I fired a wave of wind and entrapped him in a tornado and then he fired a wave of fire and burned him all over in the tornado as it was turned into a fire tornado. When the tornado faded he jumped out and fired more fire blasts at me and I fired waves of crystal at him and they hit him and cut him all over the place and then I fired waves of wood at him and smashed him all over the place with incredible force and smashed him all over. He ran at me with a Chidori and I teleported and fired waves of lava and burned his hands and he screamed in pain as he was burned all over and then I kicked him in the face and smashed him into a rock! Then he popped out of the rubble and threw the rock at me and I smashed it with incredible brute strength and smashed him with waves of rocks and pebbles and smashed him all over the place! I then fired waves of darkness and electrocuted and burned him all over.

Evil Sasuke got up and he was more enraged than ever before!

Evil Sasuke: (ENRAGED SCREAMING) WHAT IS IT WITH YOU!? WHY ARE YOU SO STRONG!? IT'S NOT FAIR! THAT POWER SHOULD BE MINE!

Me: You will never have my power.

Lupin and the gang smashed and pulverized him all over.

Evil Sasuke: Unbelievable!

Lupin: What, that I'm kicking your ass even though I don't know any ninja techniques yet? Believe it!

Evil Sasuke growled and then…

SHEEEEEN!

I skewered him all the way through his black heart and killed him in an instant and then I slashed him to the right and disemboweled him.

Me: Go to hell and stay there!

He was dead.

Lupin: Now, what should we do while waiting?

Sheila: Watch the fight. This is gonna be awesome.

Lupin: Yeah!

Me: This is awesome.

Nico: Nick this is gonna be for your own good! JURASSIC SUPER LASER!

The Superzord fired a wave of energy and it slammed into Nanite Nick and knocked him down with incredible force and he was back to normal size!

Rex grabbed him!

Nanite Nick: Get off me!

Rex: No can do, Fury. I'm curing the last of the Fold for good.

He then cured him of the Nanites inside him!

I panted.

Me: (Pants) It's over.

As soon as we left the tower, SHIELD Agents led by UA Hill surrounded us.

Nico: The fuck is this?! We just saved the world and you're arresting us as thanks?!

UA Hill: That doesn't change the fact that you're all in violation of the SRA. You're all under arrest.

?: I don't think so bitch!

Our version of Maria Hill appeared.

Maria Hill: Soon, the SRA won't exist.

UA Hill: You're… me?!

Maria Hill: Not really. I don't support a law that uses heroes as weapons. (punches her in the face)

POW!

She was knocked out!

Me: (Slaps the cuffs on UA Maria Hill) The SRA has just been revoked!

UA Maria Hill was sent to our Earth to face trial for her crimes. She was indicted for treason, corruption, murder and genocide.

?: I will destroy all of you for ruining my plans to rule the galaxy and the universe!

Fox McCloud: I knew there's no mistaking that voice from anywhere. You can come out now, Andross.

A figure covered in purple blotches came out, and it was none other than Andross, and like Lincoln's said, Andross was brought back from the dead by the Aparoids.

Fox McCloud: I should've known the Aparoids would bring you back one day, Andross. You just don't even know when to quit, do you?

Andross: As long as my hatred for all of you still remains, along with my desire to rule the universe, I will never die. Now, I will destroy you all for ruining everything!

Sydney fired a blast of blue energy, which hits him, and he got burned badly.

Sydney Burlington: That's not going to happen, you murderous tyrant. I've had it up to hear with you to last an eternity.

Suddenly, Sydney Burlington's blue eyes turned neon blue, and she was surrounded by a blue energy aura with stars, acid, and crickets, she unholstered her massive Sword of The DNA Spliceteam from her back, and as she approached Andross, she left blue energy, stars, acid, and crickets with every step.

Sydney Burlington: Andross, you have caused too much trouble for Star Fox and the entire universe for the last time, and now, I will see to it that you never return to plague the universe ever again.

Suddenly, Sydney Burlington was then surrounded by a massive vortex of blue energy with stars and acid surrounding it, there's the image of Quarry running around the vortex, and in the vortex is a purple phoenix. Then, as the vortex faded, Sydney Burlington emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Sydney Burlington grew to 6'5" in height, she had the body of a goddess, she has purple highlights in the bangs of her short neck-length blue hair, she has neon blue eyes, and a blue energy aura with stars, acid, and insects surrounding her, she has the image of Quarry holding the Star Kanji in its hands emblazoned on her forehead, she has on insect earrings with blue crystals for the eyes and the Lava Kanji in its hands, and her Crystal Necklace of The Buddha with blue crystal links and a golem with red crystals for the eyes and the Star Kanji in its claws for the pendant. Sydney Burlington has on a short-sleeved blue blouse, blue shirt with a gold phoenix on it, blue skirt with stars on it, blue pants, blue high-heel knee-high boots, and a long blue sleeveless trenchcoat with stars and lava acid on the coattails and on the back is Quarry surrounded by stars and acid. Suddenly, Sydney Burlington felt a sharp pain on her back, and then, massive blue angel wings with yellow tips on the large blue feathers and stars, sprouted out from her back, and she had on her Blue Lantern ring on her left ring finger.

Suddenly, Sydney Burlington's massive Sword of The DNA Spliceteam and star sword were suddenly surrounded by a kaleidoscope of blue energy, stars, and acid, and they merged together, and when it emerged, it was transformed into Quarry's Cosmic Star Sword of Acid Justice, it's a new large sword with a 6'7" massive, wide, double-edged, man-sized blue blade with the image of Quarry etched on it and it was also covered in stars, large blue cricket heads with yellow gems for eyes for the sword's crossguard, large yellow gem embedded in the rainguard, longer black handle, and four large cricket heads with yellow gems for the eyes and in their open mouths for the pommel. Sydney Burlington has on her brand-new large gold cuff Bracelets of the Champions of The Universe with blue gems on her wrists, gold Belt of Elemental Bravery with a gold cricket head with yellow gems for eyes and a large blue gem inside its open mouth for the belt buckle, large blue Spellbook of The Gods and The Universe and large blue Universal

Spellbook of The Elemental Forces on her left hip and Eater of Sins revolver holstered on her right hip. There's a purple kanji below Quarry that said, "Sydney Burlington, Gene-Slammer and Partner of Quarry, Dear Friend and Ally of The Underground Girls and The Turtles, Loving Girlfriend of Akira Akatsuki, Loving Sister of the U.A. Marvel Heroes, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Destroyer of Ch'Rell, The Ultrom Shredder, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Stars, Acid, and Crickets" Sydney Burlington has transformed into SUPER ANGEL INFINITY ACIDIC STARSTORM CRICKET ANGEL OF UNDERGROUND HOPE AND COSMIC JUSTICE!

We were amazed by Sydney Burlington's Super Angel Infinity transformation, and when Akira Akatsuki saw her, he had an atomic red blush on his face. But, when Andross saw it, he went mad with rage, and he tried to kill her. But, Sydney transformed into Quarry, and it also transformed: Quarry has acid-covered gauntlets on its forearms, acid-covered armor on its chest, stomach, shoulders, and legs, Quarry now has massive blue angel wings on its back, and acid claws on its fingers. Quarry fired a powerful blast of acid from its hands and stars from its wings, and burned Andross badly, as he screamed in excruciating pain.

Then, Quarry transformed back into Sydney Burlington, who's still in her Super Angel Infinity form.

Nico: Whoa, Sydney's the next Underground Girl to transform, and her Quarry form's also transformed, and really burned Andross with a blast of acid and stars, awesome.

Me: Andross made the big mistake trying to attack her, and now, he's going to pay.

Akira Akatsuki: Wow, Sydney, you look beautiful. How do you feel?

Sydney Burlington: (Divine Echoing Cosmic Voice of the Underground Stars and Acidic Justice) I feel incredible, Akira, and now, it's time for me to take care of this miserable tyrant once and for all.

Akira Akatsuki: Show that bastard no mercy, Sydney.

Nico: Trust me, Akira, she's not going to show this delusional tyrant none.

Sydney Burlington went after Andross, and she fired powerful blasts of blue energy, stars, acid, and crickets at Andross, and they exploded with incredible power as they hit him. Then, she fired a blast of light, and it destroyed the Aparoids that've infected him. Then, she transformed into Quarry, and she brutally bashed Andross all over the place, and fired a blast of acid in his eyes, and he screamed in excruciating pain, and she changed back to Sydney. Then, she slashed off Andross' arms and legs, and then, she dealt the final blow as she sliced off Andross' head and decapitated him. Then, as soon as Andross' spirit appeared, Sydney marked his forehead with a kanji and she sent him to The Black Gates, and his spirit was erased from existence by the souls of those who died at his hand. We cheer wildly for what Sydney did as she holstered her massive new large sword on her back and powered down, and Sydney Burlington's new body, clothes, weapons, jewelry, and angel wings are permanent.

Nico: Alright, awesome job, Sydney.

Me: Now, Andross has been silenced forever, and he's never returning to plague the universe ever again.

Sydney Burlington: Thanks, guys.

Nico: (Smirks) And there's also someone else who wants to give you a special reward.

Before Sydney could notice, Akira Akatsuki went up to Sydney, and he hugged her, and she returned it. Then, before she knew it, Akira kissed her on the lips, and she also returned the kiss, and we both cheered for her.

U.A. Captain America: Those two are indeed a match made in Heaven.

Me: Indeed they are.

Lincoln: And I can't wait for the big day tomorrow.

Nico: Oh man, you're right, Lincoln. Tomorrow's the Ridonculous Race, and all of us are participating in this competition as well.

Lincoln: That's right, and Lynn and Lightning are also going to compete in this competition, since last year, they decided to remain behind to help out in keeping the city safe.

Lynn: I can't wait to have fun on this competition, Lincoln, and I can't wait to see what kinds of awesome challenges we're going to be doing.

Laney: Same here.

Lily Loud: And if those Total Drama sore losers dare to break out, we'll be ready for them.

Lori: And after what we learned about Sammy's evil sister, Amy, we're more than ready to pulverize her for what she's done.

Nico: You said it, along with the sore losers that've been reprimanded by the Mane 12, and we still got Billy McLean chained up, along with Flip, Amy, and Lewis Travolta.

Lincoln: But, we also got to be prepared: we'll also be facing a team of villains along the way, along with other uninvited villains, as well.

Jessica Shannon: But, you'll definitely warn us of that one, right, Linky?

Lincoln: (Smirks) You know me all too well, Jessica.

We shared a laugh, and then, we merged the U.A. Marvel Heroes world with ours, and we had dinner and we got ready for bed, because tomorrow's the day of The Ridonculous Race, and it's going to be one awesome competition.

UA Nick Fury was taken to the Medical Unit and was gonna be all right.

Nick Fury was being walked out of a medical room in his base by

Mr. Fantastic.

Fury: Alright, Stretch, I can make it.

He sat in a chair right by his desk. Mr. Fantastic walked away, and Captain America and Iron Man walked up to him.

Fury: Smart guy, but I'd take a S.H.I.E.L.D nurse over him anyday.

Iron Man: Everyone else who was infected has pretty much recovered but the stuff the Tinkerer put in you was 10 times…

Fury: I know, believe me, I know. Listen guys, about all this, I just wanted to say…

Captain America: You can stop right there, Nick. There's plenty of blame to go around… on all sides.

Fury: Right. But I'm sure you'll get things done, make things the way they used to be.

Iron Man: (solemnly) I don't think things will ever be quite the same as they used to be.

Captain America: (smiles) Right, but that doesn't mean they can't be good again.

Reporter: And with the global threat against The Fold won, thanks to the assistance of the worlds Superhumans and Team Loud Phoenix Storm, congress has decided to overturn the Superhuman Registration Act. Additionally, all forces of the movement have been given pardons by the president. But does this mean superheroes can return to do what they do best? Former leader of the moment; Captain America, and newest commander of S.H.I.E.L.D; Tony Antony Stark, believe so.

Captain America:… And thanks to our steady but stedfast team, we've all been given a second chance, and we mustn't squander it. We've seen if all individuality was lost, but it shows what we will be when we're united."

Tony: And now our alliance are one again, and this time we protect the world through not only trust, but to do what's now right. Because now… no threat can stop us as an alliance.

Captain America: And it will forever remain reforged, ready for whatever comes near our path..

Captain America and Tony: Together.

Steam Smythe: Well said, you two.

Me: Absolutely.

UA Tony: I want to thank you guys for helping us today.

Me: It was our pleasure Tony.

Black Adam: Think nothing of it, Tony.

Comic Book Guy: (to Lupin) You and your friends helped too.

Lupin: Of course we did.

Me: We owe you guys big time for it.

UA Tony: (to Lupin: Just be patient until after the Ridonculous Race for us to arrive, okay?

Lupin: (grins) Don't worry. I'll be patient.

Me: Good.

UA Tony and Lupin shook hands before the latter started walking away.

But then, Tony saw that Lupin had his wallet.

UA Tony: Hey! Is that my wallet?! You better give that back!

Doc Ock: (laughs) Oh, don't worry about it too much, Tony!

Me: Besides, he's one of the greatest thieves ever. Nothing can be done.

Girder: I'm sure he'll give it back to you on the next big day.

UA Tony: Thank you all so much for helping us though.

Me: Anytime Tony. Awesome adventure though.

Nico: It sure was. And J.D. you did a great job leading the team today.

Me: Thanks Nico.

Nico: I say we head back home and celebrate.

Me: Actually. (Tiredly) You know what I feel like doing right now?

I fell to the ground.

FWOMP!

Me: (Snoring)

Nico: He really is tired.

UA Iron Man: (To the viewers) Hope you liked this adventure. It was so awesome.

Nico: It sure was. Lets go home everyone. Great job today.

Nico picked me up and we went back home and Nico put me in bed and I was out like a light. This adventure really took it out of me. Everyone enjoyed the rest of the day and went to sleep later on.

In the world of Lego, Nico, Marinette and Kai were walking through the world.

Nico: Thanks for coming with me, Marinette.

Marinette: No problem Nico. This will be so awesome to see. But this world of Lego is really awesome.

Nico: It sure is and it looks awesome.

Kai: Boy it sure does. This must be the Lego World for DC Comics.

Nico: Aw sweet! I've always wanted to come to this part of the Lego World.

Marinette: This is so cool!

Nico: Marinette, I'll never regret meeting you back in early 2019.

Marinette: Me neither Nico. That was so fun. And you all came and helped us later that year.

Kai: Wow that must've been awesome.

Nico: It was. But it was a tough mission too.

Marinette: Yeah it sure was.

Nico: And in the process, we made a team for all the Miraculous users.

Marinette: That was awesome. Wait look!

They looked up and saw a ship and it was that of the Lego version of BRAINIAC!

---

Brainiac is the main antagonist in the LEGO DC Universe film, Lego Justice League Cosmic Clash, voiced by Phil Lamarr.

Brainiac appears at the beginning of the movie, where his ship appears before a planet that is shrunken down and placed inside a glass jar. As Brainiac is about to put it in his collection, however, he trips and it accidentally flattens. Brainiac decides to replace the damaged planet by collecting the planet Earth instead.

Upon arriving Earth, Brainiac comes face to face with the Justice League. After their battle in space, Superman tosses Brainiac's ship far away from orbit.

After Brainiac returns to his home planet, Brainiac Prime, he orders one of his robot kind, Brainiac 1.4, to fix his broken ship. Brainiac then come across two underlings of himself, Brainiac 1.2 and 1.3, who both envy Brainiac of his superiority over them as they mock at his ship's soot marks that resembles a black eye and a mustache from his battle with the Justice League. Brainiac tells his underlings it's nothing he can't handle as he embarks a smaller version of his ship. As Brainiac disembarks from his planet, Brainiac 1.2 and 1.3 devise a way to destroy him to take over.

Once Brainiac returns to Earth, he comes across Superman, Wonder Woman and Green Lantern. This time, he blasts them with a ray sending them across time as Brainiac indicated them as a threat to him the most. Brainiac then broadcasts a worldwide message, telling the people of Earth that he will use his drones to scan everyone and then catalyze them before he shrinks the planet and places it in his collection.

As Flash and Batman travel back in time to save the Justice League, Cyborg calls upon Supergirl to help him fight Brainiac's drones. While the heroes destroy his drones in their scanning process, Brainiac becomes outraged by it and activate's his drone's defense systems.

Brainiac soon discovers Green Lantern and Wonder Woman who are returned to the present by Batman and have helped Cyborg and Supergirl finish off the last of his drones. Brainiac contacts Brainiac 1.2 and 1.3 and asks them the progress of his ship's repairs. Brainiac 1.3 sarcastically tells him it's nice to see him too after his sudden attitude with them. Brainiac tells him he didn't mean that as he says he's in the middle of something. Brainiac 1.2 mocks him as he says they are also in the middle of something. He then tells Brainiac his ship is almost complete and will bring it to him once it is ready. As Brainiac hung up on them, he presses a button on his ship's controls, blasting a ray down upon the Justice League, opening a portal that several dinosaurs are seen coming out of.

Meanwhile, Batman and Flash travel to the future to save Superman there. Upon arriving, they discover Metropolis is now destroyed as Brainiac took over the future. Brainiac's drones appear and attack the time machine, sending Flash back to the present and leaving Batman stranded. Just then, Batman comes face to face with Superman merged with Brainiac who knew Batman's intentions to save the other two heroes and made sure he used Superman to stop him in the future. As Brainiac Superman is about to destroy Batman, he is stopped by Legion of Superheroes: Lightning Lad, Cosmic Boy and Saturn Girl, who helps Batman escape from him.

Brainiac Superman later runs into the Legion of Superheroes after they destroy Brainiac's drones to lure him and defeats them with ease, although it was actually an illusion made by Saturn Girl. He then finds Batman in the Batcave where Batman dons his Bat-Gorilla suit and fights Brainiac Superman with. Although Batman struggles, he manages to trick Brainiac Superman into opening a vault containing Kryptonite, which Brainiac Superman congratulates Batman for planning ahead when Superman turns evil. However, Batman reveals that the Kryptonite's not part of his plan as he places a sunlight device on his suit, blasting Brainiac Superman with sunlight from. However, Brainiac manages to resist it and is about to finish Batman as he holds a giant penny in his hand. As Brainiac tells Batman his friend Superman is gone forever, Superman manages to fight back against Brainiac and frees himself from his control. Superman is then sent to the present as he remembers who he is, but Batman is still stranded in the future. That is until the

Legion of Superheroes appear in a time machine.

Back in the present, after the heroes imprisoned the dinosaurs in a green cage made by Green Lantern, Superman appears before them and congratulates them. As the heroes realizes that Batman is missing, however, Brainiac laughs triumphantly as he got rid of him. He then receives a message saying his ship is repaired. Once Brainiac arrives on his ship, Brainiac 1.2 and 1.3 are there and presents him with a shrink ray device. As they give it to him, however, Brainiac already discovers the device to be a b*** trap made for him, and he destroys his underlings for it. He then places the shrink ray device in his head and uses it to shrink the Earth and place it inside a bottle. Fortunately, Batman returns to the present after he used a time machine from the Legion of Superheroes.

The Justice League are each seen flying in their own jets as they fly from the Earth and to the lid of the bottle where they escape from. The lid of the bottle rolls over to Brainiac's feet, which Brainiac soon discovers the heroes have escaped. As Brainiac attempts to shrink the heroes as they swarm around him, Batman enters Brainiac's head and discovers the shrink ray inside there. As Batman leaps out of Brainiac's head, his and the Justice League's ships combine together to form a robot they call Mecha Leaguer, which Supergirl points out is almost the size of Brainiac. Mecha Leaguer fights Brainiac with ease, but Brainiac refuses to give up and attempts to blast them out of existence with his shrink ray. However, as he soon blasts them, he discovers he actually blasted them with his growth ray that Batman had reconfigured and programmed to self destruct after he entered Brainiac's mind, causing them and their world to grow. As the Earth continues to grow, Brainiac's ship breaks apart, and Brainiac is left faced with a giant sized Mecha Leaguer. After Brainiac loses his purpose in collecting planets, he programs himself to self destruct as he begins to count down from ten. Batman, on the other hand, asks Brainiac if collecting is his purpose. Brainiac says affirmative as he still continues the countdown. Batman tells Brainiac to stop after he says he has a solution.

Brainiac is later seen in a jailcell, observing a penny that he adds to his new collection of coins. As the Justice League are watching him from the Hall of Justice, Flash wonders if Brainiac will collect all coins. Batman tells him it's impossible as he says that new coins are made every year, which will never end Brainiac's collection.

Nico: Awesome! That's the Lego version of Brainiac.

Marinette: Ooh this will be awesome.

Kai: I can't wait to kick his blocky butt!

Nico: Marinette, now would be a good time to go Ladybug.

Marinette: Lets get him! TIKKI! SPOTS ON! HA!

She turned into Ladybug!

Nico: Time to give this Blocky Brainwashing Buttkissing Freak a taste of (GOES SUPER SAIYAN) Super Saiyan Fury!

They flew up to Lego Brainiac!

Ladybug: If any other villains are present, we may need their help.

Kai: We've been getting good at it lately.

Nico: Boy we sure have been haven't we. But we need to use that only in desperate times and not on every mission.

Ladybug: Yeah you're right.

Nico flew over and then…

KRASMAAAAAAASSSSSHHHHH!

Nico smashed through Brainiac's ship and shattered it into a million pieces!

Lego Brainiac fell to the ground.

Marinette: That did it!

Nico: Is there anyone else here?

Kai: Don't see anyone.

They landed in front of him.

Lego Brainiac: You think you can stop me!? I am the most powerful intelligence in the universe and I have no equal in terms of intellect and I will make sure you tremble before me!

Nico: Ah shut up!

?: YEAH You're giving us headaches!

A hammer made of bricks with eyes smashed him into a pulpy pancake! Then it reformed into a Segmentasapien.

Nico: Whoa a Segmentasapien!

Segmentasapien: (In a girls voice) Been a while Nico.

Nico: Iris? Iris Brockman? Wow it has been a while.

She reverted back and she was a girl with magenta hair and was wearing different colored clothes.

Iris Brockman: This version of Brainiac is never gonna be as good as the one that I know. And you should see what I did to that one.

Nico: Wait you caught Brainiac from our universe?

Iris Brockman: Yep.

She held out a jar and in it was Brainiac in a special neutralizing jar.

Nico: Wow! You caught Brainiac.

Marinette: That is so awesome.

Kai: Yep it sure is.

Nico: What about Lego Batman and the others?

Iris Brockman: They are over on the planets of the Lanterns. While they are away I was sent to pulverize this ugly blockhead.

Nico: Awesome! Wow they really have no idea that Brainiac met his match.

Kai: You got that right.

Nico: You think we should tell that what happened just now?

Marinette: Yeah we should.

Kai: Yeah.

Marinette: What's your favorite memory of Nico?

Iris Brockman: My favorite memory would have to be where me and Nico were working on awesome furniture and we made a really beautiful bunch of furniture sets and they were great. We made all kinds of luxurious furniture too.

Nico: We sure did.

Nico and Iris then hugged.

Nico: I really missed you.

Iris Brockman: Me too Nico.

Lego Brainiac: BLECH! Get a room you two!

WHAM!

Marinette bashed him on the head with a hammer she made from her Lucky Charm.

Lego Brainiac: (Stupidly and Dazed) Mommy can you read me the story of the pony?

Marinette: He sure doesn't know how to shut up.

Nico: Hit him again.

KRABLAM! KRABLAM KRABLAM!

He was flattened worse than a pancake!

They later came home.

After Nico's rescue, Lincoln, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, Robin, and Flash are heading to The Simulator, this time the location is O-Town, and not only is Lincoln going to rescue the seventeen girls here, but we're also going to pulverize the Simulator version of Ed Bighead, Lincoln especially, since he's got a brutal score to settle with that permanently wedgied grouchy toad for almost ruining his date and bombarding us with garbage last year. I am still in bed because I am worn out from the battle with the Fold yesterday.

Lincoln also invited The Masters of Evil and Bulma for this one, and they're also wanting to pulverize the Simulator version of Ed Bighead. The Simulator activated, and we were in O-Town.

Lincoln: Wow, we're here in O-Town, and I know what we're going to do here, not only am I going to rescue the seventeen girls here, but we're also going to brutally pulverize the Simulator version of Ed Bighead, me especially, since I've got a brutal score to settle with that permanently wedgied grouchy toad for almost ruining my date and bombarding us with garbage last year.

Nico: You got that right, big guy.

Eli: This is going to be one wild fight, and we had to take twenty showers to get the garbage and smell out.

Lincoln: And none of us are going to show that Simulator version of

Ed Bighead any mercy. While our Ed Bighead's now on a tight leash, thanks to The Masters of Evil and Mrs. Bighead, the Simulator version of Ed Bighead's going straight to jail.

Vypra: Good thinking, Lincoln, and thanks for inviting us, Robin, Flash, and Bulma for this one.

Lincoln: You're welcome, Vypra. Plus, since this involves Ed Bighead, it makes sense to also involve Bulma for this one.

Bulma: That toad's going to get it big time.

?: HELP!

Suddenly, Lincoln heard the sound of seventeen girls calling for help, along with hearing maniacal laughter. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the seventeen girls, but they've been tied up by the Simulator version of Ed Bighead, and he's about to dump them in a pool of lava.

Lincoln: Guys, I found the seventeen girls, but they've been tied up by the Simulator version of Ed Bighead, and he's about to dump them in a pool of lava.

?: That permanent wedgied toad, let's get him!

Suddenly, we saw the Water Girl Duel Monster appear before us.

Lincoln: That voice, I knew it was you, Grace Lorelai. But, we'll have to talk later. Right now, we've got to save the seventeen girls, and then, I'm going to pulverize that permanently wedgied toad into pulp.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits the Simulator version of Ed Bighead, and he freed the seventeen girls who got to safety. When the Simulator version of Ed Bighead saw us, he was already seeing red.

Lincoln: You and I have a brutal score to settle, Bighead. You're going to pay for almost ruining my date and bombarding us with garbage last year.

Eli and Nico: Yeah, you permanently wedgied, bad-tempered, wart-covered toad!

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, The Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, The Masters of Evil, Bulma, Robin, Flash, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, and Me, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went at the Simulator version of Ed Bighead, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, green flames, and water, and they exploded with incredible power as they hit him.

Lincoln and Bulma pulverized him with powerful punches and kicks, and he and Electro electrocuted him with powerful blasts of lightning and rainbow super lightning. This made Simulator Ed Bighead so mad, he was about to attack us. But, before he could, he jammed his foot on a rock, and it caused him so much pain.

Simulator Ed Bighead: Ow, Ooh! Ow! My [dolphin chirps] foot! What [dolphin chirps] genius put a [dolphin chirps] rock in a [dolphin chirps] path?! Can't you see I got a [boat horn no. 1] foot here?! Oh! [seal bark. Continues saying a bunch of swear words, censored out by seagulls, foghorns, ship bells, etc.]

At this moment, Lily and Lincoln were counting the swear words.

Lincoln: Five, six, seven…

Simulator Ed Bighead:… a whole lotta [old-style foghorn] and with a side of [dolphin chirp], a heapin' helpin' of [ship's bell] and a boatload of [boat horn no. 4]…

Lily Loud: Nine…

Simulator Ed Bighead: Ooh [seal bark, seagull squawk] crabbin' [SpongeBob's alarm clock] Ooh-hoo-uh! [cries in pain]

Lily Loud: That's all the 13 bad words that Spongebob, Patrick, and Mr. Krabs told me about!

WHAT A POTTY MOUTH!

We gasped in shock and surprise. Then, Lincoln grabbed Simulator Ed Bighead's mouth, and he began washing his mouth out with bar soap, and Lincoln then tied Simulator Ed Bighead in a rainbow energy straitjacket with rainbow energy chains, and threw him in an isolated cell in Solitary Confinement in the Jupiter Prison, where he was then chained to the wall with rainbow energy chains and Neutronium Chains. We cheered wildly as we holster our weapons and power down.

Lincoln: That's it for that miserable toad. (To Grace Lorelai) And it's so good to see you again, Grace Lorelai.

Grace Lorelai: You too, Lincoln, it's been a long time.

Lincoln went up to Grace Lorelai, and they hugged, and Grace Lorelai was also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become.

Lincoln: It sure has been a long time, I haven't seen you when you were fifteen, and as you can see, I really grew a lot since then.

Grace Lorelai: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Grace Lorelai, she came to Michigan from Hawaii, she's known as a great dancer, and she has a really awesome talent to use martial arts with dancing.

We were surprised at that last part Lincoln told us.

Nico: (Surprised) Really?! I can't wait to see that in action.

Grace Lorelai: And there's also something you guys should know: I'm pregnant, but there's also a very horrible revelation about Ms. Hoover, and why she's so depressed.

We were shocked not only at the revelation of Grace Lorelai being pregnant, but also the very horrible revelation about Ms. Hoover, and why she's so depressed.

Eli: Whoa, we'll have to hear about that later.

Lincoln: Same here, right now, let's get you back to normal, Grace. Boys, cover your eyes, and Nicole, you know what to do?

Nico, Eli, and the rest of the boys cover our eyes as Lincoln snapped his fingers, and Grace Lorelai was reverting back to normal. Grace Lorelai is a beautiful 17-year-old girl with short neck-length light green hair, green lipstick, ocean blue eyes, fair skin, she's 6'5" in height, she has the body of a goddess, and she has massive light green angel wings with ocean blue tips on the large light green feathers, as she reigned in the power of Water Girl. We also saw that she had a stomach bump, the sign that she was pregnant.

Lincoln: How do you feel, Grace?

Grace Lorelai: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Grace Lorelai her new wardrobe, a sleeveless light blue midriff top, blue skirt, light blue sandals, a long sleeveless light blue trenchcoat with ocean waves on the coattails with the Water Girl on the back, and holstered on her back is a large Water Girl-themed sword with Water Girl etched on the 6'5" massive, wide, double-edged, man-sized light blue blade, large green angel wings for the crossguard, large light blue gem embedded in the rainguard, longer black handle, and large light blue gems surrounded by green angel wings for the pommel.

Grace Lorelai: Wow, I love the outfits you made for us, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Grace Lorelai's neck with light blue gems on the gold lightning bolts and green crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Grace Lorelai: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Grace.

Grace Lorelai had a smile on her face and tears coming from her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed Grace Lorelai on the lips, and she returned it, and we cheered for them. Then, we went up to the seventeen girls here, and when Lincoln saw them, they immediately recognized them. The seventeen girls are Mikura Suzuki from Mezzo Forte, Nanami Nitta and Kurumi Minami from Cafe Junkie, Annerose Vajra from Koutetsu no Majo Annerose, Carrera the Succubus, Rati the

Succubus, and Mercedes the Succubus from Viper GTS, Hinano, Kaname, Serori, Tomoe, Takane, and Umi Hiiragi from Nee, Chanto Shiyou Yo!, Mylene Hoffman from 009-1, Alice Minazuki, Juri Yagami, and Rena Otori from Alice in Cyberland.

Lincoln: Oh wow, it's Mikura Suzuki, Nanami Nitta, Kurumi Minami, Annerose Vajra, Carrera the Succubus, Rati the Succubus, Mercedes the Succubus, Hinano, Kaname, Serori, Tomoe, Takane, and Umi Hiiragi, Mylene Hoffman, Alice Minazuki, Juri Yagami, and Rena Otori.

Nicole Knudson: From Mezzo Forte, Cafe Junkie, Koutetsu no Majo Annerose, Viper GTS, Nee, Chanto Shiyou Yo!, 009-1, and Alice in Cyberland, awesome.

Lincoln: Are you girls okay?

Mikura Suzuki: Yes, we're okay, thanks to you.

Then, when Mikura Suzuki and the other sixteen girls saw who it was that saved them from the Simulator version of Ed Bighead, their faces turned atomic red upon seeing the 17-year-old 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large gold buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Mikura Suzuki: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made sixteen clones of himself, and he and the sixteen clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Mikura Suzuki: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, seventeen Thunderbird Necklaces of Eternal Love appeared on the necks of Mikura Suzuki, Nanami Nitta, Kurumi Minami, Annerose Vajra, Carrera the Succubus, Rati the Succubus, Mercedes the Succubus, Hinano, Kaname, Serori, Tomoe, Takane, and Umi Hiiragi, Mylene Hoffman, Alice Minazuki, Juri Yagami, and Rena Otori with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We exit the Simulator, and we told everyone of what happened in the Simulator version of O-Town, and they were shocked when they found out the villain we went after was the Simulator version of Ed Bighead.

But, when Lincoln showed everyone what he and all of us did to the Simulator version of Ed Bighead, not to mention everyone laughing hysterically when they saw Lincoln washing the Simulator version of Ed Bighead's mouth when we heard him saying the 13 bad words that Mr. Krabs talked about, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Grace Lorelai now have a lot of catching up to do, now that she's back.

---

After throwing the Simulator version of Ed Bighead in the Jupiter Prison, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Grace Lorelai saw Lincoln working out like crazy, she had an atomic red blush on her face.

Grace Lorelai: Whoa, I was right that Lincoln has really grown to be a 17-year-old 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Grace, and now, I can also defend myself.

Grace Lorelai: That's incredible.

Nico: It sure is, Grace, so can you tell us about how you got pregnant, and about that horrible revelation about Ms. Hoover and why she's so depressed?

Grace Lorelai: Gladly. Well, the first revelation of how I got pregnant isn't a good one, when I turned sixteen, I was out having fun with my friends, and after a night of fun, we were heading home. But then, we got ambushed by a couple of teenage boys, and we wound up getting drugged and even worse, I got (Gulps) raped.

We gasped in shock from that.

Lincoln: What?! That's horrible!

Eli: My God.

Nico: Those lowlife slimeballs! How dare they?!

Grace Lorelai: I ran home and told my parents what happened, and they were horrified. They called the cops and the boys got arrested and put in prison, and since they'd also had previous records of rape, they're now serving Life Sentences without Parole. I did a pregnancy test, and when the results came back positive, my heart sank, that rapist impregnated me. When I told my parents and the Louds of what happened, everyone was shocked. Lincoln comforted me and we had a talk on what to do, I didn't want to be humiliated by what those rapists did to me, but to know that I'm now pregnant at sixteen, my future was now doomed.

Lincoln: It was really bad, guys. Then, we found out that Grace ran away and she wrote a note saying that she couldn't bear the fact that she's now pregnant at sixteen, and worse, raped at sixteen, and she decided to leave Royal Woods, and we were really heartbroken by that, and it was also at that time that she got Gene-Slammed by those Team Rocket scientists.

Nico: Whoa.

Grace Lorelai: But, now that I'm back, I decided that I'm going to raise the baby, but he'll need a father figure.

Lincoln: That's where I come in, Grace. I promise you, the baby will have a happy life as a member of our family, and I'll be a great father to the child.

Lynn Sr.: He's right about that, Grace.

Grace Lorelai: Yeah, you're right about that, Mr. Lynn, since I did meet Lincoln's kids, and I saw that Lincoln's a great father to them.

Lincoln: Thanks, Grace. So, what's this horrible revelation about Ms. Hoover, Lisa Simpson's teacher from Springfield Elementary?

Grace Lorelai: Well, you know why she's so depressed all the time? Well, I found out that she's been worn down by her years in the public school system, and is therefore unable to retain an enthusiastic attitude during her job, although she does show premises of it on some occasions. But, as much as Hoover is concerned for the future of the children, she hates her job and seems overwhelmed with stress, seeking whatever remedies she can to alleviate it. Hoover is often seen smoking even while teaching, even under a "No Smoking" sign in the assembly hall. She also occasionally drinks on the job. Her desperate attempts to regain her stability include rushing out of class to recite "Calm blue ocean, calm blue ocean" with her eyes closed, and even, on two occasions, getting into her car and driving off.

We gasped at the sudden revelation, including Lisa Simpson.

Eli: Whoa, now that's one serious revelation.

Nico: So, that's why she's so depressed all the time, the public school system in Springfield has worn her down over the years, and she's tried desperate measures to alleviate it, and they're incredibly dangerous and of course, risky especially since it'll mean breaking school rules.

Lincoln: This is really bad, this is because of the public school system in Springfield that Ms. Hoover has been worn down over the years.

Eli: Is there a way to help her?

Nico: She could've retired or quit, but something kept her from quitting. But, we'll find out just what to do with this situation later. I don't know why, but the world of two of Lincoln's many future wives is going to merge with ours, and we're going to face two more of the Shadow Warriors.

We then got a shower, and suddenly, a bright light descended on our world, and we covered our eyes. Then, as the bright light faded, we uncovered our eyes, and to our surprise, the world of Burning Rangers, the world of two of Lincoln's many future wives, Chris Partn and Tillis, has merged with ours.

Lincoln: Wow, Chris, Tillis, your world has merged with ours.

Chris Partn: That's so awesome.

Tillis: It sure is.

Suddenly, the alarm sounded, and when Lincoln checked the computer, he then found out that the muscular mutants, Bimmy and Jammy, are here and are causing havoc. Plus, we also saw they're fighting the twin brothers, Billy and Jimmy Lee.

Lincoln: Oh man, the muscular mutants, Bimmy and Jammy, are here and are causing havoc. And we're also in for another awesome surprise: Billy and Jimmy Lee are here, and they're fighting the two mutants.

Chris Partn: We've got to put a stop to those two mutants, and give Billy and Jimmy a hand.

Tillis: Yeah, we can't let those two mutants continue to go on a rampage here in Gotham Royal York.

Lincoln: You're right. Come on, let's go.

We then flew out, and Lincoln fired two powerful rainbow energy balls with elemental forces, which hits Bimmy and Jammy. When Billy and Jimmy Lee saw us, they were surprised to see us.

Billy Lee: Oh, no way, Team Loud Phoenix Storm's here.

Jimmy Lee: And from what we've heard, they've been taking down some of the Shadow Warriors.

Lincoln: You guys heard right. (Kung Fu bow) and it's an honor to meet you both.

Billy Lee: You too, Lincoln.

Lincoln: Leave your mutant versions to me, Chris, and Tillis. We'll take them down and put them in prison.

Chris Platn: Yeah, let's get them.

Lincoln, Chris Platn, and Tillis went after Bimmy and Jammy, and they fired powerful blasts of rainbow energy, blue energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Gravity, Magic, Blood, Thunderbirds, Phoenixes, Angels, and Buffalo at Abobo, and they exploded with incredible power as they hit the mutant twins. Then, they brutally pummeled and overwhelmed the mutant twins with powerful punches, kicks, and powerful martial arts, and they knocked them down and defeated them.

Lincoln: Now, to get these two to their new prison.

Lincoln tied the mutants up in rainbow energy straitjackets and rainbow energy chains, and he beams them to the Masters of Evil's prison. We cheered for the three of them for what they did.

Jimmy Lee: Wow, now that was awesome!

Billy Lee: Indeed, you guys definitely live up to your reputation as powerful warriors.

Lincoln: Thanks, guys. Say, do you want to join the team?

Jimmy Lee: We should've known you'd ask us that, alright then, consider us in, Lincoln.

Eli: Alright.

Nico: This is going to be so awesome having you guys in the team, and if we see any more of those Shadow Warriors running loose, we'll take them down once and for all.

We then returned home to the Estate, and not only did we take down Bimmy and Jammy, but we also now have Billy and Jimmy Lee as new members of the team.

---

In my room I was waking up.

Me: (Yawns) Man I sure was tired. The battle with the Fold really took it out of me.

Spike: It sure do.

Me: Oh morning Spike. How long was I asleep?

Spike: Ever since we won the battle. It took a lot of energy out of you.

Me: Man no kidding. That battle was intense.

I got up and got dressed.

Later it was time for Tahu's final Ambassador Mission.

Nico: Tahu, this mission might be your last chance to test out your Beyblade.

Tahu: I know. This will be still fun though my brother.

Nico: It sure will.

I came in and yawned.

Nico: Good morning J.D. Man you sure were tired after that battle.

Me: (Yawns) Man I sure used up a huge amount of energy yesterday.

Nico: No kidding man. But at least we got the job done.

Me: Yeah. Anyway I'm all set and ready to go on the Ambassador Mission.

Tahu: Then lets go.

Vakama: This will be so cool to meet Tyson and team.

We were off to Japan.

We arrived in Japan.

Tyson: Hey guys!

Me: Hey Tyson!

We fistbumped.

Tahu: Guys, meet the Toa Metru.

Vakama: Awesome to meet you all. My name is Vakama, Guardian of Ta-Metru.

Nokama: I'm Nokama, Guardian of Ga-Metru.

Matau: I'm Matau, Guardian of Le-Metru.

Onewa: I'm Onewa, Guardian of Po-Metru.

Whenua: I'm Whenua, Guardian of Onu-Metru.

Nuju: And I'm Nuju, Guardian of Ko-Metru.

Hilary: Wow! Awesome to meet you all.

Tyson: It sure is.

Tahu: Tyson, any bad guys causing trouble today?

Tyson: The Demolition Boys are up to no good.

Me: I haven't seen them in a while. And Boris must be back too.

Hilary: But you killed Boris.

Me: Yes I did but we have had many encounters with villains we killed before and they always come back for revenge.

Vakama: Alright, Tahu. You wanted to test your Beyblade out. Here's your chance.

?: And it'll be his last.

Me: Been a long time Boris!

Out came the Demolition Boys!

---

Beyblade

The team is introduced in the last part of the first season. They would face the Bladebreakers in Russia for the World Championship, as defending champions. However, the Bladebreakers were introduced to Boris and his training facility, at first. Kai, who felt something strange on that facility, decides to investigate the place. There, he recovered his memory and remembered that he was brought up there. He decides to join the Demolition Boys, in order to possess the power of the Black Dranzer.

Before facing the Bladebreakers, they face the All Starz and the White Tigers, who are easily defeated. Kai steals every bit beast from both teams, except for Kevin's Galman.

The team is now determined to win the Beyblade World Championship, so Voltaire and Boris can take over the world, by using the captured bit-beasts of their team's opponents. However, before the finals, Kai challenges the Bladebreakers, and is defeated by them. Now, he is back to the team, and ready to win the championship. Before the final match with the Bladebreakers, the Demolition Boys ambush them and they defeat Max in battle, taking Draciel away.

In the first round, Kai battled with Spencer. Spencer wins, and Kai loses his Dranzer. Then, Bryan faces Ray. After a very hard fight, Ray wins, although he gets seriously injured. For the final match, a "new and cyber-improved" (english dub only) Tala faces Tyson. He "chooses to lose" the first round, and then defeats Tyson in the next round, after creating a huge ice mountain around them. In the very last round, Tala reunites all his power in a single attack, but Tyson still manages to defeat him, after speaking to Dragoon. The game is over, all the stolen bit-beasts are returned and the Biovolt Corporation is closed.

Beyblade: G-Revolution

During the third season, their team name changed from Demolition to Blitzkrieg Boys, and Ian is no longer with the team. They invite Kai to join them. Kai, who was originally a member of the BBA Revolution, accepts, due to his will to defeat Tyson. Kai and Tala are chosen to be the main bladers of the team.

In the first match, they face the F-Dynasty and easily win. After, they face the BBA Revolution. As Tyson was not chosen by Hiro to fight this time, Kai lets his beyblade out of the stadium on purpose, just as his fight against Daichi starts (and not as coincidence, his beyblade almost hits Hiro). Tala then defeats Kenny, but loses to Daichi. When facing the PPB All Starz, Kai defeats Max, and Tala is quickly knocked out of the stadium by Rick, who later loses to Kai. Their next match is against the Barthez Battalion, whom they easily defeat.

After defeating them, they face the White Tigers. Although Tala easily defeats Lee, Kai has difficulties fighting with Ray, but he wins. For the final Match against the BBA Revolution, Kai challenges Spencer and Bryan to a fight, only to be as tired as Tyson, who had already fought with the F-Dynasty. Tala vs. Daichi match ends up as a tie, and the battle between Kai and Tyson lasts for two chapters of the anime. After a surreal fight in which they create global-scale effects, Tyson barely wins, and both beyblades are severely damaged (but later repaired).

When the BBA is mysteriously brought down and the new professional Beyblade league appears (Beyblade Entertainment Global Association, or BEGA) Tala, Bryan and Spencer attempt to close it down when they realize Boris is the man behind this. They face three amateur boys of the BEGA, and win. Then, Boris dares them to win against his top blader Garland. He says that if they win, he will close the Association. Garland quickly knocks Spencer and Bryan out of the stadium, and then he defeats Tala. Before a severely injured Tala faints, he reveals that the Barthez Battalion was the testing team for the BEGA, and that they were fortunately defeated, as Tyson showed them the right way to battle. Tala is sent to a hospital, where he lies unconscious. He wakes up in the last episode, to provide the power of Wolborg to Dragoon, so that Tyson can defeat Brooklyn. Only Tala remains for the rest of the series. Spencer and Bryan disappear from the show after Tala's devastating loss to Garland.

They all appear together again in the epilogue (original ending) walking by a crowd of cheering fans back in Russia and having reunited with their old member Ian.

---

Boris: You will pay for everything you did to me J.D.!

Me: You had it coming you monster! You were turning your Beybladers into weapons of evil to destroy anyone in your way.

Nico: You're a warmongering monster!

Tahu: That's right! And I will face you this time!

Boris: If I win, you hand over your Beyblade and your Kanohi Mask.

Tahu: And if I win you go to prison.

Me: For War Crimes.

Boris: Deal.

They got ready.

Tahu: This will be good.

Boris: Yes for you to be without your mask.

Me: Your overconfidence will be your undoing Boris.

Nico: Yeah!

3… 2… 1…

Tahu and Boris: LET IT RIP!

They unleashed their Beyblades and they were clashing all over.

Nico: Whoa.

Tahu: (Flares up fire aura) UNLEASH THE FIRESTORM PHOENIX!

Tahu had his Beyblade summon the FIRESTORM PHOENIX!

Boris: (Flares up dark aura.) GO ZEUS!

He summoned ZEUS THE DARK GOD!

Me: Oh man!

Tahu: FIRESTORM CALAMITY!

He had the Firestorm Phoenix fire blasts of fire and burn Zeus all over and then Boris was laughing like an insane lunatic!

Nico: GEEZ! He is fucked up in the head!

Me: His Beyblade is unstable! When I faced him and the Demolition Boys the first time they were using unstable enhanced Beyblades with Cybernetic Components and they were destroying their users minds.

Nico: That is REALLY PLAYING with fire!

Nokama: Not good there!

Nico: Tahu, you need to destroy that Beyblade. NOW!

Tahu: You got it my brother!

Vakama: Go Tahu!

Tahu flared up his fire aura and unleashed his Beyblade's full power and we felt a massive surge of energy!

Me: WHOA! What power!

Nico: Unreal!

Tahu's Beyblade then spun fast and then smashed through Boris's beyblade and destroyed it!

Me: YEAH!

Nokama: That did it!

Boris then fell to the ground defeated!

Tyson: Way to go Tahu!

Me: Not bad for your first time.

Tahu: Thanks brothers.

I went over to Boris and he held up his hands.

CLICK!

I slapped the cuffs on him.

Me: A deal is a deal Boris. All right boys take him away.

Interpol came and took him away.

Tyson: Tahu, you know how you call your friends brothers. Including us.

Tahu: Why do you ask?

Tyson: Well, believe it or not, ever since I first met you, I've come to you as an actual brother.

Tahu: I'm honored that you think that Tyson. And to me you are like a true brother to me too.

Tyson hugged him.

Hilary: But that was so awesome though. J.D. it was awesome to see you again after all this time.

Me: Well this isn't goodbye forever. We'll see each other again in May. And we're going to go on a great mission together.

Nico: That's right. You all introduced the team to Beyblades and they are so awesome.

Matau: They sure are cool. Everyone on the team should get a Beyblade.

Whenua: I agree. It'll be awesome to have everyone meet you all later on.

Kenny: It sure will be awesome though.

Me: Yes it will. We'll see each other on May 14th and it'll be an awesome adventure.

Hilary: Awesome! And J.D. we'll be rooting for you in the Ridonculous Race. If you see one of the Sore Losers, punch one of the in the face for me. Specifically Alejandro.

Me: With pleasure Hilary.

We later came back.

May: Hey guys, how did it go?

Me: Really awesome. Tahu tried out his Beyblade for the first time.

Nico: and he kicked Boris's butt.

Eli: Awesome!

May: Princess Luna, your Ambassador missions are next.

Princess Luna: This will be most fun to see. Wonder where I'll be going.

Nico: You'll like it.

Yost Magma: You're going to my world for those missions.

Me: Wow! The Yost X-Men world. I was told so many terrible things happening there because of the people's hatred towards mutants.

Yost Petra: Yeah it was awful.

Nico: Well it won't be pretty when we see it all.

---

Later we were beating up some bank robbers.

The Blue Jellyfish floated by a getaway car of some bank robbers.

Nico: Stop those robbers!

Laney: Yeah!

Lana: Yeah!

Aligned Sideswipe: Man, how dumb can you guys get?

Erika: It would've been smart of you to rob a bank in a city without any heroes.

Nico: Yeah you stupid morons!

Laney: You need to get a better life instead of robbing banks in a town where we will always stop you.

We smashed and pulverized them all over and arrested them.

Blot: Another bank robbery foiled.

Aligned Sideswipe: (uncharacteristically down) I guess.

Maria: Something wrong, Sideswipe? Usually, you're not this quiet after we bust crooks.

Aligned Sideswipe: Except I didn't get to do much. All I got to say was how dumb the robbers were. I didn't even get to say a clever line!

Laney: It's all right Sideswipe. You did your hardest though.

Nico: Yeah what's important is that we stopped them.

Eli: That's true.

Nico: Sideswipe, I think what you need is a few days off at Crown City.

Aligned Sideswipe: Really?

Groove: (catches on to Nico's plan) Yeah! Think of this as a way for you to clear your head.

Laney: A vacation.

Aligned Sideswipe: Yeah you're right. I could use one too.

Lincoln: Nico, why did you say all that? You know damn well that we're not gonna be here for about a week!

Cree Lincoln: I think I understand what Nico was doing. Gotham Royal York needs a hero or two protecting it. It might as well be Sideswipe.

Nico: You hit the nail right on the head Cree. Now it's time for us to get ready. The Ridonculous Race is on.

Me: Yep. Time for the awesome race. Lets deploy the TLPS Floating Fortress!

Nico: Yeah!

Then Angel, Webstor, Red Ghost, Skalamander, Rich Texan, Steam Smythe, Black Adam, Comic Book Guy, Doctor Octopus, and Girder appeared.

Angel: Can me, Webstor, Red Ghost, Skalamander, Rich Texan, Steam Smythe, Black Adam, Comic Book Guy, Doctor Octopus, and Girder go with you guys?

Nico: Absolutely! It's time for the Ridonculous Race.

Angel: Is it that time already? Wow! I hope it's not like the last one with the Midnight 13.

Me: Don't worry guys. I talked it over with Don and he said it's all right for all of us to participate in this one.

Rich Texan: This will be amazing for us.

Me: It sure will.

Snaptrap: Nico, which Gene Slammer do you think will appear in your next rescue?

Nico: Hmm. I'm hoping to meet a Chaulight Gene-Slammer next.

Shanan: Whoa! That's another one of the natural predators of the Pisciss Volann.

Eli: What does that one look like?

Shanan: It looks like a Pelican Gulper Eel but with teeth like those of a Dragonfish.

Shanan pulled up a picture of one and it was a really scary creature.

Nico: Yeah that's it!

Laney: Whoa! Scary.

Me: Yeah. But that's an interesting choice.

Eli: It sure is.

Nico: So one of the Neptune Crusaders will go with me on that one.

Me: Yep.

Nico: Anyway lets head out.

Webstor: What's our first destination?

Me: We're going to Kyrgyzstan **K G**.

Nico: Cool! Lets head out!

We deployed the floating fortress and we were off to Kyrgyzstan!

# BISHKEK, KYRGYZSTAN **K G**

We arrived in Bishkek, Kyrgyzstan and it was a beautiful city.

Nico: Here we are guys. Welcome to Bishkek, Kyrgyzstan.

Me: Wow! So beautiful.

Eli: It sure is. We've never been here before.

Laney: It's magnificent.

Black Adam: The Epic of Manas originated from here.

Jessie Knudson: Yep and that was a poem from the 18th century and it was about the interactions with the people of China and Kyrgyzstan.

Twilight Sparkle: That is really amazing.

Nate: It sure is.

Cybertron Crumplezone: Are there any sharks here?

Nico: No Crumplezone. There would be no sharks in the middle of central Asia.

John Bolton: Unless you count for me and my siblings.

Rarity: Oh that is so true.

Nico: They would also have to live in the Caspian Sea.

Laney: Yeah.

Eli: Isn't the Aral Sea not that far from here too?

Nico: Yeah but that sea is almost totally dried up now because of it being a landlocked sea and it's now a dry salt basin.

Rarity: That is strange.

We saw a huge lake and it was Lake Issyk-Kul.

Horsea: Look at all the fish!

Girder: You really like the water here, huh, Horsea?

Horsea: Yeah.

Me: Lake Issyk-Kul. It's so beautiful.

Nico: Yep. Lets get ready for the challenge.

We went back to the city and found a Don Tip Box.

Nico pressed the button and a travel tip came out.

Nico: (Reads it) Spiciness is where it's at. Eat the spiciest foods in all of Kyrgyzstan to receive your next travel tip.

Me: Now you're talking!

William: Guess we got our first challenge.

Hard Man: Shouldn't be that hard, No pun intended.

Nico: Yep.

But, before the challenge was about to begin, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a very dark energy signal, along with three energy signals, and he saw a vision of who the very dark energy signal, along with the other three energy signals belonged to, the very dark energy signal belonged to Spyro and Cynder's old enemy, Malefor, the first purple dragon who was born a thousand years ago, who became the malevolent Dark Master and sought to destroy the world, until he was defeated by Spyro and Cynder, the other two energy signals belonged to Josee and Jacques, the two Total Drama sore losers who are out for revenge.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone coming after us?

Lincoln: I'm afraid so, Nico, there's three people coming after us: the first two energy signals I sensed belong to the Total Drama sore losers, Josee and Jacques, and they're coming after us for revenge and the very dark energy signal I sensed belongs to Spyro and Cynder's old enemy, Malefor, the first purple dragon who was born a thousand years ago, who embraced evil and he became the Dark Master who sought to destroy the world, until he was defeated by Spyro and Cynder, and he's coming after Spyro and Cynder for revenge.

We gasped in pure shock.

Spyro: And finally, Malefor, the monster who corrupted Cynder and tried to destroy the world. We're in for one dangerous battle.

Lincoln: But, we're not going to let those four stop us from completing this challenge. We're going to win this challenge, and then, we're going to stop Josee and Jacques. But, as for Malefor, he's looking at a one-way trip to the Black Gates for the pain and suffering he's caused.

?: You're indeed correct, Lincoln Loud.

Suddenly, we saw four dragons appear before us, and when Spyro and Cynder saw them, they knew who they were. The red dragon is Ignitus, Dragon Guardian and Master of Fire, the gold dragon with lightning bolts on his body is Volteer, Dragon Guardian and Master of Electricity, the white and blue dragon is Cyril, Dragon Guardian and Master of Ice, and the green and brown dragon is Terrador, Dragon Guardian and Master of Earth.

Spyro: Ignitus, Volteer, Cyril, Terrador.

Spyro and Cynder flew to the four Guardian Dragons.

Ignitus: It's good to see you and Cynder again, Spyro, and it's a pleasure to meet all of Team Loud Phoenix Storm.

Lincoln: You too, Master Ignitus.

Terrador: When we sensed that Malefor had returned, we flew here to warn you all. But, I was quite surprised when you sensed his presence, Lincoln.

Volteer: Indeed. We were quite surprised that you were able to track him that easily. Can you tell us exactly how you acquired that kind of ability?

Lincoln: I'd be glad to, Master Volteer. I acquired this ability after I got hit with massive amounts of cosmic radiation during my date, and not only did I gain a very massive power boost, but I've also been gaining and unlocking many other powers, and one of them is the ability to see visions of any uninvited villains heading for us or villains who've either broken out of prison or returned from the dead wanting revenge on us and sensing their energy signals.

Nico: And that ability of Lincoln's has constantly warned of any uninvited villains that show up for revenge.

Ignitus: That's very impressive.

Crash Bandicoot: Masters Ignitus, Volteer, Cyril, and Terrador, allow me, Spyro, Cynder, and the other dragons of The Skylands to deal with Malefor. After everything that Cynder and Spyro told us about Malefor, I refuse to allow a monster like him to live. He's caused so much pain and suffering for over a thousand years, and because of what he did in corrupting Cynder and forcing her to do his bidding, now it's also personal.

Terrador: That's indeed quite a bold request you've made. But, we can sense you intend to take on a task such as this.

Crash Bandicoot: Yes, that's correct.

Nico: Very well, Crash, but allow me to tell you, Spyro, Cynder, and the other dragons these words: show that malevolent monster absolutely no mercy!

Crash Bandicoot: Trust me, Nico. Malefor deserves absolutely no mercy for everything he's done.

Suddenly, Crash Bandicoot's massive Sword of The Skylands unholstered itself from his wider and more muscular back, and it was surrounded by a tornado of rainbow energy and rainbow fire and a kaleidoscope of flames, water drops, wind gusts, rocks, leaves, shadows, lights, bones, gears, and sparkles. When it emerged, the Sword of The Skylands was transformed into Skylands' Elemental Wolf Sword of Elemental Bravery and Justice, it's a brand-new large sword with a 6'10" massive, wide, double-edged crimson red blade with the Life Symbol etched on it and etched around it in a circle are the symbols of Fire, Air, Water, Earth, Light, Dark, Undead, Tech, and Magic, two large crimson wolf heads with the rainbow gems for eyes and their mouths closed, large rainbow gem embedded in the rainguard, longer black handle, and four large crimson wolf heads with rainbow gems for eyes and in their open mouths and a smaller rainbow gem below the wolf heads for the pommel.

Nico: (Amazed) Whoa, now that's one awesome sword transformation.

Lincoln 2: Indeed it is, Nico. Crash, the weapon you see before you is known as Skylands' Elemental Wolf Sword of Elemental Bravery and Justice, it's a brand-new large sword that's evolved from your Sword of The Skylands, and it's also got some other added features for your new sword.

Crash Bandicoot: Awesome.

Suddenly, the new sword called out to Crash Bandicoot, and he grabbed the new sword's longer black handle. Then, we saw his emerald green eyes glowing, and he grew from 6'10" to 7'4" in height and he now had abnormally massive and powerful upper and lower body muscles and he still retained his eight-pack abs, and his long black trenchcoat now had the 10 Elements of The Skylanders on the right sleeve, his white tank top with rainbow-colored phoenix, dark blue pants with the 10 Elements of The Skylanders on the right leg, and black leather ankle-length combat boots grew much bigger for his new body. We were also amazed by Crash's new physical transformation.

Crash Bandicoot: Whoa, now that's incredible. But, wait until you see me transform to fight that evil monster, Malefor.

Nico: This is going to be one dangerous fight, but Malefor will pay for the crimes that he's committed against the realms.

Terrador: You're indeed correct, Nico. Malefor will pay for the crimes he's committed a thousand years ago.

Crash Bandicoot: Now, to make sure Malefor doesn't try anything to Cynder.

Crash Bandicoot fired a powerful blast of purifying purple energy, which removed the last bit of Malefor's influence from Cynder, and freed her completely of his influence.

Nico: Awesome, Crash has freed Cynder completely from Malefor's darkness. Alright, everyone, let's get this challenge started.

Don: Kyrgyzstan is known for having a lot of history here in Central Asia. But the challenge here is gonna be one that is as daring as anything else in the world: A contest of spice! Each player has to eat a huge 250 ounce bowl of a stew made with some of the hottest spices ever known. These are spices that are so infernal and so hot that they will turn your tummy into a volcano of pain and agony. Some of the spices are so insanely hot we're not even allowed to say them on TV. When the players are finished they will receive their next travel tips to go to the Chill Zone.

We went to the restaurant where Don was at.

Don: Hey guys you all made it!

Me: Wouldn't miss this for anything Don.

Don: This challenge will be easy for you guys. Especially you J.D. because you guys love spicy food.

Me: You know me well Don.

Don: Yeah and also you and Zarya did great last year despite having to go through the 20 Days of Darkness.

Nico: That was so awesome on TV. J.D. and Zarya did amazingly well.

Me: Thanks Nico.

Red Ghost: Twilight, remember when Nico made those pairings?

Twilight Sparkle: I sure do and that is gonna be awesome. Me and Nate are up first in this one.

Nate: Looks like it's our turn to shine in this one.

Don: Oh you got the pairings of siblings in your special missions planned for this whole competition. I like it.

Nico: It's from experiences on our Ambassador Missions and our special missions.

Me: Yep.

Don: And just a forewarning guys, the Sore Losers from Total Drama are gonna be in this one too.

Nico: Awesome! Just not that fun without them in this.

Callie Huntington: If we see Amy, I am going to pulverize that rotten to the core bitch into pulp.

Sammy: Go get her Callie.

Me: Himiko do you like Spicy Food?

Himiko: You bet I do J.D. When I was in the League of Villains I would eat Spicy Food all the time.

Nico: Whoa! You are one tough girl Himiko.

Fiona Hernandez: Just like me.

We got to the table and we saw our huge bowls and they were full of a glowing neon red soup and it was REALLY LETHAL! It was a dangerously spicy and hot soup that it makes even the lava from the Earth's core feel like ice cream.

Nico: WHEW! This is gonna be awesome.

Lori: I am literally sweating just looking at this.

Me: Me too. But we can do it.

Buzzsaw: I think we're gonna need some milk.

Nico: Yeah no kidding.

Me: All right lets get eating.

Skalamander: I've got the milk right here.

Nico: Thanks.

We got to eating and the soup was so powerfully spicy that our eyes bursted into flames and our hair lit on fire in flames of different colors and our flame auras exploded out with incredible fury!

Me: Wow! This is awesome.

Himiko: (Slurps) Mmm! Delicious.

Zarya: It sure is good.

Many of us were screaming in pain from how spicy it was!

Jinx: I DIDN'T THINK IT WOULD BE SO HOT!

But regardless of the heat and spice we pressed on and it was brutal!

I had blood pouring down my arm from my tattoo and it was awesome! Shockingly we saw that Twilight Sparkle and Nate were enjoying the spice too!

Nico: Whoa!

Eli: (Wheezing) Wow that is awesome!

Rich Texan: (to his fellow Masters of Evil members) Let's keep an eye out for any trouble.

They nodded in agreement.

Angel was sweating like crazy from the heat we were giving off.

Angel: WHEW! That is intense heat! Don what is in that soup you are having them eat?

Don: It's all spices that are so hot you would think we got them from the core of the sun or the core of the Earth.

Angel: Whoa!

Commander Jupiter: As soon as we find a villain, we're still doing the entrance.

We all finished our bowls and got our next tip to go to the chill zone and it was in the city square.

Nico: (WHEEZING) THAT WAS INTENSE!

Me: But I loved it.

Eli: Me too.

Eli then sensed something.

Eli: Uh oh! I sense a disturbance in the Force! Jocee and Jacques are here!

We gasped!

Me: Just as Lincoln predicted.

Doctor Octopus: I believe we've found our targets for the entrance.

Nico: Yes we sure have.

Me: Yep. And Twilight and Nate are going to rough them up a bit for us. Nico we agreed that we would give the pairings of the Ambassador Missions a shot on this entire competition. Darn shame that Lupin can't be here for Sheila.

Nico: Yeah no kidding. But yes we agreed on this. This will be awesome to see.

Eli: It sure will.

Me: Anyway you guys ready for a Spice Fueled battle?

Many of the team groaned in pain from the spice of the soup.

Himiko: Oh boy. We better give them some milk.

Skalamander: Way ahead of you Himiko.

Skalamander gave the team some milk and steam came out of their mouths.

Miranda (W.I.T.C.H): Much better.

Nico: Sorry guys. Are you all okay?

Don: I didn't think the soup would be that spicy.

Me: It was delicious soup Don. But some of us couldn't handle the heat.

Nico: Yeah but at least it helped. Thanks Skalamander.

Skalamander: No problem.

Comic Book Guy: I hope Josee and Jacques have their mouths on fire as well.

Don: Oh I'm saving that for you guys to breath fire on them.

Me: Now you're talking Don. In all honesty I don't know why you weren't the host of Total Drama instead of Billy. Uh no offense Chris.

Chris McLean: None taken but yeah.

Don: Yeah. But still J.D. what amazes me from last year is how you and Zarya were able to eat all that food over in Iceland.

Me: That is awesome.

Nico: I was a little grossed out from that. But J.D. is Icelandic in teams of ancestral origin.

Eli: That's true. But if Iceland is part of the competition route I can't wait to see that.

Nico: Yeah.

Me: Yep.

Razorclaw: Those two might breath fire on us back.

Maria: I can always put them out.

Me: Awesome.

Nico: Lets go get them guys!

Maria: I will make those clods pay for what they said to me on the World Tour!

Webstor: What exactly DID they say to you?

Maria: Oh right! Many of you guys weren't with us when that happened. We were in Morocco when that happened. It was 3 years ago.

She told us what happened in Chapter 653.

* * *

Me: Ridonculous Race competitors Josee and Jacques!? What are you two doing here!?

Jacques: What else?

Josee: We're here to kill you all!

I fired my laser vision and melted their guns.

Maria: Guys, me and William will handle these two. Just continue with the challenge!

Me: Okay guys.

Maria and William faced Josee and Jacque.

Maria (to Josee and Jacquee): We're giving you a chance to turn back now. While you still can!

Jacques: Never! We're not going to stop until we kill J.D. for making us lose!

Bridgette: Did you win Ridonculous Race?

Me: Believe it or not yes I have. I won the whole competition back 7 years ago and dominated the whole competition. Jacque and Josee we're infuriated about it and they now hate me with a vengeance.

Chris: That is disgraceful that they can't accept defeat like that.

Lynn: What a couple of sore losers!

Lincoln: You said it Lynn.

William (to Josee and Jacquee): You two give figure skaters a bad name! Cornelia is way more better then you two!

Josee had eyes burning with rage and ballistic fury!

Josee (throws knife at Maria): See how you like this!

Maria turned into her water form and the knife went through her, rebounded off the wall and hit Josee in the shoulder.

She screamed in pain.

William: You two like figure skating on ice with your skates. Let's see how well you skate on ice without them! (fires ice below Josee and Jacquee)

The ice blast froze the floor and they slipped and fell and William and Maria viciously pulverized them both into a bloody mess.

William: Two more sore losers down for the count.

The two of them didn't realize that Scarlet was glaring at them.

Nico: Jacque and Josee, you two have failed not only all of Canada but the entirety of the world of Olympic Skating!

Me: You tell them man!

I scooped up my soup with my spoon and it melted through the spoon onto the floor and burned through the floor and through the ground in an intense fire.

Me: WOW! This soup is like magma from the core of the Sun!

Nico: It sure looks potent.

I drank my soup and then a massive aura of fire exploded all around me and it was so mindblowingly hot and spicy and it was delicious too and my powers were intensified to an unbelievable degree.

Me: Wow! What power!

---

When she was done they were shocked!

Maria: Okay they DIDN'T say anything exactly.

Webstor: So they are upset because J.D. beat them in that whole competition? Geez!

Me: Yeah.

Bright Man: Entrance time.

Me: Lets go.

We went to find them.

Josee and Jacques were causing problems as they were trashing the town square. But then the spirits of the Warriors of the Comics appeared and then swirled around them and they smashed and pulverized them both all over and then they converged and then…

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and a phoenix cry was heard and then Twilight and Nate jumped out and kicked Josee and Jacques in their faces and sent them crashing into trash cans and we all came out too.

Me: Game is over Jacques and Josee!

Nico: You two are in really big trouble!

Josee: We just ate so many spicy food. And now, we're gonna unleash all this fire breath on you!

Steam Smythe: EVERYONE, TAKE COVER!

All the citizens took cover and then Josee and Jacques fired a massive blast of fire at us from their mouths and then we absorbed all the fire.

Nico: Nice try you two dirtfaces!

POW BAM!

Twilight and Nate punched them in their faces.

Nico: But sniff on this fire!

Me, Nico and Eli pointed our butts at Josee and Jacques!

FFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRR

We fired blasts of green, blue and red fire from our butts and they hit Josee and Jacques and burned them badly!

Then Blizzard, Scorcher, Duskmon, Abomination, Gizmo, Dark Laser, Demyx, Roman Goodwin, Ssserpent, and Roquefort appeared.

Nico: Blizzard, Scorcher, Duskmon, Abomination, Gizmo, Dark Laser, Demyx, Roman Goodwin, Ssserpent, and Roquefort.

Scorcher: Geez! What died in here!?

Me: Sorry! The first challenge involved us eating spicy food and we are really charred from it.

Abomination: Boy that must've been some spicy food you all ate.

Blizzard: Whew! You're telling me.

Gizmo: Can't believe these two barfbrains are causing trouble again.

Laney: No kidding there.

Blizzard: Looks like it's day one of the Ridonculous Race.

Maria: It sure is.

Me: Yep.

Scorcher: Sure, some of the challenges won't involve the Sore Losers.

Duskmon: But it'll still be fun.

Nico: Yep.

Abomination: (to Nico) We heard you dealt with Lego Brainiac.

Nico: Yep we sure did.

Gizmo: I can't believe you didn't get to meet the Lego DC Heroes.

Nico: Well there's always next time.

Gizmo: Yeah. Sorry you couldn't go with Nico on that rescue J.D.

Me: It's all right. But man the mission to the U.A. Universe really took it out of me. I was so tired that it felt like I was in a coma. I was asleep for the rest of the day.

Gizmo: Boy I would have been tired for that long too.

?: Geez no kidding.

A figure came out and it was Barillian Bug from episode 14 of In Space!

---

A swarm of them once attacked KO-35, turning whoever they stung into monsters. While Ecliptor was preparing an ambush for the Rangers, Darkonda appeared with a Barillian bug (in its insect form). The Bug was able to infect Carlos and he was slowly turned into one. T.J. and Andros went after an antidote on KO-35. Unfortunately, Carlos finished turning into a Barillian Bug and was able to sting Cassie. Andros and T.J. were able to recover the medicine with the latter returning back to the Astro Megaship, reversing the effects on the two by administering the antidote. Darkonda released a final bug that became a monster similar to what Carlos and Cassie became. It was later destroyed by the Astro Megazord.

---

Andros: Barillian Bug!

Barillian Bug: Been a while rangers.

Me: I remember you! You and a massive swarm went to attack KO-35 and you turned anyone you stung into monsters! You also infected Carlos and he slowly turned into one.

Barillian Bug: That's right J.D. Good memory on you.

Me: Never missed an episode.

Barillian Bug: Darkonda's with you guys, right?

May: Yep. Surprisingly, he's been very pleasant.

Me: Yep he sure has.

Nico: Yep.

We got the usual battles underway.

---

Troy Burrows, Twilight Sparkle, Starshine Sparkle, Sunny Starscout, Magic Skylanders, Abel Nightroad, Seth, Esther, Lilith, Ravager and Cree Lincoln VS Blizzard - Nico's rescue

Blizzard was first.

Blizzard: (to Troy) I can't believe Nico didn't meet at least one Lego DC Heroes in his rescue. Heck, even a Lego DC Villain for the Masters of Evil would've been nice too!

Troy Burrows: Yeah but we still got plenty of time to recruit them in the future. In fact this gives us an idea for a future Ambassador Mission. We should have Ambassador Missions for one of us to the world of Lego DC.

Twilight Sparkle: That would be amazing to see. The Lego Justice League would make great potential recruits for us.

Starshine Sparkle: They sure would and the Lego Legion Of Doom would make perfect recruits for the M.O.E.

Blizzard: They sure would! I have full agreement there.

Sunny Starscout: That would be awesome.

Spyro: And so would the Lego Marvel Villains if we meet them in the future and I have a feeling we will. So we will have to have Ambassador Missions for that one as well.

Abel Nightroad: It sure would be something to see.

Seth (Trinity Blood): It sure would be awesome.

Lilith Sahl: I agree myself.

Esther (Trinity Blood): I agree too.

Blizzard: Boy so not only the world of Lego Legends of Chima but also the worlds of Lego DC Heroes and Lego Marvel Heroes. Lets do it!

Troy Burrows: LEGENDARY RANGER MODE! SECRET FORCE 5!

He turned into the Red Gorenger, the first Red Power Ranger from 1975.

Blizzard: Awesome! Gorenger now. I heard you guys are going to start meeting the Zenkaigers on the next Ambassador Missions.

Troy Burrows: Yep and that's gonna be Zarya Moonwolf's Ambassador Missions.

Blizzard: Awesome! And J.D. is friends with Kaito from what I heard.

Troy Burrows: Yep. We owe the Zenkaigers big time.

Blizzard: Cool!

They fired waves of energy and magic and smashed him down.

Troy Burrows: That's a Super Mega Win!

Twilight Sparkle: That was amazing!

---

## Jason Lee Scott, Sunset Shimmer, Pipsqueak, Fire Skylanders, Coup, Jamie, Kiva, Snaptrap and Nautilator vs Steven Hudak A.K.A. Scorcher - Lincoln's rescue

---

Scorcher was next.

Scorcher: (to Jason) I heard Lincoln's rescue took place in O-Town. How was it?

Jason Lee Scott: It went really well and they got some payback on Ed Bighead for ruining Lincoln's date. But in was in the simulator for this one.

Sunset Shimmer: Yeah Ed has a nasty anger problem. Because he has a nasty permanent wedgie.

Pipsqueak: (British Accent) That is awful! But what is a Permanent Wedgie?

Scorcher: It's where someone goes up behind you and pulls your underwear up so hard that it fuses into your pelvis and makes it virtually impossible to remove. The Pain is completely unbearable. Hence why it's called a permanent wedgie.

Pipsqueak: Ouch!

Sunburn: No kidding! That must really hurt!

Coup: Boy no kidding! If someone tried to do that to me I would tear them limb from limb.

Jamie: Me too!

Kiva: No one can even touch me anyway. I'm too skilled a fighter for that.

Scorcher: That's true. You guys are too tough for that. Lets do it!

They fired waves energy and fire and smashed him down.

Jason Lee Scott: ALL RIGHT!

Sunset Shimmer: That was amazing!

---

## Jeri Katou, Starlight Glimmer, Cozy Glow, Undead Skylanders, Freakazoid, Steph, Ransack and Crumplezone VS Duskmon - Meeting a Water Girl Gene-Slammer

---

Duskmon was next.

Duskmon: (to Jeri) I heard you guys met a Water Girl Gene-Slammer. What's her name?

Jeri Katou: Her name is Grace Lorelai and she is beautiful. But also she has a dark past.

Starlight Glimmer: Yeah she was raped and was made pregnant.

Duskmon gasped!

Duskmon: Oh man! Poor girl! Getting raped wasn't bad enough and now she has her rapists baby!? That is crazy!

Cozy Glow: Yeah it's one of the ultimate forms of humiliation!

Hex: Being raped is a fate worse than death.

Freakazoid: Yeah that is horrible!

Steph: It sure is.

Duskmon: Poor girl. I'm glad Lincoln is gonna be there for her. Did she reveal any revelations?

Starlight Glimmer: We found out why Ms. Hoover is so depressed. She hated her job as a teacher. She was underpaid and underappreciated and didn't have time to do her favorite things.

Duskmon: Oh man. I'm sorry she goes through all that. Lets do it!

They fired waves of magic, stars, bones and energy and smashed him down.

Jeri: (ROARS LIKE A LION) That was awesome!

Starlight Glimmer: That was amazing!

---

Ripster, Rarity, Sweetie Belle, Water Skylanders, Aylene, Littlefoot, Cera, Ducky, Petrie, Spike, Chomper, Gemini Man and Hard Man VS Abomination - Josee and Jacques are monsters

---

Abomination was next.

Abomination: (to Ripster) I know I look like a monster to most people. But Josee and Jacques are the actual monsters!

Ripster: Yeah you got that right! They are also a disgrace to figure skaters everywhere.

Rarity: Oh I most agree there darlings. It's awful that they are that evil.

Sweetie Belle: Yeah no kidding! What they deserve in prison should be much worse!

Gill Grunt: Yeah and Freeze Blade here is a skater too.

Freeze Blade: It's true and I use my form a skating as my powers.

Aylene: Cornelia and Maria would not like them one bit as you all already know.

Dark Laser: That's right! That happened almost 3 years ago.

Moondust: Wow! Time sure has flown by hasn't it.

---

Demyx was next.

Demyx: (to Irma) Ed Bighead is nothing but trouble. But fortunately, we'll always be there to keep him in line.

Flashwing: Thank goodness for that.

Brian: I agree too.

Stewie: That is for sure.

Bertrand: I'm afraid that would have to be next to impossible.

Rainbow Dash: Once a permanent wedgie is fused into your pelvis there's no hope of removing it ever.

Scootaloo: Yeah no kidding!

Whirlwind: Look at that kid that looked after Bully Island. Numbuh 4 gave him that!

Stealth Elf: Yeah that was a terrible event.

Kelly Rourke: Look what happened.

She lifted up her shorts leg and she revealed a nasty burn scar on her leg! OUCH!

Ssserpent: Ooh! That is a a nasty scar. How did that happen?

Kelly Rourke: I got burned by lava from a lava bomb.

Ssserpent: OUCH!

Razorclaw: Yeah that must've really hurt! Lava is over 2,000˚Fahrenheit and when we were there the heat coming from it was intense.

Ssserpent: Wait I heard about that. That is amazing. It was all over the news and a new volcano formed right where the La Brea Tar Pits used to be. It's amazing that you guys saved much of Los Angeles from total destruction.

Kimiko: That was really awesome though.

Ssserpent: Yeah it sure was. Lets do it!

They fired waves of leaves, grass, flowers and fire and smashed him down.

Kimiko: YEAH!

Fluttershy: That was fun.

Raven: That would be nice to see that happen to them.

Princess Celestia: Yeah those two are monsters that deserve to be tormented like that.

Amber Morning: Their own arrogance and overconfidence is what lead to them becoming like this.

Spotlight: Yeah no kidding.

El Tigre: They had this coming.

Pink Ranger Slayer: So a volcano formed in Los Angeles?

Fiona Hernandez: Yeah it sure did and it's hard to imagine what happened there back then. But thanks to Nicole finding it everyone was able to minimize the damage done by the volcano.

Himiko Toga: The volcano burned a lot of Los Angeles and billions of dollars in damages were caused to the city. Many buildings and houses were burned and destroyed.

Apple Bloom: We saw it in a bunch of newspapers from 2 years ago and it was incredible.

Sweetie Belle: And it was all formed from where the La Brea Tar Pits once stood. No one knew that a volcano was about to form there.

Marie Hernandez: They sure did but Nico and me and my sisters and most of us weren't with the team when it happened but it was really scary. The volcano had a powerful lateral eruption of Mount Saint Helens power and pyroclastic flows destroyed the entire town. It was completely wiped off the map.

Ibara Shiozaki: That is amazing! But we heard that no one died that day.

Frozen Fright: Thank goodness. We even saw J.D. do a press conference telling everyone all about it in Washington D.C. and that was intense.

Thunder Terror: Yeah it sure was. And that was back in the teams old days.

Magma Gloom: But that town is all gone. There's nothing left of it.

---

Marcel was next.

Marcel: I'm not an expert in volcanoes but what was the worst eruption in mankind's history?

Nicole Hernandez: That's an easy one. The worst eruption in mankind's history was the 1815 Eruption of Mount Tambora. That was the most powerful eruption in all of our history and it killed 92,000 people. But it also was one of the biggest agricultural disasters in the world. Because the global temperature dropped 3˚Centigrade and 1816 became forever known as the Year Without a Summer because it caused a small winter cooling.

Marcel: That's terrible! I didn't know that happened back then during my ancestors time.

Star Swirl: That is terrible.

Rockhoof: (Scottish Accent) Aye it sure was.

Somnambula: (Egyptian Accent) I heard there was a volcano that erupted last month in Tonga.

Lemon Hearts: Yeah they sure do.

Moondancer: I agree with you.

Lyra Heartstrings: Yeah what they did was horrible and unforgivable.

Sunset Shimmer: Heather and Amy are worse than me when I was evil.

Twilight Sparkle: Yeah no kidding.

# Admiral Zhao

Admiral Zhao was next.

Admiral Zhao: What caused the sore losers of Total Drama to become like this?

Catherine Iroh: Many things actually. But mostly they were all driven by greed. They were going the big prize at the end of the competition and they were gonna stop at nothing to get it no matter what. Even if it meant destroying friendships and romantic relationships. Billy McLean didn't care either. He only got one thrill and that was to torture and humiliation all the contestants on International TV.

Admiral Zhao: What crimes did he do to people?

Catherine Iroh: A more accurate question is what HASN'T he done. It was absolutely horrible and disgusting.

She went over Billy's history and more and it was horrible and when she was done the group was all shocked!

Admiral Zhao: That is horrible!

Layla MacKenzie: What a monster! He should have never been allowed to be a host on TV.

EXTREMELY MASSIVE EXPLOSION!

They were burned and smashed down.

We then slapped the cuffs on them.

Me: It's back to prison for you 2.

Lincoln: But first this.

Lincoln transformed into SHADOW LINCOLN, his second elemental hero form that he unlocked. Then, shadows and creatures of darkness danced around Lincoln, as his massive black angel wings spread out.

Lincoln: (Singing Divinely) I see a cold wind blowing through, I see days neither fun nor free, I see a future caused by you, I see a path not meant to be. Your future should filled with magic, dreams, and wishes brought to life. But, the days ahead are dark and tragic, no time for hope when all is strife, whatever might have been, all the dreams that you did share, because of you, Josee and Jacques. Now, the future is a cold nightmare.

Nico and I had shivers going down our spines as Lincoln sang that song and so did Nico.

Lincoln fired two massive dark energy blasts from his massive black angel wings, and they hit Josee and Jacques, and we also knew that the dark energy blasts also had a curse inside them. They were both sent to the Saturn Insane Asylum for eternity.

Nico: What did you curse them with Lincoln?

Lincoln: I cured Josee and Jacques with Eternal Life Without Eternal Youth and Plagued Forever By The Demons of The Past and Eternal Nightmares.

Me: Fitting for those two.

Josee and Jacques were sentenced to Eternal Life in Prison without The Possibility or Hope of Parole in the Saturn Insane Asylum's Arkham Asylum wing, and they were put in separate cell in Solitary Confinement, and chained to the wall of their cells with rainbow energy chains, and through the song Lincoln sang, Lincoln cursed them both with Eternal Life Without Eternal Youth and Plagued Forever By The Demons of The Past and Eternal Nightmares, and they screamed in horror as they saw all the ghosts of his the people they hurt and tortured moaning in pain and agony, and screaming for their blood to be spilled.

Lincoln: (Smirks) Sweet dreams, Josee and Jacques.

Killer Frost: Good riddance.

Dark Laser: Well, that's one day down.

Demyx: And 11 more to go.

Me: But this was really fun. How did you guys like seeing Kyrgyzstan for the first time?

Nate: It was really cool!

Twilight: At least I got to spend quality time with my little brother.

Nate: We sure had a lot of fun on this one sis.

Roman: You sure did.

Ssserpent: But we shouldn't expect the Sore Losers to appear in every challenge.

Nico: No I have a feeling we won't expect them all this time.

Roquefort: It'll also be interesting to fight other villains as well.

Nico: Yeah.

Me: You guys will like the next destination.

Don: Yep. You're going to the Islands of Palau.

Nico: I know the Islands of Palau. Me and my family would go there for the summer when I lived in the Philippines.

Eli: Cool! But in the Southern Hemisphere the seasons are reversed. It's fall there now.

Nico: Yep. Great job in Kyrgyzstan everyone. Lets get ready for day 2.

?: (Demonic Voice) **I will have my revenge on you and Cynder for ruining my plans long ago, Spyro.**

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, TLPS Ms. Tarantula's, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large midnight blue orbs orbiting around TLPS Mr. Wolf's legs, the eight large crimson red orbs orbiting around Naruto and Nate Adams' legs, the eight large fiery red orbs orbiting around Zach Gurdle's legs, the eight large silver orbs orbiting around Clyde McBride's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large black orbs orbiting around Lucy, Lars, and Dudley Puppy's legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam, Lana, and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blood red orbs around Marco Diaz's legs, the eight large blue orbs orbiting around Lori, TLPS Mr. Shark, Skippy, Sean Bolton, and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan, TLPS Mr. Snake, and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, the eight large rainbow orbs orbiting around Rainbow Dash's legs, the eight large aqua and ocean blue orbs orbiting around Varie, William Dunbar, and Adam Lyon's legs, the eight large white orbs orbiting around Timmy Turner's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our Bracelets of The Champions of the Universe were glowing, and that means we've got big trouble incoming, especially when Spyro and Cynder heard that familiar voice.

Spyro: I knew there's no mistaking that voice from anywhere. You can come out now, Malefor.

A massive and malevolent looking purple dragon came out, and it was none other than Spyro and Cynder's old enemy, Malefor, the malevolent and ancient purple dragon from a thousand years ago.

Me: So, that's Malefor. He definitely matches your description of him, Cynder and Spyro.

Cynder: That's right, and he's the very one who turned me into his servant, so he can have me do his dirty work.

Malefor: (Demonic Voice) And now that I have returned, I shall enjoy destroying you both, along with all of Team Loud Phoenix Storm, and this entire world.

Crash Bandicoot fired a powerful blast of rainbow energy, and the purity of that attack really burned Malefor, as he screamed in excruciating pain.

Crash Bandicoot: Spyro, Cynder, and the Guardians were right about you, you truly are a malevolent and psychopathic monster, Malefor, and I've had about enough of you to last an eternity.

Suddenly, something within Crash Bandicoot's mind snapped, as he was suddenly surrounded by a rainbow energy aura with flames, water drops, ice, gears, wind gusts, lightning bolts, sparkles, lights, shadows, bones, rocks, lava, and leaves surrounding him, he unholstered his massive Skylands' Elemental Wolf Sword of Elemental Bravery from his wider and more muscular back, and as he approached Malefor, he left rainbow energy, flames, water drops, ice, gears, wind gusts, lightning bolts, sparkles, lights, shadows, bones, rocks, lava, leaves, dragons, and bandicoots with every step.

Crash Bandicoot: You really make me sick, Malefor. You once had the potential to do good in this world, but you decided to embrace evil and you became nothing more than a harbinger of death and destruction. The dragon elders were right to have imprisoned you. (Getting Angry) But, on the night of the Year of the Dragon when you kidnapped Cynder, poisoned and turned her into your servant to do your dirty work, and of course, caused so much pain and suffering to Spyro, Cynder, and those they care about… , YOU CROSSED ONE LINE TOO MANY, YOU HEARTLESS, MALEVOLENT, SADISTIC PSYCHOPATHIC BASTARD, AND NOW, I'LL SEE TO IT THAT YOU WILL DIE A HORRIBLE AND PAINFUL DEATH FOR THE THOUSANDS OF INNOCENTS THAT YOU'VE BRUTALLY MURDERED!

We gasped at the fury of Crash's anger and rage towards Malefor.

Nico: Oh shoot, Crash Bandicoot's snapped.

Aku-Aku: (Jamaican Accent) He's usually a happy, go-lucky bandicoot, but whenever someone dares to threaten those he cares about, that's when he gets angry.

Coco Bandicoot: And in this case, since Spyro and Cynder are Crash's friends, because of what Malefor had done to Cynder, now the malevolent dragon's about to pay for everything he's done.

Eli: HIT THE DECK!

We ran for cover, and then, Crash Bandicoot screamed like a madman, and then…

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion of energy erupted out of him as he was surrounded by a massive vortex of rainbow energy with flames, water drops, ice, gears, wind gusts, lightning bolts, sparkles, lights, shadows, bones, rocks, lava, and leaves surrounding it, there was a bandicoot and a dragon running around the vortex, and in the vortex is a rainbow phoenix. Then, as the vortex fades, Crash Bandicoot emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

The 7'4" tall and extremely muscular Crash Bandicoot remained the same, he has a full head of long, red-brown hair going down to the bottom of his neck, and he now has rainbow highlights in the bangs of his hair, he has beautiful neon emerald green eyes and a rainbow energy aura with flames, water drops, ice, gears, wind gusts, lightning bolts, magic sparkles, lights, shadows, bones, rocks, lava, and leaves surrounding him, he has a bandicoot holding the 10-Sided Star with the 10 Elements of the Skylanders in the 10 sides emblazoned on his forehead, he has on dragon earrings with the rainbow gems for eyes and holding the Element and Eternity Kanjis in its claws, he has on his gold Amulet of The Elements with the symbols of the 10 Elements of the Skylanders in gem form embedded in the golden necklace, rainbow gems and crystals from his Crystal Necklace of the Buddha embedded in the gold amulet, and he has a dragon and bandicoot holding the Element and Eternity Kanjis in their hands for the pendant. Suddenly, Crash Bandicoot felt a sharp pain on his wider and more muscular back, and then, massive orange angel wings with rainbow tips on the large orange feathers, sprouted out from his wider and more muscular back, and they had flames, water drops, ice, gears, wind gusts, lightning bolts, magic sparkles, lights, shadows, bones, rocks, lava, and leaves coming from them. Crash Bandicoot has on his Green Lantern corps ring on his left ring finger and Ring of The Phoenix with large rainbow gem on his right ring finger.

Crash Bandicoot has transformed into SUPER ANGEL ETERNITY INFINITY ELEMENTAL SKYLANDER BANDICOOT KNIGHT ANGEL OF ELEMENTAL BRAVERY AND ELEMENTAL WILL!

We were amazed by Crash Bandicoot's Super Angel Eternity Infinity transformation, but when Malefor saw it, he fired a blast of Dark Aether from his mouth to kill Crash Bandicoot. But, Crash had fired a powerful blast of rainbow energy with the ten elemental forces of the Skylanders surrounding it, and it overwhelmed Malefor's Dark Aether breath, and it hits the malevolent purple dragon, and burned him badly.

Nico: (Amazed) Whoa, Crash Bandicoot's transformed into his new Super Angel Eternity Infinity form.

Me: And he also overwhelmed Malefor's Dark Aether breath with a powerful rainbow energy blast, and the purity from the attack burned him. Awesome.

Spyro: That's so awesome. Crash, how do you feel?

Crash Bandicoot: (Divine Echoing Cosmic Voice of The Elemental Bandicoot and Elemental Skylands Bravery) **I feel incredible, Spyro. Now, shall we put an end to this monster once and for**

**all?**

Spyro: With pleasure.

Cynder: Let's put an end to this monster for good.

Ignitus: I hope you don't mind us joining in as well, young ones.

Terrador: Indeed, we shouldn't be left out of the fight as well.

Crash Bandicoot: **Not at all, Masters Ignitus, Volteer, Cyril, and Terrador. Alright, everyone, let's tear Malefor to shreds.**

Crash Bandicoot, Spyro, Cynder, Ignitus, Volteer, Cyril, Terrador, and the dragons of the Skylands went after Malefor, and they fired powerful blasts of elemental forces, rainbow energy, fire, lightning, ice, earth, darkness, spectral lightning, wind, water, gears, blades, soundwaves, and plants right at Malefor, and they all exploded with incredible power as they hit the malevolent purple dragon. Then, Crash Bandicoot, with his brand-new massive Skylands' Elemental Wolf Sword of Elemental Bravery in hand, attacked Malefor, and left some nasty scars on Malefor's body, which were unable to be healed, and Spyro, Cynder, Ignitus, Volteer, Cyril, and Terrador attacked Malefor with incredible strength and fury, and it proved to be too much for the malevolent purple dragon.

Malefor tried to fire a powerful blast of Dark Aether from his mouth again, but Spyro fired a blast of Aether from his mouth, and it hit Malefor and hurt him badly. Then, Crash Bandicoot fired a powerful blast of light, which stripped Malefor of his poisonous powers for good.

Spyro: Now, Crash, let's use a combo and end this monster for good.

Crash Bandicoot: (Divine Echoing Cosmic Voice of The Elemental Bandicoot and Elemental Skylands Bravery) Right, Spyro. Everyone, let's combine our powers together and bring an end to Malefor for good.

Ignitus: Understood.

Malefor: (Demonic Voice) **I will destroy all of you, if it's the last thing I ever do!**

Malefor fired a powerful Dark Aether blast from his mouth in a last final attempt to destroy Crash Bandicoot and the dragons.

Crash Bandicoot: (Divine Echoing Cosmic Voice of The Elemental Bandicoot and Elemental Skylands Bravery) This is the end for you, Malefor.

Spyro: You've plagued the realms for the last time, Malefor, and now, you will never hurt anyone ever again!

Crash Bandicoot, Spyro, Cynder, Ignitus, Volteer, Cyril, Terrador, Whirlwind, Bash, Spotlight, Blackout, Blades, Camo, Echo, Fire Kraken, Zap, Flashwing, Drobot, and High Five: SKYLANDERS TEN ELEMENTAL DRAGON KAMEHAMEHA!

Crash Bandicoot fired a massive Kamehameha energy wave made of rainbow energy surrounded by flames, water drops, wind, earth, leaves, light, darkness, bones, gears, and magic, and the dragons fired blasts of fire, lightning, water, wind, earth, ice, light, darkness, spectral lightning, gears, and magic, and they overwhelmed Malefor's Dark Aether breath, and as they hit Malefor, they exploded with incredible power and overwhelmed him, and the resulting explosion killed Malefor as his body was completely obliterated. Then, Malefor's evil spirit has appeared before Crash Bandicoot and the dragons.

Crash Bandicoot: (Divine Echoing Cosmic Voice of The Elemental Bandicoot and Elemental Skylands Bravery) You will never be welcome in our world ever again, Malefor. There's only one place where you belong.

Crash Bandicoot drew a kanji on Malefor's forehead.

Crash Bandicoot: (Divine Echoing Cosmic Voice of The Elemental Bandicoot and Elemental Skylands Bravery) UZUMAKI BLACK JUDGEMENT SEALING ART: BLACK GATES!

Suddenly, Malefor was surrounded by the souls of all those he'd killed, along with the spirits of the dragons he's also killed, and when he was found guilty, Malefor's soul was eventually erased from existence for good. We cheered wildly for what Crash Bandicoot and the dragons did to Malefor, as Crash Bandicoot holstered his massive Skylands' Elemental Wolf Sword of Elemental Justice on his wider and more muscular back and powered down, and Crash Bandicoot's new body, clothes, jewelry, weapons, and massive angel wings are permanent.

Nico: Now, that's what I call one epic battle! Crash, you, Spyro, Cynder, Ignitus, Volteer, Cyril, Terrador, Whirlwind, Bash, Spotlight, Blackout, Blades, Camo, Echo, Fire Kraken, Zap, Flashwing, Drobot, and High Five did an awesome job, thanks to you all, Malefor is gone for good, and he's never coming back again.

Crash Bandicoot: Thanks, Nico.

Spyro: And thanks to Crash using the Black Gates on Malefor, there's no chance of him ever returning again.

Cynder: That's right, and now, we're finally rid of him for good.

Lincoln: And Crash freed you of that last bit of darkness that Malefor had over you, Cynder. Still, that was a really powerful battle all of you fought, and we saw just how dangerous Malefor really is.

Me: You got that right, Lincoln.

Nico: It's hard to believe that he was once destined to do great things, but he tossed that aside, and he embraced evil and sought to destroy everything.

Lori: Malefor's desire for power corrupted him, and his heart literally turned black with malice and hate for every living thing on this world.

Lincoln: Including his fellow dragons, and he had to be stopped, otherwise, he would've destroyed every living thing in the world.

Terrador: You're absolutely correct about what you and Lori both said, Lincoln.

Ignitus: Indeed, if Malefor hadn't been stopped, the world would've been destroyed.

Cyril: But, now, Malefor is gone and he's never coming back.

Volteer: Yes, but we also have to watch out for more of Spyro's old enemies from long ago.

Lincoln: That's right, but we'll be ready for them when they attempt to show up.

Ignitus: I'm glad to hear it, and after what's happened here, we also want to join Team Loud Phoenix Storm.

Nico: Of course, after everything that you and Masters Volteer, Terrador, and Cyril did in helping out in destroying Malefor, consider yourselves new members of the team, Master Ignitus.

Lincoln: And we'll also learn a lot from the Guardians who also taught Spyro everything they knew.

Me: That's right, we can also learn a lot from Masters Ignitus, Volteer, Cyril, and Terrador.

Terrador: We've indeed heard you all have learned a lot from many powerful teachers that you've met during your adventures in the last six years, and you've learned a lot.

Volteer: And through that learning process, all of you have become stronger and smarter in the process.

Nico: That's correct.

We've welcomed Ignitus, Terrador, Cyril, and Volteer into the team, and not only did we complete the challenge here in Kyrgyzstan, but we also defeated Josee and Jacques who came after us for revenge, and Crash Bandicoot, Spyro, Cynder, Ignitus, Volteer, Cyril, Terrador and the dragons of the Skylands destroyed the evil malevolent purple dragon, Malefor, and ended his life for good, and avenged all those who fell at his hands.

We went back to the flying fortress.

Twilight Sparkle: (To the viewers) Hope you all liked this awesome adventure in Kyrgyzstan. The competition is only just beginning. We have an awesome time ahead of us.

Me: Yeah we sure do.

We went back to the flying fortress and we were off.

TO BE CONTINUED…

# RIDONCULOUS RACE PART 2 - Palau

In Bikini Bottom, Nico, Gali, Eli and Ariel were walking through the streets of the city.

Nico: Thanks for coming with me, Gali.

Gali: No problem Nico. This is gonna be awesome having a rescue here in Bikini Bottom.

Eli: I wonder what's going on here.

Ariel: We'll have to wait and see when we get there.

Nico: I have this feeling that something is going on down at the Krusty Krab.

Ariel: I have that same feeling too.

Nico: Lets go head over there and check it out.

Eli: Right.

Nico: Are you proud of Tahu getting Tyson as a little brother?

Gali: I sure am Nico. I'm happy for Tahu and Tyson. And it was really cool to see Beyblades in action like that.

Eli: Boy that sure is awesome. But what makes me mad is that the enemies of the Beybladers are all after the Kanohi Masks to sell to the highest bidders.

Ariel: Yeah why do they want to get your masks so badly?

Gali: Probably because they want our power but they have no idea that only that only Toa can wear them.

Nico: Hmm. Or maybe they want to make Toa of their own to use for evil.

Gali: That could very well be the reason.

Nico: Oh man. That is nuts. God I hate it when I'm right.

Eli: It's okay Nico. Hey look!

They saw the Chum Bucket back!? What the?

Nico: The Chum Bucket is back?

Susie: Hurry up, Mom! I wanna see the Chum Caverns before the line gets too long!

Abigail-Marge: Never you mind, Susie, it's already too late for that!

They saw an elevator.

Nico: We better check this out.

They went over.

[A long line forms in front of a bucket-shaped elevator operated by a high-tech pulley system in front of the Chum Bucket. The pulley is attached to the index finger of the purple glove that holds the top of the Chum Bucket, and is pointing down towards Chum Caverns. The elevator opens, people crowd in, it closes again, and it lowers them down to Chum Caverns. In Chum Caverns, there are tables like the ones at the Chum Bucket all around an eating area, divided off by the river, and a great view of the waterfall. A menu and intestine-shaped tube comes from the ceiling and hovers above the ordering counter, placed between the eating area and the river. One of the cave creatures squirts chum onto a tray for Harold [shark] from the big tube and snarls]

Cave Dweller #1: [Scream]

Harold: You know, this stuff is hideously inedible, but the decor is so amazing, I can't resist spending my money here!

Cave Dweller #1: [screams] [Harold walks away smiling, despite the spit and slobber from the cave creature cashier. SpongeBob is next in line]

SpongeBob: 2 orders of Chum Nuggets, please!

Cave Dweller #1: [screams]

SpongeBob: That certainly is chum! And such steamy chumminess deserves recompense!

Evil Plankton: Oh, I'll take that! [SpongeBob happily hands Evil Plankton some money] Eat your blackened, twisted, money-grubbing heart out, Krabs! [hops over to his register, stuffed and overflowing with money] I'm even profiting off of your most loyal ally! I'm running out of space for this stuff! Got an empty safe I can borrow, Krabs? [laughs coldly] But seriously, this is getting really heavy.

[Falls under the weight of all his money. ]

They went down into the Chum Caverns and it was a breathtaking place.

Nico: Wow! Look at this place.

Gali: Looks like Evil Plankton found an amazing cave.

Ariel: He sure did. It's beautiful.

Eli: It sure is.

[Patrick sits at a table with 2 Chum Sticks and slides the chum off the stick with his teeth when SpongeBob joins him]

SpongeBob: Patrick, isn't this place amazing? [Patrick tries to respond with a mouthful, spitting food into SpongeBob's eyes. SpongeBob blinks and his eyes fling the food back into Patrick's mouth] Here are your Chum Nuggets, buddy. [pushes a polystyrene foam take-out container towards Patrick]

Patrick: Oh, I almost forgot! Here's your Chum Kabob! [hands him a drool covered Popsicle stick]

SpongeBob: Um, I guess you don't come down here for the food, anyways. You come down for the subterranean splendor of the

Chum Caverns!

Nico and the group came over.

Nico: Hey SpongeBob. Hey Patrick.

SpongeBob: Oh hey guys. What do you think of the Chum Caverns?

Nico: It's amazing. How did Evil Plankton find a place like this?

SpongeBob: I think he accidentally discovered it when he was trying to steal the Krabby Patty Secret Formula.

Eli: Wow! This is amazing though.

Nico: It sure is.

Plankton popped out of a pocket in Nico's shirt.

Plankton: It wasn't me this time. I swear.

Nico: Plankton? What are you doing in my shirt?

Plankton: I heard about the rescue you are doing and my scanners showed that the Chum Bucket was back.

Nico: Oh. You sneaky little guy.

Plankton: But man this is really something.

Eli: It sure is.

Gali: Maybe we can take the Chum Bucket's equipment for our own purposes.

Nico: Good idea. And maybe we can turn this place into a better place for the Krusty Krab. J.D. would like the cave but not the food here. You know how he gets when he is around chum.

Eli: Yeah he hurls his guts out every time he sees it or hears about it.

Plankton: Poor guy has a weak stomach when it comes to chum.

Nico: Yep. So we'll have to initiate a hostile takeover.

SpongeBob: Ooh I like it Nico. But you must love the beauty of this place right Patrick?

Patrick: [spits more food into SpongeBob's eyes while trying to speak] That, and the gift shop.

SpongeBob: Oh, that's right, Patrick! The gift shop!

Nico: Might as well buy some souvenirs before we head back for day 2 of the Ridonculous Race.

Gali: Good idea.

[They run into the Chum Caverns Gift Shop with windows and glass doors carved out of the rock wall, laughing. Inside, as shown through the windows, are stalagmites, gems, shells and other cave rocks, as well as other trinkets typical to a regular gift shop. Later, SpongeBob and the group walks into an empty Krusty Krab with a rubber stalagmite hat merged with a mining helmet on]

SpongeBob: Yeah, baby! I've got cavern fever!

Nico: You sure do SpongeBob. Mr. Krabs?

Mr. Krabs: Ahoy there lads. Did you see Evil Plankton stealing our customers?

Nico: Yep we sure did and also I have a plan.

Nico whispered into Mr. Krabs' ear and his plan was to blow up Evil Plankton's drill machine and have the Krusty Krab change the Chum Caverns into the Krusty Krab Caverns and then have Nico suck out all of Evil Plankton's intelligence and beam him back to Inferno Island Prison.

Gali: Do I even want to know how Evil Plankton got his brain back?

Nico: Probably for the best not to know. But besides I missed taking him down and I'm sure Mr. Krabs, Lily and SpongeBob have too.

Mr. Krabs: You're right Nico. We did miss that.

Nico: Lets go.

They put their plan into action.

They went back to the restaurant and Mr. Krabs came in and he had Krabby Patties ready.

Evil Plankton: Krabs? What are you doing here?

Mr. Krabs: I'm here to steal back our customers, with the savory flavor of the Krabby Patty! [moves a patty back and forth before their eyes, and they drool and their heads follow it like a dog] Now, go get it! [motions to SpongeBob, who is manning a burger stand vendor labelled "The Krusty Krab". All of the customers rush over]

Evil Plankton: Krabs, you can't just slither down here and steal all my customers! It's unethical!

Mr. Krabs: Unethical? This is perfectly legit! I call all building rights under our restaurant!

Evil Plankton: Sea turtles! He called it! He always was good with legal jargon. [jumps onto his drill] Alright, Krabs, if you think it's fair to undercut my business, then I'm gonna undercut you!

Nico: Yo, tiny. This road's closed!

Nico fired a ball of hot fire and it hit the drill and melted it into nothing!

Nico: This cave is now the property of the Krusty Krab.

Gali: We'll let the customers decide where they want to go.

Nico: It's your choice people. Krusty Krab for mouthwatering Krabby Patties or Chum Bucket for food made from rotten fish guts.

The people gasped in disgust when they realized what they were EATING and they were mad at Evil Plankton!

French Green Fish: You fed us to us!

Orange Fish: We gotta pay you to kill us?! (points at Evil Plankton)

SpongeBob: You're disgusting!

Nico: Ooh nice use of the lines from that Robot Chicken sketch.

?: I'll eat this clod!

A Chaulight then appeared!

Nico: Awesome!

Chaulight: Long time no see Nico.

Nico: Callie Allbright? Wow you look awesome as a Chaulight!

Eli: Allbright? Are you related to Nanette?

Chaulight: (GROWLS) I Never want to see that fucking bitch ever again!

Nico: Uh oh! Then I guess…

Chaulight: Yes Nanette is my big sister and I hate her with every fiber of my being. I'll tell you all later after I eat this creep.

She went over and then ate Evil Plankton in one bite and chewed him up and swallowed him.

Nico: Didn't see that coming.

Callie reverted back and she was a girl in red clothes and had red hair and had blue eyes.

Callie Allbright: (BURPS) Ahh. He sure was tasty.

Nico: Awesome to see you again Callie.

Callie Allbright: Same here Nico.

Gali: I don't know what your problem with Nanette is. But you know that you and her have to make amends.

Callie Allbright: Why should I!?

Eli: Why do you hate your sister so much?

Callie Allbright: Because she was always better than me and every time I did something, she would always do it better. I am also as great a cook as she is though. I made a coconut cake with chocolate frosting and truffles and she would make a very fancy luxurious cake. I made soup, she made fancy stew and you know the rest. I HATE MY SISTER!

Nico: So you are jealous of her.

Callie Allbright: Yes I am.

Gali: On a positive note, what's your favorite memory of Nico?

Callie Allbright: I have a lot of them. But my favorites are in cooking classes. Me and Nico made an awesome cake for everyone in our class.

Nico: I remember that. It was an Orange Cremesicle Amaretto Rum Cake and boy was that delicious. Everyone loved that.

Mr. Krabs: Boy that sounds like a delicious cake lad.

Nico: Oh it was heaven.

Callie Allbright: It was awesome. Everyone ate that whole cake in one day.

Gali: I can tell they loved it.

Eli: That must've been a tasty cake.

Callie Allbright: It was and yeah they sure did. But Nico, I can't forgive my sister for what she did.

Nico: Callie it's not Nanette's fault. Just let her explain everything to you and maybe there is a chance for you to reconcile.

Callie Allbright: (Growls) Fine. But still…

Nico and Callie then hugged.

Nico: I really missed you.

Callie Allbright: Me too Nico.

Nico: Lets head back to the floating fortress and talk to Nanette.

Callie Allbright: Okay. I won't like it but okay.

Ariel: Good.

Mr. Krabs: Good luck lads.

Nico: Thanks Mr. Krabs. The Krusty Caverns will be an awesome hit. We know it will.

Mr. Krabs: It sure will. Good luck in the competition.

Nico: Thanks.

They teleported back.

Nico and the group came back.

Me: Hey guys. How did the rescue go?

Nico: Really well.

Callie and Nanette saw each other for the first time in 6 years.

Nanette: (Gasp!) Callie!?

Callie Allbright: Nanette!

Nanette: Callie I thought you were dead!

Callie Allbright: No I'm not dead!

Me: Nanette you know her?

Nanette: Yes she's my little sister.

Lola: Uh oh. This is not gonna be good.

Nanette: Callie I thought I would never see you again.

Callie Allbright: You don't get it Nanette! Words can't even express what you have done to me!

Nanette: What are you talking about?

Callie Allbright: Ever since we were kids you have always been better than me in everything! I was fed up with living in your shadow!

Me: Uh oh! A jealous sister.

Varie: Oh man!

Callie Allbright: For years I tried to get mom and dad's approval but you have always been their favorite! I wanted to get their approval too but they always ignored me! And you have always been better than me in everything!

Nanette: Callie that's not true! I wanted you to share what I love with me. I never intended to steal your thunder. You have always been a great cook like me and I love you for that but mom and dad have always viewed me differently and I'm sorry for that. Before I was kidnapped and held in the Underground City. I tried so hard to find you but fate had different plans for me. I was held prisoner in the Underground City for 4 years and I couldn't escape from it without the risk of turning into my monster form. But Team Loud Phoenix Storm saved us from our prison. I wanted to look for you but I couldn't find you! I'm sorry Callie! I'm sorry!

Callie Allbright: (CRYING) NANETTE YOU HAVE ALWAYS BEEN BETTER THAN ME!

She went over to her and pounded on Nanette!

Callie Allbright: I HATE YOU NANETTE!

Nanette's aura flared up!

Callie Allbright: I HATE YOU! I HATE YOU! I HATE YOU! I HATE YOU!

Nanette then hugged Callie as Callie cried hard into her.

Nanette: I'm sorry Callie. I tried to be a good sister but Mom and dad were always making me feel perfect. I never intended for this to happen to you. And for that I am truly sorry.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, Nokama, Ren Hoek, and Stimpy are heading to the Blue Cheese Mountains, and not only is Lincoln going to rescue the thirteen girls there, but we're also going to discover that Blue Cheese Mountains is worth as much as diamonds, and we're going to take down the evil version of Ren Hoek from the infamous Adult Party Cartoon episode, Ren Seeks Help, who's returned from the dead and he wants bloody revenge.

Lincoln: Wow, we're at the Blue Cheese Mountains, and I know what we're going to do here, not only am I going to rescue the thirteen girls there, but we're also going to discover that Blue Cheese is worth as much as diamonds, and we're going to take down the evil version of Ren Hoek from the infamous Adult Party Cartoon episode, Ren Seeks Help, who's returned from the dead and he wants bloody revenge.

Me: That's right, big guy.

Nico: I thought we got rid of that psychopathic version of Ren Hoek when he escaped from the asylum and was hiding out at The Underworld last year.

Lincoln: Looks like he's come back from the dead, and he wants revenge on us for sending him to Oblivion last year.

Crash Bandicoot: So, it looks like we're going to use stronger measures for this one.

Lincoln: Yep, we have to give him the Black Gates. And, Nokama, I want to thank you, Crash, Coco, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, Nokama, Ren Hoek, and Stimpy for joining us on this rescue.

Nokama: You're welcome, Lincoln, this is going to be an amazing rescue.

We got to the Blue Cheese Mountains, and soon enough, we found the fatherload, there were tons of blue cheese nuggets clogging up the arteries of the Blue Cheese Mountains. We decided to load them up into scrolls to take to the Bank Reporter to see how much they're worth.

?: HELP!

Suddenly, Lincoln heard the sound of thirteen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the thirteen girls, but they've been cornered by Psycho Ren, and he's going to viciously kill them.

Lincoln: Guys, I found the thirteen girls, but they've been cornered by Psycho Ren, and he's going to viciously kill them.

?: That psychotic imposter of Ren Hoek, let's get him!

Suddenly, we saw Caius the Shadow Monarch appear before us in a cloud of darkness.

Lincoln: That voice, I knew it was you, Charlene Novamanova, but we'll have to talk later, we've got a psychotic chihuahua to stop.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits Psycho Ren, and it allowed the thirteen girls to get away. When Psycho Ren saw us, his blood red eyes turned even more blood red when he saw us, and he screeched in psychopathic anger.

Lincoln: He's still as psychotic and insanely evil as when we faced him last year in The Underworld, but this will be the last time we deal with him.

Crash Bandicoot: You're getting one heck of a euthanization, you crazy chihuahua.

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, The Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Nokama, Ren, Stimpy, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, and Me, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went at Psycho Ren, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, green flames, and water, and they exploded with incredible power as they hit him.

Spyro and Cynder fired powerful blasts of elements from their mouths, and burned Psycho Ren really badly. Then, Crash Bandicoot fired powerful blasts of rainbow energy, fire, water, air, leaves, plants, fruit, bones, light, darkness, earth, and gears at Psycho Ren, and really hurt him badly. Then, Lincoln delivered the final blow and cuts down Psycho Ren, and he was obliterated for good. Then, as soon as his spirit appeared, he was sent to The Black Gates and erased from existence by Lincoln. We cheered wildly as we holster our weapons and power down.

Lincoln: That's it for that evil version of Ren Hoek. (To Charlene Novamanova) And it's so good to see you again, Charlene.

Charlene Novamanova: You too, Lincoln, it's been a long time.

Lincoln went up to Charlene Novamanova and they hugged, and Charlene Novamanova was also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become.

Lincoln: It sure has been a long time, I haven't seen you when you were fourteen, and as you can see, I really grew a lot since then.

Charlene Novamanova: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Charlene Novamanova, she came to Michigan from Belarus, and she's not only one of my Guardian

Angels, she also has a fierce reputation as one of the fiercest bounty hunters in the world, she only goes after the most dangerous criminals and they are good money and it's how she got filthy rich too, and she also has a really strong power over the powers of darkness.

Me: Whoa, now that's so awesome!

Nico: You said it, J.D. Wait a second, I remember hearing about how she only captured some of the most dangerous criminals around the world on the news, she's definitely a force to be reckoned with.

Lincoln: And many criminals fear her to his day. Now, let's get you back to normal, boys, you know the drill, and Nicole, you know what to do?

Me, Nico, Eli, and the rest of the boys cover our eyes as Lincoln snapped his fingers, and Charlene Novamanova was reverting back to normal. Charlene Novamanova is a beautiful 17-year-old girl with long flowing purple hair, purple eyes, fair skin, she's 6'5" in height, she has the body of a goddess, and she has massive purple angel wings with black tips on the large purple feathers, as she reigned in the power of Caius the Shadow Monarch.

Lincoln: How do you feel, Charlene?

Charlene Novamanova: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Charlene Novamanova her new wardrobe, a short-sleeved purple shirt with designs and a black phoenix on it, purple skirt, purple pants, and purple shoes, a long sleeveless purple trenchcoat with shadows on the coattails with Caius the Shadow Monarch on the back, and holstered on her back is a large Caius the Shadow Monarch-themed sword with Caius the Shadow Monarch etched on the 6'5" massive, wide, double-edged, man-sized purple blade, large black bat wings for the crossguard, large purple gem embedded in the rainguard, longer black handle, and large purple gem surrounded by black angel wings for the pommel.

Charlene Novamanova: Wow, I love the outfit you made for me,

Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Charlene Novamanova's neck with purple gems on the gold lightning bolts and purple crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Charlene Novamanova: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Charlene.

Charlene Novamanova had a smile on her face and tears coming from her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed Charlene Novamanova on the lips, and she returned it, and we cheered for them. Then, we went up to the thirteen girls here, and when Lincoln saw them, they immediately recognized them. The thirteen girls are Kuroha Neko, Kazumi Schlierenzauer, Tachibana Kana, Takatori Kotori, Tokou Nanami, and Wakabayashi Hatsuna from Brynhildr in the Darkness, Irisu Makina, Komine Sachi, Matsushima Michiru, Sakaki Yumiko, Suou Amane, Harudera Yuria, and Tachibana Chizuru from The Fruit of Grisaia.

Lincoln: Oh wow, it's Kuroha Neko, Kazumi Schlierenzauer, Tachibana Kana, Takatori Kotori, Tokou Nanami, Wakabayashi Hatsuna, Irisu Makina, Komine Sachi, Matsushima Michiru, Sakaki Yumiko, Suou Amane, Harudera Yuria, and Tachibana Chizuru.

Nico: From Brynhildr in the Darkness and The Fruit of Grisaia, awesome.

Lincoln: Are you girls okay?

Kuroha Neko: Yes, we're okay, thanks to you.

Then, when Kuroha Neko and the other twelve girls saw who it was that saved them from Psycho Ren, their faces turned atomic red upon seeing the 17-year-old 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large gold buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Kuroha Neko: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Kuroha Neko: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, thirteen Thunderbird Necklaces of Eternal Love appeared on the necks of Kuroha Neko, Kazumi Schlierenzauer, Tachibana Kana, Takatori Kotori, Tokou Nanami, Wakabayashi Hatsuna, Irisu Makina, Komine Sachi, Matsushima Michiru, Sakaki Yumiko, Suou Amane, Harudera Yuria, and Tachibana Chizuru with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the TLPS Floating Fortress, and we told everyone of what happened at the Blue Cheese Mountains, and they were shocked that the villain we went after was Psycho Ren, who's returned from the dead to seek revenge.

But, when Lincoln showed everyone what we did to that psychopathic chihuahua, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Charlene Novamanova now have a lot of catching up to do, now that she's back.

We found out how much the Blue Cheese Nuggets were all worth and they were all worth as much as our entire fortune.

---

After dealing with Psycho Ren this time for good, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Charlene Novamanova saw Lincoln working out like crazy, she had an atomic red blush on her face.

Charlene Novamanova: Whoa, I was right that Lincoln has really grown to be a 17-year-old 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Charlene, and now, I can also defend myself.

Charlene Novamanova: That's incredible.

Nico: It sure is, Charlene. We also haven't done this one in a while, but what memories did you have with Lincoln?

Charlene Novamanova: I'm glad you asked. I remembered this one time Lincoln and I were doing some planning for Halloween, and Lincoln's sister, Lucy, was also helping out with this one as well. We were making cut out bats to hang outside, but then, Lola came in and forced him to be a butler for her tea party, but Lincoln said "no", and he was busy. But, Lola went into a berserk rage and tried to attack Lincoln in a fit of rage, but I grabbed the little monster by her dress, and I told Mr. Lynn and Ms. Rita of what she tried to do to Lincoln, and she got grounded big time, which meant no Halloween candy or trick or treating for her, she had to spend Halloween in her room all alone.

Me: Ouch.

Nico: And I can guess she tried to attack you as revenge, right?

Charlene Novamanova: She tried to, but I gave her the most bone-chilling glare I could muster, and when she looked in my eyes, she saw within in my eyes creatures of pure darkness, far worse than any nightmare anyone can imagine, and it terrified her so badly, she ran to her room, and stayed there all night as punishment.

Nico: (Stunned) Whoa.

Me: Dang, that's really scary and spooky.

Lucy Loud: She's known for that kind of thing, especially if Lori, Lynn, Lola, Lisa, and Luan try to mess with Lincoln.

Nico: Oh, guys, me, May, and my harem are heading to Palau to explore Jellyfish Lake, which is our next destination.

Me: Okay, Nico. But, be careful.

Suddenly, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy signal, along with another energy signal. The first energy signal he sensed belonged to Sammy's evil sister, Amy, who's broken out and she wants revenge on her former sister, Sammy, and that dark energy signal he sensed was none other than Spyro's old enemy from long ago, Gnasty Gnorc. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone coming after us?

Lincoln: I'm afraid so, Nico, there's two people I sensed: the first energy signal I sensed is Sammy's evil sister, Amy, who's broken out and she wants revenge on her former sister, Sammy, and the other energy signal I sensed belonged Spyro's old enemy from long ago, Gnasty Gnorc, who wants revenge on Spyro for all the constant butt-kicking Spyro has given him over the years, and they're at Palau.

We gasped in shock.

Nico: Oh crap, so not only are we going to face Amy in the islands of Palau, but Gnasty Gnorc is also there at Palau as well?! Whoa.

Spyro: Sheesh, no matter how many times I've kicked his butt, Gnasty Gnorc just doesn't know when to quit.

Girl Jordan: Spyro, let me and Lincoln go after Gnasty Gnorc after we've kicked Amy's butt.

Spyro: Okay, Girl Jordan, and whatever you guys do: make sure he gets permanently trapped inside a crystal prison for all eternity.

Lincoln: We will. Nico, you, May, and your harem have fun, and watch out for Amy if she is there, okay?

Nico: We will, big guy, and thanks for the heads-up on Amy and Gnasty Gnorc.

We then got a shower afterwards.

---

Later it was time for Zarya's first ever Ambassador Mission.

Nico: Alright, Zarya. This is it. The moment you've been waiting for.

Zarya Moonwolf: This is gonna be awesome. I can't wait to meet the Zenkaigers.

Me: Me too and it'll be awesome to meet them in person. We have a lot to talk about when we meet them.

Nico: The Zenkaigers have 45 years of Sentai with them in the forms of gears. It'll be awesome.

Me: Yep. And we're going to Japan to meet them.

Zarya Moonwolf: Yeah.

Me: Lets head out.

We were off to Japan.

We arrived in Japan.

Me: You know we got to keep coming here more often for many of our adventures. They are fun.

Zarya Moonwolf: They sure are.

We walked around and then Kaito saw Zarya.

Kaito: Oh, hi there. I don't think I've seen you around here before.

Zarya Moonwolf: Hello there are you Kaito of the Zankaigers?

Kaito: Yes I am.

Zarya Moonwolf: My name is Zarya Moonwolf and I'm the Ranger of The Mysticons and member of Team Loud Phoenix Storm. Also one of J.D. Knudson's fiancés.

Kaito: Wow! Honor to meet you. How is J.D.?

Zarya Moonwolf: How about you ask him yourself?

I appeared.

Me: Awesome to finally meet you in person Kaito.

Kaito: J.D. wow you are looking awesome than ever.

Me: Same here and it's an honor to meet you at last.

Kaito: You too J.D.

Me: You have been a big help to us already even though we are scheduled to meet on the 21st of May.

Kaito: The Zenkai Cannon I made for you has really been of good use hasn't it.

Me: It sure has.

Zarya Moonwolf: It sure has.

We met the rest of the Zenkaigers.

Juran: Wow! J.D. Knudson! It's an honor!

Magine: We heard so much about you and it's awesome how you face all the bad guys.

Me: I get that a lot.

Zarya Moonwolf: But it's an honor to meet the Zenkaigers.

Vroon: Same here Zarya.

Me: Zarya is here on her own Ambassador Mission. It's a diplomatic mission program we made for future upcoming missions.

Gaon: That's cool!

Zocks Goldtsuiker the Gold Zenkaiger of the Gokaigers came up to me.

Me: Zocks Goldtsuiker it's a pleasure to meet you.

Zocks: Same to you J.D.

Me: You are an awesome pirate and that song and dance you do is awesome.

Zocks: Glad you like it. You know, J.D. You and I are quite alike.

Me: How so?

Zocks: We both will do anything to protect the people we care about. And when said people get hurt, we give the bad guys who do the hurting a brutal beatdown.

Me: You and I really do have a lot in common. We can be just as merciless to bad guys whenever they hurt those we love.

Zarya Moonwolf: Was there ever any doubt?

Me: No there wasn't.

Zocks: Now, tell me. How does Nico… treat you now that he's leader?

Juran: Broski, you better not be thinking of doing any rash.

Zocks: I'm sorry, Juran. But I have a hard time believing Nico's a good leader when he forced J.D. to work with Sperg. He doesn't even like him!

Me: Whoa whoa whoa whoa. Zocks calm down. I gave Nico the position because he earned it. I didn't give it to him by force. He earned the position fair and square. He displayed incredible leadership skills during our major battles last year in 2021. He more than earned the right to be called leader after everything that he did in some of our major battles. Especially during the battle with Team Dark Phoenix Storm. Nico is like a brother to me and he has more than earned the right to be crowned leader. Also Nico treats me like a true friend ever since he joined the team.

Zarya Moonwolf: It's true. Sure there have been ups and downs but Nico has earned it.

Flint: Well, we're going to have to give Nico a good talking to just in case, won't we?! By the time we're done, Nico's gonna be crying like a teensy-weensy baby!

Zocks: Sis, leave that to me, okay? I want it to be harsh. But not TOO harsh.

Me: Zocks are you sure you want to give Nico a harsh reprimanding after all he went through especially with what he had to endure during the 20 Days of Darkness?

Magine: 20 Days of Darkness?

Gaon: What is that?

Me: It's one of the most terrible events in our teams history. From January 23rd to February 11th, 2021 we had to endure 20 of the most grueling, despair-filled and depressing days ever caused to us and it was mostly because of a douchebag enemy from Nico's past that gave him a lot of grief.

I told them everything about what happened during that time and they were shocked.

Gaon: Oh man! Nico had to endure all that!?

Me: Yeah it was horrible. Nico has been through hell for over 12 years and those 20 days added fuel to the fire. And it was all because of our most dangerous enemies that we were up against during that time.

Zarya Moonwolf: It was awful. We never want to go through that

again.

Me: Yeah.

Secchan then came in.

Secchan: Kaito, I don't know how it's possible but Manga World's causing trouble!

Magine: What?! I thought we destroyed him!

Me: I remember Manga World! He was gonna turn the entire world into a Manga Comic. Lincoln Loud would love to face him one day and he loves reading manga comics.

Magine: You have a really extensive history with the Sentai and Power Rangers J.D.

Me: Well it's mostly the Power Rangers over in America that I have the most to offer on that. I only know about the ToQger's, Zyuohgers, Kyurangers, LupinRangers & PatRangers, Kiramagers and now you guys too. My little brother Eli knows all about the full extent of the Super Sentai Rangers.

Zarya Moonwolf: That's right.

Kaito: That's incredible!

Me: Yeah it sure is. And the World Monsters that you all face will make awesome additions to the Masters of Evil in the future.

Zocks: You mean Baron Zemo's Masters of Evil?

Me: No this is completely different than the one that Baron Zemo made. This is Vypra's Masters of Evil. She was one of the enemies of the Lightspeed Rescue Rangers and after the Battle with Thanos we had on December 26th, 2019 the Legion Of Doom disbanded and the Masters of Evil took their place. Over the course of 2 and a half years we went from enemies to Frenemies. We're friends and they give us awesome usual battles.

Zarya Moonwolf: You'll see who one of them is soon.

We went out to face Manga World and we found him in the park..

Me: Manga World. Nice to finally meet you in person after watching you on TV. That was so awesome!

Manga World: Glad you liked my battle.

Juran: What's going on here? We destroyed you already!

Manga World: I don't know myself. But I'm not complaining! Authored Splash!

Manga World fired a blast from his pen style gauntlet at the the Zenkaigers but they avoided it!

Kaito: Everyone okay this time?

Juran: Oh, we're actually fine.

Zocks: Same here.

Ricky: Me, Cutanner, and Big Sis are okat too!

Kaito: Then who did Manga World hit?

They then saw me and Zarya as manga papers!

Magine: Oh no! J.D. and Zarya are now manga!

Zarya: This is actually weird.

Me: HEY WOW! I always wondered what it would be like as a manga.

Manga World: Glad you found it really awesome J.D.

Me: No worries. Our powers will get us out of this.

Vroon: You know you can still fight even as manga, right?

Zarya: Really?

Kaito: Yeah! I was able to fight Stacey even inside a manga.

Me: I remember seeing that! That was really cool!

Manga World: Plus, you two will be back to normal after I blow up again anyway. So, you might as well try it out.

Me: (sighs) If you say so. But I've always wanted to try this out.

Kaito: Now, here's where it gets fun!

Zenkaigers: Change Zenkai!

Zocks: Change Twokai!

Zocks Danced and he was really having fun and then…

They transformed!

Kaito: SECRET POWER! ZENKAISER! ゼンカイザー

Juran: DINOSAUR POWER! ZENKAI JURAN! ゼンカイジュラン

Gaon: HUNDRED BEASTS POWER! ZENKAI GAON! ゼンカイガオーン

Magine: MAGICAL POWER! ZENKAI MAGINE! ゼンカイマジーヌ

Vroon: RUMBLING POWER! ZENKAI VROON! ゼンカイブルーン

Zocks: PIRATE POWER! TWOKAISER! ツーカイザー

All: The five assembled! Kikai Sentai… Zenkaigers!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready for action!

Zarya Moonwolf: THAT WAS AMAZING!

Me: AWESOME! And Zocks that dance is so awesome!

Zocks: Thanks J.D.

Kaito: (takes out Magiranger gear) Time for some magic!

He used the power of the Magirangers, the Japanese Mystic Force Rangers and summoned a Magi Staffs for us and then I broke out of the Manga and was back to normal!

Me: WHOA!

Manga World: WHOA! Your power is incredible J.D.

Me: My powers have gotten stronger and stronger with every battle and adventure.

I grabbed the Magi Staff!

Me: Now for the power of the Wolf! KIBAL! LETS HOWL! (HOWLS)

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into Wolf Moon! My scythe merged with the Magi Staff and it turned into A WOLF SWORD!

Me: YEAH!

Kaito: WOW! J.D. that is neat!

Me: Many more where this came from.

Zarya Moonwolf: What about me?

Me: I'll get you back to normal Zarya. But try out your powers as a manga first.

Zarya: Okay! WOLF ARROW!

She fired arrows from her page and the blasts hit Manga World all over.

Zocks: Time two use the Boukenger Gear.

He used the power of the Silver Boukenger or the Japanese Mercury Operation Overdrive Ranger and he fired a blast of concrete from his sword and stuck Manga World to the ground.

Me: Lets see how he likes this! FULL MOON WOLF PACK BLAST!

I fired a blast of wolf fire from my sword and it formed into a blue fire Wolf Pack and smashed Manga World all over and burned him.

Me: YEAH! Kaito. Try this one!

I gave him a new Sentai Gear.

Kaito: What is this one?

Me: It's for the Akibarangers. A 2012 Movie Exclusive Sentai series. You'll get a kick out of this one.

Kaito: Okay.

He used the Akibarangers Gear and summoned the power of the 2012 Akibarangers from 2012 and Manga World acted cowardly and spouted death flags and then explosions blasted him all over the place.

Juren: WHOA! That was awesome!

Zocks: Time two use Ohren Form. Ricky!

Ricky: Right, Big Bro!

They danced and then Zocks donned the power of the Japanese Ohrangers or the Japanese Zeo Rangers!

Me: Oh that is so awesome!

Zocks: (With Ricky's voice in unison) This is gonna be fun!

Me: Zocks that is so cool! I remember seeing you do this on TV.

Zocks: It sure is cool.

Zarya Moonwolf: It sure is awesome!

Me: Also I have another surprise. Watch this one.

I reverted back and pulled out my Zenkai Changer.

Me: CHANGE ZENKAI!

I turned into ZENKAI ZODIA!

Me: STAR POWER! ZENKAI ZODIA! ゼンカゾディアック

Kaito: WOW! You're now a Purple Zenkaiger!?

Me: Yep. I represent the Kyurangers.

Juren: Cool!

Manga World: Authored Splash!

Juran avoided the resulting attack.

Juran: Nice try! But that's not gonna work now that I know what's gonna happen!

Me: Same with me! Watch this one. ZODIAC STARSTORM!

I used the power of all the Kyurangers and they turned into the 88 Constellations and went at Manga World and smashed all over him and pulverized him brutally.

Me: Shall we use the Zenryoku Zenkai Cannon Kaito?

Kaito: You bet J.D.

We pulled out the cannons.

Me: (Turns dial) BOOMING MACHINE POWER!

I summoned the Blue Turboranger, Yellow Carranger, Silver Boukenger, Green Go-Onger, and Pink Kiramager!

Me: We actually are going to meet the Kiramagers in 3 months.

Magine: So awesome!

The Silver Boukenger ran at Manga World and kicked him all over and the Pink Kiramager slashed him with her sword.

Juran: Wow! You sure are a fast learner J.D.

Me: I pick up a lot of things from watching you all on the fly.

Zarya Moonwolf: All the Sentai and Ranger moves have been really handy and helpful in many of our awesome adventures.

Magine: Wow!

The Silver Boukenger ran at Manga World.

Me: You read my mind Juran!

Me and Kaito: BURNING SUPER SENTAI POWER!

We used the powers of all 45 Super Sentai from over the course of 45+ Years.

Me: Brace yourself. It's got a powerful Recoil!

Me and the Zenkaigers: FIRE!

BANG!

We fired a I was blown back with a powerful recoil and I spread my wings and flew back and the blasts all formed into the Kaito's Zenkaiger head and the blasts all hit Manga World and he exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Me: YEAH! In the immortal words of Nico, Manga World you have failed this city!

Zarya Moonwolf: Yeah he has!

Zarya was back to normal.

Kaito: We're not out of the woods yet.

A Kudaitest appeared.

Kudaitest: Time for the next volume of this Manga!

The Kudaitest stepped on the Manga Tojiru Gear and became Great Manga World.

WHOA!

Great Manga World: I'm overflowing with manga power!

Me: WHOA! Just like on TV!

Juran: Gaon, time for our version of ZenkaiOh!

Zocks: Cutanner, mind helping me form TwokaiOh?

Me: LETS GET HIM!

Zenkaigers: BIG BANG!

Me: Lets go! BIG BANG!

I summoned the ZENRYOKU EAGLE and me and Zarya were piloting it!

Me: Get ready Great Manga World! We're erasing you!

Great Manga World: Brush!

He drew some missiles and fired them.

Me: Not this time!

I fired lasers and blasted the Missiles apart and blew them up!

Kaito: ZENRYOKU ZENKAI!

He had the Zenkaigers merge with him and they formed THE ZENKAIGER

ULTRAZORD!

All: Zenryoku ZenkaiOh!

Me: WOW!

Zarya Moonwolf: Awesome!

Zocks: Time two break that gauntlet of yours.

Zocks slashed the gauntlet of Manga World and destroyed it!

Me: Now lets finish him!

Zenkaigers: Zenryoku Dai Zenkai! Ba-ba-ba-ban! Da-da-da-dan!

The Ultrazord fired a massive blast of energy in the form of all the Sentai Teams from 45+ Years and they all hit Manga World and he EXPLODED INTO NOTHING!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead officially now!

The gear shattered and the world was freed!

Me: That's it for him!

Nico and everyone at the Flying Fortress was watching us on TV and it was so awesome!

Eli: Way to go bro!

Arkayna: That was so awesome!

Nico: Wow! Just like on TV and living an episode!

Laney: It sure was cool!

Kaito: It's a Full Power World! All okay!

Me: And a World is Liberated.

Zarya Moonwolf: That was so awesome!

Me: Yeah it was! Not bad for our first battle helping the Zenkaigers.

We later came back.

May: We saw the whole thing on TV and you guys were awesome!

Me: Thanks May and it was like living an entire episode in Japan! We had an awesome mission on this one. It was a combination of an Ambassador Mission and a Sentai Episode.

Eli: But that was so awesome! You guys did great!

Me: We sure did. But Nico I just thought I would warn you to brace yourself. Zocks is going to give you a nasty reprimanding. I told him everything that happened and more and like what happened to me in the Aligned Transformers world, he is gonna reprimand you.

Nico: (sighs with a smile) I knew you getting reprimanded in the Aligned Transformers World would come back to bite me in the butt. But not to worry. I will take my reprimanding like a man.

Me: That's the spirit.

Eli: Yeah you can do it man.

Me: Yep. But man this was so awesome!

Zarya Moonwolf: One of the best missions ever!

Nico: Glad you both had a lot of fun on this one.

---

Later we were watching TV.

Impact Man: So, Marge. Who's this friend you want us to meet?

Marge: Well it's someone in High School that has been one of my friends in High School Journalism. Her name is Chloe Talbot.

Nico: Wow I've heard of her. She is a big reporter.

Barney Gumble: And my ex-girlfriend. (BELCH)

Me: Didn't she left you Barney because you belched in her face a lot?

Barney Gumble: Yeah not my best decisions.

Chloe Talbot then came in.

Chloe Talbot: Well it's an honor to be here.

Olga Orromov: You must be Chloe.

Chloe Talbot: I sure am and you are?

Olga Orromov: Olga Orromov. It's a pleasure.

Marge: Chloe?

Chloe Talbot: Marge!

They hugged.

Marge: It's great to see you here.

Chloe Talbot: It's great to see you too. I'm… I'm sorry about the volcano thing.

Marge: It's okay Chloe.

Me: Chloe it's great to meet you.

Chloe Talbot: You too J.D. I heard so many big thing about you.

Me: Marge told us how you were in high school and found out something big there.

Marge: That's right. We were in the thrill of High School Journalism. Together we broke the biggest story of the semester: One of the Cafeteria Workers was spitting in the soup.

YUCK!

They found out that Moe Szyslak was spitting in the soup in the cafeteria.

Marge: When we published the story we received the school's highest award.

Me: Wow that is amazing.

Homer: And I think Moe was out on parole back then.

Moe Szyslak: Yeah that's right Homer. I was.

Reflector: I bet you heard about Springfield's… blowup.

Chloe Talbot: I sure did and in all honesty I'm glad Springfield was destroyed.

Me: So is practically everyone else. Springfield was a total cesspool of corruption, evil, crime, corrupt officials and megalomaniacal douchebags.

Gallie Kenovich: (Croatian Accent) It's true and me and many of my friends in Lincoln's Guardian Angels all found out some terrible revelations about Joe Quimby and Mr. Burns and many of the people there.

Gallie Kenovich and many of Lincoln's Guardian Angels revealed everything about Springfield in their assignments from the FBI and more and Chloe Talbot was shocked!

Me: Yeah we were ALL floored about all of that ourselves.

Nico: The whole country now knows the kind of evil place that Springfield, Oregon was. They didn't call it the Meanest Town in America for show.

Chloe Talbot: Wow. That is terrible.

Me: Yeah it was.

Chloe Talbot: Nico, you have a big heart to be the first to forgive Marge.

Leif: And he's got big brains too. Especially last year on his birthday.

First Aid: What are you talking about?

Leif: Why don't you tell them, Nico?

Maria: Nico, do you have something you want to tell us?

Nico: Well, do you guys remember last year on my birthday when I snapped my fingers after we defeated Count Nair?

Me: I sure do. That was awesome.

Eli: Nico merged the Super Sentai World with our world.

Nico: Yep.

Chloe Talbot: That is amazing.

Nico: It sure was. But we later found out that Marge didn't do all that stuff in Springfield on her own accord. We found out that she was controlled by a mind control chip.

Laney: It's true. It was nuts.

Marge: Yeah it sure was.

Gilda: So, let me get this straight, Nico. After we defeated Count Nair, you snapped your fingers and made a copy of the Super Sentai World to get trapped in Tojiru Gears instead of the real thing?

Nico: Did you honestly think that I would let the hard work of the Super Sentai go to waste because of the Tojitendo?

William: Actually, no.

Me: But now I know the reason why Nico did that. To prevent all the Super Sentai Ranger Worlds from falling into the Tojitendo's hands.

Nico: That's right.

Me: Smart thinking.

Nico: Yep. Anyway it's time for part two of the Ridonculous Race.

Eli: The Islands of Palau. We're just about there.

Then Scorcher, Blizzard, Duskmon, Abomination, Gizmo, Dark Laser, Demyx, Roman Goodwin, Ssserpent, and Roquefort appeared.

Scorcher: Can me, Blizzard, Duskmon, Abomination, Gizmo, Dark Laser, Demyx, Roman Goodwin, Ssserpent, and Roquefort go with you guys?

Nico: You all sure can.

Me: We're going to the islands of Palau and this is gonna be awesome and beautiful.

Eli: It sure is.

Nico: And I know the Islands of Palau. They are not far from the Philippines.

Dark Laser: This will be interesting to see.

Bugly: Nico, which Gene Slammer do you think will show up on your next rescue?

Nico: I'm hoping to meet a Cybertronian Gene-Slammer next.

Optimus Prime: A Cybertronian Gene-slammer? That would be interesting to see.

Shanan: It sure would be interesting.

Me: Looks like one of the Autobots and Decepticons will go with you this time.

Nico: Yep. This will be interesting to see.

Ssserpent: (to Nanette) Are you and your sister okay now? Because the last thing we need is for you two to be at each other's throats.

Nanette: Yes we are better now.

Callie Allbright: Me and my sister have finally reconciled. I'm sorry sis. My jealousy got the better of me.

Nico: But we better explain this to your mom and dad soon. (GULPS) That's what I'm afraid of.

Carla Wong III: Nico remember how you handled it with my mom? You took that really well.

Nico: Yeah I did.

Me: Nico meeting the parents of someone you know and love is considered the most dreadful part of any romantic relationship for their approval. But you can handle it. We'll be with you.

Nico: I know. Anyway we should be just about there.

Jared: We already are Nico.

We arrived at The Islands of Palau **P W**.

## NGERULMUD, BABELDAOB ISLAND, PALAU **P W**

We were on Babeldaob Island and we were in the capital city of Ngerulmud.

Nico: Here we are guys. Welcome to Ngerulmud on Babeldaob Island.

Me: It's so beautiful.

Nico: Yeah it sure is. My family and I would come here on our summers when I lived in the Philippines.

Fiona Hernandez: That's right I remember.

Teen Titans Lightning: Didn't Ferdinand Magellan come from here?

Jessie Knudson: No Ferdinand Magellan was born in Portugal in 1480 and his ship is what found this place in 1522.

Nico: Wow! That is amazing.

Teen Titans Lightning: It sure is.

Dark Laser: (to Nanette) Please don't kill Nico for having a relationship with your sister.

Nanette: Don't worry I am not going to do that. But if he hurts her I will.

Nico: (GULPS) You have my word Nanette.

Me: It's all right Nico. It's just Nanette looking out for her family. It happens to many of us.

Applejack: Yeah like with Apple Bloom and Tender Foot.

Nico: Oh. I wonder what our challenge is.

Me: We may find out soon.

We saw Don.

Don: Hey guys. You all made it.

Me: We sure did. And the Islands of Palau are beautiful.

Don: They sure are. And your challenge is gonna be a good one. It's a concert for the people here.

Me: Awesome! Me and the Rainbooms can put on a concert here for everyone. We all know a wide variety of songs.

Don: Awesome! I remember hearing that many of you are really amazing singers.

Rainbow Dash: Yeah we sure are.

Me: Yep.

Nico: Me, May and my harem are gonna go check out Jellyfish Lake.

Me: Okay.

Nico, May, and his harem were heading to Palau to do an exploration of Jellyfish Lake, and thanks to Lincoln's warning, they'll also be on the alert for Sammy's evil sister, Amy, who's broken loose and wants revenge, and Spyro's old enemy, Gnasty Gnorc.

Nico snapped his fingers, and the 7'0" handsome and extremely muscular Saiyan was dressed in large orange swim shorts with a phoenix and elemental forces on them, he had on his jewelry and he had his weapons holstered in case of trouble.

May and his harem were dressed in two-piece bikinis, and they also had on their jewelry and they had their weapons holstered in case of trouble.

Nico: Alright, ladies, shall we?

May: Lead the way, honey.

Nico, May, and his harem left the TLPS Floating Fortress to head for Jellyfish Lake in the islands of Palau in Oceania. When they arrived, May and Nico's harem were amazed, and when Nico saw it, it was just like how he remembered it.

May: Wow, Nico, what is this place?

Nico: This, May, is Jellyfish Lake, in the islands of Palau in Oceania. It's still as beautiful as the day I came here on vacation, let's go check it out. But, like Lincoln said, we also got to watch out for Amy, since that psychopathic bitch is here.

May: Along with Gnasty Gnorc, but he'll come later on.

Nico, May, and Nico's harem dived right into Jellyfish Lake, and they saw the jellyfish that live there, and they were indeed amazing, and they also had to keep their distance from the jellyfish, because they do have a tendency to sting. Then, Nico, May, and Nico's harem had lunch at a picnic spot that Nico knew from when he came to Palau. Suddenly, he sensed a disturbance, and he knew that it was Amy.

Nico: Just as Lincoln predicted, Amy's here. I'll leave my little surprise on that bitch before we leave for home.

Nico fired a powerful blast of lightning, and it electrocuted Amy, who's causing havoc in Palau, and she screamed in so much excruciating pain, and it left a kanji burned on her skin that said, "Eternally Damned Demonic Former Sister."

永遠に堕落した悪魔の元姉妹

Along with the inverted pentagram, and a phoenix to let The Devil know who sent her to him when she dies of old age. Then, Nico, May, and his harem returned to the TLPS Floating Fortress, and they were back in their original clothes.

Lincoln: Hey, Nico, how was your exploration at Jellyfish Lake in Palau?

Nico: It was still as awesome as ever, Lincoln. May and my harem saw the jellyfish that live there in the lake, and we had to keep clear of them, since they do sting. Then, when we were having lunch at the picnic spot, I sensed a disturbance, and just as you predicted, Lincoln, Sammy's evil sister, Amy, is here in Palau, along with Gnasty Gnorc, but he's hiding. So, before we left, I'd decided to leave a nasty little surprise on that bitch.

Nico showed us the nasty little surprise he left on Amy, and we laughed at what he did.

Me: (Laughs) Oh man, Nico, that was so awesome!

Lori: (Laughs) Literally, and your little surprise has got her really furious.

Nico: Which is just how we want her to be when we get after her in Palau.

Lincoln: And since you left the mark of the phoenix on her when you electrocuted her, this'll let The Devil know who sent her when she dies of old age, and after we defeat her, I'll give her the same curse I gave Gabriel Tinsley, Josee, Jacques, and Jacques Schnee.

Nico: That's perfect, and it'll be for all the other Total Drama Sore Losers.

Girl Jordan: Awesome, so after we defeat them, Linky will curse them with Eternal Life Without Eternal Youth and Plagued by The Demons of Their Past forever.

Me: A fitting punishment for her, and someone's also got a score to settle with that bitch, Amy.

Me: Yep.

Callie Allbright: This will be awesome to see.

Sideways: Does this mean you're Nico's sister in Law?

Nanette: (LAUGHS) Yes it does.

We laughed.

Don: Wow Nanette I didn't know you had a sister.

Callie Allbright: We haven't spoken to each other in a long time because I was jealous of her.

Don: Oh. That's rough.

Nico: Yeah it was.

Don: Let me show you all to where the stage is for the concert.

We followed Don.

Power Girl: I have a feeling one of the sore losers is gonna appear today.

Nico: We know who it is already and it's Amy.

Callie Huntington: Awesome! (Cracks Knuckles) I can't wait to pulverize that bitch. I also can't wait to see her reaction when she finds out who it was that got the law sent after her.

Nico: That will be awesome to see.

Me: Yeah!

Callie Allbright: Isn't she that girl who hates her sister?

Blizzard: Sheesh, lots of sister drama today, huh?

Nico: You're telling me. But yeah Amy absolutely hates her sister with EVERY Fiber of her very existence.

Laney: Yep and she wants nothing more than to see her die.

Lana: She is a monster.

Me: Amy gives all sisters everywhere a really bad name.

Pam: You know, Callie. If you hadn't reconciled with Nanette, you would've turned out just like Amy.

Callie Allbright: I know. Thank goodness I didn't.

Me: Yeah.

We arrived at the stage and everyone was there.

We got ready and went on stage!

Me: HELLO PEOPLE OF THE ISLANDS OF PALAU! ARE YOU READY TO ROCK!?

Everyone cheered!

Duskmon: Me and the others will act as security.

Nico: Okay.

Eli: This will be awesome.

Me: Hit it girls!

Pinkie Pie: 1 2 3 4!

We started by playing The Night Begins To Shine by B.E.R. and then the sky darkened with a total solar eclipse and it was beautiful seeing the stars in the day.

Me and the Rainbooms: (Singing Divinely)

I saw you dance

From the corner

I caught your name

In a conversation

Playing hard-to-get

But I can understand

When I look at you

I see the story in your eyes

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

When we're dancing

The night begins to shine

Talk 'til dawn

My heart was racing

I took you home

In the driving rain

Had my mind made up

I wanna feel your touch

When I look at you

I see the story in your eyes

When we're dancing

The night begins to shine

The night begins to shine

The night begins to shine

The night begins to shine

When we're dancing

The night begins to shine

The night begins to shine

(Night begins to shine)

The night begins to shine

Had my mind made up

I wanna feel your touch

When I look at you

I see the story in your eyes

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

The night begins to shine

The night begins to shine

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine (the night begins to shine)

Night begins to shine

The night begins to shine (the night begins to shine)

Callie Allbright and everyone was in awe and it was awesome!

When the song was done everyone cheered wildly!

Me: THANK YOU! Thank you! Now for this next song get ready for an amazing fantasy adventure as we go into the world of The Neverending Story by Limahl.

Nico: Awesome.

We got the song underway and the area turned into an awesome fantasy world.

Me and the Rainbooms: (Singing Divinely)

Turn around

Look at what you see

In her face

The mirror of your dreams

Make believe I'm everywhere

Given in the light

Written on the pages

Is the answer to a neverending story

Ah

Reach the stars

Fly a fantasy

Dream a dream

And what you see will be

Rhymes that keep their secrets

Will unfold behind the clouds

And there upon a rainbow

Is the answer to a neverending story

Ah

Story

Ah

Show no fear

For she may fade away

In your hand

The birth of a new day

Rhymes that keep their secrets

Will unfold behind the clouds

And there upon a rainbow

Is the answer to a neverending story

Ah

Neverending story

Ah

Neverending story

Ah

Neverending story

Ah

Neverending story

Bludgeon: We're still doing our entrance on Amy.

Nico: I know.

Me: THANK YOU EVERYONE! Now for this next song we can have one of the team come up. Who wants to come up next?

Carol: I will!

Carol came up.

Carol: I'm going to sing Bláþráður' by Sigur Rós. It's an Icelandic song.

Me: Good choice Carol. Go for it.

Nico: This will be fun.

The song got underway and the area turned into Iceland and it was amazing.

Carol: (Singing Divinely in Icelandic)

Eli: I do!

Nico: Maybe maybe not.

Me: Way to go Eli! That was great!

Eli: Thanks bro.

Me: Nico you want to do one?

Nico: Oh you bet!

Nico came up.

Nico: I will be singing Fight as One by Downstait.

Me: Ooh good choice! Avengers Assemble!

Nico got ready and the song played. New York City under siege by Loki and the villains appeared and the Avengers were fighting them.

Nico: (Singing divinely)

Our World's about to break

Tormented and Attacked

Lost from when we wake

With no way to go back

I'm Standing on my own

But now I'm not alone

(Avengers Assemble)

It was a brutal battle but it was awesome!

When the song was done we cheered wildly for him!

Abomination: Nice job, Nico!

In the distance, the Wonder Man from the Yost World saw this with a smile before frowning in shame and flying away.

Nico: THANK YOU ALL!

Me: WAY TO GO NICO! That was awesome!

Nico: It sure was! Thanks guys.

Me: No problem. Hunter do you have a song?

Hunter: (German Accent) Ja!

He came up.

Hunter: I'm going to sing The Attack of The Dead Men by Sabaton.

Me: Ooh great choice.

We got the song underway and it showed the Battle of Osowiec Fortress from 1915 in World War I.

Hunter: (Singing Divinely)

Turmoil at the front

Wilhelms forces on the hunt

There's a thunder in the east

It's an attack of the deceased

They've been facing poison gas

7, 000 charge en masse

Turn the tide of the attack

And force the enemy to turn back

And that's when the dead men are marching again

Osowiec then and again

Attack of the dead, hundred men

Facing the lead once again

Hundred men

Charge again

Die again

Osowiec then and again

Attack of the dead, hundred men

Facing the lead once again

Hundred men

Charge again

Die again

Two combatants spar

Hindenburg against the Tsar

Move in 12 battalions large

Into a Russian counter-charge

They'll be fighting for their lives

As their enemy revives

Russians won't surrender, no

Striking fear into their foe

And that's when the dead men are marching again
Osowiec then and again
Attack of the dead, hundred men
Facing the lead once again
Hundred men
Charge again
Die again
Osowiec then and again
Attack of the dead, hundred men
Facing the lead once again
Hundred men
Charge again
Die again
And that's when the dead men are marching again
Osowiec then and again
Attack of the dead, hundred men
Facing the lead once again
Hundred men
Charge again
Die again
Osowiec then and again
Attack of the dead, hundred men

Facing the lead once again

Hundred men

Charge again

Die again

That's when the dead men are marching again and again

That's when the dead march again

We saw a really big battle from 107 years ago. When it was done we cheered wildly and so did everyone!

Laney: Way to go Hunter!

Yost Reed took out a picture of him, Yost Captain America, Yost Spiderman, and Yost Wolverine that was taken after the battle against Yost Galactus.

Donna Diego: Looking back on old memories?

Yost Reed: Yeah that song brought back a lot of memories. It brought back memories of what happened after we went into battle against the Galactus in our world.

Nico: Sorry Richard. But that must've been really awesome.

Yost Reed: It was.

Roman Goodwin: And Princess Luna and J.D. are meeting the Yost X Men next.

Princess Luna: We sure are.

Nico: And with Dr. Doom dead that's one less villain they have to worry about.

Me: Who else wants to have a go?

Girl Jordan: I do!

Girl Jordan came up.

Girl Jordan: I'm going to sing Little Star by Madonna.

Me: Great choice G.J.

The song got underway and the stars, planets, nebulae and galaxies appeared all over.

Girl Jordan: (Singing Divinely)

Never forget who you are

Little star

Never forget how to dream

Butterfly

God gave a present to me

Made of flesh and bones

My life, my soul

You make my spirit whole

Never forget who you are

Little star

Shining brighter than all the stars in the sky

Never forget how to dream

Butterfly

Never forget where you come from

From love

You are a treasure to me

You are my star
You breathe new life
Into my broken heart
Never forget who you are
Little star
Never forget how to dream
Butterfly
May the angels protect you
And sadness forget you
Little star
There's no reason to weep
Lay your head down to sleep
Little star
May goodness surround you
My love I have found you
Little star
Shining bright
You breathe new life
Into my broken heart
Never forget who you are
Little star
Shining brighter than all the stars in the sky

Never forget how to dream

Butterfly

Flying higher than all the birds in the sky

Never forget who you are

Little star

Never forget where you come from

From love

Little star

Little star

Little star

From love

Everyone was absolutely in awe and it was amazing.

When the song was done everyone and us all cheered.

Me: Awesome job G.J.!

Lincoln: WAY TO GO Girl Jordan!

Knock Out: (smirks) Careful, Girl Jordan. You might dislocate your shoulder patting yourself on the back!

Freon: Knock Out!

Knock Out: Oh, come on! She said the same thing to Nico a year ago! And I said the same thing to the Starscream of my world back when the war there was still going on.

Armada Starscream: Wow.

Nico: That is coincidental.

Don: You guys all have a lot of great talent though.

Eli: Yeah we do. (Senses something) Uh oh. Amy is close.

Nico: Battlestations everyone. Entrance time.

Me: Lets get ready. You all are in for an awesome show as we take down one of the Total Drama Sore Losers.

Knock Out: Sorry about what I said just now, Girl Jordan.

Roquefort: Though it wasn't completely undeserved.

Girl Jordan: No worries. But it was awesome!

Nico: Yep. Lets do it.

We hid and then out of the trees came AMY! AND BOY WAS SHE PISSED!

Nico: Now!

We went at her and Amy growled ferociously. Then the spirits of the Sith Lords as the Elements of the Dark Side of The Force swirled around her and they blasted her all over with Force Lightning and then they converged and then…

THUNDERCLAP! THUNDERCLAP! THUNDERCLAP!

Rainbow lightning struck all over the place and the cry of a Thunderbird was heard and then out of a thunderbolt came us!

Rainbow Dash: Now that was an awesome entrance!

Scootaloo: Yeah it was!

Me: We haven't done that in a while.

Tania: You're not still mad about us humiliating you, are you?

May: Tania, what do you think her answer's gonna be?!

Amy: (FEROCIOUSLY MAD) Mad? Mad? OH I'm not just mad! I'M

EXPLOSIVELY FURIOUS! AND I WILL KILL ALL OF YOU!

Nico: Bring it on you evil bimbo!

Callie Huntington: And you and I have a score to settle!

Amy: Who are you!?

Callie Huntington: You don't remember me? My name is Callie Huntington and I'm the girl that sent the law after you when I found out about your plans to go on a multi-state crime spree in the USA.

Then she recognized her!

Amy: You!

Callie Huntington: That's right!

Gizmo: How'd you even get time to do all that?!

Amy: I had a lot of spare time.

Nico: Spare time. I can't even-

May: Honey, don't question it right now. Just start kicking her a**.

Nico: With pleasure! Normally I'm not supposed to hit a girl but in this case I'll make an exception!

Nico teleported and bashed her in the face and then she went flying and then she hit a palm tree!

CRASH!

Then…

CLANG! CLANGCLANGCLANGCLANGCLANGCLANG!

7 Coconuts hit her right on her head!

Patrick: DAHAHAHA! That guy got hit in the head with 7 Coconuts!

Nico: Yeah she did!

Kangor: (to Nico) (Jamaican Accent) Heard you fought Evil Plankton again, mon.

Nico: We sure did and Callie here ate him.

Saix: What was he up to this time?

Callie Allbright: He was putting the Chum Bucket in a really cool cave underneath the restaurant.

Me: Yeah it was beautiful too. We saw the pictures of it and it was amazing.

Nicole: That was really cool though.

Nico: Yep.

?: That was awesome.

Then a figure came out and it was STARCOG from episode 9 of Lost Galaxy!

---

Starcog is a starfish monster used by Treacheron to excavate the cave with the rock that supposedly contained the Lights of Orion. Only his shadow was seen. Once Leo Corbett chased Starcog outside, he was nowhere to be found.

---

Mike Corbett: Starcog!

Starcog: Been a while rangers!

Me: I remember you! You were sent to excavate the cave with the rock that was supposedly containing the Lights of Orion.

Starcog: That's right J.D. and I heard you fought one of the World monsters of Zenkaiger.

Me: I sure did and that was so awesome. One of the most amazing Ambassador Missions ever.

Starcog: Glad you had fun on that.

Nico: He sure did.

Starcog: So, you've already picked out my archenemy?

Me: And it's a girl.

Starcog: Cool! Oh and you might know this face.

Out came BANGRAY!

Me: Bangray! So they decided to give you a shot huh?

Bangray: Yep. But my archenemy is not gonna be ready until after April 7th.

Me: So you chose one of the kids from My Hero Academia as your Archenemy. Awesome.

Bangray: Yep.

Me: Cool.

We got the usual battles underway.

Spot: (to Ed) I was expecting Nico to suck out all of Evil Plankton's brain in his rescue. But Callie eating him works too.

Ed Grant: He had it coming. What Evil Plankton did was gonna do was crazy.

Hulk: Hulk agree. What puny Plankton did make him monster.

Applejack: Yeah he had it coming for his crimes.

Apple Bloom: Especially for making J.D. throw up many times because of C-H-U-M.

Flashwing: Yeah no kidding.

Gilda: J.D. sure has a bad stomach when it comes to that stuff.

Stygian: (British Medieval Accent) I most agree with thou.

Spot: But it's good that Evil Plankton got eaten. Lets do it!

Rainbow Dash: That's right and it was awesome! She goes after the most dangerous criminals in the world and they have bounties worth millions and billions.

Man Boy: Wow! She must've made a lot of money doing a lot of bounty hunting.

Rainbow Dash: She sure did and she is rich.

Scootaloo: But she also stopped Lola from ruining Halloween for Lincoln. Lincoln and Charlene were doing some planning for Halloween, and Lincoln's sister, Lucy, was also helping out with this one as well. They were making cut out bats to hang outside, but then, Lola came in and forced him to be a butler for her tea party, but Lincoln said "no", and he was busy. But, Lola went into a berserk rage and tried to attack Lincoln in a fit of rage, but she grabbed the little monster by her dress, and Charlene told Mr. Lynn and Ms. Rita of what she tried to do to Lincoln, and she got grounded big time, which meant no Halloween candy or trick or treating for her, she had to spend Halloween in her room all alone.

Man Boy: Ouch and I can guess she tried to attack Charlene as revenge, right?

Scootaloo: She tried to, but Charlene gave her the most bone-chilling glare she could muster, and when she looked in her eyes, she saw within in her eyes creatures of pure darkness, far worse than any nightmare anyone can imagine, and it terrified her so badly, she ran to her room, and stayed there all night as punishment.

Man Boy: WHOA! That is a deadly glare! If looks could kill Lola would be dead right there.

King Kong agreed.

Eli: Yeah that was crazy. Poor girl went through so much.

Godzilla: Yeah But at least Nanette and Callie reconciled.

Jason Jenkins: Yeah no kidding.

Tan: Thank goodness they are back together.

Lua: Unlike Amy however. Amy is a monster that hates her sister.

Dr. Lorna Jenkins: What do you think caused Amy to hate Sammy so much?

Saix: Boy that's good question. I would have to guess that she was born pure evil.

Starlight Glimmer: Yeah no kidding. That could be the case.

Cozy Glow: And biologically they were born twins. Sammy is good and Amy is evil.

Hex: That is true.

Sinestro: No kidding lads but what Amy did to Sammy over the years was horrible.

Pinkie Pie: Yeah that was really crazy!

Featherweight: No kidding and we didn't know that Moe had a criminal record.

Trapster: Probably for a minor offense but I wonder what he was out on parole for?

Sprocket: Boy that's a good question. And he was sent back to prison for spitting in the soup and that constitutes as violating your parole? Sounds pretty stupid if you ask me.

Trapster: Yeah that does sound pretty stupid. But Springfield, Oregon was a town full of mean idiots.

Invader Lum: Yeah no kidding.

Trapster: What those people have done in that town shows that they are brainless morons. Lets do it!

Himiko Toga: That was terrible back then.

Pink Ranger Slayer: How did Jaguar Paw escape the people of Tikal back then?

Jaguar Paw: (In Ancient Mayan) Ma' bin ch'a'abil. Anchaj in meentik jump'éel xook sajbe'en yéetel sajbe'en ti' le K'a' wíiniko'obo' sajken u muertes debido a jump'éel ch'úupalo' Oráculo ka tu ya'alaj ti' le wíiniko'obo' bix ts'abil kíimil yéetel leti' táan infectada yéetel le kili'ich Náats'. I had to go on a perilous and dangerous run through the jungles. The people were scared of their deaths because of an Oracle Girl that told the people how they were gonna die and she was infected with the plague. The sacred time is near. Beware the blackness of day. Beware the man who brings the jaguar. Behold him reborn from mud and earth. For the one he takes you to will cancel the sky, and scratch out the earth. Scratch you out. And end your world. He's with us now. Day will be like night. And the man jaguar will lead you to your end.)

Pink Ranger Slayer: I don't understand.

Fiona Hernandez: He said It wasn't easy. Jaguar Paw had to go on a perilous and dangerous run through the jungles. The people were scared of their deaths because of an Oracle Girl that told the people how they were gonna die and she was infected with the plague. The sacred time is near. Beware the blackness of day. Beware the man who brings the jaguar. Behold him reborn from mud and earth. For the one he takes you to will cancel the sky, and scratch out the earth. Scratch you out. And end your world. He's with us now. Day will be like night. And the man jaguar will lead you to your end.

Pink Ranger Slayer: What does that mean?

Fiona Hernandez: There was a solar eclipse on the day he was about to be sacrificed and he ran with the Black Panther, the mighty animal of the God of War, Ek'Chuah and he will rise from the mud and bring them down. Then the Spanish Conquest will finish the Mayan Civilization once and for all.

Pink Ranger Slayer: Wow! That was amazing. But how did you understand what he was saying?

Fiona Hernandez: Me and my sisters are one of the last descendants of the Tikal Mayans and we have ties in blood to

---

Marcel was next.

Marcel: Wasn't there an Aztec Tribe in South America that was destroyed by a plague centuries ago?

Nicole Hernandez: Yes there was. That was the Malenque Tribe and they invented a plague to use to wipe out their enemies. But that backfired on them and wiped them all out. There are currently 2 people that are descended from the Malenque and they are both now in prison forever. One of them is a biochemist named Dr. Rabel Salazar and he and his brother Colonel Raoul Salazar are the last of the Malenque. They are easily recognizable as one of the Malenque because of the Quetzalcoatl tattoo they have. It's the symbol of the Malenque. Also me and my sisters are descended from the Malenque too.

Nicole Hernandez showed a Quetzalcoatl tattoo on her arm.

Nicole Hernandez: Not only are we descended from the Mayans of Mexico and Guatemala but also we are descended from the Malenque. We got it from our father's side of the family. He was a police officer. But unfortunately we never knew our dad because he was killed while trying to stop drug cartels in Colombia. We also heard about Jessie Knudson and the Quest Team along with everyone on the team stopping Dr. Rabel Salazar and throwing them in jail on their worldwide adventure and that was a huge victory back then. The plague they made was now ruled as a Biological Weapon of Mass Destruction and forever outlawed. That means now that the Hernandez Sisters all have a chance to redeem our ancestors and get them out of darkness and into the light.

Marcel: Wow! That is a big history.

Lincoln and his harem: PALAU FINAL SMASH: PALAU TSUNAMI!

They fired a massive tsunami And it all smashed into Amy and smashed her into pulp.

Lincoln: Now for you to face the pain and suffering of your worst nightmares!

Lincoln transformed into SHADOW LINCOLN, his second elemental hero form that he unlocked. Then, shadows and creatures of darkness danced around Lincoln, as his massive black angel wings spread out.

Lincoln: (Singing Divinely) I see a cold wind blowing through, I see days neither fun nor free, I see a future caused by you, I see a path not meant to be. Your future should filled with magic, dreams, and wishes brought to life. But, the days ahead are dark and tragic, no time for hope when all is strife, whatever might have been, all the dreams that you did share, because of you, Amy. Now, the future is a cold nightmare.

Lincoln fired two massive dark energy blasts from his massive black angel wings, and they hit Amy, and we also knew that the dark energy blasts also had a curse inside them. She was sent to the Saturn Insane Asylum for eternity.

Femme Fetale: That's another Sore Loser down.

Trapster: I just hope next time, we fight another villain.

Evil Green Ranger: I agree. The Sore Losers appearing is getting kinda… predictable.

Me: Yeah they are getting predictable aren't they.

Gentleman Ghost: (To Ish and Rainbow Dash) Now, I think it's time you two sang a song to close out this challenge.

Ish: You sure.

Robo Roxy: Yep. You two earned it.

Rainbow Dash: Thanks. Lets do it!

Rainbow Dash and Ish got onto the stage and then they were singing End of All Hope by Nightwish!

Rainbow Dash and Ish: (Singing Divinely)

It is the end of all hope

To lose the child, the faith
To end all the innocence
To be someone like me
This is the birth of all hope
To have what I once had
This life unforgiven
It will end with birth
No will to wake for this morn
To see another black rose born
Deathbed is slowly covered with snow
Angels, they fell first but I'm still here
Alone as they are drawing near
In heaven my masterpiece will finally be sung
It is the end of all hope
To lose the child, the faith
To end all the innocence
To be someone like me
Wounded is the deer that leaps highest
And my wound it cuts so deep
Turn off the light and let me pull the plug
It is the end of all hope
To lose the child, the faith

To end all the innocence
To be someone like me
This is the birth of all hope
To have what I once had
This life unforgiven
It will end with birth
Mandylion without a face
Deathwish without a prayer
End of hope
End of love
End of time, the rest is silence
Mandylion without a face
Deathwish without a prayer
End of hope
End of love
End of time, the rest is silence
It is the end of all hope
To lose the child, the faith
To end all the innocence
To be someone like me
This is the birth of all hope
To have what I once had

It is the end of all hope

To lose the child, the faith

To end all the innocence

To be someone like me

It is the end of all hope

To lose the child, the faith

End of all hope

We saw the area become a warzone of epic power and more and then when the song faded we cheered wildly!

Amy was sentenced to Eternal Life in Prison without The Possibility or Hope of Parole in the Saturn Insane Asylum's Arkham Asylum wing, and she was put in a cell in Solitary Confinement, and chained to the wall of her cell with rainbow energy chains, and through the song Lincoln sang, Lincoln cursed her with Eternal Life Without Eternal Youth and Plagued Forever By The Demons of The Past and Eternal Nightmares, and she screamed in horror as she saw all the ghosts of the people she hurt and tortured moaning in pain and agony, and screaming for her blood to be spilled.

Lincoln: (Smirks) Sweet dreams, Amy

Spyro: I knew there's no mistaking that voice from anywhere. You can come out now, Gnasty Gnorc.

A massive Gnorc wearing gold armor and carrying a massive war club in his hands came out, and it was none other than Gnasty Gnorc, Spyro's old enemy from long ago.

Me: So, that's Gnasty Gnorc. He sure looks uglier than when we first thought.

Nico: You got that right, J.D.

Gnasty Gnorc: And now, I will have my revenge on you for constantly defeating me, Spyro!

Girl Jordan fired a powerful blue energy blast with water at Gnasty Gnorc, and it hit and drenched him in water.

Girl Jordan: You're not getting any chance to fight Spyro again, you butt-ugly Gnorc, your fight's with me.

Suddenly, Girl Jordan's eyes turned neon ocean blue and she's surrounded by an ocean blue energy aura with sea dragons, ocean waves, sea animals, and snow, she unholstered her massive Sword of The Neptune Crusaders from her back, and as she approached Gnasty Gnorc, she left ocean blue energy, sea dragons, ocean waves, and sea animals with every step.

Girl Jordan: You just don't even know when to quit, do you, Gnasty Gnorc? No matter how many times Spyro's kicked your ugly butt, you refuse to accept defeat. You're nothing but a sore loser just like the many sore losers we've had to deal with, and now, I'm going to put you in your place and teach you a lesson in humility.

Suddenly, Girl Jordan was surrounded by a massive vortex of ocean blue energy with ocean waves, sea animals, sea dragons, and snow and ice surrounding it, there's a sea dragon swimming around the vortex, and in the vortex is a yellow vortex. Then, as the vortex faded, Girl Jordan emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Girl Jordan grew from 6'0" to 6'5" in height, she had the body of a goddess, she has neon blue eyes and a neon blue energy aura with ocean waves, sea dragons, sea animals, snow, and ice surrounding her, she had a sea dragon with the Water Kanji on its tail emblazoned on her forehead, she has ocean blue highlights in the bangs of her long light brown hair, and she has massive light brown angel wings with ocean blue tips on the feathers and water dripping from them, she has on sea dragon earrings with ocean blue gems for eyes and the Water Kanji in its claws and her merged Thunderbird Necklace of Eternal Love with ocean blue crystal links and a Thunderbird and a sea dragon with ocean blue gems for eyes and the Water Kanji in its claws for the pendant, she has on a yellow sleeveless blouse, sleeveless yellow midriff top with ocean blue phoenix on it, yellow skirt with ocean waves, ocean blue leather combat boots, and long sleeveless ocean blue trenchcoat with sea dragons, sea animalss, and ocean waves on the coattails, and a sea dragon surrounded by ocean waves on the back.

Suddenly, Girl Jordan's massive Sword of The Neptune Crusaders was surrounded by a kaleidoscope of ocean blue energy, sea dragons, and ocean waves, and when it emerged, it was transformed into Ler's Sea Dragon Sword of Ocean Justice, it's a new large sword with a 6'9" massive, wide, double-edged ocean blue blade with the image of the Celtic God of the Sea, Ler, etched on it, and he was surrounded by a Celtic Knot circle, large ocean blue sea dragon heads for the crossguard, large yellow gem embedded in the rainguard, longer blue handle decorated with ocean blue dragon scales, and four dragon heads with ocean blue gems in its mouths for the pommel. Girl Jordan has transformed has transformed into SUPER ANGEL INFINITY ATHLETIC MAELSTROM ARCTIC SEA DRAGON ANGEL OF MAELSTROM JUSTICE AND OCEANIC CELTIC

LOVE!

We were amazed by Girl Jordan's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Gnasty Gnorc saw it, he fell into a rage and tried to attack her, but Girl Jordan fired a powerful ocean blue energy blast with ocean waves, sea dragons, sea animals, snow, and ice surrounding it, and it hits Gnasty Gnorc, and he was sent flying into a wall.

Me: Wow, Girl Jordan's transformed.

Nico: This is going to be one awesome battle, and Gnasty Gnorc's done for if he tries to attack her and Lincoln.

Lincoln: Wow, Girl Jordan, you look beautiful, how do you feel?

Girl Jordan: (Divine Echoing Cosmic Voice of The Celtic Sea Dragon and Oceanic Celtic Love) **I feel incredible, Linky. Now, shall we put a stop to Gnasty Gnorc, my Dodgeball Angel King of Gotham Royal York?**

Lincoln: (Smirks) With pleasure, my Dodgeball Angel Queen of Gotham Royal York.

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Girl Jordan.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get that butt-ugly Gnorc.**

Lincoln and Girl Jordan went after Gnasty Gnorc, and they fired powerful blasts of rainbow energy, ocean blue energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, Sea Animals, Mermaids, and Sea Dragons, and they exploded with incredible power as they hit him. Then, they fired dodgeballs made of water, snow, and ice at Gnasty Gnorc, and they hit him with incredible superhuman strength, and knocked out his ugly teeth.

Nico: Oof, there's nothing worse than getting hit in the face with a dodgeball, especially dodgeballs made of water, snow, and ice.

Me: That's our Dodgeball Angel King and Queen of Gotham Royal York!

Then, Lincoln and Girl Jordan held hands, and suddenly, we saw them surrounded by a tornado of rainbow and ocean blue energy with elemental forces surrounding the vortex, and we saw them rise and levitate in the air. Then, they spread their massive angel wings, and they unleashed a powerful energy shockwave, and Gnasty Gnorc was hit by the energy shockwave, and he was knocked down. We were amazed by the attack Lincoln and Girl Jordan used on Gnasty Gnorc.

Nico: Whoa, what kind of attack was that?

Spyro: That's an Elemental Fury attack, Nico, and when Girl Jordan and Lincoln held hands, they did a joint Elemental Fury attack, which knocked down Gnasty Gnorc, that's incredible.

Ignitus: This is indeed amazing, and we taught all of you on how to use the Elemental Fury attacks, and we were indeed impressed.

Me: Thanks, Master Ignitus.

Then, we saw Girl Jordan and Lincoln land, and they fired a powerful energy beam, which trapped Gnasty Gnorc in a crystal statue and locked him inside it for all eternity. We cheered wildly for what Girl Jordan and Lincoln did as they holster their massive swords on their backs and power down, and Girl Jordan's new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Girl Jordan: Alright, that's another enemy of Spyro's put down for good. (To Lincoln) Thanks for helping me in taking Gnasty Gnorc down, Linky.

Lincoln: (Smiles Warmly) You're welcome, Girl Jordan.

Suddenly, Girl Jordan wrapped her arms around Lincoln's waist, and her chest was pressed against Lincoln's massive and wide muscular pecs, which brought an atomic red blush to Lincoln's face, and Lincoln wrapped his abnormally massive and powerful muscular arms around Girl Jordan's waist and he brought her into an embrace, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans down to Girl Jordan's face, they kissed passionately as Girl Jordan wraps her left arm around Lincoln's wider and muscular back, and she'd placed her left hand on Lincoln's massive and wide right pec, and right behind them was a Thunderbird, Phoenix, and Angel flying in the air, along with a Sea Dragon behind them surrounded by ocean waves, and we also saw a herd of Buffalo running across the field, and the display of the elemental forces behind them, and we cheered for them.

Nico: Alright, we got rid of another enemy of Spyro's, and Girl Jordan's transformed.

Me: You said it, Nico.

Crash Bandicoot: So, what do we do with Gnasty Gnorc's crystal statue?

Me: Let's put it in the garden, but not as a masterpiece.

Nico: You got it, besides, we don't want our garden back at the World Tree Estate to be ruined because of Gnasty Gnorc's ugly crystal statue, yuck.

We teleported Gnasty Gnorc's crystal statue back to the World Tree Estate, and it's now another part of our garden.

We not only completed another challenge in Palau, we also defeated Sammy's evil sister, Amy, and Lincoln had her cursed with the same curse he gave Gabriel Tinsley, Josee, Jacques, and Jacques Schnee, and after that, Girl Jordan transformed and she and Lincoln defeated Gnasty Gnorc, who's another of Spyro's enemies from long ago, and they turned him into a crystal statue and locked him inside it for eternity.

Ish: (To the viewers) Challenge 2 down and this was awesome! I hope you liked this one like we did.

Nico: We all did. This was awesome.

Don: Oh you bet it was. Mauritius is next guys and you will love what we have planned there.

Nico: Wow! This will be awesome and cool.

We went to the Flying Fortress and we were off. We then went to sleep.

TO BE CONTINUED…

Part 2 done

The Islands of Palau are beautiful. Nico's next rescue is gonna be be in Peach Creek and Nico, Eli, me and Optimus Prime are gonna go through the funny episode of Ed Edd N Eddy called Sorry Wrong Ed and we're going to see what happened when Eddy was cursed by the Telephone of Despair and we're going to see him beaten up and thrashed into oblivion because of it. We're also going to also meet a Cybertronian Gene-Slammer named Charlotte Suffolk XVIII. Charlotte Suffolk XVIII is a Rolls Royce Cybertronian Gene-Slammer and no she does not turn into something like turns into a Rolls Royce Phantom and that is an awesome car. As you guessed she is from England and is one of Nico's friends in history and science class. Lincoln's next rescue is gonna be on the stinky planet of Malodoron VI and we're going to not only going to throw up from the stench of the reeking beasts but we're also going to take down the Evil Princess from Earthworm Jim and have her join the M.O.E. and we're going to meet Mavis Schroder the Cloudian Storm Dragon Gene-Slammer and she has a really nasty and horrible revelation about Heather. For part 3 of the Ridonculous Race we're going to Mauritius and we're going to go on an awesome treasure hunt for an incredibly powerful jeweled ring that contains incredible power and we're going to face Gollum who is back for revenge.

See you all tomorrow.

# RIDONCULOUS RACE PART 3 - Mauritius

Driving down the streets of Atlanta was me, Eli and Nico and we were inside the drivers seat of Optimus Prime in his awesome Cybertron Firetruck Mode.

Eli: Wow this is awesome.

Me: Yeah it sure is.

Nico: Thanks for coming with me, Optimus.

Optimus Prime: No problem Nico. It'll be awesome to see if there really is a Cybertronian Gene-Slammer.

Nico: Yeah it sure will be cool.

Me: That is really crazy how the Team Rocket scientists were able to do that.

Eli: Yeah no kidding.

Nico: Optimus, what are your thoughts on your Live Action, Animated, and Aligned counterparts?

Optimus Prime: They are all really amazing and it's really fascinating to see many versions of me all out there.

Me: They sure are cool. It's amazing that there are so many of them out there. But what really has me worried is how we'll deal with the rest of the remnants of Cemetery Wind as well as getting everyone in the Live Action Universe to trust Cybertronians again.

Nico: We still have a little over a month to think about that.

Eli: Yeah bro we'll think of something there.

Nico: I don't blame the Live Action Autobots for being wary of the humans there betraying them again. It's like how the public turned against us during the 20 Days of Darkness. But the difference is that the public only turned on us for a few weeks. The betrayal in the Live Action Earth is still lasting.

Me: That is true but all that is very coincidental that all that happened to us during that time.

Eli: No kidding. That was awful. (Sees something on the scanner) Wait look there.

We saw on the scanner a signature that was half human and half Cybertronian.

Nico: That's the gene-slammer signature. Half Human and half Cybertronian.

Me: Wow I wonder who it is.

Nico: We'll find out.

Eli: Yeah.

Nico: I've got a feeling that the Fallen who Optimus killed also might appear on the big day as the main big bad.

Me: And we will be ready for it.

We arrived in Peach Creek.

Nico: Wow it's in Peach Creek.

Eli: I sense something going on in Eddy's house. Something evil.

Me: I feel it and it's not the Kankers.

We got out of Optimus and he transformed.

[Eddy puts a record on and swats a candle off his bedside table. He places the telephone in the newly vacated spot and looks at it admiringly.]

Eddy: "Cuts a figure in society, don't it!"

Ed: "Is that a new phone?"

Edd: "Please stay with us, Ed."

[The phone rings.]

Eddy: "Somebody's calling me!"

Edd: "Strange. There doesn't seem to be any connection, yet-"

Eddy: "So? It's called a cordless, grampa." [answering] "Hello?"

[The record on the turntable wobbles and shoots off, hitting Eddy on the side of his head.]

WHAM! SHATTER!

Edd: "Edward!"

Ed: "Yes, Mommy?"

Eddy: "What's with you?"

Ed: "It wasn't me, Eddy!" [He hangs the phone up.] "Honest and for truly!" [The phone rings.] "Got it!"

Eddy: "Get away from my phone, stupid! It's probably Nazz."

Edd: "And I'm Theodore Geisel."

Eddy: [picking up the phone] "What's cookin, good lookin?"

BOING!

[A spring from his bed suddenly shoots up, sending Eddy flying towards the ceiling.]

SMACK!

CRASH!

[Eddy falls back down onto the spring, wrapping himself in it.]

Ed: "I know where you're going with this, Eddy!" [He climbs into bed.] "Nighty-night."

Edd: "Looks like you could use a new mattress, Eddy. Shall we ask Rolf if he's buried one somewhere?"

Eddy: [distracted] "Yeah, sure. Rolf?"

[The phone rings again.]

Edd: "Could be all those swooning adolescent girlfriends that reside in your own mind."

Eddy: "Yello?"

[A bicycle ice-cream-cart bursts through his door and rebounds off the wall and ceiling, landing on Eddy.]

CRASH!

[Ed takes the phone.]

Ed: "Eddy's in pain now. He'll have to call you back." [He hangs up the phone.]

Optimus: (hears Eddy scream in pain) Eddy?

Nico: It came from his house.

We went into his house and saw Eddy flattened into a pancake.

Me: Eddy are you okay?

Eddy: Ouch!

Nico: Man what happened?

Optimus: Eddy, for your own safety, I'm destroying this phone immediately!

Nico: I agree with Optimus Eddy. But first.

Nico pulled out a shaker of salt and dumped it on the phone.

?: Let me blast that phone.

We saw a Rolls Royce Phantom coming and then it transformed and it was a CYBERTRONIAN!

Nico: WHOA!

Rolls Royce Cybertronian: (In a girls voice) (British Accent) Wow you look great Nico.

Nico: Charlotte? Charlotte Suffolk XVIII? Wow you look awesome as a Cybertronian.

Rolls Royce Cybertronian: Thank you Nico and it's great to see you again.

Nico: You too.

Me: Wow you look awesome as a Rolls Royce Phantom. That's one of my favorite cars.

Rolls Royce Cybertronian: Glad you think so. Lets destroy this phone.

She smashed the Phone into dust with her powerful strength.

Optimus: Now, Eddy. What have you learned today?

Eddy: Never take a phone that is cursed.

Me: And?

Eddy: Always take cursed phones seriously?

Nico: Yep.

The Rolls-Royce Cybertronian reverted back and then she reverted back to human and she was a girl with orange hair and orange clothes.

Charlotte Suffolk XVIII: That's better. But that was a great smashing adventure.

Nico: How does it feel to be a vehicle?

Charlotte Suffolk XVIII: Oh jolly good. It was most amazing and so fun.

Me: You sure have fun as a Rolls Royce.

Optimus Prime: That is amazing.

Nico: Yep.

Optimus Prime: What's your favorite memory of Nico?

Charlotte Suffolk XVIII: I have a lot of them but my favorite is where we were in science class and we were dissecting fetal pigs and then Nico got sick from that and then he threw up onto a bullies face and he was really infuriated. The force from the second vomit wave blew him into a dumpster.

Nico: The Vomit Tsunami Dumpster Blast.

Eli: That was funny!

Nico: Yeah.

Nico and Charlotte hugged.

Nico: I really missed you.

Charlotte Suffolk XVIII: Me too Nico. Me too.

Me: Awesome.

Eli: So awesome.

Optimus Prime: Yes.

Nico: Lets go back to the fortress.

We went back to the Flying Fortress.

Nico: You said it, J.D., this planet really stinks, P.U!

Eli: But, as long as we're in this fresh air dome, we're safe.

Lincoln: That's right, Eli, and thanks for joining us on this rescue, Ax.

Lily Loud: Not to mention, stinky.

Nico: IT SMELLS HORRIBLE!

Spyro: Wow, that's some powerful storm raging outside

Lincoln: I remembered that there's a Gene-Slammer for the Cloudian Storm Dragon located here, and this storm's a clear sign that the Cloudian Storm Dragon Gene-Slammer's here, alright, Spyro.

?: HELP!

Suddenly, Lincoln heard the sound of eleven girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the eleven girls, but they've been cornered by the Evil Princess and she's going to kill them.

Lincoln: Guys, I found the eleven girls, but they've been cornered by the Evil Princess and she's going to kill them.

?: That evil monster, let's take her down!

Suddenly, we saw the Cloudian Storm Dragon appear before us.

Lincoln: That voice, I knew it was you, Mavis Schroder, but we'll have to talk later, we've got a bad princess to take down.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits the Evil Princess, and it allowed the eleven girls to run and head inside the mobile air dome for fresh air. When the Evil Princess saw us, she was enraged.

Evil Princess: How dare you get in my way, Team Loud Phoenix Storm! I will make you all pay for this.

Lincoln: That's not going to happen, Evil Princess. You're about to be knocked off your throne.

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Ax (Animorphs), Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, and Me, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went at the Evil Princess, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, green flames, and water, and they exploded with incredible power as they hit her, and knocked her down. We then holster our weapons on our backs and power down, and brought the Evil Princess inside.

Lincoln: Now, we're not going to kill you, how would you like to join the Masters of Evil?

The Evil Princess then agreed, and she was sent to the Masters of Evil's lair, and we then returned to the TLPS Floating Fortress, and Lincoln made the mobile air dome disappear, and we breathe in some fresh air.

Nico: Ah, now that's much better.

Me: You said it, Nico.

Lincoln: Now, we know if we go to any stinky planets, I'll put up a fresh air dome for us. (To Mavis Schroder) And it's so good to see you again, Mavis Schroder.

Mavis Schroder: You too, Lincoln, it's been a long time.

Lincoln went up to Mavis Schroder and they hugged, and Mavis Schroder was also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become.

Lincoln: It sure has been a long time, I haven't seen you when you were twelve, and as you can see, I really grew a lot since then.

Mavis Schroder: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Mavis Schroder, she's from Michigan, and she knows everything about the formations of thunderstorms. This one time in Science class, we had to make a diagram about the formation of a cumulonimbus storm cloud, and we got an A on the project.

Me: Awesome.

Mavis Schroder: And I've got a really nasty and horrible revelation about the Total Drama sore loser, Heather.

We gasped.

Me: As if that bitch wasn't that much of a miserable, black-hearted monster, this I'm definitely going to enjoy hearing.

Lincoln: Same here, but first, let's get you back to normal, Mavis. Boys, you know the drill, and Nicole, you know what to do?

Me, Nico, Eli, and the rest of the boys cover our eyes as Lincoln snapped his fingers, and Mavis Schroder was reverting back to normal. Mavis Schroder is a beautiful 17-year-old girl with long flowing dark blue hair, purple eyes, fair skin, she's 6'5" in height, she has the body of a goddess, and she has massive dark blue angel wings with purple tips on the large dark blue feathers, as she reigned in the power of the Cloudian Storm Dragon.

Lincoln: How do you feel, Mavis?

Mavis Schroder: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Mavis Schroder her new wardrobe, a blue short-sleeved blouse, sleeveless royal blue top and a purple phoenix on it, blue skirt, blue pants, and blue pumps with butterflies on them, long sleeveless blue trenchcoat with storm clouds and lightning bolts on the coattails with the Cloudian Storm Dragon on the back, and holstered on her back is a large Cloudian Storm Dragon-themed sword with Cloudian Storm Dragon etched on the 6'5" massive, wide, double-edged, man-sized dark blue blade, the Cloudian Storm Dragon's wings for the crossguard, large purple gem embedded in the rainguard, longer black handle, and large dark blue gem surrounded by blue angel wings for the pommel.

Mavis Schroder: Wow, I love the outfit you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Mavis Schroder's neck with dark blue gems on the gold lightning bolts and blue crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Mavis Schroder: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Mavis.

Mavis Schroder had a smile on her face and tears coming from her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed Mavis Schroder on the lips, and she returned it, and we cheered for them. Then, we went up to the eleven girls, and when Lincoln saw them, they immediately recognized them. The eleven girls are Azuki Azusa, Tsutsukakushi Tsukiko, Tsutsukakushi Tsukushi, Emanuela

Pollarola, Maimaki Mai, Morii, and Moriya from The "Hentai" Prince and the Stony Cat, Hibajiri Hidomi, Aiko, Julia Jinyu, and Koumoto Kana from FLCL.

Lincoln: Oh wow, it's Azuki Azusa, Tsutsukakushi Tsukiko, Tsutsukakushi Tsukushi, Emanuela Pollarola, Maimaki Mai, Morii, Moriya, Hibajiri Hidomi, Aiko, Julia Jinyu, and Koumoto Kana.

Nicole Knudson: From The "Hentai" Prince and the Stony Cat and FLCL, awesome.

Lincoln: Are you girls okay?

Azuki Azusa: Yes, we're okay, thanks to you for getting us off from that stinky planet and saving us from that evil princess.

Then, when Azuki Azusa and the other ten girls saw who it was that saved them the Evil Princess and got them off Malodoron VI, their faces turned atomic red upon seeing the 17-year-old 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large gold buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Azuki Azusa: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Azuki Azusa: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eleven Thunderbird Necklaces of Eternal Love appeared on the necks of Azuki Azusa, Tsutsukakushi Tsukiko, Tsutsukakushi Tsukushi, Emanuela Pollarola, Maimaki Mai, Morii, Moriya, Hibajiri Hidomi, Aiko, Julia Jinyu, and Koumoto Kana with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We told everyone what happened at Malodoron VI, and they were shocked when they found out the villain we went after was Earthworm Jim's old enemy, the Evil Princess.

But, when Lincoln showed everyone what we did in taking her down and getting her to join the Masters of Evil and rescued the girls from her and getting off that stinky planet, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Mavis Schroder now have a lot of catching up to do, now that she's back, and the Evil Princess is now a member of The Masters of Evil.

---

After that stinky rescue on Malodoron VI, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Mavis Schroder saw Lincoln working out like crazy, she had an atomic red blush on her face.

Mavis Schroder: Whoa, I was right that Lincoln has really grown to be a 17-year-old 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Mavis, and now, I can also defend myself.

Mavis Schroder: That's incredible.

Nico: It sure is, Mavis. So, what's this really nasty and horrible revelation you have about that sore loser Queen Bee bitch from Total Drama, Heather?

The other members of the Total Drama Crew were also wanting to hear about this.

Mavis Schroder: You aren't going to like this, Nico, and the same goes with the Total Drama Crew. I was asked by the police in Canada to do some investigating on Heather, and knowing her reputation as a conniving, manipulative, two-faced Queen Bee bitch, I couldn't refuse the opportunity to put her in her place. I went to Canada, and began my investigation, and what I found out was too shocking for words: I found out that Heather was planning to burn down her home and in the process, kill her parents and her siblings, so she can get her hands on the insurance money, which was a whopping $500,000. Knowing that she was a black-hearted monster to her parents and siblings, I wasn't going to let her do it, so I sent the information to the Canadian authorities, and they came in and arrested Heather. She tried to manipulate the jury and the justice system, but because of the evidence that I gathered, Heather was convicted of attempted arson, attempted murder, and insurance fraud, and because of her being a habitual offender due to her actions in Total Drama, she was supposed to be sentenced to Life in Prison without Parole, but that bitch escaped from the cops and she ran off into a hideout house where she laid low, but she swore that one day, she would get revenge on the one who called the cops on her.

We gasped in shock.

Courtney: I knew Heather was a black-hearted monster, but this, this is really a stunning revelation, now we know she's even worse than The Devil himself.

Me: You said it, Courtney, Heather should've gotten the same sentence as Billy McLean, but she fled the cops and went into hiding. Now, we got even more evidence of her evil deeds.

Eli: I just called the cops and sent the information about Mavis' investigation to the Uranus Prison where Heather's being held at, and they put her in a rainbow energy straitjacket and rainbow energy chains, so she can't escape, and they've transferred her to The Neptune Prison for Traitors, and she's gotten the same sentence as Billy McLean, Life in Prison without Possibility for Parole, and was declared as a Dangerous Offender and she was chained to the wall of her new separate cell in Solitary Confinement with rainbow energy chains and Neutronium Chains, where she'll never be free again.

Nico: Awesome job, Eli.

Eli: Thanks, Nico.

Lincoln: Now, she'll finally face even more justice for her crimes. Who knows how many crimes she's committed?

Me: Whatever the number is it won't be pretty.

We got a shower afterwords.

---

Later it was time for Princess Luna's first ever Ambassador Mission.

Nico: Alright, Princess Luna. You're going to be meeting another team of the Yost World.

Princess Luna: This is gonna be most interesting for me Nico.

Me: You will love it Princess Luna. We're gonna go to meet the Yost X-Men. But I must warn you though. This version of the X-Men is worse than the one we know. They are hated more than the one we know.

Nico: He's right.

Princess Luna: This will be interesting. Lets head out.

I opened the portal and we were off.

We arrived in the world of the Yost X-Men.

Me: Here we are.

Princess Luna: Wow this world looks amazing.

Then we saw Yost Wolverine and Yost Iceman.

Yost Wolverine: Okay. You two might seem off. But I can smell that you're friendly.

Yost Iceman: How can you know that?

Yost Wolverine: They have a weird but clean smell. (to me and

Princess Luna) Sorry if you were expecting a fight caused by a misunderstanding. But my nose doesn't lie.

Me: So I have noticed Logan.

Yost Wolverine: How did you know my name?

Me: You would be amazed at what we know. Sorry we should introduce ourselves. My name is J.D. Knudson, Former leader of Team Loud Phoenix Storm and now Second in Command of the team.

Princess Luna: And I am Princess Luna the Princess of the Night and the Moon and I represent the Dark Skylanders.

Yost Iceman: Wow it's an honor! Pleasure to meet you both.

Me: Same here to you all. You see we aren't from this universe. We are from our universe and it's a strange story.

I told them everything.

Yost Beast: Amazing. I know about the Multiverse Theory. But I never thought the multiverse itself was real.

Me: Oh it's real Hank. It's 100% real. (Sees something) Incoming!

I fired an energy blast out the window and blew a bunch of Soldiers out to destroy the X-Men apart.

Me: Sorry about that. Bunch of soldiers were trying to kill you. But also your team mates Magma, Petra, Polaris and Pixie are in our universe all safe.

Yost Beast: Thank goodness.

Yost Cyclops: I know how you feel about not being leader anymore, J.D.

Me: That's right Scott I learned that YOU are second in Command and Logan is leader here too. Talk about coincidental.

Yost Cyclops: Yes that is true. I used to be leader of the X Men before the fateful explosion. The two of us both want to be leader again like the old days. But now, we just have to make due with our current positions.

Me: Easy for you to say, Scott! You're not the one who gets stressed out over every little thing villains do. You're not the one who always wishes death on already defeated enemies! You're not the one who's not good at witty banter in battle!

Yost Cyclops: But I WAS the one who was depressed for a year because Jean disappeared during the explosion. And because I thought Sinister had her, I attacked him alone and almost got myself killed. So, who do you think has it worse out of the two of us?

Me: Boy that's a good question. But to tell you the truth Scott it was my time to give the position of leader to Nico. He displayed amazing leadership skills in 2021 that he more than earned the right to be called Leader.

Princess Luna: It's true Scott.

Me: Also we're in the middle of a contest while having these missions.

Yost Kitty: Is that why you and the rest went on the Ridonculous Race? To get away from all the stress?

Me: What? No no no Kitty. We just like doing stuff like that for fun. We are human just like everyone else and we have to have fun every now and then.

Princess Luna: That is true and we have fun there.

Yost Kitty: Oh that makes sense.

Me: But I have good news for you all. In our universe we got the people to stop hating mutants.

Yost Jean Grey: Did you really?

Me: Yes we did.

Princess Luna: That's right.

Me: You know, I can use my powers to get your version of Xavier out of his coma.

Yost Jean: No. As much as I want the Professor to be awake at this time, he's in the future right now gathering info on this new upcoming threat now that the Phoenix is history and the threat of Master Mold won't come to pass.

Yost Nightcrawler: We owe it all to Emma.

Yost Kitty: We don't owe her anything! She was a mole in our team the whole time!

Yost Forge: I'm not trying to pick sides here. But if it wasn't for Emma, we all wouldn't be here right now. (sheepishly) Just saying.

Me: Whoa whoa whoa! Lets calm down. Magma told me all about what happened with Emma Frost here and I'm sorry that happened. But she did redeem herself for her crimes and she deserves to have one last shot. Princess Luna knows what she went through.

Princess Luna: It's true. I was once a villain myself.

Yost Nightcrawler: You were a villain once yourself Princess?

Princess Luna: Yes I was. It was something I don't like to talk about. But you all have the right to know.

She told them everything about what happened when she turned into Nightmare Moon and it was shocking!

Yost Cyclops: That was crazy!

Yost Wolverine: Yes it is. But if you think that Emma deserves to be brought back then go for it.

Me: Don't worry guys she will be resurrected and then be with us until you all can trust her again. We're projecting May 28th for when we all come here to help you all out. Watch this. (Snaps Fingers)

A beam of light shined down and then crystals formed all over and then formed into EMMA FROST! She was back!

Yost Emma: (British Accent) What happened?

Me: I brought you back to life.

Yost Emma: I'm back? (Hugs me and cries) Thank you so much.

Me: You're welcome Emma. I'm sorry you went through all this.

Yost Beast: I just got a call from Colossus. He was on his way to join the team again. But then, he spotted a squad of MRD soldiers attacking a girl named Marrow.

Yost Emma: Marrow? That's one of the mutants Chuck met in the future.

Yost Cyclops: We can't let them throw her in their prison. Or worse.

Yost Wolverine: Forge, get the jet ready. We're gonna help Colossus take out those MRD douchebags. With lethal force if we have to!

Me: We'll go with you guys. Emma we're sorry this happened to you but I think Sebastian of the Hellfire Club here made you do all this against your will.

Yost Emma: You're right he was.

Then she turned and I saw something on the back on her neck.

Me: Wait what's that Emma?

Yost Emma: What is it?

Me: Hold still. Now don't take this the wrong way but I see something on the back of your neck.

I looked and pulled off a bandage and under it was a chip!?

Me: A chip!

I pulled it out and Yost Emma got a massive splitting headache from it.

Me: Just as I suspected. It's a mind control chip.

Princess Luna: Not good.

Me: Anyway lets get moving.

We were off.

Yost Colossus: (Russian Accent) Comrades! Thank goodness you are here!

Yost Iceman: Colossus, my man! How are you?!

Yost Colossus: Out to save Marrow. And J.D. Knudson! Wow it's an honor to meet you.

Me: You too Piotr and it's awesome to meet you too. We came to help get Marrow out.

Princess Luna: This will be good.

We busted in and saw AGENT HASKET!

Agent Hasket: (holding Marrow hostage) Hold it, X Men! One wrong move and the little mutant over here gets her brains blown out.

Yost Colossus: You monsters! I can't believe I didn't stay with the team to destroy every last one of you!

Agent Hasket: (laughs) Don't make me laugh. I know you X Men. You mutant freaks are too soft to take a life.

Yost Wolverine: (smirks) Guess you didn't hear the news then.

Before Agent Hasket could pull the trigger on Marrow's head, Yost Kitty phased through the floor and snapped his neck.

Yost Kitty: Okay, he's dead. Alright? We're never gonna be seeing him again!

Me: Just to be sure…

I fired a blast of fire and incinerated Agent Hasket's body into ashes.

Me: No one will miss him.

Princess Luna: No they won't.

Yost Wolverine: Colonel Moss. Been a while. Thought you went into hiding.

Colonel Moss: You think I'd do that? And leave the Earth to animals like you? I won't rest until every last mutant is eradicated from this planet!

Me: Not so fast Colonel!

I went over to him.

Me: You better take back all those words you said or I'm gonna make sure you get your tongue slashed out and then I'll rip your eyes out and shove them so far down your throat so you can see what you are eating in your stomach!

Colonel Moss: I would like to see you try!

I pulled out my dagger.

Me: Don't test me shit for brains!

Colonel Moss: Try me!

Me: Okay then!

I grabbed his tongue and slashed it out and threw it away and he screamed in pain as it was gone!

Me: Consider this my only mark I can leave on you. Next time it will be your heart!

Princess Luna: Yeah! You better watch what you say from now on you mutant hating bigot!

Yost Wolverine: Consider yourself lucky, dirtbag. Better to be dead than alive as a Sentinel slave.

Me: Lets go. This guy ain't worth shit!

We left.

Yost Wolverine: We need to pay Senator Kelly a visit. I thought he gave up his anti mutant ways!

Me: Well it's time to give him a lesson in respect. I think a little visit to the Malevolent Insanity Realm will do him some good.

Princess Luna: That's right! He needs to pay.

We went to the office of Senator Kelly and then…

CRASH!

I kicked the door to Senator Kelly's office down.

Me: You are in big trouble Senator Kelly.

Yost Nightcrawler: What's the meaning of this, Senator?! I thought you were done with your anti mutant compaign!

Senator Kelly: (ashamed) I still have. After your Professor showed me that horrible future, I had to rethink many of the decision I made in the past. But Colonel Moss and the rest of the MRD still decided to continue hunting mutant down without my authorization. Whatever they do from this point forward is out of my hands now.

Me: Then we'll have to stop them little by little. Some people can't let go of a grudge.

Princess Luna: Yeah no kidding.

Yost Cyclops: How do we know we can trust you on this?

Senator Kelly: Because I know that your new friends over here will be helping you all out fully soon. When that happens, I'm resigning as senator effective immediately.

Yost Forge: I bet that was a hard decision to make.

Senator Kelly: I've learned that we all have to think about our decisions for the good of this Earth. Unless we want there to be no Earth at all. For what it's worth it, I truly am sorry about everything.

Yost Emma: It doesn't take my powers to know that you really are sorry.

Me: Yeah and my name is J.D. Knudson, Former leader of Team Loud Phoenix Storm and 2nd in Command of the team.

Senator Kelly: I heard so much about you.

Me: Mutual. Also I'm the one that killed Dr. Doom here in this world.

Yost Wolverine: You killed Dr. Doom!?

Me: He and I had some unfinished business from what happened in my universe a couple of years ago.

Princess Luna: Long story.

Yost Wolverine: I see.

Me: Yeah.

Yost Wolverine: (to Yost Colossus) So, Piotr. I guess you're going back home.

Yost Colossus: No. I have decided to stay on the team. My family back home understand that my place is here.

Me: That's understandable.

Yost Emma: And J.D. I decided to go with you to your universe. Till everyone here trusts me again I'll earn it back by helping you.

Me: I'm glad you want to redeem yourself Emma.

Princess Luna: That's good.

We came back.

Nico: How did it go?

Me: Worse than we thought Nico. There are tons of people there that hate mutants with a passion and it'll take all of us to get them to stop. we already took down Colonel Moss. I slashed out his tongue.

Nico: YUCK! Well he deserved it. Hopefully he learned his lesson about messing with you when it comes to hating mutants.

Me: Lets hope so.

Nico: Wow Emma Frost! It's a pleasure to meet you.

Yost Emma: Pleasure to meet you too Nico. I decided to join you all till my team trusts me again.

Nico: I understand Emma. Magma told us what happened and I'm sorry that happened to you.

Yost Emma: Thank you.

May: Who should go with you next time?

Princess Luna: I was thinking having my sister come with me next.

Princess Celestia: It would be great sister!

Nico: Awesome! Those people that hate mutants need to shut their pieholes.

---

Aligned Sideswipe came back to the city after having a great vacation.

Aligned Sideswipe: Ahh! A vacation was a great idea to clear my head. And thank Primus did I need one too. But it's good to be home. I wonder how everyone has been.

Then he saw Duncan Paine beating up a kid!

Aligned Sideswipe: Not on my watch!

He drove up to him and transformed.

Aligned Sideswipe: Let go of the kid, Paine!

Duncan Paine let go of the kid he was bullying as he was kicked to the ground by Sideswipe

Duncan Paine: Don't hurt me, please!

Aligned Sideswipe: No, I'm not gonna hurt you, but I am going to let the Principal deal with you, but only after you tell me why my friends aren't here! Where are they?

Duncan Paine: I'm not telling you anything. You think I'm scared of you? I'm not even scared of that fucking loser J.D.!

Aligned Sideswipe: That's a lie, and you know it. In fact, I think you lied to me twice. I think you are scared of me. (takes out sword) Especially when my sword gets stuck in your throat. Now… Where are my friends?

Duncan Paine: Geez, man! Give me a break! I… I… don't know where they are! Okay? They haven't been fighting crime lately! (Sideswipe puts his sword away and starts to walk away) You know, people could be asking where you were these past few days too…

When he heard this, Sideswipe turned into his vehicle mode and drove over a mud puddle, splattering mud over Paine. He rode around town, collecting his thoughts.

Aligned Sideswipe: Come on! I go to Crown City to clear my head and when I come back, I find out that the others haven't fought crime in two days! What is up with that? Can they just not fight crime without me there?

He went to the World Tree Estate.

Aeleus: Better check to see if the Estate's still in one piece.

Aeleus turned on the footage of the security cameras only to see Aligned Sideswipe there as he went inside.

Aeleus: Hey Sideswipe is back.

Aligned Sideswipe: Guys? Its me… Speedy. I know I said I wouldn't come back, but I didn't think you were gonna quit!

As he walked around, going upstairs, downstairs, and up and down the stairs, he kept calling.

Aligned Sideswipe: You guys seriously need to get a life. I know, I'm awesome. And I'm glad you realize that now. But if I leave, that doesn't mean you just give up on life! You know, when it gets hard, and you feel pointless, sometimes you just need to keep moving! Keep fighting! It doesn't matter if you don't have any powers… Or if things don't go your way… Or if you get stressed out too much… Or if you don't even have any special skills… not in charge… Or you're not second in charge…

Aligned Sideswipe stopped when he realized he was giving the answer to his own problem.

Aligned Sideswipe: (Sighs) I'm sorry guys. I'm sorry for leaving. But I'm back now. Okay? Can you forgive me?

After he said this, he felt really stupid. He finally realized that the place was empty!

Aligned Sideswipe: Well, fuck. I've been talking to no one for all this time! Ah, at least no one can prove it…

He then saw a Note.

Aligned Sideswipe: A note.

He picked it up and read it.

Aligned Sideswipe: "Dear Aligned Sideswipe, we're on our floating fortress participating in the Ridonculous Race. Sorry we missed you coming back. Love Nico" Oh right! I forgot they were going to participate in that after what happened in the U.A. Universe!

Then Bangray, Odius, Zamigo and Basco appeared.

Aligned Sideswipe: Bangray? What're you, Odius, Zamigo, and Basco doing here?

Bangray: I was recently given another chance at life before being recruited into the Masters of Evil.

Odius: And as for your question, we came to give you some options.

Aligned Sideswipe: Which are?

Zamigo: You can choose to keep defending the city alone. Or you can join the others and have fun in the Ridonculous Race. The choice is yours.

Sideswipe thought about this as he saw a picture of him, Nico, and the others.

Aligned Sideswipe: I know the city might be defenseless for a while. But I can't let Nico and the others do this alone!

Basco: That's the spirit!

Odius: The tree will watch over the city for you.

Computer: City Crime defense grid activated.

Aligned Sideswipe: Wow! I didn't know the tree had that feature. Okay lets go.

They teleported.

They arrived back.

Aligned Bumblebee: Sideswipe welcome back.

Me: Glad you could join us.

Golem: (Monster Rancher): So, Sideswipe. Tell us. Why WERE you feeling stressed out a few days ago?

Aligned Sideswipe (sighs): Look, guys. I'm… I'm sorry for ditching the team. I know we stopped those robbers back there, but it just seems that all you guys can do so many different things… And I can't. I'm just the guy in the team who's a delinquint punk.

Nico: So we noticed. But that's all right Sideswipe.

Aligned Strongarm: Sideswipe. All you said is true.

Aligned Sideswipe: (sarcasically) Well, gee. Thanks, Strongarm!

Aligned Strongarm: But you have one thing wrong. You're not normal. How can you be normal? In a group of super-powered people, you prove that you don't need special skills to be a hero. You just need a good heart, and determination. And you're honest with your feelings. I actually admire you for that. I'm an officer of the law. So I don't know if I actually have the potential to be honest about my feelings as you do.

G1 Tantrum: Plus, without you, the Bee team isn't complete and can't form Ultra Bee. Being part of a Combiner team myself, I should know.

Me: That's right. Also like people Cybertronians are also not perfect. They are also like humans and each have their own distinct personalities and traits that each make them special and that is a fact.

Squit: Wow. J.D. that was really eloquent of you to say.

Pesto: What's that supposed to mean?

Squit: I said that J.D. is eloquent. Y'know. What he said had meaning.

Pesto: Eloquent? What, are you sayin' I am some kind of long-nosed, tusk-toothed, flap-eared pachyderm here to go (blows air out of beak attempting to mimic a trumpeting noise) for you? Is that what you're sayin'?

Squit: No, I didn't say that. I said that J.D. was eloquent.

Pesto: J.D. is eloquent.

Squit: That's what I'm sayin'.

Pesto: That's it! (He jumps on Squit, beating him up, both yelling.)

(Bobby laughs hysterically,)

G1 Hot Spot: Besides, you're not the only delinquint punk here. Just ask Duncan.

Maria: The one who's here. Not Paine.

Duncan: Yeah look at me. I'm a bad guy myself.

Allison Mendosa: And me. I'm a bad girl.

Nico: Yeah.

Shocker: I honestly forgot about the City Crime Defense grid until today.

William: We should've turned that on.

Me: I didn't know the estate had that feature until Sideswipe mentioned it.

Nico: Yeah that is cool.

Eli: It sure is neat.

Nico: Yep. Now it's time for us to get ready. For part 3 of the Ridonculous Race. We're going to the island of Mauritius.

Lori: That is literally one of the beautiful islands.

Me: Yep it sure is. And it's a paradise in the Indian Ocean.

Nico: Yep.

Then Spot, Firebrand, Man Boy, Kangor, Saix, Femme Fetale, Trapster, Evil Green Ranger, Gentleman Ghost, and Robo Roxy appeared.

Spot: Can me, Firebrand, Man Boy, Kangor, Saix, Femme Fetale, Trapster, Evil Green Ranger, Gentleman Ghost, and Robo Roxy go with you guys?

Nico: You all sure can. And there won't be any sore losers this time. I hope.

Eli: I'll use the Force to find anyone there.

Nico: Great.

Spot: So we're going to the island of Mauritius this time.

Nico: This will be fun for us.

Family Guy Penelope: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to meet a Gene-Slammer for the Great Blue Windrunner bird.

Me: Wow! You want to do one for a 100,000,000 A.D. Bird. That will be amazing to see.

Fiona Hernandez: I think it will be cool.

Marie Hernandez: It sure will be awesome.

Sakura Avalon: I think so too and that would be awesome.

Laney: That's a magnificent bird.

Jared: It sure is.

We arrived at the island of Mauritius **M U**.

Me: Here we are guys.

Nico: Welcome to Port Louis, Mauritius.

We saw that it was a beautiful island. At 13,000 miles away from America.

Evil Green Ranger: Isn't the Mauritius Island lovely?

Nico: Boy it sure is.

May: It would make an amazing honeymoon spot for anyone.

Nico: Yes it sure would. And all the way out in the Indian Ocean.

Bai Tza: There's lots of water here.

Nico: I wonder what our next challenge is.

Nicole: Well Don gave this to me before we left. Told me not to open it till we get here.

She pulled out a bottle and in it was what looked like a map.

Nico: A message in a bottle.

Pinkie Pie: Ooh! Is it a love letter? A secret recipe? Or, wait. Someone's trapped on a deserted island? We have to save them!

Nicole: Lets see.

Nicole opened it and pulled out the map and read it and looked it over.

Nicole: Wow! This is gonna be awesome!

Naruto: What is it sis?

Nicole: This is a map to another treasure I've been trying to find for years. At first I thought it was a myth but it looks like we're going to see. This is a map to the Ring of Agni, the God of Fire in Hindu Myth. It's said to be a ring that controls fire and that is so powerful that it makes the user unstoppable.

Nico: Whoa! That must be a really amazing ring.

Eli: This will be so awesome!

Femme Fetale: That's a very powerful ring.

Nicole: It sure is and this ring grants cosmic pyrokinesis, thermokinesis, cosmic fire manipulation and cosmic fire powers that are said to be 100,000,000,000,000,000 times more power than anything we know.

Eli: Wow! That is amazing!

Laney: That kind of ring must be intensely powerful.

Nicole: Oh it is. This will be an amazing challenge though.

Cut Man: It could kill someone in the wrong hands.

Nicole: That's right Cut Man. Legends say that only one soul that is pure of heart can possess it. Anyone that is overflowing with evil will be incinerated in an instant.

Nico: Whoa! What a catch.

Eli: This is gonna be a big test.

Trapster: At least it won't be used for evil.

Nico: Yep. Lets go find it. Nicole you have the map so you lead the way.

Nicole: Okay. Follow me guys.

Eli: This will be awesome.

Lincoln: I just hope that no scumbags will come after it.

Suddenly, Lincoln's Lincoln's deep sapphire blue eyes glowed even more, as he then sensed two dark energy signal, one of them was familiar to us and the other was familiar to Crash Bandicoot and his allies. The first dark energy signal was one of Crash Bandicoot's old enemies, Dr. Nefarious Tropy, the self-proclaimed "Master of Time", and he wants revenge on Crash Bandicoot and his allies for always foiling his plans, and they're here in Mauritius. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone coming after us?

Lincoln: I'm afraid so, Nico, I sensed one monster that is here. Dr. Nefarious Tropy, the self-proclaimed "Master of Time", and he wants revenge on Crash Bandicoot and his allies for always foiling his plans, and he is here in Mauritius.

We gasped in shock and horror.

Crash Bandicoot: And I thought we were done with Dr. N. Tropy since the Quantum Mask adventure, and the Quantum Rift incident caused by Uka-Uka. But, even he refuses to stay gone for good. So, it looks like we're going to give those two the Black Gates.

Alternate Tawna: That's a definite yes, Crash.

Dr. Neo Cortex: That pompous peacock is going to get that tuning fork shoved right up his…

Lincoln: Cortex, don't even think about finishing that sentence unless you want your mouth washed out with a bar of soap. (To Alternate Tawna) And I remembered you telling us that you also faced a female Dr. N. Tropy during that adventure, Alternate Tawna, and that she was the one who killed your universe's Crash and Coco.

Alternate Tawna: Yes, that's correct, Lincoln.

Lincoln: Well, it's time to send a little message to the Dr. N. Tropy that Crash and Coco know all too well.

Lincoln snapped his fingers and pulled the female Dr. N. Tropy and put her in a special neutralizing field and chained her up in rainbow energy chains. Then, he unholstered his massive sword from his wider and more muscular back, and he slashed Female Dr. N. Tropy's head off, and her spirit was sent to The Black Gates, and he put her severed head into a scroll, and her headless corpse was burned to ashes.

Me: Whoa.

Mavis Schroder: I know what Lincoln's going to do for the upcoming fight against Dr. N. Tropy, he's going to show the severed head of N. Tropy's female counterpart, and when he sees it, it'll horrify him badly, and it'll be the last thing he sees before he dies horribly.

Lincoln: Exactly, Mavis.

Crash Bandicoot: And now, the question is who's going to face him, because I'm also joining in.

Paige: I will. I refuse to let N. Tropy continue to live any further, he's caused enough trouble for the last time.

Lincoln: And I'm also joining as well.

Crash Bandicoot: Alright, and I'm also going to help you guys as well. (Smirks) And I like that direct warning you gave Cortex, Lincoln.

Lincoln: I had to do it, Crash, there's kids here, and I don't want them hearing that sort of language.

Thunder Sparkle: Uh, I think it may be way too late for that one, Dad.

Lincoln: Dang it.

Me: No worries buddy.

Lincoln: Guys, me and my harem are going to explore Eagle Islands in Mauritius.

Nico: Okay, Lincoln, but be careful.

Lincoln: We will, now that w know that Dr. N. Tropy is here, we're taking extra precautions on him.

Lincoln snapped his fingers, and the 17-year-old 7'5" tall, white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, angel, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

And his harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, ladies, shall we?

Paige: Of course, Linky.

Lincoln and his harem left the TLPS Floating Fortress, and they head for Eagle Islands in Mauritius, and when they arrived at Eagle Islands, it was incredibly beautiful.

Paige: Whoa, what is this place, Linky?

Lincoln: This, Paige, is Eagle Islands in Mauritius, I figured this place would be perfect, since we're here for our next challenge. Shall we?

Lincoln and his harem dived right into the water, and they began swimming in the clear fresh waters, and they also saw the animals that lived here in Eagle Islands, and they were amazing. Then, Lincoln and his harem had lunch at a picnic spot that he made.

Nico: Hey, Lincoln, how was your date at the Eagle Islands?

Lincoln: It was awesome, Nico. We did some swimming in the waters and we saw the animals that live here. Oh, and when we were eating lunch.

Nico: Cool cool. Lets get the challenge underway.

We walked into the jungle.

But little did we know that someone was watching us and hiding in the trees and he was snarling and hissing at us with incredible fury. That someone is something that we faced before.

?: No one will get my precious.

We were walking.

Ghuul: Emma, I'm pretty sure the X Men pretty much forgave you when you sacrificed yourself.

Yost Emma: They still view me as a traitor. I did horrible things because of the Hellfire Club.

Me: They all did horrible things Emma. But the worst thing they did was try to control the Phoenix Force. And they did so with an insanity chip. Even that wasn't enough.

Superman: It's true Emma. You aren't to blame for everything that happened. You did all that against your will.

Kole: Yeah Emma. It's not your fault.

Firebrand: Well, only Kitty viewed you as a traitor. Forge didn't want to choose sides. Nightcrawler probably forgave you. Jean probably owes you for restoring her memories. And Cyclops, Wolverine, Iceman, and Forge definitely forgave you. Colossus hasn't known you long enough to make a decision.

Me: Well he'll come to it when he does. But just give them a little space for now. The best thing we can do is hold out until the time comes.

Firebrand: Yeah that's true.

Tara: It's like what happened to me when I was turned into Slade's puppet. I did terrible things against my will to and I redeemed myself for it by sacrificing my life.

Yost Emma: Did that really happen to you Tara?

Tara: It sure did and that was awful.

Shanan: And I saw it happen right in front of my own eyes too Emma.

Nico: That was awful though.

Cloud Man: And let's not forget Storm, Beast, and Rogue. Rogue knows how it feels, so she definitely forgives you. And Beast and Storm probably understand you only wanted the Phoenix destroyed, not used for evil.

Yost Emma: That's right. But tell that to the Hellfire Club.

Me: We destroyed them for good Emma. In our universe they are all dead except for Selene who is now in our frenemies of the Masters of Evil.

Yost Emma: Looks like Zemo has his hands full.

Firebrand: Why is it that everyone thinks we're in Baron Zemo's Masters of Evil?

Eli: Well you all do share the same name.

Firebrand: Yeah you're right on that.

Yost Emma: At least your version of Selene is redeemed. I don't know about my version. The last thing I did to her was knock her out with my powers.

Gentleman Ghost: So, she's basically still alive.

Me: She's immortal and is a vampire. She has lived for 17,000 years and has powers no human can even fathom.

Eli: It's true and we saw her powers in action many times before.

Laney: They are awesome. And she even helped us by turning against her own former teammates.

Lana: That was awesome.

RD Girl Jordan: Emma, maybe on Luna's missions, you can go with her to prove yourself.

Yost Emma: That's not a bad idea.

Nico: I agree. That is a great idea. We'll have to decide on who to go after there.

Me: Well we already took down Colonel Moss.

Eli: You slashed off his tongue.

Lana: Awesome!

Man Boy: But for what it's worth, in our eyes, you HAVE redeemed yourself.

Yost Emma: Thanks Man Boy.

We continued on through the jungle and we followed the map.

Masker Mind: Arkayna, I think today might you and Shu's time to shine.

Arkayna: Yes it will be our time to shine.

Shu: Yep.

Nicole: Hey this is weird.

Me: What is it?

Nicole: The map says that the ring is here.

We saw that we were at Trou aux Cerfs Volcano, a dormant volcano on the island of Mauritius.

Nicole: It's Trou aux Cerfs Volcano. This volcano is dormant now but could be active.

Laney: Well it has to be here.

Laney went over and she sighed as she sat on a rock and then it moved and then we saw a door appear in the ground.

Me: Whoa!

Nicole: That is awesome! Lets go.

We went down into a cave and it was amazing.

Me: Wow it's scary in this cave.

Nico: No kidding. No geologist or volcanologist has been in a cave like this.

Nicole: Until now.

We moved down further and then it was getting hotter and hotter.

Me: Whew! It's getting hot.

Laney: We're getting close.

Kangor: (Jamaican Accent) The deeper we go, the closer we get mon.

Nico: Yeah.

We then came into a big room and we then saw a massive and huge underground temple in a big magma chamber!

We were in shock and awe!

Nicole: Wow! At long last!

Nico: An underground volcanic temple. This is amazing!

Wallflower: Anyone got water?!

Maria: Plenty on me and the Neptune Crusaders.

Nico: Awesome.

Nicole: This is amazing though. Lets head in.

We went into the temple and it was amazing and awesome.

We came to a big room in the temple and on an alter in a red pillar of light surrounded by a moat of lava was THE RING OF AGNI! It was a gold ring with red jewels and fire symbols on it.

Saix: There it is.

Nicole: Wow! The Ring of Agni!

Laney: It's magnificent!

Nico: Who wants to try to go for it.

Eli: (Guips) I'll go for it.

Eli went over to it and he climbed to the alter and then got to the ring and then he grabbed it and then it glowed and suddenly ELI GOT IMBUED WITH COSMIC FIRE POWERS! THE RING CHOSE HIM!

Nico: WHOA! The ring chose Eli!

Laney: Wow! Way to go Eli!

Eli: Wow!

RD Lisa Loud: I suggest you do our entrance. We're being followed.

Eli: She's right. I sense it.

Nico: Hide.

We hid and then we saw a figure come in and then it went to the altar. Then we went at it and then the spirits of the Elemental Rangers of The Moon appeared and swirled around it and then converged and then volcanic rocks exploded out and a dragon roar was heard and then rocks rained down on the figure and he revealed himself as we jumped out and we saw that it was GOLLUM!

---

**Gollum**, originally known as **Sméagol** or **Trahald**, is a creature of Hobbit origin and a major antagonist in J.R.R. Tolkien's *Middle-earth* legendarium. Gollum is one of the two secondary antagonists in the novel *The Lord of the Rings* (alongside Saruman), and a supporting antagonist in the novel, *The Hobbit* .

He is a minor antagonist in both *The Hobbit: An Unexpected Journey* and *The Lord of the Rings: The Fellowship of the Ring*, a major anti-hero in *The Lord of the Rings: The Two Towers*, and the secondary antagonist of *The Lord of the Rings: The Return of the King* . He is set to return in the 2022 videogame *The Lord of the Rings: Gollum* as the titular main protagonist.

He is a former Hobbit who is corrupted and transformed into a slimy, monstrous creature by the One Ring, which he calls "my precious". After losing the Ring to Bilbo Baggins, he hunts it for decades, eventually becoming part of the quest to destroy it when he is tamed by Bilbo's nephew Frodo. His all-consuming need for the Ring eventually leads him to betray Frodo and unintentionally destroy the Ring and himself.

In Sir Peter Jackson's adaptations of *The Lord of the Rings* and *The Hobbit*, he was portrayed in motion-capture by Andy Serkis, who also played Mr. Grin in *Stormbreaker*, Spike in *Flushed Away*, Capricorn in *Inkheart*, Ulysses Klaue in the Marvel Cinematic Universe and Supreme Leader Snoke in the *Star Wars* sequel trilogy. In Rankin/Bass' animated adaptations of *The Hobbit* and *Return of the King*, he was voiced by the late "Brother" Theodore Gottlieb. In Ralph Bakshi's 1978 animated adaptation of *Lord of the Rings*, he was voiced by the late Peter Woodthorpe. In the 2003 Sierra Entertainment video game, he was voiced by Daran Norris.

Originally a Stoor Hobbit, Sméagol spends the early years of his life with his extended family under a Matriarch, his grandmother. He was born circa the year 2430 of the Third Age.

In the year TA 2463, on his 33rd birthday, Sméagol becomes the fourth Bearer of the One Ring, after Sauron, Isildur, and Déagol. The latter is his cousin, and on Sméagol's birthday, they go fishing in the Gladden Fields north of the mountains. After being pulled into the water by a large fish, Déagol finds the Ring underwater and emerges from the river with his prize. Sméagol is immediately ensnared by the Ring and demands it as his "birthday present", but Déagol refuses. Sméagol strangles Déagol and claims the Ring as his own, his "precious".

Sméagol uses the Ring for thieving and antagonizing his relatives. The Ring corrupts his body and mind, forcing him to make a disgusting swallowing noise in his throat, for which his relatives nickname him "Gollum". Finally, his grandmother disowns him and throws him out of her home. He wanders for a few years, degenerating further as the Ring's hold on him grows until he makes a new home in a cave in the Misty Mountains. The Ring's malignant influence twists his Hobbit body and mind and prolongs his life far beyond its natural limits; he lives in his cave for 500 years while the

Ring bides its time, waiting for Sauron to return. Gollum calls the Ring his "Precious" or his "Birthday Present", the latter as a justification for killing Déagol.

## Living in the Misty Mountains

Gollum lived under the Misty Mountains for nearly 500 years, eating raw blind fish (which he catches in his small rowboat) and Goblins when he can get them. In later years, he finds Hobbit and Elven food repulsive.

During his centuries under the Ring's influence, he develops a sort of dissociative identity disorder: Sméagol, his "good" personality, still vaguely remembers things like friendship and love, while Gollum, his "bad" personality, is a slave to the Ring willing to kill anyone who tries to take it. Years later, Samwise Gamgee names the good personality "Slinker" (for his fawning, eager-to-please demeanor), and the bad personality "Stinker" (for obvious reasons). The two personalities often quarrel when he talks to himself (as Tolkien put it, "through not having anyone else to speak to") and have a love/hate relationship, mirroring Gollum's love and hatred of the Ring and of himself.

In July, TA 2941, during the Quest of Erebor, the Hobbit Bilbo Baggins stumbles upon the subterranean lake in which Gollum lives and finds the Ring, which Gollum had lost while hunting an imp goblin in the network of caves leading to the lake. However, it is more proper to say that the Ring abandoned Gollum, for it was known to have a will of its own. As Gandalf says later, it looks after itself, trying to get back to Sauron. After the infamous Riddle Game, during which Gollum is unaware of his loss, Gollum refuses to show Bilbo the promised way out and plots to murder him.

When he goes to get his "birthday present", however, he finds that it is gone. He suddenly realizes the answer to Bilbo's last riddle - "What have I got in my pocket?"- and flies into a rage. Bilbo inadvertently discovers the Ring's power of invisibility as he runs, allowing him to follow Gollum to the back entrance of the cave. There, Bilbo at first prepares to kill Gollum but is overcome with pity, so he jumps over him to escape. As Bilbo runs, Gollum cries out, "Thief! Thief, Baggins! We hates it forever!"; he does not immediately follow Bilbo out of fear of being caught by the Goblins.

## Search for the Ring

Gollum eventually leaves the Misty Mountains and pursues Bilbo a few years later, but the trail is cold. He makes his way south into Mordor, discovering the secret stair located near Minas Morgul and surviving an encounter with Shelob. He is captured on his return and taken to Sauron's stronghold, where he is tortured by the Dark Lord himself until he reveals what he knows about the Ring; he reveals that "Baggins" of the Shire had taken it, alerting Sauron to the existence of Hobbits and the Baggins family. Sauron lets him go, but he is captured soon afterward by Aragorn, then interrogated by Gandalf, who places him in the care of the Silvan Elves living in Thranduil's kingdom in Mirkwood. Assisted by Orcs, he escapes them and sets off looking for the Shire. He passes through Moria, but cannot make it out of the East gate. He sees the Fellowship of the Ring there and begins following them.

## The War of the Ring

On January 15, 3019 the Fellowship is divided when Gandalf disappears while fighting a Balrog (though he later returns). Gollum continues trailing the remaining members. Gollum follows their boats down Anduin (floating on a log) to Rauros and pursued Frodo Baggins - nephew and heir of the hated Bilbo, and the new Ringbearer - and his friend Samwise Gamgee across the Emyn Muil when they struck out on their own towards Mordor. Gollum follows them, but after a confrontation (in which he bites and nearly strangles Sam) Frodo subdues him. Frodo ties an Elven Rope around Gollum's ankle for a leash, but the mere touch of the rope pains him.

Taking pity on the wretched creature, Frodo makes Gollum swear to help them. Agreeing to the oath, Gollum swears by the "Precious" itself and Frodo releases him. The unlikely company, guided by Gollum, makes its way to the Black Gate, the entrance to Mordor.

Frodo's kindness brought out the "Sméagol" personality, and he makes at least some effort to keep his promise. The two have a strange sort of bond from both having been Ringbearers; in Gollum, Frodo sees his possible future, and so wants to save him so he can save himself.

When they reach the Black Gate and find it well guarded, Gollum convinces them not to go that way, saying that they would be caught and Sauron would regain the Ring. Gollum says he will lead them south, where he knows of another entrance into Mordor.

Frodo and Sam are caught by Faramir, and Gollum follows them. When Frodo allows Faramir to briefly take Gollum prisoner, however, he feels betrayed, allowing the "Gollum" personality to take total control. Faramir finds out that the place Gollum is taking them is called Cirith Ungol. He then warns Frodo and Sam of the evil of that place, and of Gollum's treachery.

Frodo, Sam, and Gollum leave Faramir and begin crossing the pass of Cirith Ungol in the border-mountains of the Ephel Dúath (Mountains of Shadow). Gollum visits the great spider Shelob, child of Ungoliant because he is planning to betray the Hobbits to her and then get the Ring for himself. When he returns, he finds the Hobbits sleeping, and the sight of Frodo asleep nearly moves Gollum to repent. However, Sam wakes up and speaks harshly to Gollum, and all hope of redemption is lost. Gollum follows through with his plan and leads Frodo and Sam into Shelob's Lair.

Frodo and Sam escape from her lair and come against all odds to the fiery volcano Mount Doom, the only place where the Ring can be destroyed. Gollum follows them all the way, seeking a chance to surprise them and take the Ring. When Frodo and Sam have almost reached their destination, he attacks them, but Frodo casts him down and threatens to throw him in the fire if he ever touches him again. Sam, who had hated Gollum on sight, tries to bring himself to kill him, but relents out of sheer pity and disgust, turning his back on the beaten (but still wily) creature.

## Death

Moments later, Frodo is standing on the edge of the Crack of Doom, but, unwilling to destroy the Ring, claims it for himself and puts it on, becoming invisible. Then Gollum attacks the hobbits again. Gollum knocks Sam out and jumps on Frodo. The two fight until, finally, Gollum bites off Frodo's finger and seizes the Ring. Gollum then teeters on the edge of the great pit, loses his balance, and falls in, taking the Ring with him along with a final, joyous cry of "Precious!" He perishes in the lava, and the Ring is destroyed with him. Had Gollum not lived to play this final part, there was a good chance that Sauron would have regained his Ring, as he knew where Frodo was as soon as he put it on.

According to J.R.R. Tolkien's notes, Eru Ilúvatar, the Middle-earth legendarium's version of God, intervened to destroy the Ring by causing Gollum to fall into the Crack of Doom.

* * *

Me: Gollum!

Nico: Gollum!

Varie: Gollum!

Me: Gollum's back from the dead!? Of all the villains we've had to deal with, Gollum's the one villain I wish stayed dead.

Nico: After we destroyed the One Ring in Lincoln's rescue, Lincoln also cut down and Super Hakaied Gollum, and we swore we'd never see him again. But, he refuses to stay dead.

Lincoln: He just never learns when to stay dead!

Lincoln fired a powerful blast of rainbow energy, and it hits Gollum, who's lurking about in Mauritius, and he screamed in so much excruciating pain, and it left a kanji burned on his skin that said, "Evil Eternally Damned Monster and Ring-Obsessed Psycho."

邪悪な永遠に堕落したモンスターとリングに取りつかれたサイコ

Along with the inverted pentagram and a phoenix to let him know that death's coming.

Gollum: GIVE MY PRECIOUS BACK!

Eli: Come and get it you neanderthal!

Robo Roxy: We've got your precious right here! Tronics!

She summoned a bunch of Tronics!

Gollum went at us and Eli fired a blast of powerful fire and it hit Gollum and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM

Eli: WHOA! That was awesome!

Laney: Wow! What power!

Gollum came at Eli! Eli then kicked him in the face and smashed him in his face.

Tara then threw a rock and it hit Gollum in his head!

Then Electro, Deadwood, Hydro Man, Moonstone, Mysterio, Xiao Fung, Oculous, Shendu, Selene, and Amora the Enchantress appeared.

Nico: Electro, Deadwood, Hydro Man, Moonstone, Mysterio, Xiao Fung, Oculous, Shendu, Selene, and Amora the Enchantress.

Hydro Man: Pretty hot place for us to fight huh?

Me: Whew! You're telling me Morris.

Electro: Looks like Eli got an awesome ring.

Nico: He sure did Max and Gollum is back now.

Moonstone: Man what is with that rotten to the core Hobbit outcast. Why can't he take a hint?

Me: The One Ring must've really destroyed his brain.

Nico: Yeah what's left of it after 500 years.

Deadwood: Yeah he will do anything to get his ring back.

Me: Yeah he sure will. Even though it was destroyed.

Electro: Don't forget that it's Arkayna and Shu's time to shine today.

Maria: We haven't forgotten.

Deadwood: Jsut wanted to be sure.

Hydro Man: But nice job getting the ring anyway.

Eli: Thanks. It's amazing.

Moonstone: (to Nico) We heard you had another encounter with the Evil Phone.

Nico: We sure did.

Mysterio: Thank God you guys destroyed it before it can do any damage!

Nico: Thank goodness for that.

Elestomp appeared for round 2.

Nico: Elestomp. Back for round 2.

Elestomp: Yep I sure am. Got any peanuts?

Nico: Not on me no.

Elestomp: Are you guys enjoying the Ridonculous Race so far?

Me: We sure are and it's awesome!

Elestomp: Glad to hear it. Also we have a new recruit.

Then out came a figure and it was Vileness Incarnate, The Personification of Malevolence, EVIL THE CAT!

---

Earthworm Jim

Simply put, Evil the Cat is evil given the form of a cat. Evil rules Planet Heck, which he modeled to shape his vision of evilness, with spikes, slippery cliffs, fiery pits, ghosts, lawyers and elevator music. Evil then decided to expand his distorted vision to the entire universe, making it to look like his planet. When Earthworm Jim came to his planet, while giving chase to Psy-Crow, Evil decided to take Jim's supersuit, since it would allow him to conquer the universe. Evil managed to get the suit, then tried to disintegrate Jim with his huge fireball cannon, but Jim retrieved the suit and killed Evil's nine lives.

Earthworm Jim 2

Evil has a cousin named Flatigious, who runs The Circus of Scars. During the summer in Heck, they switch jobs, with Evil running the circus. Evil would meet Jim at the circus some time after his defeat, and attempt to kill Jim again, but to no avail.

Animated Series

In the cartoon series, Evil has a different goal in mind, trying to destroy the universe instead of conquering it. There, he has a minion called Henchrat who helps him search the universe for apocalyptic artifacts.

---

Me: Evil the Cat!

Nico: Not this bad cat again!

Me: I still owe you for slashing my arm with those claws of yours!

Evil the Cat: Well now I will soon return the favor 100 fold.

Me: Bring it on furball! I hope your 9 lives are up for another beatdown!

Eli: Cats having 9 lives is just a myth.

Me: Not to this cat.

We got the usual battles underway.

## Lincoln, Rainbow Dash, Scootaloo, Air Skylanders, Milo, Kida, Elena and Shocker VS Electro - Nico's Rescue

Electro was first.

Electro: (to Lincoln) Nico and Optimus made a wise choice in his rescue. Eddy should've just destroyed that fucking phone after the first few calls!

Lincoln: You're not kidding there. I'm just surprised Rolf never though of that before.

Rainbow Dash: Yeah that phone was bad news.

Scootaloo: Boy it sure was. And it looked cool but it was evil.

Whirlwind: Yeah it sure was.

Milo: That phone was evil wasn't it.

Kida: It sure was.

Elena: Thank goodness it's gone for good.

Electro: Yeah no kidding. Lets do it!

They fired waves of lightning, wind and rainbows and smashed him down.

Lincoln: AW YEAH BABY!

Rainbow Dash: That was AWESOME!

## Jonny 2X4, Fluttershy, Tornado Bolt, Life Skylanders, Inspector Gadget, Penny, Brain, Youngblood, and Family Guy Penelope VS Deadwood - Lincoln's Rescue

Deadwood was next.

Mavis was asked by the police in Canada to do some investigating on Heather, and knowing her reputation as a conniving, manipulative, two-faced Queen Bee bitch, Mavis couldn't refuse the opportunity to put her in her place. She went to Canada, and began her investigation, and what Mavis found out was too shocking for words: she found out that Heather was planning to burn down her home and in the process, kill her parents and her siblings, so she can get her hands on the insurance money, which was a whopping $500,000 or $397,500.00 in America Money. Knowing that she was a black-hearted monster to her parents and siblings, Mavis wasn't going to let her do it, so she sent the information to the Canadian authorities, and they came in and arrested Heather. She tried to manipulate the jury and the justice system, but because of the evidence that Mavis gathered, Heather was convicted of attempted arson, attempted murder, and insurance fraud, and because of her being a habitual offender due to her actions in Total Drama, she was supposed to be sentenced to Life in Prison without Parole as a Dangerous Offender, but that bitch escaped from the cops and she ran off into a hideout house where she laid low, but she swore that one day, she would get revenge on the one who called the cops on her and that is Mavis.

Crash Bandicoot: I knew there's no mistaking that voice from anywhere. You can come out now, N. Tropy.

A figure wearing clockwork-themed armor and wielding a large tuning fork appeared, and it was none other than Dr. Nefarious Tropy, one of Crash Bandicoot's many enemies, and self-proclaimed "Master of Time".

---

**Dr. Nefarious Tropy** or better known as **Dr. Tropy** or simply known as **Tropy** is the secondary antagonist of the *Crash Bandicoot* franchise, appearing as a major antagonist of *Crash Bandicoot: Warped* and the main antagonist of *Crash Bandicoot 4: It's About Time* . In the alternate timeline, he appears as a minor antagonist in *Crash Bandicoot: The Wrath of Cortex* and *Crash Twinsanity* .

He is an evil scientist who specializes in time travel and was an ally to Dr. Neo Cortex and Uka Uka in their quest for world domination, but later betrays them and teams up with a female counterpart of himself in order to destroy all reality and remake the timeline in their twisted image.

He was voiced by Michael Ensign in all of his appearances, except *Crash Bandicoot: The Wrath of Cortex*, *Crash Bandicoot N. Sane Trilogy* and *Crash Team Racing: Nitro-Fueled*, where he was voiced by Corey Burton, and he was voiced by JP Karliak in *Crash Bandicoot 4: It's About Time* .

*Crash Bandicoot 3: Warped!*

He created the Time Twister Machine in *Crash Bandicoot 3: Warped!* . He was summoned by Uka Uka to assist Dr. Neo Cortex in their plans for world domination. Tropy was the third boss faced in the game, but was eventually defeated by Crash who gained the Super Spin ability upon defeating him.

*Crash Bandicoot 4: It's About Time*

N. Tropy returns as one of the three main antagonists (alongside Dr. Neo Cortex and his alternate female counterpart) for *Crash*

*Bandicoot 4* which takes place directly after the events of *Crash Bandicoot 3: Warped* . Trapped with Uka Uka and Dr. Cortex in the Bone Yard (a level from *Crash Bandicoot 3* ), he and Uka Uka actively try to escape the portal. As N. Tropy is arguing with Cortex about the chance to escape, Uka Uka with all his strength creates a Quantum rift (before passing out from exhaustion). Finally free, N. Tropy encourages Cortex to leave Uka Uka behind and they set off to conquer the multi-dimensions.

In their next appearance, N. Tropy and Cortex are seen creating the Rift Generator to gain access to all dimensions. After Cortex dismisses N. Gin and N. Brio's projects, N. Tropy sends them to travel to the Hazardous Waste Dimension & Tranquility Falls Dimension respectively warning them to anticipate Crash & his allies to stop them.

Following the defeat of Dr. Cortex in the 11th Dimension, N. Tropy, through a hologram, ridicules him and reveals that he never intended to simply conquer the multiverse. He, with his new partner (his female dimensional counterpart from Tawna's timeline) plan to use the Rift Generator to recreate the timeline where they are gods and where everyone except for themselves were wiped from existence. Enraged by this betrayal, Cortex decides to join his enemies in stopping the N. Tropies.

Once Crash and his allies gather all four Quantum masks, they infiltrate Bermugula's orbit where N. Tropy and his dimensional counterpart command Nitrous Oxide to prevent their enemies from reaching the Rift Generator. Shortly afterwards the two N. Tropys begin flirting with each other (Much to Crash, Coco, Tawna, Nitrous Oxide, and Cortex's disgust and to Dingodile's amusement as they watch on screen). Later Tawna attempts to take the two doctors down on her own but is quickly defeated before Female N. Tropy mocks Tawna about killing her dimension's Crash and Coco. The rest of Team Crash arrives but is quickly separated from a Quantum Rift.

After Crash/Coco defeats N Tropy, Cortex attempts to mock Male N. Tropy for betraying him (using N. Tropy's very same words) before Dingodile and the Quantum Masks banish the two Doctor N Tropys into an unknown Quantum Rift, leaving their fates unknown.

Crash Bandicoot: N. Tropy, we knew you'd be here. But, this'll be the last time that we deal with you.

N. Tropy: But, I'll soon be rid of you at long last, you blasted bandicoot, especially once my partner gets here.

Crash Bandicoot: (Smirks) You mean her? Too bad for you she won't be joining anytime sooner. Lincoln, why don't you show him?

Lincoln: With pleasure.

Lincoln got out Female N. Tropy's severed head, and tossed it to Dr. N. Tropy, and when he saw it, it brought an overwhelming sense of dread and horror to his face.

Crash Bandicoot: And that's the exact look of dread and horror I wanted to see plastered on your face.

Paige: And now, it's time for you to die, N. Tropy.

Suddenly, Paige's eyes turned neon orange, and she was surrounded by an orange energy aura with lava, flames, dragons, and phoenixes, and the heat coming from her was unimaginably hot, and as she approached N. Tropy, she left orange energy, lava, flames, dragons, and phoenixes with every step.

Paige: N. Tropy, you've caused more than enough trouble for Crash and his friends for the last time, and now that your partner from a different universe is finally gone, now it's your turn, your life will be brought to an end here and now.

Suddenly, Paige was surrounded by a massive vortex of orange energy with lava, flames, and dragons surrounding it, there's a phoenix flying around the vortex, and in the vortex is a yellow phoenix. Then, as the vortex faded, Paige emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Paige grew from 6'0" to 6'5" in height, she had the body of a goddess, she has neon orange eyes and an orange energy aura with lava, flames, dragons, and phoenixes surrounding her, she had a dragon and a phoenix with the Fire Kanji in their claws emblazoned on her forehead, she now has fire colored highlights in the bangs of her long orange hair, and suddenly, Paige felt a sharp pain on her back, and then, massive orange angel wings with fire colored tips on the large orange feathers, sprouted out of her back, she has on dragon earrings with orange gems for eyes and the Fire Kanji in its claws and her merged Thunderbird Necklace of Eternal Love with orange crystal links and a Thunderbird and a phoenix with orange gems for eyes and the Fire Kanji in its claws for the pendant, she has on a light yellow sleeveless blouse, sleeveless light yellow midriff top with orange phoenix on it, blue rolled-up jeans with flames on the legs, yellow sandals, and a long sleeveless orange trenchcoat with dragons, phoenixes, and flames on the coattails, and a dragon and phoenix surrounded by flames on the back, and Paige has on her Ring of The Phoenix on her right ring finger and her Star Sapphire Corps ring on her left ring finger.

There's a fire-colored kanji below the dragon and phoenix that said, "Paige, Loving Little Sister of Becky, Skilled Arcade Games Player, Loving Future Wife of Lincoln Loud, Destroyer of Lord Shen and his Delusional Ambitions, Last of The Honouian Race, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Emissary of Amaterasu, and Master of Fire, Lava, Phoenixes, and Dragons."

Paige has transformed into SUPER ANGEL INFINITY DRAGON PHOENIX FIRESTORM HONOUIAN ANGEL OF FIRESTORM JUSTICE!

We were amazed by Paige's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Dr. N. Tropy saw it, his look of horror and shock gave into murderous rage and was about to fire a clock from his tuning fork, but Paige fired a powerful blast of orange energy with flames, dragons, and phoenixes, and it melted Dr. N. Tropy's tuning fork into lava, burning his hand badly, and really burned him as he was sent flying into a wall.

Me: Whoa, Paige has transformed.

Nico: Awesome, she looks like a true Angel of Flames, and N. Tropy is about to be burned badly.

Lincoln: Wow, Paige, you look beautiful, how do you feel?

Paige: (Divine Echoing Cosmic Voice of The Honouian Phoenix Angel and Draconic Love) **I feel incredible, Linky. Now, shall we send N. Tropy straight to his grave to join his partner?**

Lincoln: (Smiles) With pleasure, Paige.

Crash Bandicoot: This'll be the last time we ever deal with you, N. Tropy.

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird

Buffalo Angel of Universal Justice and Elemental Hope, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, and they joined Paige.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get that mad lunatic.**

Lincoln, Paige, and Crash Bandicoot went after N. Tropy, and they fired powerful blasts of rainbow energy, orange energy, elemental forces, fire, water, wind, light, darkness, earth, plants and fruit, gears, magic, bones, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Dragons, and they exploded with incredible power as they hit N. Tropy. Then, Paige slashed at him with her new sword, and they left powerful burning scars on him, and they were unable to be healed, Lincoln and Crash Bandicoot slashed off N. Tropy's arms as he screamed in such excruciating pain. Then, Lincoln stripped N. Tropy of his powers, and he made them his own.

Paige: **Let's use our combo on him, guys.**

Lincoln: **You got it, Paige.**

Crash Bandicoot: (Divine Echoing Cosmic Voice of The Elemental Bandicoot and Elemental Skylands Bravery) **Your time's up, N. Tropy, and this time, stay dead and gone forever.**

Paige, Lincoln, and Crash Bandicoot: **HONOUIAN DRACONIC FIRESTORM PHOENIX MEGABLAST!**

Paige, Lincoln, and Crash Bandicoot fired massive and powerful blasts of fire and energy, which turns into a Honouian, Dragon, and Phoenix, the three powerful beings of fire, and as they hit N. Tropy, the blasts exploded with incredible power, incinerating N. Tropy and reducing him to ashes, and as soon as his spirit appeared, Crash Bandicoot personally marked his forehead with a kanji, and like Female N. Tropy, the mad scientist was also erased from existence by the Black Gates forever. We cheered wildly for what Paige, Lincoln, and Crash Bandicoot did as they holster their massive swords on their backs and power down, and Paige's new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Paige: That's it for that mad scientist and his crazy schemes for good. Thanks for helping me with getting rid of N. Tropy, Linky, and you too, Crash.

Lincoln: (Smiles Warmly) You're welcome, Paige.

Suddenly, Paige wrapped her arms around Lincoln's waist, and her chest was pressed against Lincoln's massive and wide muscular pecs, which brought an atomic red blush to Lincoln's face, and Lincoln wrapped his abnormally massive and powerful muscular arms around Paige's waist and he brought her into an embrace, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans down to Paige's face, they kissed passionately as Paige wrapped her left arm around Lincoln's wider and muscular back, and she'd placed her left hand on Lincoln's massive and wide right pec, and right behind them was a Thunderbird, Phoenix, Dragon, and Angel flying in the air, along with flames behind them, and we also saw a herd of Buffalo running across the field, and the display of the elemental forces behind them, and we cheered for them.

Nico: That's so awesome!

Me: A fiery display of love, now that's something worth seeing.

Crash Bandicoot: And now, we're rid of one of my many enemies for good. But, I have a feeling that we're about to run into one of the most absolute worst of our old enemies.

Aku-Aku: (Jamaican Accent) I have that feeling as well, Crash.

Coco Bandicoot: But, we'll be ready.

Alternate Tawna: You bet.

Lani-Loli: And if it's who Crash was talking about, we've got to be ready for… him.

Me: We will be, Lani-Loli.

We got out.

Me: That was fun.

Zola: (To the viewers) This was an awesome treasure hunt adventure and it was great we got rid of Gollum.

Nico: It sure was. I never liked that monster. Great job everyone. Lets head back to the fortress to rest before we head to the Comoros Islands.

Me: Okay.

We went back to the Flying Fortress.

# RIDONCULOUS RACE PART 4 - Comoros

Flying over the jungles of Central America was Nico, me, The Hernandez Sisters and Hawkgirl and we were in the year 1511 and we were there to save Jaguar Paw and his village from being killed by the Mayans of Tikal in Guatemala from being Sacrificed.

Nico: Thanks for coming with me, Shayara.

Hawkgirl: No problem Nico. This will be really awesome to see.

Me: And we're flying over the jungles of Central America.

Fiona Hernandez: Yep we sure are. We're in the world of Apocalypto.

Nicole Hernandez: Oh wow. This will be awesome.

Me: Yep it sure will. That movie was bloody and awesome.

Nico: Yeah it was.

We flew over the jungle and we arrived at Tikal.

Me: The city of Tikal in Guatemala.

Nico: Wow. Look at all the people there. They are really excited about something.

Marie Hernandez: It's human sacrifice time. They're sacrificing humans to try and appease the Gods to try and replenish the land.

Nico: That is sick.

Me: Yeah but it was like this back 511 years ago.

Nico: Shayara, it must've hurt to side with your people against the rest of the Justice League.

Hawkgirl: It did. But in the end I chose the Justice League.

Me: The Thanagarean Invasion really scarred you Shayera.

Nicole Hernandez: That was terrible.

Natasha Hernandez: Yeah.

We were hiding in the clouds and watching and we heard the priest speaking.

Nico: What is he saying?

Fiona Hernandez: He is trying to appease the god of Fire, Kukulkan and trying to prevent him from destroying them.

Me: Yeah.

We saw him bring a man out and put him on an altar and then he stabbed him and cut him open and ripped out his beating heart and then chopped off his head and tossed the body down the pyramid.

Nico: That is sick.

Me: It was sick. But it was like this back then.

We then saw him about to sacrifice Jaguar Paw.

Nico: Alright, that tears it. We're putting a stop to this.

Me: Nico wait! Look!

We saw the Sun being eclipsed by the moon.

Nico: It's an eclipse.

Fiona Hernandez: Just like Jaguar Paw and the Oracle Girl said.

Hawkgirl: That is considered an omen.

Me: Yep.

The day turned into night and we saw the stars in the day. Wow.

Me: Just like what we saw in 2017.

Nico: Wow. That is amazing.

We saw the people clamoring and they were wondering what was happening.

Me: To the Mayans who worshiped the sun, the Moon eclipsing the sun was considered a bad omen.

Nico: Well, we have to do something!

Me: Nico trust me on this. Look there.

They were being taken to the ball field and they were gonna be used for Target Practice.

Me: Now comes the fun part.

I pulled out my bow and an arrow and it had a razor sharp tip.

Me: Watch this.

I pulled the arrow back. I had Zero Wolf locked in my sights.

Nico: Oh I get it. When you hit Zero Wolf that will be the signal to attack.

Me: Bingo.

They fired some arrows.

Me: Goodbye you Sacrificing Asswipe!

I fired the arrow and it zoomed fast through the wind and just as Zero Wolf was about to have a shot…

SQUELCH!

He was skewered all the way through his head and it came right off and stuck it to a pillar!

Nico: WHOA! Nice shot J.D.

Fiona Hernandez: That was awesome marksmanship.

Me: Just a little luck on that one.

Nico: SHOWTIME!

We flew down!

I fired balls of fire and they hit the men of Zero Wolf and ignited them.

Then Hawkgirl used her mace and smashed their bodies into pulp!

Hawkgirl: You've sacrificed your last innocent!

Nico: YEAH!

SLASH SLASH SLASH!

Nico slashed the men all over and Fiona and her sisters freed Jaguar Paw and friends.

Fiona Hernandez: Go go go!

They ran to the jungle!

Nico: Wait Zero Wolf's son is out there!

?: I got him!

A Great Blue Windrunner flew in.

Me: Whoa! A Great Blue Windrunner!

Nico: Wow!

We saw it change and revert back and it was a girl in blue clothes and she had Neon Aqua Blue hair and had blue wings on her back and a second set on her legs!

Nico: Wow! Lizzie Strong!

She swooped in and slashed Zero Wolf's Son and bisected him.

Nico: YEAH!

Lizzie Strong came back.

Lizzie Strong: Now that was awesome!

Hawkgirl: They won't be sacrificing anyone again.

Me: Well at least not until the Spanish Conquistadors have anything to say about it. Remember this is the time of the Spanish Conquest.

Hawkgirl: That's true.

Lizzie Strong: Yep but that was a magnificent shot J.D. I saw you take that shot from afar and that was great marksmanship.

Me: Thanks Lizzie. That was awesome firing from that far.

Nico: But it's awesome to see you Lizzie.

Lizzie Strong: Same here Nico. Wow you have grown into an amazing man.

Nicole Hernandez: Lizzie we missed you.

The Hernandez Sisters hugged her.

Lizzie Strong: Nicole, Natasha, Marie and Fiona. I missed you all too.

Nico: We all did.

Hawkgirl: What's your favorite memory of Nico?

Lizzie Strong: I have a lot of them but my favorites are in science and nature classes.

Nico: Lizzie is a master of science, nature, evolution and biomechanics. She knows all there is to know about nature and the sciences of evolution and even speculative evolution.

Me: Wow! So you got slammed with Windrunner DNA.

Lizzie Strong: Yes but on purpose. To stop the Team Rocket Scientists from turning a number of kids into an army of Falconfly

Gene-Slammers. Now my favorite memory is where me and Nico were learning so much about trees and how they will evolve in 200 million years and about the effects of poison ivy on the skin. It was really cool. We saw a girl picking on a kid for getting a bad grade and then I took some poison ivy and shoved it down her butt and she was itching for weeks because of it.

Nico: The Poison Ivy Itch-tastrophe!

We laughed at that.

Fiona Hernandez: (Laughs) I remember that! That was great!

Marie Hernandez: That sure was. We told the principal what she was doing and she was expelled.

Me: Good riddance to that bitch.

Nico: Yep.

Nico and Lizzie hugged.

Nico: I really missed you.

Lizzie Strong: Me too Nico. Me too.

We then heard yelling.

Me: Uh oh. We got company. Lets get out of here.

Fiona Hernandez: We can take their weapons for us to use.

She rolled them up and we got out of there just in time before more Mayan Soldiers came.

* * *

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS

Lincoln: Whoa, we're in the world of Lethal Weapon 2, and I know what we're going to do here, not only am I going to rescue the nineteen girls there, but we're also going to kill Arjen Rudd.

Me: That's right, big guy. I hated that asshole, Arjen Rudd, he's used his position as the Minister of Affairs for the South African consulate in Los Angeles to do a lot of corrupt activities, such as money laundering and he's also killed lots of African Americans during the South African Apartheid.

Nico: This guy deserves to die in the same manner like in the end of the movie.

Lincoln: That's right, Nico, and thanks for joining us on our rescue, Max.

Max Ride: You're welcome, Lincoln. This is going to be one awesome rescue, but we also got to watch out for Arjen Rudd's right-hand man, Pieter "Adolf" Vorstedt, who's involved in much of Rudd's crimes along with the rest of Rudd's henchmen.

Lincoln: Not to worry, I've got a plan to dispose of them for good.

Lincoln sprouted his massive, long, and powerful eleven white werewolf tails with large black wolf heads, and they open their mouths and spit out what looks like mush in the same color as Lincoln's tanned skin, and they crawled silently to Pieter "Adolf" Vorstedt and the rest of Rudd's henchmen. Then, the mush piles jumped on Pieter "Adolf" Vorstedt and the rest of Rudd's henchmen, and they tried to get it off them, but it was just making it worse as they were being engulfed in them.

Nico: Now I see what you're doing, you're using Majin Buu's ability to absorb people into his body.

Lincoln: Yep, and once I've absorbed them, my body will also suck out every last bit of their energy, and once they've been weakened and completely drained of energy, Lincolns 2, 3, and 4 will destroy them and Super Hakai their spirits for good.

Me: Whoa.

Lincoln called back the mush piles with the engulfed Pieter "Adolf" Vorstedt and the rest of Rudd's henchmen in them, and they piled onto Lincoln's stomach one by one, and they merged with his body, and he absorbed Pieter "Adolf" Vorstedt and the rest of Rudd's henchmen into his body, and once inside, Pieter "Adolf" Vorstedt and the rest of Rudd's henchmen had their energy sucked out of their bodies by Lincoln, and they were drained completely of their energy, and then, Lincoln 2, Lincoln 3, and Lincoln 4 cut them all down, and their spirits were Super Hakaied for good.

Me: Nice one, Lincoln.

Lincoln: Thanks, J.D. But, we're not done yet, only Arjen Rudd remains.

?: HELP!

Suddenly, Lincoln heard the sound of seventeen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the seventeen girls, but they've been cornered by Arjen Rudd, and he's going to kill them.

Lincoln: Guys, I found the seventeen girls, but they've been cornered by Arjen Rudd, and he's going to kill them.

?: That heartless, good-for-nothing, corrupt asshole! Let's get him.

Suddenly, we saw the Koaki Meiru Valafar Duel Monster appear before us.

Lincoln: That voice, I knew it was you, Lana Hugo. But, we'll talk later, right now, we got a corrupt Minister of Affairs for the South African consulate in Los Angeles to kill.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits Arjen Rudd, and that allowed the seventeen girls to get away. When Arjen Rudd saw us, he was enraged.

Arjen Rudd: Team Loud Phoenix Storm?! But, how, where were the guards?!

Lincoln: They're dead, and now, you're next.

Me: You're heading straight for the grave, you asshole!

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, The Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Nokama, Ren, Stimpy, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, and Me, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went at Arjen Rudd, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, green flames, and water, and they exploded with incredible power as they hit him.

Arjen Rudd was badly injured by our attack on him. But, he still tried to show that he still had his so-called Diplomatic Immunity.

Arjen Rudd: Diplomatic Immunity, you can't hurt me.

But, what he didn't know was that Lincoln had sent the information of Arjen Rudd's crimes including money laundering and killings of African Americans during the South African Apartheid to the Los Angeles Police Department and to the FBI, and they not only revoked his Diplomatic Immunity status, they also gave us the order to kill him. Lincoln got out his Eater of Sins revolver and just like in the movie, Lincoln shot a powerful energy bullet made of Rudd's sins into his head, and not only did he die, but his body glowed purple and he was Super Hakaied for good.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **It's just been revoked!**

Me: Yeah, you tell him, big guy!

We cheered wildly as we holster our weapons and power down.

Lincoln: That's it for Arjen Rudd. (To Lana Hugo) And it's so good to see you again, Lana Hugo.

Lana Hugo: You too, Lincoln, it's been a long time.

Lincoln went up to Lana Hugo and they hugged, and Lana Hugo was also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become.

Lincoln: It sure has been a long time, I haven't seen you when you were twelve, and as you can see, I really grew a lot since then.

Lana Hugo: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Lana Hugo, she's from Michigan, and she's a powerful athlete and has a love for Spicy Food.

Me: She's just like Lynn and many of us.

Lana Hugo: But, unlike Lynn when she still had Dark Lynn in her, I'm known as a good sportswoman. And you guys are in for a shock: I've got five REALLY NASTY revelations about Heather.

We gasped in shock.

Lincoln: We already heard about one of them from Mavis Schroder yesterday, these five revelations you have for us are about to expose just how depraved Heather truly is. We'll hear about it later during our exercise in the TLPS Floating Fortress Gym, but, first, let's get you back to normal, Lana. Boys, you know the drill, and Nicole, you know what to do?

Me, Nico, Eli, and the rest of the boys cover our eyes as Lincoln snapped his fingers, and Lana Hugo was reverting back to normal. Lana Hugo is a beautiful 17-year-old girl with long flowing crimson red hair, crimson red eyes, fair skin, she's 6'5" in height, she has the body of a goddess, and she has massive crimson red angel wings, as she reigned in the power of the Koaki Meiru Valafar.

Lincoln: How do you feel, Lana?

Lana Hugo: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Lana Hugo her new wardrobe, a sleeveless red midriff top, long red skirt with flowers on them, black shorts, black stockings, red shoes, long sleeveless crimson red trenchcoat with flames on the coattails with the Koaki Meiru Valafar on the back, and holstered on her back is a large CKoaki Meiru Valafar-themed sword with Koaki Meiru Valafar etched on the 6'5" massive, wide, double-edged, man-sized crimson red blade, crimson red angel wings for the crossguard, large crimson red gem embedded in the rainguard, longer black handle, and large crimson red gem surrounded by angel wings for the pommel.

Lana Hugo: Wow, I love the outfit you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Lana Hugo's neck with crimson red gems on the gold lightning bolts and crimson red crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Lana Hugo: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Lana.

Lana Hugo had a smile on her face and tears coming from her eyes, as she wrapped her arms around Lincoln's waist and Lincoln wrapped his abnormally massive and powerful muscular arms around her body and he leaned down and kissed Lana Hugo on the lips, and she returned it, and we cheered for them. Then, we went up to the seventeen girls, and when Lincoln saw them, he recognized them. The seventeen girls are Hinata Ibuki, Koumoto Madoka, Nakatsugawa Ui, Sakai Hina, Toudou Koyori, Toudou Tsumugi, Dan Yuuka, Toudou Kasane, and Yorozu Senka from A Bridge to the Starry Skies, Elysia de Lute Ima, Aoyama Mio, Hatori Yuu, Ishikiri Izumi, Kosaka Chihiro, Nakagawa Kanon, Nikaidou Yuri, Shiomiya Shiori, Takahara Ayumi, and Terada Miyako from The World God Only Knows.

Lincoln: Oh wow, it's Hinata Ibuki, Koumoto Madoka, Nakatsugawa Ui, Sakai Hina, Toudou Koyori, Toudou Tsumugi, Dan Yuuka, Toudou Kasane, Yorozu Senka, Elysia de Lute Ima, Aoyama Mio, Hatori Yuu, Ishikiri Izumi, Kosaka Chihiro, Nakagawa Kanon, Nikaidou Yuri, Shiomiya Shiori, Takahara Ayumi, and Terada Miyako.

Nicole Knudson: From A Bridge to the Starry Skies and The World God Only Knows, awesome.

Lincoln: Are you girls okay?

Hinata Ibuki: Yes, we're okay, thanks to you.

Then, when Hinata Ibuki and the other sixteen girls saw who it was that saved them from Arjen Rudd, their faces turned atomic red upon seeing the 17-year-old 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large gold buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Hinata Ibuki: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made sixteen clones of himself, and he and the sixteen clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Hinata Ibuki: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, seventeen Thunderbird Necklaces of Eternal Love appeared on the necks of Hinata Ibuki, Koumoto Madoka, Nakatsugawa Ui, Sakai Hina, Toudou Koyori, Toudou Tsumugi, Dan Yuuka, Toudou Kasane, Yorozu Senka, Elysia de Lute Ima, Aoyama Mio, Hatori Yuu, Ishikiri Izumi, Kosaka Chihiro, Nakagawa Kanon, Nikaidou Yuri, Shiomiya Shiori, Takahara Ayumi, and Terada Miyako with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned home to the TLPS Flying Fortress and we told everyone what happened during Lincoln's rescue, and they were shocked when they found out the villain we went after was Arjen Rudd.

But, when Lincoln showed what we did to Arjen Rudd and his henchmen, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to

Lincoln, and they kissed him all over. Lincoln and Lana Hugo now have a lot of catching up to do, now that she's back, and we got rid of Arjen Rudd and his henchmen and stopped their illegal activities in Los Angeles for good.

---

After getting rid of Arjen Rudd and his henchmen, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Lana Hugo saw Lincoln working out like crazy, she had an atomic red blush on her face.

Lana Hugo: Whoa, I was right that Lincoln has really grown to be a 17-year-old 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his abs hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Lana, and now, I can also defend myself.

Lana Hugo: That's incredible.

Nico: It sure is, Lana. So, what are these five really REALLY NASTY revelations about Heather?

Lana Hugo: You guys aren't going to like these five revelations one bit. It wasn't long after Mavis Schroder stopped Heather's plot to burn down her own house to kill her parents and siblings to get the insurance money that she came out of hiding. I was asked by the FBI Royal Canadian Mounted Police to do some investigating on Heather, who came out of hiding, and I agreed to do so. During my investigation, I found out five really REALLY NASTY revelations about her. The first is that she tried to kill The Total Drama Crew who've gotten her voted off in the past with poison, but I snagged the poison before she could use it. The second is that she tried to use explosives to kill the Total Drama Crew again, but I disabled her little explosives and kept them in an evidence bag to use against her in trial. The third is that she tried to hire hitmen to kill The Total Drama Crew again, but I brutally pulverized them and got them all arrested by the authorities. The fourth is that Heather tried to slander the Total Drama Crew in front of live TV, but I soon posted evidence of Heather's wrongdoings on the internet, and once they went viral, everyone wanted her head on a pike, and she ran for her lift, and the fifth revelation is that she tried to kill them all by herself, but that's when I came in and really roughed her up by piledriving her into the ground, and her eyes were filled with so much hate and rage, it was like I was dealing with The Devil. Then, I tied her up and handed her to the cops, but she escaped and she swore she'd get revenge on me one day.

We gasped in total shock at those five nasty revelations about Heather.

Me: My God.

Nico: Heather really is a black-hearted murderous bitch from the depths of Hell, if she tried to do all of those things for revenge.

Lincoln: Now, we're really glad she's in prison for the rest of her miserable life. You know what, when we get back home, I'm going to give her the same curse I gave to Gabriel Tinsley, Jacques Schnee, Josee, Jacques, and Amy. We'll see just how smug she is when the tormented souls of her past come crying and screaming for her blood.

Nico: Now, that I'd like to see.

Me: Same here, Nico. Heather's gone too far this time.

We then got a shower afterwards, but then, the alarm in the TLPS Floating Fortress sounded, and when Lincoln checked it out, he saw that Roxy and Linda Lash, two female thugs from the Black Dragon Clan and enemies of the Lee Brothers, are here and they're causing havoc.

Lincoln: Oh great, Roxy and Linda Lash are here.

Jimmy Lee: Those two just don't even know when to quit.

Gluko: We'd better take those two down before we head for The Comoros Islands.

Batch: And there's only one place for those two: prison.

Lincoln: Right, let's go.

We head out, and Lincoln fired two powerful rainbow energy balls at Roxy and Linda Lash, and they got hit in the back. When Roxy and Linda Lash saw us, they were already mad.

Roxy (Double Dragon): So, the famous Team Loud Phoenix Storm are here?

Linda Lash: Now, we can get revenge on all of you for constantly defeating our allies and throwing them in prison.

Lincoln: Not going to happen, you two are both heading for the slammer.

Gluko: But, not after we rough you both up.

Batch: And have you both tied up.

Suddenly, Gluko and Batch's eyes turned neon purple and neon brown, and Gluko was surrounded by a purple energy aura with bats and shadows and Batch was surrounded by an orange energy aura with dragons, lava, and earth, and as they approached Roxy and Linda Lash, they left orange and purple energy, bats, shadows, dragons, lava, and earth with every step. Suddenly, Gluko was surrounded by a massive vortex of purple energy with shadows surrounding the vortex, there's a colony of bats flying around the vortex, and in the vortex is a purple phoenix, and Batch was surrounded by a massive vortex of orange energy with lava and earth surrounding it, there was an Earth Dragon flying around it, and in the vortex is an orange phoenix. Then, as the vortexes faded, Gluko and Batch emerged, but they were changed forever.

And Batch grew to 6'5" in height, she had the body of a goddess, she has neon brown eyes and an orange energy aura with lava, earth, and dragons surrounding her, she has a dragon with the Earth Kanji in their claws emblazoned on her forehead, she now has fire colored highlights in the bangs of her long orange hair, and suddenly, Batch felt a sharp pain on her back, and then, massive orange angel wings with fire colored tips on the large orange feathers, sprouted out of her back, she has on dragon earrings with orange gems for eyes and the Earth Kanji in its claws and her merged Thunderbird Necklace of Eternal Love with orange crystal links and a Thunderbird and a dragon with orange gems for eyes and the Earth Kanji in its claws for the pendant, she has on a light orange sleeveless blouse, sleeveless orange midriff top with brown phoenix on it, orange skirt, black pants with flames on the legs, orange ankle-high high heeled boots, and long sleeveless orange trenchcoat with dragons, earth, and lava on the coattails, and a dragon surrounded by lava and rocks on the back, and Batch has on her Ring of The Phoenix with large orange gem on her right ring finger and her Star Sapphire Corps ring on her left ring finger. There's a fire-colored kanji below the dragon that said, "Batch, Tomboy Member of The Mon Colle Knights, Friend of Prince Eccentro and Gluko, Loving Future Wife of Lincoln Loud, Destroyer of Tanaka, Protector of Mon World, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Lava and Dragons."

Batch has transformed into SUPER ANGEL INFINITY VOLCANIC DRAGON ANGEL OF VOLCANIC JUSTICE AND DIVINE LOVE!

We also saw that Gluko and Batch's massive Defenders of Mon World have changed, they were known as Mon World's Knight Swords of Monster Justice, they're new large swords with a 6'9" massive, wide, double-edged purple blade with a bat etched on it, purple bat heads for the crossguard, large purple gem embedded in the rainguard, longer black handle, and large purple gem surrounded by angel wings for the pommel for Gluko, and a 6'9" massive, wide, double-edged orange blade with a dragon etched on it, large orange dragon heads for the crossguard, large orange gem embedded in the rainguard, longer black handle, and large orange gem surrounded by angel wings for the pommel for Batch.

We were amazed by Gluko and Batch's Super Angel Infinity transformations, and when Lincoln saw them, he had an atomic red blush on his face and hearts in his eyes. But, when Roxy and Linda Lash saw them, they tried to attack, but Gluko and Batch fired powerful orange and purple energy blasts with shadows, bats, lava, and dragons at them, which sent the two thugs flying to a tree.

Lincoln: Wow, Gluko, Batch, you look beautiful. How do you both feel?

Gluko: (Divine Echoing Cosmic Voice of The Shadow Bat and Divine Dark Love) **We feel incredible, Linky.**

Batch: (Divine Echoing Cosmic Voice of The Earth Dragon and Divine Volcanic Love) **Now, shall we take care of these two thugs?**

Lincoln: (Smiles) With pleasure, girls.

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Gluko and Batch.

Lincoln: **Let's get those two thugs.**

Lincoln, Gluko, and Batch went after Roxy and Linda Lash, and they fired powerful blasts of rainbow energy, orange energy, purple energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, Bats, and Dragons, and they exploded with incredible power as they hit Roxy and Linda Lash. Then, Lincoln, Gluko, and Batch punched and kicked Roxy and Linda Lash with incredible superhuman strength, and they defeated the two thugs. Then, Lincoln tied them up with rainbow energy straitjackets and rainbow energy chains, and beamed them to The Masters of Evil's prison. We cheered wildly as Lincoln, Gluko, and Batch holster their massive swords on their backs and power down, and Gluko and Batch's new bodies, clothes, weapons, jewelry, and massive angel wings are permanent.

Gluko: That was a lot of fun.

Batch: And we really roughed those two thugs up, awesome. Thanks for helping us take down those two thugs, Linky.

Lincoln: (Smiles Warmly) You're welcome, girls.

Suddenly, Gluko and Batch wrapped their arms around Lincoln's waist, and their chests were pressed against Lincoln's massive and wide muscular pecs, which brought an atomic red blush to Lincoln's face, and Lincoln wrapped his abnormally massive and powerful muscular arms around Gluko and Batch and he brought them into an embrace, which took them by surprise and brought an atomic red blush to their faces. Then, as Lincoln leans down to Gluko and Batch's faces, they kissed passionately as Gluko and Batch wrapped their left arms around Lincoln's wider and muscular back, and they place their left hands on Lincoln's massive and wide muscular pecs, and right behind the three of them was a Thunderbird, Phoenix, Dragon, Bat, and Angel flying in the air, and we saw a herd of Buffalo running across the field, and the display of the elemental forces behind them, and we cheered for them.

Me: Now, that's so awesome.

Nico: You said it, J.D.

We returned to the TLPS Floating Fortress to head for The Comoros Islands. Suddenly, Aku-Aku had sensed something in the air, and he heard the sound of familiar maniacal laughter in the air, and the same can be said for Crash Bandicoot, Coco Bandicoot, Alternate Tawna, and the Quantum Masks. When we saw the look of horror on Aku-Aku's face, we knew it meant trouble.

Lincoln: Aku-Aku, is someone waiting for us?

Aku-Aku: (Jamaican Accent) I'm afraid so, Lincoln. That voice I heard and that great evil I sensed, it's my evil twin brother, Uka-Uka.

We gasped in shock.

Nicole Knudson: Uka-Uka, I should've guessed he'd one day show up.

Crash Bandicoot: But, I'm not surprised, remember yesterday after Paige, Lincoln, and I wasted N. Tropy, I knew that one day, Uka-Uka would show up, and he'd want one thing: revenge on us for foiling his plans to take over the world, and also, for constantly humiliating him.

Me: Sheesh, looks like we're in for one wild battle. Aku-Aku, do you know where Uka-Uka is at?

Aku-Aku: (Jamaican Accent) Yes, I do, J.D., he's hiding out in The Comoros Islands.

Nico: And that's exactly where we're heading to now for our next challenge.

Gage the Hedgehog: Then, allow me to deal with that evil mask, Nico.

Nico: Alright, Gage, you got a deal.

Suddenly, Gage the Hedgehog's massive Defender of Mobius sword unholstered itself from his back, and it was suddenly surrounded by a massive vortex of yellow energy with fire, ice, electricity, earth, wind, and water, and when it emerged, it was transformed into Elemental Sword of The Greek Gods and Mobian Justice, it's a new large sword with a 6'10" massive, wide, double-edged silver blade with the Greek Deities of Fire, Ice, Electricity, Earth, Wind, and Water, Hephaestus, Boreas, Zeus, Gaea, the Anemoi, and Poseidon etched on the blade with the symbols of fire, ice, electricity, earth, wind, and water around them, large gold wolf heads with rainbow gems for the eyes, large multi-colored gem embedded in the rainguard, longer brown handle, and four large gold wolf heads with rainbow gems for eyes and a multi-colored gem on the bottom for the pommel.

Nico: Whoa.

Lincoln 2: Whoa is right, Nico. Gage, that new weapon you see before you is known as the Elemental Sword of The Greek Gods and Mobian Justice, it's an evolution of your Defender of Mobius sword, and it's imbued with the powers of the Greek Deities of Fire, Ice, Electricity, Earth, Wind, and Water, Hephaestus, Boreas, Zeus, Gaea, the Anemoi, and Poseidon.

Gage the Hedgehog: Awesome.

Suddenly, the sword called out to Gage the Hedgehog, and he grabbed the new large blade's longer black handle. Then, we saw something happen: Gage the Hedgehog's brownish green left eye and blue right eye glowed, and the power of that blade burned away his blindness forever, and then, we also saw something else happen to him: Gage the Hedgehog grew to 7'5" in height, and we saw all his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and we saw that Gage the Hedgehog now has powerful upper and lower body muscles and eight-pack abs. When we saw what happened to Gage the Hedgehog, we were really stunned, Gage the Hedgehog has turned into a very muscular hunk.

Gage the Hedgehog: Whoa, what on Earth happened to me?

Lincoln made a water mirror, and when Gage the Hedgehog saw what happened to him, he was really stunned: not only can he finally see, but he saw that his body underwent one serious transformation, and he's also even more stronger than ever. Gage the Hedgehog saw what happened to him, and he was stunned. Then, he snapped his fingers and he was now in a brand-new outfit: a large pair of black pants held up by a black leather belt, he has on a larger version of his black shoes, larger yellow bracelets on his wrists and yellow anklets on his ankles, his necklace with the yellow crystal at the end, and he has his tranquillizer dart gun, flame thrower, grenade launcher, and ray gun still holstered, and he has on large weighted black bands with silver phoenixes on his massive biceps and thighs. He then holstered his massive Elemental Sword of The Greek Gods and Mobian Justice on his wider and more muscular back.

Gage the Hedgehog: Alright, now I'm ready for Uka-Uka after we complete our challenge. Let's go.

We head for the Comoros Islands, and later on after the challenge, Gage the Hedgehog is going to take down Uka-Uka, and see to it he never causes trouble ever again.

---

Later it was time for Zarya's 2nd Ambassador Mission.

Nico: (GULPS) I'm ready for this.

William: Nico, me and Maria should go with you for support.

Maria: Yeah Nico and the Loud kids, Lord Drakkon and Myotismon are coming too.

Me: Yeah Nico we're with you all the way on this.

Nico: Thanks guys. I'm excited to meet the Zenkaigers but also really nervous about the reprimanding Zocks will give me.

May: Well if he says anything harsh he will get a reprimanding.

Me: Yeah.

Zarya: But we'll be ready for anything coming.

Me: Lets head out.

We were off to Japan.

We arrived and we saw the Zenkaigers.

Me: Hey guys.

Kaito: Hey J.D.!

Zarya: Hey guys. Meet J.D.'s successor.

Nico: Awesome to meet you all.

Kaito: (shakes Nico's hand) It's really nice to meet you, Nico.

Nico: Same here. And these are some of our teammates.

Lincoln: We're the Loud Kids. I'm Lincoln Loud.

Lori: My name is Lori and I'm the eldest.

Leni: I'm Leni Loud.

Luna: Name's Luna Loud.

Luan: I'm Luan Loud.

Lynn: I'm Lynn Loud.

Linka Loud: I'm Linka Loud.

Lyra: I'm Lyra Loud.

Liberty: I'm Liberty Loud.

Lee: I'm Lee Loud.

Lucy: I'm Lucy Loud.

Laney: I'm Laney Loud.

Lana: I'm Lana Loud.

Lola: I'm Lola Loud.

Lisa: Greetings. I'm Lisa Loud.

Lily: And I'm Lily Loud the youngest of the family.

Magine: Wow! All your names start with the letter L.

Juran: And that is a lot of kids for one family.

Me: Yeah I was floored myself.

Lord Drakkon: My name is Lord Drakkon and I'm J.D.'s archenemy.

Me: He's one of members of the Masters of Evil and he's one of the villains from the Power Rangers comic books.

Nico: That's right.

Myotismon: I'm Nico's archenemy Myotismon.

May: My name is May Chan and I'm Nico's loving wife.

Poromon: And we're the mascots of the team. I'm Poromon.

Poliwag: Poliwag.

Manaphy: Manaphy.

Horsea: And I'm Horsea.

Magine: Wow! A Digimon and 3 Pokemon.

Me: Many more of them actually.

Maria: I'm Maria Rockell, second in command of the Redemption Squad.

William: And my name is William Dunbar and I'm the leader of the Redemption Squad. We're all with Nico for support.

Zocks: It's awesome to meet you all.

Lord Drakkon: Same here Zocks.

Nico: Yep.

Zocks: (Smirks) Why don't you come inside?

Flint: (laughs evilly) Yeah! We've got LOADS to talk about!

Cutanner and Ricky just chuckled sadistically.

Me: Guys please don't do that. We have enough of that when we fight bad guys.

Flint: Sorry.

We went into the shop.

Zarya: (looks around Candy Cafe Colorful) I've notced that I haven't seen your grandmother yet.

Kaito: Oh, she and my parents are still out on vacation after everything with the Tojitendo. Not to worry. You'll meet them on your next visit.

Me: One day we will. But yeah.

Nico: Look, Zocks. Hit me with your best shot. I can take whatever you have to say to-

POW!

Nico was cut off with Zocks punching Nico in the face, giving him a black eye and knocking him to the ground. William and Maria helped Nico up.

OUCH!

Me: Zocks that's going too far!

William: (glares at Zocks) Hey, man! What the Fuck?!

Zocks: (to Nico) Where the Hell do you get off?!

Nico: What are you talking about?

Flint: He's talking about how you treat J.D. badly, you filthy piece of shit!

Me: WHAT!? He never treated me that badly!

Zocks: (to Flint) I'm sorry, sis. Do you want to participate in the reprimanding too? Because I originally planned it for only me.

Me: Zocks punching him in the face was going overboard!

May: Yeah man!

Zocks: You think it's funny to mistreat J.D. after everything he did for you?!

Nico: Name one time I've treated him badly!

Zocks: Does making him team up with Sperg ring a bell?

Me: Zocks that was an emergency situation!

Nico: (sighs) Yes. But that was because we needed all the help we could find.

Me: Yeah the world was being invaded by Aliens that wanted our cheese to destroy us!

May: Yeah and you know how much Nico loves cheese.

Zocks: You also made him team up with Zurg about a week ago. I know that he proved himself Masters of Evil Material in the end. But that probably was stressing J.D. out even more after he was crying from killing Shredder out of vengeance!

Me: Now wait just a goddamn minute Zocks! Desperate times called for desperate measures! Heroes and villains have teamed up from time to time for things that happened like that! The Battle with Thanos was one of those times and we also had many wars where all the villains helped too. And some of them weren't in the Masters of Evil back then.

Flint: He does have a point.

Zocks: And you wanted to retreat and come up with a plan against Yog Sothoth in the middle of his rampage!

Lucy Loud: I'm sorry, Nico. But he has a point on that.

Me: That was because we had to act fast! We wouldn't be able to come up with a plan in time because the world was in danger!

Zocks: Not to mention that when you left Poromon and Poliwag alone, they threw a party! And on the anniversary of the 20 Days of Darkness!

Juran: That probably was disrespectful of them to do that.

Me: Yeah those days have affected not just Nico but ALL of us!

Zocks: (sighs) Okay, yeah you're right. Low blow. You know what? Everyone can just participate in this reprimanding too because people won't stop interrupting me!

Luna: Dudes, this is the funniest reprimanding ever!

Luan: (laughs) I know!

Me: Guys you're not helping!

Luna: Sorry.

Zocks: Let's not forget that when you and Sydney had a rescue together, you said you didn't need Eli's bonking heads method.

Lily: (to Nico) Wait. You really said that?!

Zocks: And the icing on the cake was when you decided not to use the Black Gate for about a week!

Nico: That's because Scott Pilgrim said the Black Gates might be taking a toll on our sanity! I don't want J.D. to turn out like the Justice Lords.

Me: I thought we were over that.

Flint: Big bro is like J.D. too. YOU THINK HE'S GONNA TURN EVIL TOO, YOU FUCKING MOTHERFUCKER?!

Lincoln: Geez, and I thought Tayuya had a foul mouth.

Me: Same with me. My mouth is just as rotten.

Laney: And I thought J.D. went through it rough when Bumblebee and everyone in the Aligned Universe reprimanded him.

Lana: Yeah.

Me: Okay Zocks that's enough. I think we get the point already.

Nico: (sighs) Maybe I HAVE been acting like a jerk lately.

Ricky: You think?!

Me: Ricky that's enough!

Ricky: Okay okay!

Me: The last thing we want is to reopen old wounds after everything that happened to us.

Nico: (to me) J.D., I'm sorry if I ever mistreated you in any way. I understand if you want your leadership back.

Me: No. Keep it. Like I said, you've earned it. Also Nico you didn't Mistreat me in ANY way. Zocks is wrong about that and you are a great leader. But there were times when we needed to act fast.

Zocks: J.D.'s right. I didn't say all that to hurt you. This was all constructive ctriticism. (smiles) You ARE a good leader. But you also have to be a good friend too. Especially to J.D.

Nico: Thanks Zocks.

Zocks: Okay. We're done.

Nico: Wait. The reprimanding's over already?

Zocks: Yes. I'm sorry if what I said was harsh. But it needed to be said. As long as you remember to be a good leader and a good friend at the same time, we won't have any problems.

Nico: (smiles) Thanks, Zocks.

Flint: (grabs Nico's manhood) But if you ever mistreat J.D. like that again, I'm going to tear off your manhood so bad you won't be able to regrow it for a week!

May growled ferociously at her!

Zocks: Flint, that's enough. My point's already been made.

Flint: Sorry!

Me: No need to resort to being a rapist and torturer.

Lord Drakkon: Yeah that's going a bit too far babe.

Flint: Sorry.

Nico: Anyway, now that you've made your point, let me explain to you how I fooled the Tojitendo into thinking they captured all the Super Sentai worlds.

Vroon: What are you talking about? When I worked for them as a janitor, they DID capture the Super Sentai Worlds. Heck, Boccowaus even used five of them in the final battle.

Nico: (laughs) Did you really think I wouldn't see that coming?

Me: Nico was actually one step ahead of Boccowaus on that.

Gaon: So, the Tojitendo only captured copies instead of the real deal?!

Nico: I couldn't let all the Super Sentai's work go to waste because of a bunch of Machine Empire ripoffs. Unfortunately, I couldn't do the same for the worlds the Tojitendo captured.

Me: But it was a very genius tactic. I have a feeling that when Boccowaus finds out about that in death, he's going to be REALLY infuriated.

Nico: I have a feeling he already is.

Lola: That will be awesome to see him explode with rage like that.

Me: Yeah with all of their work down the drain.

Flint: Also, me and Secchan made a Sentai Gear and Transformation Gun Geartlinger just for you, Zarya.

Juran: Don't expect it to be based on the Gorengers, Zyurangers, Gaorangers, Magirangers, Boukengers, and Gokaigers. Those are already taken.

Zarya Moonwolf: Wow! Thanks guys!

Me: Now you and me can be part of the team as well Zarya.

Zarya Moonwolf: We sure can.

Me: Oh don't forget Kyurangers. I've got that one.

Juran: Right sorry.

Nico: But that was awesome seeing that.

Lord Drakkon: J.D. has become rangers for EVERY team that we recruited.

Me: It's true. But we haven't met the Dino Fury rangers yet and we meet them later on.

Maria: Hey, what's that?

We then saw at the door… an elderly version of Poromon?

Poromon: (gasps) Grandpa Poromon?!

Grandpa Poromon: Poromon?

They went and hugged.

Me: You got to be kidding me. That's Poromon's grandpa? But I didn't think it's possible for Digimon to age because they're data.

Nico: That is strange.

But that's not the strangest one. In came Maria's father Carlos Rockell!

Maria gasped!

Maria: Dad?

Carlos Rockell: Maria?

Maria: (Tears stream down her face) Dad?

Carlos Rockell: Maria. Look at you. You've grown into a beautiful woman.

Maria: DAD!

She went and hugged her dad for the first time ever.

Maria: (CRYING) OH DADDY! I'VE MISSED YOU SO MUCH!

Zocks: (to Nico and me) I hope there are no hard feelings.

Nico: Nope. I know you were just giving constructive criticism.

Zocks: Good. (frowns) Because I need you two and Kaito to brace yourselves for when you see my ancestor after J.D.'s ancestor comes.

Lynn: I'm sure he's not that bad.

Me: Whoa! I remember seeing Zocks's ancestor on TV and he was one tough pirate.

Nico: Yeah that was amazing though.

Zocks: It sure was cool though.

May: Yeah it sure was.

Maria: (Crying) Daddy I missed you so much.

Carlos Rockell: I know Maria. I missed you too. But look at you. You have grown into an amazing woman. I couldn't be anymore prouder of you.

Maria: (Crying) But you have seen what happened to me because of the Big Bang.

Carlos Rockell: I did sweetheart and I'm sorry that happened to you. But you are lucky to have an amazing friend like Carol.

Maria: (Crying) I know dad. I am too.

William went over to him.

William: Hello sir. I'm William Dunbar. Maria's boyfriend.

Carlos Rockell: It's a pleasure to meet you William.

Zocks' ancestor Pirate Goldtsuiker came in.

Zocks: Oh, it's you.

Pirate Goldtsuiker: That's right. Pirate Goldtsuiker is back! And I'm here to claim the valuables of this place! (grabs Kaito by the collar) Hand them over!

Zocks: (facepalms) This is what I was warning you about.

Lola: I thought you two were the same kind of pirate.

Zocks: He's old fashioned like Captain Hook. I, on the other hand, am honorable like Jack Sparrow.

Me: Big difference. And Jack Sparrow follows a code.

I unsheathed my sword and held it to Pirate Goldtsuiker's neck.

Me: I would back off if I were you. You swashbuckling bilgerat.

Pirate Goldtsuiker: Ye have a lot of nerve laddie.

Me: So I have been told.

Caveman me came in and he looked so much like Kru'll the Eternal and he was a Cro Magnon me.

Me: Whoa!

Caveman me: (Voice like Michael Dorn) Wow! You are my 21st Century self.

Me: Wow! I always wanted to meet my Ice Age ancestor. You're my ancestor from 40,000 years ago.

Caveman Me: That is right. And you have evolved a lot from what I was.

Me: Yeah humans have evolved in a lot of ways over the last 200,000 years.

Nico: Wow! So this is your ancestor from the Ice Age. That is amazing.

Caveman Me: It sure is and it's an honor to meet you Nico.

Nico: Pleasure is mine.

Manaphy: (to Caveman me) Do you know who brought you and those other 3 back?

Caveman Me: Yes I do and it was Bon World.

We gasped.

Me: I remember Bon World! He wanted to turn the entire world into a festival and what was really cool is how he brought back many deceased family members.

Nico: That is amazing. And he really pissed Zocks off there when he resurrected his Pirate ancestor.

We went to face Bon World and we found him in the middle of the Shinjuku District.

Me: Bon World. So we meet at last.

Bon World: An honor to meet you J.D. How did you like meeting your Caveman ancestor?

Me: Really awesome. And you brought Maria's dad back.

Maria: That's right. And I'm happy for that.

Me: Lets make that permanent. (Snaps fingers)

I had Carlos and my Caveman self resurrected and brought back for good.

Juran: You didn't bring my old man back?

Bon World: I figured you'd be happy to see the first 3 more. And I know Zocks still has a lot of hard feelings towards his ancestor to let out.

Gaon: As long as you don't turn a certain someone's mother against him, we'll have no problem.

Me: You mean have Stacey's mother turn against him.

Gaon: Yeah. That was crazy.

Bon World: You can relax. Caveman you and Maria's dad are safe from my powers. Level up!

With that, Grandpa Poromon and Pirate Goldtsuiker's eyes turned red.

Grandpa Poromon then started hitting Poromon with his cane.

BONKBONKBONKBONKBONK!

Poromon: OW OW OW OW OW!

Poromon stopped the cane and Manaphy and Horsea grabbed Grandpa Poromon.

Before Pirate Goldtsuiker could swing his sword at Flint, Zocks grabbed his arm.

Zocks: (smirks) You didn't think I wouldn't see that coming?!

Me: I had a feeling this would happen. Ready Kaito?

Nico: This will be awesome!

Kaito: I'm always ready for this!

Kaito: Zarya, consider this your first field test.

Zenkaigers: Change Zenkai!

Me: Change Zenkai!

Zarya: Change Zenkai!

Zocks: Change Twokai!

Zocks then started dancing. Poromon and Poliwag were dancing too.

Poromon: (with Cutanner on his head) Yay!

Poliwag: (with Ricky on his head) Woohoo!

We transformed!

Kaito: SECRET POWER! ZENKAISER! ゼンカイザー

Juran: DINOSAUR POWER! ZENKAI JURAN! ゼンカイジュラン

Gaon: HUNDRED BEASTS POWER! ZENKAI GAON! ゼンカイガオーン

Magine: MAGICAL POWER! ZENKAI MAGINE! ゼンカイマジーヌ

Vroon: RUMBLING POWER! ZENKAI VROON! ゼンカイブルーン

Zarya: CHANGE WOLF POWER! ZENKAI WOLF! ゼンカイウルフ

Zocks: PIRATE POWER! TWOKAISER! ツーカイザー

All: The eight assembled! Kikai Sentai… Zenkaigers!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind us and we were ready!

Nico: AWESOME!

Zarya: Wow! This is awesome! (HOWLS) The Wolf Power and the Changeman are in me.

Nico: That is cool! That is a powerful team there. You have all the powers of the Changeman from 1985.

Zarya: Wow!

Kaito: Full Power Non Stop!

Zocks: I'll make a show out of it two!

Me: Lets get him guys!

He summoned Kudakks and Kudaiters!

Juran: Kudaiters and Kudakks too?!

Me: The Footsolders of the Zenkaigers. This is gonna be awesome!

Nico: Yeah!

Lincoln: Just like living an episode on TV.

Laney: Lets get them!

Maria: Dad. Watch me.

Maria fired a blast of water and smashed the Kudaiters down all over.

Lola, Lana, Laney, Lincoln and Lisa blasted the Kudaiters and Kudakks all over the place with fire, ice, leaves, lightning and gears and blew them apart in powerful explosion!

KRABBBOOOMM! KRABBBOOOOOMMM! BOOOM BOOM BOOM BOOM BOOM BOOM BOOM BOOM!

Nico: Check this out! NUOVA STAR!

The 4-Star Dragonball on Nico's bracelet glowed and Nico fired a ball of fire and it hit the Kudaiters and Kudakks and they exploded in a huge pillar of fire and incinerated them all over!

Bon World: Wow! You guys are powerful!

Me: Lets see how you all like this! ZODIAC BARRAGE!

I formed the 13 signs of the Zodiac and blasted Bon World all over the place!

Zarya: How about this too? LYCANTHROPE POWER!

A Dark Blue Werewolf Aura flared up around Zarya and she fired moonlight blasts and they hit Bon World all over and exploded.

Kaito: (takes out Flashman gear) Let's see what the Flashman gear does at normal size.

He used the power of the Flashman from 1986 and fired energy blasts from the Flashman Geartlinger Bazooka and it hit Bon World and exploded in massive fiery explosion blasts.

KRABBBOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOMMMMM!

Me: Awesome!

Zocks: I told you. The captain of the Goldtsuiker family… is me! Cutanner, time for Shinken form!

Cutanner: Okay, big bro!

Zocks started dancing again and this time, Manaphy and Horsea danced as well.

Manaphy: Alright!

Horsea: I love dancing!

Nico: (Laughs) That's what I like about you Zocks. You're a great and awesome dancer.

Zocks: Thanks Nico.

Zocks turned into his Shinkenger Twokaiser form! He was imbued with the power of the Japanese Samurai Rangers!

Me: AWESOME!

Kaito: Nico this is for you!

Nico was given his own Zenkai Changer and the Jetman Gear!

Nico: AWESOME! My own Zenkai Changer.

Me: This is gonna be cool!

Zocks: (shoots Pirate Goldtsuiker's sword out of his hands) That's for harming Flint! (kicks him down) That's for disrespecting my job as captain! (takes out Changeman gear) And this… is because I just want two see if I can use the Changeman gear!

He activated the powers of the Changeman from 1985 and he used the Griffon Magma Galaxy and blasted Pirate Goldtsuiker all over!

Nico: Now for the fun part. ZENKAI CHANGE!

He transformed!

Nico: JET POWER! ZENKAI JET! ゼンカイジェット!

He was a Green Jetman Zenkaiger!

Nico: Wow! I can feel the power of the Jetman flowing through me.

Lincoln: That is awesome Nico!

Laney: Yeah!

Magine: We need more help!

Nico: Oh, I know what you mean!

Me: This will be fun!

Kaito: Zarya this is for you too.

He gave her a blue version of the Zenryoku Zenkai Cannon!

Zarya: Awesome! My own Zenkai Cannon!

Me: Way to go Zarya! Lets do it!

Me, Kaito, Nico and Zarya used our Zenkai Cannons.

Nico: (Turns dial) BARKING BEAST POWER!

Nico summoned the Blue Sun Vulcan, Yellow Liveman, White Jetman, Pink Gingaman, Silver Gaoranger, and World Zyuohger!

Me: (Turns Dial) EXTREME FIGHTING POWER!

I summoned Battle France of Battle Fever J, the Yellow Maskman, Green Dairanger and Purple Gekiranger!

Zarya: Here we go! (Turns Dial) ENDLESS GALAXY POWER!

Zarya summoned the Pink Changeman, Green Flashman, Yellow Fiveman, Black Megaranger, and Orange Kyuranger!

Kaito: (Turns Dial) DISPATCH PATROL POWER!

Kaito summoned the Silver GoGoFive, Pink Dekaranger, and Green Patranger!

We blasted and smashed and pulverized Bon World all over.

Me: Now for this!

Kaito: Lets do it!

Me: Brace yourself Zarya. The Zenkai Cannon has one helluva recoil!

Me, Nico, Zarya and Kaito: BURNING SUPER SENTAI POWER!

We activated the powers of the Super Sentai teams from over the course of 45+ years and then we fired!

Zarya was blown back from the Recoil and she spread her wings and flew back and the blasts of the red ranger heads formed into the Zenkaiger head and then the blasts all hit Bon World and he exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Nico: YEAH! Bon World you have failed this city! (Sighs) You don't know how long I've been wanting to say that to one of the Zenkaiger monsters for real.

Zocks and Poromon watched as their ancestors faded back into the afterlife.

Poromon: Grandpa Poromon was fun while he lasted.

Zocks: Yeah but at least you got to see your grandpa again.

Poliwag: It was cool to meet him though.

Poromon: Yeah it sure was.

Me: We're not done yet though guys!

A Kudaitest appeared.

Kudaitest: I hope you enjoyed having your family members back. Because you won't live long enough to spend time with them!

The Kudaitest stepped on the Manga Tojiru Gear and became Great Bon World.

Great Bon World: I'm overflowing with Bon power!

Magine: Vroon, time for our version of ZenkaiOh!

Zocks: Ricky, mind helping me form TwokaiOh?

Me: LETS DO IT!

Me, Zarya, Nico and the Zenkaigers: BIG BANG!

Zarya was a REALLY AWESOME DARK BLUE WOLF ZORD and Nico was a REALLY AWESOME GREEN JET ZORD!

Me: Nico you look awesome! Same with you Zarya!

Zarya: I sure do! Wow!

Nico: This is the first time I've turned into a Zenkai Zord! So awesome!

Great Bon World: See if you find this shocking!

Great Bon World used the nearby lanterns to electrocute us.

I fired lasers and blasted the lanterns into dust.

Nico: Taste this too!

Nico fired missiles and blasted Great Bon World all over!

Me: Kaito lets finish him.

Kaito: With pleasure!

Me, Nico, Zarya and the Zenkaigers: Dai Dai Dai Zenkai! Ba-Ba-Ba-Ban! Do-Do-Do-Don!

We fired massive energy blasts and they hit Great Bon World and he exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead and the Bon World Gear shattered and the world was liberated!

Kaito: It's a Full Power World! All okay!

Me: Now he is officially dead!

Eli and everyone saw us all on TV and it was awesome as they cheered wildly for us!

Nico: That was awesome!

Laney: Yeah it was!

Lincoln: One of the best ever!

Nico: Yeah!

Zocks: (smiles at Nico) Remember what I said, okay?

Nico: I know. Being a good leader isn't enough. You have to be a good friend too.

Me: And Nico has lots of good friends too.

Laney: That is for sure.

Lana: Yeah he sure does.

Nico: Yep.

May: And those he loves too.

Zarya: Yeah that is true.

Me: Yeah.

Zocks: And J.D. you can hit me for reprimanding Nico.

Me: You sure Zocks?

Zocks: Yeah I can take it.

Me: Well okay.

POW!

I punched Zocks in the face and sent him crashing into the wall and he came out with a black eye.

Me: Sorry Zocks.

Zocks: (Dazed) No problem. (Blubbers) Wow! J.D. you are strong.

Me: Sorry. Superhuman strength comes with the job description. But you are really strong yourself to give Nico a black eye like that. And Nico is a Saiyan. His race is one of the strongest and most powerful warrior races in the universe.

Zocks: Wow! That is amazing.

Nico: It's true.

Me: But Nico you aren't gonna live this down are you?

Nico: No.

We went back to the Flying Fortress as the Zenkaigers went back to Colorful. Unknown to us, a certain former prince of the Tojitendo was watching the whole thing.

Stacey: (smirks) See you soon, J.D. (walks away)

I sensed something and looked back.

Zarya: What is it?

Me: I sense that I'm gonna be meeting a very familiar foe that gave the Zenkaigers a hard time before.

Nico: You mean Stacey right?

Me: Yep.

We went back.

We came back.

Eli: Wow! You guys were awesome again!

Me: We sure were.

Nico: That… actually turned out better then I thought.

Erica: Nico we'll smashed Zocks all over for saying those mean things to you!

Missy: YEAH WHO DOES HE THINK HE IS!

Lizzie Strong: We'll dogpile on him for what he said to you!

Ellie Singh: NO ONE HURTS YOU LIKE THAT!

Nico went over to his chair to calm down.

LeFou came in.

LeFou: I saw what happened Nico. Are you okay?

Nico: I'm all right LeFou.

LeFou: Nico don't let what Zocks say get you down! You are a great guy and you got to pull yourself together! (Sings)

Gosh it disturbs me to see you, Nico

Looking so down in the dumps

POW!

(Nico punched LeFou in the face and sent him onto the table)

Every guy here'd love to be you, Nico

(cheering from the gallery)

Even when taking your lumps

There's no one on the team as admired as you

You're everyone's favorite guy

Everyone's awed and inspired by you

(Lefou turns chair back to forward)

And it's not very hard to see why!

(May and Nico's Harem sat all around Nico and swooned over him)

No one's slick as Nico, no one's quick as Nico

No one's next as incredibly thick as Nico

For there's no man on the team half as manly

Perfect, a pure paragon!

You can ask any Tom, Dick, or Stanley

(Jumps on their heads)

And they'll tell you who's team they'd prefer to be on!

(Lefou has pulled a Lynn Sr.'s belt off, whose pants fall to the ground. Lefou jumps up and wraps the belt around Nico's neck, who flexes and breaks it off. Lefou continues to dance around. Team pick him up and swing him around.) (Gaston's Old cronies swing Lefou back and forth into the camera. Lefou tickles Nico's chin, who stands with pride)

[Cronies and Lefou]

No one's been like Nico, a king-pin like Nico

[Lefou]

No one's got a swell cleft in his chin like Nico

[Nico]

As a specimen, yes, I'm intimidating!

[Cronies]

My, what a guy that Nico!

[All of us]

Give five hurrahs, give twelve hip-hips

[Lefou]

Nico is the best and the rest is all drips!

(Lefou swings up his arm in dance and throws a mug of root beer in Nico's face, who socks Lefou in the face)

UH OH!

[All]

No one fights like Nico, no one hits like Nico

[Wrestler]

In a wrestling match, nobody bites like Nico

[Bimbettes]

For there's no one as burly and brawny

[Nico]

As you see I've got biceps to spare

[Lefou]

Not a bit of him scraggly or scrawny

[Nico]

That's right!

And every last bit of me's covered with hair!

(Nico fights with the men, then lifts a bench with the Bimbettes on it. He drops the bench on Lefou, then turns to the camera and reveals his hairy chest.)

HUBBA HUBBA!

[Cronies]

No one hits like Nico, matches wits like Nico

[Lefou]

In a spitting match, nobody spits like Nico!

[Nico]

I'm especially good at expectorating! Ptooey!

ALL: Ten points for Nico!

(Nico plays a chess game with a man, then hits the board, sending it and pieces all over. He takes a bite of leather from the belt once wrapped around his neck, chews it and spits it into a spittoon, which falls and gets stuck on the head of Lefou.)

[Nico]

When I was a lad I ate 12 dozen eggs

Every morning to help me get large!

And now that I'm grown, I eat 20 dozen eggs

So I'm roughly the size of a barge!

(Nico juggles a number of eggs, then swallows them whole. Lefou attempts the trick, and is hit in the face by 5 eggs.)

[All]

No one shoots like Nico, makes those beauts like Nico

BANG BANG BANG!

[Lefou]

Then goes tromping around wearing boots like Nico

[Nico]

I use Villain Pelts in all of my decorating!

(Nico takes three shots at a root beer barrel, which begins leaking into the Mugs of onlookers and the mascots. He returns stomping to his chair, where we see the fireplace surrounded by the heads and pelts of all the villains we has killed. The mystery cut of music is here! Cut to ending of "Nico")

[All]

My what a guy!

Nico!

(The cronies have picked up the chair and carry Nico around in it. Lefou tries to flee, but they toss the chair into its normal place, and Lefou is pinned underneath)

We cheered for him!

Nico: (LAUGHS) That was great! (See's LeFou) Oops sorry LeFou.

Nico helped him up.

Nico: Thanks LeFou! That really helped a lot!

LeFou: Glad I can help Nico. If it worked on Gaston it can do the same to you.

Nico: (Laughs) It sure did. That was awesome.

Laney: It sure was.

Me: That song is one of my favorites. Sure I hate Gaston but that was a cool song.

Fluttershy came in and she was holding her stomach in pain.

Me: Fluttershy?

Azula: You alright, Fluttershy?

Fluttershy: Just a stomachache but I'll be fine. (Stomach Gurgles) Uh oh. (FARTS) (BLUSHES IN EMBARRASSMENT)

Me: Uh oh.

Lucy (Pokemon): Jesus, Fluttershy! What did you eat?!

Fluttershy: Oh um beans.

Nico: Oh boy.

But we smelled the farts and surprisingly and shockingly it didn't smell horrible at all! It smelled like awesome perfume.

Nico: Wow that smells amazing.

Me: That is no ordinary flatulence. We better run some tests.

We took Fluttershy to the lab and Lisa ran some tests.

Dirge: What's the analysis?

Lisa: Hmm. Fluttershy has flatulence that instead of smelling like raw sewage, it actually smells like beautiful floral beauty and perfume.

Me: Wow! That is amazing. Lets see.

I pulled out Full Moon Perfume.

Me: Lets see how it compares.

Fluttershy farted and Lisa captured the gas and I sprayed the perfume into a container and Lisa analyzed them and it was a match!

Lisa Loud: It appears that Fluttershy's flatulence and J.D. sample of the Full Moon perfume is a definite 100% match.

Me: Wow! That is amazing and the monsters of the monster world that Lucy know absolutely hate this perfume because it really hurts their noses, lungs and eyes.

Fluttershy: That is really unusual. I didn't know I had this kind of power.

Lincoln: But it smells beautiful on you Fluttershy. (Kisses her)

Fluttershy: (Giggles) Thanks Linky.

Nico: Also, LeFou, the song wasn't actually necessary.

LeFou: It wasn't?

Nico: Zocks actually repimanded me to make sure I'm a good friend to J.D. as well as a good leader.

G1 Blades: So, you didn't break down crying?

Nico: Nope. I took all the criticism like a man. (to Missy, Erica, and my other female friends) So, you girls don't need to beat him up, okay? We're all good now.

Missy: Oh. Okay. Sorry we were just looking out for you.

Nico: Thanks girls. I appreciate that and LeFou thanks for the song and it was awesome! I liked it.

LeFou: I'm still glad though Nico.

Me: There was NO DOUBT Nico. You really DID take it like a man.

Nico: Thanks. That was so awesome though.

Ultra Humanite: Thank you for not bringing any beer, Poromon.

Poromon: Of course I didn't. It wasn't time for the special mission with the Zenkaigers yet.

Me: That's true but this was still an awesome Ambassador Mission/ Episode Reenactment.

Nico: Yes it sure was. That was fun. Anyway that was awesome but now it's time for part 4 of the Ridonculous Race.

FART!

Fluttershy: Oh sorry.

Nico: No worries Fluttershy. As long as Ickis, Krumm and Oblina and the Gromble don't smell you.

Lucy Loud: Yeah it's not good for them.

Fluttershy: I'll be okay.

Nico: The next part of the race is in the Comoros Islands.

Me: In between Mozambique and Madagascar.

Eli: This will be awesome.

Moonstone, Electro, Deadwood, Hydro Man, Mysterio, Xiao Fung, Oculous, Shendu, Selene, and Amora then appeared.

Moonstone: Can me, Electro, Deadwood, Hydro Man, Mysterio, Xiao Fung, Oculous, Shendu, Selene, and Amora go with you guys this time?

Nico: Yes you all sure can and man this was an awesome day.

Xiao Fung: It sure was. We heard LeFou sing and he did an awesome job and we also heard about Zocks reprimanding you Nico. Are you all right?

Nico: I'm fine Xiao Fung.

Me: Nico took that criticism like a man.

Oculous: We also heard that Maria and her father are back together thanks to Bon World. That is awesome and J.D. you met your ancestor from 40,000 years ago.

Me: Yeah this was a REALLY eventful Ambassador mission for me and Zarya and some of the team. Also Missy, Erica, girls you don't have to reprimand Zocks. I punched him in the face. So we're even.

Missy: Oh okay then.

Nico: Yeah that was awesome.

Blast Off: Boss, which Gene Slammer do you think you'll meet on your next rescue?

Nico: This will be an interesting one. I was thinking of meeting a Kryptonian Gene-Slammer.

Superman: Wow! A Gene-Slammer for one of my kind? That would be an amazing sight to see.

Supergirl: It sure would. I am looking forward to this one.

Me: And I have a have a strong feeling we'll meet her on Krypton before it explodes. So Superman, Supergirl, Eli and myself will go with you. It'll be interesting to see what Krypton was like before it exploded.

Nico: It sure will be cool. And if we face General Zod again I want to try and get him to join the M.O.E.

Me: That's your choice Nico.

Superman: And we won't stop you there.

Me: And that will give us a perfect matchup in the future. Kryptonian Gene-Slammer VS Rogue Kryptonian General.

Nico: Nice!

We arrived at the Comoros Islands **K M**.

Me: Here we are guys. Welcome to Grand Comore Island.

Nico: Wow it's beautiful.

We saw lemurs and monkeys of all kinds on the island.

Deadwood: Damn, the Comoros islands has a lot of plant and wildlife!

Nico: It sure does. The Comoros Islands are home to many kinds of monkeys and lemurs and has all kinds of beautiful trees.

Fluttershy: Oh they are so amazing and adorable.

Nico: Yes they are.

Doubledealer: I have a feeling we'll meet another group of heroes here.

Me: I have that same feeling too.

ZOOM!

Something zoomed by us with incredible speed and we couldn't see who it was. But whatever it was ran so fast that it left a line of fire as they ran and set the road on fire.

Nico: WHOA! Did you see that!?

Me: Yeah! Whoever ran like that was really burning up the road!

Xiao Fung: Okay, does anyone know the challenge for today?

Don: I do. The challenge is to kill this guy.

He gave us a wanted poster and it was that of GENERAL PARVO!

---

General Parvo is the main antagonist of the animated series Road Rovers. General Parvo is an evil mastermind out to take over the world through various schemes that involve the use of mutated animals. He suffers from a constant cough and has his right hand woman, The Groomer, carry a supply lozenges. Later in the series, he is revealed to be a mutant cat, or "Feline-Sapien", that has more human features.

Biography

Parvo's origin is a paradox. After an accident reverted him back to his original form of an alley cat, his new time machine sent him back in time to when Dr. Sheppard was perfecting his device for evolving animals. When The Groomer found him, she used the device to evolve him back, however he had amnesia. The Groomer then told him who he was and how his goal is to take over the world.

Nico: General Parvo! Oh man!

Me: Do you know him Nico?

Nico: You bet I do. And not only is he Public Enemy #1 of the Road Rovers but he and I have a really bad history with each other. Before I joined the team I foiled many of his plans and also I have been a major thorn in his side. Just like you J.D. with Abraham Kane.

Me: Whoa! That is really amazing Nico.

Airi: Those must've been the Road Rovers who just passed us.

Nico: Then that must've been the leader. Hunter.

Me: He's the dog that is owned by the President of the United States and the leader of the team.

Eli: I've always liked Colleen. She's a Collie and she is beautiful.

Me: I like Exile because he is a husky and you know how much I love Huskies.

Hunter: (German Accent) I've liked Blitz because he's a Doberman Pinscher and is from Germany.

Nico: Shag is cool and he is from Switzerland and he's an Old English Sheepdog.

Laney: And Muzzle is really amazing. He is in a straitjacket and like Hannibal Lector. And is their secret weapon.

Nico: That is awesome.

Oculous: Let me get their attention. (fires his rifle in the air)

BANG!

Me: That is more like scaring them away. Let me do my thing. KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into Wolf Moon!

Me: Now you'll see why I like the wolf. (HOWLS)

I howled like a wolf and it echoed in the distance.

Then we saw motorcycles coming towards us.

Nico: There they are!

We saw THE ROAD ROVERS!

They then pulled up to us!

Exile: (Russian Accent) Which one of you shot that rifle?

Tricloid: (points to Oculous) He did it!

Oculous: That's right! What'cha gonna do about it?

Nico: Stand down Oculous. Long time no see guys.

Hunter (Road Rovers): Nico! Wow and all of Team Loud Phoenix Storm! It's awesome to finally meet you all.

Me: Same to you Hunter.

Exile: An honor to meet you Comrade J.D.

Me: You too Exile.

Eli: Colleen you are so beautiful.

Colleen: (British Accent) Thank you Eli luv.

Hunter: Blitz you are an amazing dog und you pack a deadly bite.

Blitz: (Arnold Schwarzenegger Accent) What can I say? I'm perfect. (Flexes his muscles)

Laney: Oh Muzzle you are so cute.

Muzzle licked Laney.

Nico: Shag you are just as big and strong as ever.

Shag: Rah rah.

Colleen: What are you guys doing far from home?

Electro: (laughs) That's a nice name for a movie!

Me: We're actually here for part 4 of a competition we're having. It's the Ridonculous Race. Every year we participate in an awesome competition like this.

Nico: We have fun on awesome challenges and do awesome adventures at the same time in many spots of the world. The grand prize at the end is a massive cash prize.

Undermine: And we know your big bad is here.

Nico: Yep. General Parvo and we have some unfinished business to settle.

Hunter (Road Rovers): So you guys are going to kill him.

Nico: Yep. He and I have a score to settle.

Me: Save seconds for me. He gives cats everywhere a bad name. Also no offense guys but he is named after the worst canine and feline animal disease known to man and that's the Parvo Virus.

Colleen: Yeah that is right.

Exile: None taken J.D.

Selene: Oh, he's a disease alright.

Me: Not the virus in general but he is a bad threat. He wants to take over the world with his mutant animals.

John Bolton: A monster that is playing with fire.

Nico: Yep. And he will pay for his crimes in blood.

Yagura: What Selene means is that he's a disease. And we're the cure.

Selene: That's right Yagura.

Me: That's also a great line from a great movie. Cobra from 1986.

Selene: Awesome movie there.

Nico: Yep.

Hydro Man: Where is he now?

Hunter: In the jungle in a clearing over at an abandoned logging site.

Nico: That's the old Comoros Clear Cutting Area. It was shut down after we got logging banned after our battle with the loggers in the Cameroon Jungle.

Me: Boy that brings back memories. That was 3 years ago and we met Tania during that battle.

Tania: That was cool.

Nico: It sure was.

Zilius Zox: After this, would you guys like to join us on the Ridonculous Race?

Hunter (Road Rovers): We would be honored.

Me: This is gonna be so fun. I hope Dr. Shepherd is alright with that.

Exile: He is comrade.

Me: Good.

Nico: Lets go get that monster cat.

Shendu: Of course, that means you guys are gonna be joining the team.

Hunter (Road Rovers): Ha cool!

Me: Awesome.

Nico: This will be awesome. (Cracks Knuckles) Get ready Parvo, (Eyes glow red) It's time for you to be euthanized permanently.

Eli: Yeah!

Mushi: Mikey, you and Piper get a time to shine today.

Piper Willowbrook: All right! It's our time to shine!

Mikey Kudo: Yeah!

Me: This will be awesome.

Nico: Yep.

Mysterio: Which Heartless Robot should I use this time?

Yusei: How about Bully Dog.

Mysterio: Good choice for this.

He summoned a bunch of Bully Dog Heartless Robots.

Nico: Awesome.

Indigo Zap: Time for our entrance.

Nico: Lets do it!

We got to the logging site and we saw General Parvo and we went at him.

General Parvo and his Mutant Animals were getting stuff ready. But then the spirits of the Elemental Demons of Fury swirled around him and blasted him all over and fired waves of fire and incinerated the mutant animals into ash. Then they converged and then swirls of blue fire swirled around the area.

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

Wolves howled all over and then out of the blue flames arose us and

then we came out.

Nico: Hello Parvo. Been a long time.

General Parvo: CHAN! YOU WILL PAY FOR EVERYTHING YOU DID TO ME!

Nico: (Baby talk) Aww did I make the wittle kitty witty get a wittle mad. Maybe it's time for Parvo warvo to have his nappy wappy.

Young Daphne: EW! MAKE HIM STOP!

Parvo: I'm impressed that you're leader of your team, Chan. You should feel proud of all you accomplished.

Nico: Um… thanks?

Parvo: (smirks) Especially since this is your last day on Earth.

Amora: Other way around, kitty cat!

Me: We actually came here to kill you.

Eli: And you will pay for everything you have done.

Nico: And it won't be pretty. You and I have a score to settle and it won't be pretty. I'm not the same as I was when we fought the last time. I've changed quite a lot.

Then Greiger, Tchang Zu, Multiple Man, Baron Mordo, Melter, Po Kong, Titanium Toenail, Heatwave, Touch & Go, and Stinky Butt appeared.

Nico: Greiger, Tchang Zu, Multiple Man, Baron Mordo, Melter, Po Kong, Titanium Toenail, Heatwave, Touch & Go, and Stinky Butt.

Parvo: Looks like your days are numbered Chan. Kill them!

Stinky Butt: Shut up! (FARTS IN PARVO'S FACE) We don't take orders from you villains. We are just here for fun.

Nico: (Smirks) That was one he will remember smelling.

Eli: Yes it sure will be.

Nico: And not ALL Cats go to Heaven.

Baron Mordo: That will be good for him in Cat Hell.

Laney: He will be a great addition to the Cat Inferno.

Lana: Yep.

Nico: And Parvo's Nine Lives are finally up even though that's just a myth. But also thank goodness we're not facing another one of the sore losers today.

Greiger: I'm actually glad this is the second day in the Race that doesn't have the Sore Losers.

Tchang Zu: Don't get used to it. Tomorrow, one of them is bound to appear.

Multiple Man: We'll just have to see.

Me: And I have a feeling it will be Heather next.

Mavis Schroder: Good. I can't wait to sock it to that blackhearted bitch.

Baron Mordo: (to Nico) We heard you went to the world of Apocalypto.

Nico: I sure did.

Melter: How was it?

Nico: Awesome. But J.D. had a great time on that one.

Me: Yep. I fired an arrow from high up in the sky and it hit Zero Wolf right in his head and decapitated him with it.

Melter: Wow! That is a great shot!

Fiona Hernandez: That was awesome marksmanship if I do say so myself.

Lizzie Strong: It sure was cool.

Nico: Yep.

?: Wow what a great shot.

A figure came out and it was IZOUT from episode 9 of Time Force!

---

Like all other mutants, Izout was created in the result of the science accident. Before the events of the season, he was captured by Time Force rangers and frozen in the Cryo-Prison. He was released by Frax in the ninth episode to help him get the Zirium Powder. He is very powerful mutant. Izout was armed with many guns and grenades and attacked the city with army of cyclobots. He broke into a Bio-Lab, which belonged to Mister Collins, and stole Zirium Powder. The mutant gave Frax the Zirium Powder and Frax sent Izout to kill rangers and distract them from plan of Frax. Izout was ready to battle the rangers with his huge arsenal of weapons, but together they defeated him though, Izout removed chain of his DNA and enlarged himself. In the giant form, Izout was even more powerful and heavily damaged the Time Force Megazord with his grenades. Before he could finish the job, the Time Jet opened fire on Izout with its lasers, scoring several direct hits and causing him to be cryo frozen again.

---

Jen Scotts: Izout!

Izout: Been a while rangers.

Me: I remember you! You were sent by Frax to get Zirium Powder and you were a very dangerously armed mutant. That was also the episode where the Time Shadow Megazord made its first appearance and that was EPIC!

Izout: That's right J.D. Good memory on you.

Me: Never missed an episode. That was so awesome.

Izout: Yeah and I heard that Zarya is now and Nico are both Zenkaigers. Congratulations to you both.

Nico: Thanks. It's gonna be awesome. I now represent the Jetman.

Zarya: And I represent the Changeman but I have the Wolf Ranger Powers now.

Izout: That is awesome!

Me: It sure is.

Izout: So, me damaging the Ranger's zords made way for that new Megazord.

Maria: Sounds about right.

Me: But that was still so awesome and the Time Shadow Megazord is my favorite out of all the Time Force Megazords. So awesome.

We got the usual battles underway.

Twilight Sparkle: She sure is. But she also discovered some terrible and shocking revelations about or resident queen bee Heather.

Multiple Man: Uh oh. What did she do this time?

Starshine Twilight: She was trying to kill everyone that voted her off! It wasn't long after Mavis Schroder stopped Heather's plot to burn down her own house to kill her parents and siblings to get the insurance money that she came out of hiding. Lana was asked by the FBI and the Royal Canadian Mounted Police to do some investigating on Heather, who came out of hiding, and she agreed to do so. During Lana's investigation, she found out five really REALLY NASTY revelations about her. The first is that she tried to kill The Total Drama Crew who've gotten her voted off in the past with poison, but Lana snagged the poison before she could use it. The second is that she tried to use explosives to kill the Total Drama

Crew again, but Lana disabled her little explosives and kept them in an evidence bag to use against her in trial. The third is that she tried to hire hitmen to kill The Total Drama Crew again, but Lana brutally pulverized them and got them all arrested by the authorities. The fourth is that Heather tried to slander the Total Drama Crew in front of live TV, but Lana soon posted evidence of Heather's wrongdoings on the internet, and once they went viral, everyone wanted her head on a pike, and she ran for her lift, and the fifth revelation is that she tried to kill them all by herself, but that's when Lana came in and really roughed her up by piledriving her into the ground, and her eyes were filled with so much hate and rage, it was like Lana was dealing with The Devil. Then, she tied her up and handed her to the cops, but she escaped and she swore she'd get revenge on Lana one day.

Multiple Man: WHOA MAN! That is very brutal! Heather is now a heartless monster! She doesn't give a flying fuck about anyone other than herself!

Crash Bandicoot: I knew there's no mistaking that voice from anywhere. You can come out now, Uka-Uka.

A malevolent-looking living mask came out of the shadows, and it was none other than Uka-Uka, the malevolent twin brother of Aku-Aku and another of Crash Bandicoot's enemies.

Aku-Aku: (Jamaican Accent) I knew that one day you'd return, Uka-Uka.

Lani-Loli: So, you were the one who opened that Quantum Rift long ago, and caused this whole mess from the beginning, Uka-Uka.

Kupuna-Wa: You were always trouble from the very beginning, Uka-Uka, and it's been proven from time to time.

Ika-Ika: And for causing the whole Quantum Rift incident long ago, you have crossed a serious line.

Akano: And as punishment, you shall be locked away in a new prison for all eternity.

Gage the Hedgehog fired a blast from his ray gun and it hits Uka-Uka, and hurt him, and Gage the Hedgehog holstered his ray gun.

Gage the Hedgehog: No one except for me, Uka-Uka.

Suddenly, Gage the Hedgehog's brownish green left eye and blue right eye turned neon brownish green and blue, and he was surrounded by a yellow energy aura with fire, ice, electricity, earth, wind, and water, and chaos energy surrounding him, he unholstered his massive Elemental Sword of The Greek Gods and Mobian Justice from his wider and more muscular back, and as he approached Uka-Uka, he left yellow energy, fire, ice, electricity, earth, wind, and water, and chaos energy with every step.

Gage the Hedgehog: Uka-Uka, you have caused far too much trouble for Crash Bandicoot and his entire family for the last time, this time, I will have you put in a new prison where you will stay in there for all eternity.

Suddenly, Gage the Hedgehog was surrounded by a massive vortex of yellow energy with fire, ice, electricity, earth, wind, and water surrounding it, there's a hedgehog running around the vortex, and in the vortex is a blue phoenix. Then, as the vortex faded, Gage the Hedgehog emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

The 7'5" tall and extremely muscular 20 year old hedgehog remained the same, along with his brand-new clothes, he has a neon brownish green left eye and blue right eye, and a yellow energy aura with fire, ice, electricity, earth, wind, and water, and chaos energy surrounding him, he has a hedgehog with the Fire, Ice, Electricity, Earth, Wind, Water, Chaos, and Eternity Kanjis in its paws emblazoned on his forehead, he has on his Crystal Necklace of The Buddha with blue crystal links and a hedgehog with blue crystals for the eyes and holding the Fire, Ice, Electricity, Earth, Wind, Water, Chaos, and Eternity Kanjis in its paws, along with the yellow crystal for the pendant across his bare chest, and on his wider and more muscular back is a hedgehog surrounded by the Chaos Emeralds. Suddenly, Gage the Hedgehog felt a sharp pain on his wider and more muscular back, and then, massive yellow angel wings with rainbow tips on the large yellow feathers, sprouted out from his wider and more muscular back.

Gage the Hedgehog has on his new large gold cuff Bracelets of the Champions of The Universe with yellow gems on his wrists, his new large gold Belt of Elemental Bravery with a golden hedgehog head with blue gems for eyes and a large rainbow gem in its open mouth for the belt buckle on his waist, large yellow Spellbook of The Gods and The Universe and large yellow Universal Spellbook of The Elemental Forces on his left hip and Eater of Sins revolver holstered on his right hip, along with his tranquillizer dart gun, flame thrower, grenade launcher, and ray gun, and a Ring of the Phoenix with large yellow gem on his left ring finger and Blue Lantern Corps ring on his right ring finger. There's a rainbow kanji below the hedgehog that said, "Gage the Hedgehog, Interdimensional Hero of Mobius and The World, Weapons Expert and Expert Marksman, Interdimensional Friend to Many, Destroyer of Dr. Eggman's Delusional Ambitions, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of The Seven Chaos Emeralds, Chaos Energy, Fire, Ice, Electricity, Earth, Wind, Water, and Hedgehogs."

Gage the Hedgehog has transformed into SUPER ANGEL ETERNITY INFINITY ELEMENTAL FIRESTORM CHAOS HEDGEHOG ANGEL OF CHAOS JUSTICE AND MOBIUS HOPE!

We were amazed by Gage the Hedgehog's Super Angel Eternity Infinity transformation, but when Uka-Uka saw it, he roared in rage and he fired a laser blast at Gage the Hedgehog, but Gage the Hedgehog deflected it with his massive Elemental Sword of The Greek Gods and Mobian Justice, and it hits Uka-Uka, and knocked him back a bit.

Lincoln: Whoa, Gage the Hedgehog's transformed, that's so awesome.

Sonic the Hedgehog: And he's going to let that bad-tempered mask have it big time. (To Gage the Hedgehog) Gage, how do you feel?

Gage the Hedgehog: (Divine Echoing Cosmic Voice of The Elemental Hedgehog and Mobian Justice) **I feel incredible, Sonic, and now, it's time for me to pulverize Uka-Uka and make sure he receives his punishment for his crimes.**

Gage the Hedgehog went after Uka-Uka, and he fired powerful blasts of yellow energy, chaos energy, fire, ice, electricity, earth, wind, water, and hedgehogs, and they exploded with incredible power as they hit Uka-Uka. Then, Gage the Hedgehog unleashed a powerful storm of energy slashes that are infused with fire, ice, electricity, earth, wind, and water, and they really hurt Uka-Uka.

Gage the Hedgehog: **Now, to administer your punishment.**

Gage the Hedgehog took out his own SPD Delta Morpher.

Gage the Hedgehog: **JUDGEMENT MODE!**

The window flashed green for a minute, and then, it turned red with an "X", and that meant Uka-Uka was found guilty.

Gage the Hedgehog: **GUILTY!**

Gage the Hedgehog fired a blast of energy from his SPD Delta Morpher and trapped and permanently locked Uka-Uka in a Containment Card for all eternity. But, it wasn't the end, Gage the Hedgehog had put the Containment Card with Uka-Uka in it inside of an indestructible glass sphere, and he puts the glass sphere in a silver box with a lock and chains on it with the warning "DO NOT OPEN EVER!", and Aku-Aku gave Gage the Hedgehog a special key and he inserted the key into the lock and turned the key, and it permanently locked the box. We cheered wildly for Gage the Hedgehog as he holstered his massive Elemental Sword of the Greek Gods and Mobian Justice sword on his wider and more muscular back and powered down, and Gage the Hedgehog's new body, clothes, weapons, jewelry, and massive yellow angel wings are permanent.

Crash Bandicoot: Wow, that's what I call one awesome and epic fight you put up against Uka-Uka, Gage.

Gage the Hedgehog: Thanks, Crash.

Lincoln: You did an awesome job in putting Uka-Uka in a Containment Card, along with putting it into an indestructible glass sphere, and then, putting it into a silver box with a lock and chains on it with the warning "DO NOT OPEN EVER!"

Nico: Not to mention Aku-Aku gave you a special key that you used to lock the box for all eternity, and it's now Uka-Uka's brand-new prison.

Gage the Hedgehog: That's right, and I'm putting this monster in a special safe that I have inside my room, and he'll never be let loose ever again.

Aku-Aku: (Jamaican Accent) Long ago, I locked him away in his underground temple prison to protect the world from his malice, and when Cortex accidentally freed him from his prison, a great evil had once again arisen to destroy the world.

Crash Bandicoot: But now, Uka-Uka is now locked away for all eternity, and he's never getting out ever again.

Nico: You got that right, Crash, and he needs tons of time to cool off in there.

Spyro: Yeah, that guy always had a short temper, and he's been more than violent to his own allies on more than one occasion, namely Cortex. But, we don't have to worry about Uka-Uka ever again, and last year, Lincoln also destroyed the Elemental Masks and Super Hakaied their spirits for good.

Lincoln: That's right, they were also a danger to the world, along with Uka-Uka, but we put a stop to the Elemental Masks and made sure they'd never return again.

Nico: We sure did. Great job everyone. This was an awesome challenge!

Me: Boy it sure was. This day was really eventful for all of us.

Zarya: Boy it sure was.

Mikey Kudos: (To the viewers) This was an awesome island hopping adventure for us. I can't wait to see what the Cayman Islands have in store for us.

Me: We all can't wait.

We went to the Flying Fortress and we were off. Next Stop: The Cayman Islands 🇰🇾.

TO BE CONTINUED…

Part 4 done.

The Comoros Islands are beautiful. The next rescue for Nico is gonna be on the planet Krypton and we're going to not only save all of Krypton from total destruction before it explodes but also we're going to have General Zod join the M.O.E. And we're going to evacuate all of Krypton before it explodes and we're going to meet a Kryptonian Gene-Slammer named Claire Wendoll. She had a fatal blood disease and in order to save her life she was in need of a bone marrow transplant but unfortunately no one in the human race was a match for her. So Superman was the only hope she had. Superman gave her his bone marrow to save her and it was a success and she got his powers too as a result! She is now half human and half Kryptonian as a result. She is also Nico's friend from when Nico was starting out as a hero and helping people in need. She also helped Nico bust John Corben before he became Metallo. Lincoln's rescue is gonna be in the world of Earthworm Jim and we're going to face Old Grand Ma and she is one bad grandma that has a really bad attitude and we're going to recruit her into the Masters of Evil and we're also going to meet an Evil HERO Dark Gaia Gene-Slammer named Gretchen Holland and she has one nasty and horrible revelation about Sinclair T. Sharp. The next chapter is gonna be for The Cayman Islands and we're going to have an awesome underwater treasure hunting dive in that one as we find some of the most beautiful jewels and treasures ever. Also we're going to face Heather in that one and she is gonna be madder than hell at all of us. And Guest don't have Lincoln sense for her there.

See you all tomorrow.

# RIDONCULOUS RACE PART 5 - Cayman Islands

The U.S.S. Valorous Phoenix was flying through the voids of space.

Nico: Team Loud Phoenix Storm Captain's Log, Stardate 5246.3: the U.S.S. Valorous Phoenix is en route to another planet Krypton that is hours away from exploding. Scans show that there is also a Kryptonian Gene-Slammer there as well. Our mission is to rescue this gene-slammer and also all the people of Krypton from certain doom.

Me: This is gonna be awesome. Just like when we did this the first time.

Nico: It sure will be awesome and it'll be amazing to see the planet Krypton for the first time.

Lois Lane: I'm really excited for this. I've never seen Kal's home planet before.

Me: That's because after Superman was born the planet exploded.

Lois Lane: My god.

Supergirl: Yeah it is really sad.

Nico: Thanks for coming with me, Kara.

Supergirl: No problem Nico. It'll be awesome to see Krypton again after so long.

Superman: I've never seen my home planet before so this will be a first for me.

Me: It'll be a first for many of us Kal. We'll see what Krypton was like before it explodes.

Lisa Loud: We have arrived at our destination.

Nico: On screen.

We saw that we were at the planet Krypton.

Me: Wow!

Nico: So that is the planet Krypton.

We went into stationary orbit and me, Nico, Superman, Supergirl and Eli went down to the planet and we saw the surface of Krypton for the first time.

Me: Wow! So this is Krypton.

Nico: Wow! It's amazing! Krypton looks so much like Earth. Except it was home to a much more advanced civilization.

Eli: Yeah it sure is amazing.

Superman: My home planet. I've always wondered what it was like.

Eli: Wow! It's magnificent.

Nico: Kara, are you happy to see Krypton again?

Supergirl: I sure am and even if it's just for a short while it's great to see home again.

Me: It's just a darn shame that it's going to explode.

Nico: No kidding. Truly a tragedy.

Me: The view of the planets parent star is incredible. It's a Red Dwarf Star and those stars last 100 times longer than our sun will in its 10 billion year lifecycle. They can last from 500 billion to 1 trillion years.

Nico: Wow! That is amazing.

Me: Yeah.

We flew on.

Me: So what are we gonna do?

Nico: First we got to find Jor-El and his family. And I know just where to look.

We flew on.

Nico: Honestly, guys, me and Zocks are good now. I didn't cry because of his reprimanding and I will remember why he said all that. So, sorry if you were expecting me to break down emotionally.

Me: Hey don't worry man. We were all there for you and we're proud of you for taking his reprimanding.

Superman: Yeah you handled it well Nico. That shows that you are just as tough as J.D. is.

Me: Well maybe not that tough Kal. But thank you.

Superman: You're welcome.

We arrived at Jor-El's home.

Me: This it?

Nico: Yep. Lets head in.

Nico opened the door and we went in.

In the launching bay, we saw Jor-El and Lara Lor-Van and Lara had young Kal in her arms.

Jor-El: Lara, Krypton is doomed. It's his only chance now. It's our peoples only hope.

Nico: (From the shadows) No Jor-El there is still hope for all of Krypton.

We came in.

Nico: Sorry to come in like this.

Jor-El: And you are?

Nico: Nicolas Chan, leader of Team Loud Phoenix Storm.

Me: J.D. Knudson, Former Leader of the team and Second in Command of the team.

Eli: My name is Eli Winston Bullock.

Me: I believe you know these two.

Superman and Supergirl came.

Superman: Hello mother, hello father.

Jor-El: Kal my son. Look at you.

Lara: And Kara. You have grown so much.

Supergirl: I know aunt Lara. But it doesn't have to end like this for you all.

Nico: That's right. Earth can be your home.

Supergirl: The planet itself might be doomed. But the people can still live on.

Eli: That's right. We can give you all a new home on Earth. Just like Earth gave a home to Kal.

Superman: That's right Father. We got to at least try and help our people.

Me: But we're running out of time. Krypton is going to explode at any minute.

Jor-El: I understand. Lets hurry.

Nico: And we better act fast. General Zod is on his way.

Me: But first this. (Snaps fingers)

I beamed and teleported the Codex into young Kal and made it part of him giving him his powers.

We teleported to the council chambers.

We were in the council chambers and we talked to the Krypton Council.

Lor-Em: All right it is decided. We have all agreed to evacuate all of Krypton to join Earth.

Me: Excellent. We'll beam you all on board our ship as soon as we tie up one loose end. Nico we have to tell everyone to get their stuff all together and tell everyone to get ready to leave the planet.

Nico: Right.

The council relayed the message to all of Krypton's people and it was decided that everyone would leave Krypton.

Lor-Em: It's done.

Me: I'm sorry that you all have to leave your home but there's no other way.

Lor-Em: It's all right but thank you for all of your concern. We are forever grateful to you all for saving us.

Eli: It was our pleasure.

Nico: Now, all we do is wait.

Eli: General Zod is here.

KABOOM!

An explosion blasted the chambers doors down.

Nico: Right on time.

General Zod and his men came.

General Zod: This council is disbanded!

Councilwoman: On whose authority?

General Zod: Mine!

Nico held him and the insurgents in place with a blast of wind.

Nico: Long time no see Zod. Haven't seen you since we fought on my birthday 2 years ago.

Nico used Justice Lord Superman's heat visiion to shave off Zod's beard.

Nico: Now, I just shaved off your beard. What do you say?

Zod: I care about Krypton, not my beard!

Me: If Krypton explodes there will nothing left for you to care about. Zod listen! We're helping you save all of Krypton from destruction. You are trying to help Krypton yes but if you turn Earth into another Krypton it'll be the same result over and over again. Earth will explode just like Krypton is about to explode in a few minutes. Do you want that to happen? To not just Krypton but to Earth and over 8 billion innocent people?

Eli: That's right! Krypton and Earth can learn how to coexist.

Superman: Just like how I have been raised by everyone on Earth. You don't have to save Krypton by force.

Supergirl: He's right Zod. There is still good in you. I can sense it.

Zod: There's good in me and you sense it Kara? How?

Superman: Me and Kal have learned many new powers ever since we became part of Earth and Team Loud Phoenix Storm.

Nico: That's right. Zod, you can still redeem yourself. But for now let the council decide your punishment. And I think I have a good one in mind for that.

?: That's my awesome partner.

A girl with golden blond hair came and she had blue eyes and was dressed in blue, yellow and red clothes.

Nico: Claire Wendoll!

Claire Wendoll: Long time no see Nico.

Nico: Wow you look great. Superman's bone marrow did wonders for you.

Claire Wendoll: It sure did.

Supergirl: I figured we'd find you here.

Claire Wendoll: No kidding and on the planet my Kryptonian half comes from.

Nico: Yeah.

Lor-Em: I see you and Claire know each other.

Nico: Yes we do. Claire was born on Earth. But she had a fatal blood disease and she had to have a bone-marrow transplant. Unfortunately there was no one on earth that matched her genetic type because of her rare blood type. So Kal agreed to help.

Superman: That's right I remember that. I gave her some of my bone marrow and it helped cure her.

Claire Wendoll: And I will always be forever grateful to you Kal. But it also made me half-Kryptonian. And I got all of Kal's powers as a result. I met Nico and helped him bust John Corben before he turned into Metallo.

Me: Wow that is incredible.

Eli: It sure is.

Supergirl: That is awesome.

Me: Yeah.

Claire Wendoll: It sure is awesome. Now lets get Zod's trial underway.

Nico: And I have just the appropriate punishment in mind.

We got his trial underway.

Lor-Em: General Zod for the crimes of murder and high treason, the Council under Nico's suggestion has sentenced you and your fellow insurgents to eternal servitude to the Masters of Evil on Earth. It was either that or 300 cycles of Somatic Reconditioning.

Eli: How long is 300 Cycles?

Me: The Kryptonian orbital period is 1 third longer than on Earth. 300 cycles in Earth length is 411 years.

Lor-Em: That is correct.

Nico: Look on the Bright side Zod. It's better than spending over 4 centuries in the Phantom Zone.

Supergirl: Isn't this the part where you revert back?

Claire Wendoll: Actually I won't need to. I'm half human and half Kryptonian and I'm still human in this form.

Nico: She's right. Kryptonians are humanoid and look in every way like us.

Then we felt a huge quake.

Me: UH OH! IT'S TIME!

We saw huge torrents of lava shoot out of the ground!

Nico: Lets get out of here!

The ship beamed everyone on Krypton on board.

Nico: Lets get out of here fast!

We left for home and got out of there just in time as the entire planet exploded!

**EXTREMELY MASSIVE AND INCREDIBLE EXPLOSION!**

We were safe!

Claire Wendoll: WHOA! That was close!

Me: Yeah no kidding!

Jor-El: But you all saved us.

Lor-Em: Thank you all so much.

Supergirl: Yeah thank goodness.

Nico: Yeah.

Claire Wendoll: Whoa! That was scary seeing Krypton explode.

Me: Yeah it was.

Supergirl: What's your favorite memory of Nico?

Claire Wendoll: I have so many of them. But my favorites would be when me and him busted all those criminals in many parts of the world. I missed doing all that with Nico.

Lor-Em: You have come a long since you were artificially engrafted with Kryptonian Power, Claire.

Claire Wendoll: I sure have.

Me: And that is all impressive. Kal you saved Claire's life and that makes you an angel, mentor, role model and hero to her.

Superman: Yes it does. And I'm happy she is better and given a future and life.

Nico: Absolutely.

Nico and Claire then hugged.

Nico: I really missed you.

Claire Wendoll: Me too Nico. Me too.

Eli: That was really awesome seeing Krypton though.

Me: It sure was. Now we know what Krypton was like before it exploded. Lor-Em, I'm sorry about Krypton. I just wish there was another way to save it from exploding.

Lor-Em: I know. But thank you for your concern J.D. Our energy reserves were exhausted unfortunately it was too late. Our energy reserves were exhausted and we had no other option but to harvest the core.

Me: I know. But there are other methods to use energy. Solar energy, water, wind, we can use those.

Lor-Em: That is understandable.

We arrived back home and merged all the Kryptonian people with their counterparts and got them settled in.

Lincoln: Wow, we're here in the world of Earthworm Jim, and I know what we're going to do here, not only am I going to rescue the eleven girls there, but we're also going to face another of Earthworm Jim's enemies, Old Grand Ma, who's one bad grandma with a really bad attitude, and we're going to recruit her to The Masters of Evil.

Nico: That's right, big guy.

Me: Normally, we should respect our elders, but Old Grand Ma is one bad grandma with a really bad attitude.

Lori: She's literally just like Scoots in every way.

Luna Loud: No kidding, dude, and I'm really glad that after that whole incident at the restaurant, Scoots was arrested and put in that maximum security insane asylum in Lansing.

Lincoln: You got that right, Luna. And Nikiya, I want to thank you and Gage the Hedgehog for joining us on this rescue.

Nikiya: You're welcome, Lincoln.

Gage the Hedgehog: Yeah, I've heard about the rescues, and now, I'm part of your team for these rescues, awesome.

?: HELP!

Suddenly, Lincoln heard the sound of eleven girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the eleven girls, but they've been cornered by Old Grand Ma, and she's going to kill them.

Lincoln: Guys, I found the eleven girls, but they've been cornered by Old Grand Ma, and she's going to kill them.

?: That cantankerous bad grandma, let's punch her dentures out!

Suddenly, we saw an Evil HERO Dark Gaia appear before us.

Lincoln: That voice, I knew it was you, Gretchen Holland, but we'll have to talk later. Right now, we've got a bad grandma to take care of.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits Bad Grand Ma, and that allowed the eleven girls to get to safety. When Bad Grand Ma saw us, she was really mad.

Bad Grand Ma: How dare you whippersnappers get in the way of my target practice?!

Lincoln: Using innocent girls in your so-called target practice, that's what I call evil and cruel.

Me: And I thought Scoots was bad news.

Nico: But, Old Grand Ma really takes the cake for this one, let's get her!

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Nikiya and Gage the Hedgehog transformed and got their massive swords out, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, and Me, Nico, Nicole, and Eli unholstered our massive swords and we transformed, and we went at Bad Grand Ma, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, green flames, and water, and they exploded with incredible power as they hit her.

Then, Lincoln tied her up in a rainbow energy straitjacket with rainbow energy chains, and beamed her to The Masters of Evil's headquarters, but he also gave them a message to let Bad Grand Ma cool down in the headquarters after the thrashing we gave her. We cheered wildly as we holstered our weapons on our backs and power down.

Lincoln: That's it for that bad grandma. (To Gretchen Holland) And it's so good to see you again, Gretchen Holland.

Gretchen Holland: You too, Lincoln, it's been a long time.

Lincoln went up to Gretchen Holland and they hugged, and Gretchen Holland's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become.

Lincoln: It sure has been a long time, I haven't seen you when you were twelve, and as you can see, I really grew a lot since then.

Gretchen Holland: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Gretchen Holland, she's a local girl from Michigan and she's also one of the fiercest of my Guardian Angels, in fact, she took on the entirety of Lori, Lola, and Lynn's wrath times ten at one time.

We were surprised by what Lincoln told us.

Me: Incredible!

Nico: She took on the entirety of Lori, Lola, and Lynn's wrath times ten at one time?! She's definitely fierce and tough, if she can take on their wrath.

Lincoln: And there's also something you guys should also know: she has a really bad history with Sam's evil uncle, Sinclair, as well as Michael and Michelle Malloy.

We gasped in shock.

Me: Oh man, so it wasn't just Sam, Simon, and Cody who've had a nasty history with Sinclair, along with Michael and Michelle Malloy, but Gretchen as well, whoa.

Gretchen Holland: That's right, J.D., and I've got one nasty and horrible revelation about Sinclair T. Sharp.

Lincoln: We'll have to hear that later, right now, let's get you back to normal, Gretchen. Boys, you know the drill, and Nicole, you know what to do?

Me, Nico, Eli, and the rest of the boys cover our eyes as Lincoln snapped his fingers, and Gretchen Holland was reverting back to normal. Gretchen Holland is a beautiful 17-year-old girl with long flowing crimson red hair, crimson red eyes, fair skin, she's 6'5" in height, she has the body of a goddess, and she has massive crimson red angel wings, as she reigned in the power of the Evil HERO Dark Gaia.

Lincoln: How do you feel, Gretchen?

Gretchen Holland: (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Gretchen Holland her new wardrobe, a sleeveless red vest, sleeveless red midriff top, long red frilly skirt, red stockings, red high heels, long sleeveless crimson red trenchcoat with lava on the coattails with the Evil HERO Dark Gaia on the back, and holstered on her back is a large Evil HERO Dark Gaia-themed sword with Evil HERO Dark Gaia etched on the 6'5" massive, wide, double-edged, man-sized crimson red blade, Evil HERO Dark Gaia' wings for the crossguard, large light blue gem embedded in the rainguard, longer black handle, and large crimson red gem surrounded by angel wings for the pommel.

Gretchen Holland: Wow, I love the outfit and sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Gretchen Holland's neck with crimson red gems on the gold lightning bolts and crimson red crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Gretchen Holland: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Gretchen.

Gretchen Holland had a smile on her face and tears coming from her eyes, as she wrapped her arms around Lincoln's waist and Lincoln wrapped his abnormally massive and powerful muscular arms around her body and he leaned down and kissed Gretchen Holland on the lips, and she returned it, and we cheered for them. Then, we went up to the eleven girls, and when Lincoln saw them, he recognized them. The eleven girls are Ninagawa Amuro, Ikuta Maki, Kise Sanae, Nanako Maaya, Orizuka Momoko, and Shizuoka Mirei from Kenkou Zenrakei Suieibu Umishou, Hamaoka Azusa, Kotegawa Chisa, Yoshiwara Aina, and Mizuki Kaya from Grand Blue, and Houjou Miyoko from Food Wars.

Nicole Knudson: From Kenkou Zenrakei Suieibu Umishou, Grand Blue, and Food Wars, awesome.

Lincoln: Are you girls okay?

Ninagawa Amuro: Yes, we're okay, thanks to you.

Then, when Ninagawa Amuro and the other ten girls saw who it was that saved them from Old Grand Ma, heir faces turned atomic red upon seeing the 17-year-old 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Ninagawa Amuro: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they lean down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Ninagawa Amuro: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eleven Thunderbird Necklaces of Eternal Love appeared on the necks of Ninagawa Amuro, Ikuta Maki, Kise Sanae, Nanako Maaya, Orizuka Momoko, Shizuoka Mirei, Hamaoka Azusa, Kotegawa Chisa, Yoshiwara Aina, Mizuki Kaya, and Houjou Miyoko with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned home to the TLPS Flying Fortress and we told everyone what happened during Lincoln's rescue, and they were shocked when they found out the villain we went after was Old Grand Ma.

But, when Lincoln showed what we did to Old Grand Ma, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Gretchen Holland now have a lot of catching up to do, now that she's back, and Old Grand Ma is now a member of The Masters of Evil.

---

After taking down Old Grand Ma, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Gretchen Holland saw Lincoln working out like crazy, she had an atomic red blush on her face.

Gretchen Holland: Whoa, I was right that Lincoln has really grown to be a 17-year-old 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his abs hard at work, and to work out with those 9,500-

lb barbells and not even get tired, incredible.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Gretchen, and now, I can also defend myself.

Gretchen Holland: That's incredible.

Nico: It sure is, Gretchen. So, what's this nasty and horrible revelation about Sinclair T. Sharp?

Gretchen Holland: You guys aren't going to like this one, I was asked by Tony and Amanda Sharp, along with the Royal Woods Police Department to do some investigating on Sinclair T. Sharp, and since I knew of his reputation as being a total racist and white supremacist, I couldn't refuse the chance to put that asshole away behind bars. I took the task and I went undercover at his house in the north of Royal Woods. I got inside and found a secret room in the basement of his house, and I went inside it. What I found was too shocking for words: I found out he was going to use nuclear weapons to kill all same-sex couples, African Americans, and Jews, along with Tony, Amanda, Sam, and Simon, along with The Louds. I was so horrified and enraged, I wanted to rip Sinclair's head off his shoulders and send it into Lake Huron. But, I relented, and instead, I sent the information of my investigation to the FBI and The Royal Woods Police Department, and they arrested Sinclair T. Sharp, and they gave him Life in Prison Without Possibility of Parole.

We gasped in shock and horror.

Me: Whoa, I knew Sinclair T. Sharp was nothing but a murderous racist and white supremacist, but what you just told us is really horrifying.

Nico: No kidding, J.D., Sinclair T. Sharp was planning to stealing and using nuclear weapons to kill all same-sex couples, African Americans, and Jews, along with Tony, Amanda, Sam, and Simon, along with The Louds.

Tony Sharp: But, even prison wasn't able to curb his desire for blood. Eventually, he sent Michael and Michelle Malloy to kill us, and they'd one day kill Sam and Simon.

Luna Loud: He's a heartless bastard with a black heart who deserved to die, along with Michael and Michelle Malloy.

Hunter (Road Rovers): I heard about what those three have done, it was talked about all over the U.S. (To Sam and Simon) Sam, Simon, I'm so sorry you guys had to go through all that.

Sam S. Loud: It's okay, Hunter. But, we're still alive, and we have everyone here to thank for that one.

Crash Bandicoot: But, if those three dare to return, there's only one fate awaiting them for what they have done.

Cody (OC): Yeah, The Black Gates, and I can't forget what Michael and Michelle Malloy did to my parents long ago.

Simon S. Loud: Yeah, Sam told me everything about what happened to your parents, Cody. I'm so sorry you had to go through with that.

Lincoln: We all are.

We then got a shower afterwards, but then, the alarm in the TLPS Floating Fortress sounded, and when Lincoln checked it out, he saw that Raymond, Wu In-Sik, Anderson, David, and Yáng Zhèng-Lì, The Five Emperors, are here, and they're causing havoc. But, he also saw that someone is fighting the Five Emperors, it was none other than Kenshiro.

Lincoln: Guys, we got trouble: Raymond, Wu In-Sik, Anderson, David, and Yáng Zhèng-Lì, The Five Emperors, are here, and they're causing havoc.

Jimmy Lee: The Shadow Warriors' Five Emperors, they're trouble when together.

Lincoln: Yes, but I also that someone's fighting the Five Emperors, it's Kenshiro.

Lin: Kenshiro's here? I'm pleased to hear the news, we have to give him a hand in dealing with the Five Emperors, Lincoln.

Lincoln: You're right, Lin. Come on, let's go.

We then headed out of the TLPS Flying Fortress, and Lincoln fired five powerful rainbow energy balls at Raymond, Wu In-Sik, Anderson, David, and Yáng Zhèng-Lì, and it hits them in the back. When Kenshiro saw us, he was indeed honored to meet us. But when the Five Emperors saw us, they were really pissed off.

Raymond: So, the famous Team Loud Phoenix Storm has arrived?! Perfect, now we can get our revenge on you all for what you did to The Shadow Warriors!

Lincoln: Forget it, Raymond. The only thing that awaits you and the other Emperors is prison for all of the crimes you five have committed.

Asuka Kazama: Yeah, you five have caused far too much trouble for the last time.

Lili De Rochefort: You five need to be taught a serious lesson.

Kei and Yuri: And you need to be put away for the rest of your lives.

Lin (Fist of The North Star): Let's get them.

Lincoln, Asuka Kazama, Lili De Rochefort, Kei, Yuri, Lin, and Kenshiro went after The Five Emperors, and they fired powerful blasts of rainbow energy, colored energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Dragons, and they exploded with incredible power as they hit The Five Emperors. Then, Lincoln, Asuka Kazama, Lili De Rochefort, Kei, Yuri, Lin, and Kenshiro punched and kicked the Five Emperors, and they overwhelmed them with their martial arts and superhuman strength, and the Five Emperors were defeated and knocked out.

Then, Lincoln tied the Five Emperors up with rainbow energy straitjackets and rainbow energy chains, so they can't escape.

Kenshiro: What do you intend to do with these criminals, Lincoln?

Lincoln: There's only one place for these five criminals, Kenshiro.

Lincoln beamed the Five Emperors to the Uranus Prison, and placed them into five separate cells in Solitary Confinement, and chained them to the walls with rainbow energy chains and Neutronium Chains so they can't escape.

We then returned to the TLPS Flying Fortress after putting a stop to The Five Emperors.

Nico: Awesome job, Lincoln, you, Asuka, Lili, Kei, Yuri, Lin, The Lee Brothers, and Kenshiro did an awesome job in taking down The Five Emperors.

Lincoln: Thanks, Nico. Those five aren't going to be getting out of prison anytime sooner.

Nico: You said it. (To Kenshiro) And it's indeed an honor to meet you, Kenshiro.

Kenshiro: You too, Nico. And I've heard that Lin, Airi, Danne, Kisana, Lyra, and Mamiya are now part of Lincoln's harem and his future wives, and I know he'll take care of them.

Me: Indeed he will, he's a man of his word.

Lincoln: And we're just about to head for The Cayman Islands for the next challenge, and I've been to The Cayman Islands on one of my dates, it was so awesome.

Nico: And now, we're going to head there for our challenge, awesome.

Suddenly, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy signal, and he saw who it was in the vision: it was none other than Tovolar, a powerful and dangerous Alpha Werewolf who's plagued the plane of Innistrad in the world of Magic the Gathering, and he and his pack of werewolves are here, and they're hiding in The Cayman Islands. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone coming after us?

Lincoln: I'm afraid so, Nico, and we're not going to like it one bit: the dark energy signal I sensed belonged to Tovolar, a powerful and dangerous Alpha Werewolf who's plagued the plane of Innistrad in the world of Magic the Gathering, and he and his pack of werewolves are here, and they're hiding in The Cayman Islands.

We gasped in shock.

Luna Loud: Oh boy, dude. It looks like we're going to face another dangerous enemy from the world of Magic The Gathering.

Me: That's right, Luna. Tovolar and his pack of werewolves have caused a lot of havoc on the plane of Innistrad for many years, they reveled in the carnage and havoc they'd wrought on the innocent.

Ahri the Nine-Tailed Fox: After our challenge on The Cayman Islands, Lincoln and I are going to face Tovolar and his pack of werewolves.

Nahiri: And I hope Lincoln transforms into Lincoln the Nocturnal, and rips Tovolar's heart from his chest and devours it.

Lincoln: That's exactly what I'll do to him, Nahiri. For him to cause havoc in the plane of Innistrad, and revel in the carnage and havoc they cause to the innocent, he deserves to die, along with his pack of werewolves.

Nico: This should be a good fight.

Me: Nocturnal Werewolf and Nine-Tailed Fox VS. Werewolf Plague of Innistrad, this is going to get really messy and bloody. But, Lincoln, Ahri, show that monster no mercy.

Ahri the Nine-Tailed Fox: Trust me, Tovolar deserves none.

Kenshiro was then made a member of the team, and we then head for the Cayman Islands, and then, after our challenge, Ahri the Nine-Tailed Fox and Lincoln are going to face Tovolar, the powerful Alpha Werewolf and plague of Innistrad, and they'll see to it that he never returns again to torment the world.

---

Later it was time for Princess Luna's second Ambassador mission.

Me: This is gonna be awesome.

Yost Thing: Hey, Luna. Tell Wolverine I said hi, alright?

William: That's right. You and him were on the same New Avengers team together.

Yost Thing: That's right William. Good times.

Princess Luna: I'll relay the message for you Ben.

Yost Thing: Thanks.

Princess Celestia: I'm ready for this sister.

Princess Luna: Me too sister.

Me: This is gonna be awesome.

Eli: I can't wait to blast Mutant Hating douchebags.

Me: You're going to have fun on this bro.

Princess Luna: We're ready.

We opened the portal and we were off.

We arrived at the X-Men mansion.

Me: Here we are.

Yost Wolverine: Hello Princess and hello J.D.

Me: Hello Logan.

Princess Luna: Everyone, meet my sister.

Princess Celestia: It's an honor. I'm Princess Celestia, Princess of the Sun and ruler of Equestria and Princess of the Light Skylanders.

Yost Cyclops: It's an honor to meet you. And J.D. who is this with you?

Me: This is my little brother Eli.

Eli: Eli Winston Bullock. Pleasure to meet you all.

Me: We're not related by blood. I was looking out for him for a while.

Yost Jean Grey: I see. It's a pleasure to meet you Eli.

Eli: Same to you Jean.

Princess Luna: By the way, Logan, the Thing you know says hi.

Yost Wolverine: Good to know he's alright.

Me: Yeah and Emma is learning a lot and training really hard with us. She is working really hard to gain your trust back.

Yost Cyclops: That's good she wants to try and get back with us again after what happened.

Yost Shadowcat: I still don't trust her for what she did.

Me: And you have every right to not do so Kitty but at least give her a chance to prove it.

Princess Luna: I understand how you all feel about this and I'm sorry she did all that.

Yost Iceman: Thank you Princess.

Yost Rogue: I've been where Emma is right now. I've done things I'm not proud of too. It's only right that I forgive her.

Me: Good for you Anna.

Eli: I'm sorry about what happened to you all because of the prejudice of people hating mutants.

Yost Nightcrawler: Thank you Eli. We appreciate that.

Yost Storm: How are Pixie, Magma, Polaris and Petra doing?

Me: Really well Ororo thank you for asking. I'll tell them you all said hello.

Princess Luna: They are learning so much under the teams training and tutelage and really learning hard.

Yost Wolverine: We're glad they are.

Yost Storm: And Emma WAS the one out of the entire Hellfire Club who didn't want the Phoenix for evil purposes.

Me: That is understandable. At least she had some semblance of free will still left in her. That chip didn't erase all of it thank goodness.

Eli: That is true. (Senses something) Scott behind you!

He fired a blast of Force Lightning and it went around Scott and zapped a man trying to stab him with a knife and it smashed him to the wall!

Me: Whoa! Nice shot Eli.

I went over to the man and unmasked him and it was Graydon Creed!

Me: Graydon Creed!

Yost Graydon Creed: Yes and I hate mutants!

Me: Bite my fucking ass! You're going to prison you racist asshole!

Eli tied him up.

Me: Give my regards to Bolivar Trask fuckwad.

And with that I beamed him to the Neptune Prison.

Yost Beast called.

Yost Wolverine: Hank, what'cha got for us? We just got finished taking down Graydon Creed.

Yost Beast: It's not the MRD this time.

Yost Wolverine: What is it?

Yost Beast: It's Scarlet Witch!

We then met Scarlet Witch.

Me: Wanda Maximoff A.K.A. Scarlet Witch. Awesome to meet you.

Yost Scarlet Witch: It's very nice to meet you, J.D. Too bad it's not under better circumstances.

Eli: How so?

Yost Scarlet Witch: The Spineless One is here.

Me: Mojo the Spineless One? That ugly immobile fat tub of lard?

Yost Scarlet Witch: That's right.

Eli: He is a weird one.

Yost Wolverine: Lemme guess. You need our help to deal with him.

Yost Scarlet Witch: That's right.

Me: Hmm. He would make a great addition to the M.O.E.

Princess Luna: He sure would.

Yost Nightcrawler: So, Wanda. How are things in Genosha?

Yost Scarlet Witch: Actually, they're doing pretty well, all things considered.

Me: Thank goodness.

Eli: Yeah.

Princess Luna: We better get after Mojo then.

Yost Iceman: You know that you're gonna have to talk things about with Magneto eventually, right?

Yost Scarlet Witch: Of course I do. But he seemed to have dropped off the grid.

Yost Wolverine: That ain't a good sign.

Me: He probably went into hiding to avoid the hating people still out there.

Eli: That is probably my guess too.

Princess Celestia: But we'll have to see if we can get a hold of him.

---

In the lair of Mojo came the X-Men.

Yost Mojo: Welcome, X Men! I told you there'd be a sequel!

Yost Wolverine: So we have heard and you were right.

Yost Cyclops: But this time we have help.

Yost Mojo: Oh? And who is that?

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the wall from behind him and smashed him down and a phoenix cry was heard and we came out.

Me: That would be us blob boy.

Yost Mojo: Who are you?

Me: Your worst fucking nightmare.

Yost Mojo: Hmm… wasn't expecting guest appearences. But I think we can squeeze that in today's episode.

Me: Geez and I thought Deadpool was the only one that can break the 4th wall. But I guess you must be talking about the TV Program you have.

Yost Mojo: Yes that's right. But you will be perfect for my show.

Me: Not in this for the fame and glory. But your show is cancelled.

Eli: We have a better proposition for you.

Yost Mojo: So, let me get this straight. You want me to join the Masters of Evil, which isn't Zemo's group?

Princess Luna: That's about right.

Me: Thats right. Very smart reading.

Yost Mojo: I accept! But only if you defeat Spiral in battle and then me!

Spiral came out of the shadows.

Yost Spiral: (to Yost Nightcrawler and Yost Scarlet Witch) Good to see you two lovebirds again.

Me: Rita Wayford A.K.A. Spiral. Pleasure to meet you.

Yost Spiral: The famous J.D. Knudson, an honor to meet you.

Me: Pleasure is mine.

Yost Spiral: Lets see if you live up to your reputation.

She went invisible.

Me: Oh I do.

I turned on my infrared vision and saw her coming at me and then I kicked her in the face and made her visible and then Eli tied her up.

Me: Now for the fun part.

Eli, me, Princess Luna and Princess Celestia: ECLIPSE FORCE

MEGABLAST!

We fired waves of lightning, energy and sunlight and moonlight and the blasts all hit Yost Mojo and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion knocked him out with incredible force.

Me: A deal is a deal.

Eli: Teamwork is awesome.

We later came back.

Nico: How did it go guys?

Me: Went awesomely well. We took down Mojo the Spineless One and Spiral.

Nico: Cool!

Me: She went invisible and I used my infrared vision to help me find her and take her down and then we used a combo to take down Mojo.

Nico: Well done!

Me: They will be put into the M.O.E.

Nico: Awesome.

May: This Mojo shouldn't be confused with Mojo Jojo.

Me: That is coincidental that they share the same name. But we'll make sure that doesn't happen to avoid confusion.

Princess Luna: But it was really fun.

* * *

Later we were thinking.

Marge: Maybe we should have something to eat before the next challenge.

Me: Good idea Marge. I'm starving.

DING DONG!

Nico: Wonder who that could be.

Nico went to the door and answered it and it was Bobby Santiago and he had over 200 pizzas!

Bobby Santiago: Hey guys. 200 cheese, sausage and pepperoni pizzas for Team Loud Phoenix Storm.

Nico: Hey you guys order any pizzas?

Me: Not me.

Eli: Not me.

Nico: Me neither. But we'll take them anyway. We're hungry.

Murray: Oh, man! Am I starving.

Me: Yeah lets eat!

Nico: Okay.

Nico gave Bobby the money.

Bobby Santiago: Thanks guys.

Nico: No problem amigo.

Bobby left.

Nico: Now who ordered the pizzas anyway?

Me: Good question.

Eli: Yeah.

Drillhorn: Better question: How can the Flying Fortress get delivery anyway?!

Nico: Bobby can fly with wings and teleport.

Drillhorn: Oh right.

Nico: Anyway lets eat.

We got to eating.

Poromon: Oh boy! Lunch! My order came!

Nosecone: Poromon, you ordered the pizzas?!

Poromon: It was all C.C.'s idea!

Eli: You guys know how much C.C. loves pizza!

We saw her eat a lot of it too.

Me: Wow C.C. Is really hungry.

Nico: She has as big an appetite as me.

May: Yeah she sure does.

Eli: Yep.

Me: Well after lunch we'll give the mascots a talking to.

Drag Strip: Relax. We're not gonna punish you guys too badly.

Me: Besides we needed to eat. We were hungry. But next time I'll be putting an Ultimeatum, Pizza, Lynn-Sagna and Every Meat Burrito tree in here. I should have thought of that before.

Eli: But that is cool that Bobby can deliver internationally thanks to his powers.

Nico: Boy it sure is cool.

Drag Strip: Relax. We're not gonna punish you guys too badly.

Me: Besides we needed to eat. We were hungry. But next time I'm putting an Ultimeatum, Pizza, Lynn-Sagna and Every Meat Burrito tree in here. I should have thought of that before.

Eli: But that is cool that Bobby can deliver internationally thanks to his powers.

Nico: Boy it sure is cool.

C.C.: Yeah but I'm sorry guys. It was all a prank.

Eli: Didn't know you had such a mischievous side to you.

Nico: Yeah that is awesome.

We got to finishing our lunch and we were ready.

Me: All right we're just about at the Cayman Islands **K Y**.

Nico: Yep.

Then Greiger, Tchang Zu, Multiple Man, Baron Mordo, Melter, Po Kong, Titanium Toenail, Heatwave, Touch & Go, and Stinky Butt appeared.

Greiger: Can me, Tchang Zu, Multiple Man, Baron Mordo, Melter, Po Kong, Titanium Toenail, Heatwave, Touch & Go, and Stinky Butt go with you guys?

Nico: You all sure can. Now that we've eating lunch we can get ready for our challenge at the Cayman Islands.

Baron Mordo: Great!

Inque: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to meet one for the natural predator of the Toku'Starr, Way Big's species.

Shanan: Whoa you want to meet one for the Elefantokyo.

Me: That one that looks like a Bacteriophage Virus? That is an interesting choice. So it'll be one of the star users next.

Nico: Yep. This will be interesting to see.

Megan McCallister: I'm not sure what it is but something is telling me this will be a reunion during this one.

Nico: I feel it too.

Inque: You want some pizza?

Baron Mordo: Sure. Wait where did you get pizza?

Me: Poromon got it.

Mr. Touch: I would've loved to eat that pizza.

Mr. Go: Me too!

Me: We still got plenty of it. We got lots of leftovers.

Mr. Touch: Great.

They got to eating.

Threatpack: What's the challenge this time?

Don: You'll like it Threatpack. It's an awesome underwater treasure hunt. There's numerous shipwrecks in these parts of the sea and they have treasure chests that are priceless. Each has gold, jewels, diamonds and more.

Nicole: Awesome!

Titanium Toenail: Where's the challenge located this time?

Nico: He said it was located in the waters not far off the shore of Grand Cayman.

Laney: This will be awesome to see.

Lana: It sure will.

## GRAND CAYMAN ISLAND, CAYMAN ISLANDS

We arrived at the Cayman Islands and we were on Grand Cayman Island.

Lemon Zest: Here we are!

Me: Yep. Welcome to the Cayman Islands everyone.

Nico: So beautiful here.

Eli: It sure is. I can't wait to have some fun on this one.

Nico: Me too. This will be awesome.

Stinky Butt: Sydney, I think you and UA Iron Man get a chance to shine on this one.

Sydney: I have that feeling myself.

Brittney: Same with me and Hari. This will be so fun.

Hari: It sure will.

We walked to the beach Don told us to go to.

Freak-Zekiel was watching us from a distance when Stacey came behind him.

Stacey: You must be the insane version of Ezekiel. Hard to believe Billy McLean would mistreat you so badly your sanity would be nearly gone.

Freak-Zekiel tried to charge at Stacey but was grabbed by the throat.

Stacey: Forgive me. This is in no way personal. But it's just that I plan to fight J.D. after today. And until that happens, he must be kept… (snaps Freak-Zekiel's neck)… safe.

He fell to the ground dead.

Stacey: Like I said. Nothing personal.

We were walking and Ezekiel felt something.

Me: What is it Ezekiel?

Ezekiel: Correct me if I'm wrong eh. But I feel like a huge burden was lifted off me or maybe it's just me thinking eh.

Nico: Maybe. I don't sense anything.

Stacey went into a portal leading into Kikaitopia… just as we walked near Freak-Zekiel's body.

Maria: My God! Is that Freak-Zekiel?!

Nico: J,D,, I think stress from missions got to you so much that you probably killed Freak-Zekiel in your sleep!

Me: What!? I didn't do this!

Ezekiel: Besides how can I turn into Freak-Zekiel again?

Eli: J.D. is telling the truth! He didn't do this. Besides we destroyed Freak-Zekiel long ago.

Me: Hmm. Who could have done this?

Weirdwolf: Alright, anyone want to fess up on killing Freak-Zekiel?

We all didn't do it.

Me: Hmm. Who would be quick enough to take our Freak-Zekiel like this with ease?

Eli: The Force is telling me that it's someone the Zenkaigers know.

Me: (Gasp) (In my head) Stacey!

Melter: (nervously) Well, that's one less Sore Loser to worry about. Right?

May: While you're right about, we don't even know why he was here to begin with.

Nico: Hmm. Good question.

Me: (BELCH) Oops pardon me. I had garlic knots with my pizza.

Eli: Yeah those were awesome.

Edward: Why don't we get to treasure hunting now that we only have 1 Sore Loser to worry about today?

Nico: Good idea.

Eli: Lets head out.

We continued on.

But little did we know that something was watching us and they were glaring and looking at us with glowing red eyes overflowing with pure evil.

Baron Mordo: Just checking but do I need to use a spell to allow us to breathe underwater?

Nico: No we actually have the power to do that already.

We arrived at the beach.

Nico: Here we are.

Varie: This is gonna be awesome.

Me: It sure is.

UA Iron Man: Guys, I want to say that I'm sorry for everything I caused back in my world.

Birdbrain: It's alright, Tony. You weren't the one who killed all those people in Stamford.

UA Iron Man: But I WAS one of the people who created the Nanite Control Program in the first place. And that led to the Fold being created thanks to Nanites becoming sentient enough.

Me: That was not your doing Tony. It was that worlds version of Maria Hill. She did that.

Laney: Yeah she brought all that on herself.

UA Iron Man: Really? Tell that to Colossus and Multiple Man, who got infected with Nanites themselves.

UA Cap: Tony, all of us except JD, Sydney, and the others did things we're not proud of. But all we can do is move forward and make sure the Stamford explosion and the Civil War don't happen again.

UA Iron Man: I know. But I'm just taking responsibility for my actions.

Heatwave: You and Cap already did so when we met up with you guys back in Prison 42.

Me: Yeah you did Tony. Come on don't blame yourself for any of all that.

Nico: Yeah it's not your fault.

Laney: You did help out in helping us destroy the Fold for good.

Nico: Lets get diving.

We went underwater and we were searching through all the ships that were down on the ocean floor of the Caribbean and they were full of treasure!

Dreadwind: Look at all these coins!

Nico: Wow!

We got the coins all gathered up and we sealed them into scrolls.

Eli: These treasures are incredible.

Tchang Zu: There has to be some weapons we can get from here.

Rainbow Dash: I'm sure there is. We just got to look hard enough.

Claire Wendoll: Wait what's this?

She pulled out a really cool golden sword and it was in totally pristine and beautiful condition despite being underwater for centuries.

Nico: Wow that sword looks awesome and it's still in good shape after all these years.

Batman looked at it.

Batman: It's a Thanagarian Sword.

Hawkgirl: A sword from Thanagar? Wow.

Slugslinger: There are a lot of gold coins in here!

Nico: There sure are.

We were putting them all in the chests and scrolls all over and we were also piling in the jewels and more.

Me: These pirates sure hoarded a lot of treasure over the centuries.

We even stumbled onto a ship that is loaded with MILLIONS AND MILLIONS OF PRICELESS JEWELS!

We came out of the ocean and we had loads of treasure chests, scrolls and more with us.

Eli: Boy what a haul!

Nico: There's enough treasure here to last the world for eons.

Me: Man what are we gonna do with all this treasure?

Eli: Boy that is a good question.

Multiple Man: Let me make some clones for the upcoming Sore Loser we have to face.

Multiple Man made 310 clones of himself.

Me: Good thinking.

Laney: I have a feeling that the next sore loser should be coming soon.

Me: I have an idea.

We decided to use some of the treasure as bait and then we hid in the trees and waited.

Then we saw a figure come out.

Pounce: Guys, now's a good time for an entrance!

Nico: Lets go.

We went at the figure!

The figure laughed as it saw the treasure. But then the Nazca Line for the Killer Whale appeared underneath the figure and a massive column of indigo fire erupted out and then weather elements blasted out from a mountain in the shape of a whale underneath it and then formed into the spirits of Whale Mountain and then converged and then…

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion of indigo fire blasted out and a whale pod was heard and then we came out!

Nico: Surprise!

The Figure was revealed and it was none other than HEATHER!

We gasped!

Nico: HEATHER!

Eli: HEATHER!

Varie: HEATHER!

Me: HEATHER!

Vince: HEATHER!

Heather: You losers are gonna pay for all that you did to me! Including killing Freak-Zekiel, who I sent to kill you all!

Po Kong: He was dead when we found him! But enough of that. A certain someone has a score to settle with you!

Me: Make that TWO someones.

Mavis Schroder: That's right! Hello Heather.

Lana Hugo: You remember us don't you?

Heather: Mavis Schroder and Lana Hugo!?

Lana Hugo: That's right! I am the one that stopped all your murder attempts.

Mavis Schroder: And I'm the one that got you arrested!

Heather: You two ruined everything for me! I WILL KILL YOU!

She roared and went at them and then…

KAPOW!

They punched her in her face and smashed her eyes!

She had 2 black eyes!

Me: Hey Heather! Sniff on this!

I pulled out Full Moon Perfume and sprayed it in her face and it BURNED HER! SHE WAS PURE EVIL AND IT BURNED HER LIKE HOLY WATER!

She screamed in pain like a vampire in the sun that is burning from the ultraviolet radiation.

Nico: WHOA! Full Moon Perfume is like holy water to her.

Eli: Very awesome.

Me: Remind me to thank whoever made Full Moon for this.

Laney: That is awesome.

Fluttershy: How about this!

She aimed her butt in Heather's face and farted and the farts burned Heather worse!

Laney: Wow! Fluttershy's farts have the same effect.

Lisa Loud: Very fascinating.

Then Bronze Kneecap, Ebon, El Oso, Cavalier, Tar Pit, Count Vertigo, Overdrive, DC Enchantress, Wrecking Crew, and Black Spider appeared.

Nico: Bronze Kneecap, Ebon, El Oso, Cavalier, Tar Pit, Count Vertigo, Overdrive, DC Enchantress, Wrecking Crew, and Black Spider.

El Oso: (Sniffs) Wow that smells great.

Me: It's Fluttershy's perfume farts and my Full Moon perfume. It smells awesome but it burns Heather bad.

Lola: Yeah.

Bronze Kneecap: Tony, we heard everything. And you weren't the one who caused the entire Civil War.

UA Iron Man: That might be true. But I still led the Registration Side.

Ebon: And even if you hadn't, things wouldn't have changed. The Hill from that world would've found someone else to lead the Pro Registration forces.

El Oso: Specifically someone less friendly.

Me: That's true.

Cavalier: (to Nico) We heard you helped evacuate Krypton.

Nico: Yeah that was awesome and we got everyone out of there just in time.

Tar Pit: Zod's gonna make a powerful member for sure!

Nico: He sure will.

?: I agree too.

A figure came out and it was CLOCK ORG from episode 35 of Wild Force!

---

Clock Org appeared when Onikage used an illusion of him, Tire Org, Flute Org, Bell Org, and Lion Tamer Org. Later on, Clock Org is among the Orgs in the Org Spirit World that are summoned by Onikage

---

Cole: Clock Org!

Clock Org: Been a while rangers.

Me: I remember you! But it's a darn shame you were just an illusion on TV.

Clock Org: Yeah what a shame. I was defeated offscreen.

Nico: That sucks!

Eli: Yeah!

Nico: It's a shame it wasn't shown how you were defeated.

Me: Yeah! What a ripoff!

Clock Org: Let's just say that I was defeated sometime during Zen Aku's reign of terror.

Nico: That works.

We got the usual battles underway.

Bronze Kneecap: (to Stella) Nico did a good job evacuating Krypton in his rescue. He even met a Kryptonian Gene-Slammer.

Stella Zhau: He sure did and that is so cool that Claire is a gene-slammer for Superman's race. But she is an artificial hybrid.

Rarity: Oh indeed she is and Claire was born with a rare and fatal blood disease.

Sweetie Belle: That is awful and Superman saved her life. How cool is that?

Bronze Kneecap: It sure is awesome. And because of that she now has Superman's powers.

Gill Grunt: That is what I call an unexpected side effect.

Bronze Kneecap: What was Krypton like before it exploded?

Stella Zhau: It was home to an amazingly advanced civilization that has technology and minds that exceed far beyond anything humanity knows.

Tuddrussel: It sure is something.

Larry 3000: Indeed and it's really cool.

Otto Osworth: Superman's home planet is really amazing.

Bronze Kneecap: It sure is amazing. Just awful that it had to explode like that. Lets do it!

Sunset Shimmer: Her name is Gretchen Holland and she is a really awesome one. She has taken on Lola, Lori and Lynn at their worst. But also she has a really horrible history with Sam's evil uncle Sinclair.

Pipsqueak: (British Accent) Yeah it's scary. Gretchen was asked by Tony and Amanda Sharp, along with the Royal Woods Police Department to do some investigating on Sinclair T. Sharp, and since she knew of his reputation as being a total racist and white supremacist, she couldn't refuse the chance to put that asshole away behind bars. She took the task and Gretchen went undercover at his house in the north of Royal Woods. Gretchen got inside and found a secret room in the basement of his house, and she went inside it. What Gretchen found was too shocking for words: She found out he was going to use nuclear weapons to kill all same-sex couples, African Americans, and Jews, along with Tony, Amanda, Sam, and Simon, along with The Louds. Gretchen was so horrified and enraged, she wanted to rip Sinclair's head off his shoulders and send it into Lake Huron. But, she relented, and instead, she sent the information of my investigation to the FBI and The Royal Woods Police Department, and they arrested Sinclair T. Sharp, and they gave him Life in Prison Without Possibility of Parole.

El Oso gasped!

El Oso: Ay caramba! He was worse than we thought!

Sunburn: Yeah he sure was. What a monster!

Maximum Ride: I'm glad that monster is dead.

Nudge: Same with me.

Gazz: Me as well.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was knocked down!

Nico: You are finished Heather!

Lincoln: And for good measure!

Lincoln transformed into SHADOW LINCOLN, his second elemental hero form that he unlocked. Then, shadows and creatures of darkness danced around Lincoln, as his massive black angel wings spread out.

Lincoln: (Singing Divinely) I see a cold wind blowing through, I see days neither fun nor free, I see a future caused by you, I see a path not meant to be. Your future should filled with magic, dreams, and wishes brought to life. But, the days ahead are dark and tragic, no time for hope when all is strife, whatever might have been, all the dreams that you did share, because of you, Queen Bee Heather. Now, the future is a cold nightmare.

Nico and I had shivers going down our spines as Lincoln sang that song and so did many of us.

Lincoln fired two massive dark energy blasts from his massive black angel wings, and they hit Heather, and we also knew that the dark energy blasts also had a curse inside her. She was then sent to the Saturn Insane Asylum for eternity.

Nico: What did you curse her with Lincoln?

Lincoln: I cursed Heather with Eternal Life Without Eternal Youth and Plagued Forever By The Demons of The Past and Eternal

Nightmares.

Me: Fitting for that heartless monster.

Heather the Queen Bee of Evil was sentenced to Eternal Life in Prison without The Possibility or Hope of Parole in the Saturn Insane Asylum's Arkham Asylum wing, and she was put in separate cell in Solitary Confinement, and chained to the wall of her cell with rainbow energy chains, and through the song Lincoln sang, Lincoln cursed her with Eternal Life Without Eternal Youth and Plagued Forever By The Demons of The Past and Eternal Nightmares, and she screamed in horror as Heather saw all the ghosts of the people she hurt and tortured moaning in pain and agony, and screaming for her blood to be spilled.

Lincoln: (Smirks) Sweet dreams, Heather the Queen Bee.

Count Vertigo: Another Sore Loser down for the count.

Misty Tredwell: You said it.

Me: And this time cursed with a fate worse than death.

Overdrive: And we got so much treasure as well.

DC Enchantress: I wonder which Sore Loser we'll face next.

Me: I hope it's Jo. I'm going to slash that bitches heart out and have Nico eat it.

Piledriver: I just hope Alejandro gets faced at the end.

Bulldozer: It's only fair since he was faced at the end of the World Tour.

Nico: I agree.

Black Spider: We'll just have to wait and see.

Me: Yeah.

Nico: We've completed the challenge and we also beat down

Heather, and Lincoln gave her the same curse he gave to Gabriel Tinsley, Josee, Jacques, and Jacques Schnee. But, we're not done yet.

Lincoln: That scent, I knew there's no mistaking it, you can come out now, Tovolar.

A large muscled, silver-haired man with glowing yellow eyes carrying a sword and holstered axe came out, it was none other than Tovolar, the powerful Alpha Werewolf who plagued the plane of Innistrad in the world of Magic the Gathering, and he also brought his pack of werewolves.

Nico: So, that's Tovolar.

Nahiri: That's right, Nico, the very werewolf who's plagued Innistrad for many years.

Me: Now, we can put a stop to him and his pack of werewolves before they attempt to cause havoc in the world.

Ahri the Nine-Tailed Fox: And that's exactly what I'm going to do to him.

Suddenly, Ahri the Nine-Tailed Fox's gold eyes turned neon gold, and she was surrounded by a blue energy aura with blue flames and nine-tailed foxes, and as she approached Tovolar, she left blue energy, blue flames, and nine-tailed foxes with every step.

Ahri the Nine-Tailed Fox: Tovolar, the crimes that you've committed against the plain of Innistrad and the innocent can never be forgiven, and now, I will see to it that you and your pack of werewolves will never return to plague anyone ever again.

Suddenly, Ahri the Nine-Tailed Fox was surrounded by a massive vortex of blue energy with blue flames surrounding it, there was a nine-tailed fox running around the vortex, and in the vortex is a crimson red phoenix. Then, as the vortex faded, Ahri the Nine-Tailed Fox emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Ahri the Nine-Tailed Fox grew to 6'5" in height, she now had the body of a goddess, she has blue highlights in the bangs of her long black hair tied in a long braid, the markings on her cheeks were glowing, she has black tips on her nine, long, massive white fox tails, she has neon golden eyes with black slit fox pupils and a neon blue energy aura with blue flames and nine-tailed foxes surrounding her, she has a nine-tailed fox carrying a flame in its paw emblazoned on her forehead, she has nine-tailed fox earrings with gold gems for eyes and the Fire Kanji in its paws on her dark blue fox ears and her merged Thunderbird Necklace of Eternal Love with crimson red crystal links and a Thunderbird and a nine-tailed fox with gold gems for eyes and the Fire Kanji in its paws for the pendant, she has on a white dress with red and gold details and full of trinkets and red ankle-high high heels, and a sleeveless white trenchcoat with red and gold details with blue flames on the coattails and on the back is a Nine-Tailed Fox. Ahri the Nine-Tailed Fox has on her Ring of The Phoenix with red gem on her left ring finger and Star Sapphire corps ring on her right ring finger. Suddenly, Ahri felt a sharp pain on her back, and then, massive black angel wings with white tips on the large black feathers, sprouted out from her back.

Ahri the Nine-Tailed Fox had her new levitating globes levitating on both sides of her that transformed after Lincoln gave her Da Ji's Spheres of Decay, Ahri the Nine-Tailed Fox has on her new Bracelets of The Champions of The Universe with red gems on her wrists and her new Belt of Elemental Bravery with a gold fox head with gold gems for eyes and a large blue gem in its mouth for the belt buckle, large white Spellbook of The Gods and The Universe and large white Spellbook of the Elemental Gods on her left hip on her waist and Eater of Sins revolver holstered on her right hip. There's a gold kanji below the Nine-Tailed Fox that said, "Ahri the Nine-Tailed Fox, Champion of Shon-Xan, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Flames, Deception, and Nine-Tailed Foxes."

九尾の狐のアーリ、リンカーン・ラウドの未来の妻を愛するションザンのチャンピオン、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、驚くべき強力な教師の驚くべき強力な学生、そして炎のマスター、欺瞞、と九尾の狐

Ahri the Nine-Tailed Fox has transformed into SUPER ANGEL INFINITY FIRESTORM FOX SPIRIT ANGEL OF SPIRIT FLAMES AND DIVINE LOVE!

We were amazed by Ahri's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Tovolar saw it, he ordered one of his werewolves to kill her, but Ahri fired a blast of blue energy with blue flames and fox spirits at the werewolf he sent after her, and it hits the werewolf and she sucked out his life essence and killed him.

Me: Whoa, Ahri's transformed.

Nico: You said it, J.D., and she wasted that werewolf like he was nothing and devoured his life essence, awesome.

Lincoln: Wow, Ahri, you look beautiful. How do you feel?

Ahri the Nine-Tailed Fox: (Divine Echoing Cosmic Voice of The Firestorm Spirit Fox and Divine Love) **I feel incredible, Linky. Now, shall we take care of Tovolar and the rest of his werewolf pack for good?**

Lincoln: (Smirks) With pleasure, Ahri.

Suddenly, Lincoln let out a growl as the black pupils in his deep sapphire blue eyes turned into slits, his canines grew into sharp fangs, his nails then grew into sharp claws, large white pointed werewolf ears grew out of his head, and then, his massive and powerful muscular body was covered in white fur and his chest and abs were also covered in white fur, his face elongated into a sturdy white wolf's muzzle, and his massive, long, and powerful eleven white werewolf tails with large black wolf heads sprouted out, and he let out a loud howl. Lincoln transformed into Lincoln the Nocturnal, and he unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he also transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Ahri.

Lincoln: (Divine Echoing Beastly Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get that animal.**

Ahri the Nine-Tailed Fox and Lincoln went after Tovolar and his remaining werewolf pack, and they fired very powerful blasts of rainbow energy, blue energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Fox Spirits at them, and they exploded with incredible power as they hit the werewolves. Then, Tovolar transformed into his werewolf form, and Ahri and Lincoln engaged in a powerful fight against him, as Ahri attacked him with her levitating globes, and Lincoln and Tovolar engaged in a powerful sword fight as their swords clashed against each other. But, Lincoln gained the upper hand and he disarmed Tovolar of his sword, and he and Ahri brutally attacked him with their weapons.

Then, Lincoln ran up to Tovolar, and he plunged his large hand into Tovolar's chest, and ripped out his large heart, and he devoured it. Tovolar was dead, and as soon as the spirits of Tovolar and his pack appeared, Ahri marked their foreheads with kanjis, and their spirits were erased from existence for all eternity. We cheered for what Lincoln and Ahri the Nine-Tailed Fox did as they power down, and Ahri's new body, clothes, weapons, jewelry, and massive black angel wings were permanent.

Ahri the Nine-Tailed Fox: That's it for Tovolar and his werewolf pack. Thanks for helping me with getting rid of Tovolar, Lincoln.

Lincoln: (Smiles Warmly) (Beastly Voice) You're welcome, Ahri.

Ahri the Nine-Tailed Fox: But, don't turn back just yet.

Suddenly, Ahri the Nine-Tailed Fox wrapped her arms around Lincoln's waist, and her chest was pressed against Lincoln's massive and wide muscular pecs, which brought an atomic red blush to Lincoln's face, and Lincoln wrapped his abnormally massive and powerful muscular arms around Ahri's waist and he brought her into an embrace, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans down to Ahri's face, they kissed passionately as Ahri wrapped her left arm around Lincoln's wider and muscular back, and she'd placed her left hand on Lincoln's massive and wide right pec, and right behind them was a Thunderbird, Phoenix, and Angel flying in the air, along with flames behind them, and we also saw a herd of Buffalo and a nine-tailed fox running across the field, and the display of the elemental forces behind them, and we cheered for them.

Nico: So, that's why she didn't want Lincoln to turn back just yet. (Smirks) That was pretty bold of her to request.

Luna Loud: True, and you remember when some of us were swooning when J.D. transformed into his J.D. the Nocturnal form years ago?

Sam S. Loud: How can we forget, Luna? Now, the girls in Lincoln's harem are going to be swooning if he transforms into his Lincoln the Nocturnal form, and they'll be all over him.

Nico: Lincoln sure is one awesome ladies man.

Me: Same with many of us, Nico.

Then, Lincoln turned back, and he and Ahri came back to us.

Lincoln: Alright, not only did we have an awesome treasure hunt here in the Cayman Islands, but we also brutally thrashed Heather, especially Mavis Schroder and Lana Hugo, who had a score to settle with her, and after we thrashed her, she got the same curse I gave to Gabriel Tinsley. And we also saw her smug attitude fade into nothing, because of that curse.

Nico: And now, the souls of those she's tortured and tormented will be haunting her for the rest of her days.

Lincoln: That's right, and when the day of their death comes, the curse will then drag their souls to Hell forever.

Hunter (Road Rovers): TO THE POWER OF THE PACK!

Road Rovers: (HOWL!)

Me: (HOWL!)

Nico: This was awesome.

Don: Yep. It was and great job guys. The next challenge you all will like. It's in the Maldives.

Nico: Wow! That's over 15,000 miles away from here. This will be awesome to see what's going on there.

Eli: It sure will be awesome.

Nico: Lets get moving then.

Misty Tredwell: (To the viewers) Queen Bees like Heather better watch out or they will get their butts kicked by us and it won't be pretty.

Nico: No it sure won't.

We went back to the Floating Fortress.

TO BE CONTINUED…

Part 5 done.

The Cayman Islands are awesome but not during hurricane season. The next rescue for Nico is gonna be in Alcatraz Prison in California and Nico, Megan, Eli and me are going to kill a ruthless serial killer that is hiding out there. Also we're going to meet a Elefantokyo Gene-Slammer named Eleanor McCallister and she is the long lost twin sister of Megan and we're going to reunite her with her family. The next rescue for Lincoln is gonna be in the Superman episode from 1942 called Volcano and we're going to stop Mount Monokoa from destroying the city on the island it lives on and we're also going to meet Rhonda Monroe the Phoenix and Evil HERO Inferno Wing Gene-Slammer and she is 1 third human, 1 third phoenix and 1 third Evil HERO Inferno Wing. She has one of the strongest powers of fire ever seen. But she is also the strongest out of all of Lincoln's Guardian Angels and not only that but she is also one of Luna and

Sam's Guardian Angels too as she has defended Sam and Luna from bullies. She has 9 revelations and they are 1 each for Flip, Lewis Travolta, Billy McLean, Eva, Jo, Heather, Amy, Icky Vicky and Trina Riffins and they are not good! The next challenge is gonna be in the Maldives Islands and we're going to face Jo and she is gonna be out for revenge on all of us but mostly Lana and Lola for biting her foot off! We're going to curse her like we did to the Sore Losers. But Guest I have an idea for a horrible curse much worse than the nightmares curse. It's called the Hell's Vengeance Curse and it traps you in hell while you're in a coma and Lincoln will be in his Fire Elemental HERO form for that. It'll be activated by the same song. Our challenge in the Maldives is gonna be pulverizing Team Skull members into pulp as a warmup before going after Jo.

See you all tomorrow.

# RIDONCULOUS RACE PART 6 - The Maldives

Nico, me, Eli and Megan McCallister were over in San Francisco, California and we were on the legendary and famous prison Island of Alcatraz. It has a history that is widely known as one of the most notorious prisons in the country and was home to some of the Countries most dangerous criminals. Over the course of 29 years from 1934 to 1963, Alcatraz has had over 14 escape attempts and they all failed.

Nico: Thanks for coming with me, Megan.

Megan McCallister: Anytime Nico. I've always wanted to go see what one of your rescues was like. Also I always wanted to see what Alcatraz is like.

Me: Alcatraz has a lot of history around it. It was shut down however in 1963 because of budget cuts.

Eli: Man for a prison that was around for a long time it sure is an amazing place. And all the way out on an island in the middle of San Francisco Bay.

Nico: I know. It's incredible. And many of the countries most dangerous criminals were housed here. But there has been speculation that back in 1962, the infamous Alcatraz Escape was said to be successful.

Me: That would be highly unlikely. That happened 60 years ago and the men that did it would be either dead or in their hundreds right now.

Nico: Yeah.

Megan McCallister: But Alcatraz is one of my favorite places to visit in San Francisco. Next to seeing the sights of the city I always loved Alcatraz.

Nico: Me too. It's amazing.

Megan McCallister: Shame Buzz couldn't come with. That would have been cool.

Nico: Yeah it would. Even though Buzz threw that party with Poromon, Poliwag, and Pinkie, I'm glad he took responsibility for his own actions.

Me: I am too. But at least nothing major got damaged or destroyed. Just a door that we have many spares of.

Nico: How did the estate come with spare doors for that?

Me: I actually came prepared for just such a scenario. I bought a bunch of spare doors and made a closet for them to put them in to house just in case.

Nico: Very smart thinking.

Eli: That's my bro.

Nico: Yep.

Eli: He is always prepared for anything.

Nico: It turns out stress from all the missions WASN'T getting to us when we noticed the door didn't have a lock on it.

Me: No thank goodness. It was just that the bathroom door was switched with another door.

Nico: Yeah.

?: HELP!

Me: Uh oh! Trouble!

Nico: Lets go!

We ran and we saw 4 girls cornered by a DERANGED MADMAN!

Me: Oh no! HEY YOU SON OF A FUCKING BITCH! GET AWAY

FROM THEM!

I teleported and kicked him in the face and knocked him into the wall.

Nico: Nice!

Madman: (LAUGHS LIKE AN INSANE LUNATIC) You always loved making me look like a fool J.D.!

Me: That voice! Cletus Kasady!

Nico: Not him!

Cletus Kasady: But I'm not the one you know here.

To our surprise it was THE YOST CLETUS KASADY!

Me: You're the Cletus Kasady from the Yost universe!

Nico: Not even at Hay Lin's Ambassador Missions and we're already at meeting one of the villains from there.

Eli: If Girl Jordan sees this asshole she will rip his fucking head off!

Me: At least you don't have the Carnage Symbiote inside you. But you're still just as fucked up as the rest of them!

Nico: Before we kill you, I want to know why the Thing from your world is saying Spiderman's going through some rough times.

Yost Cletus: Uh uh. No spoilers. But he IS down in the dumps! Why? I'm not telling!

Nico: So much for getting anything useful out of you. Better make sure to kill you before you become Carnage!

Me: Why wait on that?

I used my psychic powers and probed his mind and it was because Spiderman killed Yost Norman Osborn!

Me: It's because Spiderman killed Green Goblin from your world!

Yost Cletus: Aw man you ruined it!

Me: Bingo!

Nico: I'm not sure Yost Green Goblin is truly gone. But we WILL make sure YOU'RE gone.

Me: Wait. I think I know just the one for killing him.

I called Girl Jordan and she came in and she saw Yost Cletus Kasady.

Nico: He's in for it now.

Megan McCallister: Yep.

Girl Jordan: YOU MOTHERFUCKING MONSTER!

Girl Jordan than grabbed Yost Cletus and then ripped his entire head right off his shoulders and sprayed a massive fountain of his blood all over the place!

Eli: NICE!

Then Girl Jordan did something no one ever expected. She ripped open his head and then ATE HIS BRAIN AND IT WAS SO DISGUSTING!

Me: OH MOTHER OF FUCKING FILTH! I THINK I'M GONNA HURL!

Nico: Don't hurl on me! Don't hurl on me!

Me: (VOMITS ON NICO)

Nico: AW SICK!

Me: Sorry man.

Nico: Girl Jordan, can you use your water to wash off this vomit?

Girl Jordan: Sure Nico. Sorry about that.

Girl Jordan fired waves of water and washed him off.

Nico: Thanks.

Eli: It's okay bro.

?: Aw man I missed the action!

An Elefantokyo then appeared.

Me: An Elefantokyo.

Elefantokyo: (In a girls voice) Darn it. And I wanted a shot at him.

Nico: That voice.

Megan McCallister: Eleanor? Eleanor is that really you?

Eleanor reverted back and she was a girl with red hair and red clothes.

Eleanor McCallister: Megan? Wow!

They went and hugged.

Nico: What am I? Chopped liver?

?: No that's what I am.

A jar of Chopped Liver appeared behind him and a rimshot was heard.

Eleanor McCallister: Sorry Nico but it's awesome to see you again.

Me: First lets get the girls.

We went over to them.

Izzy Moonbow: Oh thank you for saving us.

Me: You're welcome. Wait are you Sunny Starscout's friends Izzy Moonbow, Hitch Trailblazer, Pipp Petals and Zipp Storm?

Zipp Storm: That's right. Awesome to meet you J.D.

Hitch Trailblazer: Same here. We owe you big time for saving us.

Pipp Petals: Yeah that was awesome.

Nico: Awesome to meet you all. Sunny told us so much about you all.

Eli: Yeah she joined us a while back.

Izzy Moonbow: We saw this weird vortex open in the sky and then she got sucked into it.

Me: That was a Dimensional Vortex. It's a wormhole that bridges dimensions.

Nico: Yeah.

Megan McCallister: Don't worry. Sunny's doing fine with us.

Nico: It's true.

Me: Yeah and she is a great member of the team. you guys will make awesome members of the Knights of The Friendship Table.

Zipp Storm: Awesome!

Pipp Petal: It will be an honor.

Eleanor McCallister: Awesome.

Megan McCallister: Eleanor it's awesome to see that you are okay.

Nico: Yeah and you looked awesome as an Elefantokyo.

Me: How do you know Eleanor, Megan?

Megan McCallister: She's my long lost twin sister. I found out I had a twin sister years ago and I was upset about losing her. It's the reason why I didn't like my brother Kevin. But I have so much to catch up on with her.

Eleanor McCallister: But I'm so happy to be reunited with you Megan.

Megan McCallister: Me too.

Nico: And she is also one of my close friends and we went to Astronomy Classes together and she knows so much about the stars and everything in the universe.

Me: That is cool! Astronomy is one of my favorite subjects in school too.

Eleanor McCallister: It sure is.

Megan: So, sis. What's your favorite memory of Nico?

Eleanor McCallister: I have a lot of them. But my favorite is when me and Nico were in Astronomy Class and we had an assignment to put together a mobile in the shape of the galaxy and it was a really tough one. But it was worth it.

Nico: Yep. We got an A+ on it.

Me: That is cool.

Girl Jordan: It sure is.

Izzy Moonbow: I think it's neat too.

Nico: Yep.

Nico and Eleanor and Megan hugged.

Nico: I really missed you.

Megan McCallister: Same here.

Eleanor McCallister: Me too guys. Me too. I have so much to catch up on.

Me: We better get this place cleaned up before everyone starts coming here.

Eli: Yeah the last thing we want is for everyone to see a body without a head and vomit all over the floor.

Me: Good idea.

We got the place cleaned up and removed the body and destroyed it in an incinerator and washed the blood all away and all the vomit too.

Nico: There.

We later went back home and Eleanor was reunited with her family and Kevin and had a lot of catching up to do with the family. Also Sunny Starscout was reunited with her friends at long last.

---

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, and Courtney are heading to the South Pacific, and not only is Lincoln going to rescue the fifteen girls there, but we're also going to stop Mount Monokoa from destroying the city on the island it lives on.

Lincoln: Wow, we're here in the South Pacific, and I know what we're going to do here, not only am I going to rescue the fifteen girls there, but we're also going to stop Mount Monokoa from destroying the city on the island it lives on.

Nico: That's right, big guy. Kal told me and J.D. that he dealt with this situation before.

Lincoln: Really?

Nico: Yeah, he told us that he rerouted the flow of the lava from the erupting volcano to the sea by catching the cable car and flings it at a mountain near the advancing lava, causing a landslide which dams up the lava flow to the town. Then, he flies to the dynamite machinery and notices the cut wire, and he pulls the two wires together to complete the connection, and in a huge blast the side of the volcano explodes, and the remaining lava slides harmlessly into the ocean.

Lincoln: That's really genius of him to do so, and it looks like we're going to do the same thing. And thanks for coming with us on this rescue, Courtney.

Courtney: You're welcome, Lincoln. This is going to be one awesome rescue, especially since we're reliving one of Superman's many adventures.

?: HELP!

Suddenly, Lincoln heard the sound of fifteen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the fifteen girls, but they're trapped in Mount Monokoa, and it's about to erupt.

Lincoln: Guys, I found the the fifteen girls, but they're trapped in Mount Monokoa, and it's about to erupt.

?: We've got to hurry and save them, along with the city!

Suddenly, we saw the Evil HERO Inferno Wing Duel Monster appear before us.

Lincoln: That voice, I knew it was you, Rhonda Monroe the Phoenix.

Luna Loud: Whoa, dude, Rhonda "Phoenix" Monroe is here?! Awesome, but we'll have to talk later, we got to stop that volcano from erupting.

Lincoln: Right, Luna. Alright, everyone, I need you all to evacuate the people and J.D., Nico, I want you guys to put up a field of energy to protect them.

Me and Nico: On it, Lincoln.

We got to work by evacuating the people and putting them, along with the fifteen girls there in a field of energy. Lincoln catches the empty cable car, and he then flings it at a mountain near the advancing lava with his immense superhuman strength, causing a landslide which dams up the lava flow to the town. Then, Lincoln flies to the dynamite machinery and notices there's a cut wire, and he pulls the two wires together to complete the connection, and in a huge blast, the side of the volcano explodes, and the remaining lava slides harmlessly into the ocean, and the lava hardened into rock by the cool water. We cheered wildly for what Lincoln did to save the city, as he flew back to us.

Lincoln: There we go, now the city's safe. (To Rhonda Monroe) And it's so good to see you again, Rhonda Monroe.

Luna Loud: Yeah, it's really good to see you again, "Phoenix" Monroe.

Rhonda Monroe: You too, Lincoln and Luna, it's been a long time.

Lincoln and Luna went up to Rhonda Monroe and they hugged, and Rhonda Monroe's very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she also saw that Luna Loud's become a tall and beautiful woman.

Lincoln: It sure has been a long time, Luna and I haven't seen you when you were fifteen, and as you can see, Luna and I really grew a lot since then.

Rhonda Monroe: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and Luna's become a beautiful woman, that's so awesome.

Nico: Whoa, Lincoln, Luna, you guys know her?

Lincoln: Indeed we do, Nico. This is Rhonda Monroe the Phoenix, she's from Michigan, and not only is she one of the strongest out of all my Guardian Angels, she's also one of Luna and Sam's Guardian Angels too, as she defended Sam and Luna from bullies. Plus, we found out that Rhonda is 1 third human and 1 third phoenix.

Me: Whoa, 1 third human and 1 third phoenix, that's so awesome!

Nico: You said it, J.D., and now, after getting Gene-Slammed, she's now 1 third human, 1 third phoenix, and 1 third Evil HERO Inferno Wing.

Luna Loud: And we also had an awesome name for her, she's known as "Phoenix" Monroe.

Me: Awesome.

Rhonda Monroe: And I've got nine revelations, one each for Flip, Lewis Travolta, Billy McLean, Eva, Jo, Heather, Amy, Icky Vicky, and Trina Riffins, and they're not good!

We gasped in shock.

Me: Oh man, we're not going to like this one bit.

Lincoln: We heard about many revelations about Flip, Amy, Heather, and Icky Vicky, but not about Lewis Travolta, Billy McLean, Eva, Jo, and Trina Riffins, so this is going to be one nasty revelation reveal. But, first, we should get you back to normal, Rhonda. Boys, you know the drill, and Nicole, you know what to do?

Me, Nico, Eli, and the rest of the boys cover our eyes as Lincoln snapped his fingers, and Rhonda Monroe was reverting back to normal. Rhonda Monroe is a beautiful 17-year-old girl with long flowing light green hair, crimson red eyes, fair skin, she's 6'5" in height, she has the body of a goddess, and she has massive green angel wings with red tips on the large green feathers and six large phoenix tails with feathers, as she reigned in the power of the Evil

HERO Inferno Wing and the phoenix.

Lincoln: How do you feel, Rhonda?

Rhonda Monroe: (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Rhonda Monroe her new wardrobe, a sleeveless green vest, sleeveless red dress, green bellbottom pants, brown high heels with butterflies on them, long sleeveless green trenchcoat with flames and phoenixes on the coattails with the Evil HERO Inferno Wing and phoenix on the back, and holstered on her back is a large Evil HERO Inferno Wing and phoenix-themed sword with Evil HERO Inferno Wing and a phoenix etched on the 6'5" massive, wide, double-edged, man-sized crimson red blade, Evil HERO Inferno Wing's wings and the phoenix wings for the crossguard, large orange gem embedded in the rainguard, longer black handle, and large orange gem surrounded by angel wings for the pommel.

Rhonda Monroe: Wow, I love the outfit and sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Rhonda Monroe's neck with crimson red gems on the gold lightning bolts and green crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Rhonda Monroe: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Rhonda.

Rhonda Monroe had a smile on her face and tears coming from her eyes, as she wrapped her arms around Lincoln's waist and Lincoln wrapped his abnormally massive and powerful muscular arms around her body, and he leaned down and kissed Rhonda Monroe on the lips, and she returned it, and we cheered for them. Then, we went up to the fifteen girls, and when Lincoln saw them, he immediately recognized them. The fifteen girls are Aurora from SF

Saiyuuki Starzinger, Lulu the Mermaid from Renkin San-kyuu Magical? Pokaan, Yamanobe Tomo from Seikon no Gwaser, Sakaki Mizuki, Nonomiya Mai, Nekoya Miu, Kiryuu Kotoha, Houjou Hina, and Fujisawa Ruri from Lovedol: Lovely Idol, Kugayama Yae, Katakura Koto, Karasuma Chitose, Sakuragaoka Nanami, Shibasaki Kazuha, and Sonou Momoka from Girlish Number.

Lincoln: Oh wow, it's Aurora, Lulu the Mermaid, Yamanobe Tomo, Sakaki Mizuki, Nonomiya Mai, Nekoya Miu, Kiryuu Kotoha, Houjou Hina, Fujisawa Ruri, Kugayama Yae, Katakura Koto, Karasuma Chitose, Sakuragaoka Nanami, Shibasaki Kazuha, and Sonou Momoka.

Nicole Knudson: From SF Saiyuuki Starzinger, Renkin San-kyuu Magical? Pokaan, Seikon no Gwaser, Lovedol: Lovely Idol, and Girlish Number, awesome.

Lincoln: Are you girls okay?

Lulu the Mermaid: Yes, we're okay, thanks to you.

Then, when Lulu the Mermaid and the other fourteen girls saw who it was that saved them from the volcano's fury, their faces turned atomic red upon seeing the 17-year-old 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The

Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Lulu the Mermaid: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fourteen clones of himself, and he and the fourteen clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they lean down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Lulu the Mermaid: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, fifteen Thunderbird Necklaces of Eternal Love appeared on the necks of Aurora, Lulu the Mermaid, Yamanobe Tomo, Sakaki Mizuki, Nonomiya Mai, Nekoya Miu, Kiryuu Kotoha, Houjou Hina, Fujisawa Ruri, Kugayama Yae, Katakura Koto, Karasuma Chitose, Sakuragaoka Nanami, Shibasaki Kazuha, and Sonou Momoka with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned home to the TLPS Flying Fortress and we told everyone what happened during

Lincoln's rescue, and they were shocked when they found out Mount Monokoa was about to erupt and destroy the city in the South Pacific.

But, when Lincoln showed what he did to redirect the flow of the lava and save the city and he took charge in leading the evacuation, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Rhonda Monroe now have a lot of catching up to do, now that she's back.

---

After the volcanic rescue in the South Pacific, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Rhonda Monroe saw Lincoln working out like crazy, she had an atomic red blush on her face. And with us are Merimista, Princess of Salineas, Elemental Princess of Water, and one of the members of the Princess Alliance in the Rebellion, and Glynda Goodwitch, staff member and current Headmistress at Beacon Academy. We found out that Merimista is now dating Gage the Hedgehog and Glynda is now Gage the Hedgehog's mentor.

Rhonda Monroe: Whoa, I was right that Lincoln has really grown to be a 17-year-old 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his abs hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Rhonda, and now, I can also defend myself.

Rhonda Monroe: That's incredible, and the same can be said for Luna and Sam.

Nico: That's right, Rhonda. And it's an honor to meet you and Miss.

Goodwitch, Merimista.

Merimista: You too, Nico.

Me: Plus, we were in for quite a surprise when we found out you're now dating Gage the Hedgehog, Merimista, and Miss Goodwitch is now a mentor to Gage the Hedgehog.

Glynda Goodwitch: That's right, J.D., and Gage is quite an expert when it comes to using many weapons and tactics in battle.

Gage the Hedgehog: I've proven myself an expert in weapons and tactics in battle.

Merimista: And Gage has proven not to just be an amazing and powerful warrior and master of the elemental forces, especially with water, he's also one awesome boyfriend.

Nico: Awesome. So, Rhonda, what are these nine revelations that you have about Flip, Lewis Travolta, Billy McLean, Eva, Jo, Heather, Amy, Icky Vicky, and Trina Riffins?

Rhonda Monroe: You guys aren't going to like them. First is Flip, after his last few plots to get rid of the Louds, their friends, and J.D. were ruined, not to mention almost blowing up Royal Woods with a nuclear weapon, I was asked by the FBI to do another investigation on that mutant. I accepted the task, and I went undercover in Flips' Food and Fuel, and I found out that Flip was planning to use some explosive devices to blow up Royal Woods again, unless the federal government gives Flip all of the money the federal government has. I was so mad, I wanted to tear Flip's mustache off and shove it up his three-cheeked butt, but instead, I sent the info to the FBI who busted in to arrest Flip, but he got away again.

Next is Lewis Travolta, I found out he was much worse than you guys knew him to be. I found out that fat moron has cheated many of his customers out of their money many times, in addition to harassing Lynn Sr. when his restaurant first opened, and he refused to return the money to those he cheated out of. I sent the information to the Royal Woods Police Department, and they were planning to arrest that moron, but he ran from the police and he went into hiding in an underground bunker in the north of Royal Woods.

Next is Billy McLean, I found out that he was planning to get revenge on you guys for ruining him years ago, and he tried to hire hitmen to kill you guys even from within prison. But, I incinerated the hitmen and the FBI indicted him on charges of attempted murder for hire, and that traitor got more Life Sentences added to his original Life Sentence.

Next is Eva, and that rageaholic psychopath is even worse than what you guys first thought, I found out that she's brutally beaten up a lot of people who've crossed her path, and many of them have all been scarred for life because of her. Before she was about to beat someone else to death, I charged in and I brutally beat her into the dirt, and I left my mark by branding her with an iron brand in the shape of a phoenix on her butt, and she screamed in rage, and she swore she'd kill me one day and have her revenge.

Next is Jo, and I found out this sore loser jock is even worse than what you guys first thought, I also found out that she tormented and tortured many people who crossed her path, and she also used her trademark M.O.: Intimidation through Violence. I wasn't going to let her get away with it, so I had to beat her with using my brains, and when I made her spill her crimes to everyone, they wanted her head on a pike. But, I decided to brand her on the stomach with the same iron brand I used on that rageaholic psycho, Eva. Jo got away, but she swore to get revenge on me one day.

Next is Heather, and I found out that Satanic Queen Bee bitch is even worse than ever, after her many plots to kill the Total Drama Crew were ruined, I found out she tried to hire a local gang from Canada to kill the Total Drama Crew yet again. However, that bitch didn't know I sent the information to the authorities, and they arrested the street gang, but Heather got away and went into hiding yet again, and she swore she'd get revenge one day.

Next is Sammy's evil sister, Amy, and I found out she was even worse than ever, after her attempted crime spree in the U.S. was stopped, I found out that she and her evil mother were plotting to kill Sammy, but I wasn't going to let that bitch get away with it, so I sent the info to the police, and the FBI and the Canadian authorities arrested Sammy's evil mother, but Amy got away and she went into hiding, but she swore she'd get revenge one day.

Next is Icky Vicky, and this took place after her plan to kill all the kids in the U.S. was foiled. I found out that murderous bitch was planning on escaping from prison and then, she was planning on stealing explosives and using them to kill the kids and their families all over the US. I wasn't going to have that, so I sent the info to the FBI, and they indicted Icky Vicky on those very charges, and she got another Life Sentence added to her original Life Sentence.

And finally is Trina Riffins, and I found out that bitch is even worse than what you guys first thought, after she was defeated long ago, I found out she tried to get revenge on you guys even while she was in prison. She tried to hire hitmen to kill you all, but I soon found out about it, and I proceeded with pulverizing the hitmen she hired to kill you all, and got them arrested. Then, after the information was sent to the FBI, Trina was arrested and after being found guilty, she got more Life Sentences added to her original Life Sentence.

When Rhonda Monroe was finished, we were really horrified at the revelations about Flip, Lewis Travolta, Billy McLean, Eva, Jo, Heather, Amy, Icky Vicky, and Trina Riffins.

Me: Jeez, those are some nasty revelations about those nine losers.

Nico: You said it, J.D.

Lincoln: I already cursed Amy and Heather with that same curse, but for Jo, I've got an even worse curse planned for her when she shows her face.

Lana: She'll no doubt be after me and Lola for biting her foot off, Lincoln.

Lola: We'll have to rough her up badly, then, you can go ahead and give her the curse you've got for her.

Lincoln: That's a good idea.

We then got a shower afterwards, but then, the alarm in the TLPS

Floating Fortress sounded, and when Lincoln checked it out, he saw that Shadow Boss, Koga Shuko, Shadow Khan, and Willy Mackey of the Shadow Warriors are here, and they're causing havoc.

Lincoln: Uh oh, Shadow Boss, Koga Shuko, Shadow Khan, and Willy Mackey of the Shadow Warriors are here, and they're causing havoc.

Billy Lee: Not those four again. But, this is actually a good thing: if we take those four down, there's only one of them left.

Lincoln: Right, let's go.

We head out of the TLPS Flying Fortress, and Lincoln fired four rainbow energy balls at Shadow Boss, Koga Shuko, Shadow Khan, and Willy Mackey, and they hit them in the back. When Shadow Boss, Koga Shuko, Shadow Khan, and Willy Mackey saw us, they were really pissed off.

Shadow Boss: So, the famous Team Loud Phoenix Storm has arrived?! Perfect, now we can get our revenge on you all for what you did to The Shadow Warriors!

Lincoln: Forget it, Shadow Boss. The only thing awaiting you, Koga Shuko, Shadow Khan, and Willy Mackey is death.

Morrigan Aensland: (Scottish Accent) And we'll make sure none of you will ever return.

Suddenly, the eyes of Morrigan Aensland, Hsien-Ko, Felicia, Hana Uzaki, and Chai Xianghua turned neon, and they were surrounded by colored energy auras with elemental forces and animals, and as they approached Shadow Boss, Koga Shuko, Shadow Khan, and Willy Mackey, they left colored energy, elemental forces, and animals with every step. Suddenly, Morrigan Aensland, Hsien-Ko, Felicia, Hana Uzaki, and Chai Xianghua were surrounded by massive vortexes of colored energy with elemental forces surrounding them, there were animals flying around the vortex, and inside of the vortexes are colored vortexes. Then, as the vortexes faded, Morrigan Aensland, Hsien-Ko, Felicia, Hana Uzaki, and Chai Xianghua emerged, but they were changed forever.

Chai Xianghua has transformed into SUPER ANGEL INFINITY OCEAN MAELSTROM CHINESE DRAGON ANGEL OF MAELSTROM JUSTICE AND DIVINE LOVE!

We were amazed by the Super Angel Infinity transformations of Morrigan Aensland, Hsien-Ko, Felicia, Hana Uzaki, and Chai Xianghua, and when Lincoln saw them, he had an atomic red blush on his face and hearts in his eyes. But, when Shadow Boss, Koga Shuko, Shadow Khan, and Willy Mackey saw them, they went mad and they tried to attack, but the girls fired energy blasts at them, and hit the Shadow Warriors and sent them into a wall.

Lincoln: Wow, Morrigan, Hsien-Ko, Felicia, Hana, Xianghua, you girls look beautiful, how do you feel?

Morrigan Aensland: (Divine Echoing Cosmic Voice of The Dark Magic Succubus and Divine Love) (Scottish Accent) **We feel incredible, Linky. Now, shall we take care of these naughty Shadow Warriors and teach them a lesson?**

Lincoln: (Smirks) With pleasure.

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Morrigan Aensland, Hsien-Ko, Felicia, Hana, and Chai Xianghua.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get those Shadow Warriors.**

Lincoln, Morrigan Aensland, Hsien-Ko, Felicia, Hana, and Chai Xianghua went after Shadow Boss, Koga Shuko, Shadow Khan, and Willy Mackey, and they fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, Succubi, and Dragons, and they exploded with incredible power as they hit the four Shadow Warriors. Then, Morrigan, Hsien-Ko, Felicia, Hana, and Xianghua tied up the four Shadow Warriors with neon energy ropes.

Chai Xianghua: (Divine Echoing Cosmic Voice of The Chinese Dragon and Divine Love) **Okay, Lincoln, you know what to do?**

Lincoln: (Smirks) **You got it, Xianghua. This is the end for you four Shadow Warriors.**

Lincoln spreads his massive deep sapphire blue angel wings, and red energy was being charged in them, and this horrified the four Shadow Warriors, as they know death's coming for them.

Lincoln: **DEATH WING LIFE DRAIN!**

Lincoln fired massive red energy beams from his massive deep sapphire blue angel wings, and as they hit Shadow Boss, Koga Shuko, Shadow Khan, and Willy Mackey, Lincoln began sucking out their life forces along with the powers and abilities of Shadow Khan, and his rainbow energy aura with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo flared up extremely, as he gained a massive power boost and made their powers his own. Then, as he was done, Shadow Boss, Koga Shuko, Shadow Khan, and Willy Mackey were reduced to mummified withered husks drained of life, and as their spirits appeared, Morrigan, Hsien-Ko, Felicia, Hana, and Xianghua mark their foreheads with a kanji, and their spirits were erased forever by the Black Gates. We cheer wildly for them, as Lincoln and the girls holster their weapons and power down, and the new bodies, clothes, jewelry, weapons, and massive angel wings of Morrigan Aensland, Hsien-Ko, Felicia, Hana, and Chai Xianghua are permanent.

Then, Lincoln made three clones of himself, and he and the clones went up to the four girls, and they wrapped their abnormally massive and powerful muscular arms around the girls, and then, they lean down to their faces, and they passionately kissed the girls, and the girls returned the kisses, and we cheered for them. Then, we head back to the TLPS Flying Fortress.

Nico: Awesome, we got rid of four more Shadow Warriors, and sent their asses to Oblivion for good.

Jimmy Lee: Right, which means the only one left is Skullmageddon.

Lincoln: Yeah, and he's not evil, all he wanted was a date with Marian.

Nico: So, we got a case of a guy who did evil only for love, he'll make a good addition to The Masters of Evil, and one day, I'll arrange a date for Skullmageddon and Marian.

Me: Good idea, Nico.

Lincoln: Yeah, that's an awesome idea, Nico.

Everyone else agreed with that idea, as well.

But, before we were about to head for the Maldives, suddenly, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy signal, and he saw who it was in the vision: it was none other than Volf, one of of the Greater Fiends of Vazdah, and he had his army of werewolves with him, and they're hiding in the Maldives. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone coming after us?

Lincoln: I'm afraid so, Nico, and we're not going to like it one bit: the dark energy signal I sensed belonged to Volf, one of of the Greater Fiends of Vazdah, and he has his army of werewolves with him, and they're hiding out in the Maldives.

We gasped in shock, including Ayane and Kasumi.

Ayane: So, the Greater Fiends have returned? This is not good.

Nico: Ayane, what can you tell us about Volf? We're definitely in for one dangerous battle.

Ayane: You won't like this beast, Nico.

---

Ayane proceeded to tell us about Volf, one of of the Greater Fiends of Vazdah, and we weren't going to like him one bit.

Volf

Volf, The Invincible Ruler of Storms (嵐のヴォルフ; Arashi no Volf; Volf of the Storms) and one of the Five Greater Fiends of Vazdah, was a vicious, four-armed warrior who seeks an opponent worthy of himself. He used to lead his Werewolf Lycanthrope underlings, until his defeat by Ryu Hayabusa.

History

In Mythic times the Greater Fiend Volf ruled over a region in modern day Europe, known as the Aqua Capital. As with many of the other Greater Fiends, Volf claimed an ancient tribe of humans for himself. This tribe would be known as the Lycanthropic Tribe who eagerly worshipped and served their Master Volf as they waged wars to enslave the human populace. Eventually Volf was defeated and sealed away in eternal slumber by the ancient Dragon Lineage.

Plot

Ninja Gaiden Sigma 2

In modern times, Volf's seal was broken by Elizébet and the Demon Statue, and the descendants of powerful Lycanthropes' bloodlines reawakened as well. He quickly regained control of his tribe and laid claim to the Eclipse Scythe; a weapon created from the sacrificed remains of an overthrown Lycanthrope King forged in Wootz steel, and bathed in the blood of countless human beings. Volf reestablished his rule of the Lycanthrope Castle, turning the Gothic castle into an evil fortress, and making sport out of hunting the human survivors. Volf grew bored with watching weak opponents, and ordered his Lycanthrope servants to seek out a worthy foe. He soon sensed the new Dragon Ninja, Ryu Hayabusa, and invited him to fight. Preparing the coliseum as a stage to battle the Dragon Ninja, and with his tribal weapon the Eclipse Scythe in hand, he advanced to kill Ryu in a duel to the death. Despite his incredible bestial rage and destructive power, Volf was defeated and Ryu claimed the Eclipse Scythe for himself.

Volf, later resurrected in Hell, no longer fought Ryu for fun, but in vengeance and to stop him before he could destroy the Archfiend. Volf attacked with an army of Fiend Centaurs and a makeshift bone-scythe to replace his lost Eclipse Scythe, but was defeated again, this time permanently as his body turned to stone and crumbled away, allowing Ryu to acquire the Heart of the Bestial Storms.

Abilities

Storm manipulation: Volf was able to raise large-scale strong storm winds at Aqua Capital. He could emit sharp winds with his hands that could cut his foes into pieces. This was further amplified by the Eclipse Scythe.

Melee Attacks: Volf had several combination attacks, all of which had brutal strength but left him vulnerable. Additionally, was also proficient and grappling his opponents.

Stomp: Volf was able to jump very high up in the air and land on his enemies.

Charge: Volf was able to charge toward his opponents very fast and was further able to grab his opponents out of the charge.

Ultimate Technique: Volf was able to use the Eclipse Scythe's ultimate technique, creating a shock wave through the ground.

---

When Ayane was finished, we were shocked.

Nico: Whoa, these Five Greater Fiends of Vazdah are nothing but trouble.

Me: You're right, Nico, although Volf is only one of these Five

Greater Fiends, they've caused the world nothing but trouble since mythic times.

Hunter (Road Rovers): And they need to be stopped or the world is in big trouble.

Suddenly, Hunter's Sword of The Road Rovers unholstered itself from his back, and it was surrounded by a kaleidoscope of red, white, and blue energy with super red-hot flames, and when it emerged, it was transformed into Ares' Fire Sword of Canine Bravery, it's a new large sword with a 6'10" massive, wide, double-edged crimson red blade with the Greek Deity, Ares, surrounded by a ring of fire, etched on the blade, large crimson dog heads for the crossguard, large red, white, and blue gem embedded in the rainguard, longer black handle, and four large gold dog heads with red gems for eyes and four blue gems in its mouths and a large white gem on the bottom for the pommel.

Nico: Whoa, now that's one awesome-looking sword.

Lincoln 2: Whoa is right, Nico. Hunter, that new weapon you see before you is known as Ares' Fire Sword of Canine Bravery, it's an evolution of your massive Sword of The Road Rovers, and it's imbued with the powers of the Greek Deity, Ares, the God of War.

Hunter (Road Rovers): Now, that's awesome.

Suddenly, the sword called out to the leader of the Road Rovers, who grabbed the new sword's longer black handle. Then, we witnessed something happen to Hunter, his brown eyes glowed, and then, he felt immense heat building up inside his body, like he was burning up, and we saw that Hunter's body temperature is rising like crazy, and we saw him being surrounded by a red energy aura with super red hot flames. Then, we saw Hunter grow to 7'5" in height, and we visibly saw his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and then, he let out a loud howl, and a massive vortex of red energy and super red hot flames surrounded him. Then, as the vortex faded, we saw Hunter, but he was now a changed anthropomorphic dog, the now 7'5" tall Hunter now has powerful upper and lower body muscles and eight-pack abs, large silver gauntlets with red white and blue gems on his massive and powerful muscular forearms, large dark blue pants with red and white accents and stars, and large ankle-high boots covered in silver armor. We were amazed by what happened to Hunter.

Hunter (Road Rovers): Whoa, what happened to me?

Lincoln made a mirror of water, and when the leader of the Road Rovers saw what happened to him, he was really stunned and amazed. Then, Hunter made a pair of large red, white, and blue weighted bands appear on his massive biceps and thighs, and he then holstered his massive Ares' Fire Sword of Canine Bravery on his wider and more muscular back.

Hunter (Road Rovers): Alright, now I'm ready for when Volf shows up. Let's go

---

Later it was time for Zarya's 3rd Ambassador Mission.

Me: I have a feeling this Ambassador Mission is gonna be a cool one.

Nico: It sure will.

Lola Ferrington: I hope I get to test my skills in this one.

Knightbrace then appeared.

Knightbrace: Can I go with you this time, Zarya?

Zarya: You sure can Knightbrace. I was planning to have you go with me next.

Eli: And I'm honored to go with you bro.

Me: You'll love meeting the Zenkaigers bro.

Zarya: Anyway we're ready.

Me: Lets roll.

We were off to Japan.

We arrived in Japan and we saw the Zenkaigers.

Kaito: Hey guys!

Me: Hey Kaito.

Zarya: Guys, meet my archenemy

Knightbrace: Awesome to meet you all. I'm Knightbrace.

Magine: Awesome to meet you too Knightbrace. And who is this with you Nico, J.D.?

Me: This is my little brother Eli.

Eli: An awesome honor to meet you all.

Lola Ferrington: And my name is Lola Ferrington. I'm also the Galvanic Mechamorph Gene-Slammer.

Gaon: An honor to meet you both.

We then saw 3 people.

Knightbrace: You three must be Kaito's grandmother and parents.

Yatsude: That is correct. I'm Yatsude.

Isao: I'm Isao.

Mitsuko: And I'm Mitsuko. It's an honor to meet you.

They bowed to us.

Me: (Bows) Pleasure to meet you all too.

Nico: (Bows) We heard so much about you from Kaito.

Lola Ferrington: He is an awesome and brave hero.

Nico: (to Isao) Hard to believe you were actually Hakaizer before.

Me: That was still very shocking to me and Nico and Eli.

Isao: I know but thanks to Kaito and his friends they all reminded me of who I really was.

Me: Thank goodness for all that.

Eli: Yeah. But that was awesome.

Lola Ferrington: It sure was. Kaito is at least happy you are back.

Then we sensed a disturbance and went through Colorful.

Nico was the first one to exit Colurful. As such, he was also the first one to see a certain former Tojitendo Prince.

Nico: Well, look who it is.

We followed and then we all saw STACEY!

---

Stacey (ステイシー Suteishī) is a mysterious member of the Kikaitopia Dynasty Tojitendo and a major antagonist in Kikai Sentai Zenkaiger. He is the son of Mobile Commander Barashitara and is also known as the Tojitendo's "demon prince".

Using the Geartozinger, Stacey is able transform into Stacaesar (ステイシーザー Suteishīzā) and summon corrupted versions of past Sentai teams and mecha. He also possesses his own personal mecha Battle Caeser Robo.

He is portrayed by Ryo Sekoguchi.

Stacey was born as the child of Barashitara and the 893rd wife in his harem. According to Stacey, Barashitara was responsible for killing his mother.

Stacey first appeared to observe the Zenkaigers picking up the trash left behind by Garbage World. After the Zenkaigers were made lazy by the trash's influence, Stacey commented that they were pathetic before departing. He later returned to Kikaitopia and went to approach his father Barashitara, asking if he recognized the sound of his own son.

Stacey was later selected by Ijirude to wield the Geartozinger he had invented. In his first outing with the device, Stacey approached the Zenkaigers as they were fighting a group of Kudakks and used the device to summon the Gorengers to attack them, following by the Boukengers and Magirangers. After Stacey's evil Sentai warriors overpowered the Zenkaigers, Zenkaizer summoned the Kakurangers and used their powers to have him and his team escape. Stacey would eventually confront them again, but this time the Zenkaigers were able to defeat Stacey's evil copies with the power of the Gorenger gear. Undeterred, Stacey transformed into Stacaeser and summoned the mecha of the Zyurangers, Gaorangers, Magirangers and Boukengers to fight them. ZenkaiJuran, ZenkaiGaon, ZenkaiMagine and ZenkaiVroon all grew giant to face them and were able to destroy the four evil mechas with a combined attack, but Stacey simply summoned more mechas to face them.

Stacey continued to summon more mechas, overwhelming the Zenkaigers, until they all suddenly disappeared due to Stacey overexerting the power of the Geartozinger. Barashitara then arrived to assist Stacey, revealing to the Zenkaigers that Stacey was his son. Barashitara attempted to recall which wife he had fathered Stacey with, but was unable to, leading Stacey to correct him and say he came from his 893rd wife. Barashitara then summoned Door World and had him use his power to teleport the Zenkaigers all to different places. Stacey was later able to track down Kaito to face him again. After Kaito said that he was relieved to see even Barashitara cared about someone, Stacey proclaimed that Barashitara didn't care about him at all and was responsible for his mother's death. He went on to say that Kaito's parents were likely either dead or had abandoned him, but Kaito refused to believe it. Stacey then transformed into Stacaeser to face Kaito as Zenkaiser and summoned both the Maskmen and the Fivemen to overwhelm him. However, the other four Zenkaigers then arrived and crushed the evil copies underfoot in their giant forms, which they had used to travel across the world without using doors. Door World then arrived, but Stacey killed it and took its Tojiru Gear before summoning a

Kudaitest and throwing the gear at it to turn it into the Great Door World. After the Zenkaigers destroyed the Great Door World, Stacey prepared to face Zenkaizer again, only for Zox Goldtsuiker to suddenly arrive, transform into Twokaizer, and drive him off.

Returning to Tojitendo Palace, Stacey asked Ijirude who Twokaizer and demanded to know why he hadn't warned him, but Ijirude stated he had no idea Twokaizer would show up. Gege then commented that it was curious that the World Pirates they had encountered before would choose to show up now, before Boccowaus demanded another explanation from Ijirude and pounded his fist so hard it caused Ijirude to fall over. Ijirude told Boccowaus he would develop a countermeasure at once before getting up and telling Stacey to come with him.

While Barashitara reported to Boccowaus, Stacey watched Ijirude as the inventor continued his work on a countermeasure to Twokaizer.

Stacey watched from afar as his father reported to Boccowaus on the status of his plan with the Snail World. He later approached Ijirude to ask if the Battle Caeser Robo he was working on was done, to which the inventor answered that he was putting the finishing touches on it. After it was completed, Stacey became Stacaeser and hopped into the Battle Caeser Robo to duel the Zenkaigers as they were fighting the Great Snail World. While Twokaizer dealt with the World in TwokaiOh Cutter, the Zenkaigers fought Battle Caeser Robo as ZenkaiOh. After TwokaiOh destroyed the World and went to join the Zenkaigers, Stacey decided to depart for the time being and left the scene in Battle Caeser Robo.

Upon hearing Barashitara dismiss the performance of Battle Caeser Robo to Boccowaus, Stacey stepped forward to confront his father but was held back by Ijirude. Stacey would later pilot Battle Caeser Robo to confront the Zenkaigers again, finishing off the Great Recycle World after entering the battlefield.

---

Me: Stacey! Wow! How can I forget you on TV.

Stacey: So we finally meet at last Nico, J.D. and Eli. And Kaito you and everyone are looking good.

Kaito: Same to you Stacey.

Me: Stacey, we're sorry about how you lived before.

Stacey: Don't be sorry at all, J.D. You weren't the one who was miserable in Kikaitopia before. You weren't the one who lost your mom. You weren't the one who had a piece of shit father.

Zocks: Don't forget that I helped kill your piece of shit father.

Nico: And that was so awesome.

Me: I take it you are the one that killed Freak-Zekiel yesterday.

Stacey: That is right J.D. You are very perceptive.

Nico: So you killed Freak-Zekiel.

Eli: I had a feeling that the Force told me it was you.

Stacey: You are smart too Eli.

Kaito: So, what exactly are you doing here? We're not exactly enemies anymore.

Stacey: Kaito, you and I both know that things are changing now. The days where heroes keep fighting the same old villains are over. So, we might as well have one last battle.

Me: That will be nice and also you have your own archenemy when you joined the M.O.E. in the future.

Lola Ferrington: That's right. My name is Lola Ferrington and I am a Galvanic Mechamorph Gene-Slammer.

Stacey: I see. It's a pleasure to meet you. I'll have to see what you are capable of.

With that, Stacey fired the Geartozinger and summoned the JAKQ team, Abarangers, Gingaman, Goseiger, Go Ongers, Lupinrangers, and Patrangers.

Secchan: He summoned copies of J.A.K.Q. Dengekitai, Seijuu Sentai Gingaman, Bakuryuu Sentai Abaranger, Engine Sentai Go-Onger, Tensou Sentai Goseiger, Kaitou Sentai Lupinranger, and Keisatsu Sentai Patranger!

Me: AWESOME! Dark copies of the Sentai Teams from 1977, 1998, 2003, 2008, 2010 and 2019!

Nico: This is one of the coolest features you have Stacey. Being able to summon dark copies of the Sentai teams from over the course of 45+ Years.

Me: Now the fun begins! Eli this is for you bro.

I gave him his own Zenkai Changer and his own Zenkaiger Gear and it was for Zyuohgers!

Eli: COOL! Lets do it!

Stacey: Dark Change.

Me: CHANGE ZENKAI!

Nico: CHANGE ZENKAI!

Zarya: CHANGE ZENKAI!

Eli: CHANGE ZENKAI!

Zenkaigers: Change Zenkai!

Twokaizer: Change Twokai!

Zocks danced and he changed. We all changed.

Stacey turned into STACAESER!

Stacey: DARK POWER! STACAESER! ステイシーザー

Kaito: SECRET POWER! ZENKAISER! ゼンカイザー

Juran: DINOSAUR POWER! ZENKAI JURAN! ゼンカイジュラン

Gaon: HUNDRED BEASTS POWER! ZENKAI GAON! ゼンカイガオーン

Magine: MAGICAL POWER! ZENKAI MAGINE! ゼンカイマジーヌ

Vroon: RUMBLING POWER! ZENKAI VROON! ゼンカイブルーン

Me: STAR POWER! ZENKAI ZODIA! ゼンカイゾディアック

Zarya: CHANGE WOLF POWER! ZENKAI WOLF! ゼンカイウルフ

Zocks: PIRATE POWER! TWOKAISER! ツーカイザー

Nico: JET POWER! ZENKAI JET! ゼンカイジェット

Eli: NATURE POWER! ZENKAI PRIMAL! ゼンカイプライマル!

All: THE 10 ASSEMBLED! KIKAI SENTAI ZENKAIGERS!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind us and we were ready!

Stacey: Very impressive. You all learned a lot over the years.

Me: So we have Stacey.

Lola Ferrington: Lets do this.

Kaito: Full Power Non Stop!

Zocks: I'll make a show out of it two!

Me: Lets dance!

Zocks charged at the Lupinrangers, Kaito fought the JAKQ team, Magine fought the Goseigers, the Go Ongers charged at Vroon, Gaon charged at the Gingamen, Juran fought the Abararangers, and the Patrangers fired at the rest of us.

I blasted them all over the place.

Nico slashed them with his sword and Eli zoomed fast and blasted the LupinRangers and PatRangers all over.

Me: Man it's like we're fighting all the rangers evil twins.

Kaito: (takes out Zenkai Cannon) Time for some help!

Nico: Kaito, no! If you use the Zenkai Cannon now, we won't be able to know who's helping us!

Me: Nico is right. Out of all the Dark Sentai Teams that Stacey can summon we won't be able to tell who is who. Like us Stacey has over 45+ Years of dark versions of Sentai Teams at his command.

Kaito: Yeah you're right.

Zarya: Lola you face Stacey to test your power. He is Masters of Evil Material.

Lola Ferrington: You got it.

Lola went to face Stacey.

Abarekiller fired his laser arrows at Juran but he dodged them.

Juran: Let's take out the Sixth Rangers first! They're the most dangerous!

Me: You got it Juran!

I fired a blast of fire and blasted the Dark Lupin X Sentai!

Me: Nice!

Lola Ferrington was facing Stacey.

Lola Ferrington: This is my first ever usual battle with you and before we all come to help out on May 14th.

Stacey: That is so awesome. What can you do with the powers of the Galvanic Mechamorph?

Lola Ferrington: I can merge with technology and I also have the power to shape my hands and body into energy and high tech weaponry for any purpose and I also can form rocket boosters on my back for flight.

Stacey: Very impressive.

Gaon: (takes out Gekiranger gear) This is honestly the first time any of us have used this gear.

He used the gear and summoned the power of the Gekiranger, the Japanese Version of the Jungle Fury Rangers and Zocks got the SaiBlade.

Gaon: Ooh!

Zocks: Awesome! Thanks Gaon.

Gaon: Anytime.

Magine: Mmm-mmm-Magine!

Magine summoned a giant magnet with her powers that attracted Gosei Knight to it.

CLANG!

Nico: Awesome!

Nico blasted Gosei Knight with a powerful energy blast.

Nico: Yeah! I cant believe I'm saying this but Dark Sentai Rangers you have failed this city.

Me: They're just copies Nico.

Lola Ferrington: Shall we dance Stacey?

Stacey: Lets!

He summoned Dark Versions of the Changeman, Fiveman, Jetman, Kiramagers and Zyuohgers!

Nico: AWESOME! Go get them Lola!

Lola Ferrington: With pleasure!

She formed her arms into swords and flew at the dark versions of the Sentai Teams he summoned.

Go On Gold and Go On Silver charged at Vroon.

Vroon: (grabs Go On Gold) Charge at her instead! (throws Go On Gold at Go On Silver)

They smashed into each other and exploded!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: That was awesome!

SLASH SLASH SLASH SLASH SLASH!

Lola Ferrington slashed and destroyed all the copies of the Dark Sentai Teams.

Lola really tore them apart.

Stacey: Your fighting is really impressive Lola.

Lola Ferrington: Thanks. I've learned so much since I joined the team.

Stacey: Now for this.

He had his Dark Changer ready and Lola formed her hands into powerful laser cannons.

Zocks: (to Lupin X) Gold vs silver, huh? Time to make it even. (takes out Go Onger gear)

He used the power of the Go-Ongers or the Japanese RPM Rangers and he used the powers of the Gold and Silver Go-Onger Rocket Daggers and slashed Lupin X in the air.

Nico: AWESOME!

Lola Ferrington turned her feet into rocket skates and she zoomed fast fired energy blasts and Stacey ran after her and fired energy blasts at her and the blasts all hit all over the place and fiery powerful explosions were blasting the land all over the place.

Nico: Wow! Lola and Stacey are really going at each other.

Me: I will say this Nico. Lola is a really fast learner and is adapting to her first ever usual battle really quickly.

Nico: Boy she sure is.

Knightbrace: (to Patren X) I know all of Noel's moves. So I know how to deal with you!

He threw some dental glue and stuck him to the ground and then he threw his retainer and smashed him down.

Zarya: Nice throw! Now watch this one! (FLARES UP LYCANTHROPE AURA) CRESCENT MOON BLADE DANCE!

She fired waves of Crescent Moon Energy blades and slashed the rest of the PatRangers!

Me: Awesome Zarya!

Lola fired waves of energy and blasted Stacey down.

Stacey: Wow! That was great!

Lola Ferrington: It was my first time ever doing the rocket skate trick.

All that was left besides Stacey were the clones of AbaRed, GingaRed, Gosei Red, Lupin Red, and Patren 1gou.

Nico: Almost done!

Me: This is awesome!

Stacey: (chuckles) I guess I'm leading a team of 6 now. But here's where it gets good.

Just then, the remaining clones powered up.

Secchan: They've turned into AbareMax's Super Armor Shine GingaRed, Super Gosei Red, Super Lupin Red, and Super Patren 1gou!

Me: WHOA! MAN I AM GETTING SUPER EXCITED FOR THIS!

Nico: NOW we use the Zenkai Cannons!

Me: Lets do it guys!

We pulled out our Zenkai Cannons!

Nico: Lets do the same team we summoned before. (Turns Dial) ENDLESS GALAXY POWER!

Nico summoned the White Changeman, Blue Flashman, Green Fiveman, Black Megaranger, and the Aqua Blue Kyuranger!

Me: (Turns Dial) DISPATCH PATROL POWER!

I summoned the Pink GoGoFive, Yellow Dekaranger, and Green Patranger!

Eli: (Turns dial) EXTREME FIGHTING POWER!

Eli summoned Battle Kenya of Battle Fever J, the Blue Maskman, Pink Dairanger, and Green Gekiranger!

Zarya: (Turns Dial) BOOMING MACHINE POWER!

Zarya summoned the Blue Turboranger, Green Carranger, Crimson Boukenger, Yellow Go-Onger, and Pink Kiramager!

Kaito: (Turns Dial) BARKING BEAST POWER!

Kaito summoned the Blue Sun Vulcan, Green Liveman, White Jetman, Pink Gingaman, Yellow Gaoranger, and World Zyuohger!

Nico: Now for action!

We were really kicking butt.

Lola Ferrington: Why DID you kill Freak-Zekiel in the first place?

Stacey: I wasn't about to let J.D. get killed by spoiled people who just can't learn to accept defeat.

Lola Ferrington: That makes sense and Heather is one that wouldn't ever admit defeat. There is no honor in refusing to accept defeat.

Stacey: That is true.

Nico: Yeah it sure does.

We were finished with the clones.

Stacey: (chuckles) I haven't had that much fun in battle in a LONG time.

Me: This is the most fun we've had in a while.

Kaito: No giant battle?

Stacey: Of course not. All my giant robots are destroyed. And the only one that can recreate them is dead. Not that I'm complaining.

Me: That's true but those giant robot battles were SO AWESOME! And it was really cool how you were able to summon dark versions of all the Sentai Megazords over the course of 45+ Years. That was awesome.

Lola Ferrington: I remember seeing that with Nico on TV yesterday. That was so cool.

Eli: One of the coolest ever.

Me: Yep.

Stacey: Glad you all liked that.

We later came back.

Laney: We saw your battle with Stacey and it was epic!

Lana: Yeah and Lola sure had fun on her first usual battle!

Lola Ferrington: Boy I sure did and it was great! Now I just have to put together a group for it later after May 14th.

Nico: We'll think of something for that later on but yeah it was really awesome.

Maria: I'll tell Vypra all about it.

May: It's only fair that Stacey joins the Masters of Evil. That way, they can summon Sentai Ranger clones as well.

Nico: I agree. That will be awesome to see.

Me: It sure will. We all had an awesome great time on that one and Lola got to demonstrate her powers.

Lola Ferrington: I sure did. This was the most fun I've had in a long time.

Me: Fun for all of us and Eli got to try out his powers as a Zenkaiger for the Zyuohgers.

Yamato: That is awesome. I hope Sly Cooper gets to be for a LupinRanger Zenkaiger and Inspector Fox gets to be a PatRangers Zenkaiger.

Me: That is an awesome and interesting idea.

Zarya: Next time I'll have the rest of the Mysticons come with.

Me: Awesome idea.

* * *

Later we were heading over to the home of Professor Robert Shepherd.

Lodestar: Just in case we run into trouble on the way, I'm keeping my guard up as Lodestar

Me: Thanks.

Hunter (Road Rovers): You guys will love meeting the Master Professor Shepherd.

Me: I've heard so much about his research in making dogs into Anthropomorphic Heroes. That is so cool.

Laney: It sure is. I think this is gonna be an honor to meet him.

Cat: I'm excited myself.

Dog: Me too Cat.

Colleen: (British Accent) How is that possible for a Dog and Cat to be attached together like that?

Cat: We were actually born this way.

Dog: Yeah it's been that way for us since we were born.

Colleen: That is really interesting.

Hunter (Road Rovers): Here we are.

We arrived at the home of Professor Shepherd and it was all in the shape of a bunch of fire hydrants.

Me: Wow! It's all shaped like fire hydrants.

Nico: How cool is that.

We went in and we saw Professor Robert Shepherd.

Professor Shepherd: Team Loud Phoenix Storm. Welcome.

Magnet Man: Hi there, Professor Shepherd!

Me: It's an honor to meet you professor. The Road Rovers all told us so much about you.

Laney: They sure did.

Professor Shepherd: I'm glad they did and thank you so much for destroying Parvo.

Nico: It was our pleasure Professor.

G1 Ironbison: He was NOT easy to take down, let me tell you.

Me: No he wasn't. And we took him down in the Comoros Islands. We're on a competition right now where we go around the world and do awesome challenges at each location.

Professor Shepherd: I see and I'm so proud of the Road Rovers all helping you out on your journeys.

Eli: We all are too. Also they really socked it to that queen bee spoiled brat Heather yesterday. Especially Muzzle.

Nico: Yep. We have it all on our phones. Want to see?

Professor Shepherd watched the fight on Grand Cayman Island.

Me: Road Rovers Sic her!

Colleen kicked her all over the place.

Colleen: (British Accent) Take that you monster!

Exile blasted her with his ice laser vision from his eyes and froze her feet to the ground.

Exile: (Russian Accent) How is that for getting cold feet!?

CLANG CLANG CLANG RIP RIP RIP!

Blitz bit Heather all over with the power and force of a hundred bear traps and she screamed in pain!

Blitz: (Arnold Schwarzenegger Accent) Your butt is as bad as your ego and you are nowhere near as beautiful as me.

Shag picked up a huge rock and smashed her down with it.

Shag: Rah rah!

Me: Hunter fetch!

I threw his tennis ball and Heather caught it and then…

ZOOM!

Hunter plowed Heather down with incredible speed.

Hunter: YEAH!

Nico: Time for the secret weapon!

Me: Ready Muzzle?

Muzzle: (ROARS)

Me: MUZZLE HER!

Muzzle: REAH!

I took off Muzzle's Muzzle and then he lept out of his straitjacket and lunged at Heather and REALLY MAULED HER UP AND TORE HER APART WITH BRUTAL, UNPREDICTABLE, AND FEROCIOUS SAVAGERY!

RIP SMASH POW WHAM ROAR BLAM BIFF SMASH BLAM KROW WHOMP!

Nico: WOO! GO MUZZLE!

Eli: YEAH!

Muzzle ripped up Heather with incredible and brutal savagery with the force of a hundred wolf packs.

Blitz: GO MUZZLE GO! Turn that witch into horrible sauerkraut!

It went on for 45 minutes and then Heather was brutally torn apart! OUCH! Muzzle was satisfied and he was stuffed and was happy.

Muzzle: (Satisfied) Ahh! (BELCH)

Me: Good boy Muzzle.

Hunter (Road Rovers): Yeah Muzzle. good boy!

Nico: We'll finish up from here.

When it was done Professor Shepherd was amazed.

Professor Shepherd: Wow! Good job Rovers.

Exile: (Russian Accent) It was amazing.

Blitz: (Arnold Schwarzenegger Accent) It was really fun too.

Me: Yes we all had fun on that.

G1 Lightspeed: Muzzle really is violent. Not that we're complaining.

Me: But he sure knows how to get the job done.

Muzzle: Reah.

Me: That was a good job though boy.

Laney: Yep.

Professor Shepherd: That was great though.

Me: It sure was. The Road Rovers are a great asset to the team.

Nico: I was just about to say the same thing.

Later we were getting ready for an awesome mission.

Lightning: I got a speech memorized for when we face Jo.

Shego: Really? What is it?

Lightning: It's very insulting to her and also very heartwarming to you guys.

Me: Can't wait to hear it Lightning.

Lynn: Yeah it'll be awesome.

Izzy Moonbow: Lana, Lola did you really bite off Jo's foot?

Lana: We sure did and it was awesome.

Lola: Yeah it was great.

Me: That was awesome though.

Nico: Yep. Anyway our next challenge is in the Maldives 🇲🇻.

Me: I always love going to the Maldives. Because of thrashing the members of Team Skull.

Eli: That is always fun.

Nico: Yep.

Then Black Spider, Bronze Kneecap, Ebon, El Oso, Cavalier, Tar Pit, Count Vertigo, Overdrive, DC Enchantress, and the Wrecking Crew appeared.

Black Spider: Can me, Bronze Kneecap, Ebon, El Oso, Cavalier, Tar Pit, Count Vertigo, Overdrive, DC Enchantress, and the Wrecking Crew go with you guys?

Nico: You sure can guys. We're going to the Maldives this time. And our challenge is in The Alola Region.

Mallow: Awesome! It'll be great to see home again.

Sophocles: It sure will. I can't wait to see how everyone has been.

Lillie: I have been feeling a little homesick.

Me: Alola is awesome and that's where Ash and Serena officially kissed and became a couple.

Ash: It sure is and it was after I won the Alola Tournament.

Delia: That was amazing.

Tso Lan: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to meet a Crabdozer Gene-Slammer next.

Me: The Natural Predator of the Pyronites next. That will be cool to see. So it'll be one of the Fire and Earth users next. Tara, Lynn, Boy Lynn, Geoforce, Cornelia or Bobby will go with you.

Nico: Yep.

Eli: That will be awesome to see.

Ebon: I'll open a portal to get us there.

Nico: Won't need it. We're already here.

We arrived at Melemele Island in the Maldives Islands and we landed the fortress in the water and we got out and we were in our tropical clothes.

(TREASURE TROVE COVE BY BANJO KAZOOIE PLAYS)

Me: Hello Paradise!

Nico: I always love coming here.

Izzy Moonbow: Wow! So this is the Maldives. It's magnificent.

Me: Yep. One of the most beautiful spots to go on vacation in the Indian Ocean.

Sunny Starscout: Yep it sure is awesome.

Eli: It sure is. And I love going swimming and surfing.

Ty Lee: Dhidhdhoo is part of the Maldives, right?

Me: Yes that's the Capital city of the Maldives and it's located on Haa Alif Atole.

Nico: That's just a few miles north of here.

Hitch Trailblazer: How many islands are in the Maldives?

Nico: There's over 1200 islands here.

Me: But that is not nearly as many islands as there are in The Philippines, Indonesia and Sweden. The Philippines has over 7,100 island, Indonesia has over 17,508 islands and Sweden has 267,570 islands.

Izzy Moonbow: Wow! That is a lot of islands.

Me: I know.

Allenby: Sweden has the most islands out of any other place on the planet.

Wrecker: So far, Arkayna, Rainbow Dash, Twilight, Piper, and Sydney have had a chance to shine.

Thunderball: Who's next?

Me: Lets have Emerald and 2012 April and the Turtle Brothers go next.

Nico: Ooh Not bad.

Eli: Good thinking.

Babs Seed: Doesn't this take you back, Ash?

Piledriver: Lots of good memories here.

Ash: Boy it sure does. I won the Alola Tournament here and you all went with me back to Kanto.

Mallow: That was so fun Ash.

Me: That's right it was for a trip to see Professor Oak. That was awesome. Also it was your first ever time in Kanto.

Lana (Pokemon): It sure was. That was awesome.

Misty (Pokemon): That was really fun.

Nico: It sure was. Serena, you and Ash are definitely made for each other.

Serena: Thanks Nico.

Don: Hey you guys made it!

We saw Don and he was dressed for Paradise too.

Me: Looking great Don. Want to get the tropical urges out of the way?

Don: Yeah I've always been a tropical person at heart.

Me: Same here.

Nico: Same with me and I lived in the Philippines.

Me: We sure have been doing a lot of island hopping this entire competition.

Don: Yeah you sure have. But you'll love this challenge. Team Skull is causing problems and they are coming here as we speak for you. So you better be ready to fight them with everything you got.

Me: So they decided to make their move after all this time.

Eli: Those buttfaces will never learn.

Bulldozer: It's also where you guys met Brain Freezer for the first time.

Tar Pit: None of you guys should regret that day.

Maria: Of course we don't.

Me: No we sure don't.

Aylene: That is where I got my first kiss from him.

Me: Aylene's warm heart warmed up Brain Freezers Frozen Soul.

Laney: Yeah it sure did.

Bulldozer: Yep very philosophical.

Nico: Yeah. That was awesome.

We were then walking on the sand.

Strut: Nothing wrong with taking a walk around here.

Aylene: No there isn't Strut.

Laney: I love walking through the sands on the beach.

Me: And the view of the Indian Ocean is so beautiful. The Crystal Blue Waters are awesome.

Bronze Kneecap: Megan, please don't kill Nico for having a relationship with your sister.

Megan McCallister: Don't worry Bronze Kneecap. We told my mom and dad about it and they are cool with it. They are also happy that she is back with us.

Eleanor McCallister: Yeah it's great to be home. Also I gave Buzz a good hard spanking.

Eli: OUCH!

Me: Nice!

Nico: Yeah.

Lincoln: Eleanor when we first met Megan we were amazed that she, Kevin and your family are just as huge as mine. I was the only son with 12 sisters before we found more siblings.

Liberty Loud: It's true.

Eleanor McCallister: Wow!

Killer Frost: Did you spank Buzz for having the unauthorized party?

Eleanor McCallister: I sure did and he had it coming. Gave him one nasty paddling.

Slinkman: I take it you used Ol' Spankful (WHAP! SCREAM OF PAIN) on him?

Eleanor McCallister: I sure did. He was crying hard like a baby and he has a bag of ice on his butt.

Eli: Ouch.

Girl Jordan: You should have dressed up in Sadomasochistic Attire to make it more intimidating.

Eleanor McCallister: (Laughs) I have never been a lover of torture and all that. I am more into biker chick clothes.

May: Now you're talking.

Laney: Yep.

Poromon: Me, Poliwag, and Pinkie still had a good time with Buzz at the party.

Poliwag: And we bonded with him.

Count Vertigo: Yes, you bonded with him and kept the party a secret from us for so many weeks.

Pinkie Pie: I don't think I would have been able to keep a secret for that long.

Nico: Yeah you're right on that Pinkie.

Eli: Yeah that's true.

2012 Raph: Now's a good time for me and my bros to get some Pokemon from those scumbags.

Hotlink: Not a bad idea.

Nico: I agree. We'll have to find out which ones will be best suited for you.

Laney: Yeah.

El Oso: Unfortunately, beggers can't be choosers, Raph. You and your bros are gonna have to make due with whatever you guys get from the Team Skull grunts.

2012 Raph: That's true.

Nico: This is gonna be fun kicking their butts though.

Princess Celestia: This will be fun to kick butt for this though.

Izzy Moonbow: I'm always looking forward to have fun with this.

We then saw the Team Skull members all coming.

Me: Here they come.

Nico: Get ready.

They all came over to us.

Team Skull boy: You are gonna get a pounding from us!

Me: You buttfaces just can't learn can you?

Ground Man: Oh, we're not gonna hurt you morons that badly. That's gonna be for the main bad guy here!

Team Skull girl: We're not going to just hurt you!

Team Skull boy: WE'RE GOING TO KILL YOU!

Nico: You better think on who you're dealing with before you say that fuckerbrains!

Cavalier: Call out as many Pokemon as you want! They'll still lose!

Me: Lets get them guys!

Nico: Yeah what he said! It's BUTTKICKING TIME!

Troy Burrows: I think this will be good to start!

Megaforce Rangers: LEGENDARY RANGER MODE! RAIL FORCE!

The Megaforce Rangers turned into the ToQgers!

Nico: NICE!

We went at them and pulverized the living shit out of the Team Skull members and their Pokemon. Also the 2012 TMNT Brothers and April were getting their Pokemon too. Many kinds.

We were realy pulverizing them all over and then they were all knocked out.

Squidward: What did you guys get?

2012 Leo: Torterra and a bunch of Alolan Pokemon. Sorry we're still adjusting.

Nico: That's all right. It takes time.

Eli: Yeah but there's a lot of Pokemon out there.

Me: Also we found out that there's another region of Pokemon. The Hisui Region.

Nico: Right! That was just recently found.

William: (to 2012 Leo) Leo, Torterra is actually perfect for you!

2012 Leo: Thanks William.

Me: There's many more turtle Pokemon out there for you.

Eli: We'll have to look for them.

Nico: Yep. Anyway we should get ready for the main battle. I sense something coming.

Nico: (to Girl Jordan) Girl Jordan, you might have caused J.D. to puke on me but I have no hard feelings towards you or him, alright?

Me: I said I was sorry dude!

Girl Jordan: I accept that Nico.

Bronze Kneecap: But it's good that the Yost World will not have Carnage there.

Laney: Yeah thank goodness.

Maria: The Yost World might not have Carnage there. But Yost Kasady was probably right about one thing. Yost Spiderman needs all the friends he can get.

Nico: Absolutely.

Overdrive: (getting back on topic) So, any vehicle you guys recommend I use?

Nico: Hmm.

Nico saw a jetski.

Nico: That Jetski will work.

Overdrive: Perfect

We got to hiding and we waited and then we saw a limping figure and we saw that it was JO!

Nico: There she is.

Leozack: Now would be a good time for an entrance!

Me: Lets get her!

We went at her.

Jo was muttering and was really mad. But then the spirits of the Masters of the Magic Machine swirled around her and then laughed at her and then converged and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and a phoenix cry was heard and then we came out.

Nico: Hello Jo. Miss us?

Lana: We're going to bite your other leg off!

Jo: I'm going to wring your ugly little necks!

Eli: Bite my shiny metal ass!

Bender: Hey that's my line!

Me: You have a lot of nerve returning here Jo.

Lightning: Yeah you bitch!

Jo: (to Lightning) You should've just stayed on the winning side, Lightning. Maybe then, you would've won so many trophies without that friendship nonsense!

Lightning: (gets serious) No. Not all trophies is the kind that you win.

Lightning first thought about all the friends he made in the Total Drama contests.

Lightning: Some of them are there for you at the start…

Lightning then thought about making friends with the rest of us, including Sportsmaster.

Lightning: Some of them are waiting to be found… But what you want to protect… all of it are trophies! And people like you who threaten my trophies? Are gonna go Sha-bye bye!

DC Enchantress: That… was actually pretty good!

Me: That was very heartfelt.

Nico: Yeah it sure was.

Eli: Yep.

Jo: Blech! That is a load of bullshit! It's all about winning and friends are stupid!

Me: You are deluded Jo. Lola and Lana biting off your foot destroyed your brain too.

Then Vypra, Dai Gui, Aqueduct, Evil Seed, Mirror Master, Vexen, Jack O Lantern, Pied Piper, Ryugu Tamatebacco, and Pterodactyl Ghost appeared.

Nico: Vypra, Dai Gui, Aqueduct, Evil Seed, Mirror Master, Vexen, Jack O Lantern, Pied Piper, Ryugu Tamatebacco, and Pterodactyl Ghost.

Me: I take it you heard the speech from Lightning?

Mirror Master: We sure did.

Vypra: That was a very good speech, Lightning.

Dai Gui: We'll make sure to get a recorded version of that to Sportsmaster.

Aqueduct: You should be proud of yourself.

Lightning: Oh I sure am.

Evilseed: (to Nico) I see you rescued Sunny's friends.

Nico: I sure did and it was awesome.

Mirror Master: She deserves to have them back in her life.

Nico: Yes she sure does.

Then Choobo came out.

Nico: Choobo. Back for round two I see.

Choobo: Yep and it's awesome.

Me: Neat.

Choobo: You guys should probably work on updating some of the Sentai Gears.

Nico: We will. Except the Jetman gear. That one's funny!

Me: That was funny.

Laney: Yeah it sure was.

Vypra: That was a funny one and we have a new recruit too.

A new figure came out and it was Shiro Yoshida A.K.A. SUNFIRE!

---

Early Years

Japan's atomic champion

Shiro Yoshida was born into the influential Clan Yashida, who operates in Agarashima, Japan. His mother, a survivor of the atomic bombing in Hiroshima, died on the night of his birth. Raised under the influence of his uncle, Tomo, Shiro was indoctrinated into hating the Western world. When visiting the ruins of Hiroshima with his uncle, Shiro had his mutant powers activated, turning him into a raging furnace of atomic fire. Trained by his uncle in the use of his abilities, he was given a costume that evoked Japan's imperial colors. As **Sunfire**, Shiro, alongside his uncle, planned to get revenge against his enemies, the Americans. However, Shiro's father, Saburo, as one of Japan's greatest ambassadors, advocated for pacific relations with the West, which led him to disapprove his son's vindicative tendencies. Regardless, Sunfire attacked the United Nations Plaza during a diplomatic ceremony held by his father, where he was stopped by the X-Men Beast, Angel, and Iceman, who had detected his mutant signature. After escaping, he attempted to destroy the Capitol Building, but was fended off this time by the X-Men Cyclops and Marvel Girl. During the conflict, Saburo was murdered by Tomo. In a burst caused by his immediate grief, Sunfire murdered his own uncle in retaliation. As his last words, Saburo asked Shiro to live for the future and to fight for peace.

A divided Sunfire returned orphaned to the land of the rising sun. In Tokyo, he met the Dragon-Lord, who sought to restore Japan's status as a world power by threatening the world and found in Sunfire an agent for his goals. In the island of Krakinowa, Sunfire was caught in a conflict with Namor the Sub-Mariner when one of the Dragon-Lord's prisoners made contact with Namor's ally, Betty Prentiss. Later, as Sunfire was sent to capture an American cargo ship, Namor intervened. However, Sunfire ultimately burned the ship down. As destruction ensued, Sunfire realized the ramifications of his actions and was convinced by Namor to team up with him to rescue the shipwrecked and defeat the Dragon-Lord. After the Dragon-Lord was defeated, Sunfire attempted to have a revenge against Namor, though he failed miserably. They would clash again when Captain America and Namor battled in Osaka over a piece of the Evil Eye during the conflict between the Avengers and the Defenders. Sunfire interrupted them and took the Eye for himself feeling neither of them had the right to fight over it in his homeland. He held it for a moment before Namor knocked him out of the sky, causing it to fall into Captain America's hands.

In order to regain his honor in Japan, Sunfire took it upon himself to advance Japan's reconstruction work in Vietnam. There, a Vietnamese Major proposed an agreement for him to eliminate Iron Man to gain top priority from his government, which was just a deception to off the golden avenger for his benefit. Sunfire gladly agreed, considering taking out the bodyguard of Tony Stark, whose corporation rivaled those of Japan's. When Sunfire ambushed Iron Man and Roxie Gilbert, the two heroes fought until Sunfire was suddenly teleported to the Mandarin's underwater base. Mandarin, trapped in the Unicorn's dying body, baited the trapped Sunfire into powering his Mind-Exchange Machine to return him and Unicorn to their proper bodies. As Iron Man attacked the Mandarin's base, Sunfire realized the potential for his escape. However, the ensuing destruction of Iron Man and Mandarin's fight resulted in the base flooding, and Sunfire nearly drowned, only to be freed with Iron Man's assistance. Later, Sunfire endeavored to defeat Ultimo, whom Mandarin summoned to take back his castle from the Yellow Claw. He had very little success, though, due to using up most of his solar power earlier in his escape. Sunfire tried to use his remaining solar power to fly away, but he wasn't fast enough and ended up in its grasp. Fortunately, Iron Man managed to free him once again, and they worked together again to trick the alien robot into burying itself under a mountain. As Sunfire parted ways with Iron Man, seeing him as an ally and reconsidering his views of America.

## X-Men

When most of the original X-Men were trapped by Krakoa, Sunfire was one of the mutants recruited by Professor Charles Xavier to rescue his original students. Though he had no interest in joining other mutants, Sunfire agreed by feeling honor bound and wishing to reintroduce himself as a warrior to the world. During the mission, Sunfire formed an assault team with Nightcrawler. The rescue was a success but, right after the mission, Sunfire left the team, alleging his loyalty lied with his country only and departing on bad terms with the X-Men.

Working to protect Japan's sacred honor in his views, Sunfire attacked Stark Industries, claiming Tony Stark's interventionist approach in Japan was disgraceful since he allegedly bribed Japanese officials to perform his transactions. Stark went to protect his facilities, wearing the Guardsman Armor, which prevented Sunfire to recognize him as Iron Man. The fight was interrupted by Michael O'Brien, who wore the Iron Man suit. However, the Mandarin, seeking revenge for his last defeat, captured O'Brien with a teleportation device, believing him to be the real Iron Man. When Stark returned to the fight, this time as Iron Man, he believed Sunfire had blasted O'Brien out of existence and a battle ensued. With the intervention of Jasper Sitwell and Fujiko Watanabe, Sunfire was knocked out.

Sunfire and the X-Men met again when the latter, after becoming adrift following an incident in the Savage Land, were rescued by the Jinguichi Maru ship's crew and docked at Agarashima. The city was devastated by a fire, a result of an earthquake. As the X-Men attempted to help, they were confronted by Sunfire, who led a team of combat troops and ordered their arrest. Sunfire was stopped by the Daughters of the Dragon, the detectives Misty Knight and Colleen Wing. The groups settled at the Yoshida Manor, where they were surprised by another earthquake and attacked by mercenaries wearing Mandroid Armors. After Sunfire and the X-Men defeated the villains, the architect behind the attacks was revealed to be Moses Magnum, who schemed to threaten the Japanese government into crowing him Emperor of Japan. Sanctioned by the Prime Minister of Japan, Sunfire accompanied the X-Men in infiltrating Magnum's complex in the Kuril Islands. With Banshee's effort, Magnum's base was destroyed and his plans foiled. Sunfire then signalled the Daughters of the Dragon to rescue the X-Men and welcome them back to his home during Christmas. As the X-Men left, Sunfire for the first time declared he regarded the fellow mutants as friends.

## Japan's Super Warrior

Sunfire rose as Japan's greatest super-hero warrior, always operating for the Japanese government's best interests. When several heroes of Earth were abducted by the Grandmaster and Death to be part of the Contest of Champions, Sunfire was part of the large group of players. Grandmaster battled Death over the right of restoring his brother, the Collector to life. Sunfire was recruited to be part of Death's first team of champions, who were tasked of assembling the Golden Globe of Life. On the North Pole, alongside Invisible Girl and Iron Fist, Sunfire was supposed to compete against Daredevil, Darkstar and Talisman. However, he chose to act without his teammates' consent and search for the prize by himself and attacked Darkstar, causing a conflict between the two groups. When Daredevil claimed a piece of the globe, Sunfire's squad found their defeat. At the end of the contest, the heroes returned home.

When the X-Men returned to Earth coming from an adventure in the Battleworld, they emerged in the Kanagawa Prefecture with giant dragon who had disrupted their teleport. As the dragon headed to Tokyoseeking to destroy it, the Japanese defenses forces, assisted by the lord of Yashida Clan, Sunfire's cousin Mariko, sent Sunfire to help with the crisis. Sunfire joined forces with his allies, the X-Men, in combating the dragon, who was eventually convinced by Lockheed to leave.

As Japan's prime hero, Sunfire tried to keep his community free from menaces, like super-villains such as the Corruptor, who believed Japan provided opportunities for his activities as a bank robber. As Shiro Yoshida, however, he maintained a humble disguise, by enrolling at the University of Tokyo as a student. When attending the inauguration of a new science building he had built for Tokyo university, Yoshida had the opportunity to encounter the funder of the building, Dr. Kishi Oramosha, as he discoursed to the crowd. Oramosha, much to Yoshida's disappointment, revealed himself to be an ultranationalist terrorist named Deadline and shared his plans of destroying major cities, using a solar-based device to force an international union against corporate exploitation of Earth. His first chosen target was Tokyo, a city with no super heroes. Enraged by this revelation, Yoshida came out as Sunfire and fought

Deadline, hopelessly trying to destroy his machine. Being supported by his colleague, Erin, a French exchange student, Sunfire redirected the machine's energy using his powers, rendering it useless. With Deadline arrested, Tokyo was saved.

Sunfire was eventually enlisted by by Yoritomo, a Japanese nationalist who had been Shiro's idol since he was a child. With Yoritomo by his side, Shiro Yoshida rose as a powerful businessmen, making deals with Roxxon to acquire Cybertek weaponry. After a transaction was made with Harlan Ryker, Yoshida and Yoritomo discussed their plans of creating an army of super-agents to restore Japan's grandeur. However, a disagreement ensued between the two partners, as Yoshida wished to restore Japan's honor with a defensive task force and Yoritomo sought for revenge and power. Enraged, Yoritomo secretly attempted to murder Yoshida using Terminal Armors, who had no chance against the power of Sunfire. Though Ryker was framed by Yoritomo, Sunfire learned the truth after being restrained by Ryker's unwilling bodyguard, Deathlok. With S.H.I.E.L.D.'s assistance, the heroes joined forces to stop Yoritomo's plans of nuking Washington, D.C.

When an experimental drug, known as Sleet, was introduced to the water supply of a small village in Japan, its inhabitants tragically perished in an act of chemical warfare. The Japanese government commissioned Sunfire to investigate, and the clues brought him to Madripoor. There, he contacted one of his father's respected friends, Cable, whose investigation, similarly to Sunfire's, led him to reach the Mutant Liberation Front. Teaming up with Cable's New Mutants, Sunfire confronted some MLF's members and invaded their hideout. Sunfire and the New Mutants were captured by Stryfe, who confirmed the MLF was behind the production of Sleet, part of a plan to poison the major capital cities of the world. As Sunfire and the New Mutants broke free, the MLF was fended off with the help of Wolverine, allowing Sunfire to incinerate the Sleet supply.

## Zero Fluid

When Magneto disrupted Earth's magnetic field by unleashing a massive electromagnetic pulse, Sunfire was unprotectedly caught by the onslaught wave. The experience caused him to uncontrollably release his atomic blazes upon Tokyo. Though no one was harmed by this incident, the Japanese government, fearing a potential nuclear disaster, reacted with extreme caution by imprisoning Sunfire. He was freed by his cousin, the new leader of the Clan Yashida, Silver Samurai, with the assistance of Wolverine. Concurrently, Bastion saw an opportunity to carry out his Operation: Zero Tolerance against mutants all over the globe, including Japan, convincing the Japanese government to reactivate the mechanoid Red Ronin as an anti-mutant asset. The Silver Samurai, a mutant himself, asked for Wolverine's and Sunfire's help in shutting the Red Ronin's installation down. After the Red Ronin was activated, Sunfire lost control of his powers one more time in order to escape from being crushed by the already deactivated robot. Wolverine managed to calm him down and suggested him to get support in Canada, with Department H, since Sunfire's reputation was damaged by the Japanese media.

Now a man without a country, Sunfire arrived at Department H, where he was immediately identified and aprehended as an intruder. As a prisoner, Sunfire was experimented on as part of the "Helios Project" run by Dr. Horatio Huxley, who claimed Sunfire was afflicted by radiation poisoning. Unexpectedly, Sunfire was rescued by Alpha Flight rookie members Radius, Murmur and Flex, who left Department H. However, the band of runaways became victims of Mesmero's mental manipulation powers in a restaurant. Though Sunfire initially resisted Mesmero's control, he was ultimately forced to act as a cook for his restaurant. Although Murmur managed to break them all free from Mesmero, the other, more experienced, members of Alpha Flight were targeted instead. As a battle ensued, Sunfire and Alpha Flight overpowered Mesmero, who managed to escape.

As Sunfire worked with Alpha Flight, his condition worsened, evidenced by a dark spot developing on his abdomen. Still subjected to Huxley's experiments, Sunfire's entire right half of his body was covered by the black splotch. Since he found no help in Department H and Alpha Flight, Sunfire decided to return to Japan, even if it meant for him to be imprisoned. Before leaving, he helped Alpha Flight to counter an invasion performed by the Zodiac.

Sunfire made a private return to Japan, settling in an abandoned ancient temple in the Quonon province, where he intended to await for his end in peace. However, his was located by Hiro Takachiho, a young genius who idolized Sunfire as a hero and tracked his bioatomic signature. Their reunion was interrupted by the Silver Samurai and his new super-hero group, the Big Hero Six, who wished to recruit both Sunfire and Hiro for the team. Sunfire refused, alleging his heroic days were over, but accepted help from Big Hero Six to assess his condition. However, Hiro's mother was kidnapped by the villain Everwraith, in an blackmailing attempt to have Sunfire. When Hiro approached Sunfire a second time, he found only a shadow of a hero and lost his hope for help. Hiro and the Big Hero Six attempted to stop Everwraith, in order to recue his mother and protect Tokyo. Sunfire decided to join the group as a hero and learned Everwraith wished to forge a stronger Japan by causing destruction. When Everwraith tampered with Sunfire's powers, Hiro suggested him to release it as a way to control it, assuming a bio-kinetic charge had been introduced to his organism, causing conflicts with his solar-based powers. The action caused Everwraith's defeat, apparently at the cost of Sunfire's life. However, Hiro once again met him, as he was sure his hero had survived. As Sunfire departed back to Canada to investigate his condition, Hiro shared Sunfire had not only a fan but also a friend.

## Yakiba Agent

Recovered from his infection with the Zero Fluid, Sunfire returned to serve Japan, this time by working with Yakiba, a clandestine elite defense faction of the Japanese military. When investigations identified a shapeshifter involved in murderous secret activities in Japanese facilities, Yakiba sent Sunfire to track Mystique. As Sunfire and Yakiba agents invaded Mystique's apartment in Brooklyn, they clashed with her daughter, the X-Man Rogue, instead. With Sunfire believing Rogue to be Mystique, they engaged in a fight. After proving her identity, Rogue convinced Sunfire that Mystique had actually been framed.

The X-Men revealed to Sunfire that Skrulls under Apocalypse's orders were behind the misguiding leads and that he was named as one of the mythical "Twelve" mutants. After Sunfire got access to this information, he alerted his associates in Yakiba. However, before they could take any action, Sunfire was abducted by the Horseman of Apocalypse Famine. As one of the "Twelve", Sunfire represented the power of nature along with Storm and Iceman and was trapped by Apocalypse, who wished to channel their powers for himself. Apocalypse was ultimately stopped by the X-Men, an action that allowed Sunfire to get his freedom again.

After being exposed to "Zero Fluid," Sunfire began having problems with his power. The Weapon Plus Projectfalsely told him his powers and the fluid had formed cancer throughout his body and that he would have had to serve them for the necessary treatments. After refusing, Sunfire was shot by Wild Child and was thought dead, though he managed to survive. With a new outlook on life after his near death experience, Sunfire looked at things differently, re-joining the X-Men after they went global.

## Fallen Sun

It was publicly leaked that Sunfire and his uncle had dealings with mutant terrorists from the Brotherhood of Evil Mutants, Mystique, Rogue and Blindspot, back in the day. They plotted to steal the plans for the Adamantium bonding process created by Lord Dark Wind. Tomo Yoshida wished to create an army of "invincible samurai" with this process, while the Brotherhood would have received a substantial amount of money in return. However, the plot failed forcing Blindspot to remove the memories of all involved, including Dark Wind's daughter, Lady Deathstrike. While Deathstrike's cybernetic implants enabled her to restore her missing memories and plan for revenge, Silver Samurai was reverted to being a criminal by Blindspot. Rogue contacted Sunfire about the crisis and the two sought to learn the truth. During a subsequent battle with an enraged Deathstrike, Sunfire's powers triggered a sprinkler system, filling the environment with steam. Lady Deathstrike furtively moved behind him and severed his legs from his body. While prisoners to Deathstrike, Sunfire told Rogue to absorb his mutant powers so she could fight her. She agreed, but only with a momentary touch so as not to strain his condition. Blindspot pushed Rogue onto Sunfire however, forcing a permanent absorption. Sunfire was presumed to be dead, and the X-Men were unable to find his body.

In actuality, Sunfire was taken to a private infirmary and kept under watchful guard by members of Clan Yoshida and the Hand, who tried to convince him to accept prosthetic limbs. However, being suicidal, Sunfire only wished for a sword so that he could end his misery. He then received a visit from the newly resurrected Apocalypse who gave him an enticing offer to join him in saving mutantkind, in return for which Apocalypse would restore his powers and his lost limbs, allowing him to get revenge against those who had maimed him. Sunfire accepted. Soon before starting the process of being transformed into a Horseman, Sunfire regretted his alliance with Apocalypse and attempted to escape his pyramid ship after defeating Ozymandias. As he struggled with his choice of escaping, he decided not to leave the mutant Gazer behind to suffer by also being turned into a Horseman. As Sunfire failed since Gazer's transformation into War had been a success, he was also transformed into one of the Horsemen of Apocalypse.

As Apocalypse's loyal Horseman Famine, Sunfire assisted in an attack against the X-Mansion, using his solar flares to give their eyes and brain imagery that forced them to feel like they were starving. Famine was ultimately knocked out by Rogue and taken into the X-Men's custody. As Gazer attempted to recapture him for Apocalypse, Sunfire proved to have overcome his brainwashing and refused to rejoin the Horsemen. Slightly recovered, Sunfire then fled the X-Mansion and joined the X-Men in their final battle against Apocalypse at the United Nations. After Apocalypse managed to escape, Sunfire decided to help the Horseman of Death Gambit recover his reason by cleansing him with scorching hot flames, that led him to abandon his loyalty to their former master. The duo joined forces to recruit the Horseman of PestilencePolaris, but were met with her rejection. Back to Japan, Sunfire and Gambit were approached by Mister Sinister.

Under Sinister's guidance, Sunfire and Gambit got a new purpose with Marauders, a group of mercenaries assembled by Sinister to find Destiny's Diaries and eliminate people who had had contact with information about the future. Sunfire and Gambit attacked the time-traveller Cable in the dead island nation of Providence, apparently being successful in eliminating him. Sunfire then intercepted Iceman and Cannonball, who had been attacked by the other Marauders but managed to escape. Sunfire failed and was incapacitated and restrained by the two X-Men, but soon rescued by the Marauders.

The Marauders' actions aimed at keeping the X-Men ignorant about the birth of the he first mutant babyborn after M-Day. When the child was born in Cooperstown, Alaska, the Marauders violently clashed with the mutant-hating Purifiers, a massacre the X-Men were unable to prevent. The X-Men followed the Marauders to their base but were overpowered for being attacked by multiple enemies. Their attack also led the Marauders to realize that Cable had survived the murder attempt and was protecting the mutant baby by himself. The Marauders managed to find the baby with Cable and Bishop in Eagle Plaza, the latter was put out of commission by Sunfire. During the final battle to get the baby on Muir Island, Sunfire was knocked out while most of the other Marauders died or escaped.

## Uncanny Avenger

Lost and facing an identity crisis, Yoshida gave up his Sunfire identity and wandered in a drunk haze around Tokyo, where Wolverine offered him a position with Avengers Unity Squad. He initially refused for regarding himself as disgraced and no longer a superhero. Wolverine informed him about the Red Skull violating Charles Xavier's telepathic brain, which prompted Sunfire to accept the offer. When revealing their roster to the public, the team was attacked by the Grim Reaper, who was accidentally killed by Rogue.

Sunfire joined the Avengers just before Apocalypse's Clan Akkaba had its leadership taken by the Apocalypse Twins. As their first action, the twins assassinated a Celestial Gardener, catching the attention of S.W.O.R.D.'s director Abigail Brand, who invited Captain America and Sunfire to the Peak for help. Clan Akkaba's Ship attacked the Peak forcing its tripulants to escape. When Captain America's escape pod did not function, Sunfire sacrificed his own to save Captain America. As the escape pods drifted away, the Twins' ship blasted the Peak in half. Sunfire fell to Earth, atomizing the debris and saving millions of civilians in Rio de Janeiro. Alongside Thor, Sunfire travelled to the Akkaba Metropolis, where the Apocalypse Twins fully introduced themselves. In an act of mischief to damage the relationships in the Unity Division, the twins revealed that Wolverine and his X-Force had secretly assassinated a child version of Apocalypse and Archangel, the twins' father.

The Unity Division members ultimately found themselves divided, and Sunfire sided with Wolverine alongside Thor and Rogue. Searching for Clan Akkaba, Sunfire and his teammates found Ozymandias in Cairo, who led them to a base in Socotra where the Akkaba Nebula was hidden. There, they fought the Horsemen of Death Sentry and Daken. Sunfire and Rogue found Wolverine, after he had been crucified by Daken. Wolverine erroneously informed them about the Scarlet Witch betraying the team, causing Sunfire to pair up with Rogue to stop her from calling the mutants to the Twins' ship. They would ultimately fail as Rogue finished the Scarlet Witch, who managed to sacrifice herself to cast a spell and gather all mutants like the Apocalypse Twins had planned.

Earth was destroyed by the Celestial Exitar in retaliation for the Celestial Gardener's death. The surviving Apocalypse Twin Eimin created a mutant exclusive planet populated by the mutants the Scarlet Witch had collected. For years, Sunfire was kept hidden and locked in a pod in stasis alongside Wolverine, since they knew about the real reasons that had caused Earth's destruction. During this time they were guarded and tortured by Banshee. They were rescued by Havok and Kang the Conqueror's Chronos Corps, which allowed Sunfire to have his revenge against Banshee. Sunfire refused to work with Kang, but was knocked out by Wolverine before he could react. This allowed Magistrate Braddock to send their psyches to the past, from a time before the Scarlet Witch's death and Earth's destruction.

In the past, the Unity Division put their differences aside as Sunfire reasoned with Rogue. As the Avengers attacked the Apocalypse Twins united, they unwillingly allowed Kang the Conqueror to absorb the Celestial power to become omnipotent. Sunfire and Havok attempted to interrupt the process, but Kang managed to destroy Sunfire's body. However, for having had contact with the cosmic energies of the Celestial, Sunfire was reborn in a state of pure energy. With his new powers, Sunfire managed to obliterate the Apocalypse Twin's armada while Havok defeated Kang.

World War Hate

When Sunfire and other Avengers fought Plantman in New York, they came to know that the Red Skull had ascended to Red Onslaught, causing tremendous telepathic havok all over the world. Under Steve Roger's orders, Avengers and X-Men went to Genosha to fight Red Onslaught. Sunfire was captured along with the other heroes and stored within one of Red Onslaught's Stark Sentinels after being shrunk with Pym Particles. They were freed when Magneto led a team of super-villains against the Stark Sentinels. The Scarlet Witch and Doctor Doom then stopped Red Onslaught by casting an inversion spell which forceed a fragment of Charles Xavier's psyche to emerge and knock the villain out.

The spell had inadvertently caused heroes and villains to have their moral axis inverted, including Sunfire. Sunfire joined the X-Men, at the Jean Grey School for Higher Learning, to declare the unification of mutants and to reveal their new agenda of no longer wanting coexistence between humans and mutants. Instead, the mutant heroes wanted to stand above humans, being led by Genesis, who had become Apocalypse due to the inversion spell.

Apparently still under Red Onslaught's influence, Sunfire teamed up with Longshot to retrieve a nuclear device that was in possession of Serval Industries' private superhero team X-Factor. Sunfire had the opportunity to reunite with his former allies, Polaris and Gambit. During the fight, Cypher managed to teleport Sunfire and Longshot to Tokyo, causing them to fail in their mission.

Under the new Apocalypse's orders, Sunfire was among the X-Men who invaded New York City in the Celestial Ship. The X-Men violently defeated Captain America in the Avengers Tower. They also broadcast a warning for humankind, proclaimed Manhattan their mutant capital and issued an ultimatum that all humans should be evacuated or perish. Clan Akkaba also devised a gene bomb to kill every non-mutant being on Earth.

Sunfire and the X-Men got into a fight against the team Magneto assembled with supervillains that had been inverted on Genosha. The X-Men defeated them, but an inverted Carnage sacrificed himself to prevent the X-Men's gene bomb from fully detonating. Later, the inverted Avengers attacked the X-Men. In the ensuing battle, an inverted Doctor Doom and Scarlet Witch, possessed by the spirit of Daniel Drumm, cast another inversion spell that returned almost returned every hero and villain to normal, including Sunfire.

After the incident, Sunfire chose to make amends with X-Factor by approaching them to beg for forgiveness. Polaris invited him to join X-Factor in a mission in the Middle East to fight Ammit, the Soul Eater. Sunfire's temper ignited a violent confrontation between X-Factor and Ammit. The demon goddess was ultimately defeated by Danger. Sunfire returned with X-Factor to Serval Industries after the mission and did not rejoin the Avengers after that.

## Inhuman Crisis

After it was revealed that the Inhuman Terrigen Clouds were toxic to mutants, Sunfire joined Cyclops and his X-Men in his activities to protect mutantkind. The X-Men planned to render one of the Terrigen Clouds inert using Alchemy's powers. Sunfire carried Alchemy by flying through the mists. Although they were successful in nullifying its lethality, Alchemy tragically perished during the process. The Inhumans publicly executed Cyclops in retaliation and, as a consequence, the X-Men who sided with him had their reputation severely damaged.

The Terrigen kept harming mutants all over the world. Sunfire decided to protect a group of Asian mutant refugees, but they accidentally stumbled upon Weirdworld. Their movement was tracked by the X-Men, who arrived to help them. Storm and the X-Men were particularly cautious with Sunfire due to his past association with Cyclops. However, they put their differences aside and made saving the harmed mutants a priority. As the situation with the Inhumans escalated, Sunfire joined the X-Men in their attack against New Attilan. Eventually, thanks to Emma Frost's machinations, the Inhuman mists were destroyed and mutantkind was safe from being poisoned by them.

Sunfire then joined Emma Frost's mutant nation of New Tian after Hydra took over America. Alongside Frenzy and Random he rebelled against Hydra's forces in New Tian's borders. As a member of New Tian's X-Men, Sunfire also clashed with the group of Inhuman heroes known as the Warriors. Initially, the two groups fought themselves, but then joined forces to counter-attack Hydra's forces.

## Disassembled

Sunfire recovered his honor and position as Japan's prime hero, which was evidenced when he was invited by the Black Panther to join an international super-summit in the Avengers Mountain, consolidating his influence in the superhero international community. Around this period, Sunfire was assembled alongside many other mutants by Jean Grey and other telepaths associated with the X-Men to opposed the crazed Nate Grey from remaking the world in his image. When Nate Grey realized that his vision of the world would never come about with the X-Men around, he made his enemies vanish in an instant, apparently eliminating them, including Sunfire.

In fact, the mutants were brainwashed and transported to a different reality created by Nate Grey using a Life Seed. In this reshaped mutant exclusive world, familial and romantic relationships were strongly discouraged or illegal. Sunfire became a Civil Management instructor at the Summers Institute for Higher Learning, which was aimed at teaching mutant children how to control their mutant abilities and use them to better society. Sunfire guided his students on how to keep and manage the peace. In one of his classes, he was seen suggesting his students to embark on a mentorship program with Department Xclerks. After some mutants managed to see through Nate Grey's illusion, the X-Men defeated him and Sunfire returned to the mainstream reality with the rest of the trapped mutants.

## The Krakoan Sun

When Professor X founded a mutant exclusive island nation on Krakoa, all mutantkind was granted Krakoan citizenship. Sunfire joined mutantkind in this next step of their trajectory. When the Symbiote God Knull attacked Earth and covered it in darkness, Krakoa was one of his targets. Sunfire opposed Knull's minions, but was knocked out. Fabian Cortez used his amplifying powers to elevate Sunfire's levels, allowing him to act as "the Krakoan sun" and obliterate the Symbiotes. However, Sunfire was assassinated by a Symbiote-infected Cable. It is implied that Sunfire returned through the Krakoan Resurrection Protocols.

As an adored Krakoan hero, Sunfire was elected to the new X-Men team during the Hellfire Gala, declaring his wish of being of service for mutantkind. The new X-Men were based at the Treehouse, in the Seneca Gardens located in Central Park. After forming this team fought off two alien attacks, one by the Mind Reaver in Manhattan, the other by the Annihilation Wave in Kansas. This was the work of the intergalactic crime lord Cordyceps Jones who had been running bets on who could destroy the Earth first on his casino Gameworld. Sunfire's intense powers proved to be a key factor in the X-Men's victory and his actions were recognized by civillians they had protected. Later on, Sunfire and the X-Men fought the High Evolutionary, the Reavers, Doctor Stasis' minions. Gradually, Sunfire demonstrated an interest in Planet Arakko, spending a lot of his free time on the new mutant world. When the human billionaire Feilong was tracked for attempting to land on Arakko, S.W.O.R.D. agents contacted Sunfire, who intercepted Feilong on Phobos. Sunfire tried to reason with Feilong by suggesting him to leave the Arakki territory, but they were interrupted by the Arakki warrior Vornak. After Feilong murdered Vornak, Sunfire had no choice but to cede Phobos to human control. Eventually, Sunfire started building a temple in Arakko. After being opposed by some vicious Arakki, he slayed them in combat. Next to his temple, he planted a Japanese Mizunara oak sapling, which developed into the visage of Redroot under Arakko's influence. As Storm contacted Sunfire about retrieving Redroot from Otherworld, he also shared his intentions of not being restrained to Arakko but also exploring the vast universe.

# Luan, Princess Celestia, Amber Morning, Light Skylanders, Buster & Babs Bunny, Plucky, Hamton, Shego and William VS Vypra - Nico's rescue and meeting an Elefantokyo Gene-Slammer

---

Vypra was first.

Vypra: (to Luan) Nico did an excellent job in his rescue today. He even met an Elefantokyo Gene-Slammer.

Luan: He sure did and the coolest part is that Elefantokyo's look like giant versions of the Bacteriophage Virus. That is so amazing.

Princess Celestia: That is amazing to see and it's awesome that Eleanor McCallister is one. Megan is happy to have her back.

Amber Morning: I'm happy for her too mom. And the funniest part was that Eleanor spanked Buzz all over.

They laughed at that.

Spotlight: That was so funny and Buzz had it coming for that party.

Buster Bunny: I guess that Eleanor was the enforcer of the McCallister family and she kept them in line like how Lori does with the Loud family.

Babs Bunny: That is awesome.

Vypra: It sure is. Eleanor is a really strong and spirited girl.

Plucky: Yeah I agree there.

Hamton: Same here Plucky.

Vypra: I agree with you all but I'm happy that she is back with Kevin and family. Lets do it!

They fired waves of light and magic and smashed her down.

Luan: Now that Lights you up! (Laughs) Get it?

They laughed!

Princess Celestia: (Laughs) That was a good one!

## Cornelia, Applejack, Apple Bloom, Earth Skylanders, Astro Boy, Tso Lan and Juandissimo Magnifico VS Dai Gui - Lincoln's Rescue

Dai Gui the Demon Sorcerer of Earth was next.

Dai Gui: (to Cornelia) I heard Lincoln's rescue was in another one of Superman's adventures. How was it?

Cornelia: It was really cool and we were there to stop Mount Monokoa on Monokoa island in the South Pacific from destroying the city on the island and sending tsunamis out to destroy some of the world.

Applejack: Yeah that volcano was amazing but it was powerful.

Apple Bloom: They planned on blasting the opposite side of the volcano to let the lava flow down to the ocean on the opposite side.

Dai Gui: That is a very ingenius plan.

Flashwing: It sure is and it worked. This was one of the first adventures of Superman and it was a cool one from J.D.'s youth when he watched it on TV.

Astro Boy: That was awesome and really cool.

Tso Lan: It sure was brother. I'm glad we got to live that adventure too.

Dai Gui: You guys all had a lot of fun on that one. Lets do it!

# Raiden, Rarity, Sweetie Belle, Water Skylanders, Liu Kang, Sonnya Blade, Kitana, Cozy Glow, and Ty Lee VS Aqueduct - Meeting an Evil HERO Inferno Wing Gene-Slammer

Aqueduct was next.

Aqueduct: (to Raiden) I heard you guys met an Evil HERO Inferno Wing Gene-Slammer. What's her name?

Raiden: You will like her. Her name is Rhonda Monroe and not only is she the gene-Slammer for Evil HERO Inferno Wing but she is also a Phoenix Gene-Slammer. She is 1 third human, 1 third phoenix and now 1 third Evil HERO Inferno Wing.

Aqueduct: Wow! A Double Gene-Slammer. That's unusual but really cool.

Rarity: Oh it certainly is. But you won't believe the kinds of revelations we heard from her about 9 evil people.

Sweetie Belle: Yeah it was crazy! They were for Flip, Lewis Travolta, Billy McLean, Eva, Jo, Heather, Amy, Icky Vicky, and Trina Riffins.

Aqueduct: We haven't heard anything about Lewis Travolta, Jo, Eva, Trina and Billy McLean. What have they all done now?

Sweetie Belle: It was crazy! First is Flip, after his last few plots to get rid of the Louds, their friends, and J.D. were ruined, not to mention almost blowing up Royal Woods with a nuclear weapon, Rhonda was asked by the FBI to do another investigation on that mutant. She accepted the task, and she went undercover in Flips' Food and Fuel, and Rhonda found out that Flip was planning to use some explosive devices to blow up Royal Woods again, unless the federal government gives Flip all of the money the federal government has. Rhonda was so mad, that she wanted to tear Flip's mustache off and shove it up his three-cheeked butt, but instead, she sent the info to the FBI who busted in to arrest Flip, but he got away again. Next is Lewis Travolta, Rhonda found out he was much worse than what we all knew him to be. She found out that fat moron has cheated many of his customers out of their money many times, in addition to harassing Lynn Sr. when his restaurant first opened, and he refused to return the money to those he cheated out of. Rhonda sent the information to the Royal Woods Police Department, and they were planning to arrest that moron, but he ran from the police and he went into hiding in an underground bunker in the north of Royal Woods. Next is Billy McLean, Rhonda found out that he was planning to get revenge on all of us for ruining him years ago, and he tried to hire hitmen to kill us even from within prison. But, Rhonda incinerated the hitmen and the FBI indicted him on charges of attempted murder for hire, and that traitor got more Life Sentences added to his original Life Sentence. Next is Eva, and that rageaholic psychopath is even worse than what we all first thought, Rhonda found out that she's brutally beaten up a lot of people who've crossed her path, and many of them have all been scarred for life because of her. Before she was about to beat someone else to death, Rhonda charged in and she brutally beat her into the dirt, and she left her mark by branding her with an iron brand in the shape of a phoenix on her butt, and she screamed in rage, and she swore she'd kill Rhonda one day and have her revenge. Next is Jo, and she found out this sore loser jock is even worse than what you guys first thought, Rhonda also found out that she tormented and tortured many people who crossed her path, and she also used her trademark M.O.: Intimidation through Violence. Rhonda wasn't going to let her get away with it, so she had to beat her with using her brains, and when Rhonda made her spill her crimes to everyone, they wanted her head on a pike. But, Rhonda decided to brand her on the stomach with the same iron brand she used on that rageaholic psycho, Eva. Jo got away, but she swore to get revenge on Rhonda one day. Next is Heather, and Rhonda found out that Satanic Queen Bee bitch is even worse than ever, after her many plots to kill the Total Drama Crew were ruined, she found out she tried to hire a local gang from Canada to kill the Total Drama Crew yet again. However, that bitch didn't know that she sent the information to the authorities, and they arrested the street gang, but Heather got away and went into hiding yet again, and she swore she'd get revenge one day. Next is Sammy's evil sister, Amy, and

Rhonda found out she was even worse than ever, after her attempted crime spree in the U.S. was stopped, she found out that she and her evil mother were plotting to kill Sammy, but Rhonda wasn't going to let that bitch get away with it, so she sent the info to the police, and the FBI and the Canadian authorities arrested Sammy's evil mother, but Amy got away and she went into hiding, but she swore she'd get revenge one day. Next is Icky Vicky, and this took place after her plan to kill all the kids in the U.S. was foiled. Rhonda found out that murderous bitch was planning on escaping from prison and then, she was planning on stealing explosives and using them to kill the kids and their families all over the US. Rhonda wasn't going to have that, so she sent the info to the FBI, and they indicted Icky Vicky on those very charges, and she got another Life Sentence added to her original Life Sentence. And finally is Trina Riffins, and Rhonda found out that bitch is even worse than what you guys first thought, after she was defeated long ago, She found out that she tried to get revenge on us all even while she was in prison. She tried to hire hitmen to kill us all, but she soon found out about it, and she proceeded with pulverizing the hitmen she hired to kill us all, and got them arrested. Then, after the information was sent to the FBI, Trina was arrested and after being found guilty, she got more Life Sentences added to her original Life Sentence.

Aqueduct gasped in shock!

Aqueduct: OH MY GOODNESS! WHOA! Those nine dirtbags just don't want to accept defeat!

Sweetie Belle: (Panting) Yeah! May I have some water?

Aqueduct: Sure.

He gave her a glass and filled it up for her and she drank it.

Sweetie Belle: Ahh. I needed that. Thanks.

Aqueduct: You're welcome.

Gill Grunt: Those revelations were awful!

Liu Kang: Yeah those guys all have no honor.

Sonnya Blade: They should have all been killed.

Kitana: They have no conscience and no souls.

Aqueduct: No kidding. They are monsters. Lets do it!

(GONG RINGS)

TEST YOUR MIGHT! (WHAP) TEST YOUR MIGHT! (ZAP) TEST YOUR MIGHT! (WHAP!) TEST YOUR MIGHT!

They went at him and smashed and pulverized him all over the place and then fired waves of water, jewels, ice and energy and smashed him down.

Raiden: Flawless Victory!

Rarity: Rapture darling that was grand!

---

Pied Piper was next.

Pied Piper: (to Gwen) Jo just doesn't know how to shut her mouth. But at least what came out of LIGHTNING'S mouth was very heartwarming.

Gwen: That's true and Lightning's speech was really heartfelt. Also it was because of Jo's mouth that lead to Lana and Lola biting off her foot.

Twilight Sparkle: Yeah that was very fitting and she had it coming. I saw her artificial foot and that is amazing that Lana and Lola can have that strong a bite.

Starshine Sparkle: Yeah no kidding! Those two are strong for little girls.

Sunny Starscout: I agree there too. Wow!

Spyro: Yeah that was something to see. Lana and Lola were scrapping their mouths to get the blood out of them for days.

Pied Piper: YUCK! But I don't blame them. Jo must've really done something that caused them to do that.

Gwen: Right many of you don't know about this. It was because of Jo opening her big mouth in Rome on the Second World Tour Series of Total Drama. It was when we were in Rome, Italy.

Pied Piper: Ah the Eternal City. Loaded with history.

She told them what happened in chapter 652.

---

Me: Hey guys. I set up a view screen for you all to watch.

Lori: Thanks J.D.

Leni: It's totes gonna be awesome to see you all during the challenge.

Luna: Show no mercy dude!

Me: We won't.

Brick: How bad do you think this is gonna be sir!?

Me: This is gonna be a tough one Cadet Brick!

Lynn: I'm gonna make you eat everything you said Jo!

Jo: I would like to see you try you bad luck loser!

We gasped in sheer horror.

OH SHE DID NOT JUST GO THERE!

Me: Uh oh!

Lori: Oh crud! Jo just literally pushed Lynn over the edge!

Lucy: That girl just dug her own grave.

Lynn was infuriated!

Lynn: WHAT DID YOU JUST SAY!?

Jo (to Lynn): Yeah. You heard right! I know about the Bad Luck Karma Travesty. For all the villains you take down, you're the worst of them all! I guess you're a hypocrite as well! You know what the worst part is. Your sister Lily got her boss Mr. Krabs arrested when he was nothing but kind to her. And your other sister Lola killed Deadshot and made his daughter fatherless.

Me: How the heck does she know all that?

Nico: She must've heard all about our adventures.

Me: Oh (Censored).

Lynn then suddenly WENT BALLISTIC! She went level 11 rage and screamed in so much rage and fury that it was unbelievable! She lunged at Jo and mercilessly thrashed her into oblivion in a deadly rage. Jo was badly beaten up and Lightning stepped in and restrained her.

Lightning: Lynn stop it! She's had enough! Just calm down Lynn.

Lynn did so and she saw what she had done and she broke down crying hard into Lightning's chest as he comforted her.

Chris: What Jo said made her the lowest of the low.

Me: What an honorless scumbag. She's nothing but a sore loser.

But Jo suddenly got back up. She was bleeding bad and her clothes were shredded and she was covered in bloody bruises, scrapes and some of her teeth were knocked out.

Me: Wow! She is REALLY tough.

But Jo collapsed from being to weak from the thrashing she received.

Nico: Jo you have failed Canada.

Me: You said it man.

Lori: Jo literally disgusts me!

Luna: What she said to Lynn was major harsh dudes!

Luan: I'm so mad at her I can't think of a joke!

Lucy: I hope she burns in fire for that!

Lola: Let me at her!

Lana: Save some for me!

Lana and Lola flew out to us and got to Rome really quick.

Chris: Wow! You two got here fast.

Lana and Lola went at Jo and they pulverized her really bad and Lola bit Jo in the ankle and she screamed in excruciating pain. Lola's bite was not only strong enough to draw blood but it was strong enough to really cause some nasty damage!

Me: Oh man!

Chris: Aye yi yi!

Chef: Man she is gonna feel that!

Me: No kidding.

Lincoln stepped in.

Lincoln: Okay you two. She has had enough.

Lincoln saw the nasty wound on Jo's ankle and he saw that Lola's bite was powerful enough to rip a huge chunk out of her ankle!

Me: Holy Ham Hawks! Lola's bite ripped her ankle to shreds.

Lola got the taste of blood in her mouth and she spit it out and we saw the chunk of flesh and tissue she ripped out of Jo's ankle and we hurled our guts out.

Me: (Vomits)

Nico: That is gross! But Jo the Jock you have failed all of Canada.

FLASHBACK ENDS

Pied Piper: Holy mackerel!

Gwen: Yeah she had it coming!

He-Man: Yeah that was brutal.

Teela: Boy it sure was.

Man-At-Arms: Yeah that was awful. But Jo is a monster and she had that coming.

Pied Piper: I agree there. Lets do it!

They fired waves of magic and darkness and smashed him down.

---

Pterodactyl Ghost was next.

Pterodactyl Ghost: (to Maximum Ride) I understand why Girl Jordan ate Yost Cletus Kasady's brain. But did she really have to make J.D. puke all over Nico?!

Maximum Ride: That was gross seeing someone other than Nico eating someone like that. But when J.D. threw up he couldn't find any toilets in Alcatraz. It was shut down over 60 years ago and the toilets there are inaccessible.

Princess Luna: Yeah that is true.

Pterodactyl Ghost: That is a good reason.

Moondust: But it was horrible that there was another version of Kasady that appeared here.

Snowdust: Yeah that was crazy.

Gari: Now Girl Jordan killed another version of Kasady.

Pterodactyl Ghost: Boy Kasady really ruined Girl Jordan didn't he?

Blackout: He sure did. But he deserves to die over and over again for all the pain he caused to countless people.

Numbuh 1: I agree myself on that.

Numbuh 362: Yeah if that happened to me I would feel the same way.

Stickybeard: Aye me too lass.

Mr. Boss: I would never do that to my kids. Maybe to everyone elses back when I worked for Father but NEVER MY kids.

Numbuh 86: (Irish Accent) I agree too daddy.

Pterodactyl Ghost: That is true. Lets do it!

They fired waves of darkness and wind and smashed him down.

Maximum Ride: OH YEAH!

Princess Luna: A true victory of the night!

## Fiona Hernandez the Uria, Lord of Searing Flames Gene-Slammer, Himiko Toga, Apple Bloom, Sweetie Belle, Scootaloo, Diamond Tiara, Silver Spoon, RD Lola and Misty Tredwell VS Kimberly Ann Hart the Pink Ranger Slayer - Heather's Background and why she became the way she is

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: Why do you think Heather became the way she is?

Fiona Hernandez: Well I have been going over Heather's background and mental history and thanks to Laney's psychology books she is letting me borrow I found out that she has what is called Histrionic Personality Disorder as well as Anti-Social Personality Disorder and Narcissistic Personality Disorder.

Pink Ranger Slayer: A triple whammy!

Fiona Hernandez: Yeah. She manipulates people to get what she wants and also has a rebellious and evil nature and is so self important too. She doesn't care about anyone other than

herself and doesn't care who to step on to get what she wants.

Himiko Toga: Yeah what a heartless and malevolent monster!

Apple Bloom: That's why everyone in the entirety Canada hates her guts.

Sweetie Belle: Yeah she has no conscience or soul! She's a heartless psychopath.

Scootaloo: Yeah we're glad that some of Lincoln's Guardian Angels exposed her and some of the Total Drama Sore Losers for what they are.

Diamond Tiara: Yeah what a bunch of rotten to the core fiends!

Silver Spoon: They have absolutely no honor!

Misty Tredwell: Yeah if our code allowed it we would kill them all. But cursing them is the next best thing.

Pink Ranger Slayer: Yeah I agree there. What a heartless and manipulative, conniving blackhearted bitch! Lets do it!

They fired waves of fire and energy and smashed her down.

Fiona Hernandez: FIRE WINS!

Cutie Mark Crusaders: CUTIE MARK CRUSADERS VICTORY! YAY!

---

## Marie Hernandez the Gene-Slammer of Hamon, Lord of Striking Thunder, Ibara Shiozaki, Frozen Fright, Thunder Terror, Magma Gloom, Toxic Horror, Louie PoisonSea, RD Lincoln and Elena VS Weddinmon - Amy's background and why she became the way she is

---

Weddinmon was next.

Weddinmon: What do you think it was that made Amy become so evil and why she hates her sister Sammy?

Marie Hernandez: Well it could be a number of things. In spiritual terms, Sammy is the good twin from Heaven and Amy is the evil twin from Hell. But psychologically I think Amy has what's called Narcissistic Personality Disorder. She thinks of herself as the much better and much more superior girl in the family. But she is just a heartless and ruthless monster that hurts others to get what she wants.

Ibara Shiozaki: I agree on that completely. I would say may the Lord have mercy on her worthless soul but she has no soul at all to save.

Frozen Fright: Yeah you're not kidding on that.

Thunder Terror: Amy is a disgrace to all cheerleaders everywhere. She claims to be better than everyone else but in actuality she is WEAKER than everyone.

Magma Gloom: Yeah Sammy is a much better girl than she ever will be.

Toxic Horror: I agree there. And being cursed like how Lincoln did it to her is perfect for her.

Louie PoisonSea: I agree too brothers.

Weddinmon: I agree with you all there too. Lets do it!

They fired waves of lightning and elements and smashed her down.

Marie Hernandez: LIGHTNING WINS!

Fearful 5: FEARFUL 5 VICTORY!

## Nicole Hernandez the Raviel, Lord of Phantasms Gene-Slammer, Star Swirl the Bearded, Rockhoof, Somnambula, Mistmane, Flash Magnus, Mage Meadowbrook, Gusty the Great, Clover the Clever, RD Lucy and Carly Atlas VS Marcel Bonaparte - Why Max is so evil

Marcel was next.

Marcel: Why is Max so evil?

Nicole Hernandez: I honestly don't have any idea myself but I think it might be because he was born pure evil. Also the way he dressed is very reminiscent of the iconic outfit of Dr. No from James Bond and Dr. Evil from Austin Powers.

Star Swirl: I agree and those were great movies.

Rockhoof: (Scottish Accent) Aye it sure was.

Somnambula: (Egyptian Accent) That is a great pair of movies too.

Mistmane: It sure was too.

Flash Magnus: Yeah I agree. They were awesome.

Mage Meadowbrook: But Max was born a monster. J.D. even threatened him all over the place.

Gusty the Great: That was awesome too.

Clover the Clever: I thought it was cool too.

Carly Atlas: That was awesome to see.

Marcel: It sure was. Lets do it!

They fired waves of darkness and magic and elements and smashed him down.

Nicole Hernandez: DARKNESS WINS!

Star Swirl: That was fun!

## Natasha Hernandez the Red-Eyes Zombie Dragon Gene-Slammer, Princess Celestia, Princess Luna, Princess Cadance, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Sunset Shimmer, Twilight Sparkle, Brittney Knudson and Misty Tredwell VS Su Yung - Eva being so angry all the time

Su Yung was next.

Su Yung: Why is Eva so angry all the time?

Natasha Hernandez: Well she has extreme anger management issues and she has what's called according to psychologists a disorder called Intermittent Explosive Disorder. She gets mad at the slightest of things and she goes ballistic when that happens.

Princess Celestia: Yeah she is a very explosive monster.

Princess Luna: She is worse than anyone we have seen that is angry.

Princess Cadance: I agree there. She is a monster.

Minuette: Yeah Eva has a lot of problems with her mind and head.

Twinkleshine: What she has been doing on Total Drama was horrible. She is never going to listen to reason.

Lemon Hearts: Yeah she needs to be locked up and have the key thrown away.

Moondancer: What she has been doing was horrible.

Lyra Heartstrings: I agree there and she has a lot of problems that make her broken beyond repair.

Sunset Shimmer: No kidding. I think something happened in her childhood that lead to her becoming like this.

Twilight Sparkle: I agree too. What Eva goes through is horrible. I don't think any form of Anger Management will help her.

Brittney Knudson: Yeah I agree on that. What she goes through is nothing short of dangerous. People that can't control their anger end up in prison or worse.

Misty Tredwell: Thank goodness we get help from time to time.

Su Yung: That is true. Lets do it!

They fired waves of darkness and magic and smashed her down.

Natasha Hernandez: DARKNESS FALLS!

Princess Celestia: That was so awesome!

Catherine Iroh Lan Kai the Firebird Gene-Slammer, Layla MacKenzie, Sakura Avalon, Madison Taylor, Chelsea, Rita, Nikki, Kero, Li, Yue (Cardcaptors), Carly Atlas and Misty Tredwell VS Admiral Zhao - Why Billy McLean is pure evil

---

Admiral Zhao was next.

Admiral Zhao: What do you think caused Billy McLean to become so evil?

Catherine Iroh: I think the answer for that is obvious. Jealousy. He was jealous of his twin brother Chris getting all the attention. So later he made Total Drama and assumed Chris's identity and ruined his good image by torturing and humiliating the contestants on the show and getting them in situations where he would kill them.

Layla MacKenzie: Yeah he is a monster.

Sakura Avalon: He sure is and I hope he gets cursed with whatever Lincoln can think of is good for him.

Madison Taylor: Yeah what Billy did to his brother is awful. But there is one thing that puzzles me. How did Chris turn a total 180 from being evil and sadistic to being a good and better host?

Catherine Iroh: That is a really good question. My guess is that Chris found out about what Billy was doing from seasons 1 thru 6 and decided that after Pahkitew Island that enough was enough and he took control of the show and made it better.

Chelsea: That is probably a good reason.

Nikki: And then I bet that Chris came up with the plan to turn his own brother in by getting him to show his true colors on International Television.

Rita (Cardcaptors): We'll have to look into that later on.

Kero: That is a really good assumption though.

Li: I think it's definitely possible.

Yue (Cardcaptors): I agree there and it'll take a while to figure out.

Carly Atlas: We can always look into that ourselves.

Misty Tredwell: I agree too.

Admiral Zhao: We'll all have to look into that but those are really good theories. Lets do it!

Catherine did some stances and fired waves of fire and the group fired waves of magic and energy and smashed him down.

Catherine Iroh: FOR THE FIRE NATION!

Sakura Avalon: That was amazing!

## Himiko Toga, Princess Platinum, Commander Hurricane, Chancellor Puddinghead, Smart Cookie, Private Pansy, Clover the Clever, Penance and RD Carol VS LeFou - Why Mike had a sixth personality called Mal

---

LeFou was next.

LeFou: That's amazing that Mike had 6 personalities inside him.

Himiko Toga: Boy it sure is amazing! Cameron told us all about the personalities of Mike and how they all worked and it was awesome. The triggers they had were really fascinating too. Whenever Mike lost his shirt, Vito his tough Italian Gangster Personality came out.

Princess Platinum: When in an acrobatic competition situation his Russian Acrobatic side Svetlana came out.

Commander Hurricane: When he got frustrated his 95-year-old personality Chester comes out and that was funny.

Chancellor Puddinghead: And when a fedora got put on him he turned into his Australian Adventurous personality Manitoba Smith.

LeFou: Wow! That is really something! But I heard he had an evil personality named Mal.

Himiko Toga: Yeah he sure did and he was PURE EVIL! He was the reason Mike got sent to Juvie and met Duncan.

Smart Cookie: So that is how Mike knows Duncan.

Private Pansy: But thank goodness that Mike got rid of him for good.

Clover the Clever: Yeah he was awful!

Penance: Thank goodness. I watched what happened with J.D. and Naruto in Season 7 of Total Drama and that was really cool!

LeFou: Yeah that was awesome! We all thought so ourselves. Lets do it!

They fired waves of elements and magic and smashed him down.

Himiko Toga: ALL RIGHT!

Princess Platinum: That was great!

## Rhonda Monroe the Phoenix and Evil HERO Inferno Wing Gene-Slammer, Sunny Starscout, Izzy Moonbow, Hitch Trailblazer, Pipp Petals, Zipp Storm, Himiko Toga, Diamond Tiara and Cozy Glow VS Sunfire - Why Jo is so awful

Sunfire was next.

Sunfire: Why do you think Jo is so awful?

Rhonda Monroe: I don't really know the full extent of her history but I think it has something to do with her overpowering competitiveness.

Sunny Starscout: Yeah that was awful. Thank goodness that she is gonna get her just desserts.

Hitch Trailblazer: Yeah it was awful that she can be so evil.

Izzy Moonbow: What is that girls problem!?

Pipp Petals: Yeah why is she so evil?

Zipp Storm: In all horrible she can be so bad.

Himiko Toga: No kidding.

Diamond Tiara: It's awful.

Cozy Glow: She is a monster.

Sunfire: I agree too. Lets do it!

They fired waves of fire and magic And smashed him down.

Rhonda Monroe: That was amazing!

Sunny Starscout: FRIENDS UNITED ARE STRONG!

---

## Ninja Storm Megaforce Rangers, Nico, Eli, Nunnally, Laney, Lana, Lola, Lily and Lisa VS Choobo

---

Choobo was next.

Nico: This will be awesome!

Nico teleported and opened Choobo's safe and in it was a bunch of swords called the Destroyers of Gargamel, they're large swords with the anti-Gargamel symbol etched onto the 6'9" massive, wide, double-edged, blue blades, large white angel wings for the crossguards, large blue gems embedded in the rainguards, longer blue handles, and large blue gems with surrounding angel wings for the pommels. Once in hand, they'll get a massive power and energy increase.

Nico teleported back with the swords.

Ninja Storm Rangers: NINJA/THUNDER/SAMURAI STORM! RANGER FORM! HA!

They transformed and were ready!

Megaforce Rangers: LEGENDARY RANGER MODE! NINJA STORM!

The Megaforce Rangers turned into the Ninja Storm Rangers too!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Nico: Choobo you have failed these islands.

Troy Burrows: Rangers that's a Super Mega Win.

The Megaforce Rangers turned into the RPM Rangers!

Nico: To quote Dark, Here's your Warning: YOUR ASS IS ABOUT TO BE KICKED!

Dark Spicer was having lunch with Firefly and then he sneezed.

Firefly: Catching a cold?

Dark Spicer: No I think someone is talking about me.

We went at Jo and brutally smashed and pulverized her all over the place and punched and kicked her all over. Qwun and Deenha punched and pulverized and blasted Jo all over. Qwun and Deenha Blasted and smashed and pulverized Jo all over the place.

Me: Hunter Fetch!

I threw his ball and Hunter ran after it with his incredible speed and pulverized Jo all over the place and smashed her down.

Colleen kicked and pulverized Jo all over!

Exile: (Russian Accent) Time for you to get that fire in your heart cooled down!

Exile fired beams of ice lasers from his eyes and they hit Jo and froze her.

Blitz bit Jo on the butt with the force of 100 bear traps and ripped her pants!

CLANG!

Jo: YYYYEEEEEEEEOOOOOOOOOOOOOOOOOOOOWWWWWWWWWW

Blitz: You need better underwear girl!

Shag punched and pulverized Jo all over.

Me: Muzzle lets get ready.

We were ready for her.

Hunter (Road Rovers): Ready Muzzle? MUZZLE HER!

Muzzle: REAH!

Hunter let Muzzle loose and he roared and lunged at Jo and smashed and pulverized and ripped her to shreds all over the place!

Blitz: GO MUZZLE GO! Rip that blackhearted girl into shredded sausage!

This went on for over 35 minutes and it was brutal and savage! Muzzle did what he did to Heather but 100 times worse!

POW BLAM POW BIFF! CHOMP SMASH BLAM RIP WHAM!

Hunter (Road Rovers): Whoa Muzzle take it easy! Okay that's enough for me.

ZOOM!

Nico: Time to finish it up here.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was knocked down and defeated!

Lincoln: You're finished, Jo, and here's a little something to remember us by.

Lincoln turned into Inferno Lincoln, as a neon red and orange outline surrounding him, his long, white hair reaching the bottom of his neck turned neon red, the eight large orange orbs orbiting around his legs turned neon red, his deep sapphire blue eyes turned neon deep red, his large blue pants turned red but the rainbow colored lightning bolts remained the same, his massive orange bands with silver phoenixes on his abnormally massive and powerful biceps and thighs turned red, and his massive deep sapphire blue angel wings with reflecting stars turned red. Suddenly, we saw demons and flames dancing around Lincoln, as his massive red angel wings spread out.

Lincoln: (Singing Divinely) I see a cold wind blowing through, I see

days neither fun nor free, I see a future caused by you, I see a path not meant to be. Your future should filled with magic, dreams, and wishes brought to life. But, the days ahead are dark and tragic, no time for hope when all is strife, whatever might have been, all the dreams that you did share, because of you, Jo. Now, the future is a cold nightmare.

Nico and I had shivers going down our spines and so did many of us when Lincoln sang that song.

Then, Lincoln fired powerful blasts of red energy and hellfire from his massive angel wings and once they hit Jo, she was put into a coma, but in reality, she was eventually trapped in Hell for all eternity, as she screamed in pure rage at us. We felt that Jo is alive physically, but mentally, she's not there.

Nico: Whoa, what did you curse her with, big guy?

Me: Yeah, that wasn't like the same curse that you used on Gabriel Tinsley, Jacques Schnee, Josee, Jacques, Amy, and Heather.

Lincoln: You're right, J.D. and Nico, this is a brand-new curse I came up with, it's called the Hell's Vengeance Curse, it's a curse that's activated by the same song I used whenever I use my Nightmare Demons' Vengeance Curse when I turn into Shadow Lincoln. When I turn into Inferno Lincoln and sing that song, my angel wings fired powerful blasts of red energy and hellfire, and it puts the victim in a coma, but in reality, it traps their soul in Hell for all eternity, a perfect punishment for her.

We gasped in shock.

Nico: Whoa, now that's really brutal.

Lori: Literally.

Lynn: Alright, bro.

Me: I can't wait to see what other kinds of curses that you have with your new Elemental HERO forms, big guy.

Lincoln: We'll see soon enough. But here is a list of them for you

guys.

Then he gave me a list and it was amazing! It was a curse for each of Lincoln's Elemental HERO Forms.

Inferno Lincoln - Hell's Vengeance Curse, Lincoln fires powerful blasts of red energy and hellfire from his massive angel wings and once hit, the curse traps the victim in Hell while in a coma.

Shadow Lincoln - Nightmare Demons' Vengeance Curse, Lincoln fires powerful blasts of dark energy and darkness from his massive angel wings, and once hit, the victim is cursed with Eternal Life Without Eternal Youth and Plagued By the Demons of The Past and Eternal Nightmares

Arctic Lincoln - Marzanna's Ice Heart Vengeance Curse, Lincoln fires powerful blasts of marine blue energy and ice from his massive angel wings, and once it hits those whose hearts are so full of ice and are unrepentant of the crimes they've committed, the curse will freeze their blood and heart, and it'll condemn them to an eternity of a frozen Hell.

Maelstrom Lincoln - Poseidon's Maelstrom Vengeance Curse, Lincoln fires powerful blasts of ocean blue energy and water from his massive angel wings, and once it hits those who've committed the worst crimes against the sea, the victim is then ripped apart and drowned by the tides created by Poseidon.

Hurricane Lincoln - Ehecatl's Hurricane Vengeance Curse, Lincoln fires powerful blasts of sky blue energy and wind from his massive angel wings, and once it hits those who've threatened the innocent from the skies, the curse will rip them apart with the winds of the Heavens, and their souls are condemned to Oblivion for all eternity.

Solar Lincoln - Heaven's Judgement Curse, Lincoln fires powerful blasts of white energy and holy light from his massive angel wings, and it hits those who've blasphemed against God and/or committed one of the Seven Deadly Sins, the victim is marked with an inverted cross, a symbol of eternal damnation, on their forehead, and once they die, the victim is sent to Hell for an eternity of torture and torment.

Nature Lincoln - Mother Nature's Vengeance Curse, Lincoln fires powerful blasts of green energy and plants from his massive angel wings, and once hit, it traps the victim in a tree for all eternity, this curse is reserved for those who desire to destroy the environment.

Earth Lincoln - Gaia's Vengeance Curse, Lincoln fires powerful blasts of blue and green energy and lava from his massive angel wings, and once hit, those who desire to destroy the planet are trapped inside the Earth for all eternity, and their Negative Energy will be converted into Positive Energy to revitalize the Earth.

Lightning Lincoln - Hinon's Vengeance Curse, Lincoln fires powerful blasts of electric blue energy and rainbow super lightning from his massive angel wings, and once it hits the unrepentant, the curse marks them with a Thunderbird on the back, and when it reaches the heart, they die and are sent to Hell for all eternity.

Crystal Lincoln - Crystal Dragon's Vengeance Curse, Lincoln fires powerful blasts of rainbow energy with crystals, and once it hits those who've embraced the darkness, the curse traps them inside of a crystal prison for all eternity, and it drains them of their negative energy and you guys absorb that negative energy and convert it into positive energy, giving you all a massive power boost.

Gravity Lincoln - Artemis' Lunar Curse, Lincoln fires powerful blasts of gravity and lunar energy from his massive angel wings, and once it hits those who've threatened women and children, not only will they be drained completely of their life force, but the gravitational energy beams will also pull their mummified husks apart.

Cosmic Lincoln - Universes' Eternal Vengeance Curse, let me give you a warning for this one: this powerful curse is only reserved for those who've committed the darkest and most serious of crimes against the universe. Lincoln fires powerful blasts of dark purple energy with stars, and once it hits those who've committed serious crimes against the universe, the victim is then drained of all their negative energy, and their souls are then torn apart by the stars, thus erasing them from existence forever.

Chrono Lincoln - Chronos' Vengeance Curse, Lincoln fires powerful blasts of time energy from his massive angel wings, and once it hits those who've gotten away with their crimes for far too long, they're eventually aged to look like they're 150 years old, and are also cursed with Eternal Life Without Eternal Youth.

Me: WHOA! These curses are awesome Lincoln. You made an amazing weapon for us to punish villains.

Lincoln: Thanks guys.

Me: I hope we face Frollo next in the Bahamas. That will be perfect to test the Heaven's Judgement Curse.

Nico: That will be awesome to see. And Artemis' Lunar Curse will be perfect for killing murderers and terrorists and chauvinistic abusive douchebags.

Laney: It sure will.

Lincoln beamed Jo's body back to her cell in the Uranus Prison, where she'll remain there forever.

?: Now, I will make sure that none of you humans will ever leave here alive!

Hunter (Road Rovers): That scent, I knew there's no mistaking it, you can come out now, Volf.

A massive, four-armed werewolf-like fiend with a massive scythe came out, and it was none other than Volf, The Invincible Ruler of Storms and one of the Four Greater Fiends of Vazdah.

Me: So, that's Volf.

Nico: He definitely looks like one dangerous fiend.

Ayane: Yes, that's correct.

Volf: And now, I will destroy all of you!

Hunter (Road Rovers) fired a powerful nuclear red hot red energy blast with red, white, and dark blue flames at Volf, and it hits the four-armed werewolf fiend.

Hunter (Road Rovers): No, Volf, your fight's with me.

Suddenly, Hunter's brown eyes turned neon brown, and the anthropomorphic gold retriever was then surrounded by a nuclear red hot energy aura with red, white, and blue flames, stars, and dogs, he unholstered his massive Ares' Fire Sword of Canine Bravery from his more wider and more muscular back, and as he approached Volf, he left nuclear hot red hot energy, red, white, and blue flames, stars, and dogs with every step.

Hunter (Road Rovers): Volf, the crimes you've committed since mythic times can never be forgiven, and now, I will see to it that you never rise again to threaten mankind for your own amusement.

Suddenly, Hunter was surrounded by a massive vortex of nuclear red hot red energy with red, white, and blue flames surrounding the vortex, there's three dogs in red, white, and blue running around the vortex, and in the vortex is a yellow phoenix. Then, as the vortex faded, Hunter emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

The 7'5" tall and extremely muscular leader of the Road Rovers remained the same, along with his brand-new clothes, but he also now has a full head of brown hair that went down to his neck, he has neon brown eyes and a nuclear red hot red energy aura with red, white, and blue flames, stars, and dogs surrounding him, he has a golden retriever with the American Flag and the Fire Kanji in its paws emblazoned on his forehead, his red dog collar with gold dog tag turned into a choker for his wider neck and he has on his Crystal Necklace of The Buddha with red, white, and blue crystal links and a golden retriever with red, white, and blue gems for eyes and holding the American Flag and the Fire Kanji in its paws for the pendant across his bare chest, and tattooed on his wider and more muscular back is a dog with flames surrounding it and the American flag above it. Suddenly, Hunter felt a sharp pain on his wider and more muscular back, and then, massive golden angel wings with red, white, and blue tips on the large gold feathers, sprouted out from his wider and more muscular back.

Hunter has on his new large gold cuff Bracelets of the Champions of The Universe with red, white, and blue gems on his wrists above his large silver gauntlets with red, white, and blue gems on his massive and powerful muscular forearms, his new large gold Belt of Elemental Bravery with a golden dog head with red, white, and blue gems for eyes and a large red, white, and blue gem in its open mouth for the belt buckle on his waist, large red, white, and blue Spellbook of The Gods and The Universe and large red, white, and blue Universal Spellbook of The Elemental Forces on his left hip and Eater of Sins revolver holstered on his right hip, and a Ring of the Phoenix with large yellow gem on his left ring finger and Blue Lantern Corps ring on his right ring finger. There's a red kanji below the dog that said, "Hunter, Leader of The Road Rovers, Loyal Dog of The President of The United States, Friend to Exile, Blitz, Colleen, Shep, Muzzle, and Professor Shephard, Destroyer of General Parvo, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Patriotic Dog of the United States, Emissary of Ares, and Master of Flames, Speed, and Dogs."

ハンター、ロードローバーのリーダー、米国大統領の忠実な犬、亡命の友、ブリッツ、コリーン、シェップ、銃口、そしてシェパード教授、パルボ将軍の破壊者、悪の殺し屋、混乱した、殺人、冷酷、そしてサディスティックバスターズ、アメージングでパワフルな教師のアメージングでパワフルな学生、アメリカの愛国心が強い犬、アレスの使者、そして炎、スピード、そして犬のマスター

Hunter has transformed into SUPER ANGEL INFINITY NUCLEAR RED HOT SPEED GOLDEN RETRIEVER DOG ANGEL OF FIERY CANINE JUSTICE AND FIERY HOPE!

We were amazed by Hunter's Super Angel Infinity transformation, but when Volf saw it, he had a twisted look in his eyes.

Exile: (Russian Accent) Incredible, Hunter's transformed.

Lincoln: That's right, Comrade Exile. This is going to be one awesome fight.

Nico: You got that right, Lincoln. (To Road Rovers Hunter) Hunter, how do you feel?

Hunter (Road Rovers): (Divine Echoing Cosmic Voice of The Fiery Golden Retriever and Nuclear Red Hot Justice) **I feel incredible,**

**Nico. Now, it's time for me to destroy that four-armed werewolf fiend for good.**

Hunter went after Volf, who fired gusts of winds from his hands, but Hunter dodged them with his superhuman speed, and he fired powerful blasts of nuclear red hot red energy, red, white, and blue flames, stars, and dogs at Volf, and they exploded as they hit the werewolf fiend. Then, they clashed with their weapons, and sparks flew and started fires, and Hunter absorbed the flames, and he got stronger. Then, Hunter heated his massive sword and it was glowing crimson red, and he slashed off Volf's arms, and he howled with excruciating pain.

Hunter (Road Rovers): **Now, it's time for me to deliver my warning to the other Greater Fiends, and send you to The Black Gates forever.**

Hunter formed a massive nuclear red hot red energy ball in the palm of his larger left hand, and he fired it, and it incinerated and destroyed Volf, and as soon as his spirit appeared, he was then sent to The Black Gates and erased from existence forever. We cheered wildly for Hunter, as he holstered his massive Ares' Fire Sword of Canine Bravery on his wider and more muscular back and powered down, and Hunter's new body, clothes, weapons, jewelry, and massive golden angel wings are permanent.

Nico: Whoa, you did an awesome job in getting rid of Volf, Hunter.

Hunter (Road Rovers): Thanks, Nico, and it sent a message to the other Greater Fiends: and this also means we're now at war with the Greater Fiends.

Exile: (Russian Accent) That may be true, Hunter, but we'll be ready for them.

Nico: I'm glad to hear that, Exile, because tomorrow, it'll be your turn.

Lincoln: He's right, Exile, tomorrow, you'll transform and fight against the second of the Four Greater Fiends.

Exile: (Russian Accent) Yes, and I'll see to it he suffers the same fate as Volf.

Nico: Yes he will. Now lets get ready to head to the Bahamas.

Emerald Goldenbraid: (To the viewers) This was an awesome way to close out the half way mark. Hope you all liked this one.

Me: We know we did.

Nico: Lets head back to the Floating Fortress and head to the Bahamas.

With that we went to the fortress and we headed out to the Bahamas.

It'll be a holy battle!

See you all tomorrow.

# RIDONCULOUS RACE PART 7 - Bahamas

At Charlies Darwin Middle School, Nico, Bobby and Rice were walking through the halls of the jungle filled school for awesome animals.

Nico: Thanks for coming with me, Rice.

Rice: No problem Nico. This is gonna be so awesome doing a rescue in Charles Darwin Middle School.

Bobby Santiago: It sure will be awesome amigos.

Nico: Yes it sure will. Especially because it'll be in a school for animals.

Rice: It sure will.

Nico: Rice, I think you and Marty will have a time to shine next.

Rice: This will be awesome when we get to the Bahamas.

Bobby Santiago: I have a feeling it will be awesome.

Nico: Yeah and whatever the challenge will be I'm sure it will be awesome.

Then they saw a Koala being chased by the students who were armed with torches and pitchforks!

Nico: Uh oh.

Rice: This is very familiar.

Nico: I'm getting a big sense of Deja Vu here too.

Bobby Santiago: I am getting that feeling myself.

Nico: Rice, you did a good job against the General.

Rice: Thanks Nico. That was so awesome.

Nico: Lets go see what that Koala is doing.

They went after that Koala.

Nico: Rice, now's a good time to go Razorfist!

Rice: Against a koala? I'll rip that litte guy to shreds! And he is so cute!

Nico: He sure is cute. But I smell a rat!

Nico went after the Koala.

Principal Pixiefrog: What the poppy cockadoodle is going on here!?

Nico grabbed the Koala and ripped off its costume!? It was really LARRY RACCOON!

---

Larry Raccoon is a minor antagonist in My Gym Partner's a Monkey, only appearing in "Bad News Bear". He is a juvenile delinquent the first and only student to be expelled from Charles Darwin Middle School.

As Larry, he was voiced by Phil Lamarr, while as Ding Bang, he was voiced by Cree Summer.

In "Bad News Bear", Principal Pixiefrog informed Adam and Jake about an expelled student by the name, Larry Raccoon. He warned the duo that if they kept up their current antics, they'd end up like him. Little did he know, Larry tried sneaking his way back into the school, disguised as a panda bear student named "Ding Bang" He gave them both punishments as well. Adam's punishment was introducing the new foreign exchange student, "Ding Bang" to the school, while Jake filed for Mrs. Warthog.

Ding Bang caused lots of trouble, vandalizing school property and stealing things from other kids and Adam had to pick up after him. Ding Bang was also left unharmed since his species was labeled as endangered. This meant that every time Ding Bang messed with someone, they'd project all their anger onto Adam, resulting in him getting beaten up. The students eventually found a loophole in the "leaving Ding Bang unharmed" rule, and found out that he'd be in gym class, when they play dodgeball. A class where they were supposed to beat him with balls.

In gym, before the students could even start balling him, Jake came in through the fish tube and water splashed all over Ding Bang. It came to light that Ding Bang was actually Larry Raccoon, painted like a panda bear in disguise, and his plan of trying to get himself back into the school came out. Larry begged for a second chance at a decent education, but Principal Pixiefrog denied it. When they kids found out he was responsible for all the trouble he caused, everyone (including Adam), pelted him with dodgeballs, running him out of the school.

In "Pride and Pixiefrog", Larry made a background cameo as one of the students in line, helping Principal Pixiefrog construct his Memorial Colosseum. He was standing next to his disguised self, Ding Bang Panda.

---

Nico: Larry Raccoon!

Principal Pixiefrog: Larry Raccoon! You just will never learn!

Nico: Boy first a Panda and now a Koala Bear!? Kid what the hell is your problem!?

Larry Raccoon: I just wanted a quality education!

Nico: Kid get a life! Rice now you can transform.

Rice: Here we go!

Her eyes glowed yellow and her skin turned red and muscular and then she turned crab like and grew claws and then turned into RAZORFIST!

Nico: YEAH!

Razorfist: You're giving cute animals a bad name!

Nico: Raccoons may be cute but this guy is one big time bad prankster.

?: I agree Nico.

A CRABDOZER APPEARED!

Razorfist: Wow a Crabdozer!

Nico: Awesome!

Crabdozer: (In a girls voice) (Ukrainian Accent) Been a long time Nico.

Nico: That voice. Irina Verokkova?

Crabdozer: In the fiery crustacean shell.

Razorfist: Wow.

Irina reverted back and she was a girl with red hair and in in red clothes.

Irina Verokkova: This kid gives Raccoons everywhere a bad name.

Larry Raccoon: But why won't this school take me back!?

Nico: You had your shot Larry but you wanted to be a mischief making troublemaking delinquent.

Bobby Santiago: Yeah maybe you should go to someplace else.

Larry Raccoon: Oh you're right.

Nico: Maybe you can go to the Masters of Evil. They will be happy to give you a frenemy in us.

Larry Raccoon: Good idea. Thanks.

He left to join them.

Nico: Rice, you can revert back now.

Razorfist: Uh let me do it in the bathroom.

Nico: Okay.

She went and changed back in the bathroom and then put on new clothes and then came out.

Rice: Much better.

Irina Verokkova: That was easy having Larry go into the M.O.E.

Nico: It sure was.

Rice: What's your favorite memory of Nico?

Irina Verokkova: I have a lot of them but my favorite is where me and Nico were in Jewelry class and we were making these awesome rings and then my ring that was still glowing red hot accidentally landed in a bully's butt and burned her and lit her pants on fire and then she had to go to the hospital for over a year.

Everyone laughed hysterically at that!

Nico: The Red Hot Ring Buttburn! That was awesome!

Bobby Santiago: Yeah it sure was!

Nico and Irina then hugged.

Nico: I really missed you

Irina Verokkova: Me too Nico.

Bobby Santiago: This was a great rescue.

Nico: Yep. Lets head back home.

They did so.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Gage the Hedgehog, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, and Maxxine are heading to the world of The Hunger Games via The Simulator, and not only is Lincoln going to rescue the thirteen girls there, but we're also going to face President Snow, who's returned from the dead, and we're going to send him to prison forever instead of letting him blow up the planet.

Lincoln also asked Katniss Everdeen to join us since she also helped us in this adventure years ago. The Simulator activated, and we were in the world of The Hunger Games.

Lincoln: Whoa, so my rescue's taking place in the world of The Hunger Games, and I know what we're going to do here, not only am I Lincoln going to rescue the thirteen girls there, but we're also going to face President Snow, who's returned from the dead, and we're going to send him to prison forever instead of letting him blow up the planet.

Me: That's right, big guy.

Nico: It's been years since we first went to the world of The Hunger Games.

Lincoln: But, President Snow decided to blow up the planet to kill us along with himself, but even though we got out, Katniss and her friends lost their home, and that really hurt them badly. But, this time will be different, this time, President Snow's going straight to prison.

Katniss: Yes, to the Neptune Prison for Traitors. I hope you put him in the Neptune Cryo-Prison, that way, he won't try to get out.

Lincoln: That's a good idea, Katniss, and I want to thank you and Maxxine for joining us on this rescue.

Maxxine: You're welcome, Lincoln.

TLPS Mr. Wolf: So, are we going to follow the same plan that Katniss had you all follow years ago when you first went after President Snow?

Lincoln: That's right, TLPS Mr. Wolf.

We then did what we did years ago when we first went after President Snow, and we went through an underground passage underneath where President Snow is at, and we used Darkstar's powers, and we fired blasts of dark energy at the guards and we sucked out their energy and killed them, and we freed everyone who was held captive there and we got everyone to safety, and above ground, we also saw lightning crashing down from the skies.

?: HELP!

Suddenly, Lincoln heard the sound of thirteen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the thirteen girls, but they've been cornered by President Snow, and he's going to kill them.

Lincoln: Guys, I found the thirteen girls, but they've been cornered by President Snow, and he's going to kill them.

?: That tyrannical monster, let's get him.

We then saw the Evil HERO Lightning Golem appear before us.

Lincoln: That voice, I knew it was you, Cassie Evanstein, but we'll have to talk later, we've got to put a stop to President Snow.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits President Snow in the back, and it allowed the thirteen girls to get away. When President Snow saw us, he was really pissed off.

President Snow: Team Loud Phoenix Storm, I will make you pay for killing me!

Lincoln: Oh please, you did that to yourself when you blew up the planet and tried to kill us as well. But, that's no longer going to be an option for you.

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Gage the Hedgehog transformed and he got his massive sword out, Katniss, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, and Me, Nico, Nicole, and Eli unholstered our massive swords and we transformed, and we went at President Snow, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, green flames, and water, and they exploded with incredible power as they hit him.

Then, Lincoln fired a rainbow energy blast, which transformed into a rainbow energy straitjacket and rainbow energy chains, which tied and shackled him up, and he screamed in pure rage as Lincoln put him into a scroll so he can put him in prison. We cheered wildly as we holstered our weapons on our backs and power down.

Lincoln: That's it for that miserable monster. (To Cassie Evanstein) And it's so good to see you again, Cassie Evanstein.

Cassie Evanstein: You too, Lincoln, it's been a long time.

Lincoln went up to Cassie Evanstein and they hugged, and Cassie Evanstein's very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become.

Lincoln: It sure has been a long time, I haven't seen you when you were twelve, and as you can see, I really grew a lot since then.

Cassie Evanstein: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Whoa, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Cassie Evanstein, she's a local girl from Michigan, and get this, she's the Gene-Slammer of the legendary Thunderbird. When she was little, she was out with her friends and then, a thunderstorm came in and without warning, she got struck by lightning, and she suddenly got incredibly powerful lightning powers because of it, and she also has the power to fly with wings made of pure lightning, and she has a scar on her back in the shape of a lightning bolt and she's also one of the strongest of my Guardian Angels.

We were amazed.

Nico: Just like what happened to Paula.

Me: And you and Linka when you were chosen by Hinon, and now, she's been Gene-Slammed into the Evil HERO Lightning Golem, so she's now 1 third human, 1 third Thunderbird, and 1 third Evil HERO Lightning Golem, that's so awesome.

Cassie Evanstein: And there's also something that you guys should know, I also have a bad history with Sam's evil uncle, Sinclair, and Lex Luthor.

We gasped in shock.

Me: Whoa, so you not only have a bad history with that racist and white supremacist, Sinclair, but also, with that psychopath, Lex Luthor.

Nico: That's really bad.

Lincoln: It sure is. Now, let's get you back to normal, Cassie. Boys, you know the drill, and Nicole, you know what to do?

Me, Nico, Eli, and the rest of the boys cover our eyes as Lincoln snapped his fingers, and Cassie Evanstein was reverting back to normal. Cassie Evanstein is a beautiful 17-year-old girl with long flowing dark purple hair, purple eyes, fair skin, she's 6'5" in height, she has the body of a goddess, and she has massive purple angel wings with electric blue tips on the purple feathers surging with powerful lightning and the Thunderbird's tail with powerful lightning surging through the feathers, as she reigned in the power of the Evil HERO Lightning Golem and the Thunderbird.

Lincoln: How do you feel, Cassie?

Cassie Evanstein: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Cassie Evanstein her new wardrobe, a sleeveless purple vest, sleeveless light purple midriff top, yellow skirt with flowers, purple pants with flowers, purple shoes, long sleeveless purple trenchcoat with lightning bolts and thunderbirds on the coattails with the Evil HERO Lightning Golem and thunderbird on the back, and holstered on her back is a large Evil HERO Lightning Golem and thunderbird-themed sword with Evil HERO Lightning

Golem and a thunderbird etched on the 6'5" massive, wide, double-edged, man-sized purple blade, the Thunderbird's wings for the crossguard, large red gem embedded in the rainguard, longer black handle, and large red gem surrounded by angel wings for the pommel.

Cassie Evanstein: Wow, I love the outfit and sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Cassie Evanstein's neck with purple gems on the gold lightning bolts and purple crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Cassie Evanstein: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Cassie.

Cassie Evanstein had a smile on her face and tears coming from her eyes, as she wrapped her arms around Lincoln's waist and Lincoln wrapped his abnormally massive and powerful muscular arms around her body, and he leaned down and kissed Cassie Evanstein on the lips, and she returned it, and we cheered for them. Then, we went up to the thirteen girls, and when Lincoln saw them, he immediately recognized them. The thirteen girls are Ookami Ranka the Wolf Girl, Anetani An, Hadano Miki the Rat Girl, Koorimoto Man the Mammoth Girl, Hino Hitomi, Ihara Shiho the Deer Girl, Komori Yukari the Koala Girl, Mei-Mei the Panda Girl, Nekomai Kurumi, Shishio Miyubi the Sloth Girl, and Bandou Ruka from Seton Academy: Join the Pack!, Aya Tsuji and Mariah from Jojo's Bizarre Adventure.

Lincoln: Oh wow, it's Ookami Ranka the Wolf Girl, Anetani An, Hadano Miki the Rat Girl, Koorimoto Man the Mammoth Girl, Hino Hitomi, Ihara Shiho the Deer Girl, Komori Yukari the Koala Girl, Mei-Mei the Panda Girl, Nekomai Kurumi, Shishio Miyubi the Sloth Girl, Bandou Ruka, Aya Tsuji, and Mariah.

Me: From Seton Academy: Join the Pack! and Jojo's Bizarre Adventure, awesome.

Jolyne Kujo: Wait, Mariah's here. Lincoln, you need to free her from Dio Brando's influence.

Lincoln: On it, Jolyne.

Lincoln fired a beam of light, which freed Mariah from Dio Brando's influence, and she was freed.

Lincoln: There we go. Are you girls okay?

Ookami Ranka the Wolf Girl: Yes, we're okay, thanks to you.

Then, when Ookami Ranka the Wolf Girl and the other twelve girls saw who it was that saved them from President Snow and freed Mariah from Dio Brando's influence, their faces turned atomic red upon seeing the 17-year-old 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Ookami Ranka the Wolf Girl: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they lean down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Ookami Ranka the Wolf Girl: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, thirteen Thunderbird Necklaces of Eternal Love appeared on the necks of Ookami Ranka the Wolf Girl, Anetani An, Hadano Miki the Rat Girl, Koorimoto Man the Mammoth Girl, Hino Hitomi, Ihara Shiho the Deer Girl, Komori Yukari the Koala Girl, Mei-Mei the Panda Girl, Nekomai Kurumi, Shishio Miyubi the Sloth Girl, Bandou Ruka, Aya Tsuji, and Mariah with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We exited the Simulator, and we told everyone what happened, and they were shocked when they found out that the villain we went after was President Snow, who's returned from the dead.

But, when Lincoln showed everyone what we did to President Snow, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Cassie Evanstein now have a lot of catching up to do, now that she's back. As for President Snow, he was then sent to The Neptune Cryo-Prison, and he was frozen forever, and put in a sub-zero cell in Solitary Confinement, where he'll remain for the rest of eternity, and Lincoln merged the Simulator counterparts of Katniss and her friends with the ones we have on the team, and he beamed their world to our universe.

* * *

After putting a stop to President Snow and throwing him in prison, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Cassie Evanstein saw Lincoln working out like crazy, she had an atomic red blush on her face.

Cassie Evanstein: Whoa, I was right that Lincoln has really grown to be a 17-year-old 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his abs hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Cassie, and now, I can also defend myself.

Cassie Evanstein: That's incredible.

Nico: It sure is, Cassie. So, what memories did you have with Lincoln?

Cassie Evanstein: Oh, I remembered this one time I showed Lincoln that I had gotten my lightning powers and I was Gene-Slammed into the Thunderbird, and he was impressed, and he showed me his gold Thunderbird armband, and he also told me the Thunderbird was one of his many favorite mythological animals. But, the display of my lightning powers and my wings made of pure lightning also got the attention of Lisa who wanted to experiment on me, and Lori, Lynn, Lola, and Luan, who wanted to call the cops on me and have me taken away and experimented on. Lincoln wasn't going to have that and neither was I, so I'd fired a blast of lightning and I electrocuted Lori, Lynn, Lola, Lisa, and Luan, and Lincoln and I tied them up with nylon rope. When they woke up, they were really mad, but Lincoln told them to quiet down now. He was so mad that they wanted me taken away and also, experimented on, and he told them he wasn't going to let them do that, and he warned them, if they did this, he'd tell Mr. and Mrs. Loud on them, and Lori would lose her driving privileges and cell phone for life, Lynn would be kicked out of her sports teams for life and her sports career would be history, Lola would be banned from beauty pageants for life, Lisa would lose her science lab and grants from the universities and be declared an enemy of the state, and Luan would lose her Funny Business for good and she'd be put in an insane asylum. That caused the color to vanish from their faces, and the bad sisters agreed, and we untied them, and they ran for their rooms. I hugged Lincoln and thanked him for defending me from them, and he hugged me back and he did say he wasn't going to let them do that to me.

We were amazed at the display of bravery Lincoln showed when he defended Cassie Evanstein from Lori, Lynn, Lola, Lisa, and Luan.

Nico: Whoa. Lincoln, that was an incredible display of bravery.

Lincoln: Thanks, Nico.

Cassie Evanstein: And I also defended him not only from Lori, Lynn, Lola, Lisa, and Luan, but also from the bullies at our school, such as Chandler who still had his dark side in him, and of course, Pablo, Anderson, and Taylor before you guys saved her.

Me: Awesome.

Rita: I still remembered that day, and I was so proud of Lincoln for standing up to Lori, Lynn, Lola, Lisa, and Luan. But, of course, I overheard that Lori, Lynn, Lola, Lisa, and Luan swore revenge on Cassie Evanstein and Lincoln, because of their Dark Sides.

Lynn Sr.: Yeah, so we warned Lincoln and Cassie about it, and they knew they'd swear revenge on them, so he asked us to ground them for a week and we took away Lori's cell phone, Lynn's balls, Lola's pageant gowns, Lisa's chemistry lab, and Luan's comedy props. Let's just say when the week was up, they didn't try anything like that again.

Eli: Good, they should've known better not to mess with Lincoln and his Guardian Angels.

Lincoln: That's right, Eli.

We then got a shower afterwards, and then, Ed Cowart and Cattleya, Marcus and Yoshi, Gage the Hedgehog and Mermista, Mondo and Rockna, Marinette Cheng and Adrien Agreste, Jeremie Belpois and Aelita Hopper, Cyborg and Sarasim, Aylene Carter and Brain Freezer, Eli Winston Bullock and Nunnally, Penn Zero and Sashi, Star Butterfly and Marco Diaz, Tom Majors and Sarah Gunnerson, Timmy Turner and Trixie Tang, and Ganta Igarashi and Shiro were getting ready for their date, this time, it's at Emerald Coast in Sonic's world.

The boys were dressed in colored swim shorts with their favorite mythological animals and elemental forces on them and the girls were dressed in colored two-piece bikinis.

Ed Cowart: Alright, everyone, are we ready?

Cattleya: We're ready.

Ed Cowart and Cattleya, Marcus and Yoshi, Gage the Hedgehog and Mermista, Mondo and Rockna, Marinette Cheng and Adrien Agreste, Jeremie Belpois and Aelita Hopper, Cyborg and Sarasim, Aylene Carter and Brain Freezer, Eli Winston Bullock and Nunnally, Penn Zero and Sashi, Star Butterfly and Marco Diaz, Tom Majors and Sarah Gunnerson, Timmy Turner and Trixie Tang, and Ganta Igarashi and Shiro left the TLPS Flying Fortress and they head for Emerald Coast in Sonic's world, and when they arrived, it was a beautiful archipelago of small, tropical islands near Station Square in a clean, light blue sky with various clouds, and the small beach has some umbrellas and seats, as well as the hotel nearby.

Gage the Hedgehog: Whoa, so our date's here in Emerald Coast, that's awesome.

Ed Cowart: I remembered you and Sonic telling us about this place, and that you guys have been here more than once, so I figured this would be the perfect place for our date.

The boys and girls got started by diving into the crystal clear water, and they were swimming in the ocean, and they also saw the creatures that lived there. Then, they also had lunch at the picnic areas that were set up on Emerald Coast, and then, as the sun's about to set on Emerald Coast, the boys took the girls in their arms and as the sun turned orange, the boys and girls kissed. Then, they return to the TLPS Flying Fortress, and were back in their original clothes.

Lincoln: Hey, guys, how was your date?

Gage the Hedgehog: It was awesome, Lincoln. We went to Emerald Coast in Sonic's world.

Nico: That's awesome, I remembered hearing about it from Sonic, and it's an awesome beach there.

Lincoln: My harem and I haven't been to Emerald Coast before, so it looks like we got ourselves a new destination for our date.

Lily the Mermaid: Alright.

But, before we were about to head to the Bahamas, suddenly, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy signal, and he saw who it was in the vision: it was none other than Zedonius, Ruler of Flame and the second member of the Four Greater Fiends, and he's hiding out in the Bahamas. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is the second Greater Thief planning on coming after us?

Lincoln: You guessed it, Nico, and we're not going to like who it is: the dark energy signal I sensed belonged to Zedonius, Malevolent Ruler of the Flames and the second member of the Four Greater

Fiends.

Ayane: So, Zedonius is the next one of the Four Greater Fiends who's come out.

Nico: Ayane, what can you tell us about Zedonius? I've got a feeling this is going to be one fiery battle.

Ayane: You won't like him, Nico.

Ayane proceeded to tell us about Zedonius, Malevolent Ruler of the Flames and the second member of the Four Greater Fiends, and we weren't going to like him one bit.

Zedonius

Zedonius, Ruler of Flame (炎のゼドニアス Honoo no Zedonius?, Zedonius of the Flame) has nothing but contempt for human life, often addressing them as "apes" and "monkeys". He descends upon the capital of a once-great military superpower, threatening humanity with an ultimatum: submit to the will of the Fiends or die. Ryu must ascend the city's clock tower to put an end to his fearsome reign.

History

Zedonius is one of the Four Greater Fiends of Vazdah, and the Malevolent Ruler of the Flames. According to Zedonius, it was he who bestowed the gift of fire upon humans centuries ago. Many aeons ago, he and the other Greater Fiends were sealed into a deep sleep by the Dragons.

Ninja Gaiden II/Sigma 2

Several millennia later he has been reawakened by Elizébet and the Demon Statue, and invades the former military super power Russia. There he gives the soldiers who aim their weapons at him an ultimatum; yield to the Fiends, or perish. The soldiers' attacks have no effect on him and he incinerates them with his hellish flames. Soon after he taunts the Dragon Clan's Super Ninja, Ryu Hayabusa into fighting him at the clock tower. Zedonius appears in the tower and proclaims himself the one who bestowed humanity with the gift of fire. Hayabusa draws his ancestral weapon, the Dragon Sword without hesitation and tells Zedonius that what he says doesn't matter. Zedonius fights the Dragon Ninja warrior with murderous rage, but is defeated and killed, consumed by flames he couldn't control. As Ryu says triumphantly "Righteous flames shall cleanse the Earth of your kind." Zedonius screams from the pain of being burned and blows up along with the tower.

Reincarnated in the Underworld, Zedonius is encountered again, and boasts that in the hellish realm his powers are absolute, and attacks Hayabusa to ensure the ritual to break Vazdah's seal goes unhindered, but was no match for the might of the True Dragon Sword. Zedonius is truly destroyed this time as his body absorbed into the magma rivers of the Underworld.

Powers & Abilities

Flight: Zedonius is able to fly in the air.

Stomp: He usually lands by stomping near the player. This also causes fire to erupt from the ground near him.

Fireballs: He is able to shoot several fireballs at the player, even when flying.

Ground Eruption: He is able to cause a ground eruption where the player is standing, even while he is flying.

Melee Attacks: He has 2 combos and a long throw move.

Massive Fire Blast: He is able to charge a massive and wide fire blast and shoot it at the player.

Chest Blast: This move is deadly, but leaves him vulnerable for a few seconds.

Gaja Summon: He is able to summon gaja fiends at will, except on path of the acolyte.

When Ayane was done, we were shocked.

Nico: Whoa, Zedonius is one dangerous fire demon who needs to be stopped for good, or the world will be reduced to ashes.

Exile: (Russian Accent) A fiend such as Zedonius deserves to be brought down for good.

Suddenly, Exile's Sword of The Road Rovers unholstered itself from his back, and it was surrounded by a kaleidoscope of red, gold, and blue energy with ice crystals and snow, and when it emerged, it was transformed into Marzanna's Ice Sword of Canine Bravery, it's a new large sword with a 6'10" massive, wide, double-edged ice blue blade with the Slavic Goddess of Snow, Marzanna, surrounded by a ring of ice crystals and snow, etched on the blade, large crimson dog heads for the crossguard, large red and gold gem embedded in the rainguard, longer black handle, and four large crimson red dog heads with red gems for eyes and four gold gems in its mouths and a large ice blue gem on the bottom for the pommel.

Nico: Whoa, now that's one awesome-looking ice sword.

Lincoln 2: Whoa is right, Nico. Exile, that new weapon you see before you is known as Marzanna's Ice Sword of Canine Bravery, it's an evolution of your massive Sword of The Road Rovers, and it's imbued with the powers of the Slavic Goddess of Snow, Marzanna.

Exile: (Russian Accent) That's indeed amazing.

Suddenly, the sword called out to Exile, who grabbed the new sword's longer black handle. Then, we witnessed something happen to Exile, his ice blue eyes glowed, and then, he felt the cold and ice of the new sword, along with its power, flow through his body, and we saw him being surrounded by an ice blue energy aura with ice fire, ice crystals, and snow. Then, we saw Exile grow to 7'5" in height, and we visibly saw his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and then, he let out a loud howl, and a massive vortex of ice blue energy and snow surrounded him. Then, as the vortex faded, we saw Exile emerge, but he was now a changed anthropomorphic dog, the now 7'5" tall Russian husky now has powerful upper and lower body muscles and eight-pack abs, large silver gauntlets with red, gold, and ice blue gems on his massive and powerful muscular forearms, large dark blue pants with red and gold accents and stars, and large ankle-high boots covered in silver armor. We were amazed by what happened to Exile.

Hunter (Road Rovers): Just like what happened to me, but for Exile, his transformation was with ice and snow, since he's a husky.

Exile: (Russian Accent) Ugh, my head, what happened to me?

Lincoln made a mirror of water, and when Exile saw what happened to him, he was really stunned and amazed. Then, Exile made a pair of large red and gold weighted bands appear on his massive biceps and thighs, and he then holstered his massive Marzanna's Ice Sword of Canine Bravery on his wider and more muscular back.

Exile: (Russian Accent) Alright, now I'm ready for when Zedonius shows up. Let's go.

---

Later it was time for Princess Luna's 3rd Ambassador Mission.

Me: I have a feeling this will be a good one.

Princess Luna: It most sure will.

Eli: I have a feeling it will be awesome too.

Specter then appeared.

Specter: Can I go with you this time, Luna?

Princess Luna: You sure can.

Me: This will be awesome. Lets head out.

We were off to the Yost World.

We arrived in the Yost X-Men Mansion.

Me: Hey guys.

Yost Cyclops: Welcome back guys.

Princess Luna: Everyone, meet my archenemy.

Specter: Awesome to meet you all. I'm Hades Beast Specter and I'm one of the Magirangers Monsters. I am from the Japanese Power Rangers version of the Mystic Force Rangers.

Yost Wolverine: Awesome to meet you.

Yost Kitty: Same here. I love the Power Rangers.

Me: Well we have many of them on the team.

Princess Luna: And just so you know Emma is doing good.

Me: She is really doing her best to prove herself.

Eli: That's right.

Then we saw the Yost Professor X!

Me: Professor Charles Xavier! It's truly an honor.

Eli: We heard so much about what happened.

Yost Professor X: I know and J.D. it's an honor to meet you too. And you as well Princess Luna.

Princess Luna: It's an honor to meet you, Charles. I'm sorry that we couldn't meet while your body wasn't comatose

Yost Professor X: It's alright, Luna. Contacting you from the future is the best way to warn you about the upcoming threat that has taken the place of Master Mold.

Me: Don't tell me. Is it this worlds version of Apocalypse?

Yost Professor X: That is correct.

Me: Let me guess. You want us in the future to take him down before he can strike.

Yost Professor X: That is right.

Yost Nightcrawler: Wanda told me that Psylocke's gone off the grid as well. This can't be a coincidence!

Me: This is unusual. We better find out what's going on.

Princess Luna: She might be fighting some bad guys right now.

Eli: I sense it too.

Yost Wolverine: We'll have to find out about what happened to Psylocke later. Right now, we've got a little trip to make.

Me: Lead the way Logan.

Eli: And we'll head to wherever it is we're going.

Yost Wolverine: Okay.

We arrived at a Weapon X Facility.

Yost Rogue: A Weapon X Facility?!

Me: Yeah. And I have a feeling I know who we'll meet here.

Eli: I sense it too.

Princess Luna: This will be interesting.

Me: Yep.

We then later saw YOST SABRETOOTH!

Yost Sabretooth: Been itchin for a rematch, runt!

Me: Victor Creed A.K.A. Sabretooth!

Sabretooth charged at Wolverine but he slashed his chest and then, Specter threw him into a wall.

Yost Sabretooth: (gets up) I ain't goin down that easily!

I punched him in the face and sent him crashing through the wall!

Professor Thornton: Stand down, Sabretooth. (to Yost Wolverine) I can't believe I'm saying this, Wolverine. But for once, I'm happy to see you.

Professor Cornelius: That makes one of us!

Me: Professor Andre Thornton and Professor Abraham Cornelius.

Professor Cornelius: The famous J.D. Knudson. An honor to meet you.

Professor Thornton: Happy to meet you too.

Yost Wolverine: I'm happy too. Happy I'm finally gonna put you out of your misery!

Me: Count us in as well!

Eli: We're going to kill you!

Professor Thornton: You, Wolverine, and your friends need to get over yourselves right now, J.D.. You and I both know there's a storm coming.

Yost Jean Grey: You mean Apocalypse, right?

Me: This worlds version of En Sabah Nur A.K.A. Apocalypse, the first Mutant ever made.

Professor Thornton: Exactly. At the moment, the time for heroes and villains fighting each other is over. As far as I'm concerned, we'll all on the same side. To put it simple: Us vs. Apocalypse.

Yost Wolverine: Sorry, bub. But you and me on the same side? (pops out claws) Never gonna happen!

Me: Hold on a minute.

Yost Iceman: "Hold on a minute"?! Dude, is stress messing up your brain right now?!

Me: I've been told that many times before and as much as I don't like it he is telling the truth.

Eli: He's right guys. I sense it.

Me: And I have seen just how dangerous Apocalypse can be. In the comics and in the movies he is easily one of the most powerful mutants we have ever seen and his power is insurmountable.

Yost Deadpool: Look at it this way. If we DO double cross you guys, you can always lock us up in the Book of Vile Darkness. (to me) And before you go one of your "enough of us to last an eternity" rants, you really should start using the Book of Vile Darkness more often.

Me: I agree there Wade. But we always forget to keep doing that. I need to start having us make mental notes on that. But Professors just remember this, we'll have you help us in this time of crisis when the time comes but if you backstab us in any way, shape or form when we least expect it, I will not hesitate to use the Black Gates on you!

Professor Thornton: You have our word J.D. and if we pull this off in killing Apocalypse you can lock both of us up in one of your prisons.

Me: Deal.

I shook their hands.

Princess Luna: Just remember no tricks.

I made the finger gesture for I'm Watching you Bub!

Yost Deadpool: (to Princess Luna) Also, it's actually pretty funny that your missions are with the X Men while your sister's upcoming missions are with the Avengers.

Princess Luna: Thanks a lot for spoiling the surprise.

Me: Forgive Wade, Princess. He is always like that.

Eli: Yeah you just have to put up with it.

We later came back.

Nico: How did it go?

Me: Really well but with unexpected yet surprising outcomes.

I told them everything.

Nico: Whoa! An alliance with Professor Cornelius and Professor Thornton. That is gonna be interesting for when we go after Apocalypse.

Me: It sure is.

Maria: It's surprising that both Professors were man enough to admit to the idea of an alliance.

Eli: Yeah we were surprised ourselves.

Princess Luna: That is amazing.

Me: Yep.

Specter: But this was a cool mission though.

Me: Yep.

Princess Luna: Next time you can come with if you want Nico.

Nico: I would be honored Princess.

* * *

We were all the way over in Lavaridge Town.

Me: So this is Lavaridge Town.

Nico: Really awesome place.

Ash: Yep and it's awesome to see this place here. You'll like this place.

We went to the Lavaridge Town Gym and we arrived and it was amazing.

Turbo Man: So, this is another Hoenn Gym?

Ash: Yep it's the Lavaridge Gym. It's where I went to defeat Flannery for a Heat Badge.

Brock: Boy I remember that. That was amazing.

May: It'll be awesome to see Flannery again.

Lucy (Pokemon): Flannery is quite a battle master with Fire Type Pokemon.

Me: Someone the team will gladly have with open arms. Lets go see.

We went into the gym and we saw lots of awesome Fire Type Pokemon.

Me: Wow! Look at all the Fire Type Pokemon.

Eli: It's awesome.

Flash: Um.. Is Flannery running around while on fire a normal occurance?

Ash: No why?

We saw Flannery running around and her butt and back were on fire!

Maria: OH NO!

Maria fired a blast of water and extinguished her.

We went over.

Me: Are you okay!?

Varie: Boy that is a nasty burn.

Flannery: I'll be okay. Wow! You're Team Loud Phoenix Storm!

Nico: We sure are and it's a pleasure to meet you Flannery.

Ash: Awesome to see you again.

Pikachu: Pikachu!

Flannery: Wow! You too Ash and Pikachu. May, Max, Brock you're all doing great.

May: Same to you.

Brock: It's awesome to see you again.

Lucy (Pokemon): You still getting burned a lot.

Flannery: Lady Lucy! It's an honor to have you grace the Lavaridge Gym.

Lucy (Pokemon): It's a pleasure to be here.

Thrust: A lot has changed since you spoke to Ash and the others.

Flannery: I know about Team Magma and Team Aqua being destroyed.

Thrust: I meant besides that.

May: I'm now married.

Flannery saw her Wedding Ring.

Flannery: Wow! Who is the lucky guy?

Nico: You're looking at him.

Flannery: Wow! Congratulations!

Nico: Thanks. Also Brock and Lucy are together as a couple.

Lucy (Pokemon): It's true.

Brock: Yeah lots of things have happened over the years.

Me: Yeah. But also Flannery your gym is really nice. And your selection of Fire Pokemon is really amazing.

Flannery: Thanks J.D. (Sees Jessie, James and Meowth) Oh great not you all again.

Nico: It's okay Flannery. Jessie, James and Meowth are no longer part of Team Rocket. They are now in the Redemption Squad.

Eli: Long story on that.

Flamberge (Kirby): Yeah Team Rocket is burned up forever.

Laney: Yeah it's true.

Strafe: Is it true that there's also a hot spring here?

Flannery: There sure is. It's the best there is in Lavaridge Town.

Nico: I heard a lot about the hot springs here and they are some of the neatest ever.

May: They sure are.

Izzy Moonbow: We'll have to one day check it out.

Nerissa: Yeah that will be awesome to see.

Varie: There Flannery. You'll be okay and that burn will heal up shortly.

Me: How did you get burned by the way?

Flannery: I was helping train one of my Cyndaquil and she accidentally lit me on fire.

Dawn: That must've hurt bad.

Dawn's Empoleon: Empoleon.

Nico: Yeah you got to be careful.

Eli: We can help you out with some of the Pokemon here.

Me: Fire Pokemon is one of my specialties. I am a trainer for the Legendary Bird of Fire. Come on out Moltres!

I called out my Moltres!

Flannery: Wow! You have a Moltres!? That is amazing J.D.!

Me: Yeah it sure is.

Flannery: Wow! Can I go with you guys on the team?

Me: It'll be awesome having you with us.

Nico: We're in the middle of an awesome competition now. We're heading over to the Bahamas right now.

Flannery: Awesome!

Ramjet: I think the rest of the Mane 10 should also go on Luna's last mission.

William: That's a good idea.

Rainbow Dash: (to the rest of the Mane 10) Sorry you guys couldn't go on any of my missions.

Twilight Sparkle: Oh it's all right Rainbow Dash. But we're just glad you had a lot of fun.

Applejack: Yeah we aren't upset on that.

Pinkie Pie: But we're each having our own amazing Ambassador Missions right now.

Me: But the Mane 10 going with Princess Luna is an awesome idea.

Princess Luna: It sure is.

Nico: Yep. And I can't wait to see what the Challenge is that we have in store for us when we get to the Bahamas.

Flannery: I hope it is really fun.

Me: All the challenges we have are fun in this Flannery.

Eli: Yep. What kind of Pokemon do you have?

Flannery: I have a Magcargo, Slugma, Torkoal and a Cyndaquil.

Nico: Awesome choices.

Lola: They sure are.

Skyla: I agree and I specialize in Flying Pokemon.

Elesa: I use Lightning Pokemon.

Misty: I use Water.

Brock: Rock for me.

Me: We have met lots of Gym Leaders over the years. Oh and Flannery did you hear about who the Viridian City Gym Leader is?

Flannery: Yeah that is really shocking! Team Rocket's Boss Giovanni! Hard to believe it.

Nico: Yeah we were shocked ourselves.

Eli: But now he is nothing but a forgotten memory now. Team Rocket's dreams of world domination are now flushed down the toilet.

Me: But we're still cleaning up their horrible mess. They have Gene-Slammed many of our friends with aliens, Pokemon, Duel Monsters, Magic The Gathering Monsters, Monster Rancher Monsters, and many more. They did all kinds of horrible crimes against nature.

Flannery: Wow! That is horrible.

Nico: Yeah it sure is. But anyway we're just about there. Lets get ready.

Then Vypra, Dai Gui, Aqueduct, Evilseed, Mirror Master, Vexen, Jack O Lantern, Pied Piper, Ryugu Tamatebacco, and Pterodactyl Ghost appeared.

Dai Gui: Can me, Vypra, Aqueduct, Evilseed, Mirror Master, Vexen, Jack O Lantern, Pied Piper, Ryugu Tamatebacco, and Pterodactyl

Ghost go with you guys?

Nico: Yes you all sure can. This will be awesome.

Vexen: It sure will. So she is Flannery?

Nico: Yep. She is the Gym Leader of the Lavaridge Town Gym.

Vexen: Wow!

Lana: Yeah she specializes in Fire Pokemon.

Jack O Lantern: Wow that is cool! Does she?

Me: Yes she knows all about the destruction of Teams Magma and Aqua as well as all the major Pokemon Villain Teams.

Flannery: (Groans in pain)

Ryugu Tamatebacco: Are you okay?

Flannery: Yeah just burned from helping one of my Pokemon.

Varie: I helped her out and healed her up. She'll be okay in a couple of days. Flannery just joined the team.

Pied Piper: Wow! Welcome aboard.

Flannery: Thank you.

We were back on the Floating Fortress.

Top Man: Nico, which Gene Slammer do you think will appear on your next rescue?

Nico: I'm hoping to go big this time! I'm gonna go for an Evolved Toku'Star Gene-Slammer next.

Me: WHOA! You're gonna go for the biggest ever.

Nico: Yep and there's one person that I know that is that big and that is Yumi Korra.

Fiona Hernandez: Wow! Our resident Paul Bunyan. She is the biggest out of all of Nico's Friends. You guys will love her. She is a REALLY skilled lumberjack and is very great at building Log Cabins and Mansions.

Nico: Yep. She is really awesome too. She has these awesome Plant Powers that help her form trees to cut down to make logs into log houses, mansions, hotels and more and the best part is she doesn't have to clear cut an entire forest to do so.

Laney: Wow that is cool. So it'll be one of the plant users and one of us that has the ability to grow in size like Ant Man, Giganta or Choji.

Nico: Yep.

Evilseed: This might seem out of nowhere. But does anyone remember reading about Michael the Archangel?

Me: I do. He's the leader of God's army of Angels. Why do you ask that Evilseed?

Evilseed: Just thought like asking.

Blitzwing: Alright. But it IS a weird thing to say in a normal conversation. Just saying.

Nico: Yeah.

Me: (Suspicious) Very peculiar.

---

We arrived in The Bahamas and we were on Eleuthera Island.

Nico: Welcome to the Bahamas 🇧🇸.

Me: Wow! Eleuthera Island. I've always wanted to see this part of the Bahamas.

Eli: And the funny thing is that we were here last week before the big battle with the UA World and the Fold.

UA Iron Man: Ah you wanted to rest up before the big fight.

Sydney: That's right Tony.

Don then came.

Don: Welcome to the Bahamas everyone. Awesome seeing you all here since you all were here last week.

Me: It's awesome to be here again.

Pied Piper: What's the challenge this time?

Don: You will love this one and so will Hawkeye the most. It's an archery shooting challenge.

Nico: Cool!

Hawkeye: You just said one of my favorite things to do here.

Eli: Awesome! I love archery.

Sour Sweet: Archery is one of my favorite sports.

Nico: That is awesome.

Slobber Trap: (to Marty and Rice) I think you two will have a chance to shine next.

Rice: This will be awesome.

Eon Kid: It sure will be awesome.

Nico: Yep.

We were lead to a really cool field and it was set up to be a makeshift archery range.

Me: Awesome! This will be cool to see. Good thing I brought bows and arrows for this just in case.

I pulled out a scroll and unsealed bows and arrows for us.

Jack O Lantern: (to Green Arrow) You're definitely gonna have fun on this one.

Green Arrow: Oh you know I will.

Don: Also guys you'll like this. The targets are also the most dangerous murderers and criminals in the Bahamas and the Caribbean.

Nico: Cool! This will be awesome to fire arrows at them.

Eli: It sure will.

Me: Lets get to shooting.

Don: The farthest targets are those guys. You might recognize them.

I pulled out my binoculars to look and I saw that they were the Sore Losers we will NOT BE FACING in the competition: Eva, Anna Marie, Max and Billy McLean! Also there was Lewis Travolta, Flip and Trina Riffins and they were chained to poles at 500 yards away from us.

Me: Wow! Eva, Anna Marie, Max and Billy McLean are there and so are Lewis Travolta, Flip and Trina Riffins.

Nico: AWESOME!

Illia: This is gonna be fun!

Me: Yes it sure will.

Nico: You have the first shot J.D.

Me: With pleasure. This will be like our humiliations only in Archery Form.

I pulled out an arrow and loaded it and I aimed for Billy McLean for his crotch.

Me: Say goodbye to your manhood motherfucker.

I fired the arrow and the tip formed into a powerful spiked boxing glove and it had rockets fire and then…

KRASMASH! SICKENING CRUNCH!

IT SMASHED RIGHT INTO BILLY'S CROTCH WITH DEVASTATING FORCE!

Nico: (WINCES) OOH!

Ryugu Tamatebacco: Nice shot!

Me: Thanks Ryugu.

Nico: Watch this.

Nico picked up an arrow and aimed it at Flip.

Nico: Lets see if that mutated fuckwad Flip can handle an arrow.

He fired and it formed into a bomb pie and it smashed right into Flip's face and then…

TREMENDOUS AND MASSIVE EXPLOSION!

When the smoke died down Flip was burned and charred.

Flip: Ouch.

Pain Yatta: I want to have a turn next!

Nico: Go for it.

He opened his mouth and then fired a powerful Red Licorice Energy beam blast and it hit Max right in his chest and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, Max was badly hurt.

Owen: YEAH! SERVES YOU RIGHT COUSIN!

Me: YEAH! (Realizes something) Wait Owen, Max is your cousin?

Owen: Yeah and growing up Max was a monster and he would always hurt me all the time.

Nico: Geez!

Aqueduct: You never told us that Max was your cousin.

Owen: You guys never asked.

Me: Touche.

Gwen (TD): Ella is my cousin.

Ella: It's true. It's a long story.

Nico: Wow! That is cool.

Gwen: It sure is.

Gwen pulled out an arrow.

Gwen: Here's what I would have done to Heather.

She fired an arrow and it went at Anna Maria and it skewered her right in her knee and she screamed in pain!

Laney: Nice shot Gwen.

Circe: I'll go next. Better cover your ears. This is loud.

Nico: Oh boy.

She formed her second E.V.O. Mouth.

Me: Here we go!

We covered our ears and she fired a massively loud and powerful blast of sound and it slammed right into Eva and she screamed in pain as blood poured right out of her ears.

Nico: WOW! That is loud!

Lana: No kidding!

Sakura Avalon: This will be cool. Watch this.

She formed a magic arrow and had it ready in a bow and she aimed it into the air.

Sakura Avalon: Watch this one.

She fired it and it magically formed into a huge flurry of thousands and thousands of arrows with spiked boxing gloves on the tips and they rained down onto the scumbag jerks and smashed and pulverized them all over the place!

Nico: WHOA! That was awesome!

Me: Nice Job Sakura!

Layla MacKenzie: That was well done Sakura.

Li: Yeah that was amazing!

Pterodactyl Ghost: I'll watch from the air in case trouble happens.

Me: Okay.

He flew into the air.

Sour Sweet: Let see how they like this one.

She fired an arrow and it formed into a shower of mouse traps and they snapped onto Billy McLean and snapped onto him.

Golden Queen: Allow me to take center stage now.

Nico: Go for it.

She fired a massive swarm of golden scarabs and they went for Max and Eva and blasted them all over the place.

Me: Now that is a 24K Gold Swarm!

Eli: YEAH!

Me: Ooh I've been wanting to try this one.

I formed an arrow of Gold.

Me: GOLD ARROW STYLE NINAJ ART: 24K ANVIL BARRAGE!

I fired the arrow and it formed into many arrows and they formed into showers of anvils made of 24K gold and they smashed into the losers and scumbag jerks all over!

Nico: Nice one!

Pterodactyl Ghost was looking out from above and then he saw something coming at us and he saw that it was JUDGE CLAUDE FROLLO AND HIS MEN!

Pterodactyl Ghost: Oh no!

He flew down to us!

Pterodactyl Ghost: Guys we're in trouble! Judge Claude Frollo is back and he and his men are coming!

Me: WHAT!? Oh man!

Lincoln: Opportunity to try out the Heaven's Vengeance Curse.

Nico: Right just like you said back in the Maldives Lincoln!

Vypra: Evilseed, did you know about this?

Evilseed: Yes I sure did and that's why I asked about Archangel Michael.

Me: I knew it! So we're going to unleash the Divine Wrath of God on Frollo again.

Nico: This will be perfect. Don you're going to see a bloody battle here.

Right: Guys, there's something that me and Yamato have to tell you. It's regarding the Ambassador missions after the last ones in the Yost World.

Nuova Shenron: Right, we're about to fight Frollo. Can it wait until after?!

Me: Nuova lets hear him out.

Nico: Yeah.

Right: While me and Yamato were still starting on our Super Sentai careers before meeting you guys, we and our respective teams met heroes similar to us but also different.

Vexen: Interesting. Heroes who are similar to Power Rangers and Super Sentai. And yet, they aren't the same.

Me: Wait a second. I remember seeing that! You guys met the Kamen Riders.

Right: That's right! That was awesome.

Me: Awesome!

Nico: Wow! That is cool!

Eye Five: Time for our entrance.

Nico: Like before with the scourge of Xehanort, J.D.?

Me: You read my mind Nico.

We hid and then Frollo and his men appeared and then the forces of the Flying Dark Nature appeared and they swirled around the men and Frollo and then they converged and then a massive blast of light shined out and blinded them and the divine singing of angels was heard and then we came out and we were facing Frollo and his men.

Me: Welcome to the 21st Century Frollo!

Nico: Time for you to answer for all your crimes against the Divine Might of God.

Frollo: I have done everything in his name!

Me: By Takings God's laws into your own hands and using them to murder and slaughter thousands of innocent people!? I don't think so!

Eli: Yeah you son of a bitch!

Nunnally: You are nothing more than a blasphemous heretic and a traitor to God!

Frollo: Perhaps I'll free your captives first before killing you all.

Me: I'd like to see you try!

Mirror Master: (amused) You want us? (gets serious) Come and get us!

Mirror Master used his powers to make hundreds of mirror copies of us!

Me: TRY AND GET US NOW!

Nico: Awesome!

Then Electrocutioner, Pyro, Grumblemon, Hsi Wu, Dr. Viktor, Mr. Fizz, Technus, Kaos, Red X, and Unicorn appeared.

Nico: Electrocutioner, Pyro, Grumblemon, Hsi Wu, Dr. Viktor, Mr. Fizz, Technus, Kaos, Red X, and Unicorn.

Pyro: Looks like you guys are gonna have fun.

Electrocutioner: (to Nico) Be honest. Do you have Kamen Rider Ambassador missions planned after Hay Lin's?

Nico: Honestly, yes.

Pyro: We're not mad. They helped us before in the past.

Me: That's true. During the 20 Days of Darkness they each helped us out and we owe them big time for that last year.

Grumblemon: I hope they're doing well.

Nico: I hope so.

Hsi Wu: We also heard you fought Larry again.

Nico: Yep.

Dr. Viktor: He'll be a good addition.

Nico: He sure will.

Megalodor then appeared for round 2.

Nico: Megalodor. Been a while.

Megalodor: It sure has been a while.

Me: Yep.

Megalodor: Man, I haven't fought you guys since 2 years ago!

Nico: Feels like forever.

Eli: Boy it sure has been a while.

We got the usual battles underway.

Juri Han: ANGEL DARK STYLE: SANDALPHON!

Menat: ANGEL STAR STYLE: JEHOEL!

They fired waves of elements and they formed into the angels.

Lincoln and his harem: ANGEL FINAL SMASH: HEAVENLY HOLY FIRE!

They fired a massive wave of holy fire which burned Frollo on contact!

He was knocked down from the blows.

Lincoln: You're finished, Frollo, you blasphemous heretic. This time, don't you even dare come back again!

Lincoln turned into Solar Lincoln, as his long, white hair reaching the bottom of his neck remained the same, his rainbow thunderbolt highlights in the bangs of his hair turned yellow, the eight large orange orbs orbiting around his legs turned white, his deep sapphire blue eyes turned neon deep yellow, his large blue pants turned white, but the rainbow colored lightning bolts on them remained the same, his massive orange bands with silver phoenixes on his abnormally massive and powerful biceps and thighs turned white, his orange version of He-Man 2002's loincloth and long orange trenchcoat coattails with elemental forces, thunderbirds, buffalo, and angels turned white, and his massive deep sapphire blue angel wings with reflecting stars turned white. Suddenly, we saw the angels and lights dancing around Lincoln, as his massive white angel wings spread out, and the choir of angels sang as light shined down from Heaven.

Lincoln: (Singing Divinely) I see a cold wind blowing through, I see days neither fun nor free, I see a future caused by you, I see a path not meant to be. Your future should filled with magic, dreams, and wishes brought to life. But, the days ahead are dark and tragic, no time for hope when all is strife, whatever might have been, all the dreams that you did share, because of you, Judge Claude Frollo. Now, the future is a cold nightmare.

Nico and I had shivers going down our spines and so did many of us when Lincoln sang that song.

Then, Lincoln fired powerful blasts of white energy and holy light from his massive white angel wings, and once they hit Frollo, his forehead was marked with an inverted cross, the very symbol of eternal damnation. Suddenly, the inverted cross on Frollo's forehead glowed, and he was then surrounded by a ring of fire, and he was then grabbed by demonic hands, and right beneath his feet, a portal to Hell opened up, and he was dragged to Hell for an eternity of torture and torment. We saw for ourselves the Heaven's Judgement Curse in action, and it worked perfectly on that blasphemous heretic, Frollo.

Nico: Whoa.

Me: You said it, Nico. The Heaven's Judgement Curse sure is very powerful, especially on heretics like Frollo.

Lincoln: That's right, and since Frollo hadn't repented before God, he's now forever damned by the very sins he's committed, and the curse did exactly what it was designed to do: drag the heretics who've blasphemed before God to Hell for eternity.

Lincoln changed back to normal, and we finally got rid of Frollo and his men, this time, for good.

Mr. Fizz: Looks like Frollo's gone for good this time.

Nico: Yep.

Technus: Thank God! No pun intended.

Me: None taken. But yeah.

Kaos: (sees Max missing) Well, during the chaos, Max got away.

Red X: (to me) Let him go for now. Us fighting him in the future will make up for us not battling him now.

Me: (growls) I sometimes hate it when you guys are right!

Ibara Shiozaki: For now, we should celebrate this victory.

Me: Yeah you're right.

Unicorn: And hope the next villain we fight is much more easier to take down.

Don: Well thank goodness you won't have to do anymore Island hopping for the rest of the competition. The rest of the competition is gonna be all in South America and we're going to Venezuela next.

Nico: Cool! Thank goodness.

?: I will make sure that all of you will perish in the flames of my wrath!

Suddenly, the eight large planets and stars orbiting around my legs,

the eight large orange orbs orbiting around Lincoln, Linka, TLPS Ms. Tarantula's, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large midnight blue orbs orbiting around TLPS Mr. Wolf's legs, the eight large crimson red orbs orbiting around Naruto and Nate Adams' legs, the eight large fiery red orbs orbiting around Zach Gurdle's legs, the eight large silver orbs orbiting around Clyde McBride's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large black orbs orbiting around Lucy, Lars, and Dudley Puppy's legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam, Lana, and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blood red orbs around Marco Diaz's legs, the eight large blue orbs orbiting around Lori, TLPS Mr. Shark, Skippy, Sean Bolton, and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan, TLPS Mr. Snake, and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, the eight large rainbow orbs orbiting around Rainbow Dash's legs, the eight large aqua and ocean blue orbs orbiting around Varie, William Dunbar, and Adam Lyon's legs, the eight large white orbs orbiting around Timmy Turner's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our Bracelets of The Champions of the Universe were glowing, and that means we've got big trouble incoming.

Exile: (Russian Accent) That scent, I knew there's no mistaking it, you can come out now, Zedonius.

A massive four-winged horned demon came out, and it was none other than Zedonius, Malevolent Ruler of the Flames, and the second member of the Four Greater Fiends.

Ayane: Zedonius, I knew you'd be here, as soon as Volf's death reached you, Alexei, and Elizebet.

Zedonius: And now, I will destroy you all and avenge Volf's demise.

Exile fired a powerful ice beam from his eyes, and it hits Zedonius, and it hurt him badly, since he's a fire demon.

Exile: (Russian Accent) No, Zedonius. Your fight's with me.

Suddenly, Exile's ice blue eyes turned neon ice blue, and he was surrounded by an ice blue energy aura with red and gold accents, ice, and snow, he unholstered his massive Marzanna's Ice Sword of Canine Bravery from his more wider and more muscular back, and as he approached Zedonius, he left ice blue energy, ice, and snow with every step.

Exile: (Russian Accent) I will not allow a fiend like you to get away with trying to destroy the world and all of mankind, Zedonius, this time, I will see to it that your flames are forever extinguished once and for all!

Suddenly, Exile was surrounded by a massive vortex of ice blue energy with red and gold accents and ice and snow surrounding it, there's two huskies in red and gold symbolizing Russia's colors, and in the vortex is an ice blue phoenix. Then, as the vortex faded, Exile emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

The 7'5" tall and extremely muscular Russian husky remained the same, along with his brand-new clothes, but he also now has a full head of ice blue hair that went down to his neck, he has neon ice blue eyes and an ice blue energy aura with red and gold accents, ice, snow, and huskies surrounding him, he has a husky with the Russian Flag and the Ice Kanji in its paws emblazoned on his forehead, his red dog collar with gold dog tag turned into a choker for his wider neck and he has on his Crystal Necklace of The

Buddha with red and gold crystal links and a husky with red and gold gems for eyes and holding the Russian Flag and the Ice Kanji in its paws for the pendant across his bare chest, and tattooed on Exile's wider and more muscular back is a husky with ice and snow surrounding it and the Russian flag above it. Suddenly, Exile felt a sharp pain on his wider and more muscular back, and then, massive ice blue angel wings with red and gold tips on the large ice blue feathers, sprouted out from his wider and more muscular back.

Exile has on his new large gold cuff Bracelets of the Champions of The Universe with red and gold gems on his wrists above his large silver gauntlets with red and gold gems on his massive and powerful muscular forearms, his new large gold Belt of Elemental Bravery with a golden husky head with red and gold gems for eyes and a large red and gold gem in its open mouth for the belt buckle on his waist, large red and gold Spellbook of The Gods and The Universe and large red and gold Universal Spellbook of The Elemental Forces on his left hip and Eater of Sins revolver holstered on his right hip, and a Ring of the Phoenix with large ice blue gem on his left ring finger and Blue Lantern Corps ring on his right ring finger, there are gold Russian characters below the husky that said, "Exile, Member of The Road Rovers, Loyal Dog of the Russian Minister, Friend to Hunter, Blitz, Colleen, Shep, Muzzle, and Professor Shephard, Destroyer of General Parvo, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Patriotic Dog of Russia, Emissary of Marazanna, and Master of Ice, Strength, and Snow"

Изгнанник, член «Роуд Роверс», верный пес российского министра, друг Хантера, Блица, Коллин, Шепа, Морды и профессора Шепарда, разрушитель генерала Парво, убийца зла, сумасшедшие, кровожадные, безжалостные и садистские ублюдки, Удивительный и Могучий Ученик Удивительных и Могущественных Учителей, Отечественный Пес России, Эмиссар Маразанны, Мастер Льда, Силы и Снега

Exile has transformed into SUPER ANGEL INFINITY ARCTIC RUSSIAN STRENGTH HUSKY ANGEL OF ARCTIC CANINE JUSTICE AND ICY HOPE!

We were amazed by Exile's Super Angel Infinity transformation, but when Zedonius saw it, he fired a blast of fire at Exile, but he absorbed it and it made him stronger than ever.

Me: Awesome, Exile's transformed. This is going to be one epic battle between the Ice Canine Angel of Russia and the Malevolent Ruler of The Flames of The Underworld.

Exile: (Divine Echoing Cosmic Voice of The Arctic Husky and Icy Justice) (Russian Accent) **Indeed it will be, Comrade J.D., but this'll be the last time Zedonius dares to threaten the Earth and mankind ever again.**

Exile went after Zedonius, who fired powerful fireballs at Exile, but he absorbed them and it made him even stronger than ever, and Exile fired powerful blasts of ice blue energy from his hands with red and gold accents, ice balls, snow, ice lightning, ice fire, and huskies at Zedonius, and they exploded with incredible power as they hit the malevolent fire demon. Then, Exile slashed off the four wings of Zedonius with his massive Marzanna's Ice Sword of Canine Bravery, and he screamed in such excruciating pain. Then, Exile pulverized Zedonius with his incredible superhuman strength, and he grabbed the fire demon by his neck, and he sucked out and absorbed all of Zedonius' fire powers and abilities, and he and the rest of us made them our own. Then, he tossed Zedonius into the air with his immense superhuman strength.

Exile: (Russian Accent) **Time for you to die, Zedonius, and this time, stay dead.**

Exile formed a massive ice blue energy ball with ice and snow in the palm of his larger left hand, and he fired it, and it completely froze Zedonius, and then, he shattered into nothing but ice crystals, and as soon as his spirit appeared, he was sent to The Black Gates and erased from existence forever. We cheered wildly for Exile as he holstered his massive Marzanna's Ice Sword of Canine Bravery on his wider and more muscular back and powered down, and Exile's new body, clothes, weapons, jewelry, and massive ice blue angel wings are permanent.

Me: Exile, you did an awesome job in defeating Zedonius.

Exile: (Russian Accent) Thank you, Comrade J.D.

Nico: We knew about the epic battle between Fire and Ice, but in this one, the Ice of Russian Justice defeated the Malevolent Demonic Flames of The Underworld.

Lincoln: That's right, Nico, and that means, there's only two more Greater Fiends left out there.

Ayane: Yes, they're none other than Alexei, Graceful Ruler of Lightning, and Elizébeth, Ruler of Blood and Queen of the Greater Fiends.

Blitz: (Arnold Schwarzenegger Accent) I'll deal with Alexei tomorrow, but I'll need Lincoln's help with him.

Lincoln: Of course, Blitz.

Colleen: (British Accent) Then, that leaves me to deal with Elizébet, luv, and we'll be rid of The Four Greater Fiends for good.

Nico: That's right, and like Volf and Zedonius, Alexei and Elizebet won't go down that easily. Plus, it's a good thing Blitz asked for Lincoln's help, I wonder what he'll have in store for him?

Hunter (Road Rovers): No clue, but we'll have to wait until tomorrow to find out, Nico, but if Blitz has asked for Lincoln's help to deal with the Lightning Greater Fiend, Alexei, then, it's bound to be really good.

Ibara Shiozaki: (To the viewers) Frollo is now in the fires of Hell and he will never come back thanks to Lincoln and his curse.

Me: Yeah.

Nico: Yep. Lets head back and get ready for Venezuela.

We went back to the Floating Fortress.

TO BE CONTINUED…

# RIDONCULOUS RACE PART 8 - Venezuela

Flying over the Earth in the distant future, Nico, me, Eli, Varie, Haruo, Yuko Tani, Carol and Sakura Avalon were flying over the world of Earth when Godzilla mutated the landscape. We were in the world of Godzilla from 20,000 years Hence.

Nico: Whoa! So this is what the world was like where you came from Yuko.

Yuko Tani: It sure is. Wow. This is as scary as I remember.

Me: Boy it brings back a lot of memories. And we weren't called Team Loud Phoenix Storm when we went here.

Nico: That's right and I wasn't with you guys back then. That was really freaky. Haruo what happened back then that lead to all this happening?

Haruo: It wasn't a good thing.

He went over the history of Godzilla Earth from 2018.

---

Godzilla Earth, otherwise simply known as Godzilla, is the titular central antagonist of the GODZILLA anime trilogy. He serves as the overarching antagonist of Godzilla: Planet of the Monsters, the central antagonist of Godzilla: City at the Edge of Battle and the anti-villainous deuteragonist of Godzilla: The Planet Eater. He is a giant plant-based monster who evolved to become the most powerful lifeform on the planet.

Origins

Godzilla first appeared in 2030 when he started his reign of terror by killing a Kamoebas, whose carcass was found on the shores of Odo island. A scientist named Kyohei Yamane theorizes that a giant unidentified lifeform killed the Kamoebas and gives him the name

"Gojira", otherwise known as "Godzilla". Godzilla begins destroying multiple ships and killing multiple other monsters. He eventually comes ashore in Los Angeles along with Anguirus, Baragon, and Varan, with the other three being killed by him. He then destroyed what was left of Los Angeles and destroys San Francisco.

A year later, Godzilla reappeared in the west coast of the United States and attacks the Colorado Springs, causing the military to make a large scale nuclear attack against him (consisting of 150 nuclear warheads), which failed to harm the monster, who goes back into sea in the Gulf of Mexico. Godzilla appeared in Europe in 2034 and destroyed multiple countries (including Paris), which led humanity to abandoning Europe. Godzilla would later fight a larval creature named Battra, who appeared to save up energy to destroy a 30 kilometer asteroid called Gorath. The two fought twice with Godzilla eventually gaining the upper hand and killing Battra, although sustaining some injuries.

Godzilla then appeared in Antarctica in 2042 and destroyed Gorath with a red spiral ray. Godzilla becomes more active and begins attacking the new United Earth more directly (possibly because he knows of the Exif and the Bilusaludo's true natures), even fighting Gigan, a cyborg kaiju found in Siberia who was maimed by the Bilusaludo using Nanometal. The Bilusaludo was also planning on building an anti-Godzilla weapon called MechaGodzilla to eliminate Godzilla, but the monster king found out and destroyed his robotic doppelgänger before it could be activated, leading to humanity deciding to leave Earth to Godzilla and the monsters.

Godzilla eventually attacks Rio de Janiro and seemingly kills Haruo Sakaki's parents, causing the young man to develop a huge hatred over the Avatar of Destruction. After Godzilla drives humanity away from Earth, he begins to face a new enemy named Mothra, who appeared to protect the remnants of humanity. The two would fight throughout 2048 until he defeats her, but spares her only egg. Godzilla begins terraforming the Earth to his liking and creates a new environment of bizarre plant life and new monsters risen from this, including a subspecies called Servum. A monster that resembles Godzilla named Fillius would also come to existence.

Godzilla: Planet of the Monsters

20,000 years later, humanity would return to Earth and Haruo leads a group of soldiers consisting of himself, his childhood friends Yuko Tani and Elliott Leland, his closest Exif ally Metphies professor Martin Lazzari, soldiers Adam Bindewald and Marco Ghione, and Bilusaludian soldiers Mulu-elu Galu-gu and Rilu-elu Belu-be to defeat Godzilla and take back Earth. Leland sacrifices himself to confirm the existence of Godzilla's invisible asymmetric permeable shield, and where the shield is generated. They manage to defeat Fillius, causing Godzilla to rise up and attack the group with his new abilities: the Super Oscillatory Wave and the Plasma Cutter.

## Godzilla: City at the Edge of Battle

After the battle, Godzilla went back to hibernation until he was awakened by the activation of Mechagodzilla city which he causes him to head straight for the city. Godzilla tried to attack the city with his atomic breath, but it was deflected by the Mecha's thermal energy buffer layer. He is soon lured a trap point by Haruo, Yuko, and Belu-be, who are in the Vultures. Despite the fortifications not being complete, Galu-gu sets off the trap anyway, which causes him to fall into the city. Godzilla Earth eventually makes his way to the capture point as the city's structures begin shooting railguns. Once he reached the capture point, his feet get frozen by liquid nanometal, which traps him and allows the humans to gain the upper hand.

The crew inside Mechagodzilla city, fired the EMP harpoons at Godzilla Earth's back and overloaded him with energy. However, Godzilla Earth realizes this is going to kill him, so he fused the energy with his own body temperature to turn it into pure heat which reached over 1,000 degrees Celsius. After Haruo killed Galu-gu and destroyed the control room as well as stopping the Nanometal from spreading across the Earth, Godzilla absorbed the heat from the area which gave him enough power to destroy Mechagodzilla city once and for all before letting a loud roar of victory. He eventually goes back to hibernation.

## Godzilla: The Planet Eater

Godzilla soon woke up once more when Ghidorah was summoned by Metphies to destroy Earth. The two fight, but Ghidorah restrains

Godzilla and begins draining his energy. Godzilla remains helpless towards Ghidorah until Haruo kills Metphies, causing him to lose his connection to Ghidorah, causing the golden demise to become bound by this universe's physical laws. Godzilla then destroys two of Ghidorah's heads before finishing the last one with his atomic breath, before destroying the black holes in the sky. He goes back to hibernation until Haruo begins flying his Vulture straight at him, wanting Godzilla to rid humanity of the curses of the past to prevent Ghidorah and MechaGodzilla from coming back to destroy Earth. Godzilla obliges and shoots the Vulture down, killing him and Yuko, thus ending humanity's resistance against him.

---

When he was done we were all shocked!

Eli: Oh man! That is horrible!

Nico: Yeah! I can't believe that the Godzilla here did all this to Earth in so many years.

Carol: Yeah it was horrible Nico.

Me: But something is telling me that we have some unfinished business here.

Yuko Tani: Yeah I feel it.

Nico: Thanks for coming with me, Sakura.

Sakura Avalon: No problem Nico. This will be awesome to go on one of your rescues.

Me: All of the rescues are awesome.

Varie: Yeah.

Nico: Sakura, I'll never forget when you joined us.

Sakura Avalon: I know and that was awesome.

Me: That was after I found the Book of Clow in my basement. Deja-vu.

Carol: Yeah that was cool.

Nico: It sure was.

We flew on.

Me: Haruo something is still bugging me about Metphies. He seemed so attached to you for some reason. How come?

Haruo: It was because he set everything into motion with me from the very moment when Godzilla appeared.

He told me all about Metphies History.

---

Metphies is the main antagonist of the GODZILLA Anime Trilogy. He appears as the deuteragonist of the first film, the tritagonist of the second film, and the central antagonist of the third film. He is a member of the Exif, one of the three surviving species of Godzilla's conquest of Earth (the others being the Bilusaludo and Humanity), a priest and a close friend of the main protagonist Harou Sakaki.

Initially, Metphies appears to be a priest offering comfort to humanity with his species religion. Gradually it is revealed that Metphies is actually manipulating humanity to summon King Ghidorah, whom the Exif worship as their god, and have him eliminate humanity and consume Godzilla as they have with many worlds, believing life meaningless and seek to "liberate" other species from it.

He and his kind worship as their god and have destroyed many planets using Ghidorah's power. He debuted in GODZILLA: Planet of Monsters and later appeared in its sequels.

He was voiced by Takahiro Sakurai in Japanese and Lucien Dodge in English. The latter also voiced Akaza in the English dub for Demon Slayer: Kimetsu no Yaiba.

Godzilla: City on the Edge of Battle

Metphies has a supporting role in the movie. He is one of the people who go to Mechagodzilla City, commenting that the City seems to have a vile element. Later, he goes to one of the Bilusaludo to get his ritual bead fixed, only for the technology-reliant alien to mock his ideas of religion. After that, he goes to Haruo and warns him of a more powerful force than Godzilla lurking around in space, the monster that destroyed his home planet, whispering its name in his ear.

When the Bilusaludos reveal Mechagodzilla City's true intentions, Metphies and several other people escape to a nearby cave. When Haruo later struggles over the decision to either destroy Mechagodzilla City and let Godzilla live, or continue to allow the City to spread, Metphies contacts him and informs him of Mechagodzilla City's programming and its intent to propagate and consume the entire Earth with nanometal. After an argument with Galu-gu Haruo is successfully convinced to side with Metphies and destroys the City's control center, with the consequence of freeing an injured Godzilla, who destroys the City with two blasts.

In the post-credits scene, the name that Metphies whispered into Haruo's ear is revealed as Ghidorah.

### Godzilla: The Planet Eater

Metphies finally reveals his true colours in the final instalment of the Anime Godzilla series. At the start, he converts many of the surviving humans to his beliefs, lying by saying that they were protected from Mechagodzilla City's nanometal assimilation by a god when in reality it was the medical treatments given to them by the native Houtua. When Haruo confronts Metphies about this, he brushes it off, saying in times of crisis, humanity needs a god to believe in, and Metphies names Haruo as what he believes as the prophesied saviour who would help their god come to Earth. After that, Miana, one of the Houtua twins, confronts Metphies about hiding his telepathic abilities. After a brief mental conversation with her, Metphies grabs Miana in response, forces her to her knees, and traumatizes her with a vision of Ghidorah.

Later, Metphies, after placing his fixed ritual bead on his Garbetrium, sets up a ritual with those who converted to his cult, along with another older Exif priest on the Aratrum ship, chanting for Ghidorah to destroy Godzilla, and to bring forth a "beautiful demise". After that, shadows of Ghidorah's heads begin emerging from the Garbertrium, creeping across the floor and biting into the shadows of the cultists, dismembering their actual bodies, which does not bother Metphies.

After that, Metphies goes to a hilltop with the unconscious Miana, tying her to a wooden structure, and begins to summon Ghidorah to Earth after the latter destroyed the Aratrum. As Ghidorah appears, Metphies serves as his guide, allowing him to attack Godzilla, who suffers difficulty in the fight, unable to hit the reality-warping Ghidorah, who counters all his attacks. Eventually, Haruo confronts Metphies, only to reveal that Metphies replaced his right eye with a Garbetrium bead, allowing him to serve as Ghidorah's eyes on Earth and guide him to attack Godzilla. Metphies begins to put Haruo through many mental illusions, explaining the past of his species and how they came to worship Ghidorah, offering up planets as sacrifices to their god. Metphies then tries to convert Haruo by showing him false illusions of his deceased allies, who tell him to embrace Ghidorah.

In an illusion of the Hiroshima bombings, Metphies is suddenly compromised by a vision of Mothra, which allows Maina and Martin to tell Haruo about Metphies' bead and how it helps Ghidorah. Trying to win Haruo back, Metphies reveals that when the elderly ship was about to depart to the new planet, he sneakily gave a bomb to Haruo's grandfather, destroying the ship and setting every single other event that had happened in motion, further torturing him by showing an illusion of his grandfather telling him to accept Ghidorah, following it up with a vision of the explosion that seemingly killed his parents, with Ghidorah's shadows crawling out of the explosion. However, after a memory of his parents naming him, Haruo finally breaks free of Metphies' control, gouging out both of his eyes and shattering the bead, weakening Ghidorah. Godzilla is able to take advantage of this, easily destroying the once-powerful Ghidorah and using his atomic breath to shatter the wormholes he crawled out of. After his god's defeat, Metphies speaks to Haruo before dying, saying that Ghidorah would always be watching him. These words eventually lead to Haruo's decision to allow himself, the last Vulture and his girlfriend Yuko, who was infected by the nanometal, to be destroyed by Godzilla, ensuring that neither Ghidorah nor Mechagodzilla could ever return again.

---

When he was done we were shocked!

Nico: WHOA MAN!

Eli: That is awful! Metphies was gonna use you all to destroy the Earth with Ghidorah?

Me: That is insane! The Exif sure knew what they were doing. But it's amazing that they can worship a being as powerful as King Ghidorah.

Carol: Yeah and that is incredible.

Me: Nico if we ever meet a King Ghidorah Gene-Slammer that will present one helluva shock to Metphies if we see him again.

Nico: (Laughs) Yeah the reaction on his face would be priceless.

Eli: It sure would. (Senses Something) Wait! I sense something in that huge tree there.

Nico: Lets go check it out.

We flew into the tree.

Nico: Okay, Godzilla's definitely in that tree.

Eli: No I don't sense him. This is something else. I sense a really powerful energy that is good and female.

Me: Hmm. What could it be?

Yuko Tani: It's strange.

Sakura Avalon: I hope there are people in here.

We went on and then we saw 2 twin girls with green hair and green eyes and they had awesome clothes on.

Eli: Whoa!

Miana: Who are you all?

Me: We mean you all no harm. I am J.D. Knudson, Former Leader and now 2nd in Command of Team Loud Phoenix Storm.

Nico: Nico Chan, Leader of Team Loud Phoenix Storm. I believe you know Haruo and Yuko here.

We introduced ourselves.

Maina: Pleasure meet you. Maina.

Miana: Miana. Saw you kill Godzilla here.

Me: That was us years ago.

Eli: Yeah and the team wasn't formed back then.

Me: And I was leading it back in the old days.

Carol: He's right on that. It's a long story.

Nico: Okay, if Godzilla's not here… where is he?

Me: He must've been brought back somehow. Maina, Miana we're sorry to come in like this but so much has changed for us since we were here the first time. It's strange. But humans once lived here on this world many ages ago.

Miana: What world like where you from J.D.?

Me: Very different than what you know it to be now.

Nico: Yeah.

Me: But we weren't as powerful back then as we are now when we killed Godzilla here the first time.

Carol: Yeah we've gotten far more powerful since then.

Me: And that is just over the course of 5 years.

Haruo: It's a strange story.

Yuki Tano: Yeah and I joined the team after we killed Godzilla here.

Maina: Why you kill Godzilla?

Me: Well we were told that he destroyed much of the Human Race and caused much of the people of Earth to leave and we helped the survivors of Earth try to reclaim their rightful home planet.

Nico: Yeah it was rough for Haruo, Yuko and many of the people.

Me: But we got to find Godzilla and destroy him like we did before. Maina, Miana would you two like to come with us?

Maina: We be honored.

Miana: Same me.

Me: Great.

Nico: It shouldn't be that hard to find a huge lizard.

Me: For a Godzilla that's over 300 meters tall? He will stick out like a sore thumb.

Yuko and Carol were holding onto Miana and Maina as we flew.

Me: Wow.

Nico: Wow. Godzilla's presence really altered the landscape on a whole different level.

Eli: Wow. It's like an alien world than what we know.

Carol: That was our first reaction when we came here.

Sakura Avalon: It sure is amazing.

Nico: When we hear a rumble, it means he's here.

Eli: I sense a massive signal!

Me: We have movement at 2:00!

We saw GODZILLA EARTH AND HE WAS MASSIVE! He was 300 meters in height and he was much bigger than any version of him that we have seen from over the course of his 68+ Year History!

Nico: HOLY MOTHER OF ALL THINGS GREAT AND SMALL!

Carol: Godzilla!

Me: Yep. Just as big as I remember.

Varie: He is huge too.

Nico: EVERYONE, START BLASTING HIM NOW!

Me: HERE WE GO! (Cups hands to side) KAAAAAAAAAA MEEEEEEEEE!

Eli: HAAAAAAAAA!

Nico: MEEEEEEEEEE!

Everyone: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

We fired a massive and powerful combined Kamehameha Blast and it slammed into Godzilla Earth with incredible force and slammed him back into a mountain and smashed him down with an incredible explosion!

(EXTREMELY POWERFUL, MASSIVE AND DEVASTATING EXPLOSION)

When the Smoke Cleared we saw that the blast blew a huge hole in his chest and we saw that it was his heart and we heart it beating loadly!

Miana: Wow!

Maina: Powerful!

Carol: We exposed his heart to the open!

?: I'll finish it!

We saw an EVOLVED TOKU'STAR!

Nico: WHOA! An Evolved Toku'Star!

Me: WOW!

Evolved Toku'Star: (In A Girls Voice) Its good to see you again Nico.

Nico: Yumi Korra! I had a strong feeling it was you!

Evolved Toku'Star: We can catch up later. Let me take care of this version of Godzilla here.

She ran fast and then jumped and then grabbed his heart and Godzilla roared and then…

SQUELCH!

SHE RIPPED OUT HIS BEATING HEART!

Nico: WHOA!

Me: HOLY FUCKING SHIT!

Eli: She ripped out his beating heart!

Yumi Korra then reverted back and she was a REALLY TALL GIRL and she was a girl with purple hair and she had purple clothes on and had a massive axe with her.

Nico: Wow! Awesome to see you again Yumi.

Me: Wow! Nico wasn't kidding about you being as big as the famous American Folklore Tall Tale, Paul Bunyan.

Yumi Korra: Yep. It's how I got the nickname Paulette Bunyan.

Eli: Good nickname. I like that.

Yumi Korra: Thanks.

Sakura Avalon: Any chance we can get you to be our size?

Yumi Korra: That's just the thing. I don't know how to change to your size. I've been stuck this size for years.

Nico: No sweat Yumi.

Nico snapped his fingers and she shrunk down to our normal size and so did her axe.

Yumi Korra: Wow! I'm your size now!

Nico: And I gave you the power to change size at will.

Yumi Korra: So awesome!

Me: Jet Jaguar from 1973 had that same kind of power.

Eli: Yep.

Sakura Avalon: What's your favorite memory of Nico?

Yumi Korra: I have so many of them. But my favorite was when we build the largest Log Mansion ever in the Colorado Forests of Estes Park.

Me: Wow! Nico that was yours and Yumi's doing?

Nico: Yep. It was the Great Twin Owls Lodge. Yumi used her plant powers to make the trees and then her axe to chop them down and then we were build the lodge from the ground up.

Eli: That is so cool!

Me: Wow! I didn't know you and Yumi built that entire lodge. That is awesome.

Nico: Yep.

Varie: And it's such a beautiful place.

Me: Yep.

Nico and Yumi then hugged and it was the first time Yumi hugged Nico at his size.

Nico: I really missed you.

Yumi Korra: Me too Nico. We have so much to catch up on.

Nico: We sure do.

Eli: Do you like pancakes Yumi?

Yumi Korra: I sure do and as a Lumberjack we have one thing that we love more than just cutting down trees and that is a huge appetite for pancakes.

Varie: Awesome.

Me: Lets get back for breakfast.

Miana: Be good to meet everyone.

Carol: You'll love the home we have Miana. Same with you Maina.

We then teleported back home to the Flying Fortress.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Gage the Hedgehog, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks,

Alternate Tawna, Spyro, Cynder, and Lucy Heartfillia are heading to the world of Night of the Twisters in Dannebrog, Nebraska, and not only is Lincoln going to rescue the twenty girls there, but we're also going to rescue the people from nighttime tornadoes.

Lincoln: Whoa, we're here in Dannebrog, Nebraska in the world of Night of the Twisters, and I know what we're going to do here, not only am I going to rescue the twenty girls there, but we're also going to rescue the people from nighttime tornadoes.

Nico: That's right, big guy. Tornadoes during the day are bad enough.

Me: But, at night, they're almost invisible and you can't hardly see them coming. I saw both the movie and read the book, and they were awesome.

Lincoln: But, tornadoes are no laughing matter, they're destructive forces of nature that devastate everything in their path, especially since Nebraska is also part of Tornado Alley. And thanks for joining us on this rescue, Lucy.

Lucy Heartfillia: You're welcome, Lincoln.

Lincoln: Plus, this is the perfect opportunity for me to show you guys my new Elemental HERO form.

Suddenly, Lincoln was surrounded by a massive vortex of electric blue energy with lightning bolts, and when he emerged, the 17-year-old 7'5" tall, handsome, and extremely muscular man's long, white hair that reached the bottom of his neck turned sky blue except for the rainbow lightning bolts on the bangs, his deep sapphire blue eyes turned deep sky blue, the eight large orange orbs orbiting around his legs turned sky blue, his large deep sapphire blue pants turned sky blue, but the rainbow colored lightning bolts on them remained the same, his massive orange bands with silver phoenixes on his abnormally massive and powerful biceps and thighs turned sky blue, his orange version of He-Man 2002's loincloth and long orange trenchcoat coattails with elemental forces, thunderbirds, buffalo, and angels with hanging silver lightning bolts turned sky blue, and his massive deep sapphire blue angel wings with stars turned deep sky blue. Lincoln transformed into HURRICANE LINCOLN, his sixth Elemental HERO form.

We were amazed when we saw Lincoln's new Elemental HERO form, and the girls in his harem have atomic red blushes on their faces upon seeing him.

Lori: Whoa, I really love that new Elemental HERO form you have, Lincoln, and it's perfect for this one since we're dealing with the tornadoes.

Lincoln: Thanks, Lori. Now, let's get going.

We got going to rescue the people in the town who've been devastated by the nighttime tornadoes that have struck, and we also saw the path of destruction these tornadoes have caused, and it was unbearable.

?: HELP!

Suddenly, Lincoln heard the sound of twenty girls calling for help. With his deep sky blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the twenty girls, but they're caught in the path of some incoming tornadoes.

Lincoln: Guys, I found the twenty girls, but they're caught in the path of some incoming tornadoes.

?: Then, we've got to hurry to save them.

Suddenly, we then saw the Evil HERO Wind Cyclone appear before us.

Lincoln: That voice, I knew it was you, Tiffany Emmerson, but we'll have to talk later.

We then rushed on over, and we got the twenty girls to safety inside of an underground super-strong steel bunker we made, and we waited out the tornadoes. When the sound of the tornadoes was gone, we finally came out, but we saw how devastated the town was by the rampage of tornadoes.

Lincoln: Look at what happened here.

Nico: This is awful.

Me: Hey, we can set up a charity just like we did back in Wakita, Oklahoma.

Lincoln: Good idea, J.D.

TLPS Mr. Wolf: I heard about your adventure in Wakita, Oklahoma, and not only did you guys reunite with Bill Harding, Jo Harding, and their storm-chasing crew and tracked down tornadoes all over the place, but you also faced Captain Ginyu and sent him to his death.

Lincoln: That's right, and we also set up a charity to raise money to repair Wakita, Oklahoma.

Nico: Yep, and now, we're going to do the same for Dannebrog, Nebraska.

We then set up a charity to raise money to help everyone in Dannebrog, Nebraska who were affected by the tornado outbreak, and we raised enough money to repair the town and the people's houses in the town.

Lincoln changed back to normal after that.

Lincoln: There we go, now the town will be restored to normal. (To Tiffany Emmerson) And it's so good to see you again, Tiffany Emmerson.

Tiffany Emmerson: You too, Lincoln, it's been a long time.

Lincoln went up to Tiffany Emmerson and they hugged, and Tiffany Emmerson's very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become.

Lincoln: It sure has been a long time, I haven't seen you when you were eighteen, d as you can see, I really grew a lot since then.

Tiffany Emmerson: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Whoa, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Tiffany Emmerson, she's a local girl from Michigan. But, she's got a dark secret.

Lori: Lincoln's right, you see, Tiffany Emmerson's mother is a complete psychopath who wanted to see her daughter suffer.

We gasped in pure shock.

Eli: What?!

Lincoln: We'll be sure you guys hear the full story about it later, right now, let's get you back to normal, Tiffany. Boys, you know the drill, and Nicole, you know what to do?

Me, Nico, Eli, and the rest of the boys cover our eyes as Lincoln snapped his fingers, and Tiffany Emmerson was reverting back to normal. Tiffany Emmerson is a beautiful 19-year-old girl with long flowing orange hair, orange eyes, fair skin, she's 6'5" in height, she has the body of a goddess, and she has massive orange angel wings with purple tips on the large orange feathers as she reigned in the power of Evil HERO Wild Cyclone.

Lincoln: How do you feel, Tiffany?

Tiffany Emmerson: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Tiffany Emmerson her new wardrobe, a sleeveless light blue jersey with the number 23 on it, light blue shorts, light blue sneakers, and a long sleeveless light blue trenchcoat with winds on the coattails with the Evil HERO Wild Cyclone on the back, and holstered on her back is a large Evil HERO Wild Cyclone-themed sword with Evil HERO Wild Cyclone etched on the 6'5" massive, wide, double-edged, man-sized light blue blade, the Evil HERO Wild Cyclone's wings for the crossguard, large light blue gem embedded in the rainguard, longer black handle, and large light blue gem surrounded by angel wings for the pommel.

Tiffany Emmerson: Wow, I love the outfit and sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Tiffany Emmerson's neck with light blue gems on the gold lightning bolts and light blue crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Tiffany Emmerson: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Tiffany.

Tiffany Emmerson had a smile on her face and tears coming from her eyes, as she wrapped her arms around Lincoln's waist and Lincoln wrapped his abnormally massive and powerful muscular arms around her body, and he leaned down and kissed Tiffany Emmerson on the lips, and she returned it, and we cheered for them. Then, we went up to the twenty girls, and when Lincoln saw them, he immediately recognized them. The twenty girls are Luxanna "Lux" Crownguard, Sarah Fortune A.K.A. Miss Fortune, Nidalee, Riven, Samira, Vi, Caitlyn, Akali, Irelia, Seraphine, Sona, Soraka, and Jinx from League of Legends, Gabriel, Metatron, Michael, Raphael, Sandalphon, Sariel, and Uriel from The Seven Heavenly Virtues.

Lincoln: Oh wow, it's Luxanna "Lux" Crownguard, Sarah Fortune A.K.A. Miss Fortune, Nidalee, Riven, Samira, Vi, Caitlyn, Akali, Irelia, Seraphine, Sona, Soraka, Jinx, Gabriel, Metatron, Michael, Raphael, Sandalphon, Sariel, and Uriel.

Me: From League of Legends and The Seven Heavenly Virtues, awesome.

Ahri the Nine-Tailed Fox: Wait, Jinx from my world is also among the group. Lincoln, you need to free her from her dark side.

Lincoln: On it, Ahri.

Lincoln used his Dark Side Eternal Purification technique and freed League of Legends Jinx from her Dark Side, and sent her to the Pluto Prison encased in crystal for good.

Lincoln: There we go. Are you girls okay?

Luxanna "Lux" Crownguard: Yes, we're okay, thanks to you.

Then, when Luxanna "Lux" Crownguard and the other nineteen girls saw who it was that saved them from the tornadoes and freed League of Legends Jinx from her dark side, their faces turned atomic red upon seeing the 17-year-old 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The

He had his massive Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large gold buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The

Luxanna "Lux" CrowngLoud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made nineteen clones of himself, and he and the nineteen clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they lean down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Luxanna "Lux" Crowngnguard: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, twenty Thunderbird Necklaces of Eternal Love appeared on the necks of Luxanna "Lux" Crowngnguard, Sarah Fortune A.K.A. Miss Fortune, Nidalee, Riven, Samira, Vi, Caitlyn, Akali, Irelia, Seraphine, Sona, Soraka, Jinx, Gabriel, Metatron, Michael, Raphael, Sandalphon, Sariel, and Uriel with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We return to the TLPS Flying Fortress, and everyone was shocked when they found out that we went into the world of Night of the Twisters.

But, when Lincoln showed what we did in saving the people along with the twenty girls there from the rampaging tornadoes, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Tiffany Emmerson now have a lot of catching up to do, now that she's back.

---

After rescuing everyone from the tornadoes, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Tiffany Emmerson saw Lincoln working out like crazy, she had an atomic red blush on her face.

Tiffany Emmerson: Whoa, I was right that Lincoln has really grown to be a 17-year-old 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his abs hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Tiffany, and now, I can also defend myself.

Tiffany Emmerson: That's incredible.

Nico: It sure is, Tiffany. So, what's this dark story about your mom and what caused her to become a psycho?

Tiffany Emmerson: You won't like it, Nico, and the same goes for the rest of you. I told Lincoln and the Louds about it, but here goes. To this day, I can't believe my mother ruined my wedding, not only that, but she keeps trying to make me absolutely miserable since then. What's especially messed up is that once upon a time, we were so close, I was an only daughter, and my Mom and Dad loved me dearly, they took such good care of me and I have never seen two people so in love. I had an ideal childhood, and couldn't have been happier. That was until the day I turned 15, Dad woke up early that morning telling us that he needed to pick up my gift. I was so excited, and Mom cooked me a big breakfast while Dad was away. The problem was he never came back, we waited and waited and waited. At first, I thought it was all a big ruse to surprise me with a party or something like that, but after lunch, Mom and I began to get really worried. We called him several times, but Dad didn't pick up. Late that night, we got the phone call that no one wants to get, Dad had been involved in an accident, and it had taken the police a long while to locate us. He had unfortunately passed away and there was nothing to be done, I was in absolute shock because of the news. Imagine, my dad died in an accident while picking up my birthday gift, I knew I'd never be able to enjoy that day ever again, and would refuse to celebrate from then on.

My mom's reaction, though, shocked me to my very core. I was expecting her to hug me tightly, so we could both cry together. Instead, she gave me this cold look and I immediately realized she blamed me for losing her husband, I couldn't believe it. Mom was supposed to love me, but now, she seemed to hate my guts. So, not only did I have to suffer the loss of my dad, but also, my mom's constant anger all aimed at me. When my best friend, Susan, came to help me with my initial grief, my mom came to my room and started to scream to my best friend.

Mrs. Emmerson: GET OUT OF MY HOUSE!

I started to cry, and asked her why, she didn't look at me and left the room. I called Susan and apologized to her for what happened, she understood the conditions.

Susan: I am not upset with your mother, Tiffany, I understand the difficult situation that she's going through.

Mom never could get over Dad's death, no matter how much time has slipped by, I had to work twice as hard to keep going since she seemed to be lost in the past. She became a complete psycho, I would just catch her staring at the blank TV screen not moving, it made me feel extremely uneasy. I try to talk to my mom and help her navigate through the hardest of her grief.

Tiffany Emmerson: What about having dinner together at a restaurant, Mom?

She stood up and began to scream, then she went into my room, and she started throwing my things and messed up a lot of my makeup. I could hear glass breaking, and then, she went into our laundry room and started throwing bleach on my clothes hanging up in my closet. I tried to cool her down, but she told me.

Mrs. Emmerson: GET OUT OF MY HOUSE!

It was so scary seeing her like this, I left the house and stayed with Susan. I'm pretty sure Mom lost her mind, she sent me explicit messages demanding I apologized for wanting a gift, and she told me repeatedly how I ruined her life, and she even refused to come to my graduation ceremony.

Tiffany Emmerson: Mom, please. It's really important to me, come to the graduation ceremony.

Mrs. Emmerson: I would if your Dad was here by my side. But, he's not, and it's all because of you! So, no, I won't go celebrate with you!

I was heartbroken and barely enjoyed the day at all. Would you believe me if I told you that every single year on my birthday, I got a call from my mother reminding me that this was the day that I murdered my dad. Yes, she actually used those words, I hated my birthday so much, and it took years and years to even be able to get out of bed during that day. I ended up getting a job in a nice office, and Mom actually tried to get me fired. To her, I didn't deserve having nice things, she wanted so badly to ruin my life, and as the years went by, it seemed to get worse and worse. I actually considered getting a restriction order on her, but simply couldn't get myself to do anything of the sort. No matter what she did to me, my mom was the only family I had left, and I wanted so badly to be close to her once again. Plus, I knew how much she was suffering, and wanted to be supportive, but, she made it impossible.

Every single time we talked, she ended up making a big scene screaming at me like I was a criminal or something. Eventually, I met an awesome boyfriend, along with Lincoln and his family, and for the first time since my dad's death, I celebrated my birthday not with a party or anything of the sort mind you. I just went out to get ice cream with my boyfriend, Mark and Lincoln, who I considered a little brother, and it was so awesome. I got along great with Lincoln, his sisters, and his parents, and of course, I had to defend Lincoln, not just from bullies, but from Lori, Lynn, Lola, Lisa, and Luan, since their cruel actions towards him reminded me of my mother's attitude towards me. I had a new family I belonged to, and I told them and Mark of my past and my mother's attitude. But, none of them were intimidated by any of it, my boyfriend, Mark, Lincoln and his family were amazing and they were like my rock.

The following year, Mark proposed to me, and I said yes, and since he's also friends with Lincoln, he also invited the Louds to the wedding of course. At first, I didn't even consider inviting my mom, not only would she try to ruin my big day, but she'd also try to take offense to me celebrating anything without my Dad being there. She had this sick pleasure that made her want to see me suffer and honestly, she also enjoyed making others miserable as well. But, a month before the date, Mom called me out of the blue, she explained that she'd heard I was getting married, and that she wanted to be a part of the ceremony. She said, "It's what Dad would've wanted." And I cried tears of joy, I couldn't believe this was really happening. I was finally going to get my mom back, and I was so happy she'd be coming to my wedding, of course, I immediately said yes. She told me she was going to buy a lovely dress to wear for the big day, and I almost yelled with happiness.

I should've known it was too good to be true though. Mom arrived super late, and I was so worried about her, wondering if she suffered an accident much like Dad had all those years ago. When she finally arrived, I realized the only reason why she wanted to be invited was to ruin my happiness. Mom strolled into the party dressed in a wedding dress.

We gasped in shock.

Tiffany Emmerson: Yes, you heard that right, she was clad in all white with a veil and a bouquet of white flowers in hand. I was so shocked, I couldn't even react. Then, she began speaking to everyone in the room telling them they should be ashamed to celebrate the wedding of a murderer.

Mrs. Emmerson: Either the groom is blind, or he killed someone else as well. Either way, this marriage won't last. Tiffany can't love anyone for real, that's why she killed her father, you see.

I was so furious, but also, incredibly hurt by her betrayal, and I ran away sobbing miserably. Mark, his family, and The Louds managed to force my mother out, though she made a big scene before they closed the door behind her. My wedding party was ruined.

And I was heartbroken. But, that was hardly the only surprise she had planned for me, because half an hour later, I saw my ex-boyfriend, Jack, walk in like it was no big deal. He cheated on me and taken advantage of my vulnerability. What was he doing at my wedding party? He grabbed the microphone, and he called me and Mark all sorts of horrible names letting us know my mom had told him exactly how to get in the party through the back entrance. He had to be escorted out of the room by security guards to keep him from grabbing the cake and throwing it to the ground. After that, I asked everyone to leave, and it included Mark and his family.

Because of my mother's cruel actions, the wedding was called off, and I cried the rest of the night. But, Lincoln and his family stayed with me throughout the whole night, and Lincoln was supportive of me as well. Mark and his family were deeply ashamed of what my mother did, but they still loved me, but the chances of me getting married to Mark were history because of my mother. The following day, Mr. and Mrs. Loud talked with me, and they convinced me to get a restraining order on my mother. It was the hardest decision I ever had to make, but there was no other way to live a good life. Mom still tries calling me from time to time, but I don't pick up, I just let the courts know she's breaking the protective order I have against her. I don't want my mom to go to prison, but, I can't deal with her madness any longer.

When Tiffany Emmerson was finished, we were horrified by her mother's insane madness.

Me: (Horrified) My God.

Nico: I can't believe you went through all of that because of your mother, Tiffany.

Lincoln: She had no right to do those sorts of things to her own daughter, I get that she was really heartbroken by the tragic death of her husband, but to give a cold glare at her own daughter and blame her for causing it, that's the worst act of betrayal ever: a mother breaking her sacred bond with her child.

Luna Loud: And she also tried to make Tiffany suffer up to the point where she'd want to kill herself, that's just pure evil, brah.

Lori: Not to mention, she also gets a sick kick of making others around her miserable.

Tiffany Emmerson: After the whole mess, Mark and I decided to become good friends, and his family accepted it as well, since they're also victims of my mother's madness. Plus, I've also had feelings for Lincoln as well, he was so caring and thoughtful. And when my Thunderbird Necklace of Eternal Love and merged Crystal Necklace of The Buddha appeared around my neck, that's the sign that perhaps I can still have that chance at getting married and having the happiest life ever, and it'll be with Lincoln Loud, the boy, no, the man who supported me, even before this wedding disaster.

Me: That's good to hear, Tiffany.

Rita Loud: Us as well, but there's also the added problem of your mother, what if she tries to do the same thing again?

Poromon: Then, we'll have to rough her up and throw her in prison.

Lincoln: Poromon, didn't you hear her say that she doesn't want her mother to go to prison?

Poliwag: But, Lincoln, her mother…

Lincoln: Yes, I know what her mother did was despicable, I remember because me and my family were there at the wedding when this happened, Poliwag, and despite the fact that Tiffany doesn't want to deal with her mother's madness anymore, she still doesn't want her mother to go to prison.

Suddenly, Tiffany placed her left hand on Lincoln's massive and muscular left shoulder, and they lock eyes with one another, as she cups her hands on Lincoln's face and kissed him on the lips, and he returned the kiss.

Tiffany Emmerson: I'm glad that you took into account the fact that I didn't want my mother to go to prison, Lincoln. But, I fear that the mascots and your mom may be right: if my Mom finds out in the future that I'm going to get married to you, and even worse, knows that I'm alive and well, she could snap and one day, come after us and threaten to kill us all. That's something I truly don't want: but even though the restraining order is still in place, I know that won't even stop my mother, no matter how many times she's taken to jail for violating the restraining order. No, there's only one thing that I can do to make sure she never tries this again: I have to put her in prison, where she'll remain there for the rest of her days.

We gasped in shock, and Lincoln places his large hands on Tiffany's shoulders.

Lincoln: Tiffany, are you sure about this?

Tiffany Emmerson: Yes, I am, Lincoln.

Then, Lincoln cupped Tiffany's face, and he kissed her, and she returned it back.

Lincoln: Then, we're also sure about this as well, Tiffany. Here.

Lincoln gave Tiffany Emmerson his cell phone, which she used to call the Gotham Royal York Police Department, and they arrested Mrs. Emmerson, who was still at her home in the east of Gotham Royal York, and they found something that was really shocking: they saw that she had written on the walls in her own blood, "Kill Tiffany Emmerson and the Louds", "The Murderer Must Die", "Everything Must Burn". This was proof of her permanent descent into madness. When the officers showed us what they found, we were really horrified, this proved that Mrs. Emmerson's descent into madness is permanent.

Nico: My God, Tiffany's mom has really descended into madness.

Me: This is worse than we first thought.

Lincoln: Tiffany made the right choice to have her mom arrested, Nico, and it did prove her, the mascots, and Mom right, if Mrs. Emmerson ever found out that Tiffany's alive and well, and in the future getting married to me, she'll one day snap and threaten to kill everyone. She'll be put in an isolated cell in the Saturn Insane

Asylum, where she'll remain in Solitary Confinement for the rest of her days.

Hunter (Road Rovers): And you're not going to curse her with the Nightmare Demons' Vengeance Curse?

Lincoln: No, Hunter, having to live with the fact that she turned her back on her only daughter, that's indeed the worst case of karma she's gotten.

Nico: So, she's already been dealt with a case of karmic justice?

Lincoln: That's right.

Me: And nothing hurts worse than karmic justice for the wrongs that Mrs. Emmerson's committed against her only daughter.

Mrs. Emmerson was sentenced to Life in the Saturn Insane Asylum without parole and was deemed incurable by a panel of psychologists. That's where she was bound in a rainbow energy straitjacket and rainbow energy chains, and she was taken to an isolated cell in Solitary Confinement, and chained to the wall with rainbow energy chains and Neutronium Chains, and she'll remain there for the rest of her days.

Later it was time for Zarya's final Ambassador Mission and this was gonna be a really awesome and cool one.

Zarya Moonwolf: This is gonna be awesome.

Me: I know and this is the last Zenkaiger mission we'll have until May 21st.

Nico: Yep. I hope Zocks is all right after how you punched him in the face J.D.

Me: He wanted me to do it Nico. But yeah I hope I didn't give him a concussion. You know how strong I am.

Eli: Yeah that was powerful though.

Nico: I think we'll see the Zenkaiju Gear next.

Me: That was awesome. I remember seeing that on TV and that was really cool.

Eli: It sure was.

Zarya Moonwolf: I thought so too. I hope we see more of Stacey in the future.

Lola Ferrington: I have a feeling we will on that. That was so fun to test out my powers against him too for my upcoming future battles.

Nico: It sure was Lola.

Zarya Moonwolf: Yep. Ready girls?

Arkayna: We're ready.

Piper Willowbrook: Lets do it!

Me: Lets go!

We were off to Japan.

We arrived and the Zenkaigers saw us.

Kaito: Hey guys!

Me: Hey Kaito. Guys.

Zarya: Guys, meet my fellow Mysticons.

Arkayna: Awesome to meet you all. I'm Arkayna Goodfey, Princess of Drake City and Mysticon of the Dragon.

Emerald Goldenbraid: I'm Emerald Goldenbraid of the Dwarves and I am the Mysticon of the Unicorn.

Piper Willowbrook: I'm Piper Willowbrook of the Elves and I am the Mysticon of the Phoenix.

Zarya Moonwolf: And as you know I am the Mysticon of the Wolf.

Me: The Mysticons are the great defenders of the world of Gemina. It's a really awesome place and for a little over a year we took down all of their major enemies. I think it was for that long wasn't it?

Zarya: That sounds right?

We then saw the trash moving? What the?

Nico: Guys, why's the trash acting up?

Eli: I sense something coming!

Then the trash leaped out of the cans and it went at me and I ducked!

Eli: WHOA!

I fired waves of energy and blasted the trash all over.

Me: I have a feeling a World Monster is behind this and there's only one monster that I know is capable of doing this. DAIKON WORLD!

Eli: That White Radish World Monster is behind this!

Me: Yep and he wants to turn the entire world into a White Radish World. My son Jared would love him and he is a vegetarian.

Gaon: Wow your son has awesome tastes.

Me: But he eats only fruit and vegetables and drinks only water.

Magine: Wow! He's a total herbivore!

Me: Yep.

Jared then appeared.

Jared: Someone call?

Me: Hey there son!

Jared: Looks like someone is causing all the trash to move. And I'm guessing it's Daikon World.

Kaito: It sure is and you must be Jared.

Jared: That's right. Jared Knudson. Honor to meet you all.

Me: Jared is my son and he loves all vegetables.

Zocks: There's only one thing to do right now.

Juran: Which is?

Zocks: Set fire to every trash can we can find!

Piper: Well, we're already murderers in the eyes of certain people. Might as well add arsonists to that list.

Me: Zocks that is not a good thing to the trash world. We don't burn it we recycle it. It keeps our planet clean. Also Earth Day is less than a month away and we want to be ready for that went the time comes.

Nico: Yep.

Eli: We have to be ready for Daikon World.

Jared: And if he is a vegetable monster then I want to eat him all over.

Zarya Moonwolf: That would be awesome.

Vroon: (sees trash coming towards him) Not again!

Eli fired waves of energy and recycled all the glass, bottles, newspapers, and all things recyclable and destroyed the rubbish.

Vroon: Thanks Eli.

Eli: No problem.

Jared: Dad I think it will be cool to show the Zenkaigers our entrance.

Me: Good idea son. What do you think Nico?

Nico: It's a great idea! Kaito you are in for a treat. We always have been known for making an awesome entrance.

Kaito: Cool!

Daikon World was causing mayhem. But then the spirits of the Sentai Rangers from over the course of 45+ Years appeared and swirled around him and then converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and then a phoenix cry was heard and then we came out!

Daikon World: Wow! What an entrance.

Me: We always did like to show off.

Kaito: Yeah that is for sure.

Daikon World: Zenkaigers! We meet again!

Kaito: Yeah for the last time!

Jared: Wow you are my kind of monster and I am a true vegetarian.

Daikon World: You have good tastes.

Nico: Yes he sure does.

Me: LETS DANCE!

Jared: Oh that is awesome Dad!

Me: Yep.

Daikon World: Wow! 10 Rangers this time!?

Zarya: It's awesome too.

A bunch of Kudakks appeared.

Kaito: Full Power Non Stop!

Zocks: I'll make a show out of it two!

Me: This is gonna be good!

Nico: Lets kick some butt!

Jared: Lets do it!

Jared then went Super Angel Infinity!

Jared: (Divine Echoing Voice of Fiery Phoenix Honor) **Time for this phoenix to unleash the flames of justice.**

Daikon World: Bring it on!

Me: With pleasure!

I fired a blast of star fire and blasted the Kudakks all over.

Nico: To Quote Earthworm Jim, (Imitating Earthworm Jim) (Pulls out Zenkai Blaster) EAT DIRT FOOTSOLDIERS OF PUTRIDITY! (BLASTS THE KUDAKKS ALL OVER) AHAHAHAHAHAHAHAHAHAHAHAHAHA!

He blasted the Kudakks all over the place with incredible power and energy.

Kaito: (takes out Flashman gear) See how they like this!

He used the power of the Flashman from 1986 and blasted the Kudakks with the power of the Geartlinger Bazooka and smashed them into pulp with the blasts.

Zarya: Try this on! (Takes out the Maskman Gear)

She used the power of the Maskman from 1987 and basted the Kudakks and Daikon World with aura blasts all over.

Nico: YEAH!

Zarya: And this too! (FLARES UP LYCANTHROPE AURA) CRESCENT MOON CLAW BLADES!

She fired waves of blue energy blades and slashed the Kudakks all over and even Daikon World too.

Zocks: (takes out Changeman gear) Let's use this as well!

Eli: Same with me. (Takes out Changeman Gear)

They both used the power of the Changeman from 1985!

Eli: (FLARES UP YELLOW MONGOLIAN DEATH WORM AURA) MONGOLIAN DEATH WORM LIGHTNING STRIKE!

He fired waves of incredibly intense and powerful lightning and the blasts all hit the Kudakks and Daikon World and electrocuted them all over.

Zocks: Now for me! (FLARES UP BLACK VAMPIRE AURA) VAMPIRE BAT LIFE DRAIN!

He fired a swarm of Vampire Bats and they went at the Kudakks and sucked them dry and we got stronger from them.

Jared: **WHOA! Next to getting stronger from hatred the Black Changeman Vampire Aura transfers their energy into us!**

Me: That is awesome!

Kaito and Zocks: Zenkaiju Gears!

Kaito and Zocks used the ZENKAIJU GEARS AND THEY DONNED THEIR AWESOME ZENKAIJU BATTLIZERS!

Me: AWESOME!

Eli: I remember seeing this! That is so awesome!

Me: Godzilla and the Kaiju would love this.

Nico: Yes they sure would.

Jared: **You got that right.**

Nico: Time to call in some help!

Me: First I want to try this out. This is a gear for the current Super Sentai Series that came out and just started earlier this month! DONBROTHERS POWER!

I used the gear for the Avataro Sentai Donbrothers gears and summoned Taro Mamoi and his Superbike Enya Rideon and he slashed and pulverized Daikon World all over.

Nico: NOW THAT is cool!

Me: It's gonna be about another year before we meet the Donbrothers Sentai though.

Nico: I know.

Me, Kaito, Zarya, Nico and Eli pulled out the Zenkai Cannons!

Kaito: Jared you'll need this!

He gave Jared a Zenkai Cannon and a RED SENTAI RANGER GEAR!

Jared: **Cool! This gear from the looks of things can summon the Red Sentai.**

Kaito: Yep.

Me: Lets do it! (Turns Dial) SECRET POWER OF JUSTICE!

I summoned the Blue Gorenger, Green JAKQ, Yellow Gokaiger, Gold Go-Busters, and Silver Lupinranger!

Kaito summoned the Blue Goggle V, Green Ohranger, White Magiranger, Black Goseiger, and the Purple ToQger!

Jared: **It sure is!**

We blasted and smashed and pulverized and smashed Daikon World all over.

Kaito: Super Zenkai Duper Buster!

Zocks: Twokaiser Rex Refreezer!

Me: Now for the grand finale! Jared get ready. The Zenkai Cannon has a powerful recoil.

Me, Nico, Zarya, Eli and Jared: BURNING SUPER SENTAI POWER!

We used the powers of all the 45+ Years of Super Sentai and then…

KRABBBBBAAAAAANG!

We fired energy blasts and element blasts they blew us back with incredible force and we flew back and the blasts all formed into the Zenkaiger Head and then the blasts all merged and the blasts all hit Daikon World and he exploded with incredible power!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Me: YEAH!

Nico: Daikon World you have Failed this City!

Eli: Yes he has!

New Kudaitest: Time for me to avenge Daikon World, who you all cast aside!

He stepped on the Daikon Tojiru Gear and became Great Daikon World.

Great Daikon World: Yeah! I'm overflowing with daikon power, daikon!

Kaito: If you guys think Godzilla's awesome, wait until you see this!

Me: This is gonna be awesome!

Kaito and Zocks: KAIJU BIG BANG!

They turned into the ZENKAIJU MEGAZORD! AWESOME!

Me: OH WOW!

Nico: SO AWESOME!

Zarya: Shall we help out?

Me: Lets.

All of us: BIG BANG!

We formed into our Zords and I summoned the Zenkai Cannon Zord!

Me: COMBINE!

We formed into the new ZENRYOKU SUPER ZENKAI ULTRAZORD!

Nico: AWESOME!

Great Daikon World: If I remember, this got you all last time!

Great Daikon World fired his Daikon Acid at us.

I formed a shield and we blasted him all over the place.

Me: Lets get him! Zenkaiger: All Sentai Final Big Bang!

Zocks and Kaito: Super Zenkai Super Buster!

We fired a massive energy blast and the blasts all hit Daikon World and he exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was destroyed and dead for good this time! And the Daikon World was liberated!

Nico: That was awesome!

Eli: Yeah it was!

We landed back on the ground.

Kaito: Zarya, I just want to say that ever since I met you, I've come to see you as a big sister to me.

Zarya Moonwolf: Really? I'm glad you think so Kaito.

They hugged.

Nico: Awesome.

Me: Yeah it sure is.

Eli: Awesome.

Zocks: (to Kaito) Now you know what it's like to have a sister. Just like me.

Kaito: I sure do.

Me: Yep. Also Zocks I'm sorry I punched you in the face like that. I know you wanted me to but…

Zocks: I know J.D. I know. I suppose I had it coming for punching Nico like that. No hard feelings?

Me: Nah it's all water under the bridge now. But we'll see you all on May 21st. This is gonna be so awesome when we help you guys take down one of your worst enemies in our big mission.

Magine: It sure will be awesome.

Me: Yep.

Eli: But tell Stacey that Lola Ferrington is really excited to face him in the usual battles.

Gaon: We will.

We came back.

Laney: You guys were awesome!

Lori: We saw the whole thing and you guys literally were awesome!

Pinkie Pie: BEST AMBASSADOR MISSION EVER!

Nico: We all sure had fun on that one.

Me: It was really eventful too.

Eli: Yep it sure was.

Jared: And I got my own Zenkai Cannon too. Now we have five cannons to summon all the Sentai including the Red Sentai.

Laney: We sure do.

Nico: Vakama, your Ambassador mission's in two days.

Vakama: Awesome! Looking forward to this one.

Me: Yep me too.

Lana: We all are.

Killer Frost then went to get some ice cream and then she saw that most of it was gone. There was only 1 container left.

Killer Frost: Okay, who's been eating most of the ice cream?! I'm not mad. I just want to know.

Me: Not me?

Tyrone: Couldn't have been me. I'm lactose intolerant.

Me: Hmm.

Nico: That's strange.

Then we heard crying and it was Rarity.

Nico: Uh oh that's Rarity.

We went into her room and we saw her crying her eyes out and eating tubs of ice cream and wallowing in pity.

Me: Rarity? Are you okay?

Eli: Rarity, what's wrong?

Rarity: [crying] [nomming]

Me: Rarity are you okay?

She was really sad.

Rarity: Leave me be! Can't you see how distraught, disappointed, and downtrodden I still am?

Nico: Rarity what's wrong you can tell us.

Rarity: Oh I was working on a new fashion line and I still don't have a good theme for it.

Carol: Oh Rarity.

Me: Hmm.

I went over and looked at 13 beautiful star dresses that were absolutely breathtaking.

Me: Hmm. Hey I got an idea!

I went over to some thread and I used my powers and made line art and symbols.

Me: There! The Dresses of The Zodiac. One dress for each of the Celestial Zodiac.

Nico: Ooh that is beautiful.

Rarity: Oh my! J.D. you are absolutely a genius!

Maria: Very well thought out! The Zodiac Signs and the constellations for them are perfect for them.

Nico: I agree.

Leozack: You know you ate nearly all the ice cream, right?

Rarity: I know and I'm sorry about that. Whenever I am sad I eat ice cream like that.

Me: She is right. Remember how she accidentally got her hair destroyed by using hair remover on it by accident?

Starlight Glimmer: Oh right yeah I remember that.

Lana: But she invented that really awesome biker outfit look.

Rarity: That is true. And I'm sorry but I can't help it. I want to make a great line as beautiful as possible.

Nico: Aw it's okay Rarity.

Eli: But all the clothes you make are really awesome and great.

Me: Yep. One last thing.

I made crystal magic.

Me: (Inhales and blows)

I blew the magic and it went onto the dresses and it made them dazzling, sparkling and beautiful with stars and they were shimmering like the stars in space like diamonds.

Me: Perfect!

Nico: Wow! That was awesome!

Eli: Nicely done bro.

Carol: So beautiful.

Carol tried on a dress for Aquarius and she twirled around and looked at herself in the mirror.

Carol: Wow! These dresses are awesome! And it's absolutely beautiful. I chose Aquarius for me because it's my sign.

Rarity: That is amazing!

Vince: Carol you look absolutely stunning and gorgeous in that dress.

Maria: I'll say! Wow Carol you look awesome.

Carol: Thanks.

G1 Scattershot: We still got time before the next challenge.

Me: We sure do. Nico, Lincoln, Eli, want to play some video games? We don't land in Venezuela for another hour.

Nico: Sure!

We got to playing Super Smash Brothers Ultimate.

Slog: After the challenge, we're gonna have to buy more ice cream

Varie: There should be some ice cream shops in Caracas.

Aylene C.: Yeah there might be.

Nico: Take this!

Me: Not this time!

I was winning and then…

GAME!

Me: YEAH!

I won!

Eli: Aw man!

Then Red X, Electrocutioner, Pyro, Grumblemon, Hsi Wu, Dr. Viktor, Mr. Fizz, Technus, Kaos, and Unicorn appeared.

Red X: Can me, Electrocutioner, Pyro, Grumblemon, Hsi Wu, Dr. Viktor, Mr. Fizz, Technus, Kaos, and Unicorn go with you guys next?

Nico: You all sure can. We're going to Venezuela next. For the rest of the Competition we're going all over South Americ.

Ronnie Anne: I'm looking forward to this one.

Me: It'll be cool to see more of South America.

Laney: It sure will.

Nico: I wonder what Don has planned for us in Venezuela?

Eli: Boy I have no idea but its gonna be awesome.

Fuse Man: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: This will be interesting. I'm hoping to go meet a gene-slammer for one of Plantapocalypse's kind.

Laney: Who is Plantapocalypse?

Ben: This is him.

Ben turned into PLANTAPOCALYPSE!

Ben: PLANTAPOCALYPSE!

Plantapocalypse is a plant with a yellow and white flower as a head. At the base of his stalk is a black 'pot', from which extend his many tentacle-like roots. Leaves can be seen growing from the roots. The Omnitrix symbol is on his 'pot'.

Nico: COOL!

Shanan: Wow! So Plantapocalypse is a Rhododendronian.

Qin: What's a Rhododendronian?

Shanan: They come the planet Rhododendros XII and it's a jungle planet located 16,232 light-years from Earth and it's hope to a race of plant aliens and they have the power to eat and it makes them grow. But sometimes they don't know when to stop eating and it makes them larger than the Earth.

Nico: Whoa! That is gonna be big.

Me: Yep. But that's a good choice.

Nico: Yeah.

Unicorn: Quick question. Do any of you guys know the Nature Goddess Pachamama?

Me: That's the Incan Goddess of Nature.

Eli: Very well known in the Incan World.

Me: Yep. Why do you ask?

Unicorn: Just asking.

But, before we were about to head to Venezuela, suddenly, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy signal, and he saw who it was in the vision: it was none other than Alexei, the Ruler of Graceful Lightning and the third member of the Four Greater Fiends, and he's hiding out in Venezuela. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is the second Greater Fiend planning on coming after us?

Lincoln: You guessed it, Nico, and we're not going to like who it is: the dark energy signal I sensed belonged to Alexei, the Ruler of Graceful Lightning and the third member of the Four Greater Fiends.

Ayane: Just as I thought, so Alexei is the next one we're going to face after today's challenge?

Nico: Ayane, what can you tell us about Alexei? I've got a feeling this is going to be one electrifying battle today after the challenge?

Ayane: You won't like him one bit, Nico.

Ayane proceeded to tell us about Alexei, the Ruler of Graceful Lightning and the third member of the Four Greater Fiends, and we weren't going to like him one bit.

---

Alexei

Alexei, Graceful Ruler of Lightning (電撃のアレクセイ Dengeki no Arekusei; lit. Alexei of the Lightning Strike) was one of the Four Greater Fiends of Vazdah, Alexei's hatred for humankind knew no bounds. He took the city of New York in his evil grasp and waits perched atop the Statue of Liberty, challenging Ryu Hayabusa to come and face him.

History

Long ago, the Dragons banished the Archfiend Vazdah, one of the evil deities, deep beneath the Earth, and Alexei, as one of Vazdah's Four Greater Fiend Lords, was trapped in a neverending sleep as well.

Plot

## Ninja Gaiden Sigma 2

Several millennia later, Dagra Dai and Elizébet broke Alexei's seal using the Demon Statue, in New York City. Perched atop the Statue of Liberty, Alexei turned the entire city into a Fiend's paradise. To further his power, he cast a spell on the Statue of Liberty, enjoying her company. As the Dragon Ninja approached, Alexei took Ryu to a warped space, reflecting the spheres of the universe, and battled him. However, Alexei was no match for the power of the Dragon Sword and was defeated. Plummeting, he cursed the Dragon Ninja and allowed the Statue of Liberty to awaken as an animated golem that attacked Ryu.

Later resurrected in the Underworld, Alexei kidnapped Sonia, who had been following Ryu, and trapped her in a giant bird cage. As he was reveling in Sonia's distaste towards him, Alexei sensed Ryu Hayabusa enter the Abyssal Underworld, and fell victim to the ninja once again. With his final breath he proclaimed Ryu a fool and dispersed in an explosion of electricity, leaving behind the Heart of Azure Lightning.

## Powers & Abilities

### General

Agility: Alexei was very fast, able to move at lightning speed and performing acrobatic moves with ease.

Teleportation: Alexei was seemingly able to teleport, appearing and disappearing in a burst of electricity.

Strength: Alexei possessed supernatural strength, as befitting of a greater fiend.

Lightning: He possessed great control over lightning, utilizing lighting-based attacks against Ryu.

Weather manipulation: Alexei possessed a great deal of power, allowing him to cause Weather anomalies like thunder storms and heavy winds.

Hand to Hand: He was skilled at hand to hand combat through slashing attacks and the like.

Animation: Alexei had the ability to animate inanimate objects, as demonstrated with the Statue of Liberty.

Techniques:

Balls of Lightning: He was able to send balls of lightning at his opponents.

Lightning Cyclone: Alexei was able to spin at high speed, creating a small tornado infused with lightning, dashing at his opponents.

Electricity power: When damaged, Alexei could create a field of electricity around himself and become faster and stronger.

---

When Ayane was done, we were really horrified about Alexei's history.

Nico: Whoa, Alexei is even worse than we first thought, his hatred for humankind knows no bounds.

Me: Just like with Volf and Zedonius, but Alexei's hatred for mankind indeed knows no bounds, he needs to be stopped.

Blitz: (Arnold Schwarzenegger accent) And I made the right call to ask for Lincoln's help with Alexei.

Nico: You sure did, Blitz.

Suddenly, Blitz's Sword of The Road Rovers unholstered itself from his back, and it was surrounded by a kaleidoscope of red, gold, and black energy with lightning surrounding it, and when it emerged, it was transformed into Thor's Lightning Sword of Canine Strength, it's a new large sword with a 6'10" massive, wide, double-edged blade with the Norse God of Thunder, Thor, surrounded by a ring of bolts of lightning etched on the blade, large black dog heads for the crossguard, large red, black, and yellow gem embedded in the rainguard, longer black handle, and four large black dog heads with red gems for eyes and four yellow gems in its mouths and a large red, yellow, and black gem on the bottom for the pommel.

Nico: Whoa, that's one awesome looking sword.

Lincoln 2: Whoa is right, Nico. Blitz, that new sword you see before you is known as Thor's Lightning Sword of Canine Strength, it's an evolution of your massive Sword of The Road Rovers, and it's imbued with the powers of the Norse God of Thunder, Thor.

Blitz: (Arnold Schwarzenegger accent) That's incredible.

Suddenly, the sword called out to Blitz, who grabbed the new sword's longer black handle. Then, we witnessed something happen to Blitz, his brown eyes glowed, and then, he felt the electricity of the new sword, along with its power, flow through his body, and we saw him being surrounded by a red, yellow, and black energy aura with lightning bolts. Then, we saw Blitz grow to 7'5" in height, and we visibly saw his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and then, he let out a loud howl, and a massive vortex of red, yellow, and black energy and lightning bolts surrounded him. Then, as the vortex faded, we saw Blitz emerge, but he was now a changed anthropomorphic dog, the now 7'5" tall Doberman now has powerful upper and lower body muscles and eight-pack abs, large silver gauntlets with red, yellow, and black gems on his massive and powerful muscular forearms, large black pants with red and yellow accents, and large ankle-high boots covered in silver armor. We were amazed by what happened to Blitz.

Hunter (Road Rovers): Just like what happened to me and Exile, but for Blitz, his was with lightning, now, he'll have an even advantage against Alexei.

Exile: (Russian Accent) But, if Comrade Lincoln's also fighting against Alexei, then, The Greater Fiend and Ruler of Lightning will soon be done.

Blitz: (Arnold Schwarzenegger accent) Ugh, my head, what happened to me?

Lincoln made a mirror of water, and when Blitz saw what happened to him, he was really stunned and amazed. Then, Blitz made a pair of large red, black, and yellow weighted bands with silver phoenixes appear on his massive biceps and thighs, and he then holstered his massive Thor's Lightning Sword of Canine Strength on his wider and more muscular back.

Blitz: (Arnold Schwarzenegger accent) Now, we'll be ready for when Alexei shows up.

We landed in Caracas, the Capital City of Venezuela **V E**.

Me: Here we are guys. Welcome to Caracas, Venezuela.

Nico: Always beautiful.

Battletrap: Good old Venezuela.

May: It's always beautiful.

Me: Yep it sure is.

Ronnie Anne: I think it's so awesome.

Me: Yep. It sure is.

Don: Glad you all could make it.

Me: Hey Don. Awesome seeing you here on a main continent instead of on an island this time.

Nico: Yeah that was fun.

Don: Glad you guys had fun. I have an awesome challenge for you though.

He pulled out a map and gave it to Nicole and she unrolled it and it was a map to a mystical sword!

Nicole: Oh wow! This is another awesome treasure that I've been trying to find. Now I see why Unicorn asked about Pachamama. We're going after the Sword of Pachamama. Legends say that it's a powerful sword that has been blessed by Pachamama herself and that it's said to be found in a hidden temple located somewhere behind Angel Falls.

Eli: Whoa!

Unicorn: Oh, I was just asking an innocent question.

Mr. Fizz: Well, there's no harm in that.

Nico: Yep.

Don: Oh and guys you may want to keep Belle safe. I just got word here that someone she doesn't like is here.

He handed us a wanted poster and we saw that our old enemy GASTON IS BACK!

---

Gaston LeGume, also best known by his first name Gaston, is the main antagonist of Disney's 30th full-length animated feature film Beauty and the Beast (which is based on the 1756 French fairytale of the same name by the late Jeanne-Marie Leprince de Beaumont), and a supporting antagonist in Mickey's House of Villains.

He's a treacherous, chauvinistic, egotistical, deceptive and conceited hunter from Belle's village, who was after her hand in marriage by any means necessary (regardless what she thinks about his offer). He is Belle and the Beast's arch-nemesis.

In the film, he was voiced by Richard White. In the musical, he was portrayed by Burke Moses. He was portrayed by Wes Brown in the episode "Her Handsome Hero" during the fifth season of Once Upon a Time.

Gaston is the local hero of a small French village at an unknown point in French history. He owns a large tavern where he and the villagers drink and talk. Inside, there is a large portrait of himself along with "trophies" from his hunt consisting mostly of animal antlers. He also says he eats five dozen eggs every morning to help make him "roughly the size of a barge".

He first appears in the film shooting down a waterfowl headed south with perfect accuracy (implying that he had just returned from a hunting trip) and declaring his intent to marry Belle after acknowledging from LeFou of his popularity with all of the women in the village. He then started pursuing Belle throughout the village as she returns home after buying a book from the local bookstore. Their meeting starts off well, but Gaston's sexist remarks about women reading and thinking drive Belle away from him and she goes home, leaving him disappointed.

In addition, after learning that Belle was going to aid her father Maurice, Gaston scolded LeFou for mocking Maurice (although it was implied that he mostly did that in an attempt to impress Belle rather than out of any genuine concern for Maurice). However, after an explosion occurs inside Belle's house, Gaston and Lefou both begin to laugh as Belle rushes to check on her father.

The next day, Gaston organizes a wedding outside Belle's cottage in an attempt to "surprise" her, complete with various decorations, a priest, and a wedding cake. He forces his way into the cottage and attempts to strong-arm her into marrying him, again making sexist remarks about women and housewives (he even envisions the home they would live in as a "rustic" hunting lodge, with his latest kill roasting over the fire and Belle massaging his feet while their children - six or seven boys - play on the floor with their dogs).

Gaston angrily vowing to LeFou that he will have Belle as his wife by any means necessary.

While he attempts to corner Belle in an attempt to kiss her, she manages to open the door that he has pinned her against, rejecting his proposal. causes him to lose his balance and fly headfirst into a large mud puddle (complete with cattail plants) in front of Belle's cottage. When asked by LeFou how it went, Gaston is humiliated and furiously storms off, but not before vowing to make Belle his wife regardless of her refusals and throwing LeFou into the mud.

Later, during a snowstorm, LeFou leads the villagers in the tavern to sing a song about Gaston's greatness to cheer him up after his failed proposal. Maurice suddenly interrupts and warns the villagers about a "monstrous" Beast who has locked up Belle as a prisoner in the tower of his castle. Thinking that Maurice is talking nonsense, the villagers throw him out of the tavern, which made Gaston realize that he can use Maurice's outrageous claim to his advantage. In a surprising display of animalistic cunning, he bribes Monsieur D'Arque (the owner of the local asylum) to throw Maurice into the asylum in order to pressure Belle into marrying him. Though D'Arque states that Maurice's claims and his odd inventions do not make him very dangerous, he is willing to accept the bribe because he liked the despicable aspect of the plot. However, just before Gaston and LeFou barge into Belle and Maurice's cottage, Maurice left for the castle on his own. Gaston orders LeFou to stay outside the cottage and wait for their return.

When Belle and Maurice eventually return to the cottage, LeFou immediately informs Gaston, and he sets his plan into motion. With the villagers gathered outside the house, D'Arque has his men drag Maurice towards their carriage, while Gaston makes Belle his offer, he will clear up the "misunderstanding" if she marries him. Horrified and disgusted, Belle refuses and instead proves her father's claims of the Beast's existence by using a magic mirror that the Beast had given her, causing all of the villagers (including Gaston) to realize that Maurice was telling the truth. Following Maurice's release, Gaston grows more frustrated and shocked that his plan has failed, and becomes increasingly jealous when Belle begins referring to the Beast as kind and gentle (since he let her go to help Maurice and gave her the magic mirror to remember him by). Realizing that she prefers a "monster" over himself, Gaston refers to the Beast with this insult, to which Belle furiously retorts back by saying that Gaston is the real monster for his despicable plot.

In his jealousy and pride, Gaston angrily snaps out by snatching the mirror from Belle and convincing the villagers that the Beast is a threat to the village that must be brought down immediately by playing off their fear of monsters. Belle tries to stop this, but Gaston has her and Maurice locked in the basement to keep them from warning the Beast. He then leads a lynch mob to attack the Beast's castle and leave no one alive while declaring that he himself is to take down the Beast. However, the castle servants formed a defensive ambush, leaving the rioters to fight back. Rather than helping out his fellow rioters, Gaston instead betrays them by leaving them to their fate and manages to get past the servants, as they were too busy fighting the villagers that they didn't notice him making his way up the stairs and proceeding to kill the Beast. The battle ends with the violent rioters fleeing away in defeat thanks to the castle servants' enchanted forms. Despite the loss of the villagers, Gaston confronts the Beast alone in the West Wing, where he fires an arrow into him, tosses him out of the window onto a lower section of the roof and taunts him. The Beast doesn't respond back as he lost his will to live since Belle's departure, so Gaston uses a castle statue as a makeshift club to kill the Beast. However, the Beast regains his will when he witnessed Belle returning to the castle along with her father (as they had escaped from the basement with help from Chip, who stowed away with them). A terrified Belle begs Gaston to spare the Beast, but Gaston ignores her, though the Beast defends himself by viciously fighting back against Gaston with all of his strength and ferocity.

Though roughly even with his adversary, Gaston soon learns that he cannot rely on brute strength alone to kill the Beast, and instead begins taunting him over his ugly and grotesque exterior and love for Belle. Gaston even pushed the final button by claiming that Belle is his to take and no one else's, but this immediately backfires as the Beast snaps out and head-butts Gaston in the chest. The furious Beast then gets Gaston at his mercy by holding him above the castle roof by the throat, threatening to drop him into the deep castle moat for the trouble he caused. With his life at stake, Gaston abandons his pride and pathetically begs the Beast not to hurt him by claiming that he will do anything for him. At first, the Beast initially attempts to ignore Gaston's pleads but realizes that he ought to be better due to his genuine love for Belle. Seeing that Gaston is nothing more than a reflection of what he would've become like a cruel and aggressive monster, the Beast reluctantly spares Gaston by ordering him to leave the castle and never return. However, when Gaston sees the Beast embracing Belle on the castle balcony, his hatred and envy arises again. Rather than leaving the castle, Gaston instead climbs onto the balcony and stabs the Beast in the back with a knife. The Beast swings his arm backwards at Gaston as he roars in pain, which Gaston tries to dodge, but unfortunately, he loses his balance and drops his knife below the castle. As both he and the Beast are on the verge of falling, Belle saves the Beast by grabbing onto his collar and helping him up to safety, where Gaston plunges into the deep moat below as he fearfully screams to his death.

Despite laying a fatal stab on the Beast, Gaston would permanently die alone that night; just as the Beast nearly succumbed to his wounds, Belle confessed her love for him just before the last petal of the enchanted rose that kept him bound to his beast form fell, breaking the spell and reviving the Beast. This also allows the Beast and the castle servants to transform back to their human forms, much to their joyful delight. All in all, Gaston had learned the hard way that pride literally comes before a fall.

We gasped!

Me: Gaston is back!? Why that stupid chauvinistic son of a fucking bitch!

Nico: Yeah can't he take a hint!?

Thunderblast: I can't believe that sexual harasser's back!

Nico: No kidding! And after everything we did to him to show that he is no hero but a stupid misogynistic freak!

Me: Yeah and Prince Adam is a much better man for Belle than Gaston.

Eli: He is now an outcast because of his crimes!

Electrocutioner: Think he's after the sword?

William: Let's hope not.

Nico: Nah he's a hunter and goes after animals. But it's Belle that he wants all for himself.

Then an arrow zoomed over to me and I grabbed it out of thin air.

Laney: Whoa! Nice catch.

Nico: Wonder who fired that.

Me: I have a feeling I know who it is. But we'll have to see when we do the entrance later.

Nicole: Good idea dad.

Nico: Shall we get it on?

Nicole: Lets do it! ONWARD TO ADVENTURE!

We were off to find the Sword.

I threw the arrow and then I heard a scream as it hit someone.

King Dedede: Please tell me that didn't hit anyone innocent!

Me: Nah I have a feeling it hit our target.

We were off and coming out of the shadows watching us fly towards Angel Falls was GASTON!

Gaston had the arrow skewered through his right leg.

We were walking through the Venezuela Jungle.

Hsi Wu: I'll stay in the air and keep a lookout.

Maria: Be careful.

He flew into the air.

Me: Wow the jungles of Venezuela are awesome.

Nico: Yep they sure are.

Fluttershy: I think they all are just amazing because of all the amazing creatures here.

Charge Man: Who do you think fired that arrow?

Nico: One guess. Gaston.

Charge Man: You're right.

Me: Just be cautious. Maria you better call in Xaldin to provide backup just in case.

Maria: You got it.

Maria did so and Xaldin appeared.

Xaldin: So Gaston is back. Doesn't that freak know how to take a hint?

Eli: No he doesn't and I thought we were rid of him for good after the 20 Days of Darkness.

Nico: Yeah.

Pyro: Honestly, your evil self was more powerful then him.

Xaldin: Indeed he was.

Me: But Gaston is still a threat to Belle and we can't let him cause anymore problems to her.

Nico: I agree. Gaston also is a pathetic human that thinks he is better than anyone.

Himiko Toga: That's right and LeFou told me that he is very prideful and egotistical too.

Me: Yep.

Rose the Huntsgirl: By now, I think we've got a good headstart on him.

Eli: Yep we sure do. The Force is telling me that we are miles ahead of Gaston.

Nico: Good. It'll be a while before he catches up to us with an arrow in him.

Laney: That's true.

Grumblemon: We still need to keep an eye out for any traps.

Eli: I can use the Force to find any. Like say this one.

Eli used the Force and uncovered a bunch of bear traps!

Me: Bear traps! Nice work bro.

Nico: Gaston's handiwork no don't.

Eli disabled them.

Nico: Maybe we can use these.

Nico picked them up and put them in a scroll.

Stewie: Let's still keep our eyes peeled.

We nodded.

We continued on and Eli was disabling net traps, snare traps and pitfalls and more.

Nico: Nice try Gaston.

Maria: Kendra, I think today, you and Charlie Brown get a chance to shine

Kendra: Looking forward to this! Right bro?

Charlie Brown: You know it sis!

Nico: This will be awesome too.

William: Hey, Kendra. Give Gaston a nice kick in the groin, okay?

Kendra: With pleasure.

Eli: This will be awesome.

We then arrived at Angel Falls, the Tallest Waterfall in the world.

Dr. Viktor: (to Prince Adam) You know, Adam, you don't need your

Beast form to help us kill Gaston again. It's your heart that's your true strength

Prince Adam: That is true and my heart and love for Belle and my friends are more than enough for that.

Me: Glad you think so Prince Adam.

Lori: We literally will not let Gaston win again.

Nico: No we won't.

Nicole: Stay close everyone. Hope you brought umbrellas because it's gonna get wet.

We went into a cave and then we went through a tunnel and then in a huge room we found a huge temple!

Blizzard Man: There it is!

Nicole: Wow! At long last we found it! The temple of Pachamama.

Nico: It's amazing.

We went into the temple and on an altar in a big room with nature and leaves with a beam of sunlight shining onto it was a green bladed sword with leaves for the handle, hilt and pommel!

Nico: WOW!

Nicole: There it is! At long last.

Me: The Sword of Pachamama.

Kaos: Anyone want to do the honors?

Tiffany Emmerson: I'll go.

Nico: Okay.

Lincoln: Be careful Tiffany.

She went up to the sword and then she grabbed the sword handle and then SHE SUCCESSFULLY PULLED IT OUT! She then got an immensely powerful power and energy increase and then was enveloped in a massive vortex of flowers and grass and leaves. Then her power was increasing at an incredible rate and then when the vortex faded she had amazingly beautiful angel wings and they were awesome! She also had a leaf and flower trench coat with a fairy on the back.

Nico: WHOA!

Nicole: Incredible! The sword chose her!

Laney: So awesome!

Tiffany Emmerson: Wow! This is incredible!

Lincoln: It sure is. Tiffany how do you feel?

Tiffany Emmerson: Amazing Lincoln.

Terrorsaur: Now would be a good time for the entrance!

Nico: I sense him. Lets do it.

We went into hiding and then we saw a figure limping in and it was Gaston!

Gaston: I will have that power! And then Belle will be mine!

But when he got to the altar he saw THE SWORD WAS GONE!

Gaston: NO! (Infuriated) NOOOOOO!

But then a bunch of spirits came in and they were laughing goofily and it was funny. They were the Elements of Silly Weather and then they swirled around Gaston and then converged and then a tree grew in front of him and it was a huge one and then a bunch of pods came out and then popped open in a bunch of explosions of leaves and then we came out.

Nico: Hello Gaston! Welcome back. We missed you.

Gaston growled ferociously.

Nico: You like how we have increased in numbers since the 20 Days of Darkness?

Gaston: BELLE IS MINE!

Nico: Over my dead body she will be you motherfucking shithole.

Gaston: You dare insult me?!

Technus: Conidering that Sora and the others didn't bother to face you the first time, we've got every right to insult you!

Me: And they are gonna be good when we put you in your place. As far as we can tell Gaston, you are NOT THE BEST AT ALL!

Gaston then snapped when he heard me say that!

He went at me and then…

POW!

I punched him in his face and smashed him down!

Then Silver Samurai, Snake, Mole Man, LeGrange, Grodd, Goliath, Atomic Skull, Calamitous, Skinner, and the Dark Turtles appeared!

Nico: Silver Samurai, Snake, Mole Man, LeGrange, Grodd, Goliath, Atomic Skull, Calamitous, Skinner, and the Dark Turtles.

Snake: Dude this guy has some serious problems.

Me: You don't know the half of it Snake.

Silver Samurai: Congratulations on your sword, Tiffany.

Tiffany: Thanks!

Snake: You've definitely earned it.

Mole Man: Gaston sure hasn't.

Nicole: That's because only those that are pure of heart can wield the sword.

Me: Yep.

LaGrange: (to Nico) We heard you faced another version of Godzilla.

Nico: We sure did.

Grodd: How difficult was he to take down?

Nico: Not difficult at all thanks to our power.

Me: This was also the Godzilla we took down in the old days before the Team started out.

Grodd: Wow.

Nico: Yep.

?: That is cool.

A figure came out and it was KATANA from episode 18 of SPD!

---

He was found by a member of the Shinsengumi and trained to protect it from invaders. He is brought to the future through a time portal by Emperor Gruumm and is startled by the changes. Broodwing convinces him that the Power Rangers are his enemies, but he battles the Red Ranger and decides that he is an honorable fighter. Katana decides to return to the past through another time portal.

---

Jack Landors: Katana!

Katana: Been a truly long time Red Ranger.

Me: I remember you. You were a member of the Shinsenguumi and you were brought to the future by Emperor Gruum and you battled

Jack and later returned to the past.

Katana: That is correct J.D. I realize now that Gruumm lied to me.

Me: He lied to many bad guys.

Maria: You're actually one of the few monsters that's not a Troobian.

Katana: I know. I was only tricked into fighting the Rangers.

Nico: That's right. Gruumm has no honor.

Me: If we face him on one of the upcoming big missions we have he will be getting the Black Gates for sure.

Eli: Absolutely.

We got the usual battles underway.

Jayden Shiba, Rainbow Dash, Scootaloo, Air Skylanders, Samurai Rangers, Slog and Wildfly VS Kenuichio Harada A.K.A. Silver Samurai - Nico's Rescue and us destroying Godzilla 20,000 Years into the future and meeting an Evolved Toku'Star Gene-Slammer

---

Silver Samurai was first.

Silver Samurai: (to Jayden) Nico and the others did an amazing job destroying Godzilla 20,000 Years into the future in his rescue. And they also met an Evolved Toku'Star Gene-Slammer.

Jayden: They sure did and it was really cool to see. This was also all from an adventure that happened in the teams old days.

Rainbow Dash: Yeah it was awesome.

Scootaloo: It sure was. But it was horrible that all of that could happen to that world like that.

Whirlwind: No kidding. That was crazy.

Kevin (Samurai): But the gene-slammer they met is Yumi Korra and she is a Paul Bunyan size girl gene-slammer. But she is an awesome lumberjack and loves pancakes.

Silver Samurai: She sure has an amazing appetite and talent. Lets do it!

Samurai Rangers: SAMURAIZER! GO GO SAMURAI!

Antonio: SAMURAI MORPHER! GOLD POWER!

They transformed!

Jayden: "Red Samurai Ranger, ready!"

Kevin: "Blue Samurai Ranger, ready!"

Mia: "Pink Samurai Ranger, ready!"

Mike: "Green Samurai Ranger, ready!"

Emily: "Yellow Samurai Ranger, ready!"

Antonio: "Gold Samurai Ranger, ready!"

All: "Rangers together, Samurai forever! Power Rangers Samurai!"

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and they were ready for action!

They fired waves of elements, rainbows, lightning and wind and smashed him down.

Jayden: Samurai Rangers victory is ours.

Rainbow Dash: That was AWESOME!

---

Fiona, Starlight Glimmer, Cozy Glow, Undead Skylanders, Dick Dastardly, Slag Brothers, Penelope Pitstop, Fuse Man and Spark Man VS Snake - Lincoln's Rescue

---

Snake was next.

Snake: (to Fiona) Dude, I heard Lincoln's rescue was in Night of the Twisters. How was it?

Fiona: Awesome and really well. It was a great adventure and an awesome rescue too.

Starlight Glimmer: Yeah it was awesome. But the tornadoes were scary even under the cover of night.

Cozy Glow: They sure were scary.

Hex: Yeah all tornadoes are scary.

Dick Dastardly: They sure are scary.

Snake: You're not kidding there. Lets do it!

---

Martian Manhunter, Applejack, Apple Bloom, Earth Skylanders, Lewis, Mason Brown and Battletrap VS Mole Man - Meeting an Evil HERO Wild Cyclone Gene-Slammer

---

Mole Man was next.

Mole Man: (to Martian Manhunter) I heard you guys met an Evil HERO Wild Cyclone Gene-Slammer. What's her name?

Martian Manhunter: Her name is Tiffany Emmerson and she is a really amazing and gifted girl.

Applejack: But we also found out that she has a really dark story. Her father died in a tragic accident when she turned 18 and her mother lost her mind.

Apple Bloom: She blamed Tiffany for it and she hates her!

Mole Man: What!? How delusional can she get!? She had nothing to do with that happening. It was an accident.

Apple Bloom: Yeah and she ruined her life and Tiffany had to put a restraining order out on her. But she keeps violating it.

Mole Man: She needs a lot of professional help. She needs to be sent to the Saturn Insane Asylum. I'm no psychologist but she needs to be sent to a mental hospital. The way I see it, Tiffany's mom is suffering from a lot of emotional trauma and it damaged her mind beyond repair.

Flashwing: That is awful that happened to her.

Lewis (Meet the Robinsons): Yes it most sure is. Poor woman.

Mole Man: I feel bad for her. I hope she can get some help.

Applejack: Don't you fret. Lincoln convinced Tiffany to send her to the Saturn Insane Asylum.

Mole Man: Good. Lets do it!

They fired waves of apples, rock, earth, crystal and energy and smashed him down.

Martian Manhunter: That was good.

Applejack: YEEHAW! That was great!

---

LaGrange was next.

LaGrange: (to Vert) I heard today was Zarya's Final Ambassador Mission. And that she's now Kaito's big sister.

Vert: She sure is and this was one of the most eventful Ambassador Missions of all. We saw all sorts of awesome things happen during these missions and they were so cool!

Fluttershy: Zarya and J.D. all had a lot of fun on these missions. They were amazing to watch on TV too.

Tornado Bolt: They sure were. I hope Rarity has a lot of fun like that on her Ambassador Missions with the Kiramagers like Zarya did.

LaGrange: I have a feeling she will and that is so awesome that J.D. summoned the Donbrothers Red Ranger. They are a series in progress right now.

Stealth Elf: They sure are and we have to wait about a year for them to be done.

Kick: But whatever adventures they have in the future it will be awesome.

Kendall: Yeah it sure will be cool.

Gunther: I agree there.

LaGrange: Zarya's Ambassador Missions were some of the best ever. I hope Rarity's are like that too. Lets do it!

Donkey Kong: I have a feeling that after today he will.

Pinkie PIe: Yeah that was so awful that he wants Belle like that.

Whenua: Well it's not a competition but yes I agree on that.

Sunset Shimmer: Gaston has done all sorts of terrible things to show his pride

Pipsqueak: (British Accent) And all just to show off and try to make Belle his.

Princess Luna: That is really amazing and Mothra has been a great monster queen.

Gari: They all are beautiful.

Blackout: They sure are. Especially 2019's version.

Finn: I agree there. Mothra is really beautiful.

Jake: But what is really scary is that Metphies has King Ghidorah as a god.

Flame Princess: Yeah no kidding. That is amazing.

Princess Bubblegum: But it would really be amazing if one of Nico's friends was a King Ghidorah Gene-Slammer.

Atomic Skull: (Laughs) Yeah Metphies would get a really big shock out of that! King Ghidorah in Human Form. Queen of the Space Monsters.

They laughed at that.

Atomic Skull: Yeah. Lets do it!

They fired waves of darkness and smashed him down.

Maggie: That was awesome.

Princess Luna: A true victory of the night!

## Lisa Loud, Twilight Sparkle, Starshine Sparkle, Sunny Starscout, Magic Skylanders, Flint Lockwood, Sam Sparks, Stewie and Bowser Jr. VS Calamitous - What happened to Haruo and Yuko's world was horrible and it was all before Nico joined us

Calamitous was next.

Calamitous: (to Lisa) What happened to Haruo and Yuko's world was horrible. Not to mention that it was all before Nico joined you all.

Lisa Loud: It was before our team officially got it's name actually. It was all sparked when Godzilla decimated much of the entire planet and forced the remaining survivors of Earth to flee and it only added more fuel to the fire for the survivors.

Twilight Sparkle: Yeah it was horrible. So many people lost their lives on and off Earth.

Starshine Sparkle: Yeah that was terrible. I feel really bad for Haruo and Yuko. But thank goodness they are okay.

Sunny Starscout: And this all happened back in the old days when the team was still forming? That is awful.

Spyro: Yeah it sure was. All the people of Earth did nothing to deserve all that happening to them.

Flint Lockwood: Yeah that was awful.

Sam Sparks: No kidding. At least they are safe now.

Calamitous: Yes I most agree there. Lets do it!

They fired waves of magic and energy and smashed him down.

Lisa Loud: A Most amazing success!

Twilight Sparkle: That was amazing!

## Dana, Rarity, Sweetie Belle, Water Skylanders, Manny, Sid, Diego, Scrat, Tundra Man and Blizzard Man VS Skinner - Godzilla in 20,000 years was the biggest one we had ever seen

Skinner was next.

Skinner: (to Dana) Godzilla in 20,000 years was the biggest one we had ever seen. I don't even think there's any bigger version than him!

Dana: No there isn't. At 300 meters or 990 feet this version of Godzilla is EASILY the biggest we've ever seen. And this Godzilla was 6 times larger than when he made his first appearance in 1954.

Rarity: We saw the footage of what happened to Japan back in that time.

Sweetie Belle: Yeah it was horrible! No one even saw it coming. Godzilla appeared for the first time and turned much of Tokyo into a raging sea of flames.

Skinner: I remember seeing that. That was horrible! And I heard that J.D.'s grandfather helped out in destroying Godzilla the first time.

Gill Grunt: He sure did and that was so awesome.

Manny: That is really something.

Sid: It sure is cool.

Diego: I'll say.

Scrat agreed too.

Skinner: No kidding. And you all defied the impossible by killing the King of Monsters himself. Wow! Lets do it!

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: Why does Gaston want Belle to Marry Him?

Fiona Hernandez: He wants Belle to be in his control forever. He did so many things to try and win her heart but it was all fruitless.

Himiko: Yeah that guy has problems and he needs to be stopped.

Apple Bloom: He has no respect for women anywhere.

Sweetie Belle: Yeah and he even tried to put Belle's father in a nuthouse as part of an extortion scheme to force her to marry him.

Scootaloo: Yeah no kidding! What a fiend!

Diamond Tiara: Gaston is the one that needs to go to a nuthouse!

Silver Spoon: Yeah no kidding! What a heartless jerk!

Misty Tredwell: He has no love for women at all.

Pink Ranger Slayer: I agree there! True love cromes from the heart and never with pride. Lets do it!

They fired waves of fire and elements and smashed her down!

---

Weddinmon was next.

Weddinmon: Gaston really deserved to be thrown from the castle like in the movie.

Marie Hernandez: I agree there and that was a very fitting end to that chauvinistic freak!

Ibara Shiozaki: I agree myself. As a holy girl I would never do that to anyone like what Gaston did.

Frozen Fright: Me neither. If me and my brothers ever get girlfriends we would never do that. We have too much honor for that.

Thunder Terror: Yeah we may be bad guys but we have a lot of honor and love for girls.

Magma Gloom: Yeah no kidding.

Toxic Horror: Yeah no kidding. But what Gaston was doing was awful.

Louie PoisonSea: Yeah no kidding.

Weddinmon: He brought it all on himself. Lets do it!

They fired waves of lightning and elements and smashed her down.

Marie Hernandez: LIGHTNING WINS!

---

Marcel was next.

Marcel: Boy Gaston is sure full of pride over himself isn't he?

Nicole Hernandez: You have no idea! I loved watching Beauty and The Beast back when I was a little girl and it was a great movie. But Gaston formed a Lynch Mob to kill the Beast and leave no one in the castle alive. He was going to have the entire castle turned into a Mausoleum.

Star Swirl: Yeah what a monster. He really crossed the Moral Event Horizon on that one.

Marcel: What's the Moral Event Horizon?

Nicole Hernandez: It's where a villain does something that is so terrible that they have crossed beyond the point of no return and they become irredeemably pure evil.

Rockhoof: (Scottish Accent) Aye. That is true and a monster like Gaston deserves jail or death.

Somnambula: (Egyptian Accent) Yes he deserves every second in prison.

Mistmane: He sure is a monster.

Flash Magnus: I agree there and Gaston is doing all this just to get Belle?

Mage Meadowbrook: Yeah no kidding! What a fiend!

Gusty: Yeah what a jerk!

Clover the Clever: He has no soul.

Marcel: Boy he sure doesn't. Lets do it!

They fired waves of darkness and magic and smashed him down.

Nicole Hernandez: DARKNESS WINS!

---

Su Yung was next.

Su Yung: Gaston may be a great hunter but true love is one thing he will never have.

Natasha Hernandez: That is for sure. Gaston is a monster and he needs to go away forever.

Princess Celestia: He reminds me so much of my nephew Prince Blueblood. But thank goodness he is not a hunter or has chauvinistic tendencies.

Princess Luna: That is for sure sister. At least Prince Blueblood has honor though.

Princess Cadance: That is true.

Minuette: Yeah but what Gaston does is the opposite.

Twinkleshine: Yeah! He was going to kill Prince Adam and everyone in the castle and turn it into a crypt!

Lemon Hearts: And it was all because of his jealousy and he formed a Lynch Mob because of it.

Moondancer: He sure did and that was awful.

Lyra Heartstrings: Yeah no kidding. That was awful.

Su Yung: It sure was. What year does Beauty and The Beast take place?

Natasha Hernandez: Not really sure myself but the internet said somewhere between the 1790's and 1880's.

Su Yung: Wow that is a long time ago.

Sunset Shimmer: Yeah that is amazing.

Twilight Sparkle: Yeah it's awesome too.

Brittney Knudson: Yeah no kidding but it's really cool too.

---

Admiral Zhao was next.

Admiral Zhao: Awesome call having Xaldin help out against Gaston.

Catherine Iroh: It was a good call there. I heard from Lincoln and Nico that a long time ago that Lori hated Xaldin's guts for trying to destroyed Prince Adam and Belle's romantic relationship and I quite personally I don't blame Lori one bit for that.

Layla MacKenzie: Yeah that was good that Lori was willing to defend a good relationship.

Sakura Avalon: It sure was and we're proud of her for that.

Madison Taylor: We sure are and we're proud of her for defending true love like that.

Chelsea: We sure are and it is awesome.

Nikki: Same here. That was very courageous of her.

Rita (Cardcaptors): It sure was cool.

Kero: Yeah that was really brave of Lori for doing that.

Li: It sure was. If only Meilin can stop clinging onto me like that though and I already have a girlfriend.

Yue (Cardcaptors): She has been a problem though. But we should get her to be with us again. She did help us a while back.

Carly Atlas: That is true. I heard about that.

Misty Tredwell: That's right.

Admiral Zhao: Wow I didn't know Lori had such a big history with Xaldin before. Lets do it!

Chancellor Puddinghead: It sure was awesome.

Smart Cookie: I liked it and it was great. You have a great singing voice LeFou.

LeFou: Thanks! I'm glad you liked that song and it was awesome to sing it for Nico.

Clover the Clever: Yeah it sure was. That song is one of my favorites too.

Penance: Sorry we dropped Nico's chair on you though.

LeFou: No worries. That happened to me quite a lot so I'm used to it.

Penance: You are a really tough guy LeFou.

LeFou: Thanks. Lets do it!

They fired waves of elements and energy and smashed him down!

Himiko: Take that!

Princess Platinum: That was awesome!

---

Sunny Starscout: He deserves to be strangled to death.

Izzy Moonbow: He is a disgrace to men everyone.

Hitch Trailblazer: Yeah and I for one would never do that to a girl.

Pipp Petals: Yeah no kidding!

Zipp Storm: Yeah he deserves this.

Himiko Toga: No kidding! But something is bothering me. But what the hell happened to the good days when someone does something like that to a girl and bunch of guys would get together and just go kick his fucking ass!?

Sunfire: Yeah those were the good days.

Diamond Tiara: No kidding.

Cozy Glow: Yeah.

Sunfire: Gaston will get what's coming to him. Lets do it!

They fired waves of fire and magic and smashed him down.

Rhonda Monroe: OH YEAH!

Sunny Starscout: YEAH!

---

SPD Rangers, Megaforce Rangers, Nico, Eli, Nunnally, C.C., Laney, Lincoln, Lola, Lana, Lisa and Lily VS Katana (SPD)

---

Katana was next.

Nico: This will be fun.

Nico Teleported and opened Katana's safe and in it was a bunch of swords called the Destroyers of Dr. Wasabi, they're large swords with the anti-Dr. Wasabi symbol etched onto the 6'9" massive, wide, double-edged, blades, large angel wings for the crossguards, large colored gems embedded in the rainguards, longer black handles, and large colored gems with surrounding angel wings for the pommels. Once in hand, they'll get a massive power and energy increase.

Nico teleported back with the swords.

SPD Rangers: READY! SPD EMERGENCY!

They transformed and were ready!

Megaforce Rangers: LEGENDARY RANGER MODE! SPD!

The Megaforce Rangers turned into the SPD Rangers too!

Nico: Now for this! SPD MORPHER! JUDGEMENT MODE!

Nico pressed a button and a timer came on. 30 seconds later a Green Circle Lit up!

Nico: Innocent! That's a first. Guess instead of blasting you and locking you up we'll have to have you placed into being one of our archenemies in the future.

Katana: That's a good idea Nico.

Eli: I like it. We'll have to think of something for that though.

Nico: Yep. So this battle for us is Null and Void.

---

Lori and Xaldin VS Gaston

---

Lori and Xaldin were facing Gaston first.

Lori: You literally disgust me Gaston!

Xaldin: Yeah no wonder your fellow villains hated you!

They fired waves of wind at him and blew him around in a tornado.

---

Kendra and Charlie Brown VS Gaston

---

Kendra and Charlie Brown were facing Gaston next.

Kendra: You chauvinistic motherfucking cockroach! YOU ARE IN BIG TROUBLE!

Charlie Brown: YEAH YOU JERK!

They went at Gaston and then…

DING! SICKENING CRUNCH!

They smashed their feet square into his crotch with devastating force!

---

Megaforce Rangers: LEGENDARY RANGER MODE! DRAGON BLITZKRIEG!

The Megaforce Rangers turned into the Changeman Rangers!

Me: Lets get him guys!

Laney: YEAH! YOU HAVE SURVIVED FOR FAR TOO LONG!

We went at him and pulverized the living crap out of him!

Tassanil and Crawsectus both smashed and pulverized him all over the place.

Blitz: (Arnold Schwarzenegger Accent) Hope you like being bitten!

CRUNCH!

He bit him in the butt!

Colleen bashed him all over with incredible force and power from her kicks.

BAM SMASH WHAM BIFF SMASH!

Me: Ready boy? MUZZLE HIM!

I released Muzzle and he lunged at Gaston and ripped him apart and pulverized him to dust.

They fired a massive Big Bang Attack powered by the nature goddesses at Gaston which explodes on contact!

POWERFUL AND MASSIVE EXPLOSION!

The blast knocked him out and he was down.

Lincoln: It's over, you chauvinistic pig, you are never going to torment Belle and Prince Adam ever again.

Suddenly, Lincoln was surrounded by a massive vortex of silver energy with clocks ticking, and when he emerged, the 17-year-old 7'5" tall, handsome, and extremely muscular man's long, white hair that reached the bottom of his neck silver except for the rainbow lightning bolts on the bangs, his deep sapphire blue eyes turned deep silver, the eight large orange orbs orbiting around his legs turned silver, his large blue pants turned white, but the rainbow colored lightning bolts on them remained the same, his massive orange bands with silver phoenixes on his abnormally massive and powerful biceps and thighs turned silver, his orange version of He-Man 2002's loincloth and long orange trenchcoat coattails with elemental forces, thunderbirds, buffalo, and angels with hanging small silver lightning bolts turned silver, and his massive deep sapphire blue angel wings with stars turned deep silver. Lincoln transformed into CHRONO LINCOLN, his ninth Elemental HERO form.

We were amazed by the new Elemental HERO form of Lincoln, and the girls in his harem had atomic red blushes on their faces. Suddenly, we saw clocks surrounding Lincoln, and then, the bell tolling in the air, the sound of judgement.

Lincoln: (Singing Divinely) I see a cold wind blowing through, I see

days neither fun nor free, I see a future caused by you, I see a path not meant to be. Your future should filled with magic, dreams, and wishes brought to life. But, the days ahead are dark and tragic, no time for hope when all is strife, whatever might have been, all the dreams that you did share, because of you, Gaston LeGume. Now, the future is a cold nightmare.

Nico and I had shivers going down our spines and so did many of us when Lincoln sang that song.

Then, Lincoln fires powerful blasts of silver energy and time energy from his massive angel wings, and as they hit Gaston, the Chronos' Vengeance curse he created took effect as Gaston was aged rapidly to the point where he looked like a 150 years old man, his looks were all gone, and when he saw what happened to him, he was horrified.

Nico: Dang.

Me: Nice one, Lincoln.

Lincoln: (Changes back to normal) Thanks, guys.

We tied him up and beamed him over to the Neptune Prison.

Nico: Good riddance.

Goliath: (to Kendra) Are you glad you got to spend time with Charlie?

Kendra: I sure am!

Atomic Skull: Glad to hear it.

Nico: This was awesome too.

Calamitous: I can't wait to see which villain we'll fight next.

Yumi Korra: I think I'm gonna love it here with you guys.

Skinner: You definitely will.

Nico: Absolutely.

Dark Mikey: And you're the size of a regular human.

Me: And have the power to change size at will.

Dark Raph: Now, you get to experience what all humans do.

Nico: Yep. We're almost done here though.

?: I will destroy all of you pathetic humans for what you did to Volf and Zedonius!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, TLPS Ms. Tarantula's, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large midnight blue orbs orbiting around TLPS Mr. Wolf's legs, the eight large crimson red orbs orbiting around Naruto and Nate Adams' legs, the eight large fiery red orbs orbiting around Zach Gurdle's legs, the eight large silver orbs orbiting around Clyde McBride's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large black orbs orbiting around Lucy, Lars, and Dudley Puppy's legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam, Lana, and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blood red orbs around Marco Diaz's legs, the eight large blue orbs orbiting around Lori, TLPS Mr. Shark, Skippy, Sean Bolton, and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan, TLPS Mr. Snake, and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby

Santiago and Nico's legs, the eight large rainbow orbs orbiting around Rainbow Dash's legs, the eight large aqua and ocean blue orbs orbiting around Varie, William Dunbar, and Adam Lyon's legs, the eight large white orbs orbiting around Timmy Turner's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our Bracelets of The Champions of the Universe were glowing, and that means we've got big trouble incoming, especially when we saw lightning crackling in the skies.

Blitz: (Arnold Schwarzenegger accent) That scent, I knew there's no mistaking it, you can come out now, Alexei.

A bolt of lightning struck the ground, and out of the bolt of lightning appeared Alexei, Ruler of Graceful Lightning and the third member of The Four Greater Fiends.

Ayane: Alexei, I should've guessed you'd be the next one to come out.

Alexei: And now, I will destroy all of you pathetic humans, along with this entire world!

Blitz fired a blast of red, yellow, and black energy, and it hits Alexei in the chest.

Blitz: (Arnold Schwarzenegger accent) No, your fight's with me, Alexei.

Lincoln: Along with me.

Suddenly, Blitz's brown eyes turned neon brown, and he was surrounded by a red, black, and yellow energy aura with lightning bolts and Dobermans, and bolts of lightning came crashing down from the heavens, he then unholstered his massive Thor's Lightning Sword of Canine Strength from his wider and more muscular back, and as he approached Alexei, he left red, black, and yellow energy, lightning bolts, and Dobermans with every step.

Blitz: (Arnold Schwarzenegger accent) None of us will ever let a hate-filled fiend like you get away with trying to destroy the world and all of mankind, Alexei, and this time, I'll see to it that you never come back ever again!

Suddenly, Blitz was surrounded by a massive vortex of red, yellow, and black energy with lightning bolts surrounding the vortex, there's a Doberman running around the vortex, and in the vortex is a dark brown phoenix. Then, as the vortex faded, Blitz emerged, but he was changed forever.

The 7'5" tall and extremely muscular German Doberman remained the same, along with his brand-new clothes, but he also now has a full head of dark brown hair that went down to his neck, he has neon brown eyes and a red, yellow, and gold energy aura with lightning bolts and Dobermans surrounding him, he has a Doberman with the German flag and the Thunder Kanji in its paws emblazoned on his forehead, his red dog collar with gold dog tag turned into a choker for his wider neck and he has on his Crystal Necklace of The Buddha with red, yellow, and black crystal links and a Doberman with red, yellow, and black gems for eyes and holding the German flag and the Thunder Kanji in its paws for the pendant across his bare chest, and tattooed on Blitz' wider and more muscular back is a Doberman surrounded by lightning bolts and the German flag above it. Suddenly, Blitz felt a sharp pain on his wider and more muscular back, and then, massive dark brown angel wings with red, yellow, and black tips on the large dark brown feathers, sprouted out from his wider and more muscular back.

Blitz has on his new large gold cuff Bracelets of the Champions of The Universe with red, yellow, and black gems on his wrists above his large silver gauntlets with red, yellow, and black gems on his massive and powerful muscular forearms, his new large gold Belt of Elemental Bravery with a golden Doberman head with red, yellow, and black gems for eyes and a large red, yellow, and black gem in its open mouth for the belt buckle on his waist, large red, yellow, and black Spellbook of The Gods and The Universe and large red, yellow, and black Universal Spellbook of The Elemental Forces on his left hip and Eater of Sins revolver holstered on his right hip, and a Ring of the Phoenix with large red, yellow, and black gem on his left ring finger and Blue Lantern Corps ring on his right ring finger, there's a red, yellow, and black kanji below the Doberman that said, "Blitz, Member of The Road Rovers, Loyal Dog of the German Prime Minister, Friend to Hunter, Blitz, Colleen, Shep, Muzzle, and Professor Shephard, Destroyer of General Parvo, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Patriotic Dog of Germany, Emissary of Thor, and Master of Lightning."

ブリッツ、ロードローバーのメンバー、ドイツ首相の忠実な犬、ハンターの友、ブリッツ、コリーン、シェップ、銃口、そしてシェパード教授、パルボ将軍の破壊者、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、驚くべき強力な教師の驚くべき強力な学生、ドイツの愛国心が強い犬、トールの使者、そして稲妻のマスター

Blitz has transformed into SUPER ANGEL INFINITY SUPERCELL THUNDERSTORM GERMANIC STRENGTH DOBERMAN ANGEL OF LIGHTNING CANINE JUSTICE AND ELECTRIC HOPE!

We were amazed by Blitz' Super Angel Infinity transformation, but when Alexei saw it, he flew into a rage and fired a blast of lightning at Blitz, but Blitz absorbed the blast, and it made him stronger than ever.

Hunter Drake Michaelson: (German Accent) Alexei made the big mistake in trying to blast Blitz with a blast of lightning.

Blitz: (Divine Echoing Cosmic Accent of The Lightning Doberman and Electric Justice) (Arnold Schwarzenegger accent) **Indeed he did, Hunter. But, like I said, I'm not the only one he's fighting today.**

Lincoln: That's right.

Suddenly, Lincoln was surrounded by a massive vortex of electric blue energy with lightning bolts, and when he emerged, the 7'5" tall, handsome, and extremely muscular man's long, white hair that reached the bottom of his neck turned electric blue except for the rainbow lightning bolts on the bangs, his deep sapphire blue eyes turned deep electric blue, the eight large orange orbs orbiting around his legs turned electric blue, his large blue pants had turned black, but the rainbow colored lightning bolts on them remained the same, his massive orange bands with silver phoenixes on his abnormally massive and powerful biceps and thighs turned electric blue, his orange version of He-Man 2002's loincloth and long orange trenchcoat coattails with elemental forces, thunderbirds, buffalo, and angels turned electric blue, and his massive deep sapphire blue angel wings with stars turned deep electric blue. Lincoln transformed into LIGHTINING LINCOLN, his seventh Elemental HERO form.

Then, Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Blitz.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get that hate-filled fiend of Lightning.**

Blitz and Lincoln went after Alexei, who fired blasts of lightning at them, but they absorbed the blasts of lightning and it made them stronger than ever, and Blitz and Lincoln fired powerful blasts of rainbow energy, red, yellow, and black energy, lightning, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Dobermans at Alexei, and they exploded with incredible power as they hit the Greater Fiend. Then, Blitz slashed at him with his claws, and he and Lincoln attacked Alexei with their massive swords, leaving wounds that won't heal.

Then, Blitz and Lincoln grabbed Alexei's wings in their large hands.

Blitz: (Arnold Schwarzenegger accent) **Now, let's you fly without your wings!**

Then, Blitz and Lincoln ripped Alexei's wings off his back, and he screamed in excruciating pain.

Hunter (Road Rovers): (Winces) Ooh, that's gotta hurt!

Blitz: (Arnold Schwarzenegger accent) **Now, then, Lincoln, would you do the honors?**

Lincoln: **On it, Blitz.**

Suddenly, we saw Lincoln's canine teeth grow and elongate into fangs.

Nico: Uh oh, I think I know what he's going to, and he's not even in his Lincoln the Vampire form or in his Lincoln the Nocturnal form.

Me: Lincoln told me he can make his canine teeth grow into fangs, and he doesn't have to transform into his Lincoln the Vampire or Lincoln the Nocturnal Werewolf forms.

Nico: (Amazed) Really?

Colleen: (British Accent) Then, this means, he's going to suck out all of Alexei's powers and abilities and drain him dry of his life force.

Hunter (Road Rovers): And Blitz is going to deliver the final blow after Lincoln does his part.

Then, Lincoln grabs Alexei by his neck and hoists the Greater Fiend up to his face with his immense and infinite brute superhuman strength, and he bites Alexei on his neck, and Lincoln begins sucking out all of Alexei's lightning powers and abilities, and his rainbow energy aura with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo flared up extremely, as he gained a massive power boost and made his powers his own. Then, Lincoln began sucking out and draining Alexei of his life force, as we saw Alexei shriveling up, and as soon Lincoln was done, Alexei was then reduced to a mummified withered husk drained of life, and he tossed the corpse to Blitz, who cuts down Alexei, and he exploded in purple flame, and as soon as his spirit appeared, he was sent to The Black Gates and erased from existence forever. We cheered wildly for what Blitz and Lincoln did, as they holster their massive swords on their wider and more muscular backs and powered down, and Blitz' new body, clothes, weapons, jewelry, and massive dark brown angel wings are permanent.

Nico: Blitz, you and Lincoln did an awesome job in getting rid of Alexei for good.

Blitz: (Arnold Schwarzenegger accent) Thank you, Nico.

Hunter (Road Rovers): Looks like you've really redeemed yourself, Blitz. You really proved yourself and you and Lincoln worked together and put that fiend, Alexei, down for good.

Exile: (Russian Accent) Indeed, and now, all that's left…

Colleen: (British Accent) Is none other than Elizébet, Ruler of Blood and Queen of the Greater Fiends. I'll make sure she never returns again, and she'll meet the same fate as her fellow Greater Fiends.

Nico: You'll definitely show her what for, Colleen.

Kendra: (To the viewers) This was an awesome battle and we have now seen the last of Gaston. Hopefully for good.

Me: Yeah no kidding.

Nico: Yep.

Don: You guys did great though! Next challenge is in Colombia. Something big is going on over there and it will be brutal. So geet ready.

Nico: We will.

We then went back to the flying fortress.

TO BE CONTINUED…

Part 8 Finished

Venezuela is awesome. The next rescue is gonna be in the movie The Crater Lake Monster from 1977 and Nico, Layla Williams, Eli and me are going there to solve the mystery of a mysterious prehistoric monster that is terrorizing a lake town in northern

California and we're also going to meet a gene-slammer for Plantapocalypse named Tammy Lincolnshire and she is from England. The next rescue for Lincoln is gonna be in the AAAHH! Real Monsters Episode called Quest for The Holy Pail and we're going to see more of the Monster World and journey to find the Holy Pail like how Lucy did. And we're going to meet a gene-Slammer for Blackwing - Sirocco the Dawn named Carol Cierra. Born in California, Carol is one of Lincoln's Guardian Angels and she is also the Gene-Slammer of Blackwing - Sirocco the Dawn and she is an angel and a powerful force to be reckoned with and she has a bad history with Sam Sharp's evil uncle Sinclair. Laney will go with Lincoln on that rescue too. The next part is going to be in Colombia and get ready for an explosive battle as we take on Dr. Rabel Salazar, a Biochemist that is one of the last descendants of the Malenque and is trying to destroy the world by using a plague that backfired on them centuries ago and we're going to make sure he never does so.

See you all tomorrow.

# RIDONCULOUS RACE PART 9 - Colombia

Flying over the forests of Northern California was me, Nico and Layla Williams and we got reports of a strange series of slayings in the area from a strange and unseen force.

Nico: Thanks for coming with me, Layla.

Layla Williams: No problem Nico. This is gonna be so awesome going with you on this rescue.

We landed by the lake and it was a strange and terrifying place.

Me: Whoa this lake looks scary.

Nico: Yeah. I've got a really bad feeling about this.

Me: Me too. But this lake looks really familiar.

Nico: Layla, I'll never forget the day we met you and your friends.

Layla Williams: That was so awesome and we met at Sky High.

Me: That was so awesome. And we kicked a lot of villain butt there and demonstrated our power.

Nico: We sure did.

But then we heard a really ominous growl in the area.

Me: Oh man.

Nico: What is that?

Me: It sounds like a monster.

Nico: We're not alone here.

Layla Williams: Yeah I sense it.

I looked around but I couldn't see anything.

Me: I don't see anything. But maybe…

I turned on my infrared vision and I then saw a strange shape heat signal in the water. I looked and saw that it was a PLESIOSAURUS!

Me: WHOA!

Then it came out of the water and roared.

Nico: WHOA! A plesiosaurus!

Layla Williams: But how is that possible?

Me: Wait a second. This is like what happened in my rescue! This is the lake from the 1977 movie Crater Lake Monster.

Nico: Awesome!

It was coming at us.

Nico: Nobody… make… a sound.

We didn't move an inch.

It was coming right at us and roared ferociously.

Nico: Okay, NOW, we can make sounds!

?: Leave this guy to me!

A Rhododendronian appeared!

Nico: Whoa a Rhododendronian!

Rhododendronian: (In a girls voice) (British Accent) Jolly good to see you again Nico.

Nico: Tammy Lincolnshire? Wow it's great to see you too.

Tammy grew vines and entangled the Plesiosaurus and pinned it down with them.

Then she reverted back and she was a girl with light green hair, green eyes and light green clothes.

Tammy Lincolnshire: Jolly good. This creature will make a fine addition to your Paleozoic World.

Nico: It sure will and at least you didn't eat him.

Tammy Lincolnshire: I'm a true vegetarian but I for one would never eat a magnificent creature like this.

Me: I agree there and it's awesome to meet you Tammy.

Layla Williams: Same here.

Tammy Lincolnshire: Same to you both.

Nico: I hope it won't be pissed when it wakes up.

Layla Williams: I'll have Fluttershy come over so she can calm him down.

Nico: Awesome.

Me: But that was really awesome how you stopped it Tammy.

Tammy Lincolnshire: Thanks.

Layla Williams: What's your favorite memory of Nico?

Tammy Lincolnshire: I have a lot of them. But my favorite is when me and Nico saw a bunch of bullies pick on a bunch of kids and we came up with a really awesome humiliation tactic with my powers and Nico's pranks. I formed tomato catapults and I splattered the bullies all over with tomatoes and Nico pantsed the bullies and everyone laughed at them.

Nico: The Tomato Paste Pantsing Humiliation! (LAUGHS) That was funny!

Me: (LAUGHS) That was hilarious!

Tammy Lincolnshire: Yes it sure was.

Layla Williams: That is a great prank!

Tammy Lincolnshire: It sure was.

Nico and Tammy hugged.

Nico: I really missed you.

Tammy Lincolnshire: Me too Nico. Me too.

Me: Awesome you two are reunited.

Nico: Yep.

Me: Lets get this guy to Paleozoic World and then head back to the fortress. It'll be good to see how the city is doing.

Layla Williams: Yep.

We later went back to the city and gave the Plesiosaurus to Paleozoic World and we went back to the Floating Fortress.

Lincoln: Wow, we're here in the Monster World, and I know what we're going to do here, not only am I going to rescue the twenty three girls there, but Lincoln's going to find the Holy Pail, just like how Lucy did.

Lucy Loud: That's correct, Lincoln. I had my shot in finding the Holy Pail, and now, it's your turn.

Me: This is going to be so awesome, and we're also going to see more of the Monster World as well.

Ickis: That's right, J.D.

Lincoln: And thanks for joining us on our rescue, Laney, along with Ickis, Krumm, and Oblina.

Laney: You're welcome, big bro.

We journey through the Monster World, and we had to brave through the trials that were set when Ickis and Lucy Loud had to go through with when they had to find the Holy Pail, and Lincoln also slays the archers that were station there. Eventually, we came to the end of the heap, and right there is the Holy Pail.

Krumm: There it is, The Holy Pail.

Lincoln grabbed the Holy Pail, and the choir of angels could be heard singing in the air.

?: HELP!

Suddenly, Suddenly, Lincoln heard the sound of twenty three girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the twenty three girls, but they've been cornered by an army of vampires sent by Elizebet, Ruler of Blood and Queen of the Greater Fiends, and they're going to kill them.

Lincoln: Guys, I found the twenty three girls, but they've been cornered by an army of vampires sent by Elizebet, Ruler of Blood and Queen of the Greater Fiends, and they're going to kill them.

?: Let's get those murderous monsters!

Suddenly, we saw the Blackwing - Sirocco the Dawn appear before us.

Lincoln: That voice, I knew it was you, Carol Cierra. But, we'll have to talk later, we've got an army of vampires to kill.

Suddenly, Lincoln was surrounded by a massive vortex of blood red energy with blood surrounding it, and when Lincoln emerged, the 17-year-old 7'5" tall, handsome, and extremely muscular man's long, white hair that reached the bottom of his neck turned blood red except for the rainbow lightning bolts on the bangs, his deep sapphire blue eyes turned deep blood red, the eight large orange orbs orbiting around his legs turned blood red, his large blue pants turned black, but the rainbow colored lightning bolts on them remained the same, his massive orange bands with silver phoenixes on his abnormally massive and powerful biceps and thighs turned blood red, his orange version of He-Man 2002's loincloth and long orange trenchcoat coattails with elemental forces, thunderbirds, buffalo, and angels with hanging small silver lightning bolts turned blood red, and his massive deep sapphire blue angel wings with stars turned deep blood red. Lincoln transformed into BLOOD LINCOLN, his new Elemental HERO form, and his canine teeth turned into fangs.

Me: Whoa, those vampires are in big trouble if they fight against Lincoln.

Nico: You said it, J.D.

We rushed on over, and Lincoln, in his Blood Lincoln Elemental HERO form, fired a powerful barrage of rainbow energy balls, blood red energy, and balls of acidic blood, which hits some of the vampires in the back, and burned them, and it allowed the twenty three girls to get away. When the vampires saw us, they hissed angrily at us.

Lincoln: You vampires have no idea who you're FUCKING WITH!

Lincoln roared with incredible vampiric fury, terrifying the vampires, and he unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Gage the Hedgehog transformed and he got his massive sword out, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, and Me, Nico, Nicole, and Eli unholstered our massive swords and we transformed, and we went at the vampires, and we all fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, green flames, and water, and they exploded with incredible power as they hit the vampires.

Then, Lincoln made threads of acidic blood with stingers on the ends, and as they pierce the vampires in their chests, Lincoln began sucking out and absorbing their blood, and he started seeing their blood memories, and he indeed saw they were approached by Elizebet, Queen of The Greater Fiends and Ruler of Blood, to kill us, as revenge for what we did to Volf, Alexei, and Zedonius. When Lincoln was done, the vampires were all drained dry of blood, and their bodies were reduced to ashes. We cheer wildly as we holster our weapons and power down, and return to the academy.

Lincoln showed the Gromble and everyone in the Monster Academy that he had gotten the Holy Pail, and everyone cheered.

Gromble: Spectacular, Lincoln, just like Lucy, you also found the Holy Pail, truly spectacular.

Lincoln: Thank you, sir. (To Carol Cierra) And it's good to see you again, Carol Cierra.

Carol Cierra: You too, Lincoln, it's been a long time.

Lincoln went up to Carol Cierra and they hugged, and Carol Cierra's very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become.

Lincoln: It sure has been a long time, I haven't seen you when you were twelve, and as you can see, I really grew a lot since then.

Carol Cierra: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Whoa, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Carol Cierra, she was born in California, and she moved to Michigan when she was ten, and she's also another of my Guardian Angels.

Carol Cierra: And like with several of Lincoln's Guardian Angels, I also have a bad history with Sam Sharp's evil uncle, Sinclair T. Sharp.

Nico: Another Guardian Angel who's also had a bad history with that murderous racist and white supremacist. Sheesh, this guy's nothing but evil.

Lincoln: You said it, now, let's get you back to normal, Carol. Boys, you know the drill, and Nicole, you know what to do?

Me, Nico, Eli, and the rest of the boys cover our eyes as Lincoln snapped his fingers, and Carol Cierra was reverting back to normal. Carol Cierra is a beautiful 17-year-old girl with long flowing purple hair, dark purple eyes, fair skin, she's 6'5" in height, she has the body of a goddess, and she has massive purple angel wings, as she reigned in the power of Blackwing - Sirocco the Dawn, and she's in her birthday suit.

Lincoln: How do you feel, Carol?

Carol Cierra: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Carol Cierra her new wardrobe, a sleeveless dark purple vest, short-sleeved purple top decorated with flowers, purple skirt, purple pants, purple shoes, long sleeveless purple trenchcoat with lightning bolts and thunderbirds on the coattails with the Blackwing - Sirocco the Dawn on the back, and holstered onto her back is a large Blackwing - Sirocco the Dawn-themed sword with Blackwing - Sirocco the Dawn etched on the 6'5" massive, wide, double-edged, man-sized purple blade, Blackwing - Sirocco the Dawn's wings for the crossguard, large purple gem embedded in the rainguard, longer black handle, and large purple gem surrounded by angel wings for the pommel.

Carol Cierra: Wow, I love the outfit and sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Carol Cierra's neck with purple gems on the gold lightning bolts and purple crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Carol Cierra: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Carol.

Carol Cierra had a smile on her face and tears coming from her eyes, as she wrapped her arms around Lincoln's waist and Lincoln wrapped his abnormally massive and powerful muscular arms around her body, and he leaned down and kissed Carol Cierra on the lips, and she returned it, and we cheered for them. Then, we went up to the twenty three girls, and when Lincoln saw them, he immediately recognized them. The twenty three girls are Sakurajima Mai, Azusagawa Kaede, Futaba Rio, Koga Tomoe, Makinohara Shouko, and Toyohama Nodoka from Rascal Does Not Dream of Bunny Girl Senpai, Kakio Hazuki, Kuribayashi Yayoi, Momozono Mei, Hanamura Mirei, Tsukioka Machiko, and Yukino Uta from the Mouse anime, Guri, Hiyama Akane, Kichougasaki Yuzu, Shiramine Shikimi, Aino Akua, Shiina Mari, and Tiara from Love Tyrant, Purna Jackson, Xian Mei, Ashlee, and Dani from Dead Island.

Nicole Knudson: From Rascal Does Not Dream of Bunny Girl Senpai, the Mouse anime, Love Tyrant, and Dead Island, awesome.

Lincoln: Are you girls okay?

Sakurajima Mai: Yes, we're okay, thanks to you.

Then, when Sakurajima Mai and the other twenty two girls saw who it was that saved them from the army of vampires sent by Elizebet, the last of the Greater Fiends, their faces turned atomic red upon seeing the 17-year-old 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Sakurajima Mai: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twenty two clones of himself, and he and the twenty two clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they lean down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

We returned to the TLPS Flying Fortress and Lincoln shows everyone that he got the Holy Pail, the same one Lucy found years ago, and during the rescue, they were shocked when they found out the villains we went after were a group of vampires sent by the last of The Greater Fiends, Elizebet, Queen of The Greater Fiends and Ruler of Blood.

But, when Lincoln showed what he did to those vampires, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Carol Cierra now have a lot of catching up to do, now that she's back, and because of what Elizebet did, she just signed her own death warrant after the challenge today in Colombia.

---

After our adventure to get the Holy Pail, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Carol Cierra saw Lincoln working out like crazy, she had an atomic red blush on her face.

Cassie Evanstein: Whoa, I was right that Lincoln has really grown to be a 17-year-old 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his abs hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: Yep, and I've also trained a lot under some very powerful

teachers, J.D. and Nico included, Carol, and now, I can also defend myself.

Carol Cierra: That's incredible.

Nico: It sure is, Carol. So, what memories did you have with Lincoln?

Carol Cierra: I remembered this one time, Lincoln and I were playing a game of catch in the park with a frisbee he had with him. But, our game got interrupted by Lynn, when she charged in like a bull and rammed Lincoln and started roughing him up when she started punching him. I got so mad at that walking gym bag, I ran in and got her off Lincoln by grabbing her by her jersey and throwing her onto the ground. We tied her up in strong nylon rope so she couldn't get out, and after I treated Lincoln's wounds, we dragged Lynn's butt back home, and after I told Mr. and Mrs. Loud what Lynn did to Lincoln, Lynn got grounded for three whole weeks, and that meant no sports. Then, Lynn did something that shocked us: she squealed and told us that Lola hired her to pummel Lincoln for not being her butler at a tea party. But, Lincoln told me that he was planning to go to the park to play with me, but Lola busted in and ordered him to be a butler at her tea party, but he told her "no", and it got her so mad, she wanted revenge. So, she hired Lynn to beat Lincoln to death. For being the mastermind in it, Lola got grounded for four weeks with no beauty pageants, no tea parties, and no sweets.

We gasped in shock.

Me: Whoa, so you not only saved Lincoln from getting pulverized by Lynn, but Lynn also squealed and you found out Lola was the mastermind of this?

Nico: Talk about a revenge plot coming unraveled.

Lincoln: But, Carol saved me from getting violently beaten up by Lynn, who was on orders from Lola, who was the mastermind of that.

TLPS Mr. Wolf: (Growls Angrily) Those Dark Sides of The Louds are really starting to get me mad, especially Dark Lori, Dark Lynn, and

Dark Lola.

TLPS Mr. Piranha: You're not the only one, boss.

TLPS Ms. Tarantula: We all are mad at those monsters.

TLPS Mr. Snake: But, we gave them their just desserts when we transformed and pulverized them.

TLPS Mr. Shark: Yeah, and Lincoln trapped them back in their crystal prisons for good.

Lincoln: And thanks to me using the Dark Side Eternal Purification technique, we won't have any sort of trouble with them any time sooner.

We then got a shower afterwards, and after that, Lincoln, his harem, and his kids were going on their beach date, and this time, it's at Santa Marta Bay in Colombia.

Lincoln snapped his fingers, and the 17-year-old 7'5" tall, white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, angel, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

His harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

And his kids were dressed in swimsuits in their favorite colors, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, everyone, shall we?

Paige: Of course, Linky.

Nico: Be careful, you guys.

Lincoln: We will, Nico. If any drug gangs try anything, we'll pulverize them.

Lincoln, his harem, and his kids left the TLPS Floating Fortress, and they head for Santa Marta Bay in Columbia. When they arrived at Santa Marta Bay, it was a beautiful looking beach.

Ronnie Anne: Whoa, what is this place, Lincoln?

Lincoln: This, Ronnie Anne, is Santa Marta Bay in Columbia, it's an awesome beach, and since our challenge is here in Columbia today, this is a perfect place for our date.

Lincoln, his harem, and his kids dived right into the water, and they began swimming in the clear fresh waters, and they also saw the animals that lived in Santa Marta Bay, and they were amazing. Then, Lincoln and his harem had lunch at a picnic spot that he made, and then, after they kissed, they returned to the TLPS Flying Fortress, in case any drug cartel members are running loose.

Nico: Hey, Lincoln, how was your date?

Lincoln: It was awesome, Nico, we went to Santa Marta Bay in Columbia.

Me: Awesome, and I hope you guys didn't run into any drug cartel members.

Lincoln: Don't worry, we didn't.

Sam Simpson: And after we had our lunch, we returned to the Flying Fortress, in case if we run into the drug cartel members.

Nico: Nice one.

But, before we were about to head for Columbia, suddenly, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy signal, and he saw who it was in the vision: it was none other than Elizébet, Ruler of Blood and Queen of The Greater Fiends, the last Greater Fiend that needs to be destroyed, and she's hiding out in Columbia. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is Elizébet planning on coming after us after our challenge today?

Lincoln: You guessed it, Nico.

Ayane: So, we're finally about to deal with Elizébet once and for all. Here, let me tell you guys about Elizebet, so you can know just who we're dealing with.

Nico: Good idea.

Ayane proceeded to tell us about Elizébet, Ruler of Blood and Queen of The Greater Fiends, and we weren't going to like her one bit.

---

Elizébet

The Ruler of Crimson Blood and Queen of the Greater Fiends, Elizébet (血のエリザベート; Chi no Erizebeto, Elizebet of Blood) was tasked with retrieving an important ancient artifact from the ancestral Hayabusa Village, setting into motion the events that threatens the very existence of mankind and can be seen as the secondary antagonist.

Appearance

Elizébet is a Fiend female of average height having light brown hair and eerily striking clear golden eyes, she wears a blood-colored red overcoat that remains open and exposes her chest and Midriff. Around her chest she wears black garments around her breast that seems to be materialized greatly around her midriff she has an insignia tattoo above her navel, she wears baggy red pants to match her overcoat and red-heeled shoes. Later in the game she strips her clothes down to what's left of her garment and fully nude before transformation. Her fiendish form makes her resemble a more dragon or scorpion appearance having a tail and wings her stomach appears to be ripped off showing only spinal bone; her hair also turns red and she gains claws and red shoulder guards.

Plot

## Ninja Gaiden Sigma

Although never seen or mentioned during the Dark Dragon Blade Incident itself, it was later established that she made a pact with Murai, allowing him to obtain power from the Dark Dragon Blade.

## Ninja Gaiden Sigma 2

Elizébet is the Ruler of Blood and Queen of the Greater Fiends. She is also one of Vazdah's Four Deadly Greater Fiend Lords, and the blood priestess of the Fiend cult, the Order of the Necromantale. Long ago the Dragon Ninjas of old sealed her and her fellow Greater Fiends into a never ending sleep, until one day, she was awakened by Dagra Dai, the High Infernal Priest. Once awakened, she was tasked with the retrieval of the Jashinzou; the Demon Statue, guarded at all times by the Dragon Lineage. She approached the Black Spider Clan in hopes of gaining their services and makes Genshin, the Overlord of the Spider ninjas an offer he couldn't refuse: honour and glory for the destruction of the Hayabusa Ninja Clan, the modern descendants of the Dragon Lineage. After successfully stealing the Demon Statue from the Castle of the Dragon, Elizébet goes to South America, home of the Necromantale, and presents the newly empowered demon statue to Dagra Dai. She is then ordered to kill Ryu Hayabusa before he can interfere any further, and challenges him in her Fiendish form, but is defeated. She refuses to die and proclaims her return.

When Genshin lost to the Dragon Ninja at Mount Fuji's erupting summit, she resurrected him and turned him into a Fiend. She then mocked the Ninja Overlord when he lost to Ryu again, and challenged an angered Ryu in the Underworld. Despite her boosted powers in her fiend form, she was defeated by Ryu as he dual-wielded the Dragon Sword and the Blade of the Archfiend. As she let out an ear piercing scream, she solidified and crumbled to the ground.

## Abilities

Melee Attacks: She has a lot of tail attacks and even an impale throw. She also has a few short ground combos.

Flight: She mostly flies.

Life inducement: Elizebet is able to give life to a person and turn it into a demon.

Blood Attacks: While in flight, she can shoot blood at the player. If it touches the player, she regains a bit of her health

Stun Rings: While in flight, she can project ground rings around the player. If the player stays in them, they will be stunned.

Charge: Probably her most common move. Usually done when she is not on the ground.

Teleportation : Elizabeth seems to be able to teleport to a place to another.

Agility: Elizebet is incredibly agile, being able to blink and move at lightning fast speeds.

---

When Ayane was finished, we were really horrified.

Me: Whoa, she sounds even worse than we first thought.

Nico: You said it, J.D. Elizébet is a danger to the world and she needs to be stopped for good.

Colleen: (British Accent) And that's exactly what I'm going to do to her.

Suddenly, Colleen's Sword of The Road Rovers unholstered itself from his back, and it was surrounded by a kaleidoscope of red, blue, and white energy with light, and when it emerged, it was transformed into Eos' Solar Sword of Celestial Canine Light, it's a new large sword with a 6'10" massive, wide, double-edged ice blue blade with the Greek Goddess of Light, Eos, surrounded by a ring of light, etched on the blade, large red dog heads with red, blue, and white gems for eyes for the crossguard, large red, blue, and white gem embedded in the rainguard, longer black handle, and four large red dog heads with blue gems for eyes and four white gems in its mouths and a large white gem on the bottom for the pommel.

Nico: Wow, that's one awesome looking sword.

Lincoln 2: Whoa is right, Nico. Colleen, that new weapon you see before you is known as Eos' Solar Sword of Celestial Canine Light, t's an evolution of your massive Sword of The Road Rovers, and it's imbued with the powers of the Greek Goddess of Light, Eos.

Colleen: (British Accent) Incredible.

Colleen grabbed her new blade, and then, she was surrounded by a massive vortex of yellow energy with light, and when she emerged, she was changed forever. Colleen grew to 6'5" in height, she had the body of a goddess, and she has on a sleeveless blue, red, and white midriff top, blue pants with red and white accents, large silver gauntlets with blue, red, and white gems on her forearms, and large ankle-high boots covered in silver armor. We were amazed by what happened to Colleen.

Colleen: (British Accent) Whoa, what happened to me?

Lincoln made a mirror of water, and when Colleen saw what happened to her, she was amazed. Then, Colleen holstered her new massive Eos' Solar Sword of Celestial Canine Light on her back.

Colleen: (British Accent) Now, I'm ready for when Elizebet shows up.

---

Later it was time for Princess Luna's final Ambassador Mission.

Me: This is gonna be awesome. I can't wait for you to meet Yost Wolverine Nico.

Nico: I'm gonna get along great with Yost Wolverine.

Me: Yes you will and we already know that you and he have something in common.

Nico: Yep.

Twilight Sparkle: This will be awesome to meet the X-Men of that world.

Rainbow Dash: It sure will be awesome.

Princess Luna: Are you all ready?

Sunset Shimmer: We are ready.

Me: Lets go.

We were off to the Yost X-Men Mansion.

Yost Wolverine: Hey guys.

Me: Hello Logan. Meet my successor.

Nico: Awesome to meet you all. Nicolas Chan, Former Second in Command of the team and now new leader of the team.

Princess Luna: Logan, meet Twilight and her friends.

Twilight Sparkle: It's awesome to meet you all. I'm Twilight Sparkle, Princess of Friendship and the Magic Skylanders.

Sunset Shimmer: I'm Sunset Shimmer, Princess of Forgiveness and the Fire Skylanders.

Rarity: I'm Rarity, Princess of Generosity and the Water Skylanders.

Pinkie Pie: I'm Pinkie Pie, Princess of Laughter and the Tech Skylanders.

Fluttershy: I'm Fluttershy, Princess of Kindness and the Life Skylanders.

Applejack: I'm Applejack, Princess of Honesty and the Earth Skylanders.

Starlight Glimmer: And I'm Starlight Glimmer, Princess of Redemption and the Undead Skylanders.

Yost Cyclops: It's an honor to meet you all.

Yost Kitty: It's a great honor to have you all here. And Nico it's an honor to meet you in person. We heard so much about you.

Nico: Yeah I get that a lot.

Yost Wolverine: (to Nico) You and I have a lot in common, Nico.

Nico: Yep. We used to be second in command of our teams until we were thrust into the position of leader. Sure, we've made some mistakes. But we're still trying to be the best leaders we can be.

Yost Wolverine: That is right Nico.

Me: Very coincidental. Just like me and you right Scott?

Yost Cyclops: That is right J.D.

Rainbow Dash: That is really cool though.

Yost Kitty: It sure is and Rainbow Dash I love your hair.

Rainbow Dash: Thanks Kitty.

Yost Cyclops: (to the Mane 10) If only the power of friendship was able to keep us united on the day of the explosion.

Twilight Sparkle: Well it was really tough in this world for you all.

Applejack: But it's never easy when it comes to trying to maintain friendship.

Me: Applejack is right guys. Friendship is something that not only keeps you all together in terms of bonds and sibling feelings but it's all something that you must work for and try to earn. Because you all are special in every way.

Nico: That is right. J.D. has been there for me for a long time ever since I joined the team over 4 years ago. Because of my terrible past, J.D. and everyone have done so much for me and now it's my turn to do the same for all of them.

Princess Luna: Yeah that is right.

Yost Beast: I hate to interrupt the heartwarming moments. But we've got a situation. Several MRD bases have been attacked and have been robbed of their mutant inhibitor collars that they had.

Yost Iceman: Apocalypse?

Yost Beast: No. A certain mutant thief of ours.

Yost Nightcrawler: (growls) Gambit!

Me: Remy LeBeau A.K.A. Gambit.

Nico: Yep. This will be awesome to meet him.

Yost Beast: But he's not alone. He has these huge robots that transformed from vehicles.

Nico: Cybertronians!?

Me: What are they doing here?

We flew in and I swooped in and grabbed Yost Gambit.

Me: Remi LeBeau A.K.A. Gambit. Nice to finally meet you in person. Surely you know who I am right?

Yost Gambit: (French Accent) The famous J.D. Knudson. An honor.

Me: That's right.

Yost Gambit: If this is about that Lorna girl-

Yost Nightcrawler: I'm willing to let that slide! But I can't trust the intentions you have for those collars.

Nitro Zeus: Might want to watch your mouth, elf boy. Considering that 3 of us are giant robots. And you're not!

Nico: No but I am your superior officer now!

Nitro Zeus: A little human bossing us around!? Don't make me laugh!

Nico: Oh I don't intend to make you laugh.

Nico showed his Decepticon Leadership Medal and the transformers gasped!

Nitro Zeus: That's a Decepticon Leadership Medal!

Nico: That's right! And the war with the Autobots and the Decepticons is over in our universe. It's a long story and I was elected as the new leader of the Decepticons.

Yost Wolverine: Look, Gambit. Your Decepticon buddies are Nico's responsiblity. But you stealing whatever you want whenever you feel like it? Ends now.

Yost Gambit: Can't do that, Logan. After all, I'm a thief. Stealing stuff is what I do.

Me: You know Remy you and my buddy Sly Cooper would get along great and he is the greatest master thief ever. Also in my opinion you should go after the great heists that other criminals did and steal their loot. There's no honor, fun or challenge stealing from ordinary people.

Eli: He's got you there Remy.

Starlight Glimmer: That is true.

Nico: Besides, we have another version of you on the X Men team in our world. He's actually a nice guy. And I bet you are too, deep down.

Yost Gambit: (smirks) Always a good judge of character, aren't you?

Nico: It's what I do.

Night Zeus: That is a true leader. But we don't know how we wound up here.

Starlight Glimmer: You were fighting the Bumblebee and you died, Dreadbot died fighting Grimlock and Berserker was trapped in the custody of the TRF.

Eli: That's right I remember seeing that.

Me: But I actually figured out how that worked with the Live Action Transformers Universe. It's called a Transdimensional Flux Transfer. Whenever one of the Transformers of the Live Action Universe dies they get teleported to our universe and wind up back to normal with their memories and their experiences of what happened.

Nico: Very unusual. Now we know what the cause of the Transformers of the Live Action Universe coming to our universe is from.

Yost Wolverine: (to Princess Luna) Look, Luna. You might think this is sappy coming from me. But ever since we met, I've come to see you as a big sister.

Princess Luna: I'm honored that you think that Logan.

Nico: Same here.

Dreadbot: That is really cool.

Later we came back and the Autobots and Decepticons were shocked to see Night Zeus, Dreadbot and Berserker back and in our world. We told everyone everything and it was amazing.

Varie: Whoa! That is awesome!

May: Boy it sure is.

William: Rarity, your Ambassador missions are up next in two days.

Rarity: Oh I am so looking forward to those. I hope they are just as fun as Zarya's were.

Nico: Me and J.D. will go with you on those. It'll be so awesome to meet the Kiramagers.

Me: Yes it sure will. And Emperor Yodon is dead. But if he returns I'll be using the Black Gates on him for sure.

Nico: Yep.

Later we were off to the grocery store.

Maria: But don't think this means you're off the hook.

Luxord: After all, you DID eat most of the ice cream.

Me: Hey come on guys she said she can't help it.

Rarity: Yes and I'm sorry okay.

Nico: Yeah don't be too hard on her for that. Besides we had more ice cream than we knew what to do with.

Lana: Sorry, Rarity. But you're coming with us to buy more ice cream.

Nico: Now guys. We'll ALL Go with her. She can't just pick one flavor.

Lana: Okay.

We went to the grocery store.

Flamewar: Nico, you said you like Cookies and Cream Ice Cream, right?

Nico: I don't just like Cookies and Cream ice cream. I LOVE Cookies and Cream Ice Cream!

We got 3 tubs of that for Nico.

Eli: My favorite flavor is cotton candy.

Laney: I like coconut mango.

Lana: Chocolate Oreo for me. That way I can add gummy worms, cookie crumbles and fudge to make it look like mud and dirt.

Rainbow Dash: Awesome flavor. I like rainbow tropical.

Nico: Nice choices.

Afterburner: Hi, we'd like to buy some ice cream.

Clerk: Certainly.

We bought the flavors and it was EVERY FLAVOR IN THE STORE! All the cabinet shelves were empty.

It was a lot.

RD Lisa: I hope the store can stock up on more.

Anastasia: We'll give them the money to buy more.

Misfire: At least we've got tons of ice cream now.

May: (to Rarity) Try not to eat them all this time, okay?

Rarity: Oh I'll try not to.

Nico: Good. We know fashions are your life but don't eat all the ice cream over sadness.

Lori: Yeah leave that to people like me and Leni whenever we get sad.

Nico: Yeah.

Then Skinner, Silver Samurai, Snake, Mole Man, LeGrange, Grodd, Goliath, Atomic Skull, Calamitous, and the Dark Turtles appeared.

Skinner: Can me, Silver Samurai, Snake, Mole Man, LeGrange, Grodd, Goliath, Atomic Skull, Calamitous, and Dark Turtles go with you guys this time?

Dark Leo: And thanks for the new recruits.

Nico: No problem and yes you all can.

Jessie then got a call.

Jessie Knudson: Oh I'll get that.

Jessie answered it.

Jessie Knudson: Hello?

But then…

Jessie Knudson: WWWWWWHHHHHAAAAAAAAAAAAAAAAAAAAAAAAATTTTTTTTTTTTT!

UH OH!

Carnivac: What happened, Jessie?

Dark Mikey: Please tell me the city didn't get nuked while we were gone!

Jessie Knudson: No it's not that! It's Dr. Rabel Salazar!

Me: That wacko biochemist that is one of the last of the Malenque that we encountered on our worldwide adventures!?

Eli: Oh no! You mean he!?

Jessie Knudson: That's right! He escaped from prison and is over in Colombia to finish what he started in the past.

Nico: Oh man! But I don't know what happened back then.

Me: Right you weren't with us when that happened Nico. We were over in Colombia when that happened.

I went over the events of chapter 299.

---

Vanzilla 2.0 is flying in Jet mode to our next destination.

Luan, Jessie K., and Lincoln are having fun doing stuff with Bun Bun and ventriloquist dummies.

Luan: (As Mr. Coconuts) Geez Colonal Crackers you are doing really well these days.

Jessie K: (As Colonal Crackers) Thanks Mr. Coconuts. You're doing well now these days too.

Luan: That's really good Jessie. I didn't know you were talented in this.

Jessie K: Thanks Luan. It's a hobby I have. I'm not only an adventuror and a historian but I'm also a ventriloquist. I can also throw my voice. Watch.

Jessie K. threw her voice to Lori.

Jessie K: (Through Lori) I farted and I don't deny it.

Everyone laughed at her.

Jessie K: (Laughs) Sorry Lori. I'm a ventriloquist and I can throw my voice.

Lori: That is literally cool. But don't do that again or I will literally turn you into a human pretzel!

Jessie K: Sorry Lori. It's a hidden talent.

Lincoln: It's really good though.

Eddy: It sure is. Hey guys what's a ghosts favorite lunchmeat?

Luan: I don't know. What is a ghosts favorite lunchmeat?

Eddy: (As Eddo) BOO-LOGNA!

We all laugh and even Lucy thought it was funny.

Lucy: Ha ha ha. That was a good one Eddy.

Raven: (Laughs) Boo-logna. That was funny.

Lori: That was a good one.

Nicole: We're here guys. Welcome to Bogota, Colombia.

Me: Oh man. Bogota, Colombia is considered one of the most lawless cities in the world.

Jessie K: I know. Living here is considered a death sentence because it is notoriously known as one of the Drug Cartel Capitals of the world.

Jared: From what I remember sis there are cities that are worse than that.

Jessie K: That's right bro.

Lucy: If we get to stop bad guys we're in.

Leni: Totes.

Varie: We're ready for anything guys.

Aylene: That's right.

Later we arrived at a sight widely known in the world of volcanology: Nevado del Ruiz. A volcano that is known all over Colombia.

Nicole: That volcano is Nevado del Ruiz. This volcano is widely known around the world and all over Colombia.

Jessie K: I remember this. That was a horrible event. On November 13th, 1985 Nevado del Ruiz erupted and sent volcanic mud slides here into the town of Armero. As a result 23,000 people died in mud.

Lola: That is awful.

Lana: That's horrible. I may like mud but this is too horrible an event for me.

Natilee: I remember that. Here's a picture of the event.

Luna: That was awful dudes.

Sam: It sure was.

Me: Because of that tragedy the town of Armero was made into a ghost town.

Vince: That's awful.

Cody: It sure was.

Nicole: Yeah. It was 32 years ago. It was because of their ignorance that lead to this fate. There's a major difference here in South America than Indonesia. In South America the people here at the time didn't trust Volcanologists knowing that a volcano is going to erupt and cause all this damage. Indonesia however listens to volcanologists when a volcano is gonna erupt and cause alot of damage and death.

Lynn: Whoa. So South America is considered the Antipode of Indonesia.

Me: That's a good way to put it Lynn.

Lisa: That's correct Lynn. South American people back in the 1980's were very ignorant when it came to the words of volcanologists.

Laney: How can people like that be so ignorant?

Nicole: The town of Armero was not that far away from the volcano. They thought that the volcano was going to erupt on the opposite side of the area. This whole tragedy could've been prevented had they all listened.

Me: Yeah.

Later we were at some ruins in the jungle.

Jessie B: I know these ruins. These are the ruins of the Malenque tribe.

Jessie K: I know the Malenque tribe. They were a barbarian tribe of the Incas that developed a powerful plague used to wipe out their enemies. But it backfired and destroyed all of them. That medallion you have Jessie has the antidote for the plague.

Jessie B: That's what's in this medallion?

Jessie K: Yes. And it's the only thing that can cure the plague.

Me: Hey look.

We then saw another Jessie Bannon being chased after 2 men for the medallion.

Varie: It can't be.

We followed them and we saw the 2nd Jessie Bannon go through a tree ring and suddenly vanish into thin air.

We gasp in sheer astonishment.

We land and Lori blew the 2 men away with a powerful wind blast.

Me: That takes care of them.

We look at the tree ring and we saw an unbelievable sight. We saw past versions of Myself, Varie, Lincoln, Laney, Lily and Clyde rescuing Jessie from quicksand.

Me: So that's how Jessie got to our world. (To Jessie) You're not from another dimension. You came to our time from the future.

Jessie B: So that's it. And now here I am almost a year later with amazing powers.

?: Jessie!

Jessie B: Jonny!

Jessie hugged her friend Jonny Quest for the first time in a while.

Me: Jonny Quest. It's an honor and a pleasure to meet you.

Jonny: Same here J.D. We've all heard so many big things about all of you.

Varie: It's mutual.

Me: We have quite a story to tell you and the Quest Team.

On the Quest jet the Dragonfly we were telling them everything about what happened when we met Jessie and all the adventures we were on and more.

Race: That's all amazing.

Estella: It sure is. Jessie I'm so proud of you and thank you all for looking after our girl for all this time.

Me: You're so welcome Estella. Jessie became like another sister to us.

Jessie B: I sure did dad. I also have another gift to show you.

Jessie spread her wings of fire and phoenix tail feathers and she had fire in her hands.

Jonny: Whoa!

Hadji: (Indian Accent) That is absolutely incredible!

Jessie B: I now have all kinds of fire powers and I can fly and more.

Dr. Quest: You all have done so many amazing adventures and you've all had a dramatic impact on the world in its entirety.

Me: We get that all the time Dr. Quest.

Jessie K: I sense some trouble about to go down.

Me: I feel it too.

Jessie K: We got to go see. Lincoln, Laney, Jessie, Jonny and Hadji would you like to check it out?

Jonny: Count us in.

Hadji: Lets go.

Race: Be careful guys.

Jessie B: We will dad.

They went into the jungle and found a secret tunnel in a rock.

Jessie K: This is strange.

Jonny: It sure is.

Later they found a cave containing mummies.

All: Mummies.

Jessie B: The Mummies of Malenque.

Jessie K: For centuries it was completely undisturbed and now we found it.

Jonny: This is amazing.

Later they followed a group of men to a hidden lab and found a hidden lab.

Jessie K: (Whispering) I know that man. That's Dr. Rabel Salazar. He's a biochemist and is one of the last descendents of the Malenque Tribe.

Jonny: (Whispering) What is he gonna do?

Jessie K: Lets listen.

Dr. Salazar: Isn't it ironic? Centuries ago my ancestors developed a plague to wipe out their enemies. But instead were wiped out themselves. The antidote came too late. But now, I, one of the last descendents of the Malenque will finally fulfill their destiny to rule the world.

Man 1: Rule the world? With this?

Dr. Salazar: This is fate my friend. The fate which lead me to become a biochemist. The same fate that lead my brother to find the mummies so I could use their preserved infected tissue to resurrect the plague.

Jessie K: (Whispering) So that's it. He's going to destroy the world by using the Malenque Plague.

Dr. Salazar sprayed a man with the plague and he was being mummified from the inside alive.

Dr. Salazar: But in one hour he will be dead. Just a small sacrifice for the good of my people. Now the rest of the world will not only learn that the Malenque live, but live to conquer!

Laney: (Whispering) That man is insane.

Lincoln: (Whispering) We have to stop him.

Jessie K: I know just how to do it.

Jessie snapped her fingers and beamed the plague orbs over to them.

Dr. Salazar: What!?

Jessie K: Lets go!

They got in a mine cart and fled.

Dr. Salazar threw a plague bomb and it exploded by them. But their auras were protecting them.

Jessie K: I guess not even ancient plagues can destroy us.

They got out of the mine and went to the tent for the Quest Team.

Dr. Quest: You're back already?

Jessie K: Yeah. But the world is in terrible danger. A mad scientist named Dr. Rabel Salazar has recreated the Malenque Plague and is now going to destroy the world.

Lincoln: That's right Dr. Quest. He's going to destroy the world so he can resurrect the Malenque.

Laney: It's all right here. These orbs contain the plague.

Dr. Quest: This all will result in Total Biological Devastation.

Naruto: Just what the world needs. Another Orochimaru.

Jessie K: Yeah. We have to stop him.

Me: I agree.

Jonny saw a bunch of Jeeps coming.

Jonny: Here they come!

Me: We got a fight on our hands guys. Lets get them!

We pull out our guns and swords and weapons and flew out to face them. Bullets, kunai and shuriken flew everywhere as we killed all of Dr. Salazar's men.

Jessie K: Let me face Dr. Salazar.

Jessie flew at Dr. Salazar and kicked him out of the Jeep and Dr. Salazar charged at her and Jessie punched him in the face and Dr. Salazar kicked her in the face and punched her in the stomach and Jessie punched him in the stomach and kicked him in the head.

Dr. Salazar: Why haven't you been infected?

Jessie K: Because I'm immune to all disease!

Jessie punched him in the face and kicked him in the stomach.

Dr. Salazar: Nothing will stop me! Do you hear!? Nothing!

Jessie K: Except me!

She kicked him in the mouth and knocked out a tooth.

Dr. Salazar: (Spits out blood) Do you think you can stop me? The Malenque will rise again!

Jessie K: Like heck they will!

Jessie punched him in the chest and kneed him in the chin and punched him in the head.

Dr. Salazar was down but not out and Jessie had her sword blade at his neck.

Jessie K: Move and my sword will kill you. It's over Salazar. Your reign of terror has been stopped.

Interpol police cars arrived and arrested Dr. Salazar for attempted domestic terrorism, Bioterrorism and possession of weapons of mass destruction. He was also in violation of the Geneva Convention's Protocal for banning methods of Biological Warfare. He was found guilty on all charges and sentenced to eternity in the Moon's Cryoprison. Forever frozen in ice.

We searched the mine and found the stuff he had and seized it.

Me: Boy this part of our vacation turned into a mission to stop Global Biological Annihilation.

Nicole: It sure did dad.

Zoe: This was awesome.

Hercules: It sure was.

Jessie Bannon was gonna stay with us and the Quest Team would drop by and visit from time to time.

FLASHBACK ENDS

When I was finished everyone was shocked!

Nico: WHOA MAN!

Eli: That is terrible!

Me: Yeah it sure was.

Fiona Hernandez: And me and my sisters are descendants of the Malenque and we have the mark to prove it.

They showed their Feathered Serpent Tattoos.

Nico: Whoa.

Snake: Dude, that guy is EVIL!

Nico: BEYOND Pure Evil! What he will do will result in complete and total biological devastation!

Jessie Knudson: That's right. This guy is a monster and he has to be stopped at all costs. This will be a good opportunity for Lincoln to use the Mother Nature's Vengeance Curse.

Nico: Awesome idea. And what he is doing qualifies as crimes against nature.

Lincoln: Good idea.

Me: Lets see.

I pulled out the piece of paper and read it.

Me: "Mother Nature's Vengeance Curse, Lincoln fires powerful blasts of green energy and plants from his massive angel wings, and once hit, it traps the victim in a tree for all eternity, this curse is reserved for those who desire to destroy the environment." Whoa! This curse is perfect for a monster like Dr. Rabel Salazar.

Nicole Hernandez: It sure is.

Laney: Just like what happened to Hexxus the first time.

Crysta: Very coincidental.

Eli: Yep.

Sunstorm: I guess we know what the challenge is now.

Nico: Yep we sure do. But this is not just a challenge. It's a fight to save the world from a madman's agenda for Biological Annihilation.

Me: Yep. We threw him in jail before. But soon he will be cursed with a fate worse than death.

Nico: He sure will.

Atomic Skull: Nico, which Gene Slammer do you think will appear next?

Nico: One that is of Sandbox's kind.

Ben: And he is this one.

Ben turned into Sandbox.

Ben: SANDBOX!

Shanan: Wow! Sandbox is a Shakaralramal from the planet Yataghayarun.

Qin: Wow! What is a Shakaralramal?

Shanan: A race of Sand Power people that use the sand as their power. They are very strong too.

Nico: Wow. So Marko Flint or Gaara will be going with me.

Supernova Zap: Who do you think will get a chance to shine this time?

Nico: Hmm. How about Georgina and Cody next?

Georgina: Ooh I like it!

Cody Burns: Yeah this will be awesome!

Me: And perfect too. We're here.

We arrived in Colombia **C O**.

Me: Here we are guys. Welcome to Colombia.

Nico: Wow. So awesome to see parts of the jungle of Colombia.

Calamitous: Paul Berg is a much more better biochemist then Salazar.

Nico: Yes he is. He was a great biochemist.

Me: Yep. Nobel Prize Winner in Biochemistry in 1980.

Lisa Loud: That is correct.

Cutthroat: Hopefully, Salazar hasn't unleashed his plague yet.

Dark Don: But if he has, we're in for trouble.

Eli: Don't worry he hasn't. But I sense that he is working on the plague right now even as we speak.

Me: And me and the team destroyed his first batch. After doing so it was declared as a weapon of mass destruction and should he ever get out of prison we have orders to shoot him on sight.

Eli: Yeesh.

Dark Raph: I just hope we run into any of his goons so I can clobber them!

Me: We also have orders to blast them on sight as well.

Jessie Bannon: That is good. They are the ones that chased me through that portal and into that quicksand pool.

Me: I remember that! That was so strange.

Nico: Wow! But how is that possible for Jessie to wind up into the forest that you guys were camping in?

Me: There's some kind of portal we found that lead to the past. It was really strange.

Clyde: Boy I remember that. That was really strange.

Don: Hey you guys made it!

Me: We sure did Don and we now know what our challenge is and it's a blast from the past too.

Jessie Knudson: Yep.

Mole Man: But of course, that mission got delayed.

Nico: Yeah because of them getting slammed.

Fiona Hernandez: Yep. But now we can still finish it.

Marie Hernandez: Yep. We have a lot of catching up to do.

Natasha Hernandez: Or in this case it's unfinished business.

Eli: Yep.

Me: Lets get ready guys. Get ready Rabel Salazar. (Eyes Glow Red) We're coming for you and we have a score to settle.

Jessie Knudson: (Eyes glow red) Yeah. We will not let you destroy the world!

Roxas: Dammit, if it weren't for Giovanni, Salazar would've been dealt with already!

Nico: It wasn't Giovanni that discovered the mummies for the plague, it was his brother.

Jessie Knudson: That's right. I'm not going to let Salazar get away with this. He tried working on this plague before and we stopped him. I know where he is. Follow me.

We followed Jessie and we reached an abandoned mine tunnel.

LeGrange: But if it weren't for Giovanni, the Hernandez Sisters wouldn't have been Gene Slammed and Salazar would've already been dealt with before today.

Nico: That's true. Giovanni put those plans on hold. Now it's time for some unfinished business.

Jessie Knudson: Yep. Stay close everyone.

We went into the mine and it was dark.

Jessie Knudson: This mine leads right to the cave where we found Dr. Salazar and the mummies.

Nico: Okay.

Red Hood: In my opinion, a bullet to the brain might take care of the dirtbag.

Nico: Lincoln's curse is much more appropriate for a monster like him.

Red Hood: Yeah.

We then stopped and came across a huge wide pit with a long track that went over it.

Nico: Whoa! (ECHOING)

Laney: Wow that is a deep fall.

Eli: Yep.

Jessie looked around.

Jessie then saw a tunnel in the distance.

Jessie Knudson: There! That's the tunnel over there. It leads right to the cave where we found Dr. Salazar and his men and the plague the first time.

Nico: Oh man. We're gonna have to take the fight to another planet. We can't fight in there.

Me: Yeah.

Jessie Knudson: Leave that to me.

Grodd: J.D., what's your opinion on Kamen Rider Hibiki?

Me: Really cool show. They used the powers of Oni in that one. But it's Kabuto that was epic.

Kabuto Yakushi: Are you talking about me?

Me: Oh I'm sorry Kabuto. It's the Kamen Rider Kabuto Show that is cool.

Kabuto Yakushi: My mistake.

Nico: No worries.

Me: Yep and I think we met one of the Kabuto Kamen Riders during the battle at Hollow Bastion.

Nico: We sure did.

Quake Woman: Punchhopper and Kickhopper are also interesting as well.

Nico: They sure are.

Laney: That is so awesome.

Me: I have a special surprise for you all to see later on.

Nico: Don't tell me. Did you..

Me: Uh uh uh.

Goliath: I hope we live long enough to see the surprise.

Me: Don't worry you will.

Nico: Lets get ready.

Motormaster: Time for our entrance.

Nico: Lets do it.

We went at the mine and flew through it.

Inside a room was Dr. Rabel Salazar and his men and they were making plague bombs. But then the cave room vanished and they found themselves on another planet! It was the planet Glaren!

Dr. Salazar: WHAT!? Where are we!?

Suddenly the spirits of the elemental fury of Japan appeared and blasted the men all over and knocked them down and then they converged and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and then a phoenix cry was heard and then fireballs rained down and they hit the Plague bombs and incinerated them into nothing. Then we came out.

Jessie Knudson: Dr. Rabel Salazar, I presume?

Dr. Salazar: YOU! YOU RUINED THE HOPES AND FUTURE OF THE MALENQUE JESSIE!

Jessie Knudson: And I show no remorse for it.

Silver Samurai: Today, you answer for your crimes!

Me: And you will pay for every single one of them!

Fiona Hernandez: That plague is a danger to Earth!

The Hernandez Sisters revealed their marks.

Fiona Hernandez: We too are descendants of the Malenque and our biggest mission is to redeem them!

Dr. Salazar: The Malenque don't need to be redeemed!

Natasha Hernandez: Yes they do you monster!

Nico: What you are about to do will result in complete and total biological devastation! We won't let you destroy everything!

But then something unexpected happened! WE SAW THE MUMMIES OF THE MALENQUE COME TO LIFE! WE GASPED IN SHOCK!

Shaggy: ZOINKS!

Nico: WHOA!

Fiona Hernandez: Ancestors! Wow!

Malenque Leader: It was our own evil that wiped us out centuries ago! We will not let you do it again Salazar!

Nico: And we'll make sure that doesn't happen!

But then, Amora, Dirty Bubble, Pinky and the Brain, Swordsman, Dr. Destiny, Onyx, Jet, Waffle Woman, Rojo, Carmen Dillo, and Box Ghost appeared.

Nico: Amora, Dirty Bubble, Pinky and the Brain, Swordsman, Dr. Destiny, Onyx, Jet, Waffle Woman, Rojo, Carmen Dillo, and Box Ghost.

Sakura Avalon: But you already had your turn Amora?

Amora the Enchantress: I know but I'm included as an extra for this one.

Sakura Avalon: Oh.

Swordsman: Jessie you better hold him off while we have our battles.

Jessie Knudson: You got it.

Jessie flew at Dr. Salazar!

Jessie flew at Dr. Salazar and kicked him in the face and knocked him down and then Dr. Salazar charged at her and Jessie punched him in the face and Dr. Salazar kicked her in the face and punched her in the stomach and Jessie punched him in the stomach and kicked him in the head.

Dr. Salazar: You still should have been infected by the plague!

Jessie K: We never will be because we're immune to all disease!

Jessie punched him in the face and kicked him in the stomach.

Dr. Salazar: Nothing will stop me! Do you hear!? Nothing!

Jessie K: Except me!

She kicked him in the mouth and knocked out a tooth.

Dr. Salazar: (Spits out blood) Do you think you can stop me? The Malenque will rise again to destroy everything!

Jessie K: Like hell they will!

Jessie punched him in the chest and kneed him in the chin and punched him in the head.

Dirty Bubble: Brings old memories, huh?

Lori: It literally does.

Nico: Wow it sure is awesome.

Brain: This won't end any differently this time.

Swordsman: Only thing ending differently will be Salazar's fate.

Nico: Yep. And it'll be at the hands of Lincoln and his Curse.

Dr. Destiny: (to Nico) We heard you met a Plesiosaurus.

Nico: Yep we sure did.

Onyx: What'd you do with it?

Nico: We put it in Paleozoic World.

Onyx: Good choice.

Then Morticon appeared for Round 2.

---

Amora the Enchantress was first.

Sakura Avalon: It went really well and it was awesome how he saved the town from a Plesiosaurus.

Trixie Lulamoon: It sure was and it was really amazing seeing one.

Triple Berry: Yeah and it will make a great addition to Paleozoic World.

Flynn: Really awesome there.

## Nokama, Rarity, Sweetie Belle, Water Skylanders, Ben Ross, Misfire and Mindwipe VS Dirty Bubble - Lincoln's Rescue

The Dirty Bubble was next.

Dirty Bubble: (to Nokama) I heard Lincoln's rescue involved the Holy Pail. How was it?

Nokama: It was really fun. We went on a really awesome quest to find it. We had to pass through the sludge cascade, a waterfall of raw sewage and filth.

Rarity: Oh it was disgusting! But then we had to go through Pick-A-Door Cave which was a bunch of airplane fuselages stuck together.

Sweetie Belle: Then we had to go through Belchsplat Caverns and that was funny. They call it that because it was a cave of little mini-volcanoes that erupt slime and make a belching sound when they erupt.

Dirty Bubble: That is funny.

Gill Grunt: Yeah and then we faced the Wall Warriors. They weren't called that just for show. They were warriors painted on a wall and they threw spears at us.

Dirty Bubble: Geez! That is bad. And did you find the Holy Pail?

Ben Ross: We sure did and it was cool.

Nokama: Just like Lucy we found it before and it was awesome. Turns out the shaman monster was just a front. The Holy Pail was behind him and it was full of jewels and gold.

Dirty Bubble: Wow! That is quite of haul. Lets do it!

They fired waves of water, jewels and ice and smashed him down.

Nokama: ALL RIGHT!

Rarity: Rapture darling that was grand!

# Superman, Pinkie Pie, Featherweight, Tech Skylanders, Zick, Elena Potato, Catilla and Carnivac VS Pinky and The Brain - Meeting a Blackwing - Sirocco the Dawn Gene-Slammer

---

Pinky & The Brain were next.

Pinky: (to Superman) Me and Brain heard you guys met a Blackwing - Sirocco the Dawn Gene-Slammer. What's her name?

Superman: Her name is Carol Cierra and she has amazing skills for the Blackwing monster she became and it was cool.

Pinkie Pie: She is amazing! And we all think she is amazing. And she beat up Lynn.

Featherweight: Yeah. Lincoln and Carol were playing a game of catch in the park with a frisbee he had with him. But, their game got interrupted by Lynn, when she charged in like a bull and rammed Lincoln and started roughing him up when she started punching him. Carol got so mad at that walking gym bag, and she ran in and got her off Lincoln by grabbing her by her jersey and throwing her onto the ground. They tied her up in strong nylon rope so she couldn't get out, and after she treated Lincoln's wounds, they dragged Lynn's butt back home, and after they told Mr. and Mrs. Loud what Lynn did to Lincoln, Lynn got grounded for three whole weeks, and that meant no sports. Then, Lynn did something that shocked us: she squealed and told them that Lola hired her to pummel Lincoln for not being her butler at a tea party. But, Lincoln told them that he was planning to go to the park to play with Carol, but Lola busted in and ordered him to be a butler at her tea party, but he told her "no", and it got her so mad, she wanted revenge. So, she hired Lynn to beat Lincoln to death. For being the mastermind in it, Lola got grounded for four weeks with no beauty pageants, no tea parties, and no sweets.

Pinky: Goodness!

The Brain: Lola's dark side was pure evil.

Sprocket: Yeah it sure was.

Zick: If we face the dark sides of the Loud Sisters it will be good to destroy them.

Elena Potato: Yeah I hope so too.

Pinky: Egad Brain wouldn't it be great if that happened on April Fools day?

The Brain: Yes it sure would.

Pinky: ZORT!

BLAM!

The Brain bonked him on the head with a pencil.

The Brain: Shut up you dummy!

Pinky: (Laughs crazily) NARF!

They laughed.

The Brain: That is funny. Lets do it!

They fired waves of energy, metal, gears and lightning and smashed them down.

Superman: YEAH!

Pinkie Pie: BEST USUAL BATTLE EVER!

---

Swordsman was next.

Swordsman: (to Captain Marvel) Did Jessie and the others really beat Dr. Salazar on their worldwide adventure? Because I don't think you were with the team back there.

Captain Marvel: No I wasn't and many of us weren't part of the team back then and this was all back in the old days. J.D. told us all about what happened when they were in Colombia for that and it was amazing!

Princess Celestia: Yeah it was amazing that J.D. and everyone was here to study the volcanoes there in Colombia.

Amber Morning: I agree and it's amazing that there are so many volcanoes all over the world.

Spotlight: We all thought so too.

Captain Falcon: That is really something.

---

Dr. Destiny was next.

Dr. Destiny: (to Anakin) So, Dr. Salazar's planning on using a plague to destroy everyone, huh? Not if we can help it!

Anakin: Yeah that plague is dangerous! He is going to wipe out everyone in the name of the Malenque. They were all wiped out centuries ago by it.

Starlight Glimmer: It's hard to imagine that a plague like this exists.

Cozy Glow: Yeah no kidding it's awful.

Hex: And that plague ended up backfiring on the Malenque and wiping them all out except for a few.

Padme: That leaves Dr. Salazar and his brother and the Hernandez Sisters as the last of the Malenque.

Ahsoka: We'll have to look up the Genealogy Records to see if anymore of the Malenque descendants are still out there.

Obi-Wan: But it's highly unlikely that there are.

Yoda: Highly unlikely it is but the Malenque are a tribe of dangerous nature.

Mace Windu: They sure are and what they have done with that plague was really playing with fire.

Aayla Secura: (French Accent) It's hard to imagine that the Malenque could make such a dangerous biological weapon.

Plo Koon: And it is a dangerous weapon that must be destroyed forever.

Han Solo: Yeah any bad guy or terrorist organization would love to get their hands on it.

Leia: It's awful.

Chewie roared in agreement.

Rey: (British Accent) It's just absolutely horrible.

Supernova Zap: I agree myself but at least he was stopped before.

Dr. Destiny: Yeah that is so awful that the Malenque would use biological warfare on their enemies like that. I didn't know they did all that centuries ago.

Anakin: Me neither. That is really strange.

Dr. Destiny: Yeah no kidding. You would have to use advanced biological technology back then. Lets do it!

They fired waves of energy, magic, stars, bones and lightning and smashed him down.

Anakin: For the Jedi!

Starlight Glimmer: That was amazing!

---

Clay Bailey, Applejack, Apple Bloom, Earth Skylanders, Kaito, Rena, Dino Tyranno, Sinnertwin and Cutthroat VS Onyx - Rarity eats all that ice cream when she is sad?

---

Onyx was next.

Onyx: (to Clay) Does Rarity really eat all that ice cream when she's sad? I don't think that's healthy for her.

Clay Bailey: Yeah Rarity can't help it. Whenever she messes up in making clothes or gets insulted or anything like that she drowns herself in ice cream while crying like a waterfall during the spring thaw.

Applejack: Yeah it's sad she is like that.

Apple Bloom: Poor Rarity. I feel bad when she is like that.

Flashwing: Me too. It's bad.

Kaito: Poor Rarity. But at least J.D. helped her out.

Rena: That is for sure. Thank goodness he did.

Dino Tyranno: it sure is awesome.

Onyx: Yeah that is awesome. Lets do it!

Dino Tyranno: DINO TYRANNO! POWER OF THE ANCIENTS! SILVER SWORD! DINO KNIGHT READY! LETS DO IT!

Tara: Don't worry. That plague WILL be destroyed when we're done here.

Twilight Sparkle: And we'll make sure of it. What Dr. Salazar is planning to do with it is a crime against nature in its entirety.

Starshine Sparkle: Yeah it's awful.

Sunny Starscout: Yeah he has no honor.

Spyro: We won't let him get away with his crimes.

Arthur (Sword in the Stone): No we won't.

Tracer: (British Accent) Yes there is an antidote and it is in a medallion that Jessie Bannon found.

Princess Luna: The antidote is the only cure to the plague.

Moondust: But the worse news is that there's only enough antidote for one person.

Snowdrop: If this plague was unleashed we would have to use every single bit of our cutting edge technology to make more for the entire planet.

Gari: It would not be easy though.

Blackout: Yeah it would take a while to decipher the formula.

Cole: And with a 1 hour window of opportunity we would not be able to cure everyone in time. This plague kills you in 1 hour.

Rojo: Wow! That is a VERY NARROW window of opportunity and that is very slim timing. Lets do it!

Wild Force Rangers: WILD ACCESS!

They transformed!

Cole: "Blazing Lion! Red Lion Ranger!"

Fluttershy: Oh it is lovely but it is loaded with dangerous things like drug lords and crime.

Tornado Bolt: Yeah Colombia has lots of crime lords and everything.

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: The Malenque were the most feared tribe in the Incan, Mayan and Aztec Worlds?

Fiona Hernandez: That's right. Centuries ago the Malenque was a barbarian tribe and they were the fiercest warrior tribe in all of the Mayan, Aztec and Incan civilizations. They were gonna make it their ambition to become a fourth great civilization and destroy the Mayan, Incan and Aztec civilizations. In order to do so they used biological warfare to make the plague that Dr. Salazar was going to use. But the plague backfired and destroyed them. I think it was the Mayan, Incan and Aztec Gods way of punishing them.

Pink Ranger Slayer: Wow! That is horrible!

Fiona Hernandez: It was. But thank goodness some of them are not like what they were all those years ago. Me and my sisters were chosen by the Gods of The Sun, Huitzilopochtli the Aztec God of the Sun, Inti the Incan God of the Sun and Kinich Ahau the Mayan God of the Sun, to destroy any descendants of the Malenque that want to carry on their evil legacy. Me and my sisters are known as the Anti-Malenque Syndicate. We are a special secret hidden society. There are those in the Malenque family tree that did NOT like what their ancestors did in the past. We formed a secret faction to bring the evil Malenque into the light and out of the darkness and up to Heaven.

Pink Ranger Slayer: Wow! That is a huge responsibility. I had no idea that you and your sisters were given a tremendous burden.

Himiko: That is incredible. I had no idea myself.

Apple Bloom: Yeah none of us did. That is an amazing task ahead.

Sweetie Belle: Yeah no kidding! And Dr. Salazar and his brother are the last of the evil that's left in the Malenque.

---

Weddinmon was next.

Weddinmon: Why did the Malenque want to wipe out everyone?

Marie Hernandez: They were the fiercest barbarian tribe that ever lived all those years ago and they wanted to conquer the entire known world. Me and my sisters were chosen by the gods of the sun themselves to purge them of that evil for good and to do that we have to destroy the descendants of the evil Malenque. The ones that want to use The Plague to destroy. It is more than just a disease, it's a curse. Our ancestors will never be at rest as long as there are those that want to use the plague to destroy. Specifically those that are descended from them.

Ibara Shiozaki: That is terrible. What Dr. Salazar and his brother are doing is pure evil.

Frozen Fright: No kidding! That's what they get for messing around with forces no one should even fathom.

Thunder Terror: And another plague was going on back then too! The Spanish Conquest as well as Smallpox.

Magma Gloom: That's right! Spanish Conquistadors were killing the Mayans, Incans and Aztecs.

Louie PoisonSea: It sure was. And it was scary too.

Weddinmon: No kidding. That is terrible. Lets do it!

Lemon Hearts: Yeah it sure does.

Moondancer: Dr. Salazar is an absolute monster to mess around with stuff like that.

Lyra Heartstrings: Dr. Salazar needs to be stopped for the world to be safe.

Sunset Shimmer: Yeah it's horrible that he is going to destroy the world.

Twilight Sparkle: I agree too. He must be stopped no matter what.

Brittney Knudson: Yeah no kidding. Jessie stopped him before and she can do it again.

Misty Tredwell: And he will be cursed too.

Su Yung: Absolutely. Lets do it!

They fired waves of elements and energy.

Lincoln and his harem: BIOCHEMIST FINAL SMASH: BIOCHEMICAL HADOUKEN BARRAGE!

They fired a massive biochemical Hadouken Barrage at Dr. Rabel Salazar which explodes on contact!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was knocked down and his brother came to help him up. But then we were back in the jungle and then Lincoln was ready for them.

Lincoln: You're finished, Dr. Salazar. As punishment for trying to destroy the world with that accursed plague, you and your brother shall be imprisoned inside a tree for all eternity.

Suddenly, Lincoln was surrounded by a massive vortex of green energy with green leaves and colorful plants surrounding it, and when Lincoln emerged, he transformed into Nature Lincoln, as the 17-year-old 7'5" tall, handsome, and extremely muscular man's long, white hair that reached the bottom of his neck turned green except for the rainbow lightning bolts on the bangs, his deep sapphire blue eyes turned deep green, the eight large orange orbs orbiting around his legs turned green, his large blue pants turned green, but the rainbow colored lightning bolts on them remained the same, his massive orange bands with silver phoenixes on his abnormally massive and powerful biceps and thighs turned green, his orange version of He-Man 2002's loincloth and long orange trenchcoat coattails with elemental forces, thunderbirds, buffalo, and angels with hanging small silver lightning bolts turned green, and his massive and indestructible deep sapphire blue angel wings with stars turned green with the scent of roses.

Suddenly, we saw leaves and plants surrounding Lincoln, and we knew what he was about to do to Dr. Salazar and his brother.

Lincoln: (Singing Divinely) I see a cold wind blowing through, I see days neither fun nor free, I see a future caused by you, I see a path not meant to be. Your future should filled with magic, dreams, and wishes brought to life. But, the days ahead are dark and tragic, no time for hope when all is strife, whatever might have been, all the dreams that you did share, because of you, Dr. Rabel Salazar. Now, the future is a cold nightmare.

Nico and I had shivers going down our spines and so did many of us when Lincoln sang that song.

Then, Lincoln fires powerful blasts of green energy and plants from his massive angel wings, and once the blasts hit Dr. Rabel Salazar and his brother, because of their crimes to try and destroy the Earth, an act of trying to destroy the environment, they screamed in terror as they were both imprisoned inside an enchanted tree for all eternity.

Me: Whoa.

Nico: You said it, J.D.

Varie: Wow!

Laney: And the Mother Nature's Vengeance Curse worked just like with the Nature's Vengeance Kamehameha attack I used on Captain Pollution years ago.

Lincoln: That's right, Laney, the Mother Nature's Vengeance Curse was inspired by the Nature's Vengeance Kamehameha attack you used on Captain Pollution, and just like with Captain Pollution, Dr. Rabel Salazar and his brother are both now imprisoned inside a tree for all eternity.

Eli: That'll teach them for trying to destroy the world.

Nico: You said it, Eli.

Me: Now, we're finally finished with Dr. Salazar and the evils of the Malenque for good. He should've stayed gone after we stopped him years ago during our world trip around the world years ago.

Nico: Yep.

The Hernandez Sisters went up to their ancestors.

Fiona Hernandez: Ancestors, I'm sorry you went through all this.

Malenque Leader: It's all right Fiona. The important thing is that we are now free and we all can now rest in peace thanks to all of you. We are all forever in your debt. Thank you Hernandez Sisters. Thank you.

The mummies then disintegrated into dust and their spirits all went up to heaven.

Nico: You girls did good. I'm proud of all of you.

Nicole Hernandez: Thanks Nico. After all these years, the mission of the Anti-Malenque Syndicate is finally complete.

Me: So what will you do now?

Fiona Hernandez: Continue fighting evil with all of you.

Nico: Awesome.

Aligned Heat Wave: I think we can agree that all of Salazar's experiments are too dangerous to use.

Jet: No argument from me.

Nico: I agree too.

Waffle Woman: So, we should get rid of them then?

Rojo: Of course we should.

Me: Absolutely. Like we already know, the plague is easily a weapon of mass destruction.

Carmen Dillo: Last thing we need is people dying from all of this.

Box Ghost: But at least another challenge is done.

Nico: Yep it sure is.

Don: Thank goodness for that. Great job guys. The next stop is in Brazil. You will love what I have planned for you all that.

Nico: Brazil is gonna be awesome.

Me: Yep.

?: I will make you humans pay for what you did to the other Greater Fiends!

Colleen: (British Accent) That scent, I know it from anywhere. You can come out now, Elizebet.

A figure came out from a pool of blood on the ground, and it was none other than Elizebet, Ruler of Blood and Queen of The Greater Fiends, and the last Greater Fiend that must be destroyed.

Colleen: (British Accent) Elizebet. Lincoln was right that you were here, and hiding out in the shadows.

Elizebet: And now, I'm going to take great pleasure in destroying all of you, along with this entire world.

Colleen fired a powerful blast of white energy, and it hits Elizebet, and she backed away.

Colleen: (British Accent) Not happening, Elizebet. This is where you will die.

Suddenly, Colleen's light blue eyes turned neon blue, and she was surrounded by a blue, red, and white energy aura with light and collies, she unholstered her new sword from her back, and as she approached Elizebet, she left blue, red, and white energy aura, light, and collies with every step.

Colleen: (British Accent) Elizebet, I will never forgive you or your other murderous Greater Fiends for trying to destroy the world, this time, I'll see to it that you will die here once and for all!

Suddenly, Colleen was surrounded by a massive vortex of blue, red, and white energy with light surrounding it, there's a Rough Collie running around the vortex, and in the vortex was a brown phoenix. Then, as the vortex faded, Colleen emerged, but she was changed forever.

The 6'5" tall and beautiful Rough Collie from England remained the same, along with her new clothes, she has neon light blue eyes and a blue, red, and white energy aura with light and collies surrounding her, she has a Rough Collie with the Light Kanji and British flag in its paws emblazoned on her forehead, her red dog collar with gold dog tag turned into a choker for her neck and she has on his Crystal Necklace of The Buddha with blue, red, and white crystal links and a Rough Collie with blue, red, and white gems for eyes and holding the British flag and the Light Kanji in its paws for the pendant. Suddenly, Colleen felt a sharp pain on her back, and then, massive light brown angel wings with blue, red, and white tips on the large light brown feathers, sprouted out from her back, and in addition to her new clothes, Colleen has on a sleeveless long blue, red, and white trenchcoat with suns on the coattails and a Rough Collie on the back with the British flag above it on the back.

Colleen has on her new large gold cuff Bracelets of the Champions of The Universe with blue, red, and white gems on her wrists above her large silver gauntlets with blue, red, and white gems on her forearms, her new large gold Belt of Elemental Bravery with a golden Rough Collie head with blue, red, and white gems for eyes and a large blue, red, and white gem in its open mouth for the belt buckle on her waist, large blue, red, and white Spellbook of The Gods and The Universe and large blue, red, and white Universal Spellbook of The Elemental Forces on her left hip and Eater of Sins revolver holstered on her right hip, and a Ring of the Phoenix with large blue, red, and white gem on her left ring finger and Star Sapphire Corps ring on her right ring finger, there's a white kanji below the Rough Collie that said, "Colleen, Second-in-Command of The Road Rovers, Loyal Dog of the British Prime Minister, Friend to Hunter, Blitz, Exile, Shep, Muzzle, and Professor Shephard, Destroyer of General Parvo, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Patriotic Dog of the United Kingdom, Emissary of Eos, and Master of Light."

Colleen has transformed into SUPER ANGEL INFINITY CELESTIAL COLLIE BRITISH BEAUTY ANGEL OF CELESTIAL JUSTICE AND SOLAR HOPE!

We were amazed by Collie's Super Angel Infinity transformation, but when Elizebet saw it, she flew into a rage and fired a blast of blood to kill her, but Colleen struck back and dodge the blast of blood and fired a blast of blue, red, and white energy with light, and it hits Elizebet and really hurt her.

Nico: Whoa, Colleen's transformed, oh man, this should be good.

Colleen: (Divine Echoing Cosmic Voice of The Celestial Rough Collie and Celestial Justice) (British Accent) **Indeed it will be, Nico.**

Elizebet: I will make sure that none of you will ever leave here alive, for I am Elizebet.

Suddenly, we saw Elizebet surrounded by crimson red light, and when she emerged, she was in her true Archfiend form.

Elizebet: (Demonic Voice) Ruler of Blood, Queen of The Greater Fiends!

Colleen went after Elizebet, and she fired powerful blasts of blue, red, and white energy, light, and Rough Collies at the Greater Fiend of Blood, and they exploded with incredible power. Then, she also slashed off Elizebet's wings and smashed her to the ground.

Hunter (Road Rovers): Now, that was pretty brutal.

Then, Colleen fired a powerful beam of light, and it incinerated Elizebet, as she howled and screamed in excruciating pain, and she turned to nothing but red dust. Then, as her spirit appeared, Collen sent her to the Black Gates to join her fellow Greater Fiends forever, as she was erased from existence for all eternity. We cheered wildly for what Colleen did as she holstered her massive sword on her back and powered down, and Colleen's new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Nico: Awesome job, Colleen.

Eli: Yeah, you destroyed Elizebet, and made sure she paid the price for her crimes and sent her to The Black Gates forever.

Colleen: (British Accent) Thank you, boys.

Suddenly, she was wrapped in a pair of abnormally massive and powerful golden fur muscular arms, and she then turned around and was face to face with Hunter. Then, he did the boldest thing ever: he leaned down to Colleen's face and he kissed her on the lips, which brought an atomic red blush to her face. But, then, she wrapped her arms around Hunter's neck, and she also returned the kiss with equal intensity and passion.

Me: What the?

Nico: Heh, I knew Colleen had some romantic feelings for Hunter, and it looks like Hunter's decided to return them to her with a full-out kiss.

Then, Hunter separated from Colleen, but she still had a dazed lovestruck look on her face.

Colleen: Hunter…?

Hunter (Road Rovers): You don't think I knew you had romantic feelings for me, Colleen? Well, to tell you the truth, I also had those same feelings for you as well.

This surprised her: she found out that Hunter had the same feelings for her. But, this brought a smile to her face, and they kissed yet again.

Exile: (Russian Accent) I'm happy for both Colleen and Hunter getting together, I knew it was only a matter of time.

Nico: Same here, Exile.

Jessie Bannon: (To the viewers) This was an awesome adventure and now we have been freed of Dr. Salazar. It was a great battle here.

Nico: It sure was. But we're not done yet. Lets head over to Brazil everyone.

We went back to the Floating Fortress.

TO BE CONTINUED!

# RIDONCULOUS RACE PART 10 - Brazil

In Ponyville, Nico, Eli, me, Twilight and Friends and Lucy Heartfilia were there for another awesome rescue.

Nico: Thanks for coming with me, Lucy.

Lucy Heartfilia: No problem Nico. I have a feeling that something big is going on here in Ponyville.

Nico: I have that same feeling too.

Eli: I sense an evil force at work here. The way the people here are locked up at home shows that something big is going on.

Twilight Sparkle: I don't like it guys. I have a feeling it's not good.

Applejack: We better look sharp guys.

Nico: Lucy, I'll never forget when we met you and your friends.

Lucy Heartfilia: Me neither and that was really cool.

Me: It sure was and we all were honored to meet you all the first time and it was cool.

Eli: It sure was. That was so awesome. I wasn't with you all but that was neat.

Fluttershy: That is really cool.

Rainbow Dash: Very awesome.

Me: Yep.

Nico: And it was when we fought McLeach for the first time.

Sunset Shimmer: That is really cool.

Eli: It sure is.

Me: (Senses something) Also I'm going to unveil my surprise now. Watch this.

I turned my arm computer into a strange device and then a Purple Butterfly machine came and I grabbed it.

Me: HENSHIN!

I put the purple butterfly on it.

Computer: HENSHIN!

I turned into a purple Kamen Rider!

Me: Cast Off!

Computer: (CLICK) CAST OFF!

I had my weighted armor fly off.

Computer: CHANGE BUTTERFLY!

I was THE KAMEN RIDER BUTTERFLY!

Nico: WHOA! YOU'RE A KAMEN RIDER!?

Eli: OH WOW! That is awesome!

Rainbow Dash: That is so AWESOME!

Me: Yep.

I spread purple butterfly wings and flew into the air and swooped in and smashed a figure off a roof and it was AN INSANE VERSION OF TWILIGHT SPARKLE!

Twilight Sparkle: What the!?

Rarity: Another Twilight Sparkle!?

Lucy Heartfilia: Um… Twilight? You okay?

Insane Twilight: (CRAZY LAUGHTER) NO PROBLEM! JUST

FINDING PROBLEM!

Twilight Sparkle: Is that what I look like when I go through one of my flipping out episodes!?

Nico: Jeez! This is nuts!

Starlight Glimmer: Twilight Wigging out like this is very strange.

Applejack: Wait look!

We saw that she was wearing a dress with all of the cutie marks of her friends and she had 6 pairs of wings of different colors and even 4 horns around her neck!

Lucy Heartfilia: Oh no!

Me: Did she just?

Lucy Heartfilia: What… did… you… do?!

Me: This version of Twilight has totally lost her mind!

Twilight Sparkle: Did she?

Twilight dropped to the ground and cried.

Eli comforted her.

Twilight Sparkle: (Crying) I CAN'T BELIEVE THIS IS WHAT WOULD HAVE HAPPENED TO ME!

Nico: Oh man!

Me: This is not good! Thank God I saved Twilight and stopped this from happening to her.

Nico: Wait you saved Twilight from going through this a while back J.D.?

Me: Yes. It was when I was forming the Knights of the Frightship Table shortly after we found the Standing Stones of the Vok.

Twilight Sparkle: Quill.

Spike: Check.

Twilight Sparkle: Parchment.

Spike: Check.

Twilight Sparkle: Extra ink.

Spike: Check.

Twilight Sparkle: Extra extra ink.

Spike: Check.

Twilight Sparkle: Is that everything on the checklist?

Spike: Yep.

Twilight Sparkle: Great. Now that we've completed the checklist of things we need to create a checklist, we can make my checklist of the things I have to get done by the end of the day. Ready?

Spike: Ready!

Twilight Sparkle: Item one: create checklist of the things I have to accomplish by the end of the day.

Spike: [sighs]

**Twilight Sparkle** : How are we doing, Spike?

**Spike** : Let's see… We've already dropped off your cape at the cleaners, returned the blackboard you borrowed from Cheerilee, ordered new parchment and quills from the stationery shop…

**Twilight Sparkle** : Hmm… Seems like we just placed an order for those a few days ago.

**Spike** : Can't imagine why we go through so many of them.

**Twilight Sparkle** : Sounds like we're ahead of schedule. What's next?

**Spike** : Cupcakes!

**Spike** : Whoa…

**Twilight Sparkle** : Uh, I only ordered twelve.

**Mrs Cake** : Oh, I know, dear, but I had an extra. So I thought I'd make it a baker's dozen.

**Spike** : Uhhh-no!

**Twilight Sparkle** : Oh, that was very thoughtful of you. It's just some of the icing from the extra cupcake is getting all over the one next to it. See?

**Mrs Cake** : Ohh… sure…

**Twilight Sparkle** : It's just that I'm planning on sharing these at a picnic later and I don't want anypony to feel like somepony else is getting more icing.

**Mrs Cake** : Oh, no… of course not.

**Twilight Sparkle** : Not to worry, I'll just move some of this one to… hmm… I think I may have scooped too much… oops! Now those two have more. Let's just try this again… Hmm, no, that won't do. Let me just… hmm… put some here, and… no, that's not right. A little more on this one, a little bit… and wait… I'll just… ooh, a little bit here, and here, and… perfect!

**Mrs Cake** : Hmm, oh yes… much better…

**Twilight Sparkle** : Okay, time to tackle the next item on our- oops! Looks like we're going to have to add 'give a baby dragon a bath' to our list.

**Spike** : [slurp]

**Twilight Sparkle** : Very efficient! And a little bit gross.

**Spike** : Eh.

**Spike** : Looks like that's everything!

**Twilight Sparkle** : Almost everything.

**Spike** : " *Triple* -check checklist to make sure we didn't miss anything when we double checked the checklist!" Uh… check! Ugh… I've been holding that quill so long, I've got a claw cramp! Well, good thing we don't have anything to report to Princess Celestia this week… I don't think I could write another word!

**Twilight Sparkle** : We haven't sent a letter to Princess Celestia this week?!

**Spike** : Why? Is that bad?

**Twilight Sparkle** : *Bad? BAD?* Of course it's *bad* ! I'm supposed to send Princess Celestia a letter every week, telling her about a lesson I've learned about friendship! Not every other week, not every ten days, *every… single… week!*

**Spike** : Huh?

**Twilight Sparkle** : Ohh… Where's my calendar, where's my calendar?!

**Spike** : Where it.. always is?

**Twilight Sparkle** : When did we send the last one?

**Spike** : Last… Tuesday?

**Twilight Sparkle** : And today is…

**Spike** : Tuesday?

**Twilight Sparkle** : Argh! Nonononononono! If I don't send her a letter by sundown, I'll be… *tardy* !

**Spike** : What's that now?

**Twilight Sparkle** : Tar-dy, Spike! Late, I'll be late! Oh, how could I let this happen? I'm usually so organized. I've never been late with an assignment.

I then came in.

Me: Twilight is everything okay in here?

Twilight Sparkle: Oh J.D. thank goodness you're here! I am in huge trouble.

Me: What's wrong?

Twilight Sparkle: I don't have much time and I have to get my Friendship report to Princess Celestia before Sundown or I'll be tardy!

Me: Twilight it'll be okay.

**Spike** : Oh, please! You're the most studious student ever! I'm sure the Princess will forgive you if you miss one little deadline.

**Twilight Sparkle** : I'm afraid to take that chance, Spike. This is the ruler of all of Equestria we're talking about. The pony who holds my fate in her hooves! What if she doesn't forgive me?

**Spike** : Yeah… I don't think she-

**Twilight Sparkle** : What if instead she starts thinking I'm not taking my studies on friendship seriously?

**Spike** : Why would she-

**Twilight Sparkle** : What if she makes me come back to Canterlot and puts me back in school and makes me *prove* I've been taking them seriously by giving me a test?! What if I don't pass?!

**Spike** : Well, why wouldn't you pass-

**Twilight Sparkle** : She's my teacher. Do you know what teachers do to students who don't pass? They send them back a grade! But she won't just send me back a grade. She'll send me back to… *magic kindergarten* .

She had a thought where she was demoted all the way back to when she was in kindergarten!

**Various fillies** : [laughing]

**Spike** : Twilight? Twilight!

**Twilight Sparkle** : Huh?

**Spike** : That is the most ridiculous thing I've ever heard! You're not going to be sent back to magic kindergarten.

Me: Yeah that's ridiculous, Princess Celestia wouldn't do that.

**Twilight Sparkle** : You're right. I have no reason to worry. Because I'm going to solve a friend's problem and get that letter to Princess Celestia before sundown!

Me: I can help if you want?

Twilight Sparkle: Thanks J.D.

**Spike** : [sighs]

**Twilight Sparkle** : So… got any problems, troubles, conundrums, or any other sort of issues, major or minor, that I as a *good* friend could help you solve?

**Spike** : Huh. Hmm. Huunh. Huh… I got nothin'.

Me: You'll think of something Twilight.

**Twilight Sparkle** : [sigh] Then it looks like I'm going to have to find somepony who does.

Me: I'll go too.

**Spike** : [sigh] This won't end well.

[clock ticking]

THE CLOCK WAS TICKING

**Twilight Sparkle** : You've got this, Twilight. You still have plenty of time to get that letter to Princess Celestia! Has to be *somepony* who needs the help of a good friend!

Me: I'm sure there is. We just got to know where to look.

**Rarity** : [screaming]

Me: Uh oh! That's Rarity!

**Twilight Sparkle** : Rarity!

**Rarity** : [continued screaming]

I KICKED THE DOOR TO CAROUSEL BOUTIQUE OPEN!

**Twilight Sparkle** : Don't worry, Rarity! I'm here!

Me: WE'RE Here you mean.

**Rarity** : [sobbing] Why me-e-e-e-e-ee… [gasp] WHYYYY?! Why? Why-y?! And of all the worst things that could happen, this is *THE. WORST. POSSIBLE. THING!*

Me: Rarity what's wrong?

**Twilight Sparkle** : What's happened? Are you alright?

**Rarity** : [gasp] I've lost my diamond-encrusted purple ribbon! I have searched high, and I have searched low. Low and high! High and low! But I can't find it anywhere! Anywhe-e-e-e-ere! How can I possibly finish my latest creation if I can't find it?!

**Twilight Sparkle** : Never fear, Rarity. As your friend I'll do my best to help you fi-

Me: Is that it right by your vanity mirror?

**Rarity** : Oh, there it is. Yes. Isn't it always just the last place you look?

Me: Whew. Thank goodness.

**Twilight Sparkle** : So… you just lost your ribbon?

**Rarity** : Mm-hm!

**Twilight Sparkle** : But now you've found it?

**Rarity** : Yuh-huh. Thanks to J.D.

**Twilight Sparkle** : And nothing else is bothering you? Nothing that I, as a good friend, could help you with?

**Rarity** : Hmm… there is one thing.

**Twilight Sparkle** : Yes?

**Rarity** : I think I left my measuring tape under the fabric over there. Could you get that for me?

**Twilight Sparkle** : [sighs] Measuring tape? Sure.

Me: Certainly.

I helped and got it for Rarity. It was under a pile of fabrics and I gave it to her.

Me: There you go Rarity.

**Rarity** : Oh thank you J.D. Twilight? Is there something bother- Twilight?

Me: She's just really nervous. She doesn't have much time and she is looking for someone to help with Friendship with Princess Celestia.

Rarity: Oh my.

I went back to help Twilight.

[clock ticking]

**Twilight Sparkle** : No need to panic. Rarity is just one pony. I'm sure one of my other friends will need me.

Me: Yeah I'm sure.

We then saw Rainbow Dash smashing through a barn.

**Rainbow Dash** : [grunting and kiai noises] [crashing]

**Twilight Sparkle** : What in the world…?

Me: WHOA! Rainbow Dash is REALLY tearing that barn apart!

Twilight Sparkle: No kidding. Rainbow must be angry with Applejack! She must hate her guts! How wonderful! Rainbow Dash! Stop! Listen, Rainbow. I know you're upset with Applejack, but don't worry. Whatever it is that has come between you two, I'm sure that I, as a good friend, can help you resolve your problems.

**Rainbow Dash** : Uh, what are you talking about?

Me: Is everything okay with you and Applejack, R.D.?

Rainbow Dash: Yes.

**Twilight Sparkle** : Oh, Rainbow Dash, you don't have to hide your feelings from me! I can tell you two must've had a terrible fight.

She put her on a bench like a psychologist does.

**Twilight Sparkle** : Now, why don't you tell me all about your issues with Applejack.

**Rainbow Dash** : I don't have any issues with Applejack.

**Twilight Sparkle** : You don't? Then why are you destroying her property?

**Rainbow Dash** : Because she asked me to. Right, Applejack?

**Applejack** : Yes, ma'am. I wanted to put up a new barn, but this one's gotta come down first. Hehe. Now get back to it, R.D.

**Rainbow Dash** : You got it, boss!

Me: Oh you're doing some demolition work. Okay. I thought it was something serious. You had us worried there for a second. I could always blast that barn for you.

Applejack: Yeah you could.

Rainbow Dash flew into the air.

**Applejack** : I'd take cover if I were you.

Me: Uh oh!

We saw Rainbow Dash fly into the air.

Me: HIT THE DECK!

**Twilight Sparkle** : [yelps]

We dove into the ditch.

**Rainbow Dash** : [screams]

She smashed into the barn and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She smashed the barn to dust in a powerful atomic sonic rainboom explosion!

Me: WHOA!

We saw the barn completely destroyed!

Me: WHOA! That was intense!

Applejack: Yeah it was.

**Twilight Sparkle** : [sigh]

[clock ticking]

Twilight's hair was getting messed up.

**Twilight Sparkle** : [sigh] I can't believe I wasted all that time. I should have just come here first. Fluttershy always has some fear she's trying to get over. As a good friend, I'll be able to help her.

Me: Lets hope she is doing okay.

**Bear** : [roars]

**Fluttershy** : [grunting]

Me: WHOA!

**Twilight Sparkle** : Fluttershy?

**Fluttershy** : [grunting, yelling]

Fluttershy was REALLY hurting that bear!

Me: GEEZ! I've never seen Fluttershy act this savagely!

**Twilight Sparkle** : How can this be happening? Of all the days she had to stop being such a scaredy-pony, she had to pick today?! What am I going to do?!

Twilight left.

Me: Wow! I've never seen you fight like that Fluttershy. Are you alright?

**Fluttershy** : Yes I'm fine J.D. (To the bear) You really should have come to me sooner. You were carrying so much tension in that shoulder.

**Bear** : [growls]

Me: Oh you were just giving that bear a massage. Whew. I'm sorry Fluttershy. I thought you went off the deep end there.

Fluttershy: Oh no worries J.D. Sorry if I scared you.

Me: It's okay. But I'm really worried about Twilight.

Fluttershy: What's wrong with her?

Me: She's really paranoid about Princess Celestia coming.

Twilight was over at a bench and she was starting to worry.

**Twilight Sparkle** : It's fine. It'll all be fine. The day isn't over yet. But it will be over soon!

[clock ticking]

TIME IS RUNNING OUT!

She really worrying.

**Twilight Sparkle** : [groans] It'll be all over! My time in Ponyville! My advanced studies! Nono. You're a good student. You can do this. Ooh! But what if I can't? You can! You just have to keep it together. Keep. It. Together!

Spike came.

**Spike** : Are you talking to… yourself? Twilight?

She heard fillies laughing and saw some kids jumproping.

**Fillies** : [laughing]

Then she imagined them laughing at her.

**Spike** : *Snap out of it* !

**Twilight Sparkle** : Huh?

**Spike** : Are you okay?

**Fillies** : [laughing]

I came too.

Me: Twilight are you sure you're alright?

**Spike** : Yeah Twilight, I'm really worried. I mean this letter thing is really getting to you. Here. You've been so anxious all day that you completely forgot about the picnic. Why don't you just relax and go hang out with-

**Twilight Sparkle** : The picnic! I should go see my friends!

**Spike** : I'm glad you've come to your senses.

Me: I don't think she has Spike. We better go talk to Princess Celestia about this.

Twilight's friends were setting the picnic up.

Me: Hi girls.

Pinkie Pie: Hello J.D.!

**Rarity** : Please tell me I did not forget the plates. [gasp] I did. I totally forgot them. Of all the worst things that could happen, this is *THE. WORST. POSSIBLE. THING!* [cries] Why, why, why… Uh… What? You didn't expect me to lay on the grass, did you? [bray]

Me: Easy Rarity. I got the plates right here.

I pulled out the plates.

Rarity: Oh wonderful.

Twilight came and she was nervous as all get out.

**Applejack** : You alright, hun?

**Twilight Sparkle** : No! I am not alright.

**Applejack**, **Fluttershy**, **Rainbow Dash**, and **Rarity** : [surprised muttering]

**Twilight Sparkle** : It's just terrible.

**Applejack**, **Fluttershy**, **Pinkie Pie**, **Rainbow Dash**, and **Rarity** : Yes?

**Twilight Sparkle** : Simply awful.

**Applejack**, **Fluttershy**, **Pinkie Pie**, **Rainbow Dash**, and **Rarity** :

Yes?!

**Twilight Sparkle** : It's the most horrific trouble I've ever been in and I really really *really* need your help!

**Applejack**, **Fluttershy**, **Pinkie Pie**, **Rainbow Dash**, and **Rarity** : *YES?!*

**Twilight Sparkle** : My letter to Princess Celestia is almost overdue, and I haven't learned anything about friendship!

**Applejack**, **Fluttershy**, **Pinkie Pie**, **Rainbow Dash**, and **Rarity** : [sighs]

**Fluttershy** : Oh, thank goodness. I thought something really awful had happened.

**Twilight Sparkle** : [strangled noises] Something awful *has* happened! If I don't turn in the letter on time, I'll be tardy! TARDY!

**Applejack**, **Fluttershy**, **Pinkie Pie**, **Rainbow Dash**, and **Rarity** : [giggles]

**Applejack** : No offense, sugarcube, but it looks like somepony's gettin' themselves all worked up over nothin'.

**Twilight Sparkle** : This is not nothing. This is everything. I need you guys to help me find somepony with a problem I can fix before sundown! *My whole life depends on it* !

**Pinkie Pie** : [giggles] Oh, Twilight, you're such a crack-up! [laughs]

**Applejack** : Come on now. Have a seat and stop sweatin' the small stuff.

**Twilight Sparkle** : [groans]

She left.

**Fluttershy** : Wow. I've never seen Twilight so upset before.

**Rarity** : Oh, what a drama queen. Mm. Relatively speaking…

Me: Girls this is serious! Twilight is a nervous wreck. I've never seen her like this before.

Rarity: Oh dear.

[clock ticking]

OH BOY.

Back at her castle, Twilight was starting to have a nervous breakdown.

**Twilight Sparkle** : Clock is ticking, Twilight. Clock. Is. *Ticking* . Keep it together. If I can't *find* a friendship problem… I'll *make* a friendship problem! [bird chirping]

UH OH!

**Twilight Sparkle** : [insane giggles]

**Apple Bloom**, **Scootaloo**, and **Sweetie Belle** : [giggling]

**Twilight Sparkle** : Hi, girls! [twitching]

**Apple Bloom** : Oh, hi, Twilight. How's it go-

**Twilight Sparkle** : Gr-eat. Just great. You three look like you're doing great too! Looks like three good friends who obviously don't need the help of another good friend. This is Smarty Pants. She was mine when I was your age, and now I want to give her to you!

**Scootaloo** : Uhh… she's… great.

**Apple Bloom** : Yeah. Great.

**Sweetie Belle** : I really… like her… mane.

**Twilight Sparkle** : She even comes with her own notebook and quill, for when you want to *pretend* she's doing her homework!

**Scootaloo** : That's… um… great.

**Apple Bloom** : Yeah… great.

**Sweetie Belle** : I really like her… mane?

**Twilight Sparkle** : I just hope the fact that there are three of you and only one of her doesn't become a problem! I'd hate to cause a rift between such good friends. So, who wants to play with her first?

**Apple Bloom** : Uh… You should play with her first, Sweetie Belle. Y'know, 'cause you like her mane so much.

**Sweetie Belle** : Nonononononono. I think Scootaloo should get to play with her first.

**Scootaloo** : I'd love to, but, um, you take her, Apple Bloom.

**Apple Bloom** : Applejack says it's important to share.

**Twilight Sparkle** : [thinking] I gotta think of something! Thinkthinkthinkthinkthink Twilight, think! [gasp] That's it! [aloud] Ooh, you're going to *like* Smarty Pants. And you're going to like her more than *anything* .

**Scootaloo** : [gasp] I want it.

**Apple Bloom** : I *need* it.

**Sweetie Belle** : I really like her mane!

**Apple Bloom**, **Scootaloo**, and **Sweetie Belle** : [arguing]

**Twilight Sparkle** : The 'want it, need it' spell. Works every time. Okay, okay, let's break it up. I think we can all see that there is an important lesson to be learned here about- ugh! C'mon, girls, we're all friends here, right? Don't you think you ought to share?

**Apple Bloom** : No way!

**Twilight Sparkle** : [groan] Big McIntosh! Thank goodness! You've gotta help me get that doll away from those girls!

**Big McIntosh** : Eeyup.

**Apple Bloom**, **Scootaloo**, and **Sweetie Belle** : [continue arguing]

**Twilight Sparkle** : Oh, thank you so much. Now if you could just give her to me?

**Big McIntosh** : Nnnope.

**Twilight Sparkle** : Oh no!

**Apple Bloom** : Give her back!

**Apple Bloom**, **Scootaloo**, and **Sweetie Belle** : [Don't touch it! It's mine! I want it!]

**Mayor Mare** : What's all the commotion about?

**Orange Swirl** : They're fighting over that doll!

**Sweetie Drops** : That incredible, amazing doll!

**Ponies** : [arguing]

**Twilight Sparkle** : Can't… get… a clear shot! [grunting]

**Mayor Mare** : Gimme!

**Big McIntosh** : Nope.

**Twilight Sparkle** : Oh, what have I done?!

**Ponies** : [arguing]

**Applejack** : Y'all hear that? What in the name of all things oats 'n apples is goin' on here?!

**Twilight Sparkle** : Don't look at it!

**Rarity** : Don't look at what?

**Twilight Sparkle** : My Smarty Pants doll! I enchanted her and now everypony is fighting over her!

**Fluttershy** : Why would you enchant your doll?

**Twilight Sparkle** : Oh, I had to do something! I had nothing to report to Princess Celestia! I thought if I couldn't *find* a problem, I'd *make* a problem! The day is almost over!

**Applejack** : Not almost!

Me and Spike were watching.

Me: This is really bad Spike. We got to talk to Princess Celestia right now.

Spike: Right!

We teleported to Canterlot and went to Princess Celestia's castle and went in. Princess Celestia was doing her work on some of the papers and we came in.

Me: Princess Celestia!

We went over and knelt.

Me: I'm sorry we have to come in like this so franticly princess but I'm afraid something is going on with Twilight. I think she's in trouble.

Princess Celestia: What's wrong?

Me: She is overdue for her weekly friendship report for you because she got so caught up in her organizing and schedule that she completely forgot about it and doesn't know what to come up with for it so she's losing her mind and is overcome with paranoia and fear because she thinks you're going to send her back to magic kindergarten.

Princess Celestia: What!? Oh no I better get over there and help her. Thank you very much for telling me this you two.

Me: You're welcome. Just please help her.

We teleported back to Ponyville.

Then the sun was down.

TOO LATE!

**Princess Celestia** : Twilight Sparkle!

Princess Celestia, me and Spike appeared in a flash of light.

**Applejack** : Whoa nelly. [Smarty Pants doll squeaks]

She reversed the spell.

**Big McIntosh** : [neighs and whinnies]

Me: Princess please don't be too hard on her.

**Princess Celestia** : I won't J.D. Meet me in the library of your castle.

**Twilight Sparkle** : Goodbye, girls. If you care to visit, I'll be in magic kindergarten, back in Canterlot.

**Fluttershy** : Magic kindergarten?

**Rainbow Dash** : Canterlot?

**Pinkie Pie** : We're never gonna see Twilight again!

**Applejack** : Uh, what are we gonna do, y'all?

**Rarity** : Of all the worst things that could happen, this is *THE. WORST. POSSIBLE. THING!* What? I really mean it this time!

Me: That's what I was trying to tell you girls. Come on she needs our help.

We went to the castle.

**Twilight Sparkle** : But… but… I'm supposed to send you a letter about friendship every week. I missed the deadline. I'm a bad student! I'm… tardy!

**Princess Celestia** : You are a wonderful student, Twilight. I don't have to get a letter every week to know that.

**Twilight Sparkle** : Really?

**Rainbow Dash** : Wait!

**Pinkie Pie** : You can't punish her!

**Applejack** : It wasn't her fault!

**Princess Celestia** : I'm listening.

**Fluttershy** : Please, your Highness. We all saw that Twilight was upset.

**Rainbow Dash** : But we thought that the thing she was worrying about wasn't *worth* worrying about.

**Applejack** : So when she ran off all worked up, not a single one of us tried to stop her.

**Rarity** : As Twilight's good friends, we *should* have taken her feelings seriously and been there for her!

**Fluttershy** : Please don't take her away from us just because we were too insensitive to help her.

**Princess Celestia** : Looks like you all learned a pretty valuable lesson today.

**Applejack**, **Fluttershy**, **Pinkie Pie**, **Rainbow Dash**, and **Rarity** : Mm-hmm.

**Princess Celestia** : Very well. I'll forget Twilight's "punishment" on one condition.

**Applejack**, **Fluttershy**, **Pinkie Pie**, **Rainbow Dash**, and **Rarity** : [All right, etc.]

**Princess Celestia** : From this day forth, I would like you *all* to report to me your findings on the magic of friendship when, and only when, you happen to discover them.

Me: Yes Princess.

**Applejack**, **Fluttershy**, **Pinkie Pie**, **Rainbow Dash**, and **Rarity** :

[cheering]

**Twilight Sparkle** : Princess Celestia, wait! How did you know I was in trouble?

**Princess Celestia** : Your friends J.D. and Spike made me aware that you were letting your fears get the best of you. I commend them for taking your feelings seriously.

Me: We were looking out for you Twilight.

Spike: Yeah we sure were.

Me: We just couldn't stand to see you go off the deep end like that.

Princess Celestia: Now, if you will all excuse me, I must return to Canterlot. I'm expecting some mail.

**Applejack** : Y'all heard the Princess. Spike, take a letter.

Spike got a letter.

Twilight hugged me and Spike.

Me: Okay we're ready.

**Applejack** : [clears throat] *Dear Princess Celestia, We're writin' to you because today we all learned a little somethin' about friendship.*

**Fluttershy** : *We learned that you should take your friends' worries seriously.*

**Rainbow Dash** : *Even if you don't think that she has anything to worry about.*

**Rarity** : *And that you shouldn't let your worries turn a small problem…*

**Pinkie Pie** : *… into an enormously huge entire-town-in-total-chaos Princess-has-to-come-and-save-the-day problem.*

**Me:** *… and whenever your friends are in trouble always find a way to help them in their times of need.*

**Applejack** : *Signed, your loyal subjects.*

**Spike** : *P.S. Obviously Spike did not have to learn a lesson, because he is the best, most awesome friend a pony could ask for. Unlike everypony else, he took things seriously, and-* Eheh… uh… yeah… I'll just, um…

**Me, Twilight Sparkle**, **Applejack**, **Fluttershy**, **Pinkie Pie**, **Rainbow Dash**, and **Rarity** : [laughs]

**Spike** : [snorts]

The letter was sent.

FLASHBACK ENDS

Me: Thankfully Princess Celestia went easy on her when I told her what happened and she forgave her for what was happening.

Sunset Shimmer: Wow.

Nico: You are a good friend for her J.D.

Lucy Heartfilia: Also, I'm gonna guess that this form is from Kamen Rider Kabuto, right?

Me: Yep. It sure is. And I found a safer way to destroy the Worms there.

Nico: Let me guess. The Sacred Water.

Me: Yep. I showered all of Tokyo and everyone in it with the Sacred Water and destroyed all the worms except for Hiyori.

Nico: Genius!

Me: But no I didn't go to Japan to meet the Kamen Riders in person. I was just doing them a big favor and helping them out. From the shadows.

Nico: Genius! And the Butterfly chose you.

Me: Yep.

Lucy Heartfilia: But just because the worms are gone now doesn't mean they can't make a return appearance.

Me: That's true. But the Kamen Riders can help out the Power Ranger teams too.

Nico: That is true and there have been many instances where the Kamen Riders have helped the Sentai Teams.

Me: Yep.

Starlight Glimmer: And the Kamen Riders all helped us out during the 20 Days of Darkness.

Me: All of them except for Hibiki.

Lucy Heartfilia: Well, only some of them helped out. But we can still meet the majority of them.

Me: That's right. I remember. But we still owe them big time for helping us.

Sunset Shimmer: That's right.

Insane Twilight: Must make friendships!

She came at us but then…

BOOOM BOOM BOOOM BOOOMM BOOOMM!

A powerful beam of gravity lightning hit the ground in front of us and hit Insane Twilight and knocked her down. And then some sand came in and grabbed Insane Twilight in a ball.

We then saw a Shakaralramal grabbing her and then out came King Ghidorah!

Nico: WHOA!

Eli: I didn't summon King Ghidorah!

Shakaralramal: (In a girls Voice) (Spanish Accent) Long time no see Nico.

King Ghidorah: (In a Girls Voice) (British Accent) Been a long time old chap.

Nico: Those voices! Rachelle Orinoco and Nadine Evenscaster? Wow! This is awesome!

Shakaralramal: Looks like this one has been causing some trouble to you all.

They reverted back and both of the girls had golden hair with orange and gold clothes and then Rachelle put an anti-magic horn on Insane Twilight and knocked her out with sedatives.

Rachelle Orinoco: There.

Nadine Evenscaster: That will calm her down.

Lucy Heartfilia: What's your favorite memory of Nico?

Rachelle Orinoco: I'm a singer and a great dancer. My favorite moment with Nico is when I danced with him to the song Bailamos by Enrique Inglesias.

Nico: Awesome dancing there.

Nadine Evenscaster: And I'm one of Nico's fiercest protectors. I made quite a reputation doing so and also I attended his biology classes with him. My favorite moment is when me and Nico roughed up a bully hurting a kid for having blond hair.

Nico: Yeah that was crazy.

Nadine Evenscaster: It was the queen bee of the school Jasmine Florence and we got her expelled and sent to a strict catholic school.

Nico: Yep.

Me: Good riddance.

Twilight Sparkle was crying hard.

Eli: It's all right Twilight. It's okay.

Twilight Sparkle: (Crying) How could I let this happen to me!? I let paranoia and fear consume me!

Rainbow Dash: Twilight it'll be okay.

Nico hugged both Nadine and Rachelle.

Nico: I really missed you both.

Nadine Evenscaster: Me too Nico.

Rachelle Orinoco: Same here Nico.

Me: Boy Metphies is gonna be in for one helluva shock when we show him that we now have a King Ghidorah Gene-Slammer.

Nico: You got that right.

Eli: Twilight it'll be okay.

Twilight Sparkle: (Sniffles) I can't believe that I would turn into this!

Applejack: Oh Twilight it'll be fine. Besides at least J.D. helped you out back then just like Eli and us are doing now.

Fluttershy: Yeah Twilight you would never turn into this. You turned into this because you were letting fear and paranoid get ahold of you.

Nico: Yeah Twilight and you have all your friends to be there for you.

Sunset Shimmer: That's right Twilight. We will be there for you no matter what.

We went back home and it was a great mission in Ponyville.

Me: That's right, big guy.

Nico: The Masters of Evil already have the Phantom of Vasquez Castle in their ranks, then, that means…

Me: Yes, this means we're dealing with the fake Phantom of Vasquez Castle, Bluestone the Great, an ex-magician who used the costume to find some buried treasure and was wanted in six states.

Lincoln: And he's broken out of prison to get his hands on the Vasquez treasure again. Well, we're going to give him a magic show he'll never forget. And thanks for joining us on this rescue, Sakura.

Sakura Avalon: You're welcome, Lincoln. This is going to be awesome.

?: HELP!

Suddenly, Suddenly, Lincoln heard the sound of thirteen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the thirteen girls, but they've been cornered by the Phantom of Vasquez Castle.

Lincoln: Guys, I found the thirteen girls, but they've been cornered by the Phantom of Vasquez Castle.

?: That phony phantom, let's get him.

Suddenly, we saw an Infernalqueen Archfiend Duel Monster appear

before us.

Lincoln: That voice, I knew it was you, Janet Kinsington, but we'll have to talk later, right now, we've got a phony phantom to stop. I'M GOING GHOST!

Suddenly, Lincoln was surrounded by a massive vortex of green energy with ghosts surrounding the vortex, and a white ring appeared, and then, they separate as one white ring rises and another white ring descends, and as the vortex faded and Lincoln emerged, the 17-year-old 7'5" tall, handsome, and extremely muscular man's long, white hair remained the same, along with the rainbow lightning bolts on the bangs, his deep sapphire blue eyes turned deep ghostly green, the eight large orange orbs orbiting around his legs turned ghostly white, his large blue pants turned black, but the rainbow colored lightning bolts on them remained the same, his massive orange bands with silver phoenixes on his abnormally massive and powerful biceps and thighs turned ghostly green, his orange version of He-Man 2002's loincloth and long orange trenchcoat coattails with elemental forces, thunderbirds, buffalo, and angels with hanging small silver lightning bolts turned ghostly white, and his massive deep sapphire blue angel wings with stars turned ghostly white. Lincoln has transformed into SUPER LINCOLN PHANTOM, an upgraded version of his Lincoln Phantom form.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls, green ectoenergy, and blasts of ice and snow at the Phantom of Vasquez Castle, and they hit him and that allowed the thirteen girls to get away.

Phantom of Vasquez Castle: (Spooky Voice) You shall not escape me!

Super Lincoln Phantom: You got it all wrong, it's you who shall not escape us.

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird

Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Gage the Hedgehog transformed and he got his massive sword out, Sakura Avalon Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, and Me, Nico, Nicole, and Eli unholstered our massive swords and we transformed, and we went at the Phantom of Vasquez Castle, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ecto-energy, ecto-ice, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, green flames, and water, and they exploded with incredible power as they hit the Phantom of Vasquez Castle.

Then, Lincoln fired a blast of rainbow energy and shackled the Phantom in rainbow energy handcuffs, so he can't escape. We cheer wildly as we holster our weapons and power down and Lincoln changed back to normal.

Lincoln: It's over, Phantom of Vasquez Castle, or should I say, Bluestone the Great.

Lincoln unmasked the Phantom of Vasquez Castle, and it was indeed none other than Bluestone the Great. It was right at that moment Nikiya arrived, along with the Gotham Royal York Police.

Nikiya: Nice job, guys. Bluestone the Great's heading right back to prison for this. Lincoln, would you like to do the honors?

Lincoln: You got it.

Lincoln threw a smoke pellet, and it exploded in magical smoke, and transported Bluestone the Great to his new cell in Solitary Confinement in the Uranus Prison, and just like with the other enemies of Mystery Inc, he was sentenced to Life in Prison Without Parole.

Lincoln: That's it for that phony phantom. (To Janet Kinsington) And it's so good to see you again, Janet Kinsington.

Janet Kinsington: You too, Lincoln, it's been a long time.

Lincoln went up to Janet Kinsington and they hugged, and Janet Kinsington's very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become.

Lincoln: It sure has been a long time, I haven't seen you when you were twelve, and as you can see, I really grew a lot since then.

Janet Kinsington: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Whoa, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Janet Kinsington, she's a local girl from Michigan and not only is she also another of my Guardian Angels, she's also one of my closest friends and she took on Lynn at her worst.

Janet Kinsington: And there's something you all should know: I ABSOLUTELY HATES Mr. Bolhofner for everything he is, and I swore that if I ever see him ever again, I would slash his throat!

We gasped in shock.

Nico: Whoa, so you're another person who absolutely hates old Stank Breath Bolhofner as well?

Me: You're not the only one who absolutely hates Stank-Breath Bolhofner, Janet. I hated that asshole when he tormented me in Kindergarten, and after I got him fired for what he's done to us, he swore he'd kill me if it's the last thing he did.

Lincoln: And Stank Breath began tormenting us in Gotham Royal York by bringing in wild animals to attack us and dealing with his stinky breath. But, we finally got rid of him and sent Bolhofner straight to Oblivion for good.

Janet Kinsington: Good, he was scum. And I've got ten horrible revelations about him, and he's a lot worse than what anyone has thought about him!

We really gasped in shock.

Lincoln: As if we didn't know he was an escaped convict and a bad teacher to begin with, now, there's ten horrible revelations about him. We're not going to like hearing about them, but right now, let's get you back to normal.

Janet Kinsington: No need, Lincoln.

Janet Kinsington reverted back to normal, and she is a beautiful 17-year-old girl with long flowing dark red hair, red eyes, fair skin, she's 6'5" in height, she has the body of a goddess, and she has massive dark red angel wings, as she reigned in the power of Infernalqueen Archfiend, and she's dressed in a sleeveless red vest, sleeveless red midriff top, red skirt with black frills, red pants, red high heels with butterflies on them, and a long red sleeveless trenchcoat with flames and darkness on the coattails and on the back is Infernalqueen Archfiend.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Janet Kinsington's neck with dark red gems on the gold lightning bolts and red crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Janet Kinsington: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Janet.

Janet Kinsington had a smile on her face and tears coming from her eyes, as she wrapped her arms around Lincoln's waist and Lincoln wrapped his abnormally massive and powerful muscular arms around her body, and he leaned down and kissed Janet Kinsington on the lips, and she returned it, and we cheered for them. Then, we went up to the fourteen girls, and when Lincoln saw them, he immediately recognized them. The fourteen girls are Akino Sakura, Hinata Aoi, Sanshokuin Sumireko, Charisma-gun A-Ko, Hanetachi Hina, Kamata Kimie, Kusami Luna, Sakurahara Momo, and Youki Chiharu from Oresuki: Are You the Only One Who Loves Me?, Hyoudou Michiru, Kasumigaoka Utaha, Katou Megumi, Sawamura Spencer Eriri, Hashima Izumi, and Ishimaki Motoko from Saekano: How to Raise a Boring Girlfriend.

Lincoln: Oh wow, it's Akino Sakura, Hinata Aoi, Sanshokuin Sumireko, Charisma-gun A-Ko, Hanetachi Hina, Kamata Kimie, Kusami Luna, Sakurahara Momo, Youki Chiharu, Hyoudou Michiru, Kasumigaoka Utaha, Katou Megumi, Sawamura Spencer Eriri, Hashima Izumi, and Ishimaki Motoko.

Nicole Knudson: From Oresuki: Are You the Only One Who Loves Me? and Saekano: How to Raise a Boring Girlfriend, awesome.

Lincoln: Are you girls okay?

Akino Sakura: Yes, we're okay, thanks to you.

Then, when Akino Sakura and the thirteen girls saw who it was that saved them from the Phantom of Vasquez Castle, heir faces turned atomic red upon seeing the 17-year-old 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large gold buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Akino Sakura: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made thirteen clones of himself, and he and the thirteen clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they lean down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Akino Sakura: Sakurajima Mai: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, fourteen Thunderbird Necklaces of Eternal Love appeared on the necks of Akino Sakura, Hinata Aoi, Sanshokuin Sumireko, Charisma-gun A-Ko, Hanetachi Hina, Kamata Kimie, Kusami Luna, Sakurahara Momo, Youki Chiharu, Hyoudou Michiru, Kasumigaoka Utaha, Katou Megumi, Sawamura Spencer Eriri, Hashima Izumi, and Ishimaki Motoko with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the TLPS Flying Fortress and we told everyone what happened, and they were shocked when they found out the villain we went after was Bluestone the Great, who disguised himself as the Phantom of Vasquez Castle, and he was after the Vasquez treasure again.

But, when Lincoln showed everyone what we did to him, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Janet Kinsington now have a lot of catching up to do, now that she's back, and we also found and donated the Vasquez treasure to the museum before we came back.

---

After stopping the Phantom of Vasquez Castle, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Janet Kinsington saw Lincoln working out like crazy, she had an atomic red blush on her face.

Janet Kinsington: Whoa, I was right that Lincoln has really grown to be a 17-year-old 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his abs hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Janet, and now, I can defend myself.

Janet Kinsington: That's incredible.

Nico: It sure is, Janet. So, what are these ten horrible revelations about Stank-Breath Bolhofner?

Janet Kinsington: You guys aren't going to like him even more. The first revelation I found out was that many years ago, he went off the deep end and murdered his wife when she was about to divorce him and kick him out of the house, the second revelation relates to how he slipped into the school that J.D. went to in Kindergarten and in Royal Woods, I found out he lied on his applications and the questions asked if he had been to prison before and if he has mental issues, the third revelation is that he murdered a veteran of the army and he stole his dog tag, scratched off his name, and added his own, the fourth revelation is that he's nothing but a pervert who likes to peep at women through windows, the fifth revelation is that he's snatched wild animals from zoos all over the United States and he's been purposefully starving them so he can unleash them on students, the sixth revelation is that he's also been thrown into a mental facility because of his dangerous anger and temperament, the seventh revelation is that he purposefully eats cat food and doesn't wash his clothes and practice good hygiene so he can gross everyone out, the eight revelation is that he one day planned to break out his partner so they can continue their crime spree in Gotham Royal York, the ninth revelation is that he's tried to get rid of Lincoln and his friends long ago by sending an adult bobcat at them, but I tamed the adult bobcat and I pulverized Stank Breath into the dirt, and the tenth revelation is that he tried to blackmail Superintendent Chen, but I stopped that and got Bolhofner tossed out.

When Janet Kinsington was done, we were really horrified at the revelations.

Me: My God, Stank Breath's even worse than a criminal and a pathetic excuse for a teacher.

Nico: Now, we have another reason to hate him even more.

Lincoln: If Janet hadn't stopped that bad-tempered stink breath monster, who knows what could've happened to us?

Eli: But, we made sure Bolhofner will never return again to get revenge.

Lynn: I knew Stank Breath Bolhofner was bad news, but what we were told, this really takes the cake.

We then got a shower afterwards, but suddenly, the alarm sounded, and when Lincoln checked the computer in the TLPS Flying Fortress, he saw who it was that triggered it: it was Jaquio, a power-hungry chaos sorcerer, and he's causing havoc. But, he also saw another figure fighting him: it was Ryu Hayabusa.

Lincoln: Guys, Jaquio, the power-hungry chaos sorcerer is here, and he's causing havoc.

Nicole Knudson: What, that malevolent chaos sorcerer's here? This is not good.

Lincoln: But, I also saw someone who's giving Jaquio a hard time, it's Ryu Hayabusa.

Nico: Ryu Hayabusa, the Dragon Ninja and heir to the Dragon Lineage? Whoa.

Ayane: Let's give Ryu a hand with dealing with Jaquio.

Lincoln: Right, Ayane. Let's go.

We head out of the TLPS Flying Fortress, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces at Jaquio, and they hit the chaos sorcerer. When Ryu Hayabusa saw us, he was indeed honored to meet us, but when Jaquio saw us, he was enraged.

Jaquio: Team Loud Phoenix Storm?! How dare you filthy humans show yourself before me! I will kill all of you and rule this world!

Lincoln: Don't even think about it, Jaquio. You've lived for far too long, and now, your miserable life shall be brought to an end here and now.

Jinx (League of Legends): And I've had enough of you to last an eternity.

Suddenly, League of Legends Jinx's pink eyes turned neon pink, and she was surrounded by a purple energy aura with explosives, and as she approached Jaquio, she left purple energy and explosives with every step. Then, she was surrounded by a massive vortex of purple energy with explosives and fire surrounding it, there was a phoenix flying around the vortex, and in the vortex is a blue phoenix. Then, as the vortex faded, League of Legends Jinx emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

League of Legends Jinx grew to 6'5" in height, she had the body of a goddess, she has pink highlights in the bangs of her blue hair, she has neon pink eyes and a purple energy aura with explosives and fire surrounding her, she has a phoenix with the Explosive Kanji in their claws emblazoned on her forehead. Suddenly, League of Legends Jinx felt a sharp pain right on her back, and then, massive blue angel wings with pink tips on the large blue feathers, sprouted out of her back, she has on bat earrings with pink gems for eyes and the Explosive Kanji in its claws and her merged Thunderbird Necklace of Eternal Love with blue crystal links and a Thunderbird and a phoenix with pink gems for eyes and the Explosive Kanji in its claws for the pendant, she has on a pink sleeveless leather jacket, sleeveless pink midriff top with blue phoenix on it, pink pants, pink high heels, and a long sleeveless hot pink trenchcoat with explosives on the coattails, and a phoenix surrounded by explosives on the back, and League of Legends Jinx has on her Ring of The Phoenix on her right ring finger and her Star Sapphire Corps ring on her left ring finger. League of Legends Jinx has on her new gold Bracelets of The Champions of The Universe with blue gems on her wrists and her new Belt of Elemental Bravery with a gold phoenix head with pink gems for eyes and a large blue gem in its mouth for the belt buckle, large pink Spellbook of The Gods and The Universe and large dark pink Spellbook of the Elemental Gods on her left hip on her waist and Eater of Sins revolver holstered on her right hip. There's a blue kanji below the phoenix that said, "League of Legends Jinx, Former Criminal from Zaun, Expert Markswoman, Member of Team Loud Phoenix Storm and The Masters of Evil, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Explosives."

リーグ・オブ・レジェンドジンクス、ザウン出身の元刑事、エキスパートマークスウーマン、チームラウドフェニックスストームのメンバーとマスターズオブイービル、リンカーンラウドの愛する未来の妻、スレイヤーオブイービル、狂った、殺人、冷酷、そしてサディスティックな野郎、驚くべき強力な学生驚くべき強力な教師の、そして爆発物のマスター

League of Legends Jinx has transformed into SUPER ANGEL INFINITY FIRESTORM EXPLOSIVES PHOENIX ANGEL OF FIERY ZAUN JUSTICE AND DIVINE LOVE!

We were amazed by League of Legends Jinx's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Jaquio saw it, the chaos sorcerer fell into a rage and tried to attack her, but League of Legends Jinx fired a powerful blue energy blast with explosives, and as they hit Jaquio, it exploded and knocked him back.

Lincoln: Wow, League of Legends Jinx, you look beautiful, how do you feel?

League of Legends Jinx: (Divine Echoing Cosmic Voice of the Explosive Phoenix and Divine Love) **I feel incredible, Lincoln. Now, shall we deal with Jaquio for good?**

Lincoln: (Smirks) With pleasure.

Ryu Hayabusa: You don't mind if I join in too?

Lincoln: Not at all, Ryu.

Lincoln unholstered his improved massive Cosmic Storm Sword of

Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he, along with Ryu Hayabusa, who unholstered his Dragon Sword, joined League of Legends Jinx.

Lincoln: **Time to put an end to your delusional dreams of world domination, Jaquio.**

Lincoln, League of Legends Jinx, and Ryu Hayabusa went after Jaquio, and they fired powerful blasts of rainbow energy, blue energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Dragons, and they exploded with incredible power as they hit Jaquio. Then, Lincoln and Ryu Hayabusa slashed at Jaquio with their swords, and they really left scars on the evil sorcerer, and League of Legends Jinx fired explosives at him, and they exploded with incredible power. Then, she tied Jaquio up with threads of blue energy.

League of Legends Jinx: (Divine Echoing Cosmic Voice of the Explosive Phoenix and Divine Love) Okay, Lincoln, you know what to do?

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) (Smirks) You got it, League of Legends Jinx.

Lincoln spreads his massive deep sapphire blue angel wings, and red energy was being charged in them, and this horrified Jaquio, and it meant his dreams of world domination and his life are about to come to an end.

Lincoln: **DEATH WING LIFE DRAIN!**

Lincoln fired massive red energy beams from his massive deep sapphire blue angel wings, and as they hit Jaquio, Lincoln began sucking out his life force, along with the powers and abilities of Shadow Khan, and his rainbow energy aura with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo flared up extremely, as he gained a massive power boost, and he made Jaquio's powers his own. Then, as he was done, Jaquio was reduced to a mummified withered husk drained of life, and as his spirit appeared, he was marked with a kanji on his forehead by Lincoln, and Jaquio was erased from existence forever. We cheered wildly as they holster their weapons and power down, and League of Legends Jinx's new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Lincoln and League of Legends Jinx shared a romantic kiss, and we return to the TLPS Flying Fortress and Ryu Hayabusa heard The Road Rovers had slain the Four Greater Fiends, Volf, Zedonius, Alexei, and Elizebet, and he was impressed by what we did to them, and he was also made a member of the team, but this meant, his enemies were now ours.

Then, before we were about to head for Brazil, suddenly, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy signal, and he saw who it was in the vision: it was none other than Zelgius, the Black Knight, from Fire Emblem, and he's here in Brazil. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone coming after us today in Brazil?

Lincoln: Afraid so, Nico, and we're not going to like it one bit: the person I just saw in the vision is none other than Zelgius, the Black Knight.

Our friends from Zenith were shocked at the news.

Lucina: Zelgius is here, the servant of the mad King Ashnard and the omnicidal Sephiran? This isn't good.

Celica (Fire Emblem): I never thought he'd one day return yet again.

Lincoln: What exactly can you and Celica tell us about Zelgius, Lucina?

Lucina: You won't like what we're going to tell you, Lincoln.

Lucina and Celica proceeded to tell us about Zelgius, the Black Knight, and we weren't going to like him one bit.

---

Zelgius

Zelgius, usually under the guise of the Black Knight, is a recurring antagonist in Fire Emblem series, serving as the secondary antagonist in Fire Emblem: Path of Radiance and a major antagonist in Fire Emblem: Radiant Dawn. He wields the sword Alondite and wears armor blessed by Ashera. He cannot be harmed by normal weaponry.

The alter-ego of Begnion's Military Commander, Zelgius, he was born a Branded (half-beorc and half-laguz), and ages more slowly due to his laguz blood. He wears his famous armor to disguise this fact from his fellow Daeins, who despise both the laguz and the branded.

He was trained by General Gawain (also known as Greil), whom he has always wanted to best in a duel to prove his strength. Even after Gawain left Daein, the Black Knight remained in service of the Mad King Ashnard. He is eventually approached by Sephiran, the Prime Minister of the Begnion Empire. Zelgius becomes commander of the Begnion Central Army while the Black Knight remains the strongest of Daein's Four Riders. He uses warp powder to get from place to place. Although he has sworn loyalty to Daein, by the time the series begins, he is loyal only to Sephiran.

He was voiced by Junji Majima in the Japanese versions. In the English versions, he was voiced by Mark Dias in Fire Emblem: Path of Radiance, Dave White in Fire Emblem: Radiant Dawn, and Robert Clotworthy in Fire Emblem Heroes.

Biography

Fire Emblem: Path of Radiance

By chance, he meets his old teacher in Gallia shortly following the Daeins' invasion of Crimea. The two partake in a duel in which he offers Greil the sacred sword, Ragnell. Greil does not take the sword, because he obtained an injury to his wrist causing him to no longer be able to wield swords. The Black Knight is unaware of this and defeats him in the duel anyway. After killing Greil, with Greil's son Ike watching, he is not satisfied. Had his old mentor's skill diminished over the years.

Ike swears to kill the Black Knight for what he has done. They meet many times throughout Fire Emblem: Path of Radiance. General Zelgius leads Begion troops to capture Daein and Ike even thinks he is "trustworthy enough". Of course, he did not know that these two are one in the same. Only after Ike obtains Ragnell do the two finally duel at Naddos Castle. At this time, Ike explains Greil's injury to the Black Knight's distaste. After Ike has defeated him, the castle collapses on top of him.

Fire Emblem: Radiant Dawn

The Black Knight didn't actually die. He appears three years later in Daein during its occupation by Begnion. He assists the Dawn Brigade in overthrowing Begnion's rule of their country. He spends the rest of the game aiding Michiah as the Black Knight and leading the Begnion army as Zelgius. A laguz named Ranulf discovers the link between the two and divulges this information to Ike.

After the Goddess wakes, he then waits in the Tower of the Goddess until Ike appears. The two duel and Ike truly defeats him. As he lay dying, he tells Ike that he saw Gawain in his swordsmanship and is at peace knowing he has truly fought his mentor once more.

---

When Lucina and Celica were done, we were shocked at the crimes of Zelgius.

Me: Whoa, this is really serious.

Nico: This guy has got to be put in prison for good for what he's done in Ashnard's name.

Suddenly, Muzzle's Sword of The Road Rovers unholstered itself from his back, and it was surrounded by a kaleidoscope of red, white, and blue energy with super red-hot flames and lava, and when the sword emerged, it was transformed into Hephaestus' Volcano Sword of Canine Strength, it's a new large sword with a 6'10" massive, wide, double-edged lava-colored red blade with the Greek Deity, Hephaestus, surrounded by a ring of fire, etched on the blade, large dog heads for the crossguard, large red, white, and blue gem embedded in the rainguard, longer black handle, and four large dog heads with red gems for eyes and four blue gems in its mouths and a large white gem on the bottom for the pommel.

Nico: Whoa, now that's one awesome looking volcanic sword.

Lincoln 2: Whoa is right, Nico. Muzzle, that new weapon you see before you is known as Hephaestus' Volcano Sword of Canine Strength, it's an evolution of your massive Sword of The Road Rovers, and it's imbued with the powers of the Greek Deity, Hephaestus, god of blacksmiths, metalworking, carpenters, craftsmen, artisans, sculptors, metallurgy, fire, and volcanoes.

Suddenly, the blade called out to Muzzle, and it burned off Muzzle's straitjacket, which allowed the Rottweiler/Labrador Retriever to grab the blade. Then, we witnessed something happen to Muzzle, his brown eyes glowed, and then, he felt immense heat building up inside his body, like he was burning up, and we saw that Muzzle's body temperature is rising like crazy, and we saw him being surrounded by a red energy aura with super red hot flames and lava. Then, we saw Muzzle grow to 7'5" in height, and we visibly saw his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and then, he let out a loud howl, and a massive vortex of red energy, super red hot flames, and lava surrounded him. Then, as the vortex faded, we saw Muzzle, but he was now a changed anthropomorphic dog, the now 7'5" tall Muzzle now has powerful upper and lower body muscles and eight-pack abs, large silver gauntlets with red white and blue gems on his massive and powerful muscular forearms, large dark blue pants with red and white accents and stars, and large ankle-high boots covered in silver armor. We were amazed by what happened to Muzzle.

Hunter (Road Rovers): Whoa, Muzzle's gotten an awesome new makeover!

Lincoln made a mirror of water, and when Muzzle saw what happened to him, he was really stunned and amazed. Then, Muzzle made a pair of large red, white, and blue weighted bands with silver phoenixes appear on his massive biceps and thighs, and he then holstered his massive Hephaestus' Volcano Sword of Canine Strength on his wider and more muscular back, and he's ready for when Zelgius, the Black Knight shows up.

Now it was time for Vakama's first ever Ambassador Mission.

Nico: Vakama, where you're going will be very… prehistoric.

Me: You're going to have fun on this one. We're going to meet my friends in the Dino Squad.

Vakama: Wow are they Gene-Slammers of Dinosaurs?

Me: In a way. But these are totally different. They were accidentally exposed to a mutagenic ooze and it turned them into different species of dinosaurs.

Nico: Wow! This is gonna be interesting to see.

Me: Yep.

I went over their history.

---

Ms. Moynihan (Joanne Moynihan) - A science teacher who is a Velociraptor that survived extinction and gained a human form. She can communicate telepathically with the teens.

Max (Rolf Maxwell) - A hunky 18-year-old high school senior in Ms. Moynihan's class. He is the team leader and captain of the football team. His Dino form is a Tyrannosaurus (although it has three fingers, unlike the real Tyrannosaurus which had two). Max is voiced by Ian Eli Lee.

Caruso (Erwin Caruso) - A handsome high school senior in Ms. Moynihan's class. He is vain and obsessed with the idea of fame, as well as his "good looks". He can be a pain sometimes though as his selfishness and arrogance hurt the team. Though he did prove himself worthy to the squad in episode 23. In that same episode he is revealed to have created his own line of moisturizers. He also practices yoga. His Dino form is a Stegosaurus (although his dino form has five tail spikes, teeth and no beak, unlike the real Stegosaurus). Caruso is voiced by Benjamin Beck.

Fiona (Fiona Flagstaff) - Another high school senior in Ms. Moynihan's class. She is the only female on the Squad (with the exception of Ms. Moynihan), and has a penchant for fast things like rollerblades or race cars. What grosses out Fiona entices Buzz (spiders, insects, etc.). She is allergic to spider bites, as revealed in "Never Judge a Dinosaur by its Cover". Fiona is the squad's resident mechanic and gear head, and is also a tomboy. Max and Buzz may have a crush on her, but she doesn't seem to notice. Her Dino form is a Spinosaurus. Fiona has a younger sister named Terri. Fiona is voiced by Dana Donlan.

Rodger (Rodger Blair) - Another high school senior in Ms. Moynihan's class. He is very smart and has a prankster streak. He is able to come up with gadgets even though his creations fail for some reason. He is somewhat arrogant like Caruso but helps the team when duty calls. He has a younger brother named Mikey. His Dino form is a hybrid of Styracosaurus and Triceratops. Roger is voiced by Kelcey Watson.

Buzz (Neil Buzmati) - Another high school senior in Ms. Moynihan's class. He is 17, then turned 18. He is the youngest member. He's the "punk" kid, who is scared of his own shadow. Several times throughout the series, he also shows affection for small animals traditionally considered "gross", such as rats, snakes, cockroaches, and spiders. Buzz is anything but a coward when he is needed in action. His alternate form, a Pteranodon, is one of the two non-dinosaurs in the Dino Squad.

Rump - The Dino Squad's mischievous pet bull terrier. He can transform himself into a strange animal that looks like a hybrid between a pig and a horse. The Dino Squad has not yet determined the species of dinosaur his "dino form" is supposed to be (although since Ms. Moynihan never "taught" him how to control his transformations as she did the kids, it's likely his dino form is mostly canine and it bears a resemblance to a Gorgonopsid). Rump usually gives Caruso a hard time from when he took his jacket in "The Beginning" as a stray dog, up until the episode "Runaway Ugly" when he ate Caruso's cupcake.

---

Nico: Whoa!

Eli: That is so awesome.

Laney: And very interesting.

Me: Yep. And I know who our main target is when we meet them later. We're going after Victor Veloci. You would not like this son of a bitch guys. He wants to use the ooze he made to turn EVERYONE and EVERYTHING into dinosaurs and abominations of nature and revert Earth back to the age of dinosaurs.

I went over his history.

---

Victor Veloci is a business magnate who owns and runs RaptorDyne and who is the main antagonist in Dinosquad. He is a 65 million year old Velociraptor who wishes to revert earth back to a state similar to the Mesozoic. Victor was once a Velociraptor who lived during the era of the dinosaurs 65 million years ago, before the catacalysmic asteroid struck and wiped out every non-avian dinosaur. However, he and another Velociraptor sought refuge in a cave during the calamity, and by unknown means mutated into humans. One was Victor, while the other became Miss Moynahan. Victor grew a hatred for humanity over the years, and sought to revert the world back to the way it was millions of years ago.

---

When I was finished everyone was shocked and horrified!

Nico: Whoa! I heard that there was an explosion that happened at his company.

Me: Yep. That was me. I blew up his entire company and destroyed everything he has. But sadly he is on the run and the government, the CIA, Interpol and the FBI placed him on the most wanted fugitives list.

Eli: Wow!

Nico: Yeah.

Me: Yep. But you will love meeting the Dino Squad. They live in Florida.

Nico: Wow!

Me: Yep.

Vakama: Lets head out.

We were off to Florida.

We arrived.

Max (Dino Squad): Okay, I know for a fact that you're not one of Veloci's goons. So-

Buzz (Dino Squad): What the Fuck are you?!

Me: It's all right guys. He's with me.

Max (Dino Squad): Hey J.D.!

Me: Long time no see Max.

I fist bumped him.

Me: Been a long time.

Max (Dino Squad): Yeah it sure has. Wow.

Vakama: Sorry for the scare. I'm Vakama and I'm the Toa Metru of

Fire.

Buzz (Dino Squad): Awesome to meet you.

Vakama: Same here.

Me: It's his first ever ambassador mission with you all. It's part of a special diplomatic mission program we made for future upcoming big missions.

Fiona (Dino Squad): Wow that is awesome.

Caruso: It sure is. And it's awesome to meet you Vakama.

Vakama: Likewise.

Me: How have you guys been since Veloci was put out of business?

Max (Dino Squad): Really good.

Vakama: So, Veloci doesn't know who you guys are?

Rodger: Suprisingly, no. Even after how J.D. destroyed his company. Which is probably for the best.

Vakama: Why's that?

Caruso: Do you know what might happen if the entire world knows about our Dinosaur powers?! We could get dissected by scientists!

Me: We won't let that happen. Even though you aren't officially part of the team yet you all are being officially placed into the protection of Team Loud Phoenix Storm. But we don't officially deal with Veloci and come and help you all until later on in June. We're projecting June 7th.

Fiona (Dino Squad): That's 2 months.

Me: Yeah. But we'll try and do our best to help you out.

Fiona (Dino Squad): Considering how our clothes merge with our bodies when we Go Dino, we're pretty luckier than most of the Gene Slammers you guys met.

Vakama: That is true. And the Gene-Slammers and you guys would all get along great.

Me: Yeah they sure will. But right now we need to talk about what will most likely happen when we face Veloci. (Senses something) Speaking of which!

I fired an energy blast at a tree and it hit it and blasted it into splinters and then a figure came out and it was VICTOR VELOCI! His suit was ripped to shreds because of me.

Me: Victor Veloci.

I went over and grabbed him.

Me: Been a while since we saw your ugly lizard skinned butt Deinonychus Fucker!

Victor Veloci: You ruined everything for me Knudson!

Me: And I show no remorse for it Dromaeosaurus freak!

Vakama: Guys, why does Veloci have monstrous squirrels with him?!

We saw Dinosaur Hybrid Squirrels!

Me: You just never learn do you Veloci.

Victor Veloci: And I will never stop until this world is back to its Cretaceous Roots!

Me: Not if we can help it!

POW!

I punched him in the face!

Max (Dino Squad): LETS DINO UP1

They glowed and turned into DINOSAURS! Max went Tyrannosaurus, Caruso went Stegosaurus, Buzz went Pterodactyl, Fiona went Spinosaurus, and Rodger went Triceratops!

Vakama: WHOA! That is so awesome!

Me: Yep. And Veloci if I were you I would start praying.

Victor Veloci: Why?

Me: Because when we fight on June 7th, we're going to kill you!

One mutated Squirrel roared at Vakama.

Vakama: Okay, you need a breath mint. Badly!

He fired a blast of fire at the Mutated Squirrels and knocked them down and then the Dino Squad sucked out the ooze with their awesome blasters from them.

Fiona (Dino Squad): Take that!

Me: You have committed horrible atrocities against nature Veloci. And they will never be forgiven. So to make sure you don't try anything…

I cut my finger and smeared my blood on his forehead and then it shaped and formed into a terrifying enchanted tree mark in the middle of his forehead! Then I let him go!

He then tried to turn into his Velociraptor form but nothing happened.

Victor Veloci: What happened!? Why am I not changing!?

Me: It's part of a curse I put on you. It's the Mother Nature's Vengeance Curse. Only this time I used my powers to set a timer on it till when we defeat you on June 7th. When we defeat you on June 7th the curse will turn you into an enchanted tree and you will be forever trapped in it for all time. So you better be ready. You have 2 months and 10 days left to live.

Vakama: I personally hope that curse is removed before we kill Veloci.

Rodger: Why?

Vakama: It's only fair that he dies in his natural form. Plus, I'm sure some of the others want to try some velociraptor meat.

Me: EW! I don't think he would taste very good. Also that curse will kill him after we defeat him. Not before.

Vakama: Oh. You're right. But it is fitting for him.

Later we came back.

Nico: How did it go?

Me: Really well and Vakama did great for his first mission. Also it was awesome reuniting with the Dino Squad and we battled mutated squirrels.

Fluttershy: (Gasp) That big meanie! Hurting such gentle and sweet creatures like that.

Me: That's why I cursed Veloci. I put a delay curse on him. The Mother Nature's Vengeance Curse and I put a delay activated spell on it. I delayed it so that it will activate on June 7th after we defeated him together.

Nico: Smart thinking J.D.

May: Who should go with you next time?

Vakama: Nico, Eli and you can go with me next May. And on the 3rd mission Pyro will go.

Nico: Good idea. It'll be awesome. And J.D. I can't wait to meet your friends in the Dino Squad.

Notacon was reading the newspaper.

Notacon: Hmm. That's interest. Largest diamond in the world found in Ghana. 900,000 carats and priced at $750,000,000,000,000,000,000.00!? Wow! That is a lot.

But then he found something interesting in the paper!

Notacon: Guys, you might want to take a look at this.

We came.

Nico: What is it?

Notacon: Read this!

Nico: "United Nations World Leaders Declare Insane TLPS Haters as Traitors to our Saviors?" Whoa!

Me: "After The Sullen 6 attempted to gather a bunch of people to turn against Team Loud Phoenix Storm in a hostile coup against them during the 20 Days of Darkness, the World Leaders and The President of The United States called all the people that were made insane and out to kill the team TRAITORS." Whoa!

Nico: I've got some concerns about this.

Pepe Le Pew: (French Accent) Why? Isn't this a good thing?

Nico: This law basically targets anyone who has a bad opinion about us. And even I think this is too much. Especially if this makes us like the Justice Lords.

William: You've got a point there.

Then the phone rang.

Nico: Oh I'll get that.

Computer: Incoming call from the President of the United States.

Nico: Oh perfect.

Nico answered it.

Nico: Team Loud Phoenix Storm Leader Nico Chan here.

President: Thank goodness you are okay Nico.

Nico: Thank you Mr. President. We saw what happened in the paper?

G1 Chop Shop: Nico has some concerns about your new law.

Nico: Shh. Yes I do have concerns about this new law Mr. President.

President: I understand your concerns Nico but I can assure you that this law does not target those with bad opinions about you. It's only for those that are violent and want nothing to do but to kill you and want to destroy you.

Nico: Oh I understand. So it only affects those that have insane and deep violent intents to destroy us with murderous plans and chemicals and all that.

President: That is correct.

Chase: Oh, thank God.

Plankton: Good thing I defected from that group, huh?

Nico: Yes indeed.

President: Good you understand Nico. The punishment for those kinds of people is automatic death by firing squad and we air it on International and national TV. It's to try and get a message out to everyone that hurts you physically and all that.

Nico: Thank you Mr. President.

President: You're welcome. Didn't want to make you worry.

They hung up.

Nico: Look, Nadine. I appreciate the memories we've shared together. But unlike Rachelle, I only see you as a friend. I hope you understand.

Francis: That's pretty mature of you, Nico.

Nico: Thanks Francis.

Nadine Evenscaster: I understand Nico. Thank you. I actually have my heart set on J.D. Is that all right?

Nico: It sure is.

Me: I'm honored Nadine. Thank you.

Nico: Awesome. Now it's time for the next part of the competition. We're going to Brazil.

Me: Yep. It'll be awesome and we're gonna have a lot of fun in this one.

Then Dr. Destiny, Dirty Bubble, Pinky and the Brain, Swordsman, Onyx, Jet, Waffle Woman, Rojo, Carmen Dillo, and Box Ghost appeared.

Dr. Destiny: Can me, Dirty Bubble, Pinky and the Brain, Swordsman, Onyx, Jet, Waffle Woman, Rojo, Carmen Dillo, and Box Ghost go with you guys this time?

Nico: Yes you can.

Swordsman saw Twilight Sparkle looking down in the dumps.

Swordsman: What's wrong with Twilight?

Me: (Sighs) We saw a horrible thing on Nico's rescue.

Dirty Bubble: Does it have something to do with that insane version of her with us?

Me: Yep.

I told them everything and it was shocking.

Rojo: Oh man! Poor Twilight.

Spike: We're trying to help Twilight.

Eli: But she is really distraught that her fear and paranoia would consume her like that.

Runabout: Nico, which Gene Slammer do you think will appear on your next rescue?

Nico: One of Snakepit's kind next.

Ben: You mean like one of Ssserpent's kind or the other one?

Nico: What's the other version of Snakepit?

He turned into Snakepit!

Ben: SNAKEPIT!

Snakepit is approximately 7 feet tall reptilian alien. Snakepit has a stone coral-like torso and limbs with reptilian skin. He has three snake-like heads with bulb-like yellow eyes, making him similar to the conventional depiction of a hydra. The Omnitrix symbol is located on his torso.

Nico: WHOA! I didn't know about this one.

Shanan: Wow! This version of Snakepit is a Medugonian.

Qin: What's a Medugonian?

Shanan: They are a race of hydra snake aliens from the planet Medugon and they are very dangerous and have amazing petrification powers. They are powerful too.

Qin: Wow! That is cool! So we have Ssserpent who is a Serpenterran and now this Snakepit who is a Medugonian.

Shanan: Yep. But that's a great choice.

Brain: Pinky, are you pondering what I'm pondering?

Pinky: I think so Brain. That we have to humiliate each other to make Twilight laugh?

Pinky then pulled down Homer's pants.

Homer: HEY!

Bart Simpson laughed at Homer.

Homer: WHY YOU LITTLE!

He strangled Bart!

Me: That's funny!

BLANG!

Brain bashed Pinky on the head with a tire iron!

Pinky: (LAUGHS CRAZILY AND STUPIDLY) NARF!

Brain: No I meant we get the Three Stooges to help.

The Three Stooges then appeared.

Three Stooges: (In Acapella) HELLO HELLO HELLO!

Moe: Someone call?

Me: Yeah can you cheer up Twilight?

HONK!

I honked Curly on his nose.

Curly: See that?

He held out his fist and I slapped it and he swung it and hit Moe on the head!

BONK!

Moe: OW! Why you!?

HONK! GRIND BONK BOOF SLAP!

Moe honked him, ground his ears, bonked him, hit him in the stomach and slapped him.

Larry Fine: Leave im alone!

Moe: What are you buttin in for chowderhead!?

BONK!

Moe hit me on the head with a punch!

Me: OW!

Twilight Sparkle laughed all over the place at our crazy shenanigans.

Twilight Sparkle: That was so funny! I feel so much better now! Thanks guys.

Me: Anytime Twilight. Laughter and friendship are both the best medicine.

Papillon: What's the challenge this time?

Nico: We'll find out when we land.

We landed in Rio De Janeiro, Brazil 🇧🇷.

We got off.

Nico: Here we are guys.

Me: Welcome to the party city of Brazil. Rio De Janeiro.

Eli: Awesome!

Don: Welcome to good old Rio De Janeiro guys.

Dirty Bubble: What have you got for us this time, Don?

Don: You'll love it. It's a great challenge. You're going to do blacksmithing.

Me: Wow! We never did blacksmithing before.

Nico: Now you're talking. This will be awesome to do.

Eli: Dangerous too. But awesome.

Laney: I've always wanted to try my hand at Blacksmithing.

Twilight Sparkle: It'll be interesting to do some blacksmithing and jewelry making.

Nico: It's really fun. But it's extremely dangerous.

Jewel Man: I think this is gonna be fun. Especially since I'm a Robot Master themed after jewels.

Ring Man: And for me too for rings.

Metal Man: And for me since I use metal too.

Me: Yeah this will be awesome.

We then got to our stations for Blacksmithing. We were in an amazing warehouse. We had blacksmithing aprons and gloves and goggles on.

Nico: This will be fun.

Don: Now you all can make jewelry, weapons, anything you like from this. Just be careful guys.

Me: We will.

Don: Okay.

Onyx: How about I join in? If I mess up, my tough skin can take it.

Nico: Good idea.

We got the challenge underway.

I used gold, silver and platinum separately for my project. I was making a gold ring for me and some gold rings, silver rings and platinum rings for my harem and I was making swords too. I melted some gold with intense heat from a big fire in a furnace.

Me: Easy does it.

I poured the molten gold into a mold of a ring.

G1 Venom: How about I make a sword first?

Nico: Go for it.

Nico was making a really amazing sword. It was a really powerful sword made of indestructible Neutronium and he was using really intense fire from the core of a blue giant star to make it and he made it from blue sapphire and blue diamond and poured the molten mixture into a mold shaped like a sword from a fantasy movie and then pounded the bumps out of it with a hammer and then when it was glowing red hot he put it into a barrel of water and cooled it down and the steam that came off of it was intense!

Nico: Yeah!

Swordsman: That's a badass sword!

Nico: Not finished yet. Just got to sharpen it. Eli light it.

Eli used his fire powers and made the sword glow blue hot and then Nico pounded it with a mallet and then sharpened it with a grinder to razor sharp.

Nico: Okay. Now for the fun part. Brittney?

Brittney: One lightning sword spell coming up.

Nico then etched runes into the blade and Brittney then chanted an incantation and then lightning struck the sword and it was infused with intense lightning!

Nico: Finished!

Eli: AWESOME!

Swordsman: Wow! That sword looks cool!

G1 Venom: Awesome craftsmanship Nico.

Nico: Thanks.

Don: Not bad Nico. Well done. Lets see how sharp it is.

Nico and Don went to a testing area and they had a 50 ton steel beam ready for him.

Elec Man: Ready, boss?

Nico: Ready.

Don: Go get it!

Nico jumped and then…

SLASH!

THUNDERCLAP!

Nico cut the giant steel beam like it was a hot knife through butter and the beam melted with white hot heat from lightning!

Elec Man: WHOA!

Don: Wow! Nico that is an awesome sword!

Nico: WOW! That is awesome!

Elec Man: Awesome job Nico.

Nico: Thanks.

Don: What are you gonna call that sword Nico?

Nico: How about the Sword of The Lightning Dragon? I'm gonna save this for when I meet a Lightning Dragon Gene-Slammer in one of my Rescues.

Don: Very wise decision and the name is great.

Nico: Yep.

I was working on my jewelry and it was beautiful. I made a gold ring and it was glowing yellow hot.

Me: Perfect.

I pounded it and made it like a blank ring.

Me: Almost there.

I put it in water to cool it off and the steam that came off it was an amazing blue gold ring. The blue blank ring was ready for writing an inscription on it.

Me: Okay now lets see. I know.

I wrote an Elvish phrase inside and out. It said:

Ring of Lightning made from the Heart

Whose soul was Made from the love from Within

Let those who follow evil know the wrath of thunders might

That the Thunderbird will come to strike and smite.

Me: Done. Wow.

Rojo: Who do you think will get a chance to shine today?

Nico: Hmm. How about Bloom and Yost Mr. Fantastic?

Rojo: Good idea.

Bloom: Looks like it's our time to shine next.

Yost Reed: Yes it is.

Then Firefly, Plastique, Whiteout, Ghost, Gearhead, Molten Man, Trickster, Loki, Cad Bane, and Vortex appeared.

Nico: Firefly, Plastique, Whiteout, Ghost, Gearhead, Molten Man, Trickster, Loki, Cad Bane, and Vortex. Wow you guys are early. Are we having the usual battles now?

Firefly: No we are just really in awe seeing you all doing blacksmithing. It's a very dangerous job.

Molten Man: But you all are doing a great job.

Me: Thanks guys. To tell you all the truth this is my first time doing this in jewelry. It's really cool.

Ghost: You're doing a great job J.D. What ring is that you're making now?

Me: I call it the Ring of The Elements of Harmony. It's a ring that is gonna have the 13 elements of Harmony and the 10 Skylanders elements in it.

Ghost: Cool. You're good for your first time doing this.

Me: Yeah not to brag.

Yost Reed: If you all don't mind, I would like to contribute to all this.

Blot: By all means.

Nico: Go for it.

Jet: So, Maria. What have you made so far?

Maria: (chuckles) You really wanna know?

Jet: Sure.

Maria showed that she was making a scythe.

Jet: Wow what a scythe.

Maria: Yep.

It was a blue bladed scythe and the blade looked like that of the Venusian Reaper Scythe.

Grim: (Jamaican Accent) That scythe is great mon. It's blade is modeled after the Venusian Reaper Scythe.

Maria: Venusian Reaper?

Grim: Yes I found out that there are Grim Reapers on other planets.

Ghost: Wow that is amazing.

Kevin Levin: How about I use my powers to make some weapons for some of us?

N: Sure Kevin.

Kevin used his powers and made lots of weapons.

Nico: Very handy.

---

French Narrator: (French Accent) 4 Long Crafting Hours Later

---

We were done and man were we sweaty and smelly.

Box Ghost: Omi, you wanna give yourself and the others some water?

Omi: (Tibetan Accent) Sure thing.

We were really thirsty and then Omi gave us all water and we guzzled it all down and even some of us splashed ourselves.

Me: Ahh! Thanks Omi.

Nico: Man that felt good.

Eli: Yeah! But some of us are covered in soot and ashes.

Laney: Yeah we sure are. But this was awesome blacksmithing like this.

Lana: I'll say.

Reflector: Look at all the weapons we made!

Nico: Awesome job everyone.

Ghost: Boy I'll say. You guys did great.

Eli: They sure are awesome. (Gasp) (Senses something) Oh man. I sense a bad guy coming.

THUNDERCLAP!

We heard lightning and thunder.

Me: Whoa! I feel a very familiar and terrible power. And there's only one person that I know that has this kind of power and that's Raiga Kurosuki!

Nico: The Thunder of The Mist!? But you banished him to the Warp!

Me: Yes I did and it looks like he is back for revenge on me.

Nico: Then it's time for us to take him down.

Me: Yep. I'll confront him first and then when I give the signal you all do the entrance.

Nico: I get it. Okay. Lets get ready everyone.

Waffle Woman: (tosses me a katana) Here. You'll need this katana to face him. Nico and William made it themselves for you.

Me: Awesome! Thanks guys.

Nico: It's infused with incredibly powerful lightning like the sword I made.

Me: Thanks guys. This will be awesome.

I pulled out the Katana and the blade had intensely powerful lightning around the blade.

Me: Cool! It's like the power of a thunderstorm and 100 billion storms is in it.

Nico: Yep.

Me: Lets do it.

We went to find Raiga.

---

In the streets of the city, I was waiting and then I sensed a figure behind me and it was RAIGA KUROSUKI!

---

Raiga Kurosuki (in Japanese: 黒鋤雷牙, Kurosuki Raiga) is an antagonist from Naruto. He was first seen in the anime exclusive Kurosaki Family Removal arc and later made canon in the manga.

He was voiced by the late Keiji Fujiwara in the Japanese version, and by Roger Craig Smith in the English dubbed version.

Biography

Sometime before the story, Raiga took up the twin pointed swords Kiba and became a member of the Seven Ninja Swordsmen of the Mist yet despised them. After the Third Shinobi World War, he and his goons ambushed Might Guy, Ebisu and Genma Shiranui and seemed to corner them until Might Duy heroically sacrificed himself with Eight Gates Released Formation, beating Raiga.

In the anime, it was extended so that the action cost the lives of four members of Raiga's group. Years after the incident, he would work as ANBU for his village search for a spy in Kirigakure. Raiga met with Ranmaru who would become his additional eyes and ears in exchange for protection. Ranmaru was the only boy who Raiga cared about. Sometime after leaving his village, he enslaved a mining town and formed the Kurosuki Family, including with Karashi. If their enforced laws were broken, the "accused" would be buried alive.

In the present, Raiga is first seen giving a crocodile-tearful funeral for one of his victims. When he found out Rokusuke had warned Konoha of his misdeeds, Raiga tries to bury him alive until Naruto's team saves him. He has also spotted Karashi having a friendly meeting with Rock Lee. When Naruto began to question him about Kisame Hoshigaki and Zabuza Momochi, he stated that he hated those two and the rest of the Seven Swordsmen. In the chaos, Raiga confuses them with the Hiding in Mist Technique, but Rock Lee fought whilst unconscious. After one of Raiga's bag concealing

Ranmaru is knocked off, he is seemingly defeated by Naruto's Rasengan.

Karashi later leads Ranmaru to Raiga's site and revive him. Raiga easily beats Tenten then demands that Karashi bring Naruto and his party to him lest he and his mother die. The lightning swordsman continues to dominate using a thunderstorm until Tenten and Karashi fed Naruto's group the Curry of Life. Ranmaru then tells his caretaker that the enemy is dead and tries to lead him off a cliff. Rock Lee, drunken by his affected curry strikes and is blown back by Raiga. The lightning swordsman blames Ranmaru for abandoning him and is soon blown off the cliff by Naruto.

In his final moments, Raiga calls for the lightning to give him a "funeral worth remembering" and it kills him instantly.

---

Me: You should know better than to try and sneak up on me Raiga. You are obviously 150,000 years out of your element.

I turned to face him.

Raiga Kurosuki: I HATE YOU SO MUCH J.D. KNUDSON! I will personally make sure no one comes to your funeral!

Me: Hmm. You still have a lot to learn Raiga. Especially since I am not the same person you faced before.

Then I gave the signal.

Tornado Man: Time for our entrance.

Me: Oh and I didn't come alone.

Suddenly the spirits of the Legendary Elements of Nature swirled around him and then converged and then…

THUNDERCLAP THUNDERCLAP THUNDERCLAP THUNDERCLAP!

A massive explosion of lightning blasted out and a thunderbird cry was heard and then we came out.

Nico: Raiga Kurosuki, Thunder of The Mist. Haven't seen you in a while.

Raiga Kurosuki: You all will be getting funerals for sure!

Carmen Dillo: You're the only one getting a funeral, pal!

Nico: And it'll be be one where you will never be honored as a hero. All you are is nothing but a traitor that deserves nothing short of death.

Me: That's right Raiga. And another thing, you are a pathetic disgrace to the Seven Ninja Swordsman of the Mist.

I unsheathed my new Katana.

Me: I am now THE TRUE THUNDER OF THE MIST, even though I'm not affiliated with the Mist.

I had lightning strike the blade and then I fired a massively powerful blast of lightning and it hit Raiga and electrocuted him all over. His chakra network overloaded and then short circuited and then it was burned all over the place and rendered destroyed!

Raiga then got up.

Raiga: YOU WRETCH! (Does hand signs) NINJA ART: THUNDER FUNERAL!

But nothing happened and then he was coughing up blood!

Nico: WHOA!

Laney: Wow that was powerful!

Sakura Haruno: What happened to him?

Neji: Byakygan!

Neji activated his Byakugan and he saw that his entire Chakra Network was completely obliterated!

Neji: J.D.'s lightning attack from that new sword he got completely destroyed his entire Chakra Network.

Naruto: Whoa! J.D. ended his entire ninja career with just a single lightning strike!

Nico: Wow! That sword William and I made really did the trick.

Then it was time for the usual battles.

Bloom: Sorry we left without you guys.

Firefly: Don't sweat it, Bloom.

Plastique: What's important is that we're here now.

Whiteout: And this dumbass is about to be toast.

Nico: He already is now. J.D. used a powerful lightning blast and obliterated Raiga's entire Chakra Network. He's totally powerless now. We just have to rough him up.

Ghost: (to Nico) I'm just glad Twilight's feeling better.

Nico: Me too.

Gearhead: Her other self will be a great addition.

Me: Just be careful with her guys.

Gearhead: Okay.

Me: Also you can use this abandoned car here. It's a Ford Car.

Gearhead: Thanks.

Then Bullox came out for Round 3.

Nico: Bullox. You sure are a glutton for punishment.

Bullox: I sure am huh?

Me: Yep.

Bullox: Did you Rangers make weapons for yourselves too?

Mack Hartford: We sure did and they are awesome.

Me: Awesome.

We got the usual battles underway.

## Lola, Sunset Shimmer, Pipsqueak, Fire Skylanders, Aladdin, Jasmine, Lea and Francis VS Firefly - Nico's rescue and meeting a Shakaralramal and King Ghidorah Gene-Slammer

Firefly was first.

Firefly: (to Lola) Nico's rescue might have been crazy today. But at least he got to meet a Shakaralramal and King Ghidorah Gene-Slammer.

Lola: Yeah it sure was crazy. It's hard to imagine that Twilight would let fear and paranoia get ahold of her like that.

Sunset Shimmer: Poor Twilight. She was so scared of going back to Magic Kindergarten.

Pipsqueak: (British Accent) It's awful that happened to her.

Sunburn: Now I feel bad for that insane version of Twilight.

Aladdin: Same with me guys. But thank goodness that J.D. helped her.

Jasmine: That's true.

Firefly: J.D. is a true friend to help her like that. Lets do it!

They fired waves of fire and smashed him down.

Lola: ALL RIGHT!

Sunset Shimmer: That was amazing!

Shope: It was really cool! It was over at Vasquez Castle and they found the treasure of Vasquez the Pirate.

Plastique: He was a pirate that sailed the seas in 1612.

Pinkie Pie: That was 410 years ago.

Featherweight: That is awesome.

Sprocket: It sure was and we gave the treasure to the museum.

Mr. Incredible: That is really awesome too.

Plastique: And the Phantom of Vasquez Castle is now back in prison. Lets do it!

They fired waves of metal, gears and lightning and smashed her down.

Shope: ALL RIGHT!

Pinkie Pie: BEST USUAL BATTLE EVER!

Whiteout: (to Squirrel Girl) I heard you guys met an Infernalqueen Archfiend Gene-Slammer. What's her name?

Squirrel Girl: You will like her. Her name is Janet Kinsington and she is really cool.

Fluttershy: We also found out some horrible revelations about Mr. Bolhofner.

Whiteout: That stank breath teacher that hurt J.D.?

Tornado Bolt: That's right and it's not pretty. There are 10 revelations. The first revelation Janet found out was that many years ago, he went off the deep end and murdered his wife when she was about to divorce him and kick him out of the house, the second revelation relates to how he slipped into the school that J.D. went to in Kindergarten and in Royal Woods, Janet found out that he lied on his applications and the questions asked if he had been to prison before and if he has mental issues, the third revelation is that he murdered a veteran of the army and he stole his dog tag, scratched off his name, and added his own, the fourth revelation is that he's nothing but a pervert who likes to peep at women through windows, the fifth revelation is that he's snatched wild animals from zoos all over the United States and he's been purposefully starving them so he can unleash them on students, the sixth revelation is that he's also been thrown into a mental facility because of his dangerous anger and temperament, the seventh revelation is that he purposefully eats cat food and doesn't wash his clothes and practice good hygiene so he can gross everyone out, the eight revelation is that he one day planned to break out his partner so they can continue their crime spree in Gotham Royal York, the ninth revelation is that he's tried to get rid of Lincoln and his friends long ago by sending an adult bobcat at them, but Janet tamed the adult bobcat and she pulverized Stank Breath into the dirt, and the tenth revelation is that he tried to blackmail Superintendent Chen, but she stopped that and got Bolhofner tossed out.

Whiteout was horrified!

Whiteout: OH MAN! That is awful! Bolhofner is a monster! He should have been locked up or given the death penalty.

Stealth Elf: Yes he should have.

Vambre: (British Accent) He is most certainly the most horrible monster ever.

Prohyas: A big dumb stank breath jerk!

Whiteout: No kidding. Lets do it!

They fired waves of leaves, flowers, grass and acorns and smashed her down.

Squirrel Girl: YEAH!

Fluttershy: That was fun.

---

Ghost was next.

Ghost: (to Ariel) I heard Vakama had his First Ambassador Mission. How was it?

Ariel: It was really fun and cool.

Eli: It sure was and I thought Vakama did a great job. He met the Dino Squad and it was awesome.

Rarity: Oh it sure was darlings and it was amazing how J.D. put the pain on Victor Veloci.

Ghost: Victor Veloci!? I've heard of him! He is a pure evil bioterrorist.

Sweetie Belle: Yes he sure is and he wants to destroy the world by turning it all back into what it was at the end of the Cretaceous Period.

Gill Grunt: Yeah it's horrible.

Ecco: But what he is doing is beyond horrible and is all crimes against nature.

Ghost: No kidding. And I bet J.D. warned him right?

Ariel: He sure did.

Eli: Big bro put a delayed-activated curse on him. The Mother Nature's Vengeance Curse and it will activate when we defeat him on June 7th.

Ghost: So he has 2 months and 10 days to live. He better think about using that time wisely. Lets do it!

They fired waves of lightning, jewels, water and ice and smashed her down.

Ariel: OH YEAH!

Eli: That was awesome!

Rarity: Rapture darling that was grand.

Thor: He calls it Kamen Butterfly and it doth really suit him well.

Rainbow Dash: It sure does and it was awesome!

Scootaloo: Boy it sure was! It was really cool to see J.D. as a Kamen Rider.

Whirlwind: It sure was and J.D. is now an awesome Kamen Rider too.

Molten Man was next.

Molten Man: (to Kaz) You guys made all kinds of weapons and jewelry. And I should know since I watched you guys do it.

Kaz: It was our first time ever doing blacksmithing before and it was really awesome.

Twilight Sparkle: It sure was neat. Blacksmithing is dangerous though.

Starshine Sparkle: It sure is but it was awesome.

Sunny Starscout: I thought it was awesome seeing it in action.

Spyro: Yeah it sure is awesome too.

Rachel (Dante's Peak): I thought so too.

Lauren (Dante's Peak): It sure was cool.

Graham (Dante's Peak): I thought it was really neat too.

Molten Man: It was really neat. Lets do it!

Kaz: OH YEAH!

Twilight Sparkle: That was amazing!

---

Raimundo, Applejack, Apple Bloom, Earth Skylanders, Eureka Thurston, Rippersnapper and Blot VS Trickster - Me destroying Raiga's entire Chakra network with just a powerful lightning strike

---

Trickster was next.

Trickster: (to Raimundo) I'm glad J.D. destroyed Raiga's entire

Chakra network with just a powerful lightning strike. Otherwise, we'd have a hard time taking him down!

Raimundo: Yeah that was amazing! And Raiga wasn't called the Thunder of The Mist for show.

Applejack: Yeah his lightning abilities are powerful.

Apple Bloom: They were that powerful.

They fired waves of wind, earth, rock, crystal and apples and smashed him down.

Raimundo: OLE!

Applejack: YEEHAW! That was great!

---

Loki was next.

Loki: (to May) So, what's your opinion on the new law made by the World Leaders? I personally don't mind it.

May: I thought it was a great law as long as it goes after insane people like people like those that followed Shido.

Starlight Glimmer: Those people were all brainwashed by him and it'll be awesome to see them brought to justice.

Cozy Glow: Those people that hurt us are traitors.

Hex: Yes they sure are and they deserve to pay.

Amber Morning: I agree there and it's awesome.

Seth: Yeah he is too powerful for Raiga now.

Molten Man: Looks like it's the end of the traitor.

Nico: Good riddance. He'll have a lot to answer for now that he will go to prison in the Hidden Mist.

Trickster: And we got plenty of new weapons too.

Me: We sure did.

Loki: You sure we can't make more right now?

Kushina: You know we have to head back to the Fortress.

Cad Bane: You have a point.

Vortex: We have enough weapons anyway.

Me: But you got to admit this was really cool trying out blacksmithing. It was really awesome.

Nico: It sure was.

?: I will make you pay for what happened to King Ashnard.

Lucina: I knew there's no mistaking that voice from anywhere. You can come out now, Zelgius.

A figure clad in black armor and wielding the sword Alondite appeared, and it was none other than Zelgius, the Black Knight.

Celica (Fire Emblem): Zelgius, I should've known you'd come out of hiding, but now, we'll make sure you pay for the crimes you've committed in Ashnard's name.

Hunter (Road Rovers): Ready, Muzzle? Let's muzzle 'em!

As soon as Hunter said that, Muzzle's brown eyes turned neon brown, and the anthropomorphic Rottweiler/Labrador mix was surrounded by a nuclear red hot energy aura, red, white, and blue flames, stars, lava, and Rottweiler/Labrador mixes, he unholsters his massive Hephaestus' Volcano Sword of Canine Strength from his more wider and more muscular back, and as he approached Zelgius, the Black Knight, he left nuclear red hot energy aura, red, white, and blue flames, stars, lava, and Rottweiler/Labrador mixes with every step.

Then, Muzzle was surrounded by a massive vortex of nuclear red hot red energy with red, white, and blue flames and lava surrounding the vortex, there's three Rottweiler/Labrador mixes in red, white, and blue running around the vortex, and in the vortex is a brown phoenix. Then, as the vortex faded, Muzzle emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

The 7'5" tall and extremely muscular Muzzle remained the same, along with his brand-new clothes, but he also now has a full head of red-brown hair that went down to his neck, he has neon brown eyes and a nuclear red hot red energy aura with red, white, and blue flames, stars, lava, and Rottweiler/Labrador mixes surrounding him, he has a Rottweiler/Labrador mix with the American Flag and the Lava Kanji in its paws emblazoned on his forehead, his red dog collar with gold dog tag turned into a choker for his wider neck and he has on his Crystal Necklace of The Buddha with red, white, and blue crystal links and a Rottweiler/Labrador mix with red, white, and blue gems for eyes and holding the American Flag and the Lava Kanji in its paws for the pendant across his bare chest, and tattooed on his wider and more muscular back is a Rottweiler/Labrador mix with lava surrounding it and the American flag above it. Suddenly, Muzzle felt a sharp pain on his wider and more muscular back, and then, massive red-brown angel wings with red, white, and blue tips on the large red-brown feathers, sprouted out from his wider and more muscular back, and Muzzle took off his muzzle.

Muzzle has on his new large gold cuff Bracelets of the Champions of The Universe with red, white, and blue gems on his wrists above his large silver gauntlets with red, white, and blue gems on his massive and powerful muscular forearms, his new large gold Belt of Elemental Bravery with a golden dog head with red, white, and blue gems for eyes and a large red, white, and blue gem in its open mouth for the belt buckle on his waist, large red, white, and blue Spellbook of The Gods and The Universe and large red, white, and blue Universal Spellbook of The Elemental Forces on his left hip and Eater of Sins revolver holstered on his right hip, and a Ring of the Phoenix with large yellow gem on his left ring finger and Blue Lantern Corps ring on his right ring finger. There's a red kanji below the dog that said, "Muzzle, Sixth Member of The Road Rovers, Best Friend of Hunter, Loyal Dog to Professor Shephard, Friend to Exile, Blitz, Colleen, Shep, Muzzle, and Professor Shephard, Destroyer of General Parvo, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Patriotic Dog of the United States, Emissary of Hephaestus, and Master of Lava."

マズル、ロードローバーの6番目のメンバー、ハンターの親友、シェパード教授の忠実な犬、亡命の友人、ブリッツ、コリーン、シェップ、マズル、シェパード教授、パルボ将軍の破壊者、悪の殺し屋、混乱、殺人、冷酷、そしてサディスティック・バスターズ、驚くべき強力な教師の驚くべき強力な学生、米国の愛国心が強い犬、ヘファイストスの使者、そして溶岩のマスター

Muzzle has transformed into SUPER ANGEL INFINITY VOLCANIC NUCLEAR RAGE ROTTWEILER/LABRADOR ANGEL OF OF FIERY CANINE JUSTICE AND FIERY HOPE!

Then, Muzzle went after Zelgius, and he fired powerful blasts of nuclear red hot red energy, red, white, and blue flames, stars, lava, and Rottweiler/Labrador mix dogs, and they exploded with incredible power as they hit him. Then, he also went berserk and he viciously mauled Zelgius, and he also disarmed him of his sword, Aldonite, and he decided to keep it as a trophy of his triumph. Then, he punched Zelgius hard in the face, and then, he sent him to The Masters of Evil's prison for good, where he'll remain there for the rest of his life. We cheered wildly for what Muzzle did, as he holsters his massive Hephaestus' Volcano Sword of Canine Strength on his wider and more muscular back and powered down, and Muzzle's new body, clothes, weapons, jewelry, and massive red-brown angel wings are permanent.

Then, Hunter and the Road Rovers went up to Muzzle, and Hunter pat him on the head.

Hunter (Road Rovers): Good boy, Muzzle. You really let that black knight have it.

Nico: Yeah, and you sent him to prison for the rest of his life, awesome job.

Me: And you also kept his sword as a trophy, nice one.

Lincoln: But, there's bound to be more enemies from Zenith out there, but we'll be ready for them and we'll make sure they never come back ever again.

Nico: You got that right, Lincoln.

Kushina: (To the viewers) Rogue Ninjas better beware because we're coming for you and we're going to make sure you are captured or dead ya know.

Don: Yep and you guys did awesome in this one. Next up is French Guiana and we're gonna have a lot of fun in that one.

Me: Neat!

Nico: This will be amazing to see there.

We went back to the Flying Fortress.

TO BE CONTINUED!

Another part done.

Brazil is awesome and we never did blacksmithing before. The next rescue for Nico is gonna be in Hogwarts and this will be fun. Me, Eli, Nico and Harry Potter are going to meet a Medugonian Gene-Slammer named Maya Nagoshima. Maya Nagoshima is one of Nico's friends from school and she is a powerful force to be reckoned with. She went to Nico's jewelry classes and knows so much about what making jewelry is about. We're also going to face Delores Umbridge who came back from the dead to get revenge and we're going to make that disciplinarian tyrant wish she was never born! Lincoln's next rescue is gonna be in the Dexter's Laboratory episode Last But Not Beast and we're going to destroy BADAXDRA, a monster made by nuclear science gone wrong and we're going to destroy him and help Dexter from getting a nasty reprimanding from his parents about his lab. We're also going to meet a Desrook Archfiend Gene-Slammer named Layla Thomas. Goth Girl Layla Thomas is the gene-Slammer of Desrook Archfiend and she is one of Lincoln and Sam's closest friends and has defended Lincoln from Lori at her worst. She really beat up Lori and left her in a full body cast when she went on a destructive rampage after Lincoln accidentally destroyed her phone by flushing it down the toilet. The next part of the race is gonna be in French Guiana and we're gonna be going for some swimming and looking for mermaids in Lençóis Maranhenses National Park and we're going to find mermaids in the awesome lagoons of the park. And the villain we'll face there is Evil Scarlett and she is gonna BE REALLY AND INSANELY MAD WITH US!

See you all tomorrow.

# RIDONCULOUS RACE PART 11 - French Guiana

At Hogwart's School of Witchcraft and Wizardry, me, Eli, Nico and Harry Potter were there for an awesome rescue. This time we are gonna have a really awesome time in this one.

Nico: So the next rescue is in Hogwarts.

Me: This is awesome. We haven't been here in a while.

Eli: This is so awesome.

Nico: Thanks for coming with me, Harry.

Harry Potter: (British Accent) No problem Nico. And it will be most fun going with you on one of your rescues.

Me: Boy we have had a lot of fun times here in Hogwarts. We got to expand our magic and even learned so much from here. And we had some of the most awesome and incredible adventures here.

Eli: Yeah that was so fun.

Nico: Harry, do you imagine how life for you would've been like if you were raised by someone other then the Dursleys?

Harry Potter: All the time Nico. But Voldemort ruined that for me.

Me: He more than just ruined it for you Harry. He was going to ruin it all for the entire human race. He and his followers were going to kill 7.3 billion innocent people and rule the world in the name of pureblood wizards.

Eli: That is horrible.

Me: Yep. Because of Salazar Slytherin and his pureblood supremacist ways. (GROWLS FEROCIOUSLY) Every time I think about it, it always infuriates me.

Nico: I know J.D. What Voldemort and his followers have done is completely unforgivable.

Eli: Yeah no kidding. But thanks to everyone we stopped him for good.

Nico: Yes we did.

Harry Potter: And I can't thank you enough for bringing me back with my parents and even resurrecting me and everyone.

Me: That was because I used the Cosmic Cube back then to do that.

Eli: Wow! That is amazing.

Nico: The reason for my question was because there are a lot of Fanfiction stories out there where you're raised by someone other then the Dursleys.

Harry Potter: That's interesting.

Me: I remember seeing that on the internet. And the Dursleys wound up in jail. Either in a London Maximum Security Prison for a Whole Life Order or in Azkaban.

Eli: For people like the Dursleys that sounds like overkill.

Nico: Yeah especially with the Dementors around the place.

Me: Yeah. But after everything that Harry and his family went through the Dursleys had it coming. Fucking assholes.

Eli: If I see the Dursleys remind me to have me kick them in their crotches.

Nico: You got it Eli.

Harry Potter: (Laughs) That is funny.

Me: Yep. Harry what was your favorite time from your years here at Hogwarts?

Harry Potter: My favorite time was the Triwizard Cup.

Me: That was awesome. The Goblet of Fire and the Triwizard Tournament was cool. Too bad it was all a trap. But now that Voldemort and his fucked up genocidal racist followers are all dead and banished to oblivion, we can see what the entire tournament was like completely unimpeded.

Eli: Yep we sure can.

Nico: That would be awesome to see.

Harry Potter: It sure would. You're more than welcome to participate in it guys.

Me: We would be honored and it will be awesome to meet other schools of magic too.

Nico: Yep.

Eli: That will be awesome!

Nico: Too bad it's not for another several years.

Harry Potter: Actually it's once every 5 years and I was on the team for 5 years now. So it'll be later this spring.

Me: Cool! Sometime in April I think.

Nico: Awesome! We're making good timing.

Eli: Yep. (Senses something) Uh oh. I sense an evil here. It's Delores Umbridge!

Nico gasped and then growled ferociously!

Nico: I have HAD IT with that fucking tyrant!

Me: Me too! She should be in the Warp forever.

We went to find her and Nico was really mad!

Nico: I've got an idea. Harry, where are Fred and George right now?

Harry Potter: In the Transfiguration classes. It's O.W.L.'s test day

today.

Me: The 5th Year Student Test. I think I know what you are gonna do. Have them do that awesome fireworks dragon spell. That was so awesome and epic.

Eli: That was my favorite.

Nico: Mine too.

We called in Fred and George Weasley.

Fred Weasley: (British Accent) We haven't seen you guys here in a while.

Me: I know it feels like forever. But we have bad news. That disciplinary tyrannical bitch Dolores Umbridge is back.

Nico: Fred. George. How would you two like to perform the prank of a lifetime?

George Weasley: (British Accent) Oh I know what you're going to do Nico.

Fred Weasley: This will be so fun.

Me: Awesome.

Nico: I think we might want to clear the room.

Me: Good idea. (Snaps fingers)

I snapped my fingers and teleported all the students out of the room.

Eli: Showtime.

Eli used the Force and opened the door and Fred and George swooped in on their brooms and shot off fireworks everywhere and blasted them all over the place and Delores was enraged.

George Weasley: Ready when you are!

Fred and George fired a huge firework and it formed into a huge dragon and it went after Umbridge and she ran and then it chomped on her and exploded and she was not happy! All the Students cheered wildly at the display!

Delores Umbridge was unharmed but she was really pissed! Then all the pictures on the wall shattered and fell and were destroyed!

THAT WAS SO AWESOME!

Nico: THAT WAS AWESOME!

Eli: YEAH!

We then went up to Umbridge!

Delores Umbridge: YOU!

Me: Yes us!

Eli: Delores Umbridge, in the name of the Galactic Senate of the Jedi Republic and the Federation of Magic and Wizardry, (Ignites lightsaber) You're under arrest!

Nico: I think this time, you're going to jail. You're not worth destroying. All you are is someone attempting to be Voldemort.

Me: Besides we killed you once and you are not worth killing a second time.

Delores pulled out her wand and fired a beam of magic and Eli blocked it with his lightsaber and blasted her back with it and it burned her hands! She was gonna be feeling that.

Harry Potter: Nice one Eli!

?: I'll finish her from here!

Then a Medugonian came out.

Nico: WHOA!

Medugonian: (In a girls voice) (Japanese Accent) Good to see you again Nico.

Nico: Maya Nagushima? Whoa! You look awesome as a Medugonian.

Medugonian: Thanks. Watch this.

She fired three lasers and they hit Delores Umbridge and turned her entirely to stone!

Nico: WHOA! She is turned into a 24K Stone Statue!

Eli: Cool!

Then Maya reverted back and she was a girl with green hair and green clothes and green eyes.

Maya Nagushima: That was cool.

Eli: Being imprisoned in a stone statue for all eternity is a much better punishment than jail.

Nico: Yes it sure is.

Harry Potter: What's your favorite memory of Nico?

Maya Nagushima: I have a lot of them but my favorites are in jewelry making class. We had a lot of fun in those classes. My favorite was when Nico and I made a bunch of beautiful red gold rings and jewelry and they sold for a lot of money. I gave Nico half of my money I earned.

Me: Wow Red Gold Jewelry. That would be cool.

Eli: That must've sold for a fortune.

Nico: It sure did and it's one of the reasons why she and her family became rich.

Me: Awesome.

Nico and Maya then hugged.

Nico: I really missed you.

Maya Nagashima: Me too Nico. Me too.

Harry Potter: You guys are in luck. The Triwizard Tournament is on April 8th.

Me: That's next week. Wow. This will be awesome.

Eli: Really looking forward to this. I hope me and Nunnally participate.

Me: I know Twilight Sparkle will. This will be awesome.

We later went back home and placed the statue of Umbridge in our garden. We told everyone what happened and it was awesome and fun.

---

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, and Timmy Turner are heading to Japan, and not only is Lincoln going to rescue the twenty three girls there, but we're also going to destroy Badaxdra, and help Dexter from getting a nasty reprimanding from his parents about his lab.

Lincoln: Whoa, we're here in Japan, and I know what we're going to do here, not only am I going to rescue the twenty three girls there, but we're also going to destroy Badaxdra, and help Dexter from getting a nasty reprimanding from his parents about his lab.

Me: That's right, big guy.

Lisa Loud: And I'm also going to make sure that Dexter isn't reprimanded by his parents about his lab, he's done truly amazing things.

Lincoln: That's right, and that's exactly what we're going to do after we destroy Badaxdra. And thanks for coming with us, Timmy.

Timmy Turner: You're welcome, Lincoln. This is going to be one awesome fight.

?: HELP!

Suddenly, Lincoln heard the sound of twenty three girls calling for help, along with hearing the sound of a roar. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the twenty three girls, but they've been cornered by Badaxdra, and he's going to kill them, and he's also fighting Dexter and his family, who are in The Robo-Dexo 2000.

Lincoln: Guys, I found the twenty three girls, but they've been cornered by Badaxdra, and he's going to kill them, and he's also fighting Dexter and his family, who are in The Robo-Dexo 2000.

?: That overgrown axe-bladed Kaiju, let's tear him to shreds!

Suddenly, we saw a Desrook Archfiend appear before us.

Lincoln: That voice, I knew it was you, Layla Thomas, but we'll have to talk later. Right now, we've got an axe-bladed Kaiju to destroy.

Suddenly, Lincoln was surrounded by a massive vortex of green energy and nuclear energy, and as the vortex faded and Lincoln emerged, the 17-year-old 7'5" tall, handsome, and extremely muscular man's long, white hair remained the same, along with the rainbow lightning bolts on the bangs, his deep sapphire blue eyes turned deep atomic green, the eight large orange orbs orbiting around his legs turned atomic green, his large blue pants turned atomic green, but the rainbow colored lightning bolts on them remained the same, his massive orange bands with silver phoenixes on his abnormally massive and powerful biceps and thighs turned atomic green, his orange version of He-Man 2002's loincloth and long orange trenchcoat coattails with elemental forces, thunderbirds, buffalo, and angels with hanging small silver lightning bolts turned atomic green, and his massive deep sapphire blue angel wings with stars turned atomic green. Lincoln has transformed into NUCLEAR LINCOLN, The Nuclear Elemental HERO.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and atomic energy, and they hit Badaxdra and that allowed the twenty three girls to get away. When Badaxdra saw us, he was enraged.

Lincoln: Your rampage is over, Badaxdra. (To Dexter) And Dexter, we're going to have a talk with your parents, so that way, you won't get reprimanded.

This made Dexter smile, and Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Gage the Hedgehog transformed and he got his massive sword out, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Timmy Turner got out his Mage's Staff and transformed, Hector got out his massive Heaven's Maw of Judgement sasumata pike, and Me, Nico, Nicole, and Eli unholstered our massive swords and we transformed, and we went at Badaxdra, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, green flames, and water, and they exploded with incredible power as they hit him.

Lincoln: Dexter, the only way to destroy Badaxdra is to work together with your family, remember what Toshi told you?

Suddenly, he remembered Toshi's advice and the story of unity to defeat Badaxdra, and then, Dexter, his parents, and Dee-Dee decided to work together, and together, we fired one powerful energy beam that destroyed Badaxdra forever. Then, we had to help Dexter, who's about to get a nasty reprimand from his parents about his lab.

Lincoln: Wait, before you attempt to reprimand your son about his lab, we need to talk.

Me: He's right, you see, Dexter's a really smart and talented young man, he's done many things to help mankind.

Lisa Loud: Affirmative. Dexter's indeed done truly amazing things, and he's had to deal with the very destructive antics of Dee-Dee, and we need to have a talk about that later.

Lincoln: So, you see, Dexter's an incredible genius whose intelligence has allowed him to do amazing things, and throughout the years, he's helped us out greatly, and he and Lisa are also a very amazing couple.

And Lincoln showed them the amazing things Dexter's done, and when this got through to Dexter's parents, they went up to Dexter and they hugged him.

Dexter's Dad: Son, you've done truly amazing things, and we're so proud of you.

Dexter's Mom: And we're indeed so proud of you, honey. (To Dee-

Dee) And as for you, young lady, we are going to have a talk about your little mishaps in your brother's lab.

Lisa and Dexter also shared a romantic kiss, and we knew that Dee-Dee was going to be in trouble for constantly causing mishaps in Dexter's lab.

Lincoln: That's it for that destructive axe-bladed Kaiju. (To Layla Thomas) And it's so good to see you again, Layla Thomas.

Layla Thomas: You too, Lincoln, it's been a long time.

Lincoln went up to Layla Thomas and they hugged, and Layla Thomas was also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become.

Lincoln: It sure has been a long time, I haven't seen you when you were fifteen, and as you can see, I really grew a lot since then.

Layla Thomas: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Whoa, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Layla Thomas, she's a local goth girl from Michigan, and she's one of my closest friends along with being Sam's closest friend, and she's also another of my Guardian Angels who's defended me, especially from Lori at her worst, and she beat Lori up really bad and left her in a full-body cast.

We gasped in shock, and Lori turned pale from what Lincoln said.

Lincoln: And I can tell by Lori turning pale, this is one story that's going to be heard later on. Let's get you back to normal, Layla.

Layla Thomas: No need, Lincoln.

Layla Thomas reverted back to normal, and she is a beautiful 18-

year-old girl with long flowing purple hair, dark purple eyes, fair skin, she's 6'5" in height, she has the body of a goddess, and she has massive dark purple angel wings, as she reigned in the power of Desrook Archfiend, and she's dressed in a sleeveless purple vest, sleeveless purple midriff top, purple skirt, purple pants, purple high heels with butterflies on them, and a long purple sleeveless trenchcoat with darkness on the coattails and on the back is Desrook Archfiend.

Lincoln: And I've got some weapons I made for you and Janet Kinsington when we were at Brazil.

Lincoln gave Janet Kinsington a massive Infernalqueen Archfiend-themed sword with a 6'9" massive, wide, double-edged dark red blade with the Infernalqueen Archfiend etched on it, large dark red angel wings for the crossguard, large dark purple gem embedded in the rainguard, longer black handle, and large dark red gem surrounded by angel wings for the pommel, and Lincoln gave Layla Thomas a massive Desrook Archfiend-themed sword with a 6'9" massive, wide, double-edged dark purple blade with the Desrook Archfiend etched on it, large purple angel wings for the crossguard, large dark purple gem embedded in the rainguard, longer black handle, and large dark purple gem surrounded by angel wings for the pommel.

Layla Thomas: Wow, I love the awesome swords you made for me and Janet, Lincoln.

Janet Kinsington: And we also saw him hard at work during that blacksmithing challenge in Brazil yesterday.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Layla Thomas's neck with dark purple gems on the gold lightning bolts and purple crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Layla Thomas: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Layla.

Layla Thomas had a smile on her face and tears coming from her eyes, as she wrapped her arms around Lincoln's waist and Lincoln wrapped his abnormally massive and powerful muscular arms around her body, and he leaned down and kissed Layla Thomas on the lips, and she returned it, and we cheered for them. Then, we went up to the twenty three girls, and when Lincoln saw them, he immediately recognized them. The twenty three girls are April Eagle from Saber Rider and the Star Sheriffs, Sonnet Barge from Blue Sonnet, Kinezono Rio, Jingu Maya, Kawasaki Maki, Lilica Ebert, and Nanvel Candlestick from Burn-Up Excess, Rei Midoriyama from Chou Kousoku Galvion, Yumi Sayaka from Mazinger Z, Rook Bartley, Marie Crystal, Becky Michaels, Kelley Stevens, Stacy Embry, and Vanessa Leeds from Robotech, Ruridou Doris, Ruridou Doria, Ginno Tsubasa, Gaou Nejiru, Aino Nozomi, Kurina Nozuru, Mitsui Akari, and Takaeda Hasami from D4 Princess.

Nico: From Saber Rider and the Star Sheriffs, Burn-Up Excess, Chou Kousoku Galvion, Mazinger Z, Robotech, and D4 Princess, awesome.

Lincoln: Are you girls okay?

April Eagle: Yes, we're okay, thanks to you.

Then, when April Eagle and the other twenty two girls saw who it was that saved them from Badaxdra, their faces turned atomic red upon seeing the 17-year-old 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

April Eagle: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twenty two clones of himself, and he and the twenty two clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they lean down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

April Eagle: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, twenty three Thunderbird Necklaces of Eternal Love appeared on the necks of April Eagle, Sonnet Barge, Kinezono Rio, Jingu Maya, Kawasaki Maki, Lilica Ebert, Nanvel Candlestick, Rei Midoriyama, Yumi Sayaka, Rook Bartley, Marie Crystal, Becky Michaels, Kelley Stevens, Stacy Embry, Vanessa Leeds, Ruridou Doris, Ruridou Doria, Ginno Tsubasa, Gaou Nejiru, Aino Nozomi, Kurina Nozuru, Mitsui Akari, and Takaeda Hasami with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the TLPS Flying Fortress and we told everyone what happened, and they were shocked when they saw the villain we went after was Badaxdra.

But, when Lincoln showed what we did to that dangerous axe-bladed kaiju and helped Dexter from getting a nasty reprimanding from his parents about his lab, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Layla Thomas now have a lot of catching up to do, now that she's back.

* * *

After getting rid of Badaxdra, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Layla Thomas saw Lincoln working out like crazy, she had an atomic red blush on her face.

Layla Thomas: Whoa, I was right that Lincoln has really grown to be a 17-year-old 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his abs hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Layla, and now, I can also defend myself.

Layla Thomas: That's incredible.

Nico: It sure is, Layla. So, how did you save Lincoln and really beat up Lori and left her in a full body cast?

Layla Thomas: You're going to be really horrified about this one, Nico, and TLPS Mr. Wolf, you and the rest of your gang better keep your swords holstered. One day, I was walking through Royal Woods and I was going to visit Lincoln in The Loud House, but then, I heard the sound of screaming and the sound of smashing objects coming from The Loud House, and I knew that the sound of the screams could only come from one person: Lincoln. I then saw Lincoln ran outside, and when I saw him, he was in a full-blown panic. He then told me he accidentally destroyed Lori's phone by flushing it down the toilet, and when Lori found out, she went full bat-shit crazy and went on a destructive rampage and she was going to kill Lincoln. Then, that's when I saw the phone-obsessed control freak tyrant, Lori, and she was indeed bat-shit crazy, her eyes turned red and were filled with murderous and evil rage, and her teeth turned sharp. But, I wasn't going to let that control freak get away with trying to kill Lincoln over this accident, so I got into a brutal fight with Lori, and I really beat and pulverized her so badly, she had to be taken to the hospital and put in a full body cast. Lincoln hugged me tightly and I did the same.

We gasped in shock.

TLPS Mr. Wolf: I know you told us to keep our swords holstered, Layla, but after what you told us and what you did to Lori, I'm really impressed.

TLPS Mr. Shark: Yeah, you showed Lori no mercy.

Lynn Sr.: And we knew what happened was an accident and Lincoln wasn't in trouble, but Lori was, we had her grounded for nine months, and her allowance was used to repair everything she broke when she went on her destructive rampage.

TLPS Mr. Snake: Brutal punishment, but fitting for her.

Layla Thomas then went up to Lori, and they hugged, since she saw that Lori's since been freed from Dark Lori.

TLPS Mr. Wolf: That does it, Dark Lori and the other Dark Sides of The Louds, along with the other dark sides of those you guys have freed are getting Lincoln's Crystal Dragon's Vengeance Curse.

TLPS Mr. Piranha: You said it, boss. So, Lincoln, what Duel Monster Gene-Slammer are you planning on meeting on your next rescue?

Lincoln: Hmm, I'm hoping to meet the Gene-Slammer for the Evil HERO Sinister Necrom, and there's only one person I know who would be Gene-Slammed into the Evil HERO Sinister Necrom: Reggie McDonald, she's one of my Guardian Angels and she's one of the strongest umbrakinesis masters ever, she's also beaten Lynn in any sport ever known and she protected me from Lynn's wrath many times before and even during the worst of her fury.

Nico: Ooh, now that's a good one, Lincoln.

We then got a shower afterwards, and after that, Lincoln, his harem, and his kids were going on their beach date, and this time, it's at Lac Eloge in French Guinea.

Lincoln snapped his fingers, and the 17-year-old 7'5" tall, white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, angel, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

His harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, ladies, shall we?

Paige: Of course, Linky.

Lincoln and his harem left the TLPS Floating Fortress, and they head for Lac Eloge in French Guinea. When they arrived at Lac Eloge, it was a beautiful looking lake.

Giga Mermaid: Wow, what is this place, Linky?

Lincoln: This, Giga Mermaid, is Lac Eloge in French Guinea, it's an awesome beach, and since our challenge is here in Columbia today, this is a perfect place for our date.

Lincoln and his harem dived right into the water, and they began swimming in the clear fresh waters, and they also saw the animals that lived in Lac Eloge, and they were amazing. Then, Lincoln and his harem had lunch at a picnic spot that he made, and then, they kissed and they returned to the TLPS Flying Fortress.

Nico: Hey, Lincoln, how was your date?

Lincoln: It was awesome, Nico, we went to Lac Eloge.

Me: Lac Eloge, wow, I've heard about it, it's an awesome lake in French Guinea.

Nico: And since we have our challenge in French Guinea today, you saw it as an awesome date spot, right, big guy?

Lincoln: You guessed it, Nico.

---

Later it was now time for Rarity's first ever Ambassador Mission and it was gonna be where we meet the Kiramagers. This will be so awesome!

Me: Rarity it's time for your first Ambassador Mission. You're going to meet the Kiramagers.

Nico: Rarity, you're gonna love the Kiramagers.

Rarity: Oh I have a feeling I most certainly will darlings. This will be so fun for me to go on an Ambassador Mission.

Sweetie Belle: You'll love it Rarity. I am gonna be rooting for you.

Eli: Me too. I'll go too. Kiramagers are awesome.

Me: They sure are. And when the series ended it marked a precursor for the Zenkaigers after them. That is so awesome.

Nico: It sure was cool. Ready Rarity?

Rarity: Oh I most sure am Nico.

Me: Lets go!

We were off to Japan.

In Japan the Kiramagers were fighting GOLF JAMEN from episode 35 of Kiramager!

---

Sometime before the Kiramagers become aware of Golf Jamen's existence, Yodonna and the Jamenshi attack random citizens with Golf Jamen having an accompanying Bechat designed around being his caddy before hole-in-oneing a random guy into a waste paper bin. At this point, Takamichi and a very drunk Princess Mabushina and arrive and the Princess causes mayhem with the Shiny Breaker. Golf Jamen asks for his driver and does battle with the newly transformed Takamichi but dirt from Princess Mabushina gets in Golf Jamen's hole and gives him a sensation akin to a blocked up ditionally, Mabushina's mad actions also unearths a Monstone which soon fuses with Golf Jamen and grunts him the ability to send people into a portal. Driven mad with power, Golf Jamen hightails it out of there with his Caddy Bechat to get a handle on his new abilities. Presently, he fights Takamichi whilst berserk with power and grabs his putter but then accidentally bats his Caddy Bechat into a portal as per the Monstone upgrade. This gathers enough dark energy for Carantula to unleash Cart Hildon whilst Takamichi tries to remove Mabushina from the battlefield and summon Mashin Drijan but she angers the Jamenshi by calling the hole on his head a bald spot. Though knocked on his feet by an energy slash from the Shiny Breaker, he tries to bat Princess Mabushina into a portal but

Takamichi is instead hit protecting her and goes flying inside of Cart Hildon's head. Enraged, Princess Mabushina double kicks Golf Jamen down before throwing him into Mashin Drijan and drunk driving it into the lake at which point she returns to CARAT via flying Shiny Breaker whilst Golf Jamen is buried underwater and passes out.

Whilst searching for Takamichi the next day a now sober Princess Mabushina, Juru, Shiguru and Sena stumble across Mashin Drijan half submerged in the lake and have Mashin Zabyun unearth it before Juru and Mabushina enter for a better look. Inside however, they find Golf Jamen at the controls at which point he reveals the lakeside fight. Whilst Galza and Smog Jouki attack Cart Hildon to try and kill Takamichi too, Golf Jamen attacks the other Kiramagers and swiftly knocks them all down as Grateful Phoenix joins the giant fight. Juru tries to slay the Jamenshi with his Kiramai Shot's Kiramai Charge but Golf Jamen deflects it and seemingly obliterates them all with chunks from a boulder. The tables turn however when Mabushina has a telepathic heart to heart with Takamichi and is able to Insparklenation up a Dazzling Golf Ball whilst also revealing the Jamenshi's fatal weakness to be the cavity in his head. Deciding that now is a good time to go, Golf Jamen tries to flee but Juru forces him to stop although he is confident that the 15 Par distance makes the shot impossible. Even so Shiguru and Sena bat it to Juru with thier Kiramai Swords and Juru combines the Kiramai Sword and Shot for his Kiramai Eagle Shot which is able to get a hole in one in Golf Jamen's golf pole. Mortally wounded, Golf Jamen is enough of a sport to congratulate Juru on his victory and give him a thumbs up before being blown apart. Golf jamen's destruction frees Takamichi who Grateful Phoenix saves even as Smog Jouki's Black Burner destroys Cart Hildon.

---

Juru: You sure didn't learn your lesson the last time Golf Jamen.

Golf Jamen: I sure didn't.

Me: (Offscreen) FORE!

I hit a golf ball and it went right into the hole on Golf Jamen's head

and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Nico: HOLE IN ONE! Golf Jamen you have failed this city! Nice shot J.D.

Me: Thanks.

Rarity: That was most fun Darling.

Me: Thanks. That was cool. Lori would get a kick out of that one.

Rarity: That was fun.

Juru: Hi there. I don't think I've seen you around here before.

Rarity: Oh I'm sorry my name is Rarity and I'm the Princess of Generosity, Fashions and Jewels and the Water Skylanders. It's a pleasure to meet you.

Me: It's her first ever Ambassador Mission. Sorry I'm J.D. Knudson, Former leader and now 2nd in Command of Team Loud Phoenix Storm.

Nico: I'm Nico Chan, Leader of Team Loud Phoenix Storm.

Eli: And I'm Eli Winston Bullock. It's an honor.

Sayo: Wow it's a true honor to meet you all.

Tametomo: Same here and we love ALL of your adventures.

Sena: This is awesome having you all with us.

Me: Yep. And it's great that you all fought the evil forces of Emperor Yodon.

Nico: Boy without that mask on he was one butt-ugly and fucked up son of a bitch.

Eli: Yeah he was scary too.

Me: Also Rarity is here to meet you as part of her first Ambassador Mission. It's part of a special Diplomatic Mission Program we have set up for future big missions.

Juru: Wow that is cool!

Shiguru: Well, it's been 10 minutes and Cart Hildon hasn't appeared. Might as well show Rarity our headquarters.

Rarity: Oh I would be delighted.

We followed the Kiramagers and we saw their Headquarters for C.A.R.A.T. and it looked like a giant Coconut Palm Tree!

Me: Wow! So that is your headquarters! It looks like a giant Palm Tree.

Takamichi: That's what everyone says about it.

We went in and it was awesome.

Princess Mabushina: Juru, was everything okay out there? There's no sign of Cart Hildon.

Tametomo: Everything's fine, Princess. You don't have to worry about Cart Hildon showing up.

Princess Mabushina: I see. (Gasps) J.D. Knudson and Nico Chan of Team Loud Phoenix Storm. It's an honor to meet you.

Me: Princess Mabushina it's an honor too.

Nico: Same here. We are so sorry about everything that happened to you because of Emperor Yodon.

Eli: Yeah. Oh sorry I'm Eli Winston Bullock. It's a pleasure.

Rarity: And my name is Rarity and it's a pleasure.

Princess Mabushina: Pleasure is mine.

Muryou Hakataminami: It's an honor to meet you all.

Me: Pleasure to meet you too Muryou.

Muryou Hakataminami: I saw your shot and that was so awesome.

Me: Thanks. It was awesome doing that. My friend Lori would love to face Golf Jamen in the future when all the Jamen monsters join the Masters of Evil.

Juru: They sure would.

Me: Turns out we already have one of the Yodonheim monsters in the M.O.E. currently and it's Yodonna.

Juru: Wow! So Yodonna is with your frenemies.

Nico: She sure is and what really floored us was that Emperor Yodon and Yodonna were both one in the same. How shocking.

Me: Yeah that was epic and shocking. Almost as big as seeing Venjix and Evox being one in the same.

Eli: Yeah.

Sayo: That is true.

Eli: Yeah.

Me: Sena you were get along great with my friends Rainbow Dash and Lynn. They are both athletes like you are.

Sena: I'm glad you think so.

Sayo: Being a medic, I think I'd get along with your fiance Varie.

Me: Thanks Sayo, I'll tell her you said that and think so as well. Also Takamichi you would get along great with my daughter Nicole. She is an awesome treasure hunter like you are.

Takamichi: I'm honored you think that J.D.

Me: Yeah.

Nico: Yep and we faced one of the Jamen on one of our usual battles even though we haven't recruited you into the team. It was Safe Jamen.

Me: Yep and Takamichi that was absolutely ingenious to fire a powerful focused laser blast to cut open his safe.

Takamichi: Thanks. It sure was.

Juru: It's funny. After I had a dream, I end up drawing this.

Juru showed us a picture of the Kiramagers, ToQgers, Battle Force 5, and Thomas the Tank Engine and his friends.

Nico: Well, at least we know what the groups will be on the big day.

Me: That's a vision into the future. We don't have the big mission with you guys until June 14th. So we still have 2 and a half months left till then. But Juru I got to say you really did great when you destroyed Emperor Yodon. An Energy Arrow shot right through his ugly face. Bullseye!

Juru: That was awesome!

Me: Yeah it sure was!

Rarity: Oh that was most fun darlings.

Eli: Yeah it sure was!

Then the alarm went off.

Me: Uh oh.

Princess Mabushina: Everyone, Vise Jamen has been spotted in the area!

The Holographic Map Table came on and showed us where he was.

Nico: Wow that is cool! Just like the map computer we have back home.

Me: Very awesome.

Eli: It sure is.

Nico: Yep.

Me: Also I remember Vice Jamen. He made those vices appear on everyone and used his darkness to give everyone CRUSHING HEADACHES!

Eli: Ouch!

Rarity: Nothing hurts worse than a nasty headache.

Sena: No kidding.

Me: Yeah.

We all went to face him.

We all appeared and faced VISE JAMEN!

Vise Jamen: It's been a while, Kiramagers. I hope you remember this trick!

Vise Jamen generated large purple energy vises before him and made it latch onto Nico's head.

Nico: (smirks despite the pain) You think this'll stop me. I can take a little pain!

Me: (CRINGES) OUCH! Seeing that is too painful!

Sena: Wow Nico is really tough!

Vise Jamen: Did you say Nico? Then that must mean that he is Nico Chan and you are J.D. Knudson!

Me: That's right!

Juru: Here's where it gets fun.

Me: And they now have new members of the team as well!

Me and Nico held up our Kiramai Morphers!

Vise Jamen: You two as well!? WHOA!

Kiramagers, me and Nico: Kiramai Change!

We transformed!

Juru: THE SPARKLING INSPIRATION! KIRAMAI RED!

Tametano: THE PRECISE SHOOTING! KIRAMAI YELLOW!

Sena: THE DASHING LIGHTNING! KIRAMAI GREEN!

Shiguru: THE UNSTOPPABLE EDGE! KIRAMAI BLUE!

Sayo: THE INCREDIBLE DEXTERITY! KIRAMAI PINK!

Nico: THE GLISTENING BRAWN! KIRAMAI PURPLE!

Me: THE AMBER FLIGHT! KIRAMAI ORANGE!

Takamichi: PIERCING SHINING! KIRAMAI SILVER!

All: ARRIVING IN A FLASH! WITH A 24-CARAT SOLUTION! MACHINE SENTAI KIRAMAGER!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind us and we were ready to kick some butt!

Eli: AWESOME!

Juru: So cool!

Nico: Yep.

Juru: (avoids a punch from Vise Jamen) Hiramei-king!

Nico: YEAH!

Me: Juru you will love this one.

I used my imagination powers and formed a massive shower of diamond blades and they hit Vise Jamen all over the place and they really hurt him.

Juru: Wow! How did you do that J.D.?

Me: Imagination Powers. One of our many techniques.

Juru: As I was saying before, what would happen if I did a counter clockwise turn of your crank?

Nico: It would come undone!

Vise Jamen: Not again!

I teleported and twisted his crank and the Vise came off of Nico's head.

Nico: Whew! Thanks.

Eli: Looks like you all need help. Juru we have a lot of rangers in our ranger and you are about to meet some of them.

Eli pulled out the Zenryoku Zenkai Cannon.

Eli: (Turns Dial) ENDLESS GALAXY POWER!

Eli summoned the Pink Changeman, Yellow Flashman, Green Fiveman, Black Megaranger, and Purple Kyuranger!

Vise Jamen: What the!?

Me: Yeah!

Juru: That is so cool!

Nico: Yep.

Me: We met the Zenkaigers on my fiancé Zarya's ambassador missions and they are awesome.

Juru: That is cool!

Me: Yep.

Juru: Now, time for our finisher.

Me: Yeah!

Rarity: Mind if I do the finisher with you all?

Sena: Go for it!

Rarity: JEWEL STORM KAMEHAMEHA!

She fired a Kamehameha Wave made of blue jewels!

Kiramagers: JEWEL BUSTER!

We fired waves of energy and jewels and they hit Vise Jamen and he exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: YEAH!

Nico: Vise Jamen you have failed this city!

Rarity: Oh he sure has!

Me: I sense that we're not done yet

But then VISE SHELLGA APPEARED! AND HE WAS A GODZILLA KAIJU SIZE SHELLGA!

Rarity: Darling, that hardly looks like Vise Jamen at all!

Sayo: It's not. That's Vise Shellga.

Juru: Time to bring out Kiramaizin!

Takamichi: I'll bring out Mashin Drijan as well!

Nico: Time to see what the zords me and J.D. have as well are!

Me: YEAH!

We summoned our Mashin and the Orange Crystal for me turned into an AWESOME SR-71 Blackbird Jet and Nico's purple crystal turned into a Purple Ferengi Marauder Shaped Starship!

Eli: WHOA! That is awesome!

Me: Yeah! Lets go!

Vise Shellga fired red electricity from its clamp head at us.

But I had my ship fire a blast of energy and destroyed the blast.

Nico: YEAH!

Rarity was watching.

Rarity: Oh I wish I can help!

But then Rarity glowed with a neon lightning blue aura and then she had a Kiramai Morpher appear on her arm and then an Aqua Blue Crystal appeared.

Eli: COOL!

Rarity: Now it's my turn! KIRAMAI CHANGE!

She transformed!

Rarity: THE GENEROUS DAZZLE! KIRAMAI AQUA!

She was ready! Then Rarity summoned her Zord and it turned into A UNICORN!

Rarity: Like my dazzling new zord?

Nico: Wow! Rarity that is awesome!

Me: It sure is! Way to go Rarity!

Kiramaizin used Fire Mashin's ladder arm to punch Vise Shellga.

SMASH!

It smashed him all over.

Me: Now for the fun part. Juru you'll love this one. ALL KIRAMAIZIN COMBINE!

All our zords including the King combined and we all formed into a brand new ULTRAZORD! IT WAS THE JEWEL SHINE KIRAMAI ULTRAZORD!

Me: JEWEL SHINE KIRAMAI ULTRAZORD!

Nico: COOL!

Tametomo: He's in trouble now!

Me: Big time! Now here's our new finisher. Get ready for this Juru. KIRAMAI PRISMATIC SUPERLASER BURST!

The Ultrazord fired a massive rainbow megablast and it hit Vise Shellga and he exploded in a massive fiery explosion!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

HE WAS DEAD TOO!

Nico: YEAH! Vise Shellga you have failed this city!

Rarity: Rapture Darling that was amazing!

Me: Yes it was!

Nico: I hope you guys are okay waiting until April 2 for the next mission with you guys.

Juru: We sure are okay with that. You guys were great!

Eli: And Rarity is now the Aqua Blue Kiramager! How cool is that!?

Me: Yeah it sure is bro. We should summon Godzilla next time Eli to battle one of the Shellga.

Eli: Good idea.

Nico: Kaiju VS Shella. That sounds awesome.

Me: Yep.

Juru: But you guys were great!

Me: We all were. And Rarity's first ever Ambassador Mission was awesome!

Nico: It sure was.

We later came back.

Varie: Hey guys. Welcome back.

Laney: How did it go?

Me: It was EPIC!

Nico: Yeah it sure was. Rarity did a great job on her first Ambassador Mission.

We told them all about it and it was AWESOME!

Twilight Sparkle: Wow! That was great Rarity!

Rainbow Dash: Rarity that is AWESOME! You are now an Aqua Blue Kiramager. That is awesome.

Applejack: It sure is!

May: Who should come with you next time?

Rarity: I was thinking of having Twilight and Friends come with next.

Me: Good idea.

Twilight Sparkle: It will be so awesome.

Me: Yep. And Juru said he will have his girlfriend Mizuki Kakihara with him. She helped him out when Glue Jamen appeared.

Nico: I remember that.

Laney: That was cool.

Eli: It sure was.

---

Later we were flying over the ocean.

Laney: This is gonna be awesome meeting another Gym Leader.

Ripster: So, we're meeting another Gym Leader?

Nico: Yep we're meeting Blaine.

Me: He's the Gym Leader of Cinnabar Island.

Nico: He is a Fire Pokemon Gym Leader too.

Flannery: Just like me and it'll be awesome to meet another Fire Pokemon Master.

Laney: Yeah it sure will.

Eli: Yep.

We were flying and then we saw Cinnabar Island.

Me: Thar she blows.

Nico: Cinnabar Island ho!

We arrived and we were at the gym and we saw Blaine.

Blaine: Sabrina! It's good to see you!

Sabrina: Same to you, Blaine.

Me: Pleasure to meet you Blaine. Ash told us a lot about you.

Ash: And it's great to see you again Blaine.

Blaine: You too Ash. You are looking great. I heard all about what happened with Giovanni and how he is the Viridian City Gym Leader and he is also the boss of Team Rocket.

Nico: Yeah you heard right. But he is dead now. Gone forever.

Blaine: That is good.

Me: Yep.

Blaine's Magmar came.

Me: Wow so this is your Magmar.

Nico: Whew! The heat coming from him is powerful.

Blaine: Yes that's right.

Freeway: Your Magmar really gave Ash a hard time.

Me: That's what he told us. It was Charizard VS Magmar and that showed that Ash has put a lot of work into earning the respect of many Pokemon.

Nico: Yep.

Blaine: That he has and he is a truly inspirational young trainer.

Me: And he wants to be the best there is.

Flywheels: Is it true that you also like riddles?

Maria: We actually have two members of the Masters of Evil who like clues and riddles themselves.

Me: Yep.

Blaine: That is amazing and yes I love riddles.

Me: See if you know about this one. I have billions of eyes yet I live in darkness, I have millions of ears, yet only four lobes. I have no muscles, yet I rule two hemispheres. What am I?

Blaine: Very cryptic. But that is easy. The Human Brain.

Me: You're right on that.

At the M.O.E. Headquarters Riddler was working on a Crossword Puzzle and then he sneezed.

Chalmers: Catching a cold Eddie?

Riddler: No I think someone is talking about me.

Later we were back at the fortress.

Galaxy Man: I can't believe there's only two challenges left already!

Nico: I know and we have been really having a lot of fun on this.

Me: We sure have. We only have 2 more challenges left.

Eli: Yep. First is French Guiana and then the finale.

Me: Yep. But there's one place in French Guiana that I will never visit. Jonestown.

Nico: That place is horrible.

Eli: The Jonestown Massacre took place there over 40 years ago.

Laney: Yeah that was horrible.

Me: Thank goodness we aren't going there. We're landing in French Guiana to get some lunch and then we're gonna go to the coolest place ever and that is Lençóis Maranhenses National Park.

Nico: I remember seeing that place when we went on the Global Super Race.

Lana: That was so awesome.

Me: Yep. It's a desert full of numerous lagoons. It's in Northeastern Brazil and it's loaded with amazing lagoons in the sand.

Rarity: Sounds like a great place to have fun.

Me: Yep.

I snapped my fingers and we were all in our beach clothes.

Me: Don must have a great beach themed challenge for us when we get there.

Then Trickster, Firefly, Plastique, Whiteout, Ghost, Gearhead, Molten Man, Loki, Cad Bane, and Vortex appeared.

Trickster: Can me, Firefly, Plastique, Whiteout, Ghost, Gearhead, Molten Man, Loki, Cad Bane, and Vortex go with you guys?

Nico: You sure can.

Plastique: Wow are we going to the beach?

Me: Nope. We're going to Lençóis Maranhenses National Park in Northeastern Brazil after we have lunch in French Guiana. Don said he has something awesome planned.

Firefly: Neat.

Tarantulas: Nico, which Gene Slammer do you think you'll find on your next rescue?

Nico: Hmm. I'm thinking about doing one for the natural predator of the Conductoids.

Shanan: Oh man that is for the Electrudinea. This is what they look like.

Shanan pulled up a picture of one and it showed that it looked like an energy sucking leach.

Nico: Whoa so that's an Electrudinea.

Me: Ugly thing.

Eli: Yeah no kidding.

Waspinator: Waspinator would not like that one.

Then, before we were about to head for French Guinea for our next challenge, suddenly, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy signal, and he saw who it was in the vision: it was none other than General Tsao, Sly Cooper's old enemy from long ago, and he's returned from the dead seeking revenge on The Cooper Gang for killing him, and he's in French Guinea. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone coming after us today in French Guinea?

Lincoln: Afraid so, Nico, and Sly Cooper, you, your family, and the rest of the gang specifically aren't going to like this guy: the dark energy I sensed belongs to your old enemy, General Tsao, he's come back from the dead and he wants revenge for what happened to him, and he's hiding out in French Guinea.

Sly Cooper and the Cooper Gang gasped in shock, including Brittney Knudson, Sakura Haruno, and Laney Loud.

Sly Cooper: What? I thought we got rid of him so long ago, but it looks like he's returned yet again to get revenge.

Panda King: I will not allow that monster to get his hands on my daughter yet again.

Lincoln: We're not going to let that black magic using chicken get his feathers on your daughter, Panda King.

Giga Mermaid: That's right, Lincoln and I will deal with this monster, and we'll see to it that he never rises again.

Panda King: I'm pleased to hear that, Giga Mermaid.

Lincoln: That's right, and as a father myself, I'm going to do a lot worse to him, and tonight, we'll be having that chicken for dinner.

Nico: (Laughs) Oh yeah, now you're talking, big guy!

Sly Cooper: Lincoln, you and Giga Mermaid should also be careful: General Tsao's also a gifted user of black magic.

Lincoln: Not to worry, Sly.

Lincoln chanted a powerful incantation, and fired a blast of rainbow energy, and it hits General Tsao and he was stripped of his black magic and rendered powerless.

Inspector Fox: (Spanish Accent) What did you do, Lincoln?

Lincoln: I chanted a powerful incantation and I fired a powerful blast of rainbow energy, which hit General Tsao and I stripped him of his black magic and rendered him powerless. The black magic he uses is nothing compared to the magic that we wield.

Nico: Awesome job, big guy.

Twilight Sparkle: Your powers with magic are also growing and evolving as well, Lincoln, that's so amazing.

Starlight Glimmer: And we've also seen him discover and create some new magic spells to help out in combat, I can't wait to see what he does to General Tsao, along with Giga Mermaid.

Nico: Yeah!

We landed in French Guiana 🇬🇫.

Me: Here we are guys. Welcome to Cayenne, French Guiana.

Nico: Awesome place.

Laney: Yep.

We saw into the river by us.

Whiteout: Is that an armorhead fish?

Nico: Yep it sure is.

Me: Cool.

Buzzerbeak was in awe at the sight.

Nico: I know it's really cool.

Me: Yep. But just remember we're here for lunch.

Don: You guys made it.

Me: We sure did.

Nico: So what is our challenge when we go to Lençóis Maranhenses National Park?

Don: You'll love it. You guys are gonna search much of the lagoons there for mermaids. The people there have been getting sightings of a mysterious mermaid there.

Me: Wow! That is cool!

Laney: A mermaid in Lençóis Maranhenses National Park? How cool is that.

Varie: Wow that would be awesome to see.

Loki: I wonder who this mysterious mermaid is.

Nico: We'll find out when we look.

We went into the restaurant and we saw that it was a great restaurant that had awesome food. We had all sorts of great food from French Guiana Cuisine and it was awesome.

Me: (Eating) Mmm! Delicious.

Nico: It sure is.

Mandy: I think there's only one pairing that Nico made that hasn't had a shot yet.

Nico: And that is Tecna and Maggie Peyton.

Mandy: That's right.

Me: We haven't done that one yet.

Maggie Peyton: Looks like it's time for me and you to shine Tecna.

Tecna: (British Accent) Yep.

Whiteout: This food's delicious!

Me: It sure is.

Nico: Yeah French Guiana food is good.

Laney: It sure is. We haven't been to this part of South America on our Global Adventure.

Syd Chang: But this is awesome though.

Qin: It sure is. I didn't know French Guiana Food would be good.

Nico: First for many parts of the world.

Slugfest: I guess it's back to us fighting another Sore Loser.

Me: Yep.

Later we finished eating and we were off to Lençóis Maranhenses National Park.

Molten Man: Here we are.

We arrived at Lençóis Maranhenses National Park.

Nico: Wow!

There were lots of lagoons in the sand and it was awesome.

Hunter: (German Accent) Wow! This is so amazing.

Laney: It's magnificent.

Lola: Look at all the lagoons.

Eli: They are magnificent.

Me: Lets get to looking.

Stranglehold: Any sign of our mermaid yet?

Me: My mermaid sense would have… (Senses Something) Wait I sense her. This way.

We flew to the north and I looked at the biggest lagoon there was in the park and lots of people were swimming in it.

Me: This one.

Nico: Okay.

Ghost: Let's keep our eyes peeled.

Me: I know how to call for her. Watch this.

I pulled out a flute and took off my boots and socks and I walked into the water up to my ankles and played a song on my flute and it was Nightingale by Yanni.

Schroder played the piano too.

It was awesome.

Then out of the water surfacing came a beautiful blue-hair mermaid and she was playing the harp and joined in the song and it was so beautiful.

When the song was finished the mermaid was in awe.

Mermaid: You have a beautiful talent with the flute.

Me: Thank you.

Azula: Excuse me. May I ask who you are?

Azure: I'm sorry I'm Azure and I'm a mermaid that got washed up here a long time ago.

Me: Wow. How did that happen? Was it a tidal wave or a huge sea storm?

Azure: A little bit of both actually. I've been here for over 1,000 years.

Everyone: WOW!

Me: That's incredible!

Cad Bane: I'm sorry. You've been here for how long?!

Azure: 1,000 years.

Me: Legends say that mermaids are immortal.

Varie: He's right on that.

Cad Bane: Wow.

Me: Azure that is amazing that you've been here in this part of Brazil for that long and this place gets most of its water from the Thunderstorms of the Catatumbo River that empties into Lake Maracaibo.

Nico: That's right.

Me: Oh I'm sorry we should introduce ourselves. We are Team Loud Phoenix Storm.

Azure: It's a great honor. Many of the people here have been telling me about all your adventures and how many villains you all took down.

Nico: Yeah we get that a lot.

Apeface: You might be immortal. But you can still die if there's nothing left of you.

William: Please don't take that the wrong way.

Azure: I know and I'm aware of that. But also there's someone here that is after me.

Me: Uh oh.

Nico: Who is it? Is it one of our enemies?

Azure: Yes and her name is Scarlett.

We gasped in shock!

Scarlett: Oh no! It's the evil version of me.

Me: She's here for you. She must be after you for the secret of your immortality.

Nico: Not while we're here. Azure we'll protect you from that red haired monster.

Blitz: (Arnold Schwarzenegger Accent) As long as I get to bite her.

Colleen: (British Accent) Oh Fluffy you got the right idea.

Blitz: I need to start wearing a name tag.

Plastique: We can make one for you right now.

Hunter (Road Rovers): Oh Colleen and Blitz have always been like that on the team. It's part of how they are.

Me: That is pretty silly.

Nico: Yeah it sure is.

Azure: That must happen to you a lot Blitz?

Blitz: Ja you have no idea.

Exile: (Russian Accent) Well we won't let that red-haired monster win comrades.

Me: No we sure won't Exile.

Nico: We better get ready. Azure would you like to join us?

Azure: I would be honored.

Varie formed a ball of water for her and Azure jumped into it and she was gonna be a great addition to the team.

Ember McClain: Seriously, we can make a nametag for you right now if you want.

Blitz: I appreciate that. But only if I wear it just in case ja.

Me: Fair enough.

Crag: I've got one for you here.

Crag made one for him.

Blitz: Thanks Crag.

Crag: Anytime.

Nico: Okay now lets get ready.

Eli: (Senses something) Evil Scarlett is coming from the northwest. She's 10 kilometers and closing.

Nico: Lets get into entrance positions.

Vortex: Azure, if you want, I can make it rain for you.

Azure: Thanks but that won't be necessary.

Vortex: Okay.

Nico: Here she comes.

Evil Scarlett then came and she was on a jet ski and she had GLOWING RED EYES FULL OF EVIL AND HATE!

Then the spirits of the Ghosts of The Elemental Darkness appeared and swirled around her and they really went all over her and then converged and then a massive wave of water with mermaids splashed out of the lagoon and they were singing a powerful song and then we were surfing on the wave and then we came and landed in front of her.

Me: Fancy seeing you here in this part of the world.

Nico: And soon it will be the last time.

Kabuto: We know what you're planning to do.

Me: And we won't let that happen!

Evil Scarlett: I will have that mermaid!

Nico: Over my dead body!

Evil Scarlett: That can be arranged!

Nico: Bring it on 4 eyes!

Evil Scarlett: DON'T EVER CALL ME FOUR EYES!

She went at Nico and then May stepped in front of her and then punched her in the face and then punched her all over the place in the stomach and then kicked her in the face and stomach and kicked her into the ground!

Nico: Whoa! Nice one May.

May: Thanks.

Blaine: Magmar use Flamethrower!

Magmar fired a blast of fire and burned Evil Scarlett all over.

Gearhead: Nice jet ski. Mind if I take it?!

He took it.

Nico: Nice choice for your vehicle.

Gearhead: Thanks.

Adagio Dazzle: Time for the song of the sirens to go to work. Lets do it sisters.

Sonata Dusk: With pleasure.

Aria Blaze: Here we go.

The Dazzlings then sang their song of the Sirens as lightning struck all over and then Evil Scarlett got enraged and she was REALLY PISSED! Her negative energy flew right into us and made us incredibly powerful!

Azure: Whoa! That is intense! Why do I suddenly feel so powerful?

Nico: It's one of our many powers. We have the ability to absorb negative energy from hatred and it makes us more powerful.

Azure: Wow!

Ets: Yep. I think it's awesome and cool.

Firefly: Yo, Magmar. You think your fire's hot? Watch this.

He fired a blast of fire and it burned Evil Scarlett all over the place.

Magmar gave Firefly the thumbs up.

Nico: Yeah! Now lets see if this fire will hurt. NUOVA STAR!

The 4-Star Dragonball on Nico's bracelet glowed and Nico fired a ball of fire and it hit Evil Scarlett and exploded into a powerful pillar of fire!

Eli: And this too!

Eli fired a blast of Force Lightning and electrocuted Evil Scarlett!

Maria: We sure did.

Arbormon: She'll make a good addition to the team.

Tri Klops: As long as she has water.

Me: Don't worry we have plenty of that.

Kerbero Gangan: (to Nico) We're proud of you for not slaughtering that piece of shit Umbridge.

Nico: Well she actually got turned to stone.

Multiplex: She wasn't worth killing anyway.

Me: She's now a big garden ornament in our garden.

?: That's good.

A figure came out and it was CRUSTACEO from episode 12 of Jungle Fury!

---

Crustaceo was a Rinshi with a strong shell and weaponry, which included a drill on his right arm that could shoot red energy blasts. He was summoned by Jellica, who ordered him to create a hole in the ocean to create a tornado-like whirlpool. In the first battle with the Rangers his whirlpool was destroyed by Master Finn. Later, Crustaceo attacked Casey, but was defeated by the Ranger's new Shark Sabers. When the other Rangers came, Crustaceo grew but in his giant form, was still defeated by the Shark Animal Spirit. However, he used his ability to control the Zord and made it attack the Rangers. In the third and final battle with the Rangers, Crustaceo again fought with Casey. As with their previous battle, Casey defeated him with the Shark Sabers and when he transformed into his giant form, he was defeated for good by the Jungle Pride Megazord with Shark Power.

---

Casey Rhodes: Crustaceo!

Crustaceo: Been a while rangers.

Me: I remember you! You were sent by Jellica to create a hole in the ocean that would make a massive whirlpool!

Crustaceo: That's right J.D. Good memory.

Me: Never missed an episode.

Crustaceo: Is it true that Jellica is part of the Masters of Evil too?

May: She is. We know how loyal you are to her.

Olga Orromov: And she is an awesome archenemy for me as I am the gene-slammer of the most venomous jellyfish in the world. The Sea Wasp.

Crustaceo: That is awesome!

We got the usual battles underway.

Kim Possible, Trixie Lulamoon, Triple Berry, Flynn, Cali, Hugo, Mags, Tessa, Ashi, and Spoiled Rich VS Lady Shiva - Lençóis Maranhenses National Park is a beautiful place.

---

Lady Shiva was first.

Lady Shiva: Lençóis Maranhenses National Park is sure a beautiful place. It's amazing that there are lagoons here.

Kim Possible: It sure is and they are just incredible.

Trixie Lulamoon: I must agree on that. They are beautiful lagoons too.

Triple Berry: Yeah they sure are and the lagoons are a really great temperature.

They fired waves of energy and magic and smashed her down.

## Haiku, Starlight Glimmer, Cozy Glow, Undead Skylanders, Riley, Joy, Anger, Fear, Sadness, Disgust, Galaxy Man and Astro Man VS Carly Atlas - Nico's Rescue and meeting a Medugonian Gene-Slammer

---

Carly Atlas was next.

Carly Atlas: (to Haiku) I bet Nico has a fun time on his rescue. He even met a Medugonian Gene-Slammer.

Haiku: He sure did and the prank we saw from the Weasley Brothers was amazing.

Starlight Glimmer: That prank was really cool! The Weasley Brothers using fireworks like that was really awesome!

Cozy Glow: I didn't know that the Weasley Brothers are awesome with pranks and fireworks like that.

Hex: You will love seeing what they can do Cozy Glow. They own a candy and prank store in Diagon Alley and it was awesome to see.

Riley Anderson: We'll have to show it to you sometime so you can see it for yourself. It's awesome.

Joy: Oh it sure is! I thought it was awesome.

Anger: Especially with the pranks that dealt with Umbridge!

Fear: She needed to be stopped or who knows what would have happened.

Sadness: She has no sadness at all.

Disgust: And the way she dressed was gross! EW!

Astro Man: Yeah I did not like the way she dressed.

Carly Atlas: Yeah I agree. Her clothes are nowhere near as sexy as mine.

Riley Anderson: You have great fashion taste Carly. But this outfit came with your transformation into a Dark Signer.

Carly Atlas: That's true and thanks Riley. Lets do it!

They fired waves of orange fire, stars, lightning, magic and bones and smashed her down.

Haiku: That was awesome.

Starlight Glimmer: That was amazing!

# Kari Kamiya, Angewomon, Princess Celestia, Amber Morning, Light Skylanders, Nick Logan, Sh'Lainn Blaze, Tarantulas and Waspinator VS Arbormon - Lincoln's Rescue

---

Arbormon was next.

Arbormon: (to Kari) I heard Lincoln's rescue was against Badaxdra. How was it?

Kari: It was really awesome! And we all took that axe-bladed kaiju down with ease and reminded Dexter and his family about Toshi's awesome story and we all worked together to destroy him.

Angewomon: That story was really inspirational and strong.

Princess Celestia: It sure was. Also Dexter's parents were going to reprimand Dexter for his lab. But thankfully we helped them not do that.

Amber Morning: We had them see how much good that Dexter has done for the world and for the betterment of mankind and it was great.

Spotlight: It was great but they instead reprimanded Dee Dee for wrecking his lab.

Nick Logan: Yeah no kidding. She got grounded for 3 weeks.

Arbormon: Ouch! That is a stiff punishment.

Sh'Lainn Blaze: (Russian Accent) It sure was but I thing Dee Dee needs to have respect for her brothers privacy.

Arbormon: I agree on that. Dexter is a hard working kid and needs all the space he can get. Lets do it!

Tarantulas: This is always fun! Tarantulas, TERRORIZE!

He transformed!

Waspinator: Waspinator ready! Waspinator, TERRORIZE!

He transformed too!

They fired waves of light and energy and smashed him down!

Kari: OH YEAH!

Princess Celestia: That was so awesome!

---

## Zick, Rainbow Dash, Scootaloo, Air Skylanders, Mewtwo, Ash, Misty, Brock, Buzzerbeak and Krankenstein VS Tri-Klops - Meeting a Desrook Archfiend Gene-Slammer

---

Tri-Klops was next.

Tri Klops: (to Zick) I heard you guys met a Desrook Archfiend Gene-Slammer. What's her name?

Zick: Her name is Layla Thomas and she is a goth girl.

Rainbow Dash: And she looks really awesome as a Desrook Archfiend and she defended Lincoln from the worst of Lori.

Scootaloo: The worst being when Lincoln accidentally flushed Lori's phone down the toilet. One day, Layla was walking through Royal Woods and she was going to visit Lincoln in The Loud House, but then, she heard the sound of screaming and the sound of smashing objects coming from The Loud House, and Layla knew that the sound of the screams could only come from one person: Lincoln. She then saw Lincoln ran outside, and when she saw him, he was in a full-blown panic. He then told me he accidentally destroyed Lori's phone by flushing it down the toilet, and when Lori found out, she went full bat-shit crazy and went on a destructive rampage and she was going to kill Lincoln. Then, that's when Layla saw the phone-obsessed control freak tyrant, Lori, and she was indeed bat-shit crazy, her eyes turned red and were filled with murderous and evil rage, and her teeth turned sharp. But, Layla wasn't going to let that control freak get away with trying to kill Lincoln over this accident, so she got into a brutal fight with Lori, and she really beat and pulverized her so badly, she had to be taken to the hospital and put in a full body cast. Lincoln hugged her tightly and she did the same. Lori got grounded for 9 months and her allowance was to pay for the damages.

Tri-Klops: OUCH! But that was really brave of Layla! She showed her no mercy.

Whirlwind: No kidding. And TLPS Mr. Wolf said that the Loud Kids dark sides are gonna get the Crystal Dragon's Vengeance Curse put on them.

Tri-Klops: Can you remind me? What is that curse?

Zick: It's this. Lincoln fires powerful blasts of rainbow energy with crystals, and once it hits those who've embraced the darkness, the curse traps them inside of a crystal prison for all eternity, and it drains them of their negative energy and we will absorb that negative energy and convert it into positive energy, giving us all a massive power boost.

Tri-Klops: WOW! That is powerful.

Ash: Yeah it sure is.

Misty (Pokemon): I think it's fitting for them.

Brock: Absolutely. It'll be perfect for them too.

Krankenstein: Monster agree on that too.

Tri-Klops: Same here. Lets do it!

They fired waves of wind, lightning, rainbows and energy and smashed him down.

Zick: OH YEAH!

Rainbow Dash: That was AWESOME!

---

Princess Luna: But it was a really tough battle and worth the challenge.

Moondust: Yes it sure was tough from what we heard. But we're proud of Ash for that.

Snowdrop: We sure are. My strategy would have been to use an incredibly powerful water Pokemon on Blaine and his Magmar like Kyogre or Suicune.

Gari: That is a good strategy.

Blackout: Yes it sure is. That is a good strategy.

Phineas: Very well thought out.

Ferb: Yep.

Volcana: Yeah Jonestown is very infamous. Even after all these years in 1978, the deaths of 918 people still are felt all over the world.

Sunset Shimmer: Yeah that was terrible back then. If Jim Jones was stopped in time they would have been saved.

Pipsqueak: (British Accent) Yeah that was awful.

Firecracker Burst: He was a monster. What a horrible atrocity.

Sunburn: Yeah what a horrible place back then.

Kameo: It sure was. Jim Jones was a monster.

---

Kitty was next.

Kitty: (to Lewa) During one of J.D.'s rescues, you guys met Moby Jerk, who Johnny Bravo met a long time ago. You think if we met Johnny Bravo himself, all the women on the team would beat him up?

Lewa: Absolutely. Johnny Bravo would get beaten to a pulp all over by every woman on the team. He may be an idiot but I think he just wants a friend or a woman that loves him.

Twilight Sparkle: Yeah he is a strange guy.

Starshine Sparkle: But he is crazy too. Even if all the women hate him he is a funny guy.

## Wes Collins, Applejack, Apple Bloom, Earth Skylanders, Jack Dawson, Ember and Amorpho VS Villamax - Amazing that there is a lagoon filled desert in Northeastern Brazil

---

Villamax was next.

Villamax: (to Wes) It's amazing that there is a lagoon filled desert in Northeastern Brazil. I thought water and deserts don't mix.

Wes: Well we found out in documentaries that the sand and gravel here is hard and doesn't let the water soak into the ground. It just collects here and makes perfect lagoons.

Applejack: That is really cool.

Apple Bloom: It sure is amazing too.

Flashwing: Yes it sure is.

Jack Dawson: I agree and in my years I didn't know this place was around.

Villamax: It is really cool. Wait aren't you Jack Dawson?

Jack Dawson: That's right and I was on the R.M.S. Titanic when it sank in 1912.

Wes: J.D. and everyone found him on the bottom of the Atlantic Ocean at 12,514 feet down and he was frozen in a block of ice. Miraculously the cold kept him alive and after 105 years they found him and thawed him out and he is now in the 21st Century.

Villamax: But that's impossible! The last survivor of the Titanic died in 2009 and there are no more survivors left after 110 years.

Jack Dawson: I was shocked myself and it took me a while to adjust.

Wes: J.D. called a press conference in Washington D.C. and told everyone about it.

Wes showed the press conference from chapter 213.

---

Me: Good afternoon everyone. I'm sorry for interrupting your afternoon time, but 6 hours ago me, my sister and my friends here made an incredible discovery near the wreckage of the sunken ship the Titanic. As you all know 105 years ago on April 15th, 1912 the R.M.S. Titanic hit an iceberg and sunk in the Northern Atlantic Ocean and resulted in the deaths of 1500 people. It was truly a terrible tragedy. Also as you all know there are no survivors of the Titanic left as of 2009. But that is where you are wrong. 6 hours ago we made an incredible discovery at 12,514 feet down. We found here Jack Dawson who was presumed deceased 105 years ago when the Titanic sunk. But miraculously he lived. We found him cryogenically frozen in a block of ice at the bottom of the Atlantic Ocean near the wreck of the Titanic. We thawed him out and here he is 105 years later alive and well. The cold down at the bottom of the Atlantic Ocean froze him in time in ice and miraculously kept him alive for 105 years. If any of you from either Europe or any part of the United States know Jack here from your family history please do not hesitate to come forward and speak to him and do everything you can to help him. Jack here is a man who has been through a terrible ordeal on the Titanic and he is in a completely different world than what he was in more than a century ago.

---

Villamax: Wow! That is incredible! Jack that must've been a huge shock.

Jack Dawson: It was. But I'm still learning here.

Villamax: Well take your time. Lets do it!

They fired waves of earth, rock, apples, crystal and energy and smashed him down.

Wes: YEAH!

Applejack: YEEHAW! That was great!

---

Hydrax: (to Ino) Evil Scarlett tried to destroy all of Pahkatew Island in British Columbia. And she also had the nerve to accuse Maria of planning to betray J.D.?!

Ino: YEAH! She would never do that! Carol saved Maria from herself!

Fluttershy: No she wouldn't. What a monster.

Tornado Bolt: Yeah no kidding. Evil Scarlett deserves to be locked away.

Stealth Elf: Yeah she needs to be sent to prison forever too.

Mowgli: I agree myself.

Shanti: I agree too.

Baloo: Yeah she is nothing but trouble.

Bagheera: Yes I agree myself.

Tayuya: Fuck that bitch!

Hydrax: No kidding there. Lets do it!

They fired waves of leaves, grass, flowers and energy and smashed her down.

Ino: YEAH! That was awesome!

Fluttershy: That was fun.

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: Hogwarts is an Amazing Place.

Fiona Hernandez: It sure is and the magic and lessons it gives is awesome. I read the Harry Potter Books back when I was a little girl and they were awesome. Hogwarts has a history dating back to over 1,000 years ago in the 10th Century.

Himiko Toga: Yeah and it has a lot of magic and secrets waiting to be discovered.

Apple Bloom: The cool part is that it has 4 houses that were made by the 4 Great Founders.

Sweetie Belle: Yeah! Godric Gryffindor, Helga Hufflepuff, Rowena Ravenclaw and Salazar Slytherin.

Scootaloo: But what really infuriates me is that Salazar Slytherin thinks that ONLY Pureblood Wizards can learn magic. He was a total racist.

Diamond Tiara: He sure was. Thank goodness we destroyed him forever.

Silver Spoon: Yeah he has no right to decide that!

Misty Tredwell: I agree with you girls. What Voldemort, Salazar Slytherin and his followers did was unforgivable.

Pink Ranger Slayer: I agree there too. Voldemort was a genocidal racist. He was gonna wipe out the entire human race just so Pureblood Wizards can reign supreme. Lets do it!

---

Weddinmon was next.

Weddinmon: It's horrible how Voldemort and his followers wanted to wipe out the entire human race.

Marie Hernandez: Yeah no kidding! They were going to wipe out 7.3 billion innocent people. He called it Salazar Slytherin's "Noble Work." But in our eyes, that so-called Noble Work is nothing but Genocide, Murder, Racism and Pureblood Supremacy.

Ibara Shiozaki: Voldemort, Salazar Slytherin and their followers are nothing but faithless and heartless monsters that needed to be

destroyed.

Frozen Fright: Yeah no kidding! What they have done shows that they are monsters of pure evil.

Thunder Terror: J.D. said that everything that Voldemort did over the years REALLY makes his blood boil.

Magma Gloom: I don't blame him one bit for getting mad like that at people like Voldemort. Tom Marvolo Riddle was the Devil of Wizards.

Toxic Horror: What he did makes him 1,000,000,000 times worse than the devil himself.

Louie PoisonSea: He was beyond pure evil incarnate.

Weddinmon: Yeah no kidding. I'm glad he was destroyed. Lets do it!

They fired waves of lightning and elements and smashed her down.

Marie Hernandez: LIGHTNING WINS!

Fearful Five: FEARFUL 5 WINS!

---

Marcel was next.

Marcel: Why did Voldemort and his followers want to destroy the entire human race?

Nicole Hernandez: He wanted to achieve total Pureblood Dominance and the only way to do that was to destroy the entire human race and he also thought that all Muggleborn Wizards were inferior. And the only way to get rid of them was to kill them all. Including 7.3 billion people.

Marcel: THAT'S GENOCIDE AND RACISM ON A GRAND SCALE!

Star Swirl: That is beyond pure evil. Voldemort really was worse than the Devil himself.

Rockhoof: (Scottish Accent) Aye. He needed to be destroyed and thank goodness he was.

Somnambula: (Egyptian Accent) Yes thank goodness he was. He was beyond pure evil.

Mistmane: Yeah no kidding. What a ruthless and heartless monster.

Flash Magnus: Not to mention he was ugly too.

Mage Meadowbrook: So many people died because of him.

Gusty the Great: But at least Team Loud Phoenix Storm brought them all back.

Clover the Clever: Thank goodness for that too.

Carly Atlas: The best part is that anyone that anyone that follows the ways of Voldemort is declared a traitor. And they call it Voldemortism. It's like Nazism except for the Wizarding World. The Punishment: Eternal Imprisonment in The Comet Lovejoy Prison.

Marcel: Very good punishment and a good term. Lets do it!

They fired waves of darkness and magic and smashed him down.

Nicole Hernandez: DARKNESS WINS!

Natasha Hernandez: Well it was a false rule actually. Ken Ichijouji was actually brainwashed. He was transformed from a sweet and kind boy into a ruthless and heartless tyrannical beast bent on ruling the Digital World with an Iron Fist.

Princess Celestia: But when Nico found out that he was going to use an old enemy of the Digidestined's past into making a Digimon, Nico snapped and swore to take him down by himself. Nico discovered his powers back then and killed Ken by accident.

Princess Luna: That was terrible that he went through all that.

Princess Cadance: Blame MaloMyotismon for all that. He transferred his essence into Nico to make him forever haunted by his past.

Minuette: And Xemnas resurfaced old foes inside Nico thus starting the 20 Days of Darkness.

Twinkleshine: Luckily we were all warned that it was all going to happen.

Su Yung: What was going to happen during those times?

---

Admiral Zhao was next.

Admiral Zhao: What caused all of Nome to get sick in 1925?

Catherine Iroh: I've actually read all about that back when I was younger and it was awful. What happened back then was a terrible Diphtheria Epidemic and kids were dying all over. They also ran out of Diphtheria Antitoxin and urgently requested for more. They tried to get it by sea but the pack ice came and prevented that. They tried to do it by air but whiteout conditions and blizzards made that impossible. The best way to get the medicine was get it up to Nenana in Northeastern Alaska which was 550 east of Nome. The fastest dogs were chosen for it and Balto went out to help them after they got lost. Balto came back and was declared a hero. And Alaska wasn't even a state back then until 1959.

Layla MacKenzie: That was really awesome. Lily helped Balto out too. That was really brave of her.

Sunny Starscout: Yeah that was really cool. They were chosen by the gods of the sun themselves to cleanse the Malenque and redeem them.

Izzy Moonbow: My guess is that after the plague backfired on them centuries ago they were sent into Purgatory and were forbidden to enter the afterlife until one of their descendants of future generations can destroy evil family members.

Sunfire: That is a most very good theory.

Hitch Trailblazer: That was a really awesome mission though.

Sly Cooper: I knew there's no mistaking that voice from anywhere. You can come out now, General Tsao.

A figure came out, and it was none other than General Tsao, another old enemy of Sly Cooper from long ago.

Brittney Knudson: I should've known you'd come crawling out from the grave again, General Tsao, you just don't even know when to quit, do you?

General Tsao: I will have my revenge on you for ruining my plans, Cooper Gang!

Then, Giga Mermaid fired a powerful blast of blue energy and water at General Tsao, and got him all wet.

Giga Mermaid: I've had it up to hear with you to last a lifetime, you walking feather duster.

Suddenly, Giga Mermaid's blue eyes turned neon blue, and she was surrounded by a blue energy aura with ocean waves and mermaids, and as she approached General Tsao, she left blue energy, ocean waves, and mermaids with every step. Then, Giga Mermaid was surrounded by a massive vortex of blue energy with water and ocean waves surrounding it, there was a mermaid swimming around the vortex, and in the vortex is a green phoenix. Then, as the vortex faded, Giga Mermaid emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Giga Mermaid grew to 6'5" in height, she had the body of a goddess, she has blue highlights in the bangs of her long dark blue hair that runs past her hips with jellyfish worn as hair accessories, she has neon blue eyes and a blue energy aura with ocean waves and mermaids surrounding her, she has a mermaid with the Water Kanji in her hands emblazoned on her forehead and she still has her large blue jewel on her forehead, and suddenly, Giga Mermaid felt a sharp pain right on her back, and then, massive dark blue angel wings with green tips on the large dark blue feathers with drops of water coming from them, sprouted out of her back, she has on mermaid earrings with dark blue gems for eyes and the Water Kanji in her hands on her fish fin-like ears and her merged Thunderbird Necklace of Eternal Love with dark blue crystal links and a Thunderbird and a mermaid with dark blue gems for eyes and the Water Kanji for the pendant, she has on a dark blue sleeveless blouse, light blue strapless sea shell bra with green phoenix on it, green fish-scale pants with ocean waves on the legs on her legs, green sandals, and a long sleeveless dark blue trenchcoat with ocean waves on the coattails, and a mermaid surrounded by ocean wavs on the back, and Giga Mermaid has on her Ring of The Phoenix on her right ring finger and her Star Sapphire Corps ring on her left ring finger, and we saw that she also has her large dark green mermaid tail.

Giga Mermaid has on her new gold Bracelets of The Champions of The Universe with dark blue gems on her wrists and her new Belt of Elemental Bravery with a gold fish head with dark blue gems for eyes and a large dark blue gem in its mouth for the belt buckle above her waist, along with her belt of light blue fins around her hips, and large pink fins poking out from underneath, large dark blue Spellbook of The Gods and The Universe, large dark blue Spellbook of the Elemental Gods, and large dark blue Protector of The Secrets of The Mermaids spellbook on her left hip on her waist and Eater of Sins revolver holstered on her right hip. There's a green kanji below the mermaid that said, "Giga Mermaid, Queen of the Mermaids, Friend of Shantae, Protector of The Mermaid's Secrets, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Water and Mermaids."

ギガマーメイド、マーメイドの女王、シャンティの友人、マーメイドの秘密の守護者、リンカーンラウドの愛する未来の妻、悪の殺し屋、混乱した、殺人、冷酷、そしてサディスティックな野郎、驚くべき強力な教師の驚くべき強力な学生、そして水と人魚のマスター

Giga Mermaid has transformed into SUPER ANGEL INFINITY DIVINE MAELSTROM MERMAID ANGEL OF AQUATIC JUSTICE AND DIVINE LOVE!

Suddenly, we saw that Giga Mermaid and the many mermaids in Lincoln's harem now have new large swords on their backs called Poseidon's Ocean Swords of Maelstrom Justice, which were created with the merging of the Swords of Poseidon along with the Swords of The Neptune Crusaders, they're new large swords with 6'10" massive, wide, double-edged dark blue blades with mermaids and the Greek God of the Seas, Poseidon, and the symbol of The Neptune Crusaders, etched on the blades, large colored angel wings for the crossguards, large colored gems embedded in the rainguards, longer blue fish-scaled decorated handles, and large colored gems surrounded by angel wings for the pommels.

We were amazed by the Super Angel Infinity transformation of Giga Mermaid, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, but when General Tsao saw it, he flew into a rage and tried to fire a blast of black magic to kill her, but he couldn't, as he was unaware Lincoln stripped him of his black magic before we came to French Guinea. Then, Giga Mermaid fired a powerful blast of blue energy with ocean waves and it hits General Tsao, and it drowned him.

Lincoln: Wow, Giga Mermaid, you look beautiful, how do you feel?

Giga Mermaid: (Divine Echoing Cosmic Voice of The Maelstrom Mermaid and Divine Love) **I feel incredible, Linky. Now, shall we**

**deep fry this evil chicken?**

Lincoln: (Smirks) With pleasure.

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Giga Mermaid.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get that bad piece of poultry.**

Lincoln and Giga Mermaid went after General Tsao, and they fired powerful blasts of rainbow energy, dark blue energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Mermaids, and they exploded with incredible power as they hit him. Then, they attacked him with their massive swords, and they slashed off his armor, and then, Lincoln fired a powerful blast of fire, and the blast fried him, and it turned him into a cooked whole chicken for dinner tonight, and his spirit was then Super Hakaied for good and banished to Oblivion. We cheered wildly as Lincoln and Giga Mermaid holstered their massive swords on their backs and power down, and Giga Mermaid's new body, clothes, weapons, jewelry, and massive dark blue angel wings are permanent.

Giga Mermaid: That's it for that bad chicken and we have dinner for tonight. Thanks for helping me with taking care of that bad chicken, Linky.

Lincoln: (Smiles Warmly) You're welcome, Giga Mermaid.

Suddenly, Giga Mermaid wrapped her arms around Lincoln's waist, and her chest was pressed against Lincoln's massive and wide muscular pecs, which brought an atomic red blush to Lincoln's face, and Lincoln wrapped his abnormally massive and powerful muscular arms around Giga Mermaid's waist and he brought her into an embrace, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leans down to Giga Mermaid's face, they kissed passionately as Giga Mermaid wrapped her left arm around Lincoln's wider and muscular back, and she'd placed her left hand on Lincoln's massive and wide right pec, and right behind them was a Thunderbird, Phoenix, and Angel flying in the air, along with ocean waves crashing behind them, and we also saw a herd of Buffalo running across the field, and we heard mermaids singing, along with the display of the elemental forces behind them, and we cheered for them.

Nico: Now, that was so awesome. And thanks to Lincoln and Giga Mermaid, we've got dinner tonight.

Me: And we got rid of another enemy of The Cooper Gang for good.

Panda King: That's correct, J.D., and thanks to Giga Mermaid and Lincoln, my daughter will never be threatened by General Tsao ever again.

Me: This was definitely an awesome day, first on your rescue, Nico, we got rid of Delores Umbridge for good in Hogwarts, then on Lincoln's rescue, we destroyed Badaxdra and we helped Dexter from getting a reprimand about his lab from his parents, we found mermaids in the awesome lagoons of Lencois Maranhenses National Park, we also thrashed Evil Scarlett who was really and insanely mad with us, and Lincoln and Giga Mermaid fried General Tsao and Super Hakaied his spirit for good.

Nico: And there's more where that came from.

Me: We have one last challenge after this.

Scarlett: (To the viewers) This was so awesome and fun. We have one last challenge left. Hope you are ready for the finisher.

Nico: Yep.

We went back to the Floating Fortress for the last challenge in Mexico.

# RIDONCULOUS RACE FINALE - Mexico

Flying over the land of Gemina, me, Nico, Azulongmon and Eli were soaring through the skies and we were excited for this next rescue.

Nico: Thanks for coming with me, Azulongmon.

Azulongmon: Not a problem Nico and it's an honor to go with you on a rescue.

Nico: Glad you can come.

Me: And the rescue is over in Gemina. That's interesting.

Eli: I have a feeling this will be awesome.

Nico: Me too.

Azulongmon: It will be interesting to see who we'll meet next.

Me: I have a feeling it's one of the Mysticons minor enemies.

Eli: Same here.

Nico: Azulongmon, I can imagine that being a Sovereign isn't easy as it looks.

Azulongmon: It never is. Lots of massive responsibility and duties protecting Digimon of all shapes, sizes and levels.

Nico: Wow that is big.

Me: It sure is. Just as big and powerful as Team Loud Phoenix Storm's job.

Eli: No kidding. That is amazing.

Nico: It really is.

Eli: Yep.

Nico: But still, I'm glad to have you as part of the core 310.

Azulongmon: Same here Nico. I'm honored too.

Me: Awesome.

Eli: (Senses something) Whoa I sense an evil force coming.

Nico: Oh boy.

Me: Is that it right there?

We saw a figure and it was STAR-GOYLE!

Nico: Whoa is that a gargoyle!?

Me: That's a Star-Goyle. Zarya told me all about him.

Nico: He sure looks ugly.

Eli: Yep.

Nico: Necrafa's gone. And yet, enemies of the Mysticons still come?!

Me: This must be one of their minor enemies.

Nico: This will be awesome.

Eli: I'm ready to kick this guys ugly butt!

Azulongmon: Me too!

Nico: Hey, ugly! Mind keeping it down? People are trying to go about their days!

Me: YEAH!

The Star Goyle roared.

Azulongmon: (Echoing) LIGHTNING WHIP!

He fired a beam of lightning and it grabbed the Star Goyle and smashed him all over.

Me: Try this on!

I fired a blast of fire and burned him!

But then a huge Electrudinea appeared and latched onto the Star-Goyle and sucked it dry of its energy.

Electrudinea: (In a Girl's voice) (German Accent) Und that brings an end to that bid starry bat! (Laughs)

Nico: I had a feeling it was you Ariana "Blitz" Wolfenstein.

The Electrudinea reverted back and she was a girl with golden hair and black and yellow clothes.

Ariana Wolfenstein: Wunderbar to see you again Nico. Ja.

Me: You're from Germany. And your jokes are funny.

Ariana Wolfenstein: Und Tazma met a shadowy grave.

We laughed!

Azulongmon: You know Tazma met her end before this year, right?

Ariana Wolfenstein: Ja und she made a death wish in the form of shadow death.

We laughed!

Nico: That was funny.

Me: Yep. I can tell that she is funny and awesome.

Eli: Yep.

Azulongmon: What is your best memory of Nico?

Ariana Wolfenstein: Mein favorite is when we did a really hilarious prank on a local bully. We tied a rope to his leg wnd then dropped an anvil over a cliff und he went through many traps like garbage, sludge, filth und more.

Me: Oh that is funny!

Nico: Yep. The old Cartoon Pile Smash Prank. So funny!

Nico and Ariana then hugged.

Nico: I really missed you.

Ariana Wolfenstein: Und I did too Nico.

Me: Aww.

Eli: This was awesome.

Me: Yep.

Azulongmon: And that's another of the enemies of the Mysticons destroyed.

Me: Yep.

Nico: It sure is.

Eli: But you are funny Ariana.

Nico: You'd get along great with Luan.

Ariana Wolfenstein: Yeah I'm sure I would.

Nico: Yep.

We went back home.

* * *

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda

(Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, and Baihumon are heading to Nowhere, and not only is Lincoln going to rescue the nineteen girls there, but we're also going to help Courage and Francesca in stopping Floyd, who unleashed his Curtain of Cruelty on Nowhere and made all of Nowhere cruel and mean.

Lincoln: Whoa, we're here in Nowhere, and I know what we're going to do here, not only am I going to rescue the nineteen girls there, but we're also going to help Courage and Francesca in stopping Floyd, who unleashed his Curtain of Cruelty on Nowhere and made all of Nowhere cruel and mean.

Nico: That's right, big guy. We're not affected because we have the power to absorb negative energy and convert it into positive energy, which makes us stronger.

We saw our rainbow energy auras with elemental forces, animals, and mythological figures flaring up like crazy, as we were getting stronger and stronger.

Me: Yeah, and Francesca said she, Courage, and Muriel weren't affected because of her homemade fabric softener that she used to wash the clothes.

Nico: And Courage also uses it on his fur, which makes his fur soft and fluffy.

Lincoln: Whoa, that's both awesome and .

Lori: Wait, I literally remembered using some of that homemade fabric softener Muriel had for our clothes as well, so not only are we protected because of our powers.

Luna Loud: But, we're also protected by that homemade fabric softener, dudes.

Lincoln: That's right, Luna. And thanks for joining us on our rescue, Baihumon.

Baihumon: You're welcome, Lincoln. So, do you have a plan on how to get everyone back to normal?

Lincoln: In fact, I do, I recreated Muriel's homemade fabric softener and I'm going to throw it into the machine that makes the Curtain of Cruelty, and it'll turn it into the Curtain of Compassion, and this curtain will get everyone back to normal, except for Eustace, who's probably gone after Courage and Francesca.

Me: And just in case, I got a rolling pin to hit him with.

Nico: (Snickers) Smart one.

?: HELP!

Suddenly, Lincoln heard the sound of nineteen girls calling for help, along with hearing the sound of a loud scream. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the nineteen girls, along with Courage and Francesca, but they've been cornered by Floyd, and he's going to harm them.

Lincoln: Guys, I found the nineteen girls, along with Courage and Francesca, but they've been cornered by Floyd, and he's going to harm them.

?: That cruel mad scientist, let's teach him a lesson.

Suddenly, we saw an Evil HERO Sinister Necrom appear before us.

Lincoln: That voice coming from the Evil HERO Sinister Necrom, I knew it was you, Reggie McDonald, but we'll have to talk later. We've got to put a stop to Floyd and stop his Curtain of Cruelty.

We rushed on over to Floyd's lab, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, and they hit Floyd and that allowed the nineteen girls to get away, and Courage and Francesca joined us. When Floyd saw us, he was enraged.

Floyd: Why aren't any of you affected by my Curtain of Cruelty?!

Lincoln: You're not getting the answer, Floyd. We're putting a stop to your Curtain of Cruelty and getting everyone back to normal.

Lincoln then tossed the bottle of Muriel's homemade fabric softener into the machine that produced the Curtain of Cruelty, and it turned light blue and it was transformed into The Curtain of Compassion and it spread throughout all of Nowhere, and it changed everyone back to normal, and it removed Floyd's cruelty and made him kind. When he saw what he did was wrong, he apologized to us.

Eustace Bagge: You're mine, Stupid Dog!

Lincoln: Here, Francesca. You're going to need this. (To Floyd) Floyd, I don't want you to see this.

Floyd covered his eyes, and Francesca hits Eustace on the head with a rolling pin that Lincoln gave her.

BONK!

Eustace Bagge: OOOWW! What did I do?!

We laughed at the scene.

Me: That scene always cracks me up.

We then got out of there, and we got Muriel out of the rehabilitation center, and she was happy to see us, and Lincoln gave her a bottle of her homemade fabric softener. We found out he had an extra one to give to Muriel, while he used the first bottle to turn the Curtain of Cruelty into the Curtain of Compassion.

Lincoln: That's it for the Curtain of Cruelty. (To Reggie McDonald) And it's so good to see you again, Reggie McDonald.

Reggie McDonald: You too, Lincoln, it's been a long time.

Lincoln went up to Reggie McDonald and they hugged, and Reggie McDonald was also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become.

Lincoln: It sure has been a long time, I haven't seen you when you were thirteen, and as you can see, I really grew a lot since then.

Reggie McDonald: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Whoa, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Reggie McDonald, she's another local girl from Michigan, and she's not only another of my Guardian Angels, she's one of the strongest umbrakineses masters ever, and she's also protected me from Lynn's wrath many times before and even during the worst of her fury, and she's also beaten Lynn in every sport ever known.

We gasped in shock, and we saw Lynn turn pale.

Nico: Whoa, so she's not only a strong umbrakinesis master, but she's also an awesome athlete who's beaten Lynn in every sport ever known, and protected you from her wrath many times before and even during the worst of her fury, that's so awesome.

Lincoln: And because of Lynn turning pale, this is one story that's going to be heard later on. Let's get you back to normal, Reggie.

Reggie McDonald: No need, Lincoln.

Reggie McDonald reverted back to normal, and she is a beautiful 18-year-old girl with long flowing crimson red hair, crimson red eyes, fair skin, she's 6'5" in height, she has the body of a goddess, she has the Dark Kanji emblazoned on her forehead, and she has massive crimson red and black angel wings with stars, as she reigned in the power of Evil HERO Sinister Necrom, and she's dressed in a sleeveless crimson red checkerboard vest, sleeveless crimson red midriff top, crimson red plaid skirt, crimson red pants, crimson red high heels, and long crimson red sleeveless trenchcoat with darkness on the coattails and on the back is Evil HERO Sinister Necrom.

Lincoln: Wow, that's one awesome outfit, Reggie, and I got you a little something for you.

Lincoln also gave her a massive Evil HERO Sinister Necrom-themed sword with a 6'9" massive, wide, double-edged dark red blade with the Evil HERO Sinister Necrom etched on it, large crimson red and black angel wings for the crossguard, large crimson red gem embedded in the rainguard, longer black handle, and large crimson red gem surrounded by angel wings for the pommel.

Reggie McDonald: Wow, I also love the new sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Reggie McDonald's neck with crimson red gems on the gold lightning bolts and crimson red crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Reggie McDonald: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Reggie.

Reggie McDonald had a smile on her face and tears coming from her eyes, as she wrapped her arms around Lincoln's waist and Lincoln wrapped his abnormally massive and powerful muscular arms around her body, and he leaned down and kissed Reggie McDonald on the lips, and she returned it, and we cheered for them. Then, we went up to the nineteen girls, and when Lincoln saw them, he immediately recognized them. The nineteen girls are Kugisaki Nobara, Ieiri Shouko, and Zenin Maki from Jujutsu Kaisen, Ruu the Elf from Elf 17, Sonan Kyouko, Goya Sewashiko, Kiyuna Kiriko, Majikina Soriko, Rikantz Seaberry, and Tomoyose Moriko from Daimidaler: Prince vs. Penguin Empire, Tiffa Adill, Ennil El, Paala Sys, Sala Tyrrell, and Toniya Malme from After War Gundam X, Kohinata Hikari, Ooki Futaba, Katori Mato, and Ninomiya Ai from

Amanchu.

Lincoln: Oh wow, it's Kugisaki Nobara, Ieiri Shouko, Zenin Maki, Ruu the Elf, Sonan Kyouko, Goya Sewashiko, Kiyuna Kiriko, Majikina Soriko, Rikantz Seaberry, Tomoyose Moriko, Tiffa Adill, Ennil El, Paala Sys, Sala Tyrrell, Toniya Malme, Kohinata Hikari, Ooki Futaba, Katori Mato, and Ninomiya Ai.

Nico: From Jujutsu Kaisen, Elf 17, Daimidaler: Prince vs. Penguin Empire, After War Gundam X, and Amanchu, awesome.

Lincoln: Are you girls okay?

Kugisaki Nobara: Yes, we're okay, thanks to you.

Then, when Kugisaki Nobara and the other eighteen girls saw who it was that saved them from Floyd, their faces turned atomic red upon seeing the 17-year-old 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-

Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large gold buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large

Crystal Necklace of The Buddha with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Kugisaki Nobara: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eighteen clones of himself, and he and the eighteen clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they lean down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Kugisaki Nobara: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, nineteen Thunderbird Necklaces of Eternal Love appeared on the necks of Kugisaki Nobara, Ieiri Shouko, Zenin Maki, Ruu the Elf, Sonan Kyouko, Goya Sewashiko, Kiyuna Kiriko, Majikina Soriko, Rikantz Seaberry, Tomoyose Moriko, Tiffa Adill, Ennil El, Paala Sys, Sala Tyrrell, Toniya Malme, Kohinata Hikari, Ooki Futaba, Katori Mato, and Ninomiya Ai with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the TLPS Flying Fortress and we told everyone what happened, and they were shocked when they saw the villain we went after was Floyd, who unleashed his Curtain of Cruelty on Nowhere so everyone can share his cruel pain.

But, when Lincoln showed what he did in throwing a bottle of Muriel's homemade fabric softener into the machine and turned it into the Curtain of Compassion and got everyone there back to normal and removed Floyd's cruelty and made him kind and compassionate, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Reggie McDonald now have a lot of catching up to do, now that she's back, and everyone laughed at Francesca bonking Eustace Bagge in the head with a rolling pin when he tried to go after us.

---

After Lincoln's rescue in Nowhere, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Reggie McDonald saw Lincoln working out like crazy, she had an atomic red blush on her face.

Reggie McDonald: Whoa, I was right that Lincoln has really grown to be a 17-year-old 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his abs hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Reggie, and now, I can also defend myself.

Reggie McDonald: That's incredible.

Nico: It sure is, Reggie. So, how did you protect Lincoln from Lynn's wrath before and even during the worst of her fury?

Reggie McDonald: You'll like hearing this, Nico, along with everyone else. You see, before Lynn had her Dark Side removed, she was a rude, disgusting, obnoxious, wild, heartless, overly competitive, sore loser pig with bad manners and smelled like a gym bag. I beat her in every sport ever known, and she's wanted to destroy me ever since. But, I've also found out from Clyde and the others that she'd beaten up Lincoln so many times, it wasn't funny, and when I saw Lincoln with bruises all over his body and him crying his heart out, I was so mad, I wanted to break every bone in Lynn's body for what she did to her little brother. But, I had to think about Lincoln, and I know he loves his family with all his heart, it was right from there, I hugged him and he hugged me back as he really cried his heart out. From then on, I swore to always protect Lincoln from Lynn's wrath, and many times before I've pulverized that into the dirt.

And here's where I really protected Lincoln during the worst of Lynn's fury: one day, when Lincoln and I were having fun at Gus' Games and Grub, Lynn barged in and she was mad as heck and her eyes were really red with rage and insanity. She was mad that Lincoln washed her favorite jersey. Lincoln told me her favorite jersey was really starting to stink up the house and it was also causing everyone to get into hazmat suits, because it stank badly and it also didn't help she also farted like crazy. Lynn was so mad at Lincoln for what he did in washing her favorite jersey, she wanted to kill him and leave him to die in a pool of blood, and she had a knife with her. When I saw the shine coming from the knife, I knew she went off the deep end. So, I decided to show Lincoln my gift: I was a strong master of umbrakinesis, and I fired blasts of darkness at her, and they hit her and then, I fired another blast of darkness, and it trapped Lynn inside a sphere of darkness and she drops her knife, and I put it in an evidence bag to show Mr. and Mrs. Loud. After I was done, Lynn got grounded for ten months for trying to kill Lincoln in a fit of rage, and she was put into an isolation cube in the basement, and was ordered to stay away from Lincoln during that time.

We were shocked.

Me: Whoa, you sure are an awesome Guardian Angel of Lincoln, if you defended him from Lynn's wrath, and even during the worst of her fury.

Nico: And you also showed Lincoln your powers with umbrakinesis, that's really incredible.

Reggie McDonald: And I've also seen the Ridonculous Race, you guys put some of the Total Drama sore losers in their place.

Lincoln: And I've also inflicted them with some pretty powerful curses after we've beaten them down, and we've also taken down villains that we've dealt with in the past and had returned from the dead to get revenge on us.

Nico: And we're into the grand finale of the contest, which means the Total Drama Sore Loser we're going to face is none other than Alejandro.

Me: That asshole's going to do everything he can to try and kill us, so he can get the prize money for himself.

Lincoln: I've got just the curse for him, it's the Marzanna's Ice Heart Vengeance Curse.

TLPS Mr. Wolf: If he's hit with that, the curse will freeze his blood and heart since he has a heart of ice and is unrepentant of his crimes, and the curse will condemn him to an eternity of a frozen Hell.

Me: Oh yeah, he'll be in for one rude awakening.

Moana: And you should let me face off against him.

Lily Loud: Good idea, Moana. That way, while you're pulverizing Alejandro, we can get through with the usual battles before we proceed with pulverizing Alejandro, and then, Lincoln will hit him with the Marzanna's Ice Heart Vengeance Curse.

Nico: Awesome thinking, Lily.

We then got a shower afterwards, but then, the alarm in the TLPS Floating Fortress sounded, and when Lincoln checked it, he saw that Ashtar, another of Ryu Hayabusa's enemies, is here, and he's causing havoc. But, he also saw another figure and he's fighting Ashtar, and when Lincoln saw who it was, he recognized him, the figure fighting Ashtar was Strider Hiryu.

Lincoln: Guys, Ashtar's here, and he's causing havoc.

Ryu Hayabusa: Ashtar, I should've known he'd be here.

Lincoln: But, I also saw another figure, it's Strider Hiryu, and he's fighting Ashtar.

Nicole Knudson: Strider Hiryu from Strider, he's here? We'd better give him a hand in fighting against Ashtar.

Lincoln: Right, Nicole, let's go.

We head out of the TLPS Flying Fortress, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces at Ashtar, and they hit the self-proclaimed "Emperor of Darkness." When Strider Hiryu saw us, he was honored to meet us, and when Ashtar saw us, he was enraged.

Ashtar: Team Loud Phoenix Storm?! How dare you filthy humans show yourself before me! I will kill all of you and rule this world!

Lincoln: Don't even think about it, Ashtar. You've lived for far too long, and now, your miserable life shall be brought to an end here and now.

Juri Han: And I've had enough of you to last an eternity.

Suddenly, Juri Han's pink eyes turned neon pink, and she was surrounded by a dark purple energy aura with spiders and shadows, and as she approached Ashtar, she left dark purple energy, spiders, and shadows with every step. Suddenly, Juri Han was surrounded by a massive vortex of dark purple energy with shadows and darkness surrounding it, there's a spider crawling around the vortex, and in the vortex is a pink phoenix. Then, as the vortex faded, Juri Han emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Juri Han grew to 6'5" in height, she had the body of a goddess, she has pink highlights in the bangs of her black hair, she has neon pink eyes and a dark purple energy aura with spiders and darkness surrounding her, she has a spider with the Dark Kanji in its legs emblazoned on her forehead. Suddenly, Juri Han felt a sharp pain right on her back, and then, massive black angel wings with purple tips on the large black feathers, sprouted out of her back, she has on spider earrings with dark purple gems for eyes and the Dark Kanji in its legs and her merged Thunderbird Necklace of Eternal Love with dark purple crystal links and a Thunderbird and a spider with dark purple gems for eyes and the Dark Kanji for the pendant, she has on a black long-sleeved jacket, sleeveless dark purple midriff top with pink phoenix and spider on it, white pants, dark purple high heels, and a long long-sleeved dark purple trenchcoat with spiders and darkness on the coattails, and a spider surrounded by darkness on the back, and Juri Han has on her Ring of The Phoenix on her right ring finger and her Star Sapphire Corps ring on her left ring finger.

Juri Han has on her new gold Bracelets of The Champions of The Universe with dark purple gems on her wrists and her new Belt of Elemental Bravery with a gold spider with pink gems for eyes and a large dark purple gem in its abdomen for the belt buckle, large dark purple Spellbook of The Gods and The Universe and large dark purple Spellbook of the Elemental Gods on her left hip on her waist and Eater of Sins revolver holstered on her right hip. There's a purple kanji below the spider that said, "Juri Han, Street Fighter of Korea, Destroyer of Shadaloo and S.I.N., Expert Taekwondo Master, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Darkness and Spiders."

ジュリ・ハン、韓国のストリートファイター、シャダルーとSINの破壊者、テコンドーの専門家、リンカーン・ラウドの愛する未来の妻、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、驚くべき強力な教師の驚くべき強力な学生、そして闇と蜘蛛の達人

Juri Han has transformed into SUPER ANGEL INFINITY DARKNESS FIRESTORM SPIDER ANGEL OF DARK JUSTICE AND ARACHNID DARKNESS!

We were amazed by Juri Han's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Ashtar saw it, he fell into a rage and he fired a blast of darkness at her, but Juri Han dodged it, and fired a blast of dark purple energy and it hits him, and exploded with incredible power.

Lincoln: Wow, Juri, you look beautiful, how do you feel?

Juri Han: (Divine Echoing Cosmic Voice of The Darkness Spider and Divine Love) I feel incredible, Lincoln. Now, shall we put an end to Ashtar for good?

Lincoln: (Smirks) With pleasure.

Strider Hiryu: Allow me to also join in as well.

Lincoln: Of course, Strider.

Ryu Hayabusa: And I'm also joining in too.

Lincoln unholstered his improved massive Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he, along with Strider Hiryu and Ryu Hayabusa, joined Juri Han.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time to put an end to your delusional dreams of world domination, Ashtar.**

Lincoln, Juri Han, Strider Hiryu, and Ryu Hayabusa went after Ashtar, and they fired powerful blasts of rainbow energy, blue energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, Dragons, and Spiders, and they exploded with incredible power as they hit Ashtar. Then, Juri Han brutally smashed Ashtar with kicks imbued with dark energy, and Lincoln, Ryu Hayabusa, and Strider Hiryu slashed at Ashtar with their swords, and they really left scars on the evil self-proclaimed Emperor of Darkness. Then, Juri Han tied him up with threads of dark purple energy, so he can't escape.

Juri Han: **Okay, Lincoln, you know what to do?**

Lincoln: (Smirks) **You got it, Juri.**

Lincoln spreads his massive deep sapphire blue angel wings, and red energy was being charged in them, and this horrified Ashtar, and it meant his dreams of world domination and his life are about to come to an end.

Lincoln: **DEATH WING LIFE DRAIN!**

Lincoln fired massive red energy beams from his massive deep sapphire blue angel wings, and as they hit Ashtar, Lincoln began sucking out his life force, along with the powers and abilities of Ashtar, and his rainbow energy aura with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo flared up extremely, as he gained a massive power boost, and he made Ashtar's powers his own. Then, as he was done, Ashtar was reduced to a mummified withered husk drained of life, and as his spirit appeared, he was marked with a kanji on his forehead by Lincoln, and Ashtar was erased from existence forever. We cheered wildly as they holster their weapons and power down, and Juri Han's new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Lincoln and Juri Han shared a romantic kiss, and we return to the TLPS Flying Fortress and Strider Hiryu was made a new member of the team, and he'd heard much about our adventures, and he planned on joining us, and that moment came when Ashtar showed up to cause havoc.

---

Later it was time for Vakama's 2nd Ambassador Mission.

Nico: Like we agreed, Vakama, me and May are coming with you.

Vakama: Awesome!

Me: Nico if you see Victor Veloci, I'll make sure you get a good shot on him.

Nico: Awesome. And it'll be awesome to meet your awesome friends.

May: Same here.

Me: Yep. (YAWNS) Lets go.

We were off to Florida.

In Florida we arrived.

Max (Dino Squad): Vakama hey there!

Vakama: Guys, meet J.D.'s successor.

Nico: Hey guys. Name's Nicolas Chan. But everyone calls me Nico.

Me: Nico is now the new leader of the team.

Fiona (Dino Squad): Awesome to meet you Nico.

Rodger: Same here Nico.

Nico: Likewise and this is my awesome wife May.

May: Hey guys.

Max (Dino Squad): Awesome to meet you too May. And we have someone for you all to meet too.

We then saw Ms. Moynihan.

Me: Ms. Moynihan. Awesome to see you again.

Ms. Moynihan: Same to you J.D. And it's an honor to meet you Nico, May and Vakama. Max told me so much about you.

Nico: Same to you Ms. Moynihan.

Me: Awesome to see you again.

We then saw Rump.

Nico: (sees Rump) Look at the wittle doggy.

Me: Aww Rump awesome to see you again little one.

May: He's so cute. What creature can he turn into?

Max (Dino Squad): Show them Rump.

He turned into a GORGONOPSIA!

Me: Whoa! A Gorgonopsia!

Nico: Wow!

Me: Those creatures lived 265 million years ago.

Vakama: Wow! A dog that can turn into a Permian Creature. How cool.

May: That is so awesome.

Fiona (Dino Squad): Yeah that is awesome.

Ms. Moynihan: Even though you've erased Veloci's option to use his velociraptor form, he can still mutate animals for his own purposes.

Vakama: We know that. I just hope they're easier to tame than the Rahi back home.

Me: I've done this many times before Vakama. Also Max, guys you all will love Paleozoic World back home. We have all sorts of prehistoric creatures there that are from all over Earth's history.

Buzz (Dino Squad): Awesome! We'll have to see it when we join the team.

Me: You'll love it.

May: Guys, you might want to look outside.

Fiona: Is it Veloci?

May: No. But there IS a mutated gorilla wreaking havoc!

We looked outside and IT WAS A HUGE GORILLA AS BIG AS AN ELEPHANT!

Nico: WHOA! That is one ugly gorilla!

Me: And look who it is with him!

We saw Veloci!

Nico: There he is! I'll face him and you guys stop that gorilla!

Me: Right! DINO SQUAD ROAM THE EARTH!

Buzz (Dino Squad): Huh?

Me: It's a new battle cry for you guys I'm working on. It's a work in progress.

Max (Dino Squad): Oh. Cool.

We went out to fight him and then Nico teleported and swooped in and kicked Veloci in the face!

Vakama: (to Max) Also, expect me to be here again tomorrow since it'll be April 1.

Max (Dino Squad): Understood. Lets do it!

The Dino Squad transformed and they were dinosaurs now!

May: OH WOW! That is cool!

Me: It sure is.

POW BLAM BIFF!

Nico punched and kicked Veloci all over.

Nico: You will pay for your bioterroristic ways Veloci.

Veloci: Try and stop me!

Nico: Oh I'll do more than just stop you. On June 7th we're coming to kill you!

KROW!

Nico kicked him in the stomach and smashed him down.

Vakama: (to the gorilla) Let me show you what a REAL monster looks like! (To Max) Max you guys aren't the only ones with a primal side.

Vakama then had his eyes glow and then he went TOA HORDIKA! HE WAS NOW VAKAMA HORDIKA!

A massive blast of fire swirled out from around him!

Vakama Hordika: (Beastly voice) Feel the power of the Rhotuka Spinner!

He fired a blast of fire from his back and it hit the Mutated Gorilla and smashed him down.

KROW BAM BLAM SMASH!

Nico kicked and punched Veloci all over.

Nico: You are just a pathetic and worthless man that is worth nothing!

Veloci: HOW DARE YOU SAY THAT!?

He went at Nico and punched at him all over and Nico was dodging his strikes all over.

Nico: Pathetic.

The mutated gorilla got up and roared again.

Rodger: Stubborn ape, isn't it?!

Me: No kidding there!

May: I got this!

May fired a blast of ice and ice energy from her ice powers and ice ray and froze the gorilla but his head in a huge block of ice!

Max (Dino Squad): Now for the finisher.

Max and the Dino Squad sucked out all the ooze in the Gorilla and it reverted back to normal.

Me: Awesome!

May: That was cool!

POW!

Nico punched Veloci down!

Nico: It's over for you Veloci!

Veloci: It's only just beginning Chan! I will be back!

Veloci ran like a coward!

Nico: Yeah you better run you coward!

Fiona (Dino Squad): I'm just glad there's no property damage.

Max (Dino Squad): Let's hope it stays that way.

Me: Don't worry guys. If that happens we can fix it.

Nico: We sure can.

Vakama: But that was great.

May: Yeah it sure was!

Me: We had a lot of fun on this one.

We later came back and told everyone what happened.

Maria: You're right, J.D. The Dino Squad are going to love Paleozoic World.

Nico: They sure will.

Me: Soon we will show it to them but not after until we have them join us on June 7th.

Nico: Yeah.

Vakama: Also I was thinking of having Eli, Maria, Pyro and the Loud Kids come next.

Nico: Awesome idea. It'll be awesome for Max and the Dino Squad to meet them.

Maria: Same here. And that is so cool that Rump can turn into a creature from 265 million years ago.

Eli: It sure is awesome.

---

Ember McLean heard the sounds of things breaking in a nearby room.

Ember: (goes into said room) Geez, Ed. Did you lose your gravy or something?

But it wasn't Ed that was breaking stuff it was EVA!

Ember McLean: EVA!

We came in and saw her!

Minuette: Eva! What are you doing here!?

Eva: To get revenge on you all! I'm going to send you all back to America IN BODY BAGS!

Minuette: Not if we can help it!

We landed the fortress and we were already in Mexico 🇲🇽 and we got out and Minuette, Twinkleshine, Lemon Hearts, Sweetie Belle and Scootaloo were punching and pulverizing her all over!

Casper: (Eva's punches go through him) Wasting your time, Eva! Your punches can't hurt me!

Twinkleshine: But this can!

KROW!

She punched Eva and smashed her into a wall!

Scootaloo then dealt Eva a massive flurry of deadly kicks and she smashed her face in.

Sweetie Belle kicked Eva in the stomach and kneed her in the face and knocked out some of her teeth!

Then Lemon Hearts took Lynn's metal baseball bat.

Lemon Hearts: Sorry Lynn can I borrow this?

Lynn: Go for it!

Lemon Hearts jumped and then…

KRASMASH!

She smashed Eva's head in with it and knocked her out!

Lincoln: You messed with us for far too long Eva!

Lincoln turned into Inferno Lincoln, as a neon red and orange outline surrounding him, his long, white hair reaching the bottom of his neck turned neon red, the eight large orange orbs orbiting around his legs turned neon red, his deep sapphire blue eyes turned neon deep red, his large blue pants turned red but the rainbow colored lightning bolts remained the same, his massive orange bands with silver phoenixes on his abnormally massive and powerful biceps and thighs turned red, and his massive deep sapphire blue angel wings with reflecting stars turned red. Suddenly, we saw demons and flames dancing around Lincoln, as his massive red angel wings spread out.

Lincoln: (Singing Divinely) I see a cold wind blowing through, I see days neither fun nor free, I see a future caused by you, I see a path not meant to be. Your future should filled with magic, dreams, and wishes brought to life. But, the days ahead are dark and tragic, no time for hope when all is strife, whatever might have been, all the dreams that you did share, because of you, Eva. Now, the future is a cold nightmare.

Nico and I had shivers going down our spines and so did many of us when Lincoln sang that song.

Then, Lincoln fired powerful blasts of red energy and hellfire from his massive angel wings and once they hit Eva, she was put into a coma, but in reality, she was eventually trapped in Hell for all eternity, as she screamed in pure rage at us. We felt that Eva is alive physically, but mentally, she's not there.

Me: Using the Hell's Vengeance Curse on her was perfect!

Lincoln: Thanks.

But then my sword glowed and unholstered itself.

Nico: Are you doing this J.D.?

Me: No it's not me. It's resonating energy!

But then suddenly, Minuette, Twinkleshine, Lemon Hearts, Sweetie Belle and Scootaloo glowed in powerful orbs of light and then my sword fired blasts of rainbow energy from the blade and they hit each of them and the power was incredible!

Me: WHOA!

Nico: WHOA! WHAT POWER!

Eli: What's happening to them!?

Then in a massive flash of light everything went quiet.

Me: WHOA What was that!?

Nico: That was powerful!

Lincoln: Look!

THEY WERE GONE!

Nico: Where did they go!?

Crumplezone: Aw, man. Rarity, I'm so sorry.

Rarity broke down crying!

In another dimension, the 5 of them woke up.

Minuette: (Echoing) Hello?

Sweetie Belle: (Echoing) Where are we?

Scootaloo: (Echoing) I don't know.

Twinkleshine: (Echoing) What is this place?

Then Princess Celestia appeared.

Princess Celestia: Congratulations to all of you. I always knew you were all destined for so many great things.

Twinkleshine: Princess Celestia.

Lemon Hearts: I don't understand.

Sweetie Belle: Yeah. What did we do?

Princess Celestia: You all stood up for your friend Ed when Eva was running amuck and that shows that you have true love and friendship inside you all. That is something that takes a lot of courage and love for your friends. Because of that amazing act of valor and friendship you all have proven that you are ready.

Minuette: Ready for what?

[Princess Celestia]

You've come such a long, long way

And I've watched you from that very first day

To see how you might grow

To see what you might do

To see what you've been through

And all the ways you've made me proud of you

It's time now for a new change to come

You've grown up and your new life has begun

To go where you will go

To see what you will see

To find what you will be

For it's time for you to fulfill your destiny

We saw screens of all the great accomplishments that Minuette, Twinkleshine, Lemon Hearts, Sweetie Belle and Scootaloo and all of us have done over the years since before and after they joined us on Team Loud Phoenix Storm as well as how they have helped out many creatures all over great and small and how they have done so many great things over the years. But then Princess Celestia had the five of them glow in energies of their respective colors.

Suddenly MASSIVE FLASHES OF LIGHT FOLLOWED BY EXPLOSIONS OF MAGIC WERE SEEN IN THE SKY ABOVE THE CITY and the explosions formed into the respective cutie marks of Minuette, Twinkleshine, Lemon Hearts, Sweetie Belle and Scootaloo. The bells of angels tolled and the power coming from them was incredible!

Me: WHOA! What power!

Eli: Unbelievable!

Lana: WOW!

The cutie marks landed and then in domes of magic energy we saw the 5 of them standing in them.

Twilight Sparkle: Girls is that you?

Rarity: Sweetie Belle?

Rainbow Dash: Scootaloo?

We saw them spread wings and we saw that Scootaloo had a horn on her head and we saw that they all have become TRUE ALICORNS AND WE GASPED IN INCREDIBLE AMAZEMENT!

Me: WHOA!

Nico: Wow!

Eli: You 5 are now Alicorns!

Nico: WHOA!

Rarity: Oh Sweetie Belle! I was so worried!

Rainbow Dash: Scootaloo this is AWESOME!

Twilight Sparkle: Wow! We are all Alicorns now.

Me: This is awesome!

Rollbar: What do we do with Eva's body?

William: No harm in sending it back to prison.

Nico: Yeah.

Nico sent her to prison.

Nico: But now we have more Alicorns.

Minuette: This is awesome!

Twinkleshine: Yeah it sure is!

Lemon Hearts: Wow!

Hunch: Fitting that they would transform right before the last challenge.

Nico: Yeah just like after the Battle with Team Dark Phoenix Storm.

Me: And the race on Mustifar for me.

Nico: That was awesome.

Laney: It sure was. Girls how do you feel?

Minuette: We feel amazing. But we have so much to learn.

Eli: Yeah but it is awesome.

Lana: But congratulations to you all.

Lola: I agree.

Then Larxene, Carly, Arbormon, Tri Klops, Kerbero Gangan, Multiplex, Shade, Kitty, Villamax, and Hydrax appeared.

Larxene: Can me, Carly, Arbormon, Tri Klops, Kerbero Gangan, Multiplex, Shade, Kitty, Villamax, and Hydrax go with you guys this time?

Nico: You all sure can.

Carly Atlas: We saw Minuette, Twinkleshine, Lemon Hearts, Scootaloo and Sweetie Belle emerge as Alicorns. Congratulations on your ascension.

Sweetie Belle: Thanks Carly. This is really cool.

Nico: Yeah is sure is.

Arbormon: We also saw Eva. Are you all okay?

Me: We're fine. Eva is back in prison but with the Hell's Vengeance Curse on her.

Kitty: Good riddance to that monster.

Nico: Yeah no kidding.

Don: You guys are here early.

Me: Yeah. (Yawns)

Don: You look really tired J.D.

Me: (Yawns) I know. It's because we've been having a lot of fun and excitement these last 12 days. I forgot to sleep.

Nico: Oh man. You are going right to bed when we get back home.

Don: But at least you're having fun. You'll like your next challenge. It's to go after Sore Loser Alejandro.

Nico: Cool! I can't wait to sock it to his ugly face. And belittle him about Heather and how worthless she is.

Eli: That will be awesome.

Then, before we were about to head into Mexico for the grand finale of the contest, suddenly, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy signal, and he saw who it was in the vision: it was none other than Rayman's old enemy from long ago, Mr. Dark, and he's returned to get revenge on Rayman for ruining his plans to take over Rayman's world, and he's here in Mexico. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone coming after us today in Mexico?

Lincoln: Afraid so, Nico, and Rayman, you and your friends aren't going to like him one bit: the person I just saw in the vision is none other than your old enemy, Mr. Dark, he's returned to get his revenge on you for ruining his plans to take over the Glade of Dreams, and he's here in Mexico.

Rayman and his friends gasped in shock.

Rayman: Even after all those years that I stopped him long ago, Mr. Dark's returned to get revenge on me.

Natilee Knudson: (Celtic Accent) Aye, and Mr. Dark is one of the most wanted criminals in the Dream World. He's been on the most wanted list for many years.

Globox: We thought we were rid of him after Rayman kicked his hide, but now, he's come back.

Rayman: Well, this time, I'll see to it that he never returns to cause trouble for anyone ever again.

Suddenly, Rayman's Sword of The Celtic Dream Crusaders unholstered itself from his back, and it was surrounded by green energy with Lums and moonbeams, and when it emerged, it was transformed into Celtic Moon Gauntlets of Glade Justice, a pair of gauntlets covered in silver plate armor with large green gems on the back of the hands.

Nico: Whoa, now those are an awesome pair of gauntlets.

Lincoln 2: Whoa is right, Nico. Rayman, those new gauntlets you see before you are known as the Celtic Moon Gauntlets of Glade Justice.

Rayman: Awesome.

Suddenly, the silver Celtic Moon Gauntlets of Glade Justice eventually slipped into Rayman's hands, and then, he felt something happen to him, as his eyes turned purple, and he was surrounded by a purple energy aura with Lums, light, and moonbeams. Then, he was surrounded by a massive vortex of purple energy with Lums, light, and moonbeams, and when it faded, Rayman emerged, but he's got an awesome makeover.

Rayman grew to 7'1" in height, and we saw that he now has limbs and a neck and that he's also now gained abnormally massive and powerful upper and lower body muscles and eight-pack abs, he has purple eyes and his strawberry-blonde hair grew longer a little bit longer reaching the bottom of his neck and the two fronds of his hair still remained, his purple torso had changed into a purple short-sleeved shirt and it still has the red hood and the mysterious white ring on his torso, but there's a phoenix with the symbol of The Celtic Dream Crusaders above it, purple pants, he still has on his trademark shoes, and he now has on a long purple long-sleeved trenchcoat. We were amazed by Rayman's transformation.

Rayman: Whoa, what just happened to me?

Lincoln made a mirror of water, and when Rayman saw what happened to him, he was stunned.

Rayman: Awesome, and I now have limbs and a neck, incredible.

Nicole Knudson: Yeah, but you're still the same legendary hero who saved the Glade of Dreams from Mr. Dark and the nightmare creatures long ago.

Globox: That he is.

Rayman: And now, I'm going to see to it that Mr. Dark never returns to try and take over The Glade of Dreams ever again.

Sword Man: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: An Vladat Gene-Slammer next.

Me: Whampire's kind next. So it'll be one of the Goths of Darkness next.

Nico: This will be cool.

Natasha Hernandez: It'll be awesome seeing this one Nico.

Nico: Yeah it sure will.

Eli: I have a feeling this will be fun.

Laney: Yeah it sure will.

Kitty: Can't believe we're at the last challenge already.

Nico: I know. But it's so awesome and we all had an awesome time on this one.

Me: (Yawns) We sure did and it was awesome.

Laney: Yeah.

Acid Storm: We had a good time this past week, haven't we?

Nico: We sure did and it was actually 12 days.

Acid Storm: Oh right.

Nico: But it was awesome and really fun.

Kerbero Gangan: We'll never forget the friends we made over the course of this race. (to the Road Rovers) Including you guys.

Colleen: (British Accent) That was most fun.

Me: It sure was.

Nico: Hey what's that there?

In the Mexico City town square we saw ALEJANDRO!

Nico: There he is. Lets do the entrance.

We went at him.

Alejandro was yelling all over. Then the spirits of the Hummingbirds of Nature's Elements appeared and then swirled around him and then smashed and pecked him all over the place and then converged and then orange fire swirled around him and then we came out and we were ready for him!

Me: Hello Alejandro!

Nico: You are in a lot of trouble you fuckfaced asswipe!

Air Man: Since we're in a VERY good mood today, you get a 10 minute head start.

Nico: And that head start is us making sure you experience a good torture session from us.

Alejandro: YOU MAKE ME FUCKING SICK!

Bender: Bite my shiny metal ass!

Alejandro: WHAT DID YOU SAY!?

Me: Are you hard at hearing as well as stupid as your dumb bitch girlfriend?

Alejandro: NO ONE INSULTS HEATHER!

He went at me and I kicked him in the stomach and sent him crashing into a coconut palm tree and a bunch of coconuts fell on him!

CLANG CLANG CLANG CLANG CLANG CLANCLANCLANCLANCLANG!

Patrick: DAHAHAHAHAHA THAT GUY GOT HIT IN THE HEAD WITH 10 COCONUTS!

Villamax: Maybe we should take a look around while he's knocked out. After all, we started really early.

Me: Actually I'm in the mood to pass the time by using this moment to do some really funny comedy on him.

Nico: Yeah me too. We all could use a good laugh after everything we did all over the world.

Eli: Yeah no kidding. This will be fun.

Alejandro: YOU MOTHERFUCKERS! I WILL MAKE YOU SUFFER!

Me: Bite my fucking ugly ass jerkface!

Eli: Heather is a totally ugly bimbo!

Lola: It's princess makeover time!

Lola pulled out a makeup box and then flew at Alejandro and dressed him up as a girl! We then gave him a mirror and he screamed like a little girl and we were laughing hysterically at him!

Carly Atlas: Hey Alex! There's a makeup store over there. Go have fun there!

Alejandro: My name is ALEJANDRO!

Me: You sure doesn't sound like it to me!

Jean Bison: You've got guts breaking out of prison after what you pulled in the past.

Alejandro: Don't forget Jo, Evil Scarlet, Amy, my sweet Heather, Josee, Jacques, and Freakziekel.

William: What about Scott?

Alejandro's smirk turned into a confused frown.

Alejandro: Actually… that's a good question. I don't know where he is.

Maria: Don't play games with us!

Alejandro: I'm not! I really don't know where he is! He was already gone from his cell when we went to break him out!

May: Okay. So you're telling the truth for once. You're still gonna get your just desserts!

Me: Big time you douchebag dork! And you can join your rancid blackhearted girlfriend back in prison!

Multiplex: How about I get some more faces in here?

Multiplex made 310 clones of himself.

Me: And how about this for some fun.

I fired laser blasts at Alejandro's feet and made him dance like a sissy girl.

Nico: Dances Alejerkdro Dance!

Laney: Yeah!

Bart Simpson: Hey Aledickdro! Do you know a girl named Maya Normousbutt?

Alejandro: Maya Normousbutt?

Me: Then lose some weight in the ass Fatass!

We laughed hysterically!

Nico: J.D., can I talk to you for a moment? About some… KR stuff?

Pump Man: You mean Killed Rapists?

Nico: (facepalms) Why would I talk about Killed Rapists?!

Me: I want to know. What is it Nico?

Carly Atlas: J.D., you already have a form for the Kamen Rider Kabuto team. Do you have a form for the Kamen Rider Hibiki team as well?

Nico: (deadpanns) Thanks for asking my question for me, Carly.

Me: (Laughs) Geez Carly are you psychic?

Carly Atlas: (Laughs) No. I just know these things.

Me: To answer your question. Yes I do.

I pulled out a sound Kamen Morpher.

I pinged it and a vortex of red fire swirled around me and then I turned into my new KAMEN RIDER EN HOUOU FORM!

Me: Meet Kamen Rider En Houou.

Eli: WHOA!

Nico: AWESOME! Wow!

Laney: That is so awesome!

Tyzonn: Let me know if there are anymore Kamen Rider Forms that you have from a specific Kamen Rider team, okay? They're actually starting to sound very interesting.

Me: They sure are Tyzonn.

Nico: Wow! You have a Kamen Rider Butterfly form for Kabuto and now Hibiki. I'm looking forward to this.

Me: Many more surprises. Watch this one.

I spread wings of fire and flew into the air and I pulled out a fire sword and slashed Alejandro all over.

Nico: AWESOME!

May: Spongebob, bring out the sundae.

Shade: I don't think ice cream will help torture Alejandro.

May: No. I'm talking about the SUNDAE.

SpongeBob: Right.

He brought out his PEANUT ONION SUNDAE! We smelled it and MAN DID IT SMELL WORSE THAN PUKE!

Nico: (Sniffs) OH YUCK!

Me: That smells horrible!

Lily: Told you it smelled bad.

SpongeBob: Lets see how he likes this.

Nico, Eli, Lily, SpongeBob, Patrick and me ate some of it and then blew OUR REALLY STINKY AND HORRIBLE BREATH INTO HIS FACE!

Alejandro: DDEEEEAAAAAUUUUUGGGGGHHH!

Larry Koopa: Man, that stinks!

Me: I'm gonna be brushing my teeth for a long time.

I pulled out some mouthwash and drank and gargled it and it cured the bad breath and then I gave some to Nico, Eli, SpongeBob, Patrick and Lily and they gargled and rinsed.

Nico: Ahh much better.

Lily: That stuff smelled like toxic waste!

Eli: YUCK!

Tri Klops: Wanna get Mexican food for lunch before we continue some more?

Our stomachs growled.

Me: Yeah we are getting hungry.

I formed a post and tied Alejandro to it with chains.

Nico: Don't you go anywhere. We'll be back after we get some grub.

We went to a great burrito restaurant.

Splash Woman: Did I ever mention how much I love Mexico?

Ronnie Anne: You sure did Splash Woman and it's an awesome place.

Me: The food and history here are awesome.

Nicole: Boy it sure is.

Nico: Yep.

We got to having burritos and they were awesome. I was having mine with lots of hot sauce and some of the hottest peppers in Mexico.

Arbormon: I think we've been to Mexico several times before.

Nico: Yes we have and it is always awesome.

Me: Yep we sure have.

Nico: Yep.

Eli: Mexico is always really awesome to see.

Tri-Klops: How about I give him a wet willie?

Nico: Go for it!

Tri-Klops went up to him and licked his finger and covered it in spit and then stuck it in his ear and Alejandro was screaming in grossness!

Me: Nice!

Blitz: (Arnold Schwarzenegger Accent) Get ready for this.

CHOMP!

Blitz bit Alejandro in his butt!

Then Titania, Titanium Titan, Batroc the Leaper, Whirlwind, Seadramon, Chillyfish, Harpymon, Killer Croc, King Shark, and Goro appeared.

Nico: Titania, Titanium Titan, Batroc the Leaper, Whirlwind, Seadramon, Chillyfish, Harpymon, Killer Croc, King Shark, and Goro.

Titania: This is it. The last challenge.

Titanium Titan: After that, the prize money's all yours.

Justin: Of course it will be.

Me: Yep.

Batroc: So many days of being away from home have been worth it.

Me: But it was all fun.

Whirlwind: (to Nico) We heard you destroyed another enemy of the Mysticons.

Nico: Yep and it was the Star-Goyle.

Seadramon: I know we were missing one!

Nico: Relax. It was a minor enemy.

Seadramon: Oh.

?: I agree there.

A figure came out and it was VACUUM BOT from episode 16 of RPM!

---

A vacuum-themed Attack Bot, he was sent by Venjix to remove all of the oxygen inside the domed city. To do this, the Vacuum Bot would suck the air out via a prehistoric river bed that ran under the city and out into one of the Venjix Outpost in the Wastelands.

Luckily Scott, Gem, and Gemma were able to catch on to the plan and ready to stop him. With Ranger Gold busy taking on the generals, Red and Silver took out the Vacuum Bot, stopping him from sucking the air out of Corinth.

Once the Vacuum Bot was out in the open, Rangers Red and Silver battled him with their weapons. Ranger Gold soon joined them and they blasted the Bot together to take him down.

But Venjix soon revived the Vacuum Bot as a giant. The other Rangers showed up and it was Megazord time. The Vacuum Bot quickly used his powers to take away the Super Saber, and absorb the blasts from the ValveMax Megazord. Ranger Gold and Silver joined in the fight and combined their Zords with the High Octane Megazord. With the Megazord's new Bow and Arrow Powers, the Rangers were successful in destroying the Vacuum Bot

---

Scott Truman: Vacuum Bot!

Vacuum Bot: Been a while rangers.

Me: I remember you! You were to remove all the oxygen in Corinth and suffocate everyone in it by sucking all the air out of a prehistoric river that went under the city.

Vacuum Bot: That's right J.D. Good memory.

Me: Never missed an episode.

Maria: Don't you have to be plugged in for your ability to work?

Vacuum Bot: Mistress Vypra got rid of that weakness.

Nico: That's good she did.

Eli: Awesome.

We got the usual battles underway.

---

Batroc the Leaper was next.

Batroc: (to Captain America) I heard you guys met an Evil HERO Sinister Necrom Gene-Slammer. What's her name?

Captain America: Her name is Reggie McDonald and she is a really athletic girl.

Rainbow Dash: Yeah she sure is. She beat Lynn in many sports.

Scootaloo: Yeah and listen to this. Before Lynn had her Dark Side removed, she was a rude, disgusting, obnoxious, wild, heartless, overly competitive, sore loser pig with bad manners and smelled like a gym bag. Reggie beat her in every sport ever known, and she's wanted to destroy me ever since. But, she also found out from Clyde and the others that she'd beaten up Lincoln so many times, it wasn't funny, and when she saw Lincoln with bruises all over his body and him crying his heart out, Reggie was so mad, she wanted to break every bone in Lynn's body for what she did to her little brother. But, she had to think about Lincoln, and she know he loves his family with all his heart, it was right from there, she hugged him and he hugged me back as he really cried his heart out. From then on, Reggie swore to always protect Lincoln from Lynn's wrath, and many times before she pulverized that sore loser into the dirt. And here's where Reggie really protected Lincoln during the worst of Lynn's fury: one day, when Lincoln and Reggie were having fun at Gus' Games and Grub, Lynn barged in and she was mad as heck and her eyes were really red with rage and insanity. She was mad that Lincoln washed her favorite jersey. Lincoln told me her favorite jersey was really starting to stink up the house and it was also causing everyone to get into hazmat suits, because it stank badly and it also didn't help she also farted like crazy. Lynn was so mad at Lincoln for what he did in washing her favorite jersey, she wanted to kill him and leave him to die in a pool of blood, and she had a knife with her. When Reggie saw the shine coming from the knife, she knew she went off the deep end. So, Reggie decided to show Lincoln my gift: she was a strong master of umbrakinesis, and she fired blasts of darkness at her, and they hit her and then, she fired another blast of darkness, and it trapped Lynn inside a sphere of darkness and she dropped her knife, and she put it in an evidence bag to show Mr. and Mrs. Loud. After Reggie was done, Lynn got grounded for ten months for trying to kill Lincoln in a fit of rage, and she was put into an isolation cube in the basement, and was ordered to stay away from Lincoln during that time.

Batroc: Sacre Bleu! That is crazy!

Whirlwind: Yeah it sure was crazy.

Me: It's Buttkicking Time!

Moana: That's it, I've had it up to hear with that miserable black-hearted skunk.

Suddenly, Moana's brown eyes turned neon brown, and she was surrounded by an ocean blue energy aura with sea creatures, ocean waves, and hibiscus flowers, and as she approached Alejandro, she left ocean blue energy, sea creatures, ocean waves, and hibiscus flowers with every step.

Moana: Alejandro, you just don't even know when to quit, do you? Your selfish actions have led to your downfall many times over, and now, I'm going to see to it that you receive the appropriate punishment for your actions.

Suddenly, Moana was surrounded by a massive vortex of blue energy with water and ocean waves surrounding it, there was a mermaid swimming around the vortex, and in the vortex is a red phoenix. Then, as the vortex faded, Moana emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Moana has transformed into SUPER ANGEL INFINITY OCEANIC MAELSTROM SAILOR ANGEL OF OCEAN JUSTICE AND DIVINE LOVE!

We were amazed by Moana's Super Angel Infinity transformation, but when Alejandro saw it, he went mad with insane rage and tried to kill her with a knife he got out, but Moana fired a powerful blast of ocean blue energy with ocean waves and sea creatures, and it hits Alejandro and he went crashing back first into a wall in the castle.

Lily Loud: (Amazed) Wow, Moana's transformed.

Eli: She's the first one of The Disney Princesses to transform, that's so awesome.

Moana: (Divine Echoing Cosmic Voice of The Ocean Mermaid and Divine Love) **That's right, Eli and Lily. Let me rough up this monster first.**

Lincoln: You got it, Moana. Show that jerk no mercy.

Moana: **With pleasure!**

Moana went at him and smashed the living shit out of him all over the place. She was really pulverizing him all over.

Then we jumped in and we smashed and pulverized Alejandro all over and really let him have it.

Accato, Maxxor, and Ninren pulverized and smashed him all over.

Lincoln and his harem: MEXICO FINAL SMASH: MEXICAN VULCAN BALL

They fired a vulcan ball powered by Mexico at Alejandro and the blasts all hit Alejandro and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was really down.

Lincoln: It's over, Alejandro, and this time, you're finished forever, you jerk.

Lincoln then transformed into Arctic Lincoln, as the 17-year-old 7'5" tall, handsome, and extremely muscular man's long, white hair that reached the bottom of his neck turned marine blue except for the rainbow lightning bolts on the bangs, his deep sapphire blue eyes turned deep marine blue, the eight large orange orbs orbiting around his legs turned marine blue, his large blue pants turn marine blue, but the rainbow colored lightning bolts on them remained the same, his massive orange bands with silver phoenixes on his abnormally massive and powerful biceps and thighs turned marine blue, his orange version of He-Man 2002's loincloth and long orange trenchcoat coattails with elemental forces, thunderbirds, buffalo, and angels with hanging small silver lightning bolts turned marine blue, and his massive deep sapphire blue angel wings with stars turned deep marine blue.

Suddenly, the air really turned cold as Lincoln was surrounded by snowflakes and ice crystals, and we knew what it meant.

Lincoln: (Singing Divinely) I see a cold wind blowing through, I see days neither fun nor free, I see a future caused by you, I see a path not meant to be. Your future should filled with magic, dreams, and wishes brought to life. But, the days ahead are dark and tragic, no time for hope when all is strife, whatever might have been, all the dreams that you did share, because of you, Alejandro. Now, the future is a cold nightmare.

Nico and I really had shivers going down our spines and so did many of us when Lincoln sang that song, and we saw icicles going down our spines.

Then, Lincoln fires powerful blasts of marine blue energy and ice from his massive angel wings, and as they hit Alejandro, the Marzanna's Ice Heart Vengeance Curse he created took effect as we saw Alejandro's body turn blue, as we saw that the Marzanna's Ice Heart Vengeance Curse froze his blood and black heart, and when it was all done, Alejandro was now completely frozen for all eternity, and he was condemned to an eternity in the Ninth Circle of Hell, as his spirit was frozen in the ninth circle of Hell.

Nico: Holy crap!

Me: So, that's what happens to those hit by the Marzanna's Ice Heart Vengeance Curse?!

Lincoln: That's right, guys.

TLPS Mr. Wolf: That sure is one brutally ice cold curse you used on him, Lincoln.

Lincoln: And it's perfect for him, since Alejandro's heart is so full of ice and he's also unrepentant for the crimes that he's committed, and he was never going to change.

Nico: That's true, and he was never going to change in his whole life, and now, he's been condemned to a frozen Hell for good.

Lincoln changed back to normal, and Alejandro's frozen body was sent to the Neptune Cryo-Prison, where he was put in a cryogenic cell, and he'll remain there, this time for good, and he'll never come back again.

Chillyfish: There. The Ridonculous Race is officially completed.

Sweetie Belle: It sure has!

Killer Croc: The whole thing was fun while it lasted.

Me: But we still had fun nonetheless.

Harpymon: But now, we can finally celebrate getting the prize money.

King Shark: But first, we should take a picture.

Goro: It's only fair to remember this moment.

Me: Good idea.

Nico: Yeah I agree. (To me) And then we'll get you right to bed mister.

Me: (Yawns) Okay.

?: Rayman, I will have my revenge on you for ruining my plans to take over The Glade of Dreams!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, TLPS Ms. Tarantula's, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large midnight blue orbs orbiting around TLPS Mr. Wolf's legs, the eight large crimson red orbs orbiting around Naruto and Nate Adams' legs, the eight large fiery red orbs orbiting around Zach Gurdle's legs, the eight large silver orbs orbiting around Clyde McBride's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large black orbs orbiting around Lucy, Lars, and Dudley Puppy's legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam, Lana, and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blood red orbs around Marco Diaz's legs, the eight large blue orbs orbiting around Lori, TLPS Mr. Shark, Skippy, Sean Bolton, and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan, TLPS Mr. Snake, and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, the eight large rainbow orbs orbiting around Rainbow Dash's legs, the eight large aqua and ocean blue orbs orbiting around Varie, William Dunbar, and Adam Lyon's legs, the eight large white orbs orbiting around Timmy Turner's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our Bracelets of The Champions of the Universe were glowing, and that means we've got big trouble incoming, especially when Rayman and his friends heard that familiar voice.

Rayman: I knew there was no mistaking that voice from anywhere. You can come out now, Mr. Dark.

A limbless dark figure came out, and it was none other than Rayman's old enemy from long ago, Mr. Dark.

Natilee Knudson: (Celtic Accent) Mr. Dark, I should've known you'd one day return from the dead, and now, we'll see to it that you never return to threaten the Glade of Dreams ever again.

Mr. Dark: You will never stop me, The Glade of Dreams will soon be mine.

Rayman fired a blast of green energy from his left hand, and it hits Mr. Dark, and it really hurt him.

Rayman: I've had it up to hear with you to last a lifetime, Mr. Dark.

Suddenly, Rayman's purple eyes turned neon purple, and he was surrounded by a purple energy aura with Lums, light, and moonbeams, he has on his Celtic Moon Gauntlets of Glade Justice, and as he approached Mr. Dark, he left purple energy, Lums, light, and moonbeams with every step.

Rayman: Mr. Dark, you've tormented me and my friends for the very last time. You should've never returned from the dead, and now, I will see to it that you never come back!

Suddenly, Rayman was surrounded by a massive vortex of purple energy with light and moonbeams surrounding the vortex, there were a group of Lums flying around the vortex, and in the vortex is a white phoenix. Then, as the vortex faded, Rayman emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

The 7'1" tall and extremely muscular Rayman remained the same along with his new clothes, he has purple highlights in the bangs of the two fronds of his strawberry-blonde hair, he has neon purple eyes and a purple energy aura with light, Lums, and moonbeams surrounding him, he has a Lum held in the hands of a thingamajig emblazoned on his forehead, he has on his Crystal Necklace of The Buddha with red and purple crystal links and a Lum with the Light Kanji for the pendant. Suddenly, Rayman felt a sharp pain on his wider and more muscular back, and then, massive strawberry-blonde angel wings with purple and red tips on the large strawberry-blonde feathers, sprouted out from his wider and more muscular back. Rayman has on a Ring of The Phoenix with large purple gem on his left ring finger and a Blue Lantern Corps ring on his right ring finger. The purple coattails of Rayman's long long-sleeved purple trenchcoat has Lums and fairies on them and on the back is a fairy with Lums surrounding it, along with the symbol of The Celtic Dream Crusaders above her head, and his trademark shoes turned into black ankle-high combat boots with Lums for shoe buckles.

Rayman has on his large gold Bracelets of The Champions of The Champions of The Universe with dark blue gems on his wrists hidden in the long sleeves of his long-sleeved purple trenchcoat and his new Belt of Elemental Bravery with a gold Lum with purple gems for eyes and a large red gem in its mouth for the belt buckle on his waist, large purple Spellbook of The Gods and The Universe, large purple Spellbook of the Elemental Gods, and large green Spellbook of The Celtic Dream Crusaders on his left hip and his Eater of Sins revolver holstered on his right hip. There's a red kanji below the fairy that said, "Rayman, Legendary Limbless Hero and Guardian of The Glade of Dreams, Member of The Celtic Dream Crusaders, Friend to Globox and Many, Destroyer of Mr. Dark and The Nightmare Creatures, Slayer of Evil, Deranged, Murderous, Ruthless, and

Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Light, Lums, Moonbeams, and Celtic Dreams."

レイマン、伝説の肢のない英雄と夢の空き地の守護者、ケルトの夢の十字軍のメンバー、グロボックスと多くの友人、ダーク氏とナイトメア・クリーチャーズの駆逐艦、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、アメージングでパワフルな教師のアメージングでパワフルな学生、そして光、ラム、ムーンビーム、ケルトの夢のマスター

Rayman has transformed into SUPER ANGEL INFINITY CELTIC DREAM GLADE ANGEL OF MOONLIGHT JUSTICE AND CELTIC DREAM JUSTICE!

We were amazed by Rayman's Super Angel Infinity transformation, but when Mr. Dark saw it, he fired a blast of fire at him, but Rayman absorbed it, and he fired a powerful purple energy blast with Lums and light at Mr. Dark, and it hit him and burned him badly, since he's a creature of nightmares.

Globox: Wow, Rayman's transformed.

Nico: As if his physical transformation when he got his new Celtic Moon Gauntlets of Glade Justice wasn't awesome enough, now he's got an awesome Super Angel Infinity transformation, and angel wings as well.

Me: This is going to be one epic fight.

Rayman: (Divine Echoing Cosmic Voice of The Moonlight Lum and Celtic Dream Justice) **You said it, guys. Alright, Mr. Dark, it's time for you to die.**

Rayman went after Mr. Dark, who fired blasts of fire at Rayman, but he kept on absorbing them and they were making him stronger, and then, he fired powerful blasts of purple energy, moonbeams, light, and Lums made of light, and they exploded with incredible power as they hit him, and he got seriously burned. Then, they engaged in a serious fist fight, and the fists were really flying like crazy, but Rayman dodged Mr. Dark's attacks, and he brutally attacked Mr.

Dark with his own punches and kicks, and he was brutally pulverized.

Mr. Dark: That's it, time for you to die!

Mr. Dark fired a blast of darkness at Rayman, intending to kill him. Then, memories of his friends in The Glade of Dreams came back to him, along with meeting us last year, and if he were to die, his friends would be powerless against Mr. Dark and the Nightmare Creatures. This really brought out a powerful fury inside him, and when he opened his eyes, the sound of thunder was heard, as his neon purple eyes glowed even more, and he stopped the blast with his left foot, and he sent it flying back to Mr. Dark, and it hit him. Then, Rayman fired two blasts of red energy, and he sucked out all of Mr. Dark's powers and abilities, and he and the rest of us made them our own. Then, he grabbed Mr. Dark and tossed him into the air.

Rayman: **Now, this is the end for you, Mr. Dark, and this time, may you never come back from the dead ever again.**

Rayman charged up purple and green energy with moonbeams and light in his hands, and the gems on his new gauntlets were glowing, and to Mr. Dark, it was the end of his life for good.

Rayman: **CELTIC DREAM MOONLIGHT KAMEHAMEHA!**

Rayman fired a massive purple and green Kamehameha energy wave with moonbeams and light and as they hit Mr. Dark, he had no way to fight back, as the energy wave overwhelmed him, and the blast exploded with incredible power, destroying him forever, and as soon as his spirit appeared, he was immediately Super Hakaied forever. We cheered wildly for Rayman as he powered down, and his new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Nico: Alright, Rayman, you did awesome.

Rayman: Thanks, Nico. Now, I'm finally rid of Mr. Dark forever.

Lincoln: And he's never ever coming back.

Me: Yeah, what a monster.

Rayman: He was worst than any monster we've dealt with in The Glade of Dreams, and I can say this, Mr. Dark, you have failed this entire universe!

Nico: Yeah, that's telling 'em!

Lori: And we literally had an amazing competition all around the world.

Nico: Yeah, and not only did we deal with the Total Drama Sore Losers and Lincoln gave them those terrible curses, we also dealt with foes who've come back from the dead for revenge or resurfaced for unfinished business, and we also dealt with a ton of uninvited guests as well.

Lincoln: You said it, many of them were foes that Spyro and Crash Bandicoot defeated long ago, we also destroyed The Four Greater Fiends as well, and we also got rid of another of Sly Cooper's enemies from long ago. This was definitely one competition we'll always remember.

Me: You said it, big guy. Now, we got to prepare for tomorrow.

Lincoln: Yeah, tomorrow's April Fools Day, and if the Dark Sides of the Louds show up, like TLPS Mr. Wolf said, I'm going to give them the Crystal Dragon's Vengeance Curse after we rough them up that is.

Eli: You said it, Lincoln.

Sweetie Belle: (To the viewers) This was an awesome way to close out an awesome competition! I had fun on this one!

Me: We all did Sweetie Belle.

Nico: Yeah we sure did. Great job during these last 12 days guys. You all did great!

Me: Thanks Nico.

We later went back to the estate after being given the prize money and it was a HUGE AMOUNT and then I went to sleep for a while and everyone else rested up and enjoyed the rest of the day before heading to sleep themselves. It was awesome to be back home and the city was safe too.

THE END

An awesome saga done.
